| Additional Process | has the meaning given in paragraph 18 of the definition of Compensable Extension Event. |
| [not disclosed] | [not disclosed] |
| Additional Support | has the meaning given to that term in: <ol style="list-style-type: none">1 the Train Franchisee Cooperation Agreement; or2 the Tram Franchisee Cooperation Agreement, in each case as the context requires. |
| Advance Loss of Profits Insurance | means the Insurance policy set out in Part A, section (c) of the Insurance Schedule. |
| Advanced Works | means the physical things and works which the D&C Subcontractor was required to design, supply, construct, install, produce, commission or complete pursuant to the Advanced Works Deed |

prior to the termination of the Advanced Works Deed on Financial Close.

Advanced Works Activities means all things which the D&C Subcontractor was, is, or may be, required to carry out or do:

- 1 in connection with the Advanced Works; or
- 2 to otherwise comply with its obligations under the Advanced Works Deed,

prior to the termination of the Advanced Works Deed on Financial Close.

Advanced Works Deed means the document entitled 'Metro Tunnel - Advanced Works Deed' dated 21 September 2017 between the State and the D&C Subcontractor, as it existed immediately prior to its termination.

Advertising Principles means the advertising principles set out in Section 3 of the Commercial Opportunities Schedule

Advertising Request has the meaning given to that term in clause 37.9(a).

Agent means the 'Facility Agent' under and as defined in the Facility Agreement which as at Contract Close is the party set out in item 1 of the Contract Particulars, as replaced from time to time in accordance with the Finance Documents and who is party to the Finance Direct Deed in that capacity.

Agreed Amount has the meaning given in clause 59.1(b)(1).

Agreed Commencement Time has the meaning given to that term in the Train Franchisee Cooperation Agreement.

Agreed Hand Back Time has the meaning given to that term in the Train Franchisee Cooperation Agreement.

Agreed Methodology means the construction methodology proposed or planned for undertaking the D&C Activities in respect of the relevant Potential Track Occupation as at Contract Close and set out in an agreed track occupation construction methodology to be prepared and provided by Project Co to the State within 40 Business Days after Contract Close and agreed by the parties and which must be consistent with correspondence between the parties prior to Contract Close.

| | |
|---|---|
| Agreed Occupation | has the meaning given to that term (as relevant): <ol style="list-style-type: none">1 in the Train Franchisee Cooperation Agreement; or2 in the Tram Franchisee Cooperation Agreement. |
| Agreement | means this project deed and includes all schedules, exhibits, attachments and annexures to it. |
| Amended Occupation | has the meaning given in the Train Franchisee Cooperation Agreement. |
| Amended Remediation Plan | has the meaning given in clause 26.2(i). |
| Amendment | for the purposes of clause 53, has the meaning given in clause 53.1. |
| Annualised Employee Equivalent (AEE) | means the number of hours that is calculated by dividing the total number of ordinary working hours that an employee worked and was paid for over the reporting period by the total number of full-time ordinary working hours paid per annum. |
| Apprentice | means a person who: <ol style="list-style-type: none">1 an employer has undertaken to train under a Training Contract; and2 is registered with the Victorian Registration and Qualifications Authority. |
| Approval | means: <ol style="list-style-type: none">1 the Key Approvals; and2 any licence, permit, authorisation, consent, assessment, approval, determination, certificate, accreditation, registration, clearance, permission or the like (as amended or substituted from time to time) which is issued by or obtained from or is required to be issued or obtained from any Authority or any other person or in accordance with any Law, which must be obtained or satisfied in connection with the Project. |
| Approved Project | means any form of the Project that is permitted by and will comply with the Key Approvals. |
| APRA | means the Australian Prudential Regulation Authority. |

Arden Day 1 Park Area means the land generally bound by Barwise Street, Fogarty Street extension, potential future Queensberry Street extension and Lauren Street, excluding the station building and associated hardscape area, on Project Drawing Number TAS-CYP-AR-00-DRG-AUD-ARD-710200-DP Rev G.7 in the Soil Contamination Plans..

Arden Day 1 Park Area Land Use means a 'Recreation/Open space' land use as described in the 'State Environment Protection Policy (Prevention and Management of Contamination of Land)' as varied by 'Variation to the State environment protection policy (Prevention and Management of Contamination of Land) No. G39, Gazette 26 September 2013'.

Arden Day 1 Park Area Remediation Report means the report prepared in accordance with clause 7.2(e).

Arden Day 1 Park Area Remediation Requirement means:

- 1 the requirements set out in the Arden Day 1 Park Area Remediation Report; and
- 2 any additional requirements identified during the Remediation of Contamination at the Arden Day 1 Park Area which are necessary to enable the Arden Day 1 Park Area Land Use.

Arden Project Area means the land labelled 'Temporary Above Ground, MMRA / CYP in Possession and Chep in Possession' on Project Drawing Number TAS-CYP-PW-00-DRG-XLP-MMN-003610 Rev G.1 in the Soil Contamination Plans.

Arden Project Area Remediation Requirement means the higher of:

- 1 the site condition determined pursuant to the contaminated land assessment performed under clause 7.2(f)(1) prior to commencement of the D&C Activities in the Arden Project Area; and
- 2 assuming that the zoning and planning scheme overlay applicable to that area at Contract Close has not changed, the site condition required by that zoning and planning scheme overlay at the relevant time.

Artefacts means any places, fossils, bones, artefacts, coins, articles of antiquity, buildings, structures, natural features or other remains or objects or things of scientific, geological, historical, aesthetic, social, spiritual, cultural, heritage or archaeological interest including any items of cultural heritage significance under the *Aboriginal Heritage Act 2006* (Vic).

Artwork Procurement means the purchase and installation of permanent artwork for the Stations as approved in writing by the State in accordance with

clause 61C.2 including:

- 1 the design, manufacture, installation and commissioning of any artworks;
- 2 cost of curator, consultants and external advisory fees;
- 3 any base building alterations necessary to accommodate the proposed artwork (and design work concerning same); and
- 4 any additional lighting, support structures or the like necessary to accommodate the proposed artwork; and

excluding Project Co and the D&C Subcontractors' direct costs involved in:

- 5 all work relating to the selection and appointment of curators;
- 6 Project Co and D&C Subcontractor resources involved in the process for the selection and appointment of any artists; and
- 7 the maintenance of artworks.

Artwork Procurement Strategy

has the meaning given to that term in clause 61C.2(b).

As-Built Records

means the as-built information required to be provided in relation to the Works in accordance with section 1.3.5 of Part C of the PS&TR.

Asset Condition Survey

means each survey of the Maintained Assets undertaken in accordance with clause 30.2.

Asset Management Manual

has the meaning given to that term in the Services Specification.

Asset Management Plan

means the plan of that name prepared and updated by Project Co in accordance with the Services Specification.

Asset Register

has the meaning given to that term in the Services Specification.

Associate or Associates

means in relation to a person, any officer, agent, adviser, consultant, contractor or employee of that person (to the extent acting in that capacity) and:

- 1 in the case of Project Co, includes:
 - a the Project Co Representative;
 - b any Group Member or Consortium Member (other than Project Co) and their respective officers, agents, advisers, consultants, contractors and employees; and
 - c the Equity Investors, any Subcontractors (that are not Consortium Members) and their respective officers, agents,
-

- advisers, consultants, contractors and employees, each acting in connection with the Project, but does not include the State or any of its Associates, the Rail Franchisees (including in their capacities as Rail Franchisee Interface Parties), the CityLink Manager, the Metro Tunnel Package Contractors, the Delegate, the Independent Reviewer, the CityLink Consultant, any Handover Reviewer or any Escrow Agent;
- 2 in the case of the State means:
- a the Secretary;
 - b MMRA;
 - c PTV (including in its capacity as 'PTV As Counterparty');
 - d VicTrack;
 - e VicRoads;
 - f the State Representative;
 - g any other person to whom the State delegates a right, power, function or duty in accordance with this Agreement; and
 - h an officer, agent, adviser, consultant, contractor or employee of the State or a party listed in paragraphs a to g, to the extent acting in that capacity,
- each acting in connection with the Project, but does not include Project Co or its Associates, the Rail Franchisees (including in their capacity as Rail Franchisee Interface Parties), the Metro Tunnel Package Contractors (including the State in its capacity of 'participant' in the Rail Systems Alliance or the Rail Infrastructure Alliance), the Ticketing Works Contractor, the Independent Reviewer, the CityLink Consultant, any Handover Reviewer, any Escrow Agent, or an officer, agent, adviser, consultant, contractor or employee of them; and
- 3 in the case of a Returned Asset Owner, means any officer, agent, adviser, consultant, contractor or employee of the Returned Asset Owner (to the extent acting in that capacity) acting in connection with the Project.

Assumed Technological Improvement

means a Technological Improvement that Project Co is required to implement to meet its obligations under clause 28.2(a)(6), clause 39 or otherwise in accordance with the State Project Documents.

Auditor

means the State, an Associate of the State, or other third party engaged by the State, to undertake an audit of the Project Activities in accordance with clause 14.4.

Authority

means:

- 1 any government or any governmental, semi-governmental or local government authority, local council, administrative or judicial body or tribunal, department, commission, public authority, agency, minister, statutory corporation or instrumentality and any person having jurisdiction over any part
-

of the Works or Project Activities; and

- 2 any person having jurisdiction over, or ownership of, the Utility Infrastructure Works.

| | |
|---|---|
| Bank Bill Rate | means, in a period: <ol style="list-style-type: none">1 the rate (expressed as a yield per centum per annum to maturity rounded upwards to 2 decimal places) which is the buying rate for bank accepted Bills quoted at approximately 10.10am (Melbourne time) on page 'BBSY' of the Reuters Monitor System on that day, having a term closest to that period; or2 if that rate is no longer available or if, in the reasonable opinion of the State Representative, that rate becomes an inappropriate rate to benchmark the Overdue Rate for the purposes of this Agreement or becomes incapable of application, the Bank Bill Rate means the rate reasonably determined by the State Representative to be the appropriate equivalent rate, having regard to prevailing market conditions. |
| Base Case Financial Model | has the meaning given in clause 54.1. |
| Base Case Floating Rate Debt | has the meaning given in the Payment Schedule. |
| Base Case Floating Rate Interest Payment | has the meaning given in the Payment Schedule. |
| Base Case Interest Rate | has the meaning given in the Payment Schedule. |
| Base Track Occupation Schedule (FAW) | has the meaning given in the Train Franchisee Cooperation Agreement. |
| Beneficiary | has the meaning given to that term in the relevant Coordination and Interface Deed Poll. |
| Beneficiary Assignment Notice | has the meaning given to that term in the relevant Coordination and Interface Deed Poll. |
| Beneficiary Nomination Notice | has the meaning given to that term in the relevant Coordination and Interface Deed Poll. |

Beneficiary Termination Notice has the meaning given to that term in the relevant Coordination and Interface Deed Poll.

Best D&C Practices means design, manufacturing, construction, installation commissioning and repair practices which are carried out:

- 1 with the skill, care and diligence which may reasonably be expected of a skilled professional carrying out design, manufacturing, construction, installation, commissioning and repair work similar to the D&C Activities and the Final Acceptance Works;
- 2 with due expedition and without delay;
- 3 in a manner which is safe to all people and the Environment;
- 4 with the intent of ensuring reliable, long term and safe operation of the Project Assets;
- 5 by trained and experienced personnel utilising high quality, safe and proper equipment, tools, procedures and industry standards;
- 6 with an adequate number of personnel and appropriate materials, resources and supplies;
- 7 using new and high quality fixtures, fittings, finishes and materials which are:
 - a free from defects; and
 - b appropriate for the environment in which they are intended to be used under normal conditions and reasonably anticipated abnormal conditions or which would be reasonably anticipated by a skilled professional carrying out design, manufacturing, construction, installation, commissioning and repair work similar to the D&C Activities and the Final Acceptance Works; and
- 8 in a manner which, at all times:
 - a remains consistent with the applicable rail network standards;
 - b facilitates Best Maintenance Practices and Best Operating Practices; and
 - c is in accordance with the PS&TR.

Best Industry Practices means Best D&C Practices and Best Maintenance Practices (or either as the context requires).

Best Maintenance Practices means maintenance, management, repair and refurbishment activities which are carried out:

- 1 with the skill, care and diligence which may reasonably be expected of a skilled professional carrying out maintenance, management, repair and refurbishment activities similar to the Services;
- 2 with due expedition and without delay;

- 3 in a manner which is safe to all people and the Environment;
- 4 with the intent of ensuring reliable, long term and safe operation of the Project Assets;
- 5 by trained and experienced personnel utilising high quality, safe and proper equipment, tools, procedures and industry standards;
- 6 with an adequate number of personnel and appropriate materials, resources and supplies;
- 7 using new and high quality fixtures, fittings, finishes and materials which are:
 - a free from defects
 - b appropriate for the environment in which they are intended to be used under normal conditions and reasonably anticipated abnormal conditions or which would be reasonably anticipated by a skilled professional carrying out maintenance, management, repair and refurbishment activities similar to the Services; and
 - c have a design life equal to or greater than the items being repaired or replaced;
- 8 in a manner which facilitates Best Operating Practices; and
- 9 with a commitment to continually meeting advancements in technology which Project Co must implement to enable it to comply with the requirements in the State Project Documents.

Best Operating Practices

means the practices generally required for the operation of a major rail network, similar to the Victorian Rail Network, which practices are performed:

- 1 with due care and skill and applying nationally accepted procedures;
- 2 in a manner safe to all people and the Environment;
- 3 with due expedition and without any unnecessary delay;
- 4 in accordance with all applicable Laws, quality standards and authorisations;
- 5 with the intent of ensuring reliable, long term safe and secure operation of the Victorian Rail Network;
- 6 using new and high quality fixtures, fittings, finishes and materials which are free from defects and appropriate for the environment in which they are intended to be used; and
- 7 with a commitment to continually meet advancements in technology and innovation.

Bid D&C Program

means the program for the D&C Activities and the Final Acceptance Works prepared and submitted as part of its proposal by Project Co, which is contained in Exhibit 6.

Bill

has the same meaning as 'bill of exchange' in the *Bills of Exchange Act 1909* (Cth) (but does not include a cheque or payment order)

and a reference to the drawing or acceptance of, or other dealing with, a Bill is to be interpreted in accordance with that Act.

Booking Period means in respect of each advertising format, the booking periods offered by the advertising contractor, which must:

- 1 be consistent with accepted industry practice;
- 2 be notified to the State periodically (or otherwise on request); and
- 3 not be less than 7 days (unless the State gives its consent (which consent must not be unreasonably withheld or delayed)).

Business Day means a day in Melbourne that is not:

- 1 a Saturday or Sunday; or
- 2 a public holiday for Melbourne pursuant to the *Public Holidays Act 1993 (Vic)*.

Business Hours means between 9.00 am and 5.00 pm on a Business Day.

Business Interruption Insurance means the insurance policy set out in Part C, section (c) of the Insurance Schedule.

CBD North OSD Acceptance means, in relation to the Foundation Works at the Station at CBD North, the stage when the Foundation Works are complete except for Minor Defects.

CBD North OSD Developer means the unincorporated joint venture comprising:

- 1 John Holland Nth OSD Developer Pty Ltd (ACN 623 274 564); and
- 2 Scape Little Latrobe Operator Pty Ltd (ACN 607 697 183).

CBD North OSD Interface Agreement means the agreement titled 'Melbourne Metro: PPP and OSD Interface Agreement (CBD North)' between the State, Project Co, the D&C Subcontractor and the CBD North OSD Developer dated on or about the date of this Agreement.

CBD North Shaft means a shaft constructed, or to be constructed, by the Early Works Managing Contractor pursuant to the Early Work Managing Contractor Agreement in connection with the Station at CBD North.

CBD South OSD Acceptance means, in relation to the Foundation Works at the Station at CBD South, the stage when the Foundation Works are complete except for Minor Defects.

| | |
|---|--|
| CBD South OSD Developer | means Lendlease (OSD South) Pty Limited ACN 610 047 464 as trustee for the Lendlease (OSD South) Trust. |
| CBD South OSD Interface Agreement | means the agreement titled 'Melbourne Metro: PPP and OSD Interface Agreement (CBD South)' between the State, Project Co, the D&C Subcontractor and the CBD South OSD Developer dated on or about the date of this Agreement. |
| Certificate of Critical Interface Milestone / Progress Milestone Achievement | means a certificate substantially in the form required by the Schedule of Certificates and Notices certifying that a Critical Interface Milestone or Progress Milestone has been achieved. |
| Certificate of Final Acceptance | means a certificate substantially in the form required by the Schedule of Certificates and Notices certifying that Final Acceptance has been achieved. |
| Certificate of Provisional Acceptance | means a certificate substantially in the form required by the Schedule of Certificates and Notices certifying that Provisional Acceptance has been achieved. |
| Certified Payment Claim | means a payment claim of the D&C Subcontractor under the D&C Subcontract which has been certified by the Financiers' Certifier and issued by the Financiers' Certifier. |
| Certified Withdrawal Amount | has the meaning given in clause 33.3(a)(3)(A). |
| Change Compensation Event | has the meaning given in the Change Compensation Principles. |
| Change Compensation Principles | has the meaning given in Schedule 4. |
| Change in Control | means where, at any time any person or Entity alone or together with any 'Associate' or 'Associates', ceases to or commences to, directly or indirectly have Control of an Entity. For the purposes of this definition, 'Associate' or 'Associates' has the meaning given in the Corporations Act and includes a person deemed to be an associate of a designated body (within the meaning of section 12 of the Corporations Act). |
| Change in Law | means any one or more of the following: 1 a change in, or repeal of, an existing Law; |

- 2 the enactment or judicial determination of a new Law; or
 - 3 a change in the way a Law is applied or interpreted as a result of a decision of a court of competent jurisdiction,
- but does not include:
- 4 a change in the way a Law is applied or interpreted due to:
 - a the failure of Project Co or any of its Associates to comply with a Law, Standard or Approval;
 - b an illegal act or omission of Project Co or any of its Associates; or
 - c any breach of the State Project Documents by Project Co;
 - 5 a Change in Policy;
 - 6 any new Approval or change in an Approval resulting from:
 - a an act or omission of Project Co or any of its Associates (other than an act or omission of Project Co which is authorised or permitted under a State Project Document); or
 - b a change to the design or delivery methodology in relation to the Project or the Relevant Infrastructure;
 - 7 any new Law or change in existing Law relating to Taxes including the *Income Tax Assessment Act 1936* (Cth), the *Income Tax Assessment Act 1997* (Cth) and the GST Law;
 - 8 any new Law or change in any existing Law which was not in force at Contract Close but which:
 - a had been published in the Government Gazette by way of bill, draft bill or draft statutory instrument or otherwise specifically referred to prior to Contract Close;
 - b is contained or referred to in the PS&TR, Project Information provided on or prior to Contract Close, or any Project Document;
 - c a party exercising Best Industry Practices would have reasonably foreseen or anticipated prior to Contract Close; or
 - d is substantially the same as a Law in force prior to Contract Close;
 - 9 any new Law or change in existing Law relating to Part IVAA (Proportionate Liability) of the *Wrongs Act 1958* (Vic) or its application which limits or eliminates the impact of that Part or any legal risk allocation under clause 64.12, whether or not it has any application; or
 - 10 any new law or change in any existing law relating to:
 - a the Commonwealth Building Code; or
 - b the utilities regime of the Relevant Legislation.

Change in Mandatory Requirements has the meaning given in clause 38.7(a).

Change in Policy means any one or more of the following:

- 1 the introduction of a new Standard; or
- 2 a material change in a Standard,
but does not include:
 - 3 a Change in Law;
 - 4 more efficient usage of the Relevant Infrastructure;
 - 5 a new Standard or a change to a Standard, that was not in force at Contract Close but which:
 - a the State has expressly notified Project Co of prior to Contract Close;
 - b was contained or referred to in any Project Document, the PS&TR, the Services Specification, or any Project Information provided on or prior to Contract Close;
 - c a party performing activities similar to the Project Activities in accordance with Best Industry Practices would have reasonably foreseen or anticipated prior to Contract Close;
 - d is substantially the same as a Standard in force prior to Contract Close; or
 - e is substantially the same as any other requirement with which Project Co was required to comply under the State Project Documents prior to the date of the new or changed Standard, including any obligation to comply with Best Industry Practices;
 - 6 any new Standard or change in any existing Standard relating to the Commonwealth Building Code; or
 - 7 a new Standard or a change in a Standard in response to:
 - a the failure of Project Co or its Associates to comply with a Law, Standard or Approval; or
 - b any breach of the State Project Documents by Project Co.

Change Notice has the meaning given in the Change Compensation Principles.

Change Response has the meaning given in the Change Compensation Principles.

Change Saving means, if a Change Compensation Event occurring prior to the Date of Provisional Acceptance results in an amount owing from Project Co to the State, the amount owing to the State.

City of Melbourne means the local government authority for Melbourne, Victoria, Australia.

City Square Requirement means each of the requirements set out in Schedule 33.

| | |
|---|---|
| [not disclosed] | [not disclosed] |
| City Square Works | means the Works described as 'City Square Works' in the Returned Works Schedule that Project Co will Handback to the City of Melbourne. |
| CityLink | means the land declared under section 61 of the <i>Melbourne City Link Act 1995</i> (Vic) to be a road and includes any part of that land. |
| CityLink Consultant | means Golder Associates Pty Ltd ABN 64 006 107 857. |
| CityLink Consultant Agreement | means the deed entitled 'Services Agreement' entered into between the State, Project Co, the CityLink Manager and the CityLink Consultant on or about the date of this Agreement. |
| CityLink Interface Deed | means the deed entitled 'Metro Tunnel – CityLink Direct Interface Agreement' entered into between the State, Project Co and the CityLink Manager on or about the date of this Agreement. |
| CityLink Manager | means Transurban, and any subsequent entity or entities that have responsibility for the operation and maintenance of CityLink. |
| Claim | means any claim, action, demand, suit or proceeding (including by way of contribution or indemnity) made: <ol style="list-style-type: none">1 in connection with the Project Documents, the Relevant Infrastructure, the Site or the Project; or2 at Law or for specific performance, restitution, payment of money (including damages), an extension of time, or any other form of relief. |
| Commercial Development Agreement | means each of: <ol style="list-style-type: none">1 the 'CBD North Commercial Development Agreement' between the State and the CBD North OSD Developer dated on or about the date of this Agreement; and2 the 'CBD South Commercial Development Agreement' between, among others, the State and the CBD South OSD Developer dated on or about the date of this Agreement. |
| Commercial Opportunities Direct Deed | means a deed substantially in the form approved by the State pursuant to clause 37.5(a) between the State, Project Co and the relevant Commercial Opportunities Tenant. |
| Commercial | means the 'Commercial Opportunities Guiding Principles' described |

| | |
|---|--|
| Opportunities Guiding Principles | in section 2 of the Commercial Opportunities Schedule. |
| Commercial Opportunities Lease | means any lease granted in accordance with clause 6.8 in connection with any of the Maintained Assets, in the form set out in Part (a) of the Property Schedule. |
| Commercial Opportunities Leased Area | means those areas: <ol style="list-style-type: none">1 within the Stations;2 owned in fee simple by VicTrack; and3 to which Project Co requires a lease tenure in order to grant Commercial Opportunities Subleases consistent with the Commercial Opportunities Guiding Principles. |
| Commercial Opportunities Management Plan | means the plan prepared and updated by Project Co, and approved by the State (acting reasonably), which describes how Project Co will satisfy the requirements of clause 37.3 in relation to the Commercial Opportunities Works. |
| Commercial Opportunities Schedule | means Schedule 28. |
| Commercial Opportunities Subcontract | means: <ol style="list-style-type: none">1 a contract entered into by Project Co; or2 a contract entered into by a Commercial Opportunities Tenant, for the performance of Commercial Opportunities Works. |
| Commercial Opportunities Subcontractor | means any person with whom Project Co or a Commercial Opportunities Tenant enters into a contract for the performance of Commercial Opportunities Works. |
| Commercial Opportunities Sublease | means any sublease or licence granted by Project Co to any Commercial Opportunities Tenant in respect of any part of: <ol style="list-style-type: none">1 the Commercial Opportunities Leased Areas; or2 the Licensed Maintenance Areas. |
| Commercial Opportunities Tenant | means any sublessee, licensee or assignee in respect of the Commercial Opportunities Leased Areas or the Licensed Maintenance Areas, other than the State, any State Associate, PTV, the Train Franchisee, a Metro Tunnel Package Contractor, the Ticketing Works Contractor and VicTrack. |

Commercial Opportunities Works means all fit-out, maintenance, servicing or refurbishment works for the sole purpose of pursuing the Permitted Commercial Opportunities.

Commissioner for Privacy and Data Protection has the meaning given to it in the Public Sector Privacy Act.

Commonwealth Building Code means each of:

- 1 the *Building Code 2013* (Cth);
- 2 the 'Supporting Guidelines' (April 2016); and
- 3 the *Code for the Tendering and Performance of Building Work 2016* (Cth); and
- 4 any other documents issued under section 34 of the *Building and Construction Industry (Improving Productivity) Act 2016* (Cth) by legislative instrument.

Community and Stakeholder Engagement Management Plan means the plan of that name prepared and updated by Project Co in accordance with the Project Management Requirements.

Compensable Extension Event means each of the following events occurring prior to the Date of Provisional Acceptance:

- 1 breach by the State of any State Project Document to which it is a party;
- 2 any act or omission of:
 - a the State in its capacity as counterparty to a State Project Document; or
 - b except to the extent Project Co has not complied with its obligations in accordance with clause 13.9 in respect of the State's Associates, any of the State's Associates, other than any such act or omission which:
 - c is authorised or permitted under a Project Document (excluding any act or omission which is permitted by clause 13.9 but which is carried out by the State's Associate in a manner that is inconsistent with the performance standards and practices that would reasonably be expected of an experienced and competent entity providing works, services, activities and functions of the same or similar nature as those to be provided by the State's Associate under clause 13.9);
 - d gives rise to a Modification; or
 - e is contemplated by clause 11.2,except where such act or omission is expressly deemed to be a Compensable Extension Event;
- 3 cessation or suspension of any part of the D&C Activities (or a

- material change in the way the D&C Activities are carried out) because of:
- a a Commonwealth or State government direction;
 - b an order of a court or tribunal of competent jurisdiction; or
 - c a requirement of Law,
- in connection with a Heritage Claim or Native Title Claim (as the case may be), in relation to the Site;
- 4 a Key Approval Event;
 - 5 industrial action in respect of the D&C Activities which directly affects the Project and which:
 - a is the direct result of an act or omission of the State or its Associates in relation to the Project not being an act or omission authorised or permitted in accordance with any Project Document; and
 - b occurs only at the Construction Areas or otherwise only in respect of the Project,but does not include industrial action which arises:
 - c solely as a result of the State's decision to proceed with the Project as a public private partnership;
 - d as a result of an act or omission of the State in its capacity as a participant in the Rail Infrastructure Alliance or the Rail Systems Alliance; or
 - e directly or indirectly in connection with the Commonwealth Building Code, including any transitional or implementation arrangements, or disallowance motion, concerning the Commonwealth Building Code.
 - 6 an instruction by the State to suspend the D&C Activities which is deemed to be a Compensable Extension Event under clause 16.7(c);
 - 7 the carrying out of Proximate State Works as a result of the State exercising its rights under clause 17.2(a), except to the extent Project Co fails to comply with its obligations in accordance with clause 17.2(b);
 - 8 where the State carries out, or directs Project Co to carry out, tests pursuant to clause 16.3 or clause 23.8(a)(1) unless:
 - a the results of the test show:
 - i the Works are not in accordance with this Agreement (other than to the extent of a Minor Defect); or
 - ii that there is a Defect in respect of the Works tested that is not a Minor Defect;
 - b the test is in respect of Work covered up or made inaccessible without the prior written approval of the State where such approval was required; or
 - c the test is upon Work undertaken to correct or overcome a Defect;
 - 9 the carrying out of Omitted Works as a result of the State exercising its rights under clause 38.5 to undertake (or procure the undertaking of) Omitted Works in connection with the D&C
-

Activities;

- 10 the exercise by the State of its rights under clause 41.1 as a consequence of any Step-In Events in clauses 41.1(a)(5) or 41.1(a)(6), to the extent the relevant Step-In Event was not the result of any act or omission of Project Co or any of its Associates (other than any act or omission undertaken in accordance with the Project Documents or undertaken lawfully in connection with the performance of the Project Activities);
 - 11 a Rail Franchisee Failure Event;
 - 12 a Critical Interface Milestone Event;
 - 13 an Interface Quality Event;
 - 14 an act or omission of a Metro Tunnel Package Contractor or their Associates causes loss or damage to the Relevant Infrastructure, excluding any loss or damage described in clause 42.5;
 - 15 a collision, accident or rail safety related incident involving a train which causes damage to the Relevant Infrastructure where:
 - a the cause or occurrence of the damage was beyond the reasonable control of Project Co and its Associates;
 - b the State notifies Project Co that it requires Project Co to repair or rebuild the Relevant Infrastructure in accordance with clause 42.3(a);
 - c Project Co is complying with its obligations under clause 42.3; and
 - d the damage is not damage described in clause 42.5;
 - 16 a failure by the State to procure in accordance with clause 8.1(d):
 - a Planning Scheme Amendment No 2; and
 - b a corresponding variation to the Project Area, by the Planning Scheme Amendment No 2 Date;
 - 17 a PPP Interface Works Delay Event;
 - 18 the Minister for Planning does not approve, approve subject to conditions, or reject the Precinct Development Plan by the relevant Precinct Development Plan Approval Date due to:
 - a a Planning Minister Office Delay; or
 - b the Minister for Planning or the DPRC requiring Project Co or its Associates to provide or undertake (as applicable) any additional information, processes, peer reviews, public exhibition or consultation prior to the Minister for Planning approving a relevant Precinct Development Plan (**Additional Process**); orexcept to the extent any Planning Minister Office Delay or Additional Process is directly caused by a failure by Project Co or its Associates to ensure that the proposed Precinct Development Plan complies with Section 4.6 of the Incorporated Document (noting the parties acknowledge and agree that the 'clouding' of the entrances to the CBD South Station will not constitute a failure by Project Co to comply with
-

- Section 4.6 of the Incorporated Document);
- 19 failure by the Construction Power Contractor to [not disclosed];
- 20 in respect of the Park Street Tram Works:
- a [not disclosed]; or
 - b [not disclosed];
- 21 the Train Franchisee, pursuant to clause 8.8(a) of the Train Franchisee Cooperation Agreement:
- a cancels an Agreed Occupation;
 - b fails to give Project Co an Agreed Occupation by the Agreed Commencement Time or at all; or
 - c requires Project Co to hand back the Train Franchisee Land the subject of an Agreed Occupation to the Train Franchisee prior to the Agreed Hand Back Time,
- as a result of a direction by the State or PTV to the Train Franchisee to cancel an Agreed Occupation; or
- 22 any other event expressed to be a Compensable Extension Event in this Agreement.

**Compensable
Intervening Event**

means each of the following events:

- 1 breach by the State of any State Project Document to which it is a party;
 - 2 a fraudulent, reckless, unlawful or malicious act or omission of the State or any of its Associates to the extent they are acting in connection with the Project;
 - 3 cessation or suspension of any part of the Services (or a material change in the way the Services are performed) because of:
 - a a Commonwealth or State government direction;
 - b an order of a court or tribunal of competent jurisdiction; or
 - c a requirement of Law,

in relation to a Heritage Claim or Native Title Claim (as the case may be), in relation to the Site to the extent that the cumulative cessation or suspension (or the impact of the material change in the way the Services are performed) exceeds 10 Business Days;
 - 4 a Key Approval Event;
 - 5 industrial action in respect of the Services which directly affects the Project and which:
 - a is the direct result of an act or omission of the State or any of its Associates in relation to the Project not being an act or omission authorised or permitted in accordance with any Project Document; and
 - b occurs only at the Licensed Maintenance Areas or otherwise only in respect of the Project,

but does not include industrial action which arises:

 - c solely as a result of the State's decision to proceed with the
-

- Project as a public private partnership;
- d as a result of an act or omission of the State in its capacity as a participant in the Rail Infrastructure Alliance or the Rail Systems Alliance; or
 - e directly or indirectly in connection with the Commonwealth Building Code, including any transitional or implementation arrangements, or disallowance motion, concerning the Commonwealth Building Code.
- 6 an instruction by the State to suspend the Services which is deemed to be a Compensable Intervening Event under clause 16.7(c);
 - 7 the carrying out of Proximate State Works as a result of the State exercising its rights under clause 17.2(a), except to the extent Project Co fails to comply with its obligations in accordance with clause 17.2(b);
 - 8 the carrying out of Omitted Works as a result of the State exercising its rights under clause 38.5 to undertake (or procure the undertaking of) Omitted Works in connection with the Services;
 - 9 a Train Franchisee Failure Event;
 - 10 a negligent, fraudulent, reckless, unlawful or malicious act or omission of the Train Franchisee causes loss or damage to the Relevant Infrastructure, excluding any loss or damage described in clause 42.5;
 - 11 a collision, accident or rail safety related incident involving a train which causes damage to the Relevant Infrastructure where:
 - a the cause or occurrence of the damage was beyond the reasonable control of Project Co and its Associates;
 - b the State notifies Project Co that it requires Project Co to repair or rebuild the Relevant Infrastructure in accordance with clause 42.3(a);
 - c Project Co is complying with its obligations under clause 42.3; and
 - d the damage is not damage described in clause 42.5; or
 - 12 during the FAW Phase, an event which would have been a Compensable Extension Event if it had occurred prior to the Date of Provisional Acceptance, but excluding an event under paragraph 12 of the definition of Compensable Extension Event, or a Tram Franchisee Failure Event;
 - 13 the Train Franchisee, pursuant to clause 9.7(a) of the Train Franchisee Cooperation Agreement:
 - a cancels an Agreed Occupation;
 - b fails to give Project Co or a Key Subcontractor an Agreed Occupation by the Agreed Commencement Time, or at all; or
 - c requires Project Co or a Key Subcontractor to hand back the Train Franchisee Land the subject of an Agreed Occupation to the Train Franchisee prior to the Agreed Hand Back Time,
-

as a result of a direction by the State or PTV to the Train Franchisee to cancel an Agreed Occupation; or

14 any other event expressed to be a Compensable Intervening Event in this Agreement.

Compensation Date has the meaning given in the Termination Payments Schedule.

Completion Schedule means Schedule 26.

Condition Precedent means a condition precedent set out in the Conditions Precedent Schedule.

Condition Precedent Deadline means in connection with a Condition Precedent, the date specified next to that Condition Precedent in the Conditions Precedent Schedule, or such other date as the parties may agree.

Condition Review Date has the meaning given in clause 32.3(a).

Conditions Precedent Schedule means Schedule 2.

Confidential Information means the:

- 1 Project Documents;
- 2 Project Information;
- 3 Security Information;
- 4 information provided by:
 - a the State or any of its Associates to Project Co or any of its Associates; or
 - b Project Co or any of its Associates to the State or any of its Associates,in accordance with this Agreement whether prior to or after Contract Close;
- 5 Project Co Material; and
- 6 other information in connection with the Project which Project Co is required to keep confidential in complying with any Privacy Principles or any applicable Law.

Confidential Information Schedule means Schedule 17.

Consortium means:

- 1 Project Co;
 - 2 the D&C Subcontractor up to the end of the D&C Phase;
 - 3 the Maintenance Subcontractor;
 - 4 the Parent Guarantor of the D&C Subcontractor providing a guarantee in favour of Project Co, up to the end of the D&C Phase;
 - 5 the Parent Guarantor of the Maintenance Subcontractor; and
 - 6 the Parent Guarantor of the D&C Subcontractor providing a guarantee in favour of the State, up to the Date of Provisional Acceptance,
- and 'Consortium Member' means any of them.

| | |
|---------------------------|--|
| Construction Areas | means the Licensed Construction Areas and the Non-Licensed Construction Areas. |
|---------------------------|--|

| | |
|--------------------------|---|
| Construction Bond | means any Performance Bond provided by the D&C Subcontractor in favour of Project Co. |
|--------------------------|---|

| | |
|-----------------------------------|--|
| Construction Documentation | means the IFC Design Documentation and the documentation identified in section 10.4.1 of Part C of the PS&TR: <ol style="list-style-type: none">1 which Project Co is entitled to use for construction purposes in accordance with section 2.9 of the Design Review Schedule; and2 which meets the requirements of the PS&TR. |
|-----------------------------------|--|

| | |
|------------------------------|--|
| Construction Facility | has the meaning given in the Facility Agreement. |
|------------------------------|--|

| | |
|---|--|
| Construction Facility Commitment | means the total commitment in respect of the Construction Facility under the Facility Agreement. |
|---|--|

| | |
|-----------------------------|--|
| Construction Licence | means any licence granted in accordance with clause 6.5 in connection with any of the Works, in the form set out in Part (b) of the Property Schedule. |
|-----------------------------|--|

| | |
|-------------------------------------|--|
| Construction Management Plan | means the plan of that name prepared and updated by Project Co in accordance with the PS&TR. |
|-------------------------------------|--|

| | |
|-------------------------------------|--|
| Construction Power Agreement | means the document entitled 'Metro Tunnel – Construction Power Supply Infrastructure - Engineer Procure Construct Maintain Agreement' between the State and the Construction Power Contractor dated 28 February 2017 as amended from time to time. |
|-------------------------------------|--|

| | |
|---|---|
| Construction Power Connection | has the meaning given to 'Connections' in the Construction Power Agreement. |
| Construction Power Contractor | means Energy Solutions Pty Ltd ABN 32 610 914 059. |
| Construction Power Corresponding Deed Poll | means the a deed poll titled 'Metro Tunnel – Construction Power Works: Deed of Novation' executed by the Construction Power Contractor dated 27 February 2017. |
| Construction Power Novation Deed | means an instrument procured in accordance with clause 3.6(e) or clause 3.6(f) in respect of the Construction Power Works (excluding any maintenance activities). |
| Construction Power Supply Assets | has the meaning given to that term in the Construction Power Agreement. |
| Construction Power Works | means the works to be performed by the Construction Power Contractor pursuant to the Construction Power Agreement. |
| Construction Proceeds Account | has the meaning given in the Facility Agreement. |
| Construction Records | means those documents described in section 1.3 of the PS&TR. |
| Construction Site | means: <ol style="list-style-type: none">1 the Construction Areas; and2 all other areas upon which the D&C Activities or the Final Acceptance Works (other than D&C Activities and the Final Acceptance Works relating solely to design) are being carried out or materials are being prepared or stored during the D&C Phase. |
| Contaminated Land Assessor | means a person appointed jointly by Project Co and the D&C Subcontractor who must have suitable experience as a professional in assessing contamination of sites which have former and future uses similar to those of the Arden Project Area. |
| Contamination | means a condition of land, air, soil, water (including groundwater) resulting from past or present Pollution and which shares any of the characteristics of Pollution. |

| | |
|---|---|
| Contamination Modification Event | means: <ol style="list-style-type: none">1 a Groundwater Contamination Modification Event; or2 a Soil Contamination Modification Event. |
| Contamination Notice | means a notice, order or direction given, or purporting to have been given, under the <i>Environment Protection Act 1970 (Vic)</i> or any other Law which requires a person to Remediate any Contamination in, on, under or emanating from the Site or any other land within the vicinity of the Site used or occupied by Project Co or its Associates for the Project. |
| Contestable Items | means goods or services the subject of this Agreement for which there are competitive international suppliers and Australian and New Zealand suppliers. The Contestable Items are identified in the LIDP as set out in the VIPP Schedule. |
| Contract Close | means the date of this Agreement. |
| Contract Particulars | means Schedule 1. |
| Contract Works Insurance (Material Damage) | means the Insurance policy set out in Part A, section (a) of the Insurance Schedule. |
| Contract Works Insurance (Public and Products Liability) | means the Insurance policy set out in Part A, section (b) of the Insurance Schedule. |
| Contract Year | means: <ol style="list-style-type: none">1 in respect of the first Contract Year, the period commencing on the Date of Provisional Acceptance and ending on the next 30 June;2 subject to paragraph 3, each subsequent 12 Month period during the FAW Phase or the Maintenance Phase commencing on 1 July and ending on 30 June; and3 in respect of the final Contract Year, the period from the end of the last full Contract Year (as defined in paragraph 2) to the Expiry Date. |
| Contribution Payment | means the amount payable by the State to Project Co on the SMPC Payment Date which is specified in the SMPC Project Co Notice approved by the State pursuant to clause 34A.2(b). |

Control means:

- 1 control of, or having the capacity to control the composition of the board or partnership committee, or decision making, directly or indirectly, in relation to the financial and operating policies;
- 2 being in a position to cast, or control the casting of, more than 20% of the maximum number of votes that may be cast at a general meeting, meeting of unitholders in a trust or partnership or similar; or
- 3 having a relevant interest (as defined in section 608 of the Corporations Act but as if a reference in that section to 'securities' were a reference to Securities as defined in this Agreement) in more than 20% of the Securities,

of an Entity (whether alone or together with any Associates). For the purposes of this definition, Associate or Associates has the meaning given in the Corporations Act and includes a person deemed to be an associate of a designated body (within the meaning of section 12 of the Corporations Act).

Controlling Entity means in relation to a Change in Control of a Consortium Member, the person or Entity to whom Control will pass.

Controlling Unit Holder means in respect of any trust or managed investment scheme, any entity which:

- 1 controls (within the meaning of section 50AA of the Corporations Act) the trust or managed investment scheme (either directly or through one or more intermediary entities or trusts);
- 2 is in a position to cast, or control the casting of, more than one half of the maximum number of votes that might be cast at a meeting of unit holders of the trust or managed investment scheme (either directly or through one or more intermediary entities or trusts or managed investment schemes); or
- 3 holds more than one half of the units in the trust or managed investment scheme.

Coordination and Interface Deed Poll means a deed poll titled 'Metro Tunnel - Coordination and Interface Deed Poll':

- 1 executed by Project Co, the Train Franchisee, a Metro Tunnel Package Contractor (or member of a Metro Tunnel Package Contractor), or other interface party; and
- 2 substantially in the same form as the deed poll executed by Project Co on or about the date of this Agreement in favour of, amongst others, the State, the Train Franchisee and the Metro Tunnel Package Contractors.

Corporations Act means the *Corporations Act 2001* (Cth).

Correctly Applied means deposited in the Construction Proceeds Account or applied to pay Project Costs as specified in the Financial Model.

Cost for the purpose of clause 59, has the meaning given in clause 59.1(g).

Counterparty Details means in connection with each Group Member and each other person (other than the State, a Rail Franchisee Interface Party, Escrow Agent, the Secretary, MMRA, PTV, the CityLink Manager, the CityLink Consultant and the Independent Reviewer) who is a party to a State Project Document:

- 1 other than in the case of the Security Trustee, the Agent and the Financiers' Certifier, a certified copy of its constitution or partnership deed (or other constituent documents);
 - 2 in the case of a trustee who enters into the State Project Documents on behalf of a trust, a certified copy of the relevant trust deed;
 - 3 a certified copy of any powers of attorney under which the person executed each State Project Document; and
 - 4 other than in the case of the Security Trustee, the Agent, the Financiers' Certifier, and the Escrow Agent, a certified copy of the extract of minutes evidencing the resolutions of its board of directors or equivalent, authorising the entry into, delivery and observance of obligations in accordance with each State Project Document to which it is a party.
-

Critical Interface Milestone means a milestone identified in the Critical Interface Milestone Program.

Critical Interface Milestone (Linked) means, in relation to a Critical Interface Milestone, each other Critical Interface Milestone identified in the Critical Interface Milestone Program as being part of the same 'interface definition sheet'.

Critical Interface Milestone (PPP Dependent) means a Critical Interface Milestone identified in the Critical Interface Milestone Program as:

- 1 'Rail Infrastructure Alliance responsible' and 'Project Co dependent'; or
- 2 'Rail Systems Alliance responsible' and 'Project Co dependent'.

Critical Interface Milestone (PPP Responsible) means a Critical Interface Milestone identified in the Critical Interface Milestone Program as:

- 1 'Project Co responsible' and 'Rail Infrastructure Alliance dependent'; or
- 2 'Project Co responsible' and 'Rail Systems Alliance dependent'.

Critical Interface Milestone Date means, in relation to a Critical Interface Milestone, the date set out in the Critical Interface Milestone Program as amended for:

- 1 any extension of time; or
- 2 variation pursuant to clause 21.1.

Critical Interface Milestone Event means a failure to achieve a Critical Interface Milestone (PPP Dependent) by the relevant Critical Interface Milestone Date.

Critical Interface Milestone Program means the program of Critical Interface Milestones set out in Schedule 30.

Cross Yarra Partnership means the Cross Yarra Partnership comprised of the CY Partners and constituted by the Partnership Deed.

CUB Contamination Plume means the known groundwater contamination plume associated with former industrial activities at the former Carlton and United Brewery site.

CUB Plume Mitigation System the groundwater contamination mitigation system for the CUB Contamination Plume.

Cultural Heritage Management Plan means the cultural heritage management plan procured by the State and approved under the *Aboriginal Heritage Act 2006* (Vic) for the construction of the Works.

Cure Program has the meaning given in clause 44.3(a).

CY HoldCo means:

- 1 in respect of CY Trustee 1, CY HoldCo 1 as trustee of CY Holding Trust 1;
- 2 in respect of CY Trustee 2, CY HoldCo 2 as trustee of CY Holding Trust 2;
- 3 in respect of CY Trustee 3, CY HoldCo 3 as trustee of CY Holding Trust 3; and
- 4 in respect of CY Trustee 4, CY HoldCo 4 as trustee of CY Holding Trust 4.

CY HoldCo 1 [not disclosed]

CY HoldCo 2 [not disclosed]

| | |
|---------------------------|--|
| CY HoldCo 3 | [not disclosed] |
| CY HoldCo 4 | [not disclosed] |
| CY Holding Trust 1 | means the Cross Yarra Holding Trust 1 constituted under the trust deed dated 31 October 2017 executed by CY HoldCo 1. |
| CY Holding Trust 2 | means the Cross Yarra Holding Trust 2 constituted under the trust deed dated 31 October 2017 executed by CY HoldCo 2. |
| CY Holding Trust 3 | means the Cross Yarra Holding Trust 3 constituted under the trust deed dated 31 October 2017 executed by CY HoldCo 3. |
| CY Holding Trust 4 | means the John Holland (CY Holding) Trust constituted under the trust deed dated 31 October 2017 executed by CY HoldCo 4. |
| CY Partner | means each of: <ol style="list-style-type: none">1 CY Partner 1;2 CY Partner 2;3 CY Partner 3; or4 CY Partner 4. |
| CY Partner 1 | means CY Trustee 1 in its capacity as trustee of the CY Trust 1. |
| CY Partner 2 | means CY Trustee 2 in its capacity as trustee of the CY Trust 2. |
| CY Partner 3 | means CY Trustee 3 in its capacity as trustee of the CY Trust 3. |
| CY Partner 4 | means CY Trustee 4 in its capacity as trustee of the CY Trust 4. |
| CY Trust | means: <ol style="list-style-type: none">1 CY Trust 1;2 CY Trust 2;3 CY Trust 3; and4 CY Trust 4. |
| CY Trust 1 | means the Cross Yarra Trust 1 constituted under the trust deed |

dated 31 October 2017 executed by CY Trustee 1.

CY Trust 2 means the Cross Yarra Trust 2 constituted under the trust deed dated 31 October 2017 executed by CY Trustee 2.

CY Trust 3 means the Cross Yarra Trust 3 constituted under the trust deed dated 31 October 2017 executed by CY Trustee 3.

CY Trust 4 means the John Holland (CY) Trust constituted under the trust deed dated 31 October 2017 executed by CY Trustee 4.

CY Trustee means each of:

- 1 CY Trustee 1;
- 2 CY Trustee 2;
- 3 CY Trustee 3; and
- 4 CY Trustee 4.

CY Trustee 1 [not disclosed]

CY Trustee 2 [not disclosed]

CY Trustee 3 [not disclosed]

CY Trustee 4 [not disclosed]

D&C Activities means all things which Project Co is, or may be, required to carry out or do:

- 1 in connection with the Works; or
- 2 to otherwise comply with its obligations under the State Project Documents during the D&C Phase,

including the Advanced Works Activities, but excluding the provision of the Services.

D&C Direct Deed means the document entitled 'D&C Direct Deed - Metro Tunnel' between the State, Project Co, the D&C Subcontractor and each Parent Guarantor (D&C) in respect of the D&C Subcontractor.

D&C Phase means the period commencing on Contract Close and ending on the Last DLP.

| | |
|-----------------------------------|--|
| D&C Phase Insurances | means: 1 the State D&C Phase Insurances; and 2 the Project Co D&C Phase Insurances. |
| D&C Program | means a program of the D&C Activities and the Final Acceptance Works containing the Target Critical Interface Milestone Dates and the details required by section 2.2 of Part C of the PS&TR or which the Independent Reviewer otherwise reasonably requires, as prepared and updated in accordance with this Agreement. |
| D&C Scope Change Works | has the meaning given in the Early Works Services Agreement. |
| D&C Subcontract | means the agreement between Project Co and the D&C Subcontractor to carry out the D&C Activities and the Final Acceptance Works and any other contract between Project Co and a Subcontractor to carry out the D&C Activities or the Final Acceptance Works. |
| D&C Subcontract Price | means the contract price for the delivery of the Works identified as such in the D&C Subcontract. |
| D&C Subcontractor | means as at Contract Close, the party specified in item 2 of the Contract Particulars and any person who in addition or substitution is engaged by Project Co to carry out all, or substantially all, of the D&C Activities and the Final Acceptance Works. |
| Daily Average P&S | has the meaning given in clause 26.11(a)(3). |
| Date for Acceptance | means the Date for Provisional Acceptance and the Date for Final Acceptance or, where the context requires, either one of these. |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| Date for Final | means the date that is 12 Months after the Date of Provisional |

| | |
|--|--|
| Acceptance | Acceptance. |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| Date for Provisional Acceptance | means the date specified in item 4 of the Contract Particulars as adjusted (if at all) in accordance with this Agreement. |
| [not disclosed] | [not disclosed] |
| Date of Acceptance | means the Date of Provisional Acceptance and the Date of Final Acceptance (or either as the context requires). |
| Date of Final Acceptance | means the date specified in the Certificate of Final Acceptance signed by the Independent Reviewer. |
| Date of Handback | means the date specified in Project Co's notice in accordance with clause 24.4(i). |
| Date of Provisional Acceptance | means the date specified in the Certificate of Provisional Acceptance signed by the Independent Reviewer. |
| Day 1 Refund Payment | means the amount calculated in accordance with the table set out in clause 3.8 as updated by the State and Project Co immediately prior to Financial Close in accordance with the Financial Close Adjustment Protocol. |
| Day 1 Uninsurable Risk | means: <ol style="list-style-type: none">1 war, act of a public enemy (whether war is declared or not), civil war, rebellion, revolution, military usurped power, military insurrection, military commotion or other like hostilities;2 chemical, nuclear or biological contamination;3 ionising radiation or contamination by radioactivity; and4 any act of terrorism, except to the extent a declaration is made under the <i>Terrorism Insurance Act 2003</i> (Cth), save to the extent caused or contributed to by Project Co or any of its Associates. |
| Deed of Accession | means a deed substantially in the form set out in the Utilities Schedule, under which Project Co agrees to accede to a Utility |

Agreement.

Deed Poll Provider has the meaning given to that term in the Framework Coordination and Interface Principles.

Default Termination Event means the occurrence of any of the following events:

- 1 **(abandonment)**: Project Co displays an intention to wholly or substantially abandon the D&C Activities or the performance of the Services or does permanently abandon any part of the D&C Activities or the performance of the Services;
- 2 **(Project Co or Group Member Insolvency Event)**: an Insolvency Event occurs in relation to Project Co or a Group Member;
- 3 **(Insolvency Event of Consortium Member)**: an Insolvency Event occurs in relation to:
 - a one or more entities comprising the D&C Subcontractor prior to the end of the D&C Phase and:
 - i within 2 months of the Insolvency Event occurring, the remaining party or parties forming the D&C Subcontractor have not demonstrated to the State's reasonable satisfaction that they have the technical expertise and financial capacity to complete the D&C Activities and the Final Acceptance Works without replacing the entity or entities that suffered the Insolvency Event; and
 - ii to the extent that the State is not satisfied as contemplated by paragraph 3(a)(i), the entity or entities which has suffered the Insolvency Event is not replaced within 6 months of the Insolvency Event occurring, by a party approved by the State; or
 - b subject to paragraph 3(a), any Consortium Member (other than Project Co and the D&C Subcontractor) and that Consortium Member is not replaced within 6 months (or such longer period agreed in accordance with clause 44.4) by a party approved by the State;
- 4 **(assignment, transfer or disposal)**: Project Co breaches its obligations under clause 53.1(a)(1);
- 5 **(Share Capital Dealing)**: a Share Capital Dealing (which is not a Permitted Share Capital Dealing) occurs in respect of a Project Entity without the consent of the State in accordance with clause 53.4;
- 6 **(unremedied Major Default)**: a Major Default is capable of remedy and Project Co fails to remedy the Major Default within the period set out in the Major Default Notice given by the State in accordance with clause 44.2(b)(2)(A) (as extended, if at all, in accordance with clause 44.2 or 44.4);
- 7 **(Major Default not capable of remedy)**: a Major Default is not capable of remedy and Project Co fails to diligently comply with any reasonable requirements of the State to overcome the consequences of the Major Default within the period set out in the Major Default Notice given by the State in accordance with

clause 44.2(b)(2)(B) (as extended, if at all, under clause 44.2 or 44.4);

- 8 **(Major Default not capable of remedy)**: the State forms the view, acting in accordance with clause 44.5(a), that there are no reasonable requirements that can be met by Project Co to overcome the consequences of, or compensate the State for, that Major Default;
- 9 **(Service Failure)**: without limiting paragraphs 6, 7 and 8, following three Major Default Service Failures in any rolling four year period (whether or not they have been cured by Project Co), the point at which a further Major Default Notice is issued during that period in respect of a Major Default Service Failure; or
- 10 **(deemed Default Termination Event)**: any other event which is expressly deemed to be a Default Termination Event in accordance with this Agreement.

Default Termination Payment

means the Termination Payment for a Termination for a Default Termination Event calculated in accordance with the Termination Payments Schedule.

Defect

means:

- 1 any defect, damage, fault or omission (including shrinkage, expansion, fading or settlement) in:
 - a the Relevant Infrastructure;
 - b any Returned Asset, excluding any damage to a Returned Asset which occurs after Handback (other than to the extent caused or contributed to by Project Co or its Associates);
 - c any Metro Tunnel Interface Works; or
 - d any Ticketing Works,
 excluding any such things which would have been accommodated in accordance with Best Industry Practices;
- 2 any other aspect of:
 - a the Relevant Infrastructure; or
 - b any Returned Asset,
 which is not in accordance with the requirements of this Agreement; or
- 3 any other aspect of:
 - a the Metro Tunnel Interface Works which is not in accordance with the relevant Delivery Agreement; or
 - b any Ticketing Works which is not in accordance with the contractual requirements for the Ticketing Works.

Defects Liability Period

means a period referred to in clause 25.2(a).

| | |
|---------------------------------------|---|
| Defects Retention Amount | has the meaning given in clause 25.1(j). |
| Defects Term | has the meaning given in clause 25.1(a). |
| Degraves Entrance Works | means the Works in relation to the station entrance at Degraves St on the Flinders Street Station side of the fire/flood doors that separates Flinders Street Station from the underground pedestrian link to the Station at CBD South described in Appendix A5 of Part A of the PS&TR, that will be operated and maintained by the Train Franchisee under the Train Franchisee Arrangements. |
| Delegate | means the person named as the 'Delegate' in the Delegation Agreement, or such subsequent employee of the D&C Subcontractor appointed by the State as its delegate under the Early Works Managing Contractor Agreement. |
| Delegation Agreement | means the document entitled 'Metro Tunnel: Delegation Agreement' between the State, the D&C Subcontractor, and the 'Delegate' dated on or about the date of this Agreement. |
| Delivery Agreement | has the meaning given to that term in the Framework Coordination and Interface Principles. |
| Design Development Coordinator | means the party specified in item 5 of the Contract Particulars. |
| Design Documentation | means all deliverables in respect of the design documentation (including all draft and final design standards, design reports, durability reports, drawings, specifications, manuals, designs, models, samples, patterns and calculations) in computer readable and written forms, or stored by any other means, which Project Co or any of its Associates creates, or are required to, or must necessarily, create, in carrying out the D&C Activities and the Final Acceptance Works. |
| Design Interface Party | means to the extent that the Design Interface Works: <ol style="list-style-type: none">1 are Rail Systems Alliance Works, the Rail Systems Alliance;2 are Rail Infrastructure Alliance Works, the Rail Infrastructure Alliance;3 are Ticketing Works, the Ticketing Works Contractor; and4 are the high-capacity metropolitan trains to be delivered pursuant to the High Capacity Metro Trains Project, the contractor for the High Capacity Metro Trains Project. |

| | |
|---|---|
| Design Interface Works | means each part of: <ol style="list-style-type: none">1 the Rail Systems Alliance Works;2 the Rail Infrastructure Alliance Works;3 the Ticketing Works; and4 the high-capacity metropolitan trains to be delivered pursuant to the High Capacity Metro Trains Project, that Project Co must, in accordance with this Agreement, integrate with the Works. |
| Design Life | means in respect of a Design Life Asset, the period of years specified in Table 3-1 of the Design Life Requirements. |
| Design Life Asset | means the Relevant Infrastructure and each component, system and sub-system of the Relevant Infrastructure set out in Table 3-1 of the Design Life Requirements. |
| Design Life Requirements | means section 3 of Part B of the PS&TR. |
| Design Management Plan | means the plan of that name prepared and updated by Project Co in accordance with the PS&TR. |
| Design Optimisation Land | means the parcels of land highlighted either orange or green in the Design Optimisation Land and PSA2 Schedule, and includes Design Optimisation PSA 2 Land. |
| Design Optimisation Land and PSA2 Schedule | means Schedule 40. |
| Design Optimisation PSA 2 Land | means the parcels of land highlighted orange in the Design Optimisation Land and PSA2 Schedule. |
| Design Review Process | means the process for the development of the design of the Works to be implemented in accordance with the Design Review Schedule. |
| Design Review Schedule | means Schedule 25. |
| Designated Investor | means the Equity Investor specified in item 6 of the Contract Particulars. |

Direct Costs

means the reasonable and demonstrable costs which are:

- 1 incremental in nature;
- 2 directly attributable to, and would not have been incurred but for, the Train Franchisee's performance of its obligations under the Train Franchisee Cooperation Agreement;
- 3 net of any reimbursement or payment the Train Franchisee receives directly from a consultant or contractor engaged by it to perform the Train Franchisee's obligations;
- 4 net of any reimbursement or payment otherwise received by the Train Franchisee in relation to the Train Franchisee's performance of its obligations under the Train Franchise Agreement; and
- 5 net of any benefit or reimbursement the Train Franchisee receives from a third party relating to the procurement of services or materials used in connection with the Train Franchisee's performance of its obligations under the Train Franchisee Cooperation Agreement,

and includes:

- 6 any costs incurred by the Train Franchisee in repairing any physical damage caused by Project Co or its Associates,
- 7 Shared Direct Costs;
- 8 an estimate of employee leave entitlements required by law in respect of all Train Franchise Employees employed in relation to undertaking or assisting in the delivery of the Train Franchisee's obligations under the Train Franchise Agreement;
- 9 any insurance deductible payable in respect of a Train Franchisee Insurance,

but excludes:

- 10 any costs incurred as a result of:
 - a the failure by the Train Franchisee to comply with its obligations under the Train Franchisee Cooperation Agreement or the Franchise Agreement, other than where the failure was caused by an act or omission of Project Co or its Associates (not being an act or omission expressly permitted or allowed for under the Train Franchisee Cooperation Agreement);
 - b the rectification of obligations previously performed by or on behalf of the Train Franchisee under the Train Franchisee Cooperation Agreement in circumstances where the need to perform the rectification is caused or contributed to by the negligent act or omission, or default on the part of the Train Franchisee or a Train Franchisee's Associate; or
 - c any default or negligent or fraudulent act or omission on the part of the Train Franchisee, or an Associate of the Train Franchisee;
- 11 any increase or decrease in the amount of any Train Franchisee EOPR payable by or to the Train Franchisee under the Train Franchise Agreement for any adverse impacts on Passenger Services (including flow on effects) primarily caused by the Project;

- 12 any amount the Train Franchisee is required to pay under clause 19 of the Train Franchisee Cooperation Agreement;
- 13 the costs of any contractor, consultant or supplier who has not been retained on commercial/arm's length terms and conditions;
- 14 margin for profit on goods supplied, works undertaken and services performed by the Train Franchisee;
- 15 any revenue impacts associated with the implementation of the Project;
- 16 non-award based incentives or bonus payments; and
- 17 any costs recovered through other PTV or State payments.

Dispute has the meaning given in clause 46.1(a).

Distribution means without double counting, any:

- 1 dividend, return of capital, or other distribution or payment (in cash or in kind) in connection with the share capital, units or partnership interest of a Group Member or shareholder loans (or other loans in the nature of equity funding) to, or for the benefit of, a Group Member;
- 2 release by a Group Member of any actual or contingent liability of any Project Entity or any Equity Investor (or any Related Body Corporate or Related Trust Entity of an Equity Investor); or
- 3 payment, loan or transfer of any assets or provision of any other benefit by a Group Member to any Equity Investor (or any Related Body Corporate or Related Trust Entity of any Equity Investor) which is not on arm's length commercial terms.

Domain Project Area means the land within the Project Land Boundary in Domain as shown in the dashed red line on Project Drawing Number TAS-CYP-DM-00-DRG-AUD-DOM-750200-DP Rev G.4 in the Soil Contamination Plans, and extending south along St Kilda Road to the end of the Project Land Boundary (south of the Toorak Road intersection) and north along St Kilda Road to the Dorcas Street intersection, being Edmund Herring Memorial Oval.

Downstream Independent Reviewer Functions has the meaning given in the Independent Reviewer Deed of Appointment.

DPRC means the Development Plan Review Committee established by the Minister for Planning under terms of reference dated 12 July 2017.

Duration has the meaning given in the Train Franchisee Cooperation

Agreement.

Early Services Fee has the meaning given in the Early Works Services Agreement.

Early Works means the works to be performed by the Early Works Managing Contractor pursuant to the Early Works Managing Contractor Agreement, and includes the PPP Interface Works.

Early Works Managing Contractor means John Holland Pty Ltd (ABN 11 004 282 268).

Early Works Managing Contractor Agreement means the document titled 'Melbourne Metro Rail Project: Early Works Managing Contractor Agreement, General Conditions of Contract' dated 24 June 2016 between the Secretary to the Department of Economic Development, Jobs, Transport and Resources and the Early Works Managing Contractor, as amended or replaced from time to time.

Early Works Proposal means the letter entitled 'Melbourne Metro (Tunnel and Station) PPP Project: Early Works Proposal including summary of outstanding items which may have a cost impact on CYP's Proposal' dated 21 September 2017 from Capella Capital and the D&C Subcontractor to Evan Tattersall.

Early Works Risk Fee has the meaning given in the Early Works Services Agreement.

Early Works Services Agreement means the document entitled 'Metro Tunnel – Early Works Services Agreement' between the State and the D&C Subcontractor dated on or about the date of this Agreement, as amended from time to time.

Easements means those easements, restrictions on use, covenants, agreements, or other similar arrangements together with any leases, sub leases, licences, rights or privileges in each case as are granted at Contract Close.

Engineering Cadet means a person who is combining formal university training in an engineering or related discipline with practical work experience.

Entity has the meaning given in section 64A of the Corporations Act, but is also deemed to include a joint venture within the meaning of Australian Accounting Standard 131 (AASB 131).

| | |
|---|---|
| Environment | means the physical factors of the surroundings of humans and other life forms, including the land, soil, plants, habitat, waters, atmosphere, climate, sounds, odours, tastes, biodiversity and the Project Area's social and aesthetic characteristics. |
| Environmental Hazard | means a state of danger to human beings or the Environment whether imminent or otherwise resulting from the location, storage, handling or release of any substance having toxic, corrosive, flammable, explosive, infectious or otherwise dangerous characteristics. |
| Environmental Management Framework | means the environmental management framework procured by the State for the construction and operation of the Works and approved by the Victorian Minister for Planning under the Incorporated Document. |
| Environmental Management Plans | means: <ol style="list-style-type: none">1 the 'Construction Environmental Management Plan';2 the 'Operations Environmental Management Plan';3 the 'Site Environment Implementation Plan';4 the 'Noise and Vibration Management Plan'; and5 the 'Urban Design Management Plan', each as: <ol style="list-style-type: none">6 defined under; and7 prepared and updated by Project Co in accordance with, the Project Management Requirements. |
| Environmental Performance Requirements | means the environmental performance requirements which form part of the Environmental Management Framework. |
| Environmental Requirements | means all Laws relating to the Environment and the conditions and requirements of any Approval relating to the Environment together with all environmental safeguards and measures necessary to avoid, reduce, minimise or mitigate the environmental impacts of the Project Activities, including those identified in section 14 of Part B of the PS&TR. |
| EPA | means the Environment Protection Authority constituted under the <i>Environment Protection Act 1970</i> (Vic). |
| EPBC Particular Manner Decision | means the decision of the Commonwealth Minister for the Environment dated 22 September 2015 that the proposed action of constructing rail tunnels, underground station, tram and train interchanges and rail tunnel entrances in relation to Metro Tunnel |

was not a controlled action under the *Environmental Protection and Biodiversity Conservation Act 1999* (Cth).

| | |
|------------------|---|
| Equipment | <p>means:</p> <ol style="list-style-type: none"> 1 all furniture, fittings, and equipment necessary: <ol style="list-style-type: none"> a for the Relevant Infrastructure to be Fit For Purpose; and b for Project Co to perform the Services; and 2 all other furniture, fittings, and equipment forming part of the Relevant Infrastructure, <p>excluding Temporary Equipment.</p> |
|------------------|---|

| | |
|---------------|--|
| Equity | <p>means the equity capital to be or which has been contributed to Project Co by way of subscription for shares in each CY Trustee and units in each CY Trust as set out in the Financial Model.</p> |
|---------------|--|

| | |
|-------------------------|---|
| Equity Associate | <p>has the meaning given in the Permitted Share Capital Dealing Schedule.</p> |
|-------------------------|---|

| | |
|-------------------------|---|
| Equity Documents | <p>means each of the documents listed in the Equity Documents Schedule.</p> |
|-------------------------|---|

| | |
|----------------------------------|---------------------------|
| Equity Documents Schedule | <p>means Schedule 19.</p> |
|----------------------------------|---------------------------|

| | |
|------------------------|--|
| Equity Investor | <p>means:</p> <ol style="list-style-type: none"> 1 a person identified in the Ownership Schedule as an Equity Investor (subject to any replacements in accordance with clause 53); 2 each other person who has provided or has agreed to provide: <ol style="list-style-type: none"> a equity funding at the times and in the amounts set out in the Financial Model (whether by way of subscription for units or shares or provision of unitholder or shareholder loans); and b any other equity, financial arrangement (other than under the On-Loan Agreement or the Interest Rate On-Swap), security or option issued by or provided to a Group Member which does not constitute a Refinancing; or 3 any person who replaces or is added, in accordance with clause 53, to the persons referred to in paragraphs 1 or 2. |
|------------------------|--|

| | |
|-------------------|------------------------|
| Equity IRR | <p>[not disclosed]</p> |
|-------------------|------------------------|

| | |
|---------------------|---|
| Escrow Agent | <p>means the escrow agent appointed pursuant to the Escrow Agreement or any replacement escrow agent appointed in</p> |
|---------------------|---|

accordance with clause 54.9.

Escrow Agreement means the document entitled 'Escrow Agreement - Metro Tunnel' between the State, Project Co and the Escrow Agent.

Existing Rail Network means the rail network and systems used by:

- 1 the Train Franchisee to undertake and deliver the train services operated by the Train Franchisee; and
- 2 the Tram Franchisee to undertake and deliver the tram services operated by the Tram Franchisee.

Expert Determination Agreement means Schedule 16.

Expiry Date has the meaning given in clause 4.2.

Explanation has the meaning given in clause 26.2(c)(1).

Extension Event means each of the following events which occurs between Financial Close and Provisional Acceptance:

- 1 a Compensable Extension Event;
- 2 a Force Majeure Event; and
- 3 an instruction to suspend the D&C Activities by the State under clause 16.7(a), to the extent the circumstances leading to the suspension were a Force Majeure Event and that Force Majeure Event or its effects are subsisting.

Facility Agreement means the document entitled 'Syndicated facility agreement – Metro Tunnel – Tunnel and Stations PPP Project' between, among others, Project Co, Finance Co, each CY Trustee in its personal capacity and as trustee for their respective CY Trust, the Agent and the Security Trustee entered into on or about the date of this Agreement.

Failure Event means an event defined as such in the Services Specification.

Failure Event Abatement means in respect of a Failure Event, an amount in dollars calculated in respect of that Failure Event in accordance with the Payment Schedule.

FAW Failure Event means an event defined as such in the Payment Schedule.

FAW Failure Event Abatement means in respect of a FAW Failure Event, an amount in dollars calculated in respect of that FAW Failure Event in accordance with the Payment Schedule.

FAW Phase means the period commencing on the Date of Provisional Acceptance and ending on the Date of Final Acceptance.

FAW Quality Failure has the meaning given to that term in the Payment Schedule.

FAW Quality Failure Abatement means in respect of a FAW Quality Failure, an amount in dollars calculated in respect of that FAW Quality Failure in accordance with the Payment Schedule.

FAW Service Failure means, during the FAW Phase, the occurrence of any of the following events:

- 1 a FAW Failure Event;
- 2 a FAW Quality Failure; or
- 3 a FAW Train Failure Event,

except to the extent that the failure is a consequence of the proper and timely implementation of a Modification or Minor Modification during the FAW Phase and is contemplated in the relevant Change Notice or agreed Minor Modification Proposal.

FAW Service Failure Abatement means:

- 1 a FAW Train Failure Event Abatement;
- 2 a FAW Failure Event Abatement; or
- 3 a FAW Quality Failure Abatement.

FAW Train Failure Event means an event defined as such in the Payment Schedule.

FAW Train Failure Event Abatement means in respect of a FAW Train Failure Event, an amount in dollars calculated in respect of that FAW Train Failure Event in accordance with the Payment Schedule.

FCA (Train) Base Track Occupation Schedule means the 'Base Track Occupation Schedule' as defined in the Train Franchisee Cooperation Agreement.

[not disclosed] 4 [not disclosed]

FFP Warranty means the warranty given by Project Co in accordance with clause 5.2.

Final Acceptance means the stage when:

- 1 the balance of the Works not completed as part of Provisional Acceptance have been completed, including:
 - a completing all Final Acceptance Works; and
 - b correcting all Defects in the Works and any Returned Asset:
 - i specified in the Certificate of Provisional Acceptance;
 - ii notified by Project Co to the State in accordance with clause 25.1(b) prior to the Date of Final Acceptance; or
 - iii notified by the State to Project Co in accordance with clause 25.1(c) prior to the Date of Final Acceptance;
- 2 all Returned Assets have achieved Handback;
- 3 all Metro Tunnel Interface Works are complete and free of Defects;
- 4 the Ticketing Works are complete and free of Defects;
- 5 the Maintained Rail Infrastructure Alliance Assets are complete and free of Defects;
- 6 the Maintained Assets, the Returned Train Works and the Returned Existing Network Works have been incorporated into the Train Infrastructure Lease; and
- 7 Project Co has done everything which this Agreement requires Project Co to do prior to or as a condition precedent to Final Acceptance, including the requirements set out in the Completion Schedule.

Final Acceptance Payment means the Final Acceptance Payment calculated in accordance with the Payment Schedule payable in accordance with clause 36.

Final Acceptance Schedule means Schedule 31.

Final Acceptance Works means the Works described in the Final Acceptance Schedule.

Final D&C Phase Modification Payment means an amount equal to the corresponding Receivables Purchase Price in respect of the Additional Receivables purchased by Finance Co from the State under the Receivables Purchase Deed resulting from a Change Compensation Event.

Final D&C Phase Payment means the amount to be paid by the State to Project Co under clause 35A.1 as adjusted (if at all) in accordance with clause 35A.1(c), which (exclusive of GST) must equal the Receivables

Purchase Price calculated under the Receivables Purchase Deed.

Final D&C Phase Price means the aggregate of:

- 1 the Final D&C Phase Payment; and
- 2 any Final D&C Phase Modification Payments,

which (exclusive of GST) must equal the Receivables Purchase Price calculated under the Receivables Purchase Deed.

Final Expiry Date means the date which is the 25th anniversary of the earlier of the Date for Provisional Acceptance and the Date of Provisional Acceptance.

Final Operational Access Plan means an Operational Access Plan

- 1 determined to be a Final Operational Access Plan in accordance with clause 6.6(d) or clause 6.6(e)(2); or
- 2 otherwise determined to be a Final Operational Access Plan pursuant to clause 46.

Finance Co means Stella MMTS Finance Pty Limited (ACN 612 094 078).

Finance Direct Deed means the document entitled 'Finance Direct Deed - Metro Tunnel' between the State, Project Co, Finance Co and the Agent and the Security Trustee on behalf of the Financiers.

Finance Documents means:

- 1 each of the documents listed in the Finance Documents Schedule;
- 2 any document entered into in relation to a Refinancing of the Actual Debt approved by the State under clause 40; and
- 3 any other document which the parties agree is a Finance Document for the purposes of this Agreement.

Finance Documents Schedule means Schedule 18.

Financial Close means when the last Condition Precedent to be satisfied (or waived in accordance with clause 3.3) has been satisfied (or waived in accordance with clause 3.3) as set out in a notice given by the State to Project Co in accordance with clause 3.2(c).

Financial Close Adjustment Protocol means the protocol to be applied at Financial Close to update the Base Case Financial Model and make amendments to this

Agreement as set out in Schedule 24.

| | |
|--|--|
| Financial Close Financial Model | means the Base Case Financial Model as updated and audited in accordance with the Financial Close Adjustment Protocol. |
|--|--|

| | |
|------------------------|---|
| Financial Model | means the Financial Close Financial Model updated from time to time in accordance with clause 54.3. |
|------------------------|---|

| | |
|-----------------------|--|
| Financial Year | means each 12 Month period commencing on 1 July and ending on 30 June. |
|-----------------------|--|

| | |
|-------------------|---|
| Financiers | means the providers of any financing facilities, financial arrangements or accommodation to a Group Member under the Finance Documents from time to time and may, where the context permits, include any agent or trustee of such Financiers. |
|-------------------|---|

| | |
|------------------------------|--|
| Financiers' Certifier | means the Financiers' Certifier under and as defined in the D&C Subcontract which as at Contract Close is the party set out in item 7 of the Contract Particulars. |
|------------------------------|--|

| | |
|------------------------------|--|
| Financing Delay Costs | has the meaning given in the Change Compensation Principles. |
|------------------------------|--|

| | |
|------------------------|--|
| Fit For Purpose | <p>means:</p> <ol style="list-style-type: none">1 fit for its intended purposes, functions, uses and requirements including operation by any party including the Rail Franchisees (as relevant), and including, the performance of:<ol style="list-style-type: none">a Rail Operations; andb the Services in accordance with, and so as to meet the performance standards set out in, the Final Acceptance Schedule or the Services Specification,during the FAW Phase or the Maintenance Phase (as relevant); and2 otherwise meets the requirements, as specified in, or reasonably inferred from: <ol style="list-style-type: none">3 this Agreement (including the PS&TR, the Final Acceptance Schedule and the Services Specification); and4 in the case of the Metro Tunnel Interface Works, the relevant Delivery Agreement, and, without limiting Project Co's obligations in respect of Modifications: <ol style="list-style-type: none">5 in the case of the Relevant Infrastructure (other than the Maintained Rail Infrastructure Alliance Assets and the Final Acceptance Works), determined by reference to the purposes, functions, uses and requirements which are current and apply |
|------------------------|--|

as at the Date of Provisional Acceptance;

- 6 in the case of the Metro Tunnel Interface Works (other than the Maintained Rail Infrastructure Alliance Assets) and the Final Acceptance Works, determined by reference to the purposes, functions, uses and requirements which are current and apply as at the Date of Final Acceptance;
- 7 in the case of the Maintained Rail Infrastructure Alliance Assets determined by reference to the purposes, functions, uses and requirements which are current and apply as at the relevant Rail Infrastructure Alliance Handover Date;
- 8 in the case of each Returned Asset, determined by reference to the purposes, functions, uses and requirements which are current and apply as at the relevant Date of Handback; and
- 9 in the case of the Temporary Works, determined by reference to the purposes, functions, uses and requirements which are current and apply as at completion of the relevant package of works.

Fixed Artwork Budget has the meaning given to that term in clause 61C.2(a)(1), as increased in accordance with clause 61C.2(c)(6)(B).

Fixed MM Budget has the meaning given to that term in clause 61C.1(a)(2).

Flinders Street Station Redevelopment means the State project for exterior repair works and functional upgrades to improve passenger flows and customer experience at Flinders Street Station, including the redesign of the eastern concourse which commenced in July 2016.

Floating Rate Component means each amount calculated in accordance with section 12 of the Payment Schedule.

Floating Rate Component Invoice means an invoice for payment of the Floating Rate Component in the form agreed by the parties (each acting reasonably) after Financial Close.

Force Majeure Event means each of the following events:

- 1 earthquake, tropical cyclone, natural disaster, landslide, seismic activity, tsunami or mudslide;
- 2 a flood which might, at Contract Close, be expected to occur less frequently than once in every 100 years;
- 3 war, act of a public enemy (whether war is declared or not), civil war, rebellion, revolution, military usurped power, military insurrection, military commotion or other like hostilities;
- 4 chemical, nuclear or biological contamination;
- 5 ionising radiation or contamination by radioactivity;

- 6 explosion caused by events referred to in paragraphs 1 or 3; or
 - 7 an act of terrorism,
- which occurs at or directly in the vicinity of the Construction Areas or the Maintenance Areas and:
- 8 prevents Project Co from carrying out all or a material part of the Project Activities or prevents the State from carrying out all or a material part of its obligations under the State Project Documents;
 - 9 prevents any or all of the State, the State's Associates, a Metro Tunnel Package Contractor, or a Rail Franchisee Interface Party from carrying out all or a material part of their obligations under any Project Document; or
 - 10 which entitles a Rail Franchisee Interface Party to cancel, fail to give, delay or reduce an Agreed Occupation as a result of a Force Majeure Event (Franchisee).

Force Majeure Event (Franchisee)

has the meaning given to that term in (as relevant):

- 1 the Train Franchisee Cooperation Agreement; or
- 2 the Tram Franchisee Cooperation Agreement.

Force Majeure Termination Event

means a Force Majeure Event which prevents Project Co from carrying out all or a material part of the Project Activities or prevents the State from carrying out all or a material part of its obligations under the State Project Documents for a continuous period exceeding 6 months, or any event expressly deemed to be a Force Majeure Termination Event in accordance with this Agreement.

Force Majeure Termination Payment

means the Termination Payment for a Termination for a Force Majeure Event in accordance with the Termination Payments Schedule.

Forecast Maintenance and Refurbishment Program

has the meaning given in the Services Specification.

Forecast Payment Claim

means for each Month, the amount set out in the State Construction Contribution Schedule for that Month.

Foundation Works

means in relation to:

- 1 the Station at CBD North; or
- 2 the Station at CBD South,

the Works that Project Co must provide to the relevant over-site developer to enable the commencement of the relevant Oversight Development Works.

| | |
|--|---|
| Framework Coordination and Interface Principles | means the framework coordination and interface principles set out in Attachment D to the Coordination and Interface Deed Poll executed by Project Co. |
| Franchisee Interface Management Plan | has the meaning given to 'Interface Management Plan' in (as relevant): <ol style="list-style-type: none">1 the Train Franchisee Cooperation Agreement; or2 the Tram Franchisee Cooperation Agreement. |
| Franchisee Non-Compliance Comments | has the meaning given in clause 38.9(d). |
| [not disclosed] | 3 [not disclosed] |
| FRC Commencement Date | has the meaning given to that term in the Payment Schedule. |
| General Change in Law | means a Change in Law that is not a Project Specific Change in Law. |
| Government Gazette | means the Commonwealth of Australia Gazette or the Victoria Government Gazette, as the case may be. |
| Government Party or Parties | means all and any of the State and any Authority. |
| Government Rail Insurance Program | means an insurance program effected by the State for the purpose of insuring multiple State assets, including the 'Government Rail Insurance Program' which is in effect at the date of this Agreement. |
| [not disclosed] | 4 [not disclosed] |
| Groundwater Contamination | means Contamination of groundwater. |
| Groundwater Contamination Modification Event | means where, during the D&C Phase, Project Co is required under clause 7.2(b)(1), clause 7.3, clause 7.4(c) or otherwise under this Agreement to Remediate Groundwater Contamination (or any part of a mass of Groundwater Contamination) that Project Co or its Associates: <ol style="list-style-type: none">1 would not otherwise physically encounter in the carrying out of |

the Project Activities;

- 2 have not caused or contributed to, other than to the extent the Groundwater Contamination is an inherent consequence of performing the Project Activities in accordance with this Agreement, the Environmental Management Plans or the Initial Contaminated Groundwater Methodology; and
- 3 would not otherwise be required to Remediate in performing:
 - a the Project Activities in accordance with the Initial Contaminated Groundwater Methodology; and
 - b the Project Activities referred to in the Initial Contaminated Groundwater Methodology in accordance with Best D&C Practices as determined at Contract Close.

Group means each Project Entity, each CY Trustee, each CY Trust, each Holding Entity and any wholly owned subsidiary company or trust of any of them, and **Group Member** means any of them.

Group Training Organisation means an organisation that employs Apprentices and Trainees and hosts them out to other businesses to undertake relevant on the job experience.

GST has the meaning given in the GST Act and where appropriate includes Notional GST.

GST Act means the *A New Tax System (Goods and Services Tax) Act 1999* (Cth).

GST Law has the meaning given in the GST Act.

Handback means where Project Co has done everything that this Agreement requires to enable Project Co to hand back the relevant Returned Asset to the State or Returned Asset Owner in accordance with clause 24.4.

Handover means the stage when Project Co has done everything that this Agreement requires to enable Project Co to handover the Relevant Infrastructure to the State (or its nominee) in the Handover Condition in accordance with clause 32.10.

Handover Bond means a Performance Bond provided by Project Co in favour of the State in accordance with clause 32.7(a)(2).

Handover Condition has the meaning given in clause 32.10(a).

| | |
|--|---|
| Handover Escrow Account | has the meaning given in clause 32.7(a)(1). |
| Handover Package | means the package of documents relating to Handover prepared and updated by Project Co in accordance with the Services Specification. |
| Handover Refurbishment Works | has the meaning given in clause 32.3(b)(1). |
| Handover Reviewer | means a person with suitable expertise and experience appointed as the independent reviewer for Handover in accordance with clause 32.1(a). |
| Hazardous Substance | means any substance which would or might reasonably be expected to cause damage or injury to any person, any property or the Environment. |
| Health and Safety Incident | means any incident that: <ol style="list-style-type: none">1 is required to be notified to an Authority under any OHS Legislation;2 results or could potentially result in injury, illness or disease requiring a person to miss more than one day of work (for the avoidance of doubt, this includes 'near misses');3 results in an injury that requires treatment by a medical practitioner;4 results in, or could potentially result, in injury, illness or disease to a member of the public (for the avoidance of doubt, this includes 'near misses'); or5 results, or could potentially result, in damage to the Relevant Infrastructure or other property, plant or equipment. |
| Health and Safety Management Plan | means the plan of that name prepared and updated by Project Co in accordance with the Project Management Requirements. |
| Health Privacy Principles | means the Health Privacy Principles set out in the <i>Health Records Act 2001</i> (Vic). |
| Heritage Bond | means: <ol style="list-style-type: none">1 an unconditional bank guarantee given in favour of the Heritage Council of Victoria (ABN 87 967 501 331) pursuant to the Heritage Permit No. P25650 granted under section 74 of the <i>Heritage Act 1995</i>, in respect of the reinstatement of trees, the liability for which is[not disclosed] for the reinstatement of the |

trees;

- 2 an unconditional bank guarantee or insurance bond given in favour of the Heritage Council of Victoria (ABN 87 967 501 331) pursuant to Heritage Permit No. P25649 granted under section 74 of the *Heritage Act 1995*, in respect of the replacement of removed trees, the liability for which is [not disclosed] for the replacement of 18 trees;
- 3 an unconditional bank guarantee or insurance bond given in favour of the Heritage Council of Victoria (ABN 87 967 501 331) pursuant to Heritage Permit No. P24393 granted under section 74 of the *Heritage Act 1995*, in respect of the reinstatement of the South African Soldiers Memorial and the John Cockbill Drinking Fountain and the replacement of removed trees at 29A Albert Road, Melbourne, the liability for which is:
 - a [not disclosed] for the replacement of two removed trees; and
 - b [not disclosed] for the reinstatement of the South African Soldiers Memorial and the John Cockbill Drinking Fountain; and
- 4 the bank guarantee given in favour of the Heritage Council of Victoria (ABN 87 967 501 33) pursuant to the Heritage Permit No. P26851 granted under section 74 of the *Heritage Act 1995*, in respect of the removal of the substation and all associated infrastructure and the reinstatement of the Edmund Herring Oval, the liability for which is [not disclosed].

| | |
|----------------------------------|--|
| Heritage Bond Beneficiary | means, in relation to each Heritage Bond, the beneficiary of that Heritage Bond. |
|----------------------------------|--|

| | |
|-----------------------|--|
| Heritage Claim | means a claim made in connection with a requirement under any Law for the protection, preservation or removal of any Artefact. |
|-----------------------|--|

| | |
|---|--|
| High Capacity Metro Trains Project | means the State project for the procurement of 65 high-capacity metropolitan trains and a new depot. |
|---|--|

| | |
|-----------------------|--|
| Holding Entity | means in the case of: <ol style="list-style-type: none"> 1 Project Co, each CY HoldCo; and 2 each CY Trustee and each CY Trust, the CY HoldCo which directly or indirectly holds all of the issued shares or units in that CY Trustee or CY Trust, as set out in the Ownership Schedule. |
|-----------------------|--|

| | |
|------------|--|
| ICN | means Industry Capability Network Victoria (ABN 20 007 058 120). |
|------------|--|

| | |
|---------------------------------|--|
| IFC Design Documentation | means design documentation issued for construction in accordance with: |
|---------------------------------|--|

- 1 section 7.5.4 of Part C of the PS&TR; and
- 2 the Design Review Schedule.

| | |
|-----------------|---|
| Incident | <p>means any event which:</p> <ol style="list-style-type: none"> 1 involves personal injury, death or significant damage to or destruction of the Relevant Infrastructure or other property in connection with delivery of the Project; 2 poses a serious risk to: <ol style="list-style-type: none"> a the health or safety of any person; b the Environment; c the Site; or d the structural integrity of any part of the Relevant Infrastructure; 3 poses a serious risk of damaging or destroying the Relevant Infrastructure or any other property; 4 prevents or hinders the Tunnel and Stations or any part of them from being open for the safe, continuous and efficient passage of Users and Rolling Stock; or 5 requires an urgent response to prevent any occurrence which could: <ol style="list-style-type: none"> a cause personal injury or significant damage to or destruction of the Relevant Infrastructure or other property; or b compromise the health or safety of any person or property. |
|-----------------|---|

| | |
|------------------------------|---|
| Incorporated Document | <p>means the document titled 'Melbourne Metro Rail Project Incorporated Document, December 2016' inserted into the Planning Schemes on 5 January 2017 pursuant to Section 6(2)(j) of the <i>Planning and Environment Act 1987 (Vic)</i>, as amended on 8 June 2017 titled 'Melbourne Metro Rail Project Incorporated Document, May 2017', as amended or replaced in accordance with Planning Scheme Amendment No 2.</p> |
|------------------------------|---|

| | |
|----------------------------|---|
| Indemnified Persons | <p>has the meaning given in Intellectual Property Schedule.</p> |
|----------------------------|---|

| | |
|--|--|
| Independent Contamination Auditor | <p>means an auditor engaged jointly by Project Co and the D&C Subcontractor who must be:</p> <ol style="list-style-type: none"> 1 an auditor authorised by the EPA to be an 'environmental auditor' for the purposes of the <i>Environmental Protection Act 1970 (Vic)</i>; and 2 independent of the Contaminated Land Assessor. |
|--|--|

| | |
|--|--|
| Independent Environmental Auditor | <p>means an auditor appointed jointly by Project Co and the D&C Subcontractor in connection with the Environmental Management Framework or the Environmental Requirements.</p> |
|--|--|

Independent Reviewer means the entity appointed as the Independent Reviewer under the Independent Reviewer Deed of Appointment, as replaced (if at all) under clause 11.9.

Independent Reviewer Deed of Appointment means the document entitled 'Independent Reviewer Deed of Appointment - Metro Tunnel' between the State, Project Co, each Rail Franchisee Interface Party, and the Independent Reviewer in the form set out in Schedule 13.

Independent Reviewer Deed of Appointment (Advanced Works) means the document entitled 'Independent Reviewer Deed of Appointment - Metro Tunnel (Advanced Works)' entered into in respect of the Advanced Works between the State, the D&C Subcontractor, each Rail Franchisee Interface Party, and the Independent Reviewer.

Independent Safety Auditor means an auditor appointed by Project Co for the purpose of auditing compliance with Project Co's health and safety obligations.

Index means each index set out in the Indexes Schedule.

Indexed means the relevant amount is to be indexed in accordance with the Indexes Schedule.

Indexes Schedule means Schedule 22.

Indirect or Consequential Loss means any:

- 1 loss of opportunity, profit, anticipated profit, business, business opportunities, revenue or any failure to realise anticipated savings;
- 2 penalties payable by the State or any of its Associates under agreements other than this Agreement; or
- 3 penalties payable by Project Co or any of its Associates under agreements other than this Agreement.

Industrial Action means labour matters and industrial relations matters affecting the Site, the Project Activities or the Relevant Infrastructure, including:

- 1 a strike, lockout, demarcation, ban, limitation on work, industrial dispute or any other action that meets the definition of industrial action in section 19 of the *Fair Work Act 2009* (Cth);
- 2 any claim relating to labour or industrial arrangements applicable to any Associate of Project Co; and
- 3 any besetting or obstruction of the Site.

| | |
|---|---|
| Industrial Relations Laws | means all workplace, employment or industrial relations related Laws, as amended from time to time. |
| Industrial Special Risks Insurance | means the Insurance policy set out in Part C, section (a) of the Insurance Schedule. |
| Industrial Waste | means any waste arising from commercial, industrial or trade activities and any waste containing substances or materials which are potentially harmful to human beings, any property or the Environment. |
| Information Privacy Principles | means the Information Privacy Principles set out in the <i>Information Privacy Act 2000</i> (Vic) or the <i>Privacy and Data Protection Act 2014</i> (Vic) (as in force from time to time). |
| Initial Commercial Opportunity Tenant | means a Commercial Opportunities Tenant in respect of an Initial Permitted Commercial Opportunity. |
| Initial Contaminated Groundwater Methodology | means Exhibit 9, and includes the measures comprising the CUB Plume Mitigation System as at the date of Contract Close. |
| Initial Permitted Commercial Opportunities | <p>means:</p> <ol style="list-style-type: none">1 the conduct of advertising:<ol style="list-style-type: none">a in accordance with the Advertising Principles; andb in the locations shown as being locations for 'Advertising' in the 'signage placement plan' for the relevant Station in the Technical Solution (or locations reasonably consistent with those set out in the signage placement plan provided that the number of locations remains the same); and2 a commercial purpose which:<ol style="list-style-type: none">a is entered into with a Commercial Opportunities Tenant of comparable quality (including in respect of fit-out) to the relevant 'Example Commercial Opportunities Tenants'; andb where the 'Location' or the proportion of the 'Plan Area' allocated to that 'Example of Initial Permitted Commercial Opportunities Purpose' is as set out in the Commercial Opportunities Schedule or is changed from that set out in the Commercial Opportunities Schedule but in each case the 'Location' remains within the relevant Station, <p>as described in the Commercial Opportunities Schedule.</p> |
| Initial State D&C Phase Insurances | the form of the State D&C Phase Insurances contained in the Insurance Schedule, as amended from time to time with the consent of the State and Project Co. |

Insolvency Event

means the occurrence of any of the following events:

- 1 subject to paragraph 2 in the case of a trust, in relation to an Entity:
 - a **(liquidator, administrator or receiver appointed)**: a liquidator, administrator, trustee in bankruptcy, receiver or receiver and manager or similar officer is appointed in respect of the Entity or any asset of the Entity;
 - b **(distress or execution)**: a distress, attachment or other execution is levied or enforced upon or against any assets of the Entity and in the case of a writ of execution or other order or process requiring payment, it is not withdrawn or dismissed within 10 Business Days;
 - c **(winding up)**: an order is made for the administration, dissolution or winding up of the Entity, or an application to the courts is made (and is not stayed or dismissed within 20 Business Days after being made) or a resolution is passed for the administration, dissolution or winding up of the Entity other than for the purposes of a Solvent reconstruction or amalgamation on terms approved by the State Representative;
 - d **(cessation of business)**: the Entity ceases, or threatens to cease, to carry on its business or payment of its debts generally, other than for the purposes of a Solvent reconstruction or amalgamation on terms approved by the State Representative;
 - e **(arrangement or compensation)**: the Entity enters, or resolves to enter into any scheme of arrangement or composition with its creditors generally, or any class of its creditors, other than for the purposes of a Solvent reconstruction or amalgamation on terms approved by the State Representative;
 - f **(inspector)**: an inspector is appointed under any companies legislation to investigate all or any part of the affairs of the Entity in relation to a possible contravention by the Entity of that legislation and the appointment:
 - i is not withdrawn within 10 Business Days; and
 - ii in the reasonable opinion of the State Representative, may have a material adverse effect;
 - g **(insolvency)**: the Entity is unable to pay its debts when they fall due, or is deemed unable to pay its debts under any applicable Law (other than as a result of a failure to pay a debt or claim which is the subject of a good faith dispute); or
 - h **(deregistration)**: for a registered corporation under the Corporations Act, a step taken under section 601AA, 601AB or 601AC of the Corporations Act to cancel its registration; and
 - 2 in relation to a trust:
 - a **(application to court)**: an application or order is sought or made (and is not stayed or dismissed within 20 Business Days after being sought or made) in any court for the property of the trust to be brought into court or administered by the court or brought under its control; or
 - b **(assets insufficient)**: the assets of the trust are not
-

sufficient to satisfy the trustee's debts as and when they become due and payable in respect of which it has a right to be indemnified out of the assets of the trust.

| | |
|---|--|
| Installation Subcontract | means a Subcontract for the installation of equipment designed, constructed, procured, or supplied by: <ol style="list-style-type: none">1 the Rail Systems Alliance;2 the Rail Infrastructure Alliance; or3 VicTrack, and includes an Installation Subcontract (PSD). |
| Installation Subcontract (PSD) | means a Subcontract for the installation of the Platform Screen Doors. |
| Installation Subcontractor (PSD) | means the entity selected as part of the tender process being conducted by the Rail Systems Alliance in consultation with Project Co for the Installation Subcontract (PSD). |
| Insurance Claims Protocol | means the document titled 'Metro Tunnel Project - Third Party Claims Protocol' between Project Co and VMIA dated on or about the date of this Agreement, in the form of Schedule 39 as amended from time to time. |
| Insurance Proceeds Account | means the account established and maintained in accordance with clause 43.12. |
| Insurance Schedule | means Schedule 11. |
| Insurances | means the insurances required to be effected and maintained in accordance with this Agreement. |
| Insured | means any person entitled to coverage under any of the Insurances as referred to in the Insurance Schedule. |
| Intellectual Property Rights | includes any and all intellectual and industrial property rights throughout the world, whether subsisting now or in the future, including rights of any kind in: <ol style="list-style-type: none">1 inventions, discoveries and novel designs, whether or not registered or registrable as patents, innovation patents or designs, including developments or improvements of equipment, technology, processes, methods or techniques;2 literary works, dramatic works, musical works, artistic works, cinematograph films, television broadcasts, sound broadcasts, |

published editions of works and any other subject matter in which copyright (including future copyright and rights in the nature of or analogous to copyright) may, or may upon creation of the subject matter, subsist anywhere in the world;

- 3 registered and unregistered trade marks and service marks, including goodwill in the business concerned in the relevant goods and/or services;
- 4 trade, business or company names;
- 5 internet domain names; and
- 6 proprietary rights under the *Circuit Layouts Act 1989* (Cth), whether created or in existence before or after Contract Close.

Intellectual Property Schedule

means Schedule 12.

Interest Period

has the meaning given to it in the Facility Agreement or any corresponding period under any agreement that replaces the Facility Agreement upon any Refinancing.

Interest Rate Cap Option

[not disclosed]

Interest Rate Cap Option Gain

[not disclosed]

Interest Rate On-Swap

means the interest rate swap between Finance Co and Project Co.

Interface Definition Sheets

means the Interface Definition Sheets set out in Appendix A3 of Part A of the PS&TR which include all Interface Steps (but not the dates by which such Interface Steps must be performed).

Interface Party or Interface Parties

has the meaning given in clause 13.9(a).

Interface Quality Event

means:

- 1 where any part of the Metro Tunnel Interface Works or the Design Interface Works are not Fit For Purpose (which, notwithstanding paragraphs 6 and 7 of the definition of Fit For Purpose, will be determined by reference to the purposes, functions, uses and requirements which are current and apply at the time of completing or integrating the relevant Metro Tunnel Interface Works or the Design Interface Works with the Works); or
 - 2 where the design of any part of the Design Interface Works is
-

not compatible with the IFC Design Documentation.

Interface Step means an activity, deliverable or milestone associated with interfacing works set out in the Interface Definition Sheets but excluding the Critical Interface Milestones.

Interface Step Date means in respect of an Interface Step, the date:

- 1 agreed between Project Co and the Rail Systems Alliance or the State (as relevant) pursuant to clause 12.5(b); or
- 2 determined by the Independent Reviewer pursuant to clause 12.5(c),

as varied in accordance with this Agreement.

Intervening Event means each of the following events that occur during the period from Provisional Acceptance to the Expiry Date:

- 1 a Compensable Intervening Event;
- 2 where Project Co is unable to respond to or rectify a Failure Event due to a specific instruction given by the Train Franchisee pursuant to:
 - a clause 10.1 or 14.1 of the Train Franchisee Cooperation Agreement; or
 - b section 2.2.2(a)(iii) or parts AM07-AM10 or AM 12 of section 4.3 of the Services Specification,which:
 - c is not given in accordance with the Operations and Maintenance Protocol to the extent the Operations and Maintenance Protocol sets out requirements in respect of instructions given by the Franchisee pursuant to the provisions referred to in paragraphs a and b; and
 - d as an inevitable consequence delays the response or rectification;
- 3 an instruction to suspend the Services by the State under clause 16.7(a), to the extent the circumstances leading to the suspension were a Force Majeure Event and that Force Majeure Event or its effects are subsisting;
- 4 the exercise by the State of its rights under clause 41.1 as a consequence of any Step-In Events under clause 41.1(a)(5) or clause 41.1(a)(6), to the extent the relevant Step-In Event was not the result of any act or omission of Project Co or any of its Associates (other than any act or omission undertaken in accordance with the Project Documents or undertaken lawfully in connection with the performance of the Services);
- 5 a Force Majeure Event; and
- 6 during the FAW Phase, an event which would have been an Extension Event if it had occurred prior to the Date of Provisional Acceptance.

| | |
|-------------------------------------|--|
| Investigative Authority | means any Authority having a statutory right to investigate the Project Activities or the Project. |
| JCC Modification | means a Modification as a result of a decision of the Joint Coordination Committee, a JCC Subcommittee or the JCC Systems Integration Team pursuant to the Framework Coordination and Interface Principles. |
| JCC Subcommittee | has the meaning given to 'Subcommittee' in the Framework Coordination and Interface Principles. |
| JCC Systems Integration Team | has the meaning given to 'SIT' in the Framework Coordination and Interface Principles. |
| Joint Coordination Committee | means the 'joint coordination committee' established pursuant to the Framework Coordination and Interface Principles. |
| Key Approval | means each of the following Approvals procured by the State in relation to the Project: <ol style="list-style-type: none">1 the Environmental Management Framework;2 the EPBC Particular Manner Decision;3 the Planning Scheme Amendment No 1;4 on and from the Planning Scheme Amendment No 2 Date, Planning Scheme Amendment No 2; and5 the Cultural Heritage Management Plan. |
| Key Approval Event | means: <ol style="list-style-type: none">1 legal action being taken in connection with a Key Approval;2 any review or revocation of, alteration, amendment, variation, or change to, a Key Approval; or3 any review or revocation of, alteration, amendment, variation, or change to, an Approval (other than a Key Approval) consequent on the circumstances specified in paragraph 1 or paragraph 2, but does not include legal action being taken, or any review or revocation of, or change to:<ol style="list-style-type: none">4 a Key Approval for any breach or alleged breach (which is later established to be a breach) of a Key Approval by Project Co or any of its Associates;5 any further or secondary Approval that relates to or forms part of a Key Approval (other than as contemplated in paragraph 3) or any amendment to a Key Approval of a type referred to in clause 8.2(d);6 a Key Approval or any further or secondary Approval due to:<ol style="list-style-type: none">a any act or omission of Project Co or any of its Associates, |

| | |
|---|---|
| | <p>including a change to the design or delivery methodology in relation to the Project or the Relevant Infrastructure; or</p> <p>b a failure by Project Co or any of its Associates to comply with any Approval or Law; or</p> <p>7 the Incorporated Document, or Planning Scheme Amendment No1, to reflect Planning Scheme Amendment No 2.</p> |
| Key D&C Phase Insurances | has the meaning given in clause 43.21. |
| Key Milestone Program | has the meaning given to that term in the Framework Coordination and Interface Principles. |
| Key People | means the people specified in item 8 of the Contract Particulars as replaced (if at all) in accordance with clause 13.1(d). |
| Key Subcontract | means each of: <ol style="list-style-type: none">1 the D&C Subcontract;2 the Maintenance Subcontract; and3 any Subcontract in respect of the Project Activities as specified in item 9 of the Contract Particulars, as replaced in accordance with clause 13.1(d). |
| Key Subcontractor | means each of: <ol style="list-style-type: none">1 the D&C Subcontractor;2 the Maintenance Subcontractor; and3 any Subcontractor who is engaged to perform the Project Activities as specified in item 10 of the Contract Particulars, as replaced in accordance with clause 13.1(d). |
| Key Subcontractor Interface Deed | means the document entitled 'Key Subcontractor Interface Deed' between Project Co, the D&C Subcontractor and the Maintenance Subcontractor entered into on or about the date of this Agreement. |
| Land Arrangements | means any easements, restrictions on use, contracts, deeds, covenants, agreements (including building or strata management statements) and other arrangements entered into by the State or its Associates for the purpose of granting the Maintenance Licence. |
| Land Availability Date | means in respect of a parcel of land referred to in the Land Availability Plans (as relevant): |

- 1 the Temporary Land Availability Date; or
 - 2 the Permanent Land Availability Date.
-

Land Availability Plans means the land availability plans set out in Part (d) of the Property Schedule, as amended from time to time in accordance with clause 6.3.

Last DLP means the date of the expiry of the last Defects Liability Period.

Law means:

- 1 those principles of common law and equity established by decisions of courts;
- 2 all other statutes, regulations, by laws, ordinances and subordinate legislation of the Commonwealth, the State or an Authority; and
- 3 Approvals (including any conditions or requirements under them).

Level Crossing Removal Project means the State project for the removal of 50 dangerous and congested level crossings across Melbourne.

Liability means any debt, obligation, claim, action, cost, (including legal costs, deductibles or increased premiums), expense, loss (whether direct or indirect), damage, compensation, charge or liability of any kind (including fines or penalties), whether it is:

- 1 actual, prospective or contingent; or
- 2 currently ascertainable or not,

and whether under this Agreement, any other Project Document, the Advanced Works Deed, or arising at Law.

Licence Fee means the Licence Fee (as defined in the Maintenance Licence).

Licence Fee Payment Schedule means the Licence Fee Payment Schedule (as defined in the Maintenance Licence).

Licensed Construction Area Plan has the meaning given in the Construction Licence.

Licensed Construction Areas means that part of the subdivided stratum (which may be limited in height and depth) which is:

- 1 included in the Land Availability Plans; and
- 2 identified in the Licensed Construction Area Plan as amended

from time to time in accordance with a Construction Licence.

Licensed Maintenance Areas means those areas:

- 1 within the Licensed Construction Areas; and
- 2 to which Project Co requires access in order to perform the Services,

which from the Date of Final Acceptance will be areas identified in the Access Plan.

LIDP means the Local Industry Development Plan set out in the VIPP Schedule.

LIDP Monitoring Table means the table included in the VIPP Schedule.

Liquidated Damages means, in respect of each Critical Interface Milestone (PPP Responsible), [not disclosed] per day.

Liquidated Damages Cap means, [not disclosed].

Local Content (ANZ) means the cost of goods and services sourced from within Australia or New Zealand, excluding the cost of any imported components. For the purposes of this definition, items imported into New Zealand and used for, or incorporated into, goods and services sourced from New Zealand, will be deemed to be imported components.

Local Content Requirement means the requirement to utilise Local Content (ANZ) for the carrying out of the D&C Activities so that the aggregate of Local Content (ANZ) to all goods and services utilised in the D&C Activities is [not disclosed].

Lost Commercial Opportunities Revenue has the meaning given in the Change Compensation Principles.

LUAA means a land use activity agreement entered into in accordance with the TOS Act.

Maintained Assets means each of:

- 1 the Tunnel;
- 2 the Stations;
- 3 on and from the relevant Rail Infrastructure Alliance Handover

- Date, the Maintained Rail Infrastructure Alliance Assets; and
- 4 all structures, buildings, plant, machinery, equipment, fixtures, furniture, fittings, landscaping, spare parts and other improvements on or in the Licensed Maintenance Areas:
 - a existing at the Date of Final Acceptance; or
 - b completed by Project Co under this Agreement after the Date of Final Acceptance,

to be called 'Metro Tunnel' or such other name as agreed by the State but excluding:

- 5 Temporary Works;
- 6 Returned Works;
- 7 Ticketing Works;
- 8 Commercial Opportunities Works; and
- 9 Metro Tunnel Interface Works (other than the Maintained Rail Infrastructure Alliance Assets on and from the relevant Rail Infrastructure Alliance Handover Date).

Maintained Rail Infrastructure Alliance Assets

means all permanent works associated with the cut and cover tunnels delivered by the Rail Infrastructure Alliance.

Maintenance Areas

means:

- 1 the Licensed Maintenance Areas;
 - 2 the Commercial Opportunities Leased Areas; and
 - 3 the Non-Licensed Maintenance Areas.
-

Maintenance Direct Deed

means the document entitled 'Maintenance Direct Deed - Metro Tunnel' between the State, Project Co, the Maintenance Subcontractor and the Parent Guarantor in respect of the Maintenance Subcontractor.

Maintenance Licence

means any licence granted in accordance with clause 6.9 in connection with any of the Maintained Assets, in the form set out in Part (c) of the Property Schedule.

Maintenance Manuals

means each of:

- 1 the Asset Management Manual; and
 - 2 the O&M Manual.
-

Maintenance Phase

means the period commencing on the Date of Final Acceptance and ending on the Expiry Date.

Maintenance Phase Documentation means:

- 1 the Maintenance Manuals;
- 2 the Forecast Maintenance and Refurbishment Program;
- 3 each 'Maintenance Management Plan' described in the Services Specification, including the Asset Management Plan; and
- 4 the Asset Register,

as reviewed, amended and updated in accordance with the Review Procedures and otherwise in accordance with this Agreement.

Maintenance Phase Insurance (Public and Products Liability) means the Insurance policy set out in Part C, section (b) of the Insurance Schedule.

Maintenance Phase Insurances means:

- 1 the State Maintenance Phase Insurances; and
- 2 the Project Co Maintenance Phase Insurances.

Maintenance Phase OSD/PPP Principles [not disclosed]

Maintenance Phase Utility Agreement has the meaning given to that term in clause 16.5(a)(3).

Maintenance Service Failure means, during the Maintenance Phase, the occurrence of any of the following events:

- 1 a System Failure Event;
- 2 a Failure Event;
- 3 a Reliability Adjustment; or
- 4 a Quality Failure,

except to the extent that:

- 5 the failure is a direct and intended consequence of the carrying out of any planned maintenance or refurbishment of the Maintained Assets as set out in the Asset Management Plan provided that if the failure lasts for more than the planned duration of the planned maintenance or refurbishment, a Maintenance Service Failure will be deemed to have occurred at the end of the planned period for planned maintenance or refurbishment; or
- 6 the failure is a consequence of the proper and timely implementation of a Modification or Minor Modification during the Maintenance Phase and is contemplated in the relevant Change Notice or agreed Minor Modification Proposal.

| | |
|--|---|
| Maintenance Service Failure Abatement | means: <ol style="list-style-type: none">1 a System Failure Event Abatement;2 a Failure Event Abatement;3 a Reliability Adjustment Abatement; or4 a Quality Failure Abatement. |
|--|---|

| | |
|-----------------------------|--|
| Maintenance Services | means all things and tasks which Project Co is required to carry out during the Maintenance Phase to discharge its maintenance and repair obligations in accordance with the State Project Documents and the Services Specification, including the maintenance and repair of the Maintained Assets but excluding the removal of graffiti from the portal, decline structures and other physical assets located in immediate proximity to the portal and forming part of the Maintained Assets. |
|-----------------------------|--|

| | |
|-------------------------|---|
| Maintenance Site | means: <ol style="list-style-type: none">1 the Maintenance Areas; and2 all other areas upon which the Project Activities are being carried out or materials are being prepared or stored during the Maintenance Phase. |
|-------------------------|---|

| | |
|--------------------------------|---|
| Maintenance Subcontract | means the agreement between Project Co and the Maintenance Subcontractor to carry out the Maintenance Services and any other contract between Project Co and a Subcontractor to perform the Maintenance Services. |
|--------------------------------|---|

| | |
|----------------------------------|--|
| Maintenance Subcontractor | means as at Contract Close the party specified in item 11 of the Contract Particulars and any person who, in addition or substitution, is engaged by Project Co to carry out all, or substantially all, of the Maintenance Services. |
|----------------------------------|--|

| | |
|----------------------|--|
| Major Default | means any of the following events: <ol style="list-style-type: none">1 (Service Failure): there are Service Failures and, under the Abatement Regime (whether or not Project Co has actually been abated), Project Co has accumulated:<ol style="list-style-type: none">a Service Failure Abatements:<ol style="list-style-type: none">i of greater than [not disclosed] of the Quarterly Service Payments (prior to Abatement) in each of two Quarters in any three consecutive Quarters; orii of greater than [not disclosed] of the Quarterly Service Payments (prior to Abatement) in any Quarter;b [not disclosed] Quality Failure Points in any Quarter; orc [not disclosed] Quality Failure Points or more in aggregate over any three consecutive Quarters. <p>provided that, if any Major Default occurs under this paragraph 1, then for the purposes of this paragraph 1 only, Project Co's</p> |
|----------------------|--|

- accumulated Service Failure Abatements and Quality Failure Points will be deemed to reset to zero from the date of the relevant Major Default Notice;
- 2 **(fraud)**: Project Co or any of its Associates engages in fraud, collusion or dishonest conduct in carrying out their obligations under the Project Documents or in relation to the Project;
 - 3 **(Independent Reviewer Notice)**: the Independent Reviewer notifies the State and Project Co:
 - a an Amended Remediation Plan does not satisfactorily address the requirements of clause 26.2(f) under clause 26.2(k)(1);
 - b that Project Co is not diligently pursuing a Remediation Plan or an Amended Remediation Plan under clause 26.2(k)(2); or
 - c that Project Co will not be able to achieve Provisional Acceptance by the date that is 24 months after the Date for Provisional Acceptance under clause 26.2(k)(3);
 - 4 **(failure to achieve Provisional Acceptance)**: Project Co fails to achieve Provisional Acceptance by the Date for Provisional Acceptance;
 - 5 not used;
 - 6 **(failure to achieve Critical Interface Milestone (PPP Responsible))**: Project Co fails to achieve a Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date and the failure is deemed to be a Major Default pursuant to clause 21.5(b);
 - 7 **(failure to provide Explanation or Remediation Plan)**: Project Co fails to provide an Explanation or Remediation Plan in accordance with clause 26.2(c) within 10 Business Days of receipt of the Independent Reviewer's notice under clause 26.2(b);
 - 8 **(failure to provide a Remediation Plan)**: Project Co fails to provide a Remediation Plan in accordance with clause 26.2(e) within 10 Business Days of receipt of the Independent Reviewer's notice under clause 26.2(d);
 - 9 **(failure to provide an Amended Remediation Plan)**: Project Co fails to provide an Amended Remediation Plan in accordance with clause 26.2(i) within 5 Business Days of receipt of the Independent Reviewer's notice;
 - 10 **(Finance Documents)**: any event that would restrict or cancel, or entitle a Financier to restrict or cancel, Project Co's or Finance Co's ability to obtain or to have available finance in accordance with the Finance Documents;
 - 11 **(default not cured)**: any breach of any State Project Document by a Project Entity or any of its Associates (other than a Service Failure) which has not been cured within 20 Business Days of the State giving Project Co a notice which contains details of the breach;
 - 12 **(breaches of obligations)**: Project Co or any of its Associates breaches an obligation under:
 - a clause 9, 10, 13.1 to 13.6, 13.9 or 53 whether or not due to an act or omission by Project Co or any of its Associates;
-

- b clause 62.1(b)(2), in relation to a Probity Event; or
 - c clauses 33.4(b) or 34.4, in relation to a State Contribution;
- 13 (**Share Capital Dealing**): a Share Capital Dealing (which is not a Permitted Share Capital Dealing) occurs in respect of a Group Member (other than Project Co) without the consent of the State in accordance with clause 53.4;
- 14 (**insurance breach**): a material breach by Project Co of its obligations under with clauses 43.2, 43.3, 43.8 or 43.18;
- 15 (**Insolvency Event**): an Insolvency Event occurs in relation to a Consortium Member (excluding Project Co or a Group Member);
- 16 (**default by Project Entity**): a Project Entity defaults:
- a in a material respect; or
 - b in a persistent or repeated fashion,
- in the due observance and performance of:
- c subject to paragraph d, any of its obligations under this Agreement (other than an obligation referred to in paragraphs 1-15 or paragraph 18 of this definition, or an obligation to which the Abatement Regime applies), or any other Project Document; or
 - d any of its obligations under any Finance Document or Equity Document to the extent such default constitutes an event of default under the relevant Finance Document or Equity Document (provided that such default is in relation to a material obligation and has not been waived or is not in the process of being remedied or otherwise overcome in accordance with the applicable regime contemplated by the Finance Document or Equity Document);
- 17 (**material breach by Project Co's Associates**): any breach by any of Project Co's Associates of a Project Document (other than this Agreement, a Finance Document or an Equity Document) which has a material adverse effect on Project Co's ability to deliver the Project; or
- 18 (**Refinancing**): a failure by Project Co to inform the State of, or obtain the prior consent of the State to, (as the case may be) of a Refinancing or to distribute the State Share of Refinancing Gain in accordance with clause 40.

Major Default Notice has the meaning given in clause 44.2(b).

Major Default Service Failure means an event described in paragraph 1 of the definition of Major Default.

Major Projects Skills Guarantee means the Victorian Government policy applicable from 1 January 2016 titled 'Major Projects Skills Guarantee' which requires that a minimum of 10% of the total labour hours for the Works be performed by Apprentices, Trainees and Engineering Cadets.

| | |
|---|---|
| Major Projects Skills Guarantee Compliance Plan or Compliance Plan | means the plan set out in Exhibit 7. |
| Major Projects Skills Guarantee Final Report | has the meaning given in clause 61.2. |
| Major Projects Skills Guarantee Performance Report | has the meaning given in clause 61.2. |
| Management Plans | means, each management plan and sub-plan required to be prepared and updated by Project Co in accordance with the Project Management Requirements. |
| Management Services Agreement | means the agreement of that name between Finance Co, Project Co and Capella Management Services Pty Limited ABN 80 127 727 842 dated on or about the date of this Agreement. |
| Marine Transit (TBM) (Delay in Start Up) Insurance | means the Insurance policy set out in Part A, section (e) of the Insurance Schedule. |
| Marine Transit (TBM) Insurance | means the Insurance policy set out in Part A, section (d) of the Insurance Schedule. |
| Material Subcontract | means any: <ol style="list-style-type: none">1 Subcontract for all or part of the D&C Activities or the Final Acceptance Works:<ol style="list-style-type: none">a the value of the works under which exceeds [not disclosed]; orb which, when aggregated with the value of the works under each other Subcontract for the D&C Activities or the Final Acceptance Works previously entered into by the same Subcontractor (other than the D&C Subcontract under the preceding sub-paragraph), will result in the total value of those contracts exceeding [not disclosed];2 Subcontract for all or part of the Maintenance Services:<ol style="list-style-type: none">a the annual value of which exceeds [not disclosed] (Indexed); orb which, when aggregated with the annual value of each other Subcontract for Maintenance Services previously entered into by the same Subcontractor (other than the Maintenance Subcontract in accordance with the preceding sub-paragraph), will result in the total annual value of those |

contracts exceeding [not disclosed] (Indexed);

- 3 Installation Subcontract; or
- 4 Subcontract for the provision of architectural design services, whether or not Project Co is a party.

Material Subcontractor means:

- 1 as at Contract Close, the Subcontractors who are engaged by a Key Subcontractor under a Material Subcontract; and
- 2 all persons who, in addition or substitution, are engaged by a Key Subcontractor to carry out work under a Material Subcontract,

and **Material Subcontractor** means each of them.

Meanwhile Metro Scope means the preliminary scope for Temporary Works comprising creative strategies, activities and artwork to be delivered during the D&C Phase, indicatively described in Schedule 37 and agreed by the parties in accordance with clause 61C.1:

- 1 including consultants and external advisory fees; and
- 2 excluding Project Co and D&C Subcontractor resources involved in the process for determining those Temporary Works.

Melbourne Market Site has the meaning given in clause 6.3A(a).

Metro Tunnel means the twin nine-kilometre rail tunnels from Kensington to South Yarra and five underground Stations, as part of the new Sunbury to Cranbourne / Pakenham line including all enabling and complementary works or services associated with them.

Metro Tunnel Interface Works means the works to be performed by a Metro Tunnel Package Contractor, pursuant to a Delivery Agreement including:

- 1 the Rail Systems Alliance Works; and
- 2 the Rail Infrastructure Alliance Works.

Metro Tunnel Package Contractor has the meaning given to 'Package Contractor' in the Framework Coordination and Interface Principles but excludes:

- 1 Project Co; and
- 2 the Early Works Managing Contractor in respect of the PPP Interface Works.

Minor Defect means a Defect:

- 1 which will not prevent those Works or those Metro Tunnel

Interface Works being Fit For Purpose:

- a in relation to the Works (other than the Returned Works and the Foundation Works) and the Metro Tunnel Interface Works, at the Date of Provisional Acceptance;
 - b in relation to the Returned Works, at the relevant Date of Handback; and
 - c in relation to the Foundation Works, at CBD South OSD Acceptance or CBD North OSD Acceptance (as relevant);
- 2 which the Independent Reviewer determines Project Co or the relevant Metro Tunnel Package Contractor has reasonable grounds for not promptly rectifying; and
- 3 the existence and making good of which will not inconvenience or adversely affect:
- a in relation to any Works (other than the Returned Works and the Foundation Works) or any Metro Tunnel Interface Works the State, the Train Franchisee Interface Party, a relevant Utility Infrastructure owner or operator, or a Metro Tunnel Package Contractor;
 - b in relation to any Returned Works, the relevant Returned Asset Owner; and
 - c in relation to any Foundation Works, the CBD South OSD Developer or CBD North OSD Developer (as relevant),
- having regard to the obligation that the Works and the Metro Tunnel Interface Works be Fit For Purpose in accordance with paragraph 1.

Minor Modification

means a Modification:

- 1 in respect of which:
 - a Project Co would not be entitled to an extension of time to a Critical Interface Milestone Date, a Progress Milestone Date or the Date for Provisional Acceptance if it occurs prior to Provisional Acceptance;
 - b Project Co or its Associates will not incur, in the aggregate, more than [not disclosed] (Indexed); and
 - c the warranty in clause 5.2 could not reasonably be expected to be impacted; or
- 2 which the parties agree is a Minor Modification.

Minor Modification Proposal

means a proposal for the implementation of one or more Minor Modifications in the form, and containing the information, agreed by the parties.

MM Strategy

has the meaning given to that term in clause 61C.1(b).

MMRA

means the Melbourne Metro Rail Authority established as an administrative office of the Department of Economic Development,

Jobs, Transport and Resources.

| | |
|------------------------------|---|
| Model Output Schedule | means the work sheets in the Financial Close Financial Model identified as the Model Output Schedule, a printout of which is signed or initialled by the State Representative and Project Co (amongst others) on or before Financial Close. |
|------------------------------|---|

| | |
|------------------------------|---------------------------------------|
| Model Variation Event | has the meaning given in clause 54.3. |
|------------------------------|---------------------------------------|

| | |
|---------------------|---|
| Modification | <p>1 means any change to:</p> <ul style="list-style-type: none"> a the Relevant Infrastructure; or b the Project Activities, <p>including any addition, increase, decrease, omission, deletion, demolition or removal to or from the Relevant Infrastructure, or the Project Activities or any change to or from them.</p> <p>2 in respect of each Station, any change to:</p> <ul style="list-style-type: none"> a a location shown as being a location for 'Advertising' in the 'signage placement plan' in the Technical Solution for each advertising format; or b the retail area as shown in the Technical Solution, <p>and, in each case:</p> <ul style="list-style-type: none"> c the impact of the change cannot be avoided by the allocation of an equivalent "location" or "area"; d the change is not as a result of normal design development including in in relation to spatial planning, engineering services design development, structural design development or passenger circulation and queuing; e without limiting d above, the change is not necessarily or strictly required in order to meet the requirements of this Agreement (including the PS&TR); f Project Co has notified the State prior to incorporating the change into the design, and the State has directed Project Co to proceed to incorporate the change; and g the change will have a material adverse impact on Project Co's ability to derive revenue from the relevant Permitted Commercial Opportunity in accordance with the forecast set out in the Financial Model. |
|---------------------|---|

| | |
|------------------------------|---|
| Modification Estimate | has the meaning given in clause 38.3(b)(1). |
|------------------------------|---|

| | |
|---------------------------|---|
| Modification Order | means a direction issued by the State under clause 38.1 which requires Project Co to proceed with a Modification. |
|---------------------------|---|

| | |
|------------------------------|--|
| Modification Proposal | has the meaning given in clause 38.6(a). |
|------------------------------|--|

Modification Quote means the quote prepared by Project Co in accordance with clause 38.3(b).

Modification Request has the meaning given in clause 38.2.

Month means a calendar month, and 'Monthly' has a corresponding meaning.

Monthly D&C Phase Progress Report means the Monthly progress report to be provided by Project Co during the D&C Phase in accordance with section 1.4 of Part C of the PS&TR.

Monthly FAW Performance Report has the meaning given in the Final Acceptance Schedule.

Monthly Maintenance Schedule has the meaning given to that term in the Services Specification.

Monthly Performance Report means:

- 1 during the FAW Phase, the Monthly FAW Performance Report; and
- 2 during the Maintenance Phase, has the meaning given in the Services Specification.

Motor Vehicle Insurance means the Insurance policies for motor vehicles:

- 1 in respect of the D&C Phase, set out in Part B, section (g); and
- 2 in respect of the Maintenance Phase, set out in Part D, section (c),

of the Insurance Schedule.

National Police Certificate means a certificate issued by Victoria Police or such other organisation from time to time authorised to issue such certificates containing details of a person's criminal history.

Native Title Claim means any claim or application under any Law or future Law relating to native title, including any application under section 61 of the *Native Title Act 1993* (Cth).

New WHS Regulations means any work health and safety regulations replacing or amending the *Occupational Health and Safety Regulations 2007* (Vic) in line with the model Work Health and Safety Regulations as endorsed by the Workplace Relations Ministerial Council (Cth) in

December 2009.

| | |
|---------------------------------------|--|
| Non-Licensed Construction Area | means any land on which the Works are required to be undertaken and which is not a Licensed Construction Area. |
|---------------------------------------|--|

| | |
|---------------------------------------|---|
| Non-Licensed Maintenance Areas | means any land on which the Maintenance Services are required to be performed and which is not a Commercial Opportunities Leased Area or a Licensed Maintenance Area. |
|---------------------------------------|---|

| | |
|---------------------|--|
| Notional GST | means where, in relation to the Intergovernmental Agreement on the Reform of <i>Commonwealth-State Financial Relations and the National Taxation Reform (Consequential Provisions) Act 2000</i> (Vic) (NTR Act) or a direction given under section 6 of the NTR Act, the supplier is obliged to make voluntary or notional GST payments, in which case Notional GST those voluntary or notional payments. For the avoidance of doubt, Notional GST amounts will be calculated as if the GST Act applies to the relevant supplies. |
|---------------------|--|

| | |
|---------------|--|
| Number | has the meaning given in the Train Franchisee Cooperation Agreement. |
|---------------|--|

| | |
|-----------------------------|--|
| Number of Days Early | has the meaning given in clause 26.11(a)(1). |
|-----------------------------|--|

| | |
|---------------------------|--|
| Number of EOT Days | has the meaning given in clause 26.11(a)(2). |
|---------------------------|--|

| | |
|-----------------------|---|
| O&M Manual | has the meaning given to that term in the Services Specification. |
|-----------------------|---|

| | |
|---------------------|--|
| Obsolescence | <p>occurs if:</p> <ol style="list-style-type: none">1 any:<ol style="list-style-type: none">h spare or component part of the Relevant Infrastructure:<ol style="list-style-type: none">i is no longer manufactured by its original manufacturer; orii is no longer generally available; ori consumable required to support the maintenance, repair or overhaul of any spare or component part of the Relevant Infrastructure is no longer generally available, and the lack of availability of the relevant spare, component or consumable cannot be managed through holding additional spares, components or consumables for the remaining Design Life of the Relevant Infrastructure; or2 any software required to use, operate or maintain the Relevant Infrastructure, is no longer supported by its supplier, and Obsolete has an equivalent meaning. |
|---------------------|--|

| | |
|---|--|
| Occupancy Permit | means an occupancy permit issued in respect of a part of the Commercial Opportunities Leased Area for the purposes of the <i>Building Act 1993</i> (Vic) (or if occupancy permits are no longer issued, such other certificates required by Law as may serve a similar purpose). |
| OHS Accreditation Scheme | means the Australian Government Building and Construction OHS Accreditation Scheme established by the <i>Fair Work (Building Industry) Act 2012</i> (Cth). |
| OHS Legislation | means all safety related Laws relevant and applicable to any part of the Project Activities and includes the <i>Occupational Health and Safety Act 2004</i> (Vic), the <i>Electricity Safety Act 1998</i> (Vic), the Rail Safety National Law, the Tram Safety Act, the <i>Heavy Vehicle National Law Application Act 2013</i> (Vic) and associated regulations. |
| OHS Regulations | means the <i>Occupational Health and Safety Regulations 2017</i> (Vic). |
| Omitted Works | has the meaning given in clause 38.5(a). |
| On-Loan Agreement | means the loan agreement between Project Co and Finance Co dated on or about the date of this Agreement. |
| Operational Access Plan | has the meaning given in clause 6.6(a). |
| Operations and Maintenance Protocol | has the meaning given in the Train Franchisee Cooperation Agreement. |
| Original Date for Final Acceptance | means the date that is 12 Months after the Original Date for Provisional Acceptance. |
| Original Date for Provisional Acceptance | means the date for Provisional Acceptance as set out in item 4 of the Contract Particulars. |
| OSD Entity | means: <ol style="list-style-type: none">1 in respect of CBD North, the owner of the relevant completed Oversight Development Works; and2 in respect of CBD South, the 'Tenant', being the lessee under the 'Commercial Lease' to be granted by the State in accordance with the relevant Commercial Development Agreement. |

Other GRIP Insured means, in respect of any State Procured Insurance that has been procured as part of the broader Government Rail Insurance Program, any person or entity that is entitled to cover under that State Procured Insurance, including the Train Franchisee (notwithstanding its inclusion as an Insured), other than an Insured in its capacity in connection with the Project.

Outstanding Matters Report has the meaning given in clause 32.3(b).

Overdue Rate means 2% per annum above the Bank Bill Rate.

Oversite Development Works means any works, services or activities required to be undertaken by:

- 1 the CBD North OSD Developer, in relation to the oversite development at the Station at CBD North; or
- 2 the CBD South OSD Developer, in relation to the oversite development at the Station at CBD South.

Ownership Schedule means Schedule 20.

Package Contractor has the meaning given to that term in the Framework Coordination and Interface Principles.

Parent Guarantee means the guarantee:

- 1 given by the Parent Guarantor of any D&C Subcontractor to Project Co in connection with the obligations of the relevant D&C Subcontractor to Project Co under a D&C Subcontract;
- 2 given by the Parent Guarantor of any Maintenance Subcontractor to Project Co in connection with the obligations of the relevant Maintenance Subcontractor to Project Co under a Maintenance Subcontract; and
- 3 given by the Parent Guarantor of any D&C Subcontractor to the State in connection with a guarantee referred to in paragraph 1.

Parent Guarantor means each person giving a Parent Guarantee, which as at Contract Close are the parties specified in item 12 of the Contract Particulars.

Parent Guarantor (D&C) means each person giving a Parent Guarantee in favour of Project Co, which as at Contract Close are the parties specified in item 12 of the Contract Particulars.

Park Street Tram means the works to be performed by Yarra Trams pursuant to the

| | |
|------------------------------------|--|
| Works | development plan titled 'Park Street Tram Stop' dated September 2017 which interface with Project Co's Agreed Occupation on St Kilda Road. |
| Partnership Deed | means the deed constituting the Cross Yarra Partnership dated 22 November 2017 between CY Partner 1, CY Partner 2, CY Partner 3 and CY Partner 4. |
| Payment Claim | means a payment claim submitted by Project Co in accordance with clause 35.4(a) in the form reasonably required by the State. |
| Payment Directions Deed | means the document so entitled between the State, Finance Co, Project Co and the Agent dated on or about the date of this Agreement. |
| Payment Schedule | means Schedule 3. |
| Payment Statement | has the meaning given in clause 35.4(b). |
| Performance Audit Notice | has the meaning given in clause 35.9(f)(2). |
| Performance Auditor | has the meaning given in clause 35.9(f)(3)(A). |
| Performance Bond | means a bond or bank guarantee which: <ol style="list-style-type: none">1 is unconditional, irrevocable and payable on demand;2 is issued by a financial institution that is the holder of a current licence issued by APRA and has the Required Rating; and3 specifies a location within Melbourne where demand is to be given and payment made, without further confirmation from the issuer, on any Business Day. |
| Performance Data | means the Monthly Performance Report, the Quarterly Performance Report and the source information, documentation and data required for, created, procured or prepared in accordance with: <ol style="list-style-type: none">1 during the FAW Phase, the Final Acceptance Schedule; and2 during the Maintenance Phase, the Performance Monitoring Plan. |
| Performance Monitoring Plan | has the meaning given to that term in the Services Specification. |

| | |
|---|---|
| Performance Report | means the Monthly Performance Report or the Quarterly Performance Report (as the case may be). |
| Performance Source Data | means all data and information from which the Performance Data is derived. |
| Permanent Land Availability Date | means in respect of a parcel of land referred to in the Land Availability Plans, the date specified as the 'Permanent Land Availability Date' for that parcel of land in the Land Availability Plans. |
| Permitted Commercial Opportunities | means: <ol style="list-style-type: none">1 the Initial Permitted Commercial Opportunities; and2 those commercial purposes which are consistent with the Commercial Opportunities Guiding Principles and which have been approved by the State Representative in writing (in its sole and absolute discretion). |
| Permitted Share Capital Dealing | means a Share Capital Dealing specified in the Permitted Share Capital Dealing Schedule. |
| Permitted Share Capital Dealing Schedule | means Schedule 21. |
| Planned Preventative Maintenance | has the meaning given in the Services Specification. |
| Planning Minister Office Delay | means: <ol style="list-style-type: none">1 MMRA agrees to a variation of the timing for submission of the draft Precinct Development Plans to the DPRC;2 the DPRC fails to comply with the timing requirements specified in the terms of reference establishing the DPRC (as updated); or3 the Minister for Planning takes more than one month to consider and approve a Precinct Development Plan. |
| Planning Scheme Amendment No 1 | means the amendment of the Planning Schemes by Planning Scheme Amendment GC45 which, amongst other things, incorporates the Incorporated Document. |
| Planning Scheme Amendment No 2 | means the amendment of Planning Scheme Amendment No 1 to provide for the additional land to be used for the Project as indicatively shown outside the red Project Area boundary in the |

Design Optimisation Land and PSA2 Schedule and adjusted in accordance with clause 6.3B.

Planning Scheme Amendment No 2 Date means [not disclosed].

Planning Schemes means each of:

- 1 the 'Melbourne Planning Scheme';
- 2 the 'Maribyrnong Planning Scheme';
- 3 the 'Port Phillip Planning Scheme'; and
- 4 the 'Stonnington Planning Scheme'.

Plant means all plant, machinery and equipment and other items (including fixtures and fittings) which:

- 1 is necessary to ensure the Relevant Infrastructure is Fit For Purpose;
- 2 is referred to in the PS&TR or Services Specification; or
- 3 without limiting 1 or 2, Project Co or any of its Subcontractors or any other person acting on their behalf installs, constructs or places on the Site and which is, or becomes part of the Relevant Infrastructure, or which is used exclusively for operating or maintaining the Relevant Infrastructure or performing the Services,

but excludes any Equipment or Temporary Equipment.

Platform Screen Doors has the meaning given to that term in the PS&TR.

Pollution includes any solid, liquid, gas, odour, heat, sound, vibration, radiation or substance present in any segment of the Environment (other than those naturally present in a given segment of the Environment) which alone or in combination makes or may make the Environment:

- 1 unsafe or unfit for habitation or occupation by persons or animals;
- 2 degraded in its capacity to support plant life;
- 3 contaminated; or
- 4 otherwise environmentally degraded.

Potential Base Track Occupations Schedule means the Potential Base Track Occupation Schedule set out in Schedule 41, as updated in accordance with clause 6.12(d).

Potential Track means those Track Occupations which are set out in the Potential Base Track Occupations Schedule which are not also set out in the

| | |
|---|---|
| Occupations | FCA (Train) Base Track Occupation Schedule. |
| PPP Interface Works | means the works performed, or to be performed, by the Early Works Managing Contractor which interface with the Works (as identified as 'PPP Interface Works' in the Early Works Managing Contractor Agreement). |
| PPP Interface Works Collateral Warranty Deed | means the agreement between the D&C Subcontractor and the Early Works Managing Contractor titled 'Melbourne Tunnel – Managing Contractor Agreement – Collateral Warranty Deed' to be entered into on or prior to completion of the PPP Interface Works. |
| PPP Interface Works Delay Event | <p>means where the works of the Early Works Managing Contractor (excluding any D&C Scope Change Works) are delayed as the result of:</p> <ol style="list-style-type: none"> 1 any of: <ol style="list-style-type: none"> a a 'Principal-caused Delay'; a a 'Neutral Adjustment Event'; or b a 'Variation' (excluding a 'Variation' arising out of a direction of the Delegate), <p>(each as defined in the Early Works Managing Contractor Agreement); or</p> 2 an Authority issues a clean-up notice (or equivalent) to the Early Works Managing Contractor, or a binding direction or notice to the Early Works Managing Contractor to stop work (or where the direction has the effect of stopping work) in respect of the construction of the CBD North Shaft as a consequence of: <ol style="list-style-type: none"> a the mobilisation of the CUB Contamination Plume; or b the discovery of Contamination within a shaft or a location proximate to a CBD North Shaft, <p>except to the extent such circumstances arise as a consequence of:</p> <ol style="list-style-type: none"> c the Delegate failing to perform its contractual or management duties; d the Early Works Managing Contractor or the D&C Subcontractor failing to comply with the Initial Ground Water Contamination Methodology; or e any failures in the operation of the CUB Plume Mitigation System arising out of its design. 3 the State unreasonably withholding or delaying its consent to the exercise by the Delegate of any delegated function of the 'Principal's Representative' (including directing a Variation) (each as defined in the Early Works Managing Contractor Agreement) in breach of the Delegation Agreement. |

| | |
|--|---|
| PPSA | means the <i>Personal Property Securities Act 2009</i> (Cth). |
| Pre-Agreed Modification | means each Pre-Agreed Modification set out in the Pre-Agreed Modifications Schedule. |
| Pre-Agreed Modification Cost | means in relation to a Pre-Agreed Modification (unless a Pre-Agreed Modification Saving is indicated), the cost set out in the Pre-Agreed Modifications Schedule. |
| Pre-Agreed Modification Election Date | means in relation to a Pre-Agreed Modification, the 'Pre-Agreed Modification Election Date' set out in the Pre-Agreed Modifications Schedule, as adjusted by the agreement of the parties. |
| Pre-Agreed Modification Request | means a request issued by the State to Project Co in accordance with clause 38.13(a). |
| Pre-Agreed Modification Saving | means in relation to a Pre-Agreed Modification (unless a Pre-Agreed Modification Cost is indicated), the saving set out in the Pre-Agreed Modifications Schedule. |
| Pre-Agreed Modifications Schedule | means Schedule 35. |
| Precinct Development Plan | [not disclosed] |
| Precinct Development Plan Approval Date | [not disclosed] |
| Principal Contractor | has the meaning given in the OHS Legislation, or if the New WHS Regulations supersede the OHS Regulations, the meaning given in the New WHS Regulations. |
| Priority Jobseekers | means persons designated, in accordance with the 'Jobs Victoria Employment Network Program Guidelines' dated May 2016, as falling within any of the following priority target groups: <ol style="list-style-type: none">1 long term unemployed;2 living with a disability;3 living with a mental illness;4 retrenched workers including workers retrenched from the automotive manufacturing and supply chain industry; |

- 5 Aboriginal Persons;
- 6 refugees or asylum seekers;
- 7 young people in out-of-home care;
- 8 young people who are disengaged from education, training and employment;
- 9 youth justice clients; or
- 10 ex-offenders.

Priority Jobseekers' Requirements means the requirement that at least 10% of the Project Co D&C Phase Workforce will be Priority Jobseekers undertaking D&C Activities in Victoria, calculated as an Annualised Employee Equivalent against the Project Co D&C Phase Workforce.

Privacy Code means a code of practice defined in, and approved under, the *Information Privacy Act 2000 (Vic)* or the *Privacy and Data Protection Act 2014 (Vic)* (as in force from time to time).

Privacy Principles means each of:

- 1 the Health Privacy Principles; and
- 2 the Information Privacy Principles.

Probity Event includes any event or thing which occurs before or after Contract Close and which:

- 1 has or may have a material adverse effect on, or on the perception of, the character, integrity or honesty of a Group Member, Consortium Member or a Relevant Person;
- 2 relates to a Group Member, Consortium Member or a Relevant Person and has or may have a material adverse effect on the public interest, or public confidence, in the Project; or
- 3 without limiting paragraphs 1 and 2, involves a material failure of a Group Member, Consortium Member or a Relevant Person to achieve or maintain:
 - a reasonable standards of ethical behaviour;
 - b the avoidance of conflicts of interest which will have a material adverse effect on the ability of the Group Member, Consortium Member or Relevant Person to carry out and observe its obligations in connection with the Project; or
 - c other standards of conduct that would otherwise be expected of a party involved in a State government project.

Probity Investigation means any probity or criminal investigations to report on the character, integrity or honesty of a person or Entity, including:

- 1 investigations into commercial structure, business and credit history, prior contract compliance or any criminal records or

pending charges; and

- 2 interviews of any person or research into any relevant activity that is or might reasonably be expected to be the subject of criminal or other regulatory investigation.

Professional Indemnity Insurance

means the Insurance policies for professional indemnity:

- 1 in respect of the D&C Phase, set out in Part B, section (e); and
- 2 in respect of the Maintenance Phase, set out in Part D, section (a),

of the Insurance Schedule.

Progress Milestone

[not disclosed]

Progress Milestone Date

[not disclosed]

Project

means the:

- 1 financing and undertaking of the Works;
- 2 financing and carrying out of the Project Activities;
- 3 Handback of the Returned Assets to the relevant Returned Asset Owner; and
- 4 Handover of the Maintained Assets to the State,

and the performance of all other obligations in accordance with or as contemplated by any Project Document or incidental thereto.

Project Activities

means all things that Project Co is, or may be, required to do to comply with its obligations under the State Project Documents, including the D&C Activities and the Services.

Project Area

means the project area designated by the Victorian Minister for Planning under the Relevant Legislation for Metro Tunnel, including any variations to that project area in accordance with the Relevant Legislation.

Project Assets

means each of:

- 1 the Maintained Assets; and
- 2 the Returned Assets.

Project Co D&C Phase Insurances

means the Insurances referred to in Part B of the Insurance Schedule.

| | |
|--|---|
| Project Co D&C Phase Workforce | means the workforce employed or otherwise engaged by Project Co or any Subcontractor undertaking all or any part of the D&C Activities in Australia or New Zealand during the D&C Phase and includes persons performing a head office, corporate or governance role to the extent such role is in connection with the Project, provided that to the extent a person undertakes multiple roles in connection with the Project, that person may not be counted more than once. |
| Project Co Interface Step | means an Interface Step for which Project Co is responsible for completing the relevant activity, deliverable or milestone. |
| Project Co Maintenance Phase Insurances | means the Insurances referred to in Part D of the Insurance Schedule. |
| Project Co Material | means each of: <ol style="list-style-type: none">1 the Design Documentation;2 the Construction Documentation;3 the Construction Records;4 the As-Built Records;5 the Project Strategies, the Management Plans and the Maintenance Manuals;6 the Forecast Maintenance and Refurbishment Program;7 all other documentation, information (including data bases and drafts), models, systems and technology in which Intellectual Property Rights are capable of subsisting which Project Co or any of its Associates prepare or use in carrying out the Project Activities, but does not include software tools which are:<ol style="list-style-type: none">a used internally by Project Co or any of its Associates to create, but which are not incorporated into, the materials described in paragraphs 1 to 5 of this definition; orb generally commercially available; and8 any other deliverables required to be delivered by Project Co or any of its Associates to the State in accordance with the State Project Documents. |
| Project Co Preferred Tenant | a proposed Commercial Opportunities Tenant notified to the State pursuant to clause 37.5(g)(3). |
| Project Co Procured Insurance | means each of the: <ol style="list-style-type: none">1 Project Co D&C Phase Insurances; and2 Project Co Maintenance Phase Insurances. |

Project Co Proposed Modification means a Modification proposed by Project Co under clause 38.6.

Project Co Representative means the person or persons specified in item 13 in the Contract Particulars subject to replacement, termination or delegation in accordance with clause 11.3.

Project Control Group means the group referred to in clause 11.4(a).

Project Costs means the actual costs properly and reasonably incurred by or on behalf of Project Co or Finance Co directly attributable to the implementation of the Project in accordance with this Agreement, which does not include Distributions to an Equity Investor other than as a payment to a Key Subcontractor under and in accordance with a Key Subcontract.

Project Debt means at any time the lesser of:

- 1 the Actual Debt at that time; and
- 2 the amount forecast in the Financial Model to be owing to the Financiers at that time.

Project Documents means each of:

- 1 this Agreement;
- 2 a Construction Licence;
- 3 a Commercial Opportunities Lease;
- 4 a Maintenance Licence;
- 5 the Finance Direct Deed;
- 6 the State Security;
- 7 the D&C Subcontract;
- 8 the Maintenance Subcontract;
- 9 the D&C Direct Deed;
- 10 the Maintenance Direct Deed;
- 11 the Key Subcontractor Interface Deed;
- 12 the Accepted Works Novation Deeds;
- 13 the Parent Guarantees;
- 14 the Equity Documents;
- 15 the Finance Documents;
- 16 the Independent Reviewer Deed of Appointment;
- 17 the Construction Bond;
- 18 the Coordination and Interface Deed Poll executed by Project Co;

- 19 the CityLink Interface Deed;
- 20 the CityLink Consultant Agreement;
- 21 each Subcontractor Direct Deed;
- 22 each Subcontract Novation Deed;
- 23 the Escrow Agreement;
- 24 each Utility Agreement;
- 25 each Deed of Accession;
- 26 the Train Franchisee Cooperation Agreement;
- 27 the Train Franchisee Cooperation Agreement Direct Deed;
- 28 the Train Franchisee Cooperation Agreement PTV Direct Agreement;
- 29 the Tram Franchisee Cooperation Agreement;
- 30 the Tram Franchisee Cooperation Agreement Direct Deed;
- 31 the Tram Franchisee Cooperation Agreement PTV Direct Agreement;
- 32 the CBD North OSD Interface Agreement;
- 33 the CBD South OSD Interface Agreement;
- 34 the Receivables Purchase Deed;
- 35 the Payment Directions Deed;
- 36 the On-Loan Agreement;
- 37 the Interest Rate On-Swap;
- 38 the Management Services Agreement; and
- 39 any other document the parties agree is a Project Document.

Project Entity means each of Project Co and Finance Co.

Project Information means all documents and information provided by the State and its Associates to Project Co in connection with the Project:

- 1 prior to Contract Close, which are not incorporated into this Agreement;
- 2 after Contract Close, which the State is not required by this Agreement to provide to Project Co; and
- 3 without limiting paragraph 1, the Site Information Reports.

Project Management Requirements means:

- 1 during the D&C Phase, Part C (*Project Management Requirements*) of the PS&TR; and
- 2 during the Maintenance Phase, the Services Specification.

Project Requirements is comprised of the following parts:

- 1 the PS&TR;
- 2 the Technical Solution;
- 3 the Services Specification; and
- 4 the Services Solution.

**Project Specific
Change in Law**

means:

- 1 any Change in Law which expressly and exclusively applies to:
 - a the Project, the Relevant Infrastructure, the Licensed Construction Areas, the Commercial Opportunities Leased Areas, or the Licensed Maintenance Areas;
 - b Project Co, but only in its capacity as the Entity contracting with the State to implement the Project; or
 - c Project Co and other Entities which are undertaking projects under the Partnerships Victoria framework, or any replacement or substitute policies relating to public private partnership arrangements for the provision of public infrastructure in the State of Victoria, in each case only as it applies to them in that capacity;
- 2 conditions are set out in the Incorporated Document pursuant to Planning Scheme Amendment No 2 which:
 - a are more onerous or different than the conditions previously set out in the Incorporated Document pursuant to Planning Scheme Amendment No 1; and
 - b could not have reasonably been foreseen or anticipated prior to Contractual Close by an experienced and competent contractor practising Best D&C Practices;
- 3 the St Kilda Road precinct (including its tree lined boulevard) is temporarily or permanently included on the 'National Heritage List' and Project Co is required to carry out the Project Activities in the St Kilda Road precinct in accordance with a plan for managing the place in accordance with section 324X of the *Environmental Protection and Biodiversity Conservation Act 1999* (Cth);
- 4 conditions are set out in the approval by the Minister for Planning of a Precinct Development Plan which:
 - a require a change to the Technical Solution or which will have the effect of delaying the commencement of construction in accordance with the D&C Program; and
 - b could not have reasonably been foreseen or anticipated prior to Contract Close by an experienced and competent contractor practising Best D&C Practices and in the context of the PS&TR; or
- 5 if, during the Maintenance Phase, there is a change to the Train Franchisee Rail Safety Requirements and such change has or will have a material, sustained and unavoidable impact on Project Co's performance of the Maintenance Services in accordance with the Services Solution, the Train Franchisee Cooperation Agreement and the remainder of this Agreement (including in relation to the cost of, and timing for performing the Maintenance Services and Project Co's potential liability for

Abatement).

| | |
|---------------------------|--|
| Project Strategies | means each project strategy prepared and submitted as part of its proposal by Project Co, which is contained in Exhibit 2. |
|---------------------------|--|

| | |
|---------------------------|--|
| Prolongation Costs | has the meaning given in the Change Compensation Principles. |
|---------------------------|--|

| | |
|-----------------------|--|
| Proof Engineer | means the proof engineer jointly engaged by Project Co and the D&C Subcontractor to amongst other things, comply with the requirements of the 'Proof Engineer' set out in the State Project Documents. |
|-----------------------|--|

| | |
|---------------------------|--------------------------------------|
| Property Committee | has the meaning given in clause 6.1. |
|---------------------------|--------------------------------------|

| | |
|--------------------------|--|
| Property Schedule | means Schedule 9 as amended in accordance with clause 6.3. |
|--------------------------|--|

| | |
|--------------------------------------|---|
| Protective Data Security Plan | has the meaning given to it in the Public Sector Privacy Act. |
|--------------------------------------|---|

| | |
|-------------------------------|--|
| Provisional Acceptance | means the stage when: <ol style="list-style-type: none">1 the Works, other than the Final Acceptance Works, are complete except for Minor Defects;2 Project Co has done everything which this Agreement requires Project Co to do prior to or as a condition precedent to Provisional Acceptance, including the requirements set out in the Completion Schedule;3 all Returned Works (other than the Returned Train Works and Returned VicTrack Works) have been completed in accordance with clause 24.4(b); and4 Project Co has done all things reasonably required as part of the Project Activities to facilitate the incorporation of the Returned Existing Network Works into the Train Infrastructure Lease. |
|-------------------------------|--|

| | |
|-----------------------------|---|
| Proximate State Work | means where the State elects to do or procure one or more of the following: <ol style="list-style-type: none">1 construct, operate, maintain, alter, upgrade or repair any:<ol style="list-style-type: none">a part of the Victorian Rail Network;b road or other means of vehicle, public transport, pedestrian or bicycle access; orc Utility Infrastructure or any other infrastructure or improvements: located (in whole or in part) under, on, above or adjacent to the |
|-----------------------------|---|

- Construction Areas or Maintenance Areas (including any consequential changes to the Relevant Infrastructure); or
- 2 connect any:
 - a track, road or other means of vehicle, public transport, pedestrian or bicycle access to the Relevant Infrastructure or to any other structures; or
 - b Utility Infrastructure or any other infrastructure or improvement,
 to the Construction Areas or Maintenance Areas; or
 - 3 carry out any other work, services or activities, located (in whole or in part) under, on, above or adjacent to the Construction Areas or Maintenance Areas,

including any works, services or activities undertaken by the Rail Franchisees to comply with their obligations under the relevant Rail Franchisee Projects Agreement in relation to a 'State Project', 'Franchisee Project' or 'Third Party Project' (each as defined under the relevant Rail Franchisee Projects Agreement), but excluding:

 - 4 the Works;
 - 5 Metro Tunnel Interface Works;
 - 6 Early Works;
 - 7 Construction Power Works;
 - 8 Rail Franchisee Interface Works;
 - 9 Related State Project Works;
 - 10 Oversight Development Works;
 - 11 any other works, services or activities undertaken by the Rail Franchisees;
 - 12 Rail Operations; and
 - 13 the operation and maintenance of CityLink.

PS&TR means the project scope and technical requirements set out in Exhibit 1 including all appendices, annexures, attachments and exhibits to it.

PSA Variation has the meaning given in clause 6.3B(a).

PTV or Public Transport Victoria means the Public Transport Development Authority established under the *Transport Integration Act 2010* (Vic).

PTV As Counterparty means PTV in its capacity as counterparty to:

- 1 the Train Franchisee Cooperation Agreement PTV Direct Agreement; or
- 2 the Tram Franchisee Cooperation Agreement PTV Direct Agreement.

| | |
|--------------------------------------|--|
| Public Disclosure Obligations | has the meaning given in clause 57.1(a). |
| Public Sector Agency | has the meaning given to it in the Public Sector Privacy Act. |
| Public Sector Data | means 'Public Sector Data', as defined in the Public Sector Privacy Act, to the extent such data is collected, held, managed, used, disclosed or transferred by Project Co under or in connection with this Agreement |
| Public Sector Data Incident | any actual or potential: <ol style="list-style-type: none">1 collection, holding, management, use, disclosure or transfer of Public Sector Data not authorised by this Agreement;2 breach of clause 58.2;3 request, complaint or enquiry made by the Commissioner for Privacy and Data Protection or any other regulatory authority in relation to collection, holding, management, use, disclosure or transfer of Public Sector Data under or in connection with this Agreement; or4 requirement of Law which conflicts with Project Co's obligations under clause 58.2. |
| Public Sector Data Systems | has the meaning given to it in the Public Sector Privacy Act. |
| Public Sector Privacy Act | the <i>Privacy and Data Protection Act 2014</i> (Vic). |
| Purchase Date | has the meaning given in the Receivables Purchase Deed. |
| Quality Failure | has the meaning given to that term in the Services Specification. |
| Quality Failure Abatement | means in respect of a Quality Failure, an amount in dollars calculated in respect of that Quality Failure in accordance with the Payment Schedule. |
| Quality Failure Points | means in respect of a Quality Failure, the number of points attributed to that Quality Failure, as set out in the Services Specification or otherwise in this Agreement. |
| Quality Failure Remedy Period | has the meaning given to it in the Services Specification. |

| | |
|----------------|---|
| Quarter | means each 3 Month period commencing on a Quarterly Date, except that: <ol style="list-style-type: none">1 the first Quarter of the FAW Phase will be the period from the Date of Provisional Acceptance until the day before the first Quarterly Date during the FAW Phase;2 the last Quarter of the FAW Phase will be the period from the last Quarterly Date during the FAW Phase to the Date of Final Acceptance;3 the first Quarter of the Maintenance Phase will be the period from the Date of Final Acceptance until the day before the first Quarterly Date during the Maintenance Phase; and4 the last Quarter of the Maintenance Phase will be the period from the last Quarterly Date during the Maintenance Phase to the Expiry Date. |
|----------------|---|

| | |
|-----------------------|---|
| Quarterly Date | means every 1 January, 1 April, 1 July and 1 October during the FAW Phase or the Maintenance Phase. |
|-----------------------|---|

| | |
|---|---|
| Quarterly FAW Performance Report | has the meaning given in the Final Acceptance Schedule. |
|---|---|

| | |
|-------------------------------------|--|
| Quarterly Performance Report | means: <ol style="list-style-type: none">1 during the FAW Phase, the Quarterly FAW Performance Report; and2 during the Maintenance Phase, has the meaning given to that term in Services Specification. |
|-------------------------------------|--|

| | |
|------------------------------|--|
| Quarterly Service Fee | means: <ol style="list-style-type: none">1 during the FAW Phase, the 'Final Acceptance Works Fee' calculated in accordance with section 3.2 of Part C of the Payment Schedule; and2 during the Maintenance Phase, the 'Quarterly Maintenance Fee' calculated in accordance with section 6 of Part D the Payment Schedule. |
|------------------------------|--|

| | |
|----------------------------------|---|
| Quarterly Service Payment | means: <ol style="list-style-type: none">1 during the FAW Phase, the 'Final Acceptance Works Payments' calculated in accordance with section 3.1 of Part C of the Payment Schedule; and2 during the Maintenance Phase, the 'Maintenance Phase Payments' calculated in accordance with section 5 of Part D of the Payment Schedule. |
|----------------------------------|---|

| | |
|----------------------|---|
| Radiation Act | means the <i>Radiation Act 2005 (Vic)</i> . |
|----------------------|---|

page 92

| | |
|--|---|
| Radiation Licence Holder | means a 'licence holder' (as defined in the Radiation Act). |
| Rail Franchisee | means: <ol style="list-style-type: none">1 a Train Franchisee; or2 a Tram Franchisee. |
| Rail Franchisee Arrangements | means: <ol style="list-style-type: none">1 the Train Franchisee Arrangements; and2 the Tram Franchisee Arrangements. |
| Rail Franchisee Cooperation Agreement | means: <ol style="list-style-type: none">1 the Train Franchisee Cooperation Agreement; or2 the Tram Franchisee Cooperation Agreement. |
| Rail Franchisee Failure Event | means: <ol style="list-style-type: none">1 a Train Franchisee Failure Event; or2 a Tram Franchisee Failure Event. |
| Rail Franchisee Interface Parties | means: <ol style="list-style-type: none">1 the Train Franchisee Interface Party; and2 the Tram Franchisee Interface Party. |
| Rail Franchisee Interface Works | means any works, services or activities required to be undertaken by a Rail Franchisee pursuant to the relevant Rail Franchisee Cooperation Agreement. |
| Rail Franchisee Projects Agreement | means: <ol style="list-style-type: none">1 the Train Franchisee Projects Agreement; or2 the Tram Franchisee Projects Agreement. |
| Rail Franchisee's Access Rules | has the meaning given to: <ol style="list-style-type: none">1 'Franchisee's Access Rules' in the Train Franchisee Cooperation Agreement; and2 'Franchisee's Access Rules' in the Tram Franchisee Cooperation Agreement. |
| Rail Infrastructure | means: |

- 1 Train Infrastructure; or
 - 2 Tram Infrastructure.
-

Rail Infrastructure Alliance means the alliance appointed to perform the rail infrastructure works for the Metro Tunnel under the document titled 'Project Alliance Agreement – Metro Tunnel Project – Rail Infrastructure Alliance'.

Rail Infrastructure Alliance Handover Date means:

- 1 in respect of the Maintained Rail Infrastructure Alliance Assets at the western portal, the date set out in a Certificate of Critical Interface Milestone / Progress Milestone Achievement as the date on which the Rail Infrastructure Alliance achieved the Critical Interface Milestone to handover the completed cut & cover tunnel to Project Co at the western portal; and
- 2 in respect of the Maintained Rail Infrastructure Alliance Assets at the eastern portal, the date set out in a Certificate of Critical Interface Milestone / Progress Milestone Achievement as the date on which the Rail Infrastructure Alliance achieved the Critical Interface Milestone to handover the completed cut & cover tunnel to Project Co at the eastern portal.

Rail Infrastructure Alliance Works means the works to be performed by the Rail Infrastructure Alliance.

Rail Infrastructure Manager has the meaning given in the Rail Safety National Law.

Rail Operations means:

- 1 Train Operations; or
- 2 Tram Operations.

Rail Safety National Law has the meaning specified in the *Rail Safety National Law Application Act 2013* (Vic).

Rail Safety National Regulations means the national regulations as defined under the Rail Safety National Law.

Rail Systems Alliance means the alliance appointed to perform the rail infrastructure works for the Metro Tunnel under the document titled 'Project Alliance Agreement – Metro Tunnel Project – Rail Systems Alliance'.

| | |
|------------------------------------|--|
| Rail Systems Alliance Works | means the works to be performed by the Rail Systems Alliance. |
| Rail Transport Operator | has the meaning given: <ol style="list-style-type: none">1 in the Rail Safety National Law, in respect of Train Operations; and2 in the Tram Safety Act, in respect of Tram Operations. |
| Railway Operations | has the meaning given in the Rail Safety National Law. |
| Rates | means all municipal rates, water rates, sewerage rates, drainage rates and other rates payable to any Authority in connection with the Site, but does not include any portion of such rates as relates to the connection of the Site to Utilities or rates or charges for the usage of Utilities. |
| Receivables | has the meaning given in the Receivables Purchase Deed. |
| Receivables Purchase Deed | means the document so entitled between the State, Project Co and Finance Co to be dated on or about the date of this Agreement under which the State agrees to assign to Finance Co the Licence Fee payable under the Maintenance Licence. |
| Receivables Purchase Price | has the meaning given in the Receivables Purchase Deed. |
| Receivables Refund Payment | has the meaning given to it in the Receivables Purchase Deed. |
| Recipient | has the meaning given in clause 59.1(b)(2). |
| Reference Documents | has the meaning given in the PS&TR. |
| Refinancing | means: <ol style="list-style-type: none">1 any amendment, novation, supplement or replacement of any Finance Document;2 the exercise of any right, or the grant of any waiver or consent, in accordance with any Finance Document;3 the disposition of any rights or interests in, or the creation of any rights of participation in connection with the Finance Documents or the creation or granting of any other form of benefit or interest in either the Finance Documents or the |

contracts, revenues or assets of the Group whether by way of security or otherwise;

- 4 any new financing arrangements entered into by a Group Member which has the effect of restructuring the then current financing arrangements; or
- 5 any other step or arrangement that has an effect which is similar to any of the actions referred to in paragraphs 1 to 4 of this definition,

which is likely to:

- 6 give rise to a Refinancing Gain;
- 7 change the type, amount, pricing, tenor, terms for payment or repayment, hedging or financial covenants of any financial accommodation connected with the Project;
- 8 adversely affect any of the State's rights, obligations or liabilities in accordance with the State Project Documents to which it is a party,

and any change in the timing or manner of payment of a State Contribution, but does not include:

- 9 entering into derivative transactions contemplated by the Finance Documents to be entered into on or before Financial Close;
- 10 the syndication or subscription of any debt in accordance with the Finance Documents that is contemplated at Financial Close; or
- 11 the change in control or sell down of any bonds in an arm's length transaction at market value.

Refinancing Event means an event set out in paragraphs 1 to 5 of the definition of Refinancing and any change in the timing or manner of payment of a State Contribution, but excludes an event set out in paragraphs 9 to 11 of the definition of Refinancing.

Refinancing Gain has the meaning given in clause 40.4(a).

Refurbishment Works means the periodic refurbishment or replacement of all elements comprising the Maintained Assets in accordance with the Asset Management Plan or otherwise as necessary to ensure that the Maintained Assets:

- 1 are Fit For Purpose;
- 2 otherwise comply with the Services Specification; and
- 3 otherwise comply with all relevant Laws, Approvals and Standards.

Registered Education and Training Organisation means a person or body registered under Part 4.3 of the *Education and Training Reform Act 2006 (Vic)* to deliver an accredited course or award or issue a registered qualification.

| | |
|------------------------------------|--|
| Regulator | has the meaning given in the Rail Safety National Law. |
| Related Body Corporate | has the meaning given in the Corporations Act. |
| Related State Project Works | means any works, services or activities required to be undertaken in relation to: <ol style="list-style-type: none">1 the Level Crossing Removal Project;2 the High Capacity Metro Trains Project;3 Western Distributor; and4 the Flinders Street Station Redevelopment. |
| Related Trust Entity | means with respect to an entity which is a trustee, manager or Responsible Entity of a trust or a managed investment scheme: <ol style="list-style-type: none">1 any Related Body Corporate of the trustee, manager or Responsible Entity;2 any other trustee, manager or Responsible Entity of the trust or managed investment scheme (or Related Body Corporate) of such entity; or3 any Controlling Unit Holder of the trust or managed investment scheme (or Related Body Corporate) of such an entity. |
| Relevant Infrastructure | means: <ol style="list-style-type: none">1 during the D&C Phase, the Works, excluding any Returned Assets which have achieved Handback; and2 during the Maintenance Phase, the Maintained Assets. |
| Relevant Legislation | means the <i>Major Transport Projects Facilitation Act 2009 (Vic)</i> . |
| Relevant Person | means: <ol style="list-style-type: none">1 a director, secretary or partner representative of a Consortium Member; or2 any officer or employee, consultant, contractor or agent of a Consortium Member who:<ol style="list-style-type: none">a has the ability to exercise influence or control in relation to the Consortium Member, or in matters relating to the Project;b works in any role in connection with the Project Activities, including undertaking any task for the purpose of this Agreement; orc as access to Confidential Information in connection with the Project or Users. |

| | |
|---|--|
| Relevant Stakeholder (PSA2) | means any owner or occupier of land situated above the Design Optimisation Land. |
| Relevant Utility Infrastructure | means any part of the supply, distribution or reticulation network owned, operated or controlled by a Relevant Utility Provider, including poles, pipes, cables, wires, conduits and tunnels excluding the Construction Power Supply Assets. |
| Relevant Utility Provider | means an entity (whether publicly or privately owned) that provides, or intends to provide, water, sewerage, drainage, gas, electricity or other like services under the authority of any State legislation. |
| Reliability Adjustment | has the meaning given in the Payment Schedule. |
| Reliability Adjustment Abatement | means in respect of a Reliability Adjustment, an amount in dollars calculated in respect of that Reliability Adjustment in accordance with the Payment Schedule. |
| Relief Event | <p>an event which entitles Project Co to:</p> <ol style="list-style-type: none">1 an extension of time;2 a Modification;3 compensation;4 relief or suspension from carrying out any of the Project Activities; or5 bring any other Claim against the State, <p>in accordance with this Agreement.</p> |
| Remediate or Remediation | means to remove, disperse, abate, destroy, dispose of, neutralise, remediate, treat, cap, contain, excavate, manage or otherwise test, monitor or assess (as applicable). |
| Remediation Plan | means a 'Remediation Plan' under clause 26.2(c)(2) as updated pursuant to clause 26.2(h)(2). |
| Representatives | has the meaning given in clause 46.2(a). |
| Reputable Insurer | <p>means:</p> <ol style="list-style-type: none">1 VMIA, to the extent that VMIA is authorised:<ol style="list-style-type: none">a pursuant to a declaration by the Minister for Finance under section 25A of the <i>Victorian Managed Insurance Authority Act 1996</i> (Vic); orb otherwise, provided that VMIA continues to benefit from a |

guarantee from the Government of Victoria on terms no less favourable to VMIA than set out in section 27 of the *Victorian Managed Insurance Authority Act 1996* (Vic),

to provide the relevant Insurance, but VMIA will not be a Reputable Insurer in respect of liabilities declared in writing by VMIA before they were incurred to be liabilities that are not guaranteed by the Government of Victoria (pursuant to section 27(2) of the *Victorian Managed Insurance Authority Act 1996* (Vic)); or

2 an insurance company having the Required Rating.

| | |
|------------------------|--|
| Required Rating | means a credit rating of at least A- by Standard and Poor's (Australia) Pty Limited or A3 by Moody's Investors Service, Inc. |
|------------------------|--|

| | |
|----------------------|--|
| Residual Life | means in respect of a Design Life Asset, the period of years specified in the Design Life Requirements, and Residual Lives has the corresponding meaning. |
|----------------------|--|

| | |
|---------------------------|--|
| Responsible Entity | has the meaning given in the Corporations Act. |
|---------------------------|--|

| | |
|--------------------------------------|---|
| Responsible Minister for VIPP | means the Minister with responsibility for administering the <i>Victorian Industry Participation Policy Act 2003</i> (Vic). |
|--------------------------------------|---|

| | |
|-----------------------|---|
| Returned Asset | means any discrete part of the Returned Works to be completed and handed back in accordance with the State Project Documents. |
|-----------------------|---|

| | |
|-----------------------------|---|
| Returned Asset Owner | means the owner of, entity entitled to exercise control with respect to, or entity entitled to Handback of a Returned Asset, and includes, where applicable, the City of Melbourne, City of Port Phillip, City of Stonnington, City of Maribyrnong, Melbourne University, VicRoads, the Train Franchisee, the Tram Franchisee and VicTrack. |
|-----------------------------|---|

| | |
|--|---|
| Returned Existing Network Works | means the Works: <ol style="list-style-type: none">1 performed on the existing rail network;2 which do not form part of the Tunnel and Stations; and3 will be operated and maintained by the Train Franchisee under the Train Franchisee Arrangements, including the Degrares Entrance Works. |
|--|---|

| | |
|-----------------------------|--|
| Returned Train Works | means the Works described as 'Returned Train Works' in the Returned Works Schedule that will be operated and maintained by the Train Franchisee under the Train Franchisee Arrangements, but does not include the Returned Existing Network Works. |
|-----------------------------|--|

Returned Tram Works means the Works described as 'Returned Tram Works' in the Returned Works Schedule that will be operated and maintained by the Tram Franchisee under the Tram Franchisee Arrangements.

Returned VicTrack Works means the Works described as 'Returned VicTrack Works' in the Returned Works Schedule that will be operated and maintained by the VicTrack.

Returned Works means the:

- 1 City Square Works;
- 2 Utility Infrastructure Works;
- 3 Returned Tram Works;
- 4 Returned Train Works;
- 5 Returned VicTrack Works;
- 6 Returned Existing Network Works;
- 7 the Works the subject of a Progress Milestone (excluding the Foundation Works); and
- 8 any other discrete part of the Works to be maintained by a party other than Project Co; and

including any Modification to those Works.

Returned Works Schedule means Schedule 32.

Revenue for the purposes of clause 59 has the meaning given in clause 59.1(f).

Review Procedures means Schedule 7.

Reviewable Services has the meaning given to that term in the Services Specification.

Reviewable Services Schedule means Schedule 29.

Reviewable Services Term means each period of 5 years commencing on the Date of Final Acceptance.

Revised Compliance Plan has the meaning given in clause 61.6.

| | |
|--------------------------------|---|
| Revised LIDP | has the meaning given in clause 60.2(a). |
| Road Management Act | means the <i>Road Management Act 2004</i> (Vic). |
| Road Safety Act | means the <i>Road Safety Act 1986</i> (Vic). |
| Rolling Stock | means, in accordance with section 3(1) of the <i>Rail Management Act 1996</i> (Vic), a vehicle that operates on or uses a railway track or tramway track, and includes a locomotive, carriage, rail car, rail motor, light rail vehicle, train, tram, light inspection vehicle, road/rail vehicle, trolley, wagon or monorail vehicle. |
| Rolling Stock Operator | has the meaning given in the Rail Safety National Law. |
| RSA Equipment | means the equipment to be procured by Project Co and provided to the Rail Systems Alliance set out in part D3 of the Technical Solution at: <ol style="list-style-type: none">1 Table 2: Provisions for cabling and termination equipment;2 Table 4: Intranet material estimate;3 Table 5: PA and AFILS material estimate;4 Table 6: Customer Help Point and emergency phone material estimate;5 Table 8: Security and access control; or6 Table 9: PIDS and electronic signage material take off. |
| RSA Equipment Limit | means the RSA Equipment Limit set out in Schedule 34. |
| RSA Equipment Quantity | means a quantity of RSA Equipment set out in part D3 of the Technical Solution at: <ol style="list-style-type: none">1 Table 2: Provisions for cabling and termination equipment;2 Table 4: Intranet material estimate;3 Table 5: PA and AFILS material estimate;4 Table 6: Customer Help Point and emergency phone material estimate;5 Table 8: Security and access control; or6 Table 9: PIDS and electronic signage material take off. |
| RSA Equipment Unit Cost | means in respect of an item of RSA Equipment, the unit cost approved by the State in accordance with clause 61A(b). |

| | |
|---|---|
| Safety Director | has the meaning given in the Tram Safety Act. |
| Safety Duties | means: <ol style="list-style-type: none">1 in relation to the Train Franchisee, has the meaning given in the Rail Safety National Law; and2 in relation to the Tram Franchisee, means a duty imposed under Division 2 of Part 3 of the Tram Safety Act. |
| Savings | has the meaning given in the Change Compensation Principles. |
| SCC Project Costs | has the meaning given in clause 33.4(b). |
| Schedule of Certificates and Notices | means Schedule 8. |
| Scheduled Acceptance Date | has the meaning given in clause 26.2(f)(1). |
| Secretary | means the Secretary of the Department of Economic Development, Jobs, Transport and Resources. |
| Secured Area | means each part of the Maintained Assets which may only be accessed with a Security Key or other security checks. |
| Securities | means shares, units, interests in a partnership, and any other interests which would constitute 'securities' as defined under the Corporations Act. |
| Securitisation Structure | means the securitisation structure relating to the Licence Fees contained in clause 35A, the Receivables Purchase Deed and the Payment Directions Deed and associated concepts, definitions and provisions in the Project Documents. |
| Security Information | means information: <ol style="list-style-type: none">1 relating in any way to the security of the Maintained Assets; or2 which a Consortium Member or Associate is required to keep confidential in complying with clause 57, the Security Management Plan and Best Industry Practice. |
| Security Interest | has the meaning given to that term in section 12 of the <i>Personal</i> |

Properties Securities Act 2009 (Cth).

Security Key means any key or other similar means of providing access which, if lost or duplicated, could jeopardise the security of the Maintained Assets.

Security Management Plan means each plan of that name prepared and updated by Project Co in accordance with the Project Management Requirements.

Security of Payment Act means the *Building and Construction Industry Security of Payment Act 2002* (Vic).

Security Risk Profile Assessment a security risk profile assessment prepared, developed and updated in accordance with section 89 of the Public Sector Privacy Act.

Security Trust Deed means the document entitled 'Metro Tunnel - Security Trust Deed' dated on or about Contract Close, between amongst others, Project Co and the Security Trustee.

Security Trustee means the Security Trustee under and as defined in the Security Trust Deed which as at Contract Close is the party specified in item 14 of the Contract Particulars, as replaced from time to time in accordance with the Security Trust Deed and who is party to the Finance Direct Deed in that capacity.

Service Failure means, as the context requires,:

- 1 a FAW Service Failure; or
- 2 a Maintenance Service Failure.

Service Failure Abatement means:

- 1 a FAW Service Failure Abatement; or
- 2 a Maintenance Service Failure Abatement.

Services means:

- 1 during the FAW Phase, the Final Acceptance Works; and
- 2 during the Maintenance Phase, the Maintenance Services.

Services Solution means Exhibit 5.

| | |
|--|--|
| Services Specification | means Exhibit 4. |
| Share Capital Dealing | has the meaning given in clause 53.4. |
| Shared Direct Costs | <p>means the Direct Costs for nominated resources shared across all state and third party projects that the Train Franchisee is supporting during the relevant period and which are over and above the costs of the core business of the Train Franchisee in operating the Train Franchise Business and includes:</p> <ol style="list-style-type: none">1 the staff of the relevant project management office; and2 any other expenses associated with the staff of the relevant project management office such as stationary, printing, telephones and training, <p>but excludes the cost of an alliance project that has its own project management office function.</p> |
| Site | <p>means the area comprising:</p> <ol style="list-style-type: none">1 during the D&C Phase, the Construction Site; and2 during the Maintenance Phase, the Maintenance Site, <p>(as the context requires) and includes any part of such area or land.</p> |
| Site Access and Interface Protocols | means the plan of that name which sets out the procedures and protocols for accessing the Construction Site during the D&C Phase. |
| Site Conditions | <p>means any physical conditions on, under, or over the surface, or in the vicinity of the Site, including:</p> <ol style="list-style-type: none">1 (water): ground water, ground water hydrology, the existence of any wells and the effects of any de-watering;2 (physical structures): physical and structural conditions above, upon and below the ground including any infrastructure, partially completed structures, Artefacts or in ground works;3 (vegetation): pastures, grasses or other vegetation on the Site;4 (topography): topography, ground surface and sub-surface conditions and geology including rock or other materials;5 (climate): climatic and weather conditions, rain, surface water run-off and drainage, water seepage, wind, wind-blown dust and sand seasons, mud and other effects of climatic and weather conditions;6 (Contamination): any Contamination;7 (Pollution): any Pollution;8 (physical conditions): all other physical conditions and characteristics of or in the vicinity of the Site, on or below the surface which may affect Project Co's ability to carry out its |

obligations in accordance with this Agreement; and

9 **(easements)**: all Easements over or in connection with the Site, whether or not they were in existence or known to Project Co before Contract Close.

Site Information Report means any report provided by the State, any of the State's Associates in relation to any core sample, geotechnical or site information.

SMPC Adjustment Protocol means the protocol set out in Schedule 36 to be applied by Project Co in accordance with clause 34A.2 to update the Financial Model for the payment of the State Maintenance Phase Contribution.

SMPC Payment Date has the meaning given in clause 34A.2(b)(8).

SMPC Project Co Notice has the meaning given in clause 34A.2(b).

SMPC Receivables has the meaning given in the Receivables Purchase Deed.

SMPC State Notice has the meaning given in clause 34A.2(a).

Soil Contamination means Contamination existing in soil but excluding Groundwater Contamination.

Soil Contamination Plans means Exhibit 8.

Soil Contamination Modification Event means where, during the D&C Phase, Project Co is required under clause 7.2(b)(1), clause 7.3, clause 7.4(c) or otherwise under this Agreement to Remediate Soil Contamination (or any part of a mass of Soil Contamination) that Project Co and its Associates:

- 1 have not caused or contributed to; and
- 2 would:
 - a not otherwise physically encounter in the carrying out of the Project Activities, that is;
 - i within the Arden Project Area;
 - ii within the Domain Project Area; or
 - iii outside the Temporary Occupied Footprint (excluding the Arden Project Area and the Domain Project Area); or
 - b physically encounter in the carrying out of the Project

Activities, that is:

- i within the Arden Day 1 Park Area, to the extent that Project Co's obligation to Remediate exceeds the Arden Day 1 Park Area Remediation Requirement; or
- ii within the Arden Project Area (excluding the Arden Day 1 Park Area) to the extent that Project Co's obligation to Remediate exceeds the Arden Project Area Remediation Requirement.

Solvent has the meaning given in the Corporations Act.

Special Designated Events has the meaning given in the Train Franchisee Cooperation Agreement.

[not disclosed] 3 [not disclosed]

Standards means all standards, codes, specifications, policies and requirements to be complied with in accordance with, and subject to, the terms of this Agreement and include:

- 1 the standards, policies, instructions and other procedures specified in or reasonably inferred from the PS&TR (including the Reference Documents); and
- 2 any other policy, guideline, standard, procedure or requirement, which applies in connection with the Project:
 - a which is notified to Project Co;
 - b which is publicly available or otherwise available to Project Co;
 - c with which Project Co is expressly required by the terms of this Agreement, by Law or by direction of the State to comply; or
 - d which Best Industry Practices would dictate would apply to the Project,unless the State (in its absolute discretion) gives notice to Project Co that such policy, guideline, standard, procedure or requirement does not constitute a Standard for the purpose of this Agreement,

as may be amended or updated from time to time.

State means the Crown in right of the State of Victoria.

State BTOS Costs has the meaning given in clauses 6.14(b).

State Capital Contribution means the financial contribution of the State to Project Co in an amount equal to \$1,500,000,000 and payable in accordance with

clause 34 and includes any part of such contribution retained by the State as a Defects Retention Amount.

**State Capital
Contribution Bridge
Facility**

has the meaning given in the Facility Agreement.

**State Capital
Contribution
Conditions**

has the meaning given in clause 34.2.

**State Capital
Contribution Notice**

means the notice delivered by Project Co under clause 34.3(a).

**State Capital
Contribution Payment
Date**

means the date which is 20 Business Days after the delivery of the State Capital Contribution Satisfaction Notice or such earlier date determined by the State.

**State Capital
Contribution
Satisfaction Notice**

has the meaning given in clause 34.3(a)(1).

**State Construction
Contribution**

means the financial contribution of the State to Project Co in the forecast amounts set out in the State Construction Contribution Schedule and payable in accordance with clause 33.

**State Construction
Contribution Actual
Amount**

means for each Month, the State Construction Contribution Forecast Amount for that Month minus any State Construction Contribution Adjustment for that Month.

**State Construction
Contribution
Adjustment**

means for each Month, an amount equal to the Forecast Payment Claim for that Month minus the Certified Payment Claim for that Month with the result multiplied by the State Construction Contribution Funding Percentage for that Month. For the avoidance of doubt, the State Construction Contribution Adjustment may be a positive or negative amount.

**State Construction
Contribution Forecast
Amount**

means for each Month, the amount set out in the State Construction Contribution Schedule for that Month.

**State Construction
Contribution Funding
Percentage**

means for each Month, the percentage set out in the State Construction Contribution Schedule for that Month.

| | |
|---|---|
| State Construction Contribution Notice | has the meaning given in clause 33.3(a). |
| State Construction Contribution Payment Date | means for each payment under clause 33.4, the date which is the later of: <ol style="list-style-type: none">1 7 Business Days after receipt by the State of a valid State Construction Contribution Notice; and2 the payment date specified in the State Construction Contribution Notice. |
| State Construction Contribution Schedule | means Schedule 6. |
| State Contribution | means the State Construction Contribution and the State Capital Contribution (or either of them as the context requires). |
| State D&C Phase Insurance | means the Insurances referred to in Part A of the Insurance Schedule, the initial form of which is attached to the Insurance Schedule. |
| State Maintenance Phase Contribution | means the aggregate of: <ol style="list-style-type: none">1 the Receivables Refund Payment; and2 the Contribution Payment. |
| State Maintenance Phase Insurance | means the Insurances referred to in Part C of the Insurance Schedule. |
| State Preferred Tenant | a Commercial Opportunities Tenant nominated by the State pursuant to clause 37.5(h)(2). |
| State Procured Insurance | means each of the: <ol style="list-style-type: none">1 the State D&C Phase Insurances; and2 the State Maintenance Phase Insurances. |
| State Project Documents | means those Project Documents to which the State or PTV As Counterparty is a party. |
| State Representative | means the person or persons specified in item 15 of the Contract Particulars subject to replacement, termination or delegation in accordance with clause 11.3. |

| | |
|--|---|
| State Securities | has the meaning given in the Finance Direct Deed. |
| State Security | means the document entitled 'State Security - Metro Tunnel' between the State, Finance Co and Project Co. |
| State Share of Refinancing Gain | has the meaning given in clause 40.4(b). |
| Station Land Management Agreement | a land management agreement contemplated to regulate the use, maintenance and costs associated with the specific services and structures which are shared across the Stations at CBD North or CBD South and the relevant completed Oversight Development Works. |
| Stations | means the underground train stations to be constructed as part of the Works at: <ol style="list-style-type: none">1 Domain;2 CBD North;3 CBD South;4 Parkville; and5 Arden. |
| Step-In Event | has the meaning given in clause 41.1(a). |
| Steps Plan Schedule | means Schedule 38. |
| Subcontract | means an agreement which: <ol style="list-style-type: none">1 Project Co enters into with a Subcontractor; or2 a Subcontractor enters into with another Subcontractor, in connection with the Project Activities. |
| Subcontract Novation Deed | means a document titled 'Novation Deed – Metro Tunnel – Tunnel and Stations PPP' between the State, a Material Subcontractor and a Key Subcontractor substantially in the form set out in Schedule 15. |
| Subcontractor | means: <ol style="list-style-type: none">1 for the purposes of:<ol style="list-style-type: none">a the definitions of Associate and TP Claim;b clauses 13.2(a) to 13.2(d), 13.6(a)(2), 13.6(b), 13.6(c), 16.1, |

and 16.3; and

c the Insurances,

means any person who enters into a contract in connection with the Project Activities with Project Co or another Consortium Member or whose subcontract is in connection with the Project Activities and is in a chain of contracts where the ultimate contract is with Project Co or another Consortium Member;

2 for the purposes of clauses 13.3 and 13.4, excludes any Utility Provider; and

3 subject to paragraphs 1 and 2 and the Insurance Schedule, for the purposes of this Agreement, means any person who enters into a contract in connection with the Project Activities with Project Co or another Consortium Member, but does not include the CityLink Manager, the CityLink Consultant, the CBD North OSD Developer, the CBD South OSD Developer, the Financiers, the Independent Reviewer, the Escrow Agent, or the Rail Franchisee Interface Parties.

Subcontractor Direct Deed

means a deed:

1 between the State, Project Co and a relevant Key Subcontractor; or

2 between the State, the D&C Subcontractor and the relevant Key Subcontractor,

substantially in the form of Schedule 14 (amended as required to reflect the relevant counterparty to the Key Subcontract).

Submitted Document

means each document, data or other information which Project Co is required to provide to the State or Independent Reviewer for review in accordance with the Review Procedures.

Supplier

for the purpose of clause 59, has the meaning given in clause 59.1(b).

Supplier Code of Conduct

means the document titled 'Procurement - Supplier Code of Conduct' issued by the State (as amended from time to time) and, as at the date of this Agreement, available at <http://www.procurement.vic.gov.au/Suppliers/Supplier-Code-of-Conduct> .

Survey Plan

has the meaning given in clause 6.7.

System Failure Event

has the meaning given to that term in the Services Specification.

System Failure Event Abatement

means in respect of a System Failure Event, an amount in dollars calculated in respect of that System Failure Event in accordance

with the Payment Schedule.

| | |
|-------------------------------------|-----------------------------------|
| Systems Engineering Standard | means AS/NZS ISO/IEC 15288: 2015. |
|-------------------------------------|-----------------------------------|

| | |
|---|--|
| Target Critical Interface Milestone Date | means, in relation to a Critical Interface Milestone, the date identified as the 'target' date in the D&C Program to achieve that Critical Interface Milestone, as amended pursuant to this Agreement. |
|---|--|

| | |
|---|--|
| Target Critical Interface Milestone (PPP Responsible) Date | means, in relation to a Critical Interface Milestone (PPP Responsible), the date identified as the 'target' date in the D&C Program to achieve that Critical Interface Milestone (PPP Responsible), as amended pursuant to this Agreement. |
|---|--|

| | |
|---------------------|---|
| Tax or Taxes | means any present or future tax, levy, impost, duty, rate, charge, fee, deduction or withholding of any nature, imposed or levied by an Authority, together with any interest, penalty, charge, fee or other amount imposed or made on, or in connection with, any of the foregoing, but excluding any Rates. |
|---------------------|---|

| | |
|--------------------|---------------------------------------|
| Tax Invoice | has the meaning given in the GST Law. |
|--------------------|---------------------------------------|

| | |
|-----------------------|--|
| Taxable Supply | has the meaning given in the GST Law, excluding section 84-5 of the GST Act. |
|-----------------------|--|

| | |
|---------------------------|------------------|
| Technical Solution | means Exhibit 3. |
|---------------------------|------------------|

| | |
|----------------------------------|--|
| Technological Improvement | means technological improvements with performance, efficiency, sustainability or durability characteristics materially better than those required under the State Project Documents. |
|----------------------------------|--|

| | |
|----------------------------|---|
| Temporary Equipment | means all plant, machinery and equipment and other items used by Project Co or its Subcontractors solely for the purpose of enabling or facilitating delivery of the Works which: <ol style="list-style-type: none">1 does not and will not become part of the Project Assets; and2 will not be used by Project Co for performing the Maintenance Services. |
|----------------------------|---|

| | |
|---|---|
| Temporary Land Availability Date | means in respect of a parcel of land referred to in the Land Availability Plans, the date specified as the 'Temporary Land Availability Date' for that parcel of land in the Land Availability Plans. |
|---|---|

| | |
|--|---|
| Temporary Land Exit Date | means in respect of a parcel of land referred to in the Land Availability Plans, the date specified as the 'Temporary Land Exit Date' for that parcel of land in the Land Availability Plans. |
| Temporary Occupied Footprint | means, at the relevant time, that part of the Site: <ol style="list-style-type: none">1 which is occupied or controlled by Project Co or its Associates; and2 on which Project Co or its Associates are performing the Works or Services, to the extent involving the disturbance of soil. |
| Temporary Works | means the temporary physical works which Project Co must design, supply, construct, install, produce or complete for the purpose of carrying out the D&C Activities and the Final Acceptance Works including access, ingress, egress and laydown requirements. |
| Term | means the term of this Agreement: <ol style="list-style-type: none">1 subject to clause 3.1, commencing on the date of Financial Close; and2 ending on the Expiry Date. |
| Termination for a Default Termination Event | means termination of this Agreement in accordance with clause 45.4. |
| Termination for a Force Majeure Termination Event | means termination of this Agreement in accordance with clause 45.3. |
| Termination Payment | means a termination payment calculated in accordance with the Termination Payments Schedule. |
| Termination Payment Date | means 20 Business Days after the later of: <ol style="list-style-type: none">1 the Expiry Date;2 the date on which the amount of the relevant Termination Payment is agreed by the State and Project Co or, failing agreement, is determined by an independent expert in accordance with the Termination Payments Schedule or clauses 46 to 47; and3 in the case of a Default Termination Payment, the Compensation Date, or such other date as may be specified in the Termination Payments Schedule for payment of a Termination Payment. |

| | |
|--|--|
| Termination Payments Schedule | means Schedule 5. |
| Test | means: <ol style="list-style-type: none">1 all tests necessary to ensure that the requirements of this Agreement, the PS&TR, the Final Acceptance Schedule, the Completion Schedule and the Systems Engineering Standard are met, as set out in the Testing and Commissioning Management Plan; and2 any additional test which Project Co is directed to carry out under clause 23.8(a). |
| Test Procedure | means a detailed procedure for the conduct of a Test to be developed by Project Co in accordance with clause 23 and the Management Plans. |
| Test Report | means a report on the conduct of a Test, including supporting documentation showing the results or other output of the Test. |
| Testing and Commissioning Management Plan | means each plan relating to testing and commissioning prepared and updated by Project Co in accordance with the PS&TR. |
| The Paddock | has the meaning given in clause 6.3B(b). |
| Third Party Intellectual Property Rights | has the meaning given in the Intellectual Property Schedule. |
| Threshold Amount | has the meaning given in clause 32.7(a). |
| Ticketing Works | means the physical works which the Ticketing Works Contractor must design, supply, construct, install, produce and complete for the purpose of installing, operating and maintaining ticketing barriers, ticketing machines and other ticketing equipment in the Stations. |
| Ticketing Works Contractor | means provider of the public transport ticketing system for the Victorian metropolitan public transport network which at the date of this Agreement is NTT Data Victorian Ticketing System Pty Ltd ABN 39 114 334 600. |
| TOS Act | means the <i>Traditional Owner Settlement Act 2010 (Vic)</i> . |

| | |
|--|---|
| TP Claim | means a claim by a third party excluding: <ol style="list-style-type: none">1 a claim by a Metro Tunnel Package Contractor;2 a claim by a party to a Project Document; or3 a claim by a Subcontractor. |
| Track Occupation | means: <ol style="list-style-type: none">1 a Train Track Occupation; and2 a Tram Track Occupation. |
| Track Occupation Schedule (FAW) | has the meaning given in the Train Franchisee Cooperation Agreement. |
| Train Accreditation | means accreditation under Part 3, Division 4 of the Rail Safety National Law. |
| Train Franchise Agreement | means an agreement for the operation of railway passenger services on the Melbourne metropolitan rail network (or part thereof), including any new, replacement or additional agreement entered into during the Term. As at Contract Close, this is the agreement between the Public Transport Development Authority and Metro Trains Melbourne Pty Ltd titled 'Franchise Agreement - Train' dated 2 October 2017 and includes all modules to it, as amended from time to time. |
| Train Franchise Business | has the meaning given to 'Franchise Business' in the Train Franchisee Cooperation Agreement. |
| Train Franchise Employee | means an employee of: <ol style="list-style-type: none">1 the Train Franchisee; or2 a Related Body Corporate of the Train Franchisee where the employee is employed in the Train Franchise Business. |
| Train Franchise EOPR | means any amounts which are payable by or to the Train Franchisee under the operational performance regime established under the Train Franchise Agreement. |
| Train Franchise Insurance | has the meaning given to 'Franchise Insurance' in the Train Franchisee Cooperation Agreement. |
| Train Franchisee | means a franchisee for the Melbourne metropolitan rail network (or part thereof) and counterparty to a Train Franchise Agreement, including any entity that enters into a new, replacement or additional Train Franchise Agreement during the Term. As at |

Contract Close, this is Metro Trains Melbourne Pty Ltd (ACN 136 429 948).

| | |
|--------------------------------------|--|
| Train Franchisee Arrangements | means the Train Franchise Agreement, the Train Infrastructure Lease and the Train Franchisee Projects Agreement. |
|--------------------------------------|--|

| | |
|---|--|
| Train Franchisee Cooperation Agreement | means the document entitled 'Franchisee Cooperation Agreement (Train) – Metro Tunnel' between Project Co and the Train Franchisee. |
|---|--|

| | |
|---|---|
| Train Franchisee Cooperation Agreement Direct Deed | means the document entitled 'FCA Direct Deed (Train)' between the State, Project Co and the Train Franchisee. |
|---|---|

| | |
|--|---|
| Train Franchisee Cooperation Agreement PTV Direct Agreement | means the document entitled 'Direct Agreement –Franchisee MMR Agreements - Train' between PTV and Project Co. |
|--|---|

| | |
|---------------------------------------|---|
| Train Franchisee Failure Event | <p>means any of the following events:</p> <p>1 where:</p> <ul style="list-style-type: none">a the Train Franchisee Interface Party refuses or fails to perform any material obligations under the Train Franchisee Cooperation Agreement;b Project Co demonstrates, to the satisfaction of the State (acting reasonably), that Project Co has used all reasonable endeavours to compel the Train Franchisee Interface Party to perform those obligations; andc either:<ul style="list-style-type: none">i the 'Senior Representatives' (as defined under the Train Franchisee Cooperation Agreement) agree that the Train Franchisee Interface Party has failed, or refused, to perform those obligations under the Train Franchisee Cooperation Agreement; orii following expiry of the period for negotiation referred to in clause 30(c) of the Train Franchisee Cooperation Agreement, an expert has determined under the Train Franchisee Cooperation Agreement that the Train Franchisee Interface Party has failed, or refused, to perform those obligations under the Train Franchisee Cooperation Agreement, <p>and such failure or refusal of the Train Franchisee Interface Party is subsisting or its effects are subsisting;</p> <p>2 where:</p> <ul style="list-style-type: none">a a new or replacement Train Franchisee has been appointed by the State or a State Associate to provide Train Services |
|---------------------------------------|---|

- in respect of the Melbourne metropolitan rail network; or
- b the State has terminated the Train Franchisee Arrangements and either itself or a State Associate is providing Train Services in respect of the Melbourne metropolitan rail network,
- and the new or replacement Train Franchisee or the State or relevant State Associate acting as the provider of Train Services fails to enter into a Train Franchisee Cooperation Agreement in sufficient time so as to avoid any delay or disruption to the Project Activities;
- 3 fraud or Wilful Default of the Train Franchisee Interface Party;
- 4 the modification, suspension or revocation of the Train Franchisee's Accreditation during the FAW Phase or the Maintenance Phase and such modification, suspension or revocation is not due to an unlawful, fraudulent or malicious act or omission, breach, negligence or recklessness of Project Co or its Associates; or
- 5 where:
- a the testing and commissioning process in respect of the Works during the FAW Phase; or
- b the rectification of a Defect in the Maintained Assets during the Maintenance Phase,
- is not capable of being performed at the relevant time in accordance with the terms of the Train Accreditation of the Train Franchisee Interface Party, except to the extent due to an unlawful, fraudulent or malicious act or omission, breach, negligence or recklessness of Project Co or its Associates,
- but does not include a Force Majeure Event described in paragraph 9 or paragraph 10 of the definition of Force Majeure Event.

Train Franchisee Input Documents

has the meaning given to 'Franchisee Input Documents' in the Train Franchisee Cooperation Agreement.

Train Franchisee Interface Party

means the Train Franchisee in its capacity as a counterparty to:

- 1 the Train Franchisee Cooperation Agreement; or
- 2 the Train Franchisee Cooperation Agreement Direct Deed.

Train Franchisee Land

means the land and infrastructure that is leased to the Train Franchisee under the Train Infrastructure Lease including:

- 1 on and from the relevant Date of Handback, the Returned Existing Network Works; and
- 2 on and from the Date of Final Acceptance:
 - a the Maintained Assets other than the land and infrastructure included in the Commercial Opportunities Lease; and
 - b the Returned Train Works.

Train Franchisee Projects Agreement means the agreement between Public Transport Development Authority and Metro Trains Melbourne Pty Ltd titled 'Projects Agreement - Train' dated 31 August 2009 as amended from time to time and any new or replacement projects agreement between Public Transport Victoria (or its successor) and any successor Train Franchisee that forms part of the Melbourne metropolitan rail franchise arrangements.

Train Franchisee Rail Safety Requirements has the meaning given to 'Franchisee Rail Safety Requirements' in the Train Franchisee Cooperation Agreement.

Train Franchisee Representative means the party specified in item 16 of the Contract Particulars.

Train Franchisee's Margin [not disclosed]

Train Infrastructure has the meaning given to 'rail infrastructure' in the Rail Safety National Law.

Train Infrastructure Lease means the lease between the Public Transport Development Authority, Metro Trains Melbourne Pty Ltd and Victorian Rail Track titled 'Infrastructure Lease - Train' dated 31 August 2009 as amended from time to time and includes any new or replacement lease between the Public Transport Development Authority (or its successor) and any successor Train Franchisee that forms part of the Melbourne metropolitan rail franchise arrangements.

Train Operations means each of:

- 1 provision, maintenance, movement, shunting, storage, fuelling, loading and unloading of Rolling Stock for Train Services;
- 2 provision of Train Infrastructure to enable Train Services;
- 3 maintenance, storage, building, rebuilding, servicing, replacing and repairing of Train Infrastructure and Rolling Stock; and
- 4 conduct of the business of providing Train Services.

Train Safety Interface Agreement has the meaning given to the term 'Interface Agreement' in the Rail Safety National Law.

Train Safety Management System has the meaning given in the Rail Safety National Law.

Train Services means the handling, storing or transport of freight or passengers by rail, but excludes Tram Services.

| | |
|---|--|
| Train Track Occupation | has the meaning given to 'Track Occupation' as defined in the Train Franchisee Cooperation Agreement. |
| Trainee | means a person who: <ol style="list-style-type: none">1 is employed under a Training Contract; and2 is registered with the Victorian Registration and Qualifications Authority, but excludes an Apprentice. |
| Training Contract | has the meaning given in the <i>Education and Training Reform Act 2006</i> (Vic). |
| Tram Accreditation | means accreditation under Part 5 of the Tram Safety Act. |
| Tram Franchise Agreement | means an agreement for the operation of tramway passenger services on the Melbourne metropolitan tram network (or part thereof), including any new, replacement or additional agreement entered into during the Term. As at Contract Close, this is the agreement between the Public Transport Development Authority and KDR Victoria Pty Ltd ACN 138 066 074 titled 'Franchise Agreement – Tram' dated 2 October 2017 as amended and restated and includes all modules to it, as amended from time to time. |
| Tram Franchise Business | means the delivery of Tram Operations pursuant to the Tram Franchisee Arrangements. |
| Tram Franchisee | means a franchisee for the Melbourne metropolitan tram network (or part thereof) and counterparty to a Tram Franchise Agreement, including any entity that enters into a new, replacement or additional Tram Franchise Agreement during the Term. As at Contract Close, this is KDR Victoria Pty Ltd ABN 42 138 066 074, in its capacity as the franchise operator of Melbourne's tram network, Yarra Trams. |
| Tram Franchisee Arrangements | means the Tram Franchise Agreement, the Tram Infrastructure Lease and the Tram Franchisee Projects Agreement. |
| Tram Franchisee Cooperation Agreement | means the document entitled 'Franchisee Cooperation Agreement (Tram)' between Project Co and the Tram Franchisee. |
| Tram Franchisee Cooperation Agreement Direct | means the document entitled 'FCA Direct Deed (Tram)' between the State, Project Co and the Tram Franchisee. |

Deed

**Tram Franchisee
Cooperation
Agreement PTV Direct
Agreement**

means the document entitled 'Direct Agreement – Franchisee MMR Agreements – Tram' between PTV and Project Co.

**Tram Franchisee
Failure Event**

means any of the following events:

- 1 where:
 - a the Tram Franchisee Interface Party refuses or fails to perform any material obligations under the Tram Franchisee Cooperation Agreement;
 - b Project Co demonstrates, to the satisfaction of the State (acting reasonably), that Project Co has used all reasonable endeavours to compel the Tram Franchisee Interface Party to perform those obligations; and
 - c either:
 - i the 'Senior Representatives' (as defined under the Tram Franchisee Cooperation Agreement) agree that the Tram Franchisee Interface Party has failed, or refused, to perform those obligations under the Tram Franchisee Cooperation Agreement; or
 - ii following expiry of the period for negotiation referred to in clause 25(d) of the Tram Franchisee Cooperation Agreement, an expert has determined under the Tram Franchisee Cooperation Agreement that the Tram Franchisee Interface Party has failed, or refused, to perform those obligations under the Tram Franchisee Cooperation Agreement,

and such failure or refusal of the Tram Franchisee Interface Party is subsisting or its effects are subsisting;

- 2 where:
 - a a new or replacement Tram Franchisee has been appointed by the State or a State Associate to provide Tram Services in respect of the Melbourne metropolitan tram network; or
 - b the State has terminated the Tram Franchisee Arrangements and either itself or a State Associate is providing Tram Services in respect of the Melbourne metropolitan tram network,

and the new or replacement Tram Franchisee or the State or relevant State Associate acting as the provider of Tram Services fails to enter into a Tram Franchisee Cooperation Agreement in sufficient time so as to avoid any delay or disruption to the Project Activities;

- 3 fraud or Wilful Default of the Tram Franchisee Interface Party; or
 - 4 the modification, suspension or revocation of the Tram Franchisee's Accreditation and such modification, suspension or revocation is not due to an unlawful, fraudulent or malicious act or omission, breach, negligence or recklessness of Project
-

Co or its Associates,

but does not include a Force Majeure Event described in paragraph 9 or paragraph 10 of the definition of Force Majeure Event.

| | |
|-------------------------|--|
| Uninsurable Risk | <p>means a risk that is required to be insured in accordance with this Agreement and is insurable at Contract Close but during the Term:</p> <ol style="list-style-type: none">1 insurance becomes unavailable in the recognised international insurance market in connection with that risk by Reputable Insurers; or2 the insurance premium payable for insuring that risk with a Reputable Insurer or the terms and conditions of the relevant insurance are such that the risk is no longer generally being insured against by private sector providers of infrastructure similar to the Relevant Infrastructure or the Project or services similar to the Project Activities in Australia or in the United Kingdom, <p>provided that the uninsurability referred to in paragraphs 1 and 2 is not caused by any act or omission of Project Co or any of its Associates.</p> |
|-------------------------|--|

| | |
|-----------------------|---|
| Union Official | means any officer, official or employee of an employee organisation registered under Industrial Relations Laws. |
|-----------------------|---|

| | |
|----------------------------------|--|
| Unplanned Rail Disruption | means any disruption to Rail Operations caused by or arising from an act or omission of Project Co or its Associates in connection with the Project, other than any disruption that occurs during any track occupation or period of track access permitted by a Rail Franchisee (but only to the extent permitted by that agreed track occupation or agreed period of track access). |
|----------------------------------|--|

| | |
|-------------------------------------|--|
| User | means any member of the public who is entitled to use any part of the Stations, but does not include the Train Franchisee, Project Co, the State, the Metro Tunnel Package Contractors, the Independent Reviewer, any Handover Reviewer, any Escrow Agent, or their Associates. |
| Utilities Schedule | means Schedule 10. |
| Utility | means any utility service, including water, sewerage, drainage, gas, electricity, telephone, telecommunications, fuel or other like services. |
| Utility Agreement | means an agreement referred to in Part 7 of the Relevant Legislation entered into between the State and any Relevant Utility Provider in relation to the D&C Activities and includes an approved utility agreement as defined in Part 7 of the Relevant Legislation. |
| Utility Infrastructure | means any part of the supply, distribution or reticulation network owned, operated or controlled by a Utility Provider, including poles, pipes, pipeline, cables, wires, conduits, tunnels, aqueduct, electrical installation, telecommunications plant, water channel, and railway and electronic communications systems but not including communications systems and railway provided as part of the Works and includes the Relevant Utility Infrastructure. |
| Utility Infrastructure Works | means the physical things and works which Project Co must design, supply, construct, install, produce, commission or complete in connection with the construction, modification or relocation of Utility Infrastructure and handover to the State, to an Authority or to another person in accordance with this Agreement other than Utility Infrastructure to be handed over as part of the Maintained Assets. |
| Utility Provider | means an entity (whether publicly or privately owned) that provides a Utility under the authority of State or Commonwealth legislation and includes all Relevant Utility Providers. |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed]. |
| VicRoads | means the Roads Corporation established under the <i>Transport Act 1983</i> (Vic) and continued under the <i>Transport Integration Act 2010</i> (Vic). |

| | |
|-------------------------------|--|
| Victorian Rail Network | means the entire Victorian rail network including the Melbourne metropolitan train and tram network. |
|-------------------------------|--|

| | |
|--|--|
| Victorian Registration and Qualifications Authority | means the statutory body established under Chapter 4 of the <i>Education and Training Reform Act 2006</i> (Vic) whose functions include the registration and regulation of apprenticeships and traineeships, and administering legislation including but not limited to the <i>Education and Training Reform Act 2006</i> (Vic) and the <i>Education and Training Reform Regulations 2007</i> (Vic). |
|--|--|

| | |
|-----------------|--|
| VicTrack | means the statutory corporation established under section 8 of the <i>Rail Corporations Act 1996</i> (Vic) and continued under section 116 of the <i>Transport Integration Act 2010</i> (Vic). |
|-----------------|--|

| | |
|-------------|--|
| VIPP | means the Victorian Industry Participation Policy made pursuant to section 4 of the <i>Victorian Industry Participation Policy Act 2003</i> (Vic). |
|-------------|--|

| | |
|----------------------|--------------------|
| VIPP Schedule | means Schedule 23. |
|----------------------|--------------------|

| | |
|-------------|--|
| VMIA | the 'Victorian Managed Insurance Authority' established pursuant to the <i>Victorian Managed Insurance Authority Act 1996</i> (Vic). |
|-------------|--|

| | |
|------------------------------|---|
| Voluntary Termination | means termination of this Agreement in accordance with clause 45.2. |
|------------------------------|---|

| | |
|--------------------------------------|---|
| Voluntary Termination Payment | means the Termination Payment for a Voluntary Termination in accordance with the Termination Payments Schedule. |
|--------------------------------------|---|

| | |
|----------------------------|---|
| Western Distributor | means the State project for widening the West Gate Freeway and connecting it to the Port of Melbourne, CityLink and the Melbourne CBD via a new road tunnel under Yarraville and a bridge over the Maribyrnong River. |
|----------------------------|---|

| | |
|-----------------------|--|
| Wilful Default | means any breach, act or omission done or omitted to be done with deliberate or reckless disregard for the foreseeable, harmful and avoidable consequences of the breach, act or omission. |
|-----------------------|--|

| | |
|---------------------------------|--|
| Work Readiness Procedure | means the work readiness procedure prepared by the Train Franchisee that applies to track occupations, as amended from time to time, and includes any replacement procedure. |
|---------------------------------|--|

**Workers'
Compensation
Insurance**

means the Insurance policy for workers' compensation insurance:

- 1 in respect of the D&C Phase, as set out in Part B section (f);
and
- 2 in respect of the Maintenance Phase, as set out in Part D
section (b),

of the Insurance Schedule.

Works

means the physical things and works which Project Co must design, supply, construct, install, produce, commission or complete in accordance with this Agreement, including:

- 1 the Maintained Assets;
- 2 the Final Acceptance Works;
- 3 the Returned Works;
- 4 the Temporary Works; and
- 5 the Advanced Works,

and any Modifications and rectification of Defects in such physical things and works, but excluding:

- 6 the Metro Tunnel Interface Works;
 - 7 the Ticketing Works; and
 - 8 the Commercial Opportunities Works.
-

2 General rules of interpretation

2.1 Interpretation

In this Agreement:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;

and unless the context otherwise requires:

- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;

- (c) **(Agreement and Schedule references)**: a reference to:

- (1) a party, clause, Schedule or Exhibit is a reference to a party, clause, Schedule or Exhibit of or to this Agreement; and
- (2) a section is a reference to a section of a Schedule;

- (d) **(Agreement as amended)**: without limiting clause 2.7, a reference to this Agreement or to any other deed, agreement, document or instrument includes a reference to this Agreement or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;

- (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
- (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
- (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
- (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) **(‘includes’)**: ‘includes’ will be read as if followed by the phrase ‘(without limitation)’;
- (j) **(‘or’)**: the meaning of ‘or’ will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) **(‘\$’)**: a reference to ‘\$’, AUD or dollar is to Australian currency;
- (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;
- (n) **(rights)**: a reference to a right includes any benefit, remedy, function, discretion, authority or power;
- (o) **(obligations and liabilities)**: a reference to an obligation or a liability assumed by, or a right conferred on, 2 or more persons binds or benefits them jointly and severally;
- (p) **(‘may’)**: the term ‘may’, when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) **(Independent Reviewer)**: references to the Independent Reviewer will be interpreted only to the extent of the Independent Reviewer's role under the Independent Reviewer Deed of Appointment (including the term of such appointment). To the extent that any reference to the Independent Reviewer would require the Independent Reviewer to exercise a right or carry out an obligation under this Agreement outside the term of its appointment, the State will be required to exercise such right on a similar basis as the Independent Reviewer would have, acting in accordance with the Independent Reviewer Deed of Appointment. Any such exercise of a right or carrying out of such an obligation by the State will be a decision or determination of the State and not a decision or determination of the Independent Reviewer for the purpose of clauses 11.8, 46 and 47;
- (r) **(Authorities)**: where there is a reference to an Authority, institute or association or other body referred to in this Agreement which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Agreement is deemed to refer to that other entity; or

- (2) ceases to exist, this Agreement is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (s) **(remedy)**: the use of the words 'remedy', 'cure' or any form of such words in this Agreement means that the event to be remedied or cured must be remedied or cured or its effects overcome;
- (t) **(contra proferentem rule not to apply)**: each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision; and
- (u) **(critical path)**: a reference to the critical path contained in the D&C Program is a reference to:
 - (1) in respect of delay to a Progress Milestone, the relevant critical path to that Progress Milestone; and
 - (2) otherwise, the critical path to Provisional Acceptance.

2.2 Composition of Agreement and order of precedence

- (a) **(Agreement composition)**: This Agreement comprises as at Contract Close:
 - (1) clause 1 to clause 64;
 - (2) Schedule 1 to Schedule 41; and
 - (3) Exhibit 1 to Exhibit 9.
- (b) **(State obligations)**: Project Co agrees that, except in relation to PTV's obligations under the Train Franchisee Cooperation Agreement PTV Direct Agreement or the Tram Franchisee Cooperation Agreement PTV Direct Agreement:
 - (1) to the extent that an Exhibit (other than the PS&TR or the Services Specification) or the D&C Program seeks to impose any obligations on the State, such obligations will not be legally binding on the State (unless a corresponding obligation is expressly imposed on the State or its Associates in a clause or a Schedule and then subject to clause 2.2(b)(2)); and
 - (2) Project Co is not entitled to make any Claim against the State for any Liabilities incurred by Project Co in connection with any Exhibit (other than the PS&TR or the Services Specification) or the D&C Program unless such Liabilities are also incurred by Project Co as a consequence of a breach of a corresponding obligation imposed on the State in a clause or a Schedule.
- (c) **(Order of precedence)**: Subject to clause 2.2(d), the following order of precedence applies in the event of any inconsistency, ambiguity or discrepancy between the various documents comprising this Agreement:
 - (1) clauses 1 to 64;
 - (2) Schedule 1 to Schedule 41;
 - (3) the PS&TR;
 - (4) the Services Specification; and
 - (5) subject to clause 2.2(b), the remaining Exhibits.
- (d) **(Greater requirement)**: To the extent that any part of any document comprising this Agreement imposes a greater or higher requirement, standard, quality, level

of service, quantum or scope on Project Co than any other part of any document comprising this Agreement, unless the context otherwise expressly requires, that greater or higher requirement, standard, quality, level of service, quantum or scope prevails.

2.3 Inconsistency between State Project Documents

Where there is an inconsistency, ambiguity or discrepancy between this Agreement and any other State Project Documents, or between any of the State Project Documents (excluding this Agreement), then the following order of precedence applies:

- (a) the Finance Direct Deed;
- (b) this Agreement; and
- (c) the remaining State Project Documents.

2.4 Inconsistencies within or between Project Requirements

- (a) **(Inconsistency of technical documents):** If there is any inconsistency, ambiguity or discrepancy:
 - (1) between:
 - (A) the PS&TR; and
 - (B) the Technical Solution,then the PS&TR will prevail, subject only to the extent that the Technical Solution provides a greater or higher requirement, standard, quality, level of service, quantum or scope, in which case the Technical Solution will apply to that extent; and
 - (2) within the PS&TR then the greater or higher requirement, standard, quality, level of service, quantum or scope as determined by the State will prevail; or
 - (3) within the Technical Solution then:
 - (A) a forward note to a document comprising part of the Technical Solution will prevail over the body of that document; and
 - (B) otherwise, the greater or higher requirement, standard, quality, level of service, quantum or scope as determined by the State will prevail.
- (b) **(Inconsistency of services documents):** If there is any inconsistency, ambiguity or discrepancy:
 - (1) between the Services Specification and the Services Solution, then the Services Specification will prevail, subject only to the extent that the Services Solution provides a greater or higher requirement, standard, quality, level of service, quantum, scope or outcome, in which case the Services Solution will apply to that extent; or
 - (2) within:
 - (A) the Services Specification; or
 - (B) the Services Solution,then the greater or higher requirement, standard, quality, level of service, quantum or scope as determined by the State will prevail.

- (c) **(Inconsistency of Project Requirements):** If there is any inconsistency, ambiguity or discrepancy between:
 - (1) the PS&TR and the Services Specification; or
 - (2) the Technical Solution and the Services Solution,then the greater or higher requirement, standard, quality, level of service, quantum or scope as determined by the State will prevail.
- (d) **(Inconsistency of Reference Documents):** If there is any inconsistency, ambiguity or discrepancy between the Reference Documents, section 2 of Part A of the PS&TR will apply.
- (e) **(Inconsistency of Standards):** If there is any inconsistency, ambiguity or discrepancy between or within the Standards, then the greater or higher requirement, standard, quality, level of service, quantum or scope as determined by the State will prevail.

2.5 Notification of inconsistency, ambiguity or discrepancy

- (a) **(Notification of ambiguity):** If either party identifies any inconsistency, ambiguity or discrepancy within or between any of the State Project Documents, then that party must notify the other party of the inconsistency, ambiguity or discrepancy as soon as possible and, in any case, no later than 5 Business Days after becoming aware of the inconsistency, ambiguity or discrepancy.
- (b) **(No further action):** If Project Co issues a notice in accordance with clause 2.5(a), it must not take any further action in connection with the ambiguity, discrepancy or inconsistency until a notice is received from the State in accordance with clause 2.5(c) or, if no notice is received, for 5 Business Days after the date Project Co issues its notice in accordance with clause 2.5(a).
- (c) **(Resolution of ambiguity):** Within 5 Business Days of the notice in accordance with clause 2.5(a), the State will direct Project Co as to how to resolve any ambiguity, discrepancy or inconsistency the subject of the notice in accordance with:
 - (1) in the case of an ambiguity, discrepancy or inconsistency within this Agreement:
 - (A) the greater requirement in clause 2.2(d); or
 - (B) if the ambiguity, discrepancy or inconsistency cannot be resolved under clause 2.5(c)(1)(A), the order of precedence in clause 2.2(c); or
 - (2) in the case of an ambiguity, discrepancy or inconsistency:
 - (A) between this Agreement and any other State Project Document; or
 - (B) between any of the State Project Documents (excluding this Agreement),
the order of precedence in clause 2.3; or
 - (3) if the relevant inconsistency, ambiguity or discrepancy cannot be resolved in accordance with clauses 2.5(c)(1) to 2.5(c)(2) in accordance with any process for resolving such inconsistencies, ambiguities and discrepancies contained in the relevant document or documents; or

- (4) if the relevant inconsistency, ambiguity or discrepancy cannot be resolved in accordance with clauses 2.5(c)(1) to 2.5(c)(3), as determined by the State acting reasonably.

2.6 Business Day

If the day on or by which anything is to be done in accordance with this Agreement is not a Business Day, that thing must be done no later than the next Business Day.

2.7 Review Procedures

Where Project Co is required to comply with a document that has been submitted for review in accordance with the Review Procedures (including pending resolution of any Dispute), Project Co must comply with the version of the document as set out in section 4.1(d) of the Review Procedures.

2.8 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Agreement or agreed between the parties, all approvals, consents, directions, requirements, requests, Claims, notices, agreements and demands must be given in writing.

2.9 Prior approval or consent

Where Project Co is required by this Agreement to obtain the State's or the State Representative's consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

2.10 Action without delay

Unless there is a provision in this Agreement which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

2.11 Provisions limiting or excluding Liability, rights or obligations

- (a) A right of the State or an obligation of Project Co under this Agreement will not limit or exclude any other right of the State or obligation of Project Co under this Agreement unless expressly stated.
- (b) Any provision of this Agreement which seeks, either expressly or by implication, to limit or exclude any Liability of a party is to be construed as doing so only to the extent permitted by Law.

2.12 Relationship of the parties

Unless otherwise expressly provided, nothing in this Agreement or any other Project Document:

- (a) **(no additional relationship)**: creates a partnership, joint venture, fiduciary, employment or agency relationship between the State and a Project Entity; or
- (b) **(no good faith)**: imposes any duty of good faith on the State.

2.13 State's executive rights and duties

- (a) **(State's own interests)**: Unless otherwise expressly provided in the State Project Documents, nothing in the State Project Documents gives rise to any duty on the part of the State to consider interests other than its own interests when exercising any of its rights or carrying out any of its obligations in accordance with the State Project Documents.
- (b) **(State's rights)**: Notwithstanding anything expressly provided or implied in the State Project Documents to the contrary, the parties agree that:
 - (1) the State is not obliged to exercise any executive or statutory right or duty, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of any of its executive or statutory rights or duties; and
 - (2) nothing expressly provided or implied in the State Project Documents has the effect of constraining the State or placing any fetter on the State's discretion to exercise or not to exercise any of its executive or statutory rights or duties.
- (c) **(No Claim)**: Subject to clause 2.13(d), Project Co will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its executive or statutory rights or duties.
- (d) **(Liability for breach)**: Clauses 2.13(a) to 2.13(c), and clause 17.1(a) do not limit any Liability which the State would have had to Project Co under any State Project Document as a result of a breach by the State of a term of any State Project Document to which it is a party but for these clauses.

2.14 Reasonable endeavours of State

Any statement in a State Project Document providing that the State will use or exercise 'reasonable endeavours' or 'act reasonably' in relation to an outcome, means that the State:

- (a) **(relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(no guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(no obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, statutory or executive duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

2.15 Reduction in State liability for Relief Events

The State's Liability and Project Co's entitlements in connection with any Relief Event will be reduced:

- (a) **(caused by Project Co)**: to the extent that the Relief Event is caused or contributed to by:
- (1) any breach of this Agreement by Project Co;
 - (2) any breach of any other Project Document by Project Co or any of its Associates who is a counterparty to the Project Document;
 - (3) any act or omission by Project Co or any of its Associates other than to the extent any such act or omission is authorised or permitted under a Project Document;
 - (4) any act or omission by the Delegate; or
 - (5) in relation to a PPP Interface Works Delay Event, any act or omission by the Early Works Managing Contractor other than to the extent any such act or omission is authorised or permitted under the Early Works Managing Contractor Agreement.
- (b) **(failure to mitigate)**: to the extent Project Co, any of its Associates or the Delegate, fails to:
- (1) use all reasonable endeavours to mitigate, minimise or avoid the effects, consequences or duration of:
 - (A) any event giving rise to a Relief Event; or
 - (B) circumstances giving rise to a Relief Event,
(including by putting in place temporary measures reasonably required by the State); or
 - (2) take all reasonable steps which a prudent, competent and experienced contractor in the circumstances of Project Co or the relevant Associate of Project Co would have taken to mitigate, minimise or avoid the effects, consequences or duration of the event or circumstances giving rise to a Relief Event; and
- (c) **(insurance proceeds)**: by the greater of any insurance proceeds:
- (1) payable to:
 - (A) Project Co or any of its Associates under any Insurances; or
 - (B) the Delegate under any insurance required pursuant to the Delegation Agreement,
for such Relief Event in respect of the event or circumstances giving rise to a Relief Event; and
 - (2) which would have been payable to:
 - (A) Project Co or any of its Associates under any Insurance; or
 - (B) the Delegate under any insurance required pursuant to the Delegation Agreement,
for such Relief Event in respect of the event or circumstances giving rise to a Relief Event but for a failure by Project Co to comply with this Agreement, a failure by the Delegate to comply with the Delegation Agreement, or a failure by Project Co or any of its Associates to comply with the terms of those insurances.

2.16 No State liability for review

- (a) **(No obligation):** Except as otherwise expressly provided in the Independent Reviewer Deed of Appointment, the State and the Independent Reviewer do not owe any duty of care to Project Co to:
- (1) review (or when reviewing) the Project Co Material submitted by Project Co (even where submitted in accordance with the Review Procedures); or
 - (2) inspect or review the Project Activities, the Relevant Infrastructure, the Metro Tunnel Interface Works, or the Ticketing Works, for Defects, other errors or omissions or for compliance with the State Project Documents or any Laws.
- (b) **(No relief):** No:
- (1) review of, comments upon, acceptance, approval or certification of any Project Co Material by (or on behalf of) the State;
 - (2) inspection or review of the Project Activities or the Relevant Infrastructure by (or on behalf of) the State; or
 - (3) failure by (or on behalf of) the State, to detect any non-compliance by Project Co with its obligations in accordance with the State Project Documents or any Laws,
- will:
- (4) relieve Project Co from, or alter or affect, its Liabilities, obligations or responsibilities whether in accordance with the State Project Documents or otherwise according to Law;
 - (5) prejudice the State's rights against Project Co whether under the State Project Documents or otherwise according to Law; or
 - (6) constitute an approval by the State of Project Co's performance of its obligations in accordance with the State Project Documents.
- (c) **(State Contributions and Final Acceptance Payment):** The payment of a State Contribution or the Final Acceptance Payment does not constitute an approval by the State of the completion or acceptance of the D&C Activities or the Final Acceptance Works in accordance with this Agreement, or evidence that the Project Assets are Fit For Purpose or constitute evidence that all or any other obligations of Project Co under the State Project Documents have been satisfied.

2.17 Indexation

- (a) **(Indexed amounts):** All amounts required to be adjusted in accordance with this Agreement by an Index will be Indexed in accordance with the Indexes Schedule.
- (b) **(Changes to indexes):** Any changes to Indexes will be determined in accordance with the Indexes Schedule.

2.18 Cost of carrying out obligations

Each party must carry out its obligations in accordance with this Agreement at its own cost, unless expressly provided otherwise.

2.19 Project Co and Associates

Any obligation of Project Co under the State Project Documents is deemed to include an obligation on Project Co to ensure that each of its Associates assumes and complies with the corresponding obligation to the extent that the obligation is applicable to that Associate of Project Co under a Project Document.

2.20 The Cross Yarra Partnership

- (a) **(Jointly and severally)**: The obligations, undertakings, representations, warranties, indemnities and Liabilities of Project Co under the Project Documents bind all the CY Partners jointly and severally as partners.
- (b) **(Change in membership)**: Without prejudice to anything else contained in this Agreement or any other Project Document, if the membership of the Cross Yarra Partnership changes from the CY Partners for any reason whatsoever the Project Documents continue to bind each former partner and each current partner of the Cross Yarra Partnership in respect of any accrued Liabilities that were incurred by Project Co during the period that the former partner was a member of the Cross Yarra Partnership.
- (c) **(Ceases business)**: Without prejudice to anything else contained in this Agreement or any other Project Document, if Project Co for any reason at any time ceases business, each Project Document continues to bind:
 - (1) the CY Partners; and
 - (2) any former partners of the Cross Yarra Partnership in respect of any accrued Liabilities that were incurred by Project Co during the period that the former partner was a member of the Cross Yarra Partnership.

2.21 CY Trustee's limitation of liability

- (a) **(Capacity)**: The parties acknowledge that the obligations of each CY Trustee under the Project Documents are incurred by it solely in its capacity as trustee of the relevant CY Trust other than where expressly provided otherwise, including as contemplated by paragraph 2.21(c)(1) below.
- (b) **(Limited liability)**: Subject to clause 2.21(c), each CY Trustee will:
 - (1) not be liable to pay or satisfy any of its obligations or liabilities under the Project Documents in relation to the relevant CY Trust out of any assets held by it personally;
 - (2) only be liable to pay or satisfy any of its obligations or liabilities under the Project Documents in relation to the relevant CY Trust out of the assets of that CY Trust out of which it is actually indemnified;
 - (3) not be liable to pay or satisfy any of its obligations or liabilities under the Project Documents in its personal capacity out of any asset held by it personally (other than out of the property the subject of the State Securities); and
 - (4) only be liable to pay or satisfy any of its obligations or liabilities under the Project Documents in its personal capacity out of the property the subject of the State Securities held by it personally.
- (c) **(Circumstances where a CY Trustee is personally liable)**:
 - (1) Each CY Trustee will be personally liable under the Project Documents for any loss or damage which the State may suffer as a

result of a breach of that Project Document by that CY Trustee where such breach is caused by:

- (A) fraud of that CY Trustee;
- (B) wilful default of that CY Trustee;
- (C) that CY Trustee having committed a breach of trust;
- (D) that CY Trustee having been negligent in the performance of its duties as trustee of the relevant CY Trust;
- (E) a representation or warranty given by that CY Trustee under a Project Document in respect of itself (in any capacity) or the relevant CY Trust being untrue, incorrect or misleading when made or repeated; or
- (F) a breach of any undertaking (other than an undertaking to pay) of that CY Trustee given under a Project Document.

(2) The State may:

- (A) do anything necessary to enforce its rights in connection with any representation or warranty (with respect to the relevant CY Trustee or the relevant CY Trust) or undertaking (other than an undertaking to pay) given by any CY Trustee under the Project Documents;
- (B) do anything necessary to enforce its rights under each State Security;
- (C) take proceedings to obtain an injunction or other order to restrain any breach of the Project Documents by any CY Trustee or declaratory relief or other similar judgment or order as to the obligations of any CY Trustee under the Project Documents; and
- (D) prove in any insolvency proceedings in respect of any CY Trustee only in order to protect and enforce its rights in respect of the property of the relevant CY Trust and the Trustee's Indemnity.

(3) Nothing in this clause 2.21 prevents the State obtaining any injunctive relief, order for specific performance, declaration or similar relief against any CY Trustee.

(d) **(Limited recourse):** The State must not, except to the extent a CY Trustee is personally liable under clause 2.21(c)(1) and subject to clauses 2.21(c)(2) and 2.21(e):

- (1) bring any proceeding for the winding up or liquidation of a CY Trustee;
- (2) appoint, or seek the appointment of, a receiver or receiver and manager or other controller (as defined in the Corporations Act) to a CY Trustee or its assets or the assets of a CY Trust other than one appointed over any property secured by the State Securities;
- (3) incur, or permit any receiver, receiver and manager appointed under a State Security, attorney appointed under a State Security or any other person to incur, any obligation binding on a CY Trustee unless the obligation is limited in accordance with this clause 2.21;
- (4) take any action to obtain a judgment against a CY Trustee or to enforce a judgment against a CY Trustee other than:

- (A) a judgment required to prove the amount of any Secured Moneys (as defined in the State Security);
- (B) a counterclaim in any proceedings commenced by a CY Trustee; or
- (C) as permitted by clause 2.21(c)(3); or
- (5) levy or enforce a levy or distress or other execution upon or against any assets of a CY Trustee other than any property secured by the State Securities or the assets of the relevant CY Trustee or CY Trust.
- (e) **(No limitation on enforcement of security provided under the State Securities):** This clause 2.21 does not limit or affect in any way the enforcement of the State Securities and, for the avoidance of doubt, it is acknowledged and agreed by each CY Trustee (in its personal capacity and as trustee for the relevant CY Trust) that the security granted under the State Securities by it constitutes a Security Interest over all of the Trust Property and all of its Trustee's Indemnity.
- (f) **(CY Trustee as Partner):** A reference to a CY Trustee includes a reference to the relevant CY Partner as a partner in the Cross Yarra Partnership.

3 Conditions Precedent

3.1 Commencement

This Agreement will not commence until each of the Conditions Precedent has been satisfied (or waived in accordance with clause 3.3), except for the provisions contained in:

- (a) clause 1 (*Definitions*);
- (b) clause 2.1 (*Interpretation*);
- (c) clause 2.12 (*Relationship of the parties*);
- (d) clause 2.13 (*State's executive rights and duties*);
- (e) clause 2.14 (*Reasonable endeavours of State*);
- (f) clause 2.15 (*Reduction in State liability for Relief Events*);
- (g) this clause 3 (*Conditions Precedent*);
- (h) clause 4 (*Term*);
- (i) clause 5.3 (*All risks*);
- (j) clause 8.1 (*Key Approvals to be obtained by the State*);
- (k) clause 11.3 (*Parties' representatives*);
- (l) clause 15 (*Health and safety*);
- (m) clause 37 (*Commercial opportunities and revenue*);
- (n) clauses 42.8 (*Indemnity for Project Co breach*) to 42.15 (*Liability for Indirect or Consequential Loss*);
- (o) clause 43 (*Insurance*);
- (p) clause 46 (*Dispute Resolution*);
- (q) clause 47 (*Arbitration*);

- (r) clause 48 (*Representations and warranties*);
- (s) clause 49 (*Benefits held on trust for its Associates*);
- (t) clause 50 (*Project Co to inform itself*);
- (u) clause 51 (*Restrictions on Project Co*);
- (v) clause 53 (*Assignment, amendments and change in ownership*);
- (w) clause 54.1 (*Provision of the Base Case Financial Model*);
- (x) clause 56 (*Intellectual Property Rights*);
- (y) clause 57 (*Confidential Information and disclosure*);
- (z) clause 62 (*Probity Events and Probity Investigations*);
- (aa) clause 63 (*Notices and bar to Claims*); and
- (bb) clause 64 (*Miscellaneous*),

which will commence on Contract Close.

3.2 Satisfaction of Conditions Precedent

- (a) **(State to use reasonable endeavours)**: The State must use reasonable endeavours to satisfy each Condition Precedent which is expressed to be included for the benefit of Project Co (or Project Co and the State) by the relevant Condition Precedent Deadline and must notify Project Co as such Conditions Precedent are satisfied.
- (b) **(Project Co to satisfy)**: Project Co must satisfy each Condition Precedent which is expressed to be included for the benefit of the State (or Project Co and the State) other than Condition Precedent 12 (*Nomination as a State Project*), by the relevant Condition Precedent Deadline and must notify the State as such Conditions Precedent are satisfied.
- (c) **(Notice at Financial Close)**: When the last of the Conditions Precedent to be satisfied has been satisfied or waived, the State Representative must confirm that all of the Conditions Precedent have been satisfied or waived and the date upon which the last of the Conditions Precedent was satisfied or waived.

3.3 Waiver of Conditions Precedent

- (a) **(Conditions Precedent Schedule)**: The Conditions Precedent Schedule sets out which party benefits from the satisfaction of each Condition Precedent.
- (b) **(Waiver)**: A Condition Precedent is only waived if:
 - (1) where the Condition Precedent is included for the benefit of a particular party as set out in the Conditions Precedent Schedule, that party gives notice of the waiver of the Condition Precedent to the other party; and
 - (2) where the Condition Precedent is included for the benefit of both parties, both parties agree to waive the Condition Precedent.

3.4 Failure to satisfy Condition Precedent Deadline

If the Conditions Precedent are not satisfied (or waived in accordance with clause 3.3) by the relevant Condition Precedent Deadline, then:

- (a) **(State option to terminate)**: the State may, at its option terminate this Agreement upon the State giving not less than 5 Business Days' notice to Project Co; and
- (b) **(State Project Documents terminated)**: each of the State Project Documents will be taken to have been terminated at the time this Agreement is terminated and will be of no further force or effect.

3.5 Model Output Schedule

- (a) **(Model Output Schedule)**: The parties acknowledge that the Financial Close Financial Model will contain the Model Output Schedule.
- (b) **(Conformed Copy)**: As soon as practicable after Financial Close, the parties will prepare conformed copies of the Project Documents incorporating relevant data derived from the Model Output Schedule.

3.6 Accepted Works Novation Deeds

- (a) Project Co agrees that on and from the date that the Construction Power Works (excluding any maintenance activities) are completed in accordance with the Construction Power Agreement, the Construction Power Works will form part of:
 - (1) the Works; and
 - (2) the works required to be performed by the D&C Subcontractor pursuant to the D&C Subcontract.
- (b) Project Co agrees that on and from the date that the PPP Interface Works are completed in accordance with the Early Works Managing Contractor Agreement, the PPP Interface Works will form part of:
 - (1) the Works; and
 - (2) the works required to be performed by the D&C Subcontractor pursuant to the D&C Subcontract.
- (c) Project Co indemnifies the State against all Claims by, and Liability to, the D&C Subcontractor in respect of the Accepted Works Novation Deeds.
- (d) As between Project Co and the State, any Liability in connection with the Accepted Works Novation Deeds will be determined pursuant to the terms of this Agreement.
- (e) Subject to clause 3.6(f), the State will use its best endeavours to procure the novation of the Construction Power Agreement from the State to the D&C Subcontractor on completion of the Construction Power Works (excluding any maintenance activities).
- (f) If the State cannot procure a novation in accordance with clause 3.6(e), the State will provide such assurances, or procure such instruments, as necessary:
 - (1) to demonstrate to Project Co (acting reasonably) that it has discharged its obligations to the Construction Power Contractor (excluding in relation to any maintenance activities); and
 - (2) to give the D&C Subcontractor rights against the Construction Power Contractor (as if the novation contemplated by clause 3.6(e) had occurred).

3.7 Advanced Works Deed

- (a) The parties acknowledge and agree that the Advanced Works Activities form part of the Works to be delivered by Project Co under this Agreement.
- (b) The parties acknowledge and agree that each determination of the Independent Reviewer pursuant to the Independent Reviewer Deed of Appointment (Advanced Works) will be binding on the parties as if it were a determination by the Independent Reviewer under the Independent Reviewer Deed of Appointment.
- (c) The parties acknowledge that the Advanced Works Activities:
 - (1) are subsumed within the scope of the D&C Subcontract; and
 - (2) form part of the “works” as defined under the D&C Subcontract.
- (d) Project Co:
 - (1) acknowledges that the Advanced Works Deed has been terminated in accordance with its terms;
 - (2) accepts all Liabilities of the D&C Subcontractor accrued under or in connection with the Advanced Works Deed as such Liabilities existed immediately prior to termination of the Advanced Works Deed, as if Project Co had originally been named in the Advanced Works Deed as a party instead of the D&C Subcontractor;
 - (3) agrees that any obligation or Liability of the State, including in respect of payment, arising under or in connection with the Advanced Works Deed is satisfied and discharged by the State at the time of Financial Close; and
 - (4) agrees that Project Co has no Claim against the State in relation to any matter arising under or in connection with the Advanced Works Deed.

3.8 Early Works Proposal and payments on Financial Close

- (a) Project Co must pay to the State the Day 1 Refund Payment on Financial Close.
- (b) The parties acknowledge and agree that:
 - (1) the amounts and calculations set out in the table in this clause 3.8 are correct as at Contract Close;
 - (2) to the extent necessary, Project Co will provide to the State an updated table in the form of this clause 3.8 prior to Financial Close (and otherwise in accordance with specific timing agreed by the parties taking into account the forecast date of Financial Close) which must contain:
 - (A) details of any updated amounts; and
 - (B) the reason for any such changes; and
 - (3) they will confer in good faith to agree any changes to the amounts in the table in this clause 3.8.

Table: Calculation of Day 1 Refund Payment

[not disclosed]

- (4) the sum of:
 - (A) all amounts paid by the State to the D&C Subcontractor under the Advanced Works Deed;
 - (B) [not disclosed] of the amounts paid by the State to the Independent Reviewer under the Independent Reviewer Deed of Appointment (Advanced Works); and
 - (C) the Early Services Fee paid by the State prior to Financial Close,

represent consideration for a taxable supply for GST purposes by the State to Project Co. The State will issue a Tax Invoice to Project Co on or before Financial Close in respect of the amounts [not disclosed] in the table in this clause 3.8(b); and
- (5) the Early Works Risk Fee and the Early Services Fee represent consideration for a taxable supply for GST purposes by Project Co to the State and Project Co will issue a Tax Invoice to the State on or before Financial Close in respect of the amounts C + D in the table in this clause 3.8(b).
- (c) Project Co agrees that any obligation or Liability of the State existing at the date of Financial Close in respect of payment arising under or in connection with the Early Works Proposal, the Early Works Services Agreement and the Delegation Agreement is satisfied and discharged by the State at the time of Financial Close.

4 Term

4.1 Commencement date

Subject to clause 3.1, this Agreement commences on the date of Financial Close.

4.2 Expiry Date

This Agreement will terminate on the Final Expiry Date unless terminated earlier, in which case this Agreement will expire on the date of such earlier termination (in each case the **Expiry Date**).

5 Overarching obligations

5.1 Project Co's primary obligations

- (a) **(Deliver the Project)**: Project Co must carry out the Project Activities in accordance with:
 - (1) the State Project Documents;
 - (2) the PS&TR and the Technical Solution;
 - (3) all applicable Laws;
 - (4) Best Industry Practices; and
 - (5) all applicable Standards.
- (b) **(Comply with directions)**: Project Co must comply with:
 - (1) all Modification Orders and its obligations with respect to Minor Modification Proposals; and
 - (2) all directions or determinations given in accordance with the State Project Documents by the State or their delegates, the State Representative or its delegates, or the Independent Reviewer.

5.2 Fit For Purpose Warranty

Project Co warrants that:

- (a) **(Relevant Infrastructure)** at all times on and from the Date of Provisional Acceptance until the Date of Final Acceptance, the Relevant Infrastructure (other than the Maintained Rail Infrastructure Alliance Assets, the Returned Train Works and the Returned VicTrack Works) will:
 - (1) be Fit For Purpose; and
 - (2) comply with:
 - (A) all applicable Laws; and
 - (B) all applicable Standards;
- (b) **(Maintained Assets)** at all times on and from the Date of Final Acceptance, and at all times throughout the Term, the Maintained Assets (other than the Maintained Rail Infrastructure Alliance Assets) will:
 - (1) be Fit For Purpose; and
 - (2) comply with:
 - (A) all applicable Laws; and
 - (B) all applicable Standards; and

- (c) **(Returned Assets)**: on the Date of Handback, the relevant Returned Assets will:
- (1) be Fit For Purpose; and
 - (2) comply with:
 - (A) all applicable Laws; and
 - (B) all applicable Standards; and
 - (3) be capable of remaining Fit For Purpose through the Term, provided that each Returned Asset is operated and maintained in accordance with Best Maintenance Practices and Best Operating Practices following the relevant Date of Handback,
- (each a **FFP Warranty**).

5.3 All risks

- (a) [not disclosed]
- (b) **(State liability)**: Clause 5.3(a) does not exclude or limit:
- (1) any Liability the State or its Associates may have to Project Co or any of its Associates under the State Project Documents or at Law in respect of Project Co's or its Associates' Liability to a third party in respect of death, personal injury or damage to property, to the extent that the Liability of Project Co or its Associates is a consequence of a fraudulent, reckless, unlawful or malicious act or omission of the State or of a State Associate; or
 - (2) Project Co's rights to raise any defence in relation to a Claim made by the State or the State's Associates.
- (c) **(Project Co acknowledgement)**: Project Co acknowledges and agrees that its sole financial entitlement and the State's sole financial Liability:
- (1) for delay, disruption, disturbance to the progress of any part of the D&C Activities, including by reason of an Extension Event, is limited to the amount payable by the State to Project Co in accordance with clauses 26.9(b), 26.10, 26.11, 26.18, 26.19, 38.1, 43.19 and 43.20 and the Change Compensation Principles; and
 - (2) arising out of or in connection with an Intervening Event is limited to the amount payable by the State to Project Co in accordance with clauses 31.4(b), 31.5(c), 31.6(b), 43.19 and 43.20 and the Change Compensation Principles.

5.4 All Risks (Project Requirements)

- (a) **(Project Co acknowledgement)**: Project Co acknowledges and agrees that:
- (1) the State and its Associates have not made and make no representation, and give no warranty or guarantee and owe no duty of care; and
 - (2) Project Co bears the entire risk of, and will not make any Claim against the State for, any Liability,
- in connection with:
- (3) whether, if Project Co:

- (A) during the D&C Phase, designs, manufactures, constructs, installs and commissions the Works (other than the Maintained Rail Infrastructure Alliance Assets); and
 - (B) during the Maintenance Phase, maintains the Maintained Assets,
- in accordance with the Project Requirements, the Project Assets will meet the requirements in the Project Requirements and the State Project Documents; and
- (4) whether carrying out the Project Activities (including preparation of the Project Co Material) in accordance with the Project Requirements will ensure that Project Co can sufficiently discharge its obligations under the State Project Documents.
- (b) **(Additional measures)**: Project Co must:
- (1) make its own determination of whether the requirements of the State Project Documents will be satisfied if Project Co:
 - (A) during the D&C Phase, designs, manufactures, constructs, installs and commissions the Works (other than the Maintained Rail Infrastructure Alliance Assets); and
 - (B) during the Maintenance Phase, maintains the Maintained Assets,

in compliance with the Reference Documents and whether any additional or varied measures are required to enable Project Co to comply with the State Project Documents; and
 - (2) incorporate all additional or varied measures necessary to enable Project Co to comply with the State Project Documents.

6 Land, access and track occupations

6.1 Property Committee

In order to coordinate and facilitate the land issues for the Project, the State and Project Co will form a consultative committee (**Property Committee**) comprising:

- (a) at least 2 representatives from the State; and
- (b) one representative from Project Co,

which will conduct its proceedings in the manner agreed between the State and Project Co.

6.2 Land Availability Plans

- (a) **(State to make available)**: Subject to clauses 6.3(g), 6.3(h) and 6.3B, the State will make each relevant parcel of land specified in the Land Availability Plans available to Project Co (subject to the terms set out therein):
 - (1) in respect of Temporary Works, for the period:
 - (A) commencing on the Temporary Land Availability Date; and
 - (B) ending on the Temporary Land Exit Date,

- (2) in respect of Works other than Temporary Works, commencing on the Permanent Land Availability Date,
- in each case as specified for that parcel of land in the Land Availability Plans and otherwise in accordance with the terms of this Agreement, by either of the following processes:
- (3) by granting, or procuring the grant of, a Construction Licence in accordance with clause 6.5; or
- (4) by an alternative process determined by the State, which process may involve sections 167 or 170 of the Relevant Legislation, or section 75 of the *Land Acquisition and Compensation Act 1986* (Vic) (as amended by section 119 of the Relevant Legislation).
- (b) **(No other rights)**: Except as provided for in this clause 6, the State has no obligation to provide Project Co with any rights identified in the Land Availability Plans relating to land.
- (c) **(Adjustment of Land Availability Plans)**: The Land Availability Plans may only be adjusted in accordance with clause 6.3.

6.3 Adjustment of Land Availability Plans

- (a) **(Project Co may request)**: Project Co may, subject to clauses 6.3(g), 6.3(h) and 6.3B, submit a notice to the State for review in accordance with the Review Procedures, requesting that the Land Availability Plans be amended to:
- (1) include additional parcels of land;
- (2) amend the Land Availability Date or the Temporary Land Exit Date of an existing parcel of land referred to in the Land Availability Plans; or
- (3) in respect of a parcel of land identified as having a Permanent Land Availability Date, amend the Permanent Land Availability Date to a Temporary Land Availability Date and add a Temporary Land Exit Date.
- (b) **(Project Co's Notice)**: Project Co's notice under clause 6.3(a) must include details of:
- (1) in connection with an additional parcel of land:
- (A) the additional parcel of land (including height and depth) required by Project Co;
- (B) the purpose for which Project Co requires that additional parcel of land;
- (C) the period which Project Co reasonably anticipates it requires access to the additional parcel of land; and
- (D) any consequential amendments required to the Land Availability Plans; and
- (2) in connection with an existing parcel of land (as relevant):
- (A) the proposed Land Availability Date;
- (B) the proposed Temporary Land Exit Date; and
- (C) the reasons why Project Co requires access to the relevant parcel of land for a different period.

- (c) **(State may exercise powers):** Within a reasonable period following receipt of a notice under:
- (1) clause 6.3(a)(1), if the State has the power under the Relevant Legislation (or any equivalent legislation) enabling it to do so; or
 - (2) clause 6.3(a)(2) and 6.3(a)(3), if the State is reasonably able to make the parcel of land available (as relevant):
 - (A) by the proposed Land Availability Date; or
 - (B) until the proposed Temporary Land Exit Date,the State may, subject to clause 6.3(i):
 - (3) agree to amend the Land Availability Plans under clause 6.3(f); or
 - (4) advise Project Co that it will not accede to the request made by Project Co under clause 6.3(a).
- (d) **(Project Co accepts all risks):** Subject to clause 6.3(i), Project Co accepts all risks under this clause 6.3, including:
- (1) the risk of any unavailability or delay in making a parcel of land available, where the State exercises its powers under clause 6.3(c)(3);
 - (2) any risk arising as a result of compliance with the conditions imposed by the State under clause 6.3(c)(3);
 - (3) all costs incurred by the State (including land acquisition costs), where the State exercises its powers under clause 6.3(c)(3), which will be a debt due and payable by Project Co to the State, however Project Co will not be liable for costs incurred by the State where the State exercises its powers under clause 6.3(c)(3) in connection with a notice under clause 6.3(a)(3); and
 - (4) the risk that the State does not accede to a request in accordance with clause 6.3(c)(4).
- (e) **(Payment as a condition of exercise of power):** The State may, as a condition of exercising its powers under clause 6.3(c)(3), require Project Co to deposit sufficient funds into its nominated bank account in order to meet all costs that the State reasonably anticipates that it will incur as a result of the exercise of its powers, except where the State must agree to amend a Temporary Land Exit Date in accordance with clause 6.3(i).
- (f) **(Adjustment of the Land Availability Plans):** If the State agrees to amend the Land Availability Plans under clause 6.3(c)(3), then the Land Availability Plans will be amended by the State to reflect:
- (1) the additional parcel of land to be made available by the State and the Land Availability Date for that land, having regard to the date advised by Project Co under clause 6.3(b)(1)(C) and the exercise of the State's powers to make the parcel available; or
 - (2) the amended Land Availability Date or Temporary Land Exit Date (as relevant) of an existing parcel of land,
- (as the case may be), including any consequential amendments required to remove Land Availability Plans, as a result of the inclusion of an additional parcel of land.
- (g) **(Temporary Land Exit Dates):** If Project Co requires an extension of a Temporary Land Exit Date it must submit a notice under clause 6.3(a)(2) no

later than 3 months' prior to the current Temporary Land Exit Date for that parcel of land.

- (h) **(Unspecified information and Approvals):** Project Co must:
- (1) by the earlier of:
 - (A) the time specified for a parcel of land in the 'Land Description and Qualifications' section of the Land Availability Plans; and
 - (B) the time specified for an action which relates to a parcel of land (which may be a road) in the Steps Plan Schedule; and
 - (2) prior to the actual or proposed Land Availability Date for that parcel of land,
- where:
- (3) the Steps Plan Schedule identifies a deliverable or obligation that is required in connection with procuring access to that parcel of land, do all things necessary to satisfy that deliverable or obligation (as relevant) and provide evidence to the State;
 - (4) the Land Availability Plan identifies in the 'Land Description' or 'Land Availability and Qualifications' section that a 'Plan' is required to be supplied in respect of a parcel of land, submit with a notice under clause 6.3(a)(1) a high quality cadastral survey plan identifying the area of land that it requires the State to make available; and
 - (5) the Land Availability Plan does not specify a Land Availability Date or a Temporary Land Exit Date in respect of a parcel of land, submit a notice under clause 6.3(a)(2) specifying the proposed Land Availability Date or Temporary Land Exit Date (as relevant).
- (i) **(Mandatory changes):** The State must agree to:
- (1) amend a Temporary Land Exit Date pursuant to clause 6.3(c) where an Extension Event or a Modification Order requires that Project Co access the relevant parcel of land for a longer period, for the number of days that Project Co is entitled to an extension of time; and
 - (2) amend a Land Availability Date and a Temporary Land Exit Date pursuant to clause 6.3(c) where a failure by Project Co to comply with clause 6.3(h) causes delay to the State making that parcel of land available to Project Co, for the number of days that Project Co delays that parcel from being made available.
- (j) **(Reduced entitlement):** Without limiting clause 2.15, the State's Liability and Project Co's entitlements in connection with a failure by the State to make a parcel of Land available to Project Co will be reduced to the extent caused or contributed to by:
- (1) any breach of this Agreement by Project Co, including a breach of clause 6.3(h); and
 - (2) any act or omission by Project Co or any of its Associates other than to the extent any such act or omission is authorised or permitted under a Project Document.
- (k) **(Planning Scheme Amendment No 2):** The State must diligently and expeditiously use reasonable endeavours to:
- (1) obtain Planning Scheme Amendment No 2 ahead of the Planning Scheme Amendment No 2 Date; and

- (2) if the Planning Scheme Amendment No 2 is obtained ahead of the Planning Scheme Amendment No 2 Date, make available to Project Co the land the subject of Planning Scheme Amendment No 2 ahead of the dates for such land set out in the Land Availability Plans.

6.3A Construction Laydown Areas

- (a) The State will make available to Project Co land within the 'Old Melbourne Fruit and Vegetable Market' located off Dynon Road, West Melbourne and controlled by VicTrack, as specified in the Land Availability Plans for the purposes of construction laydown, assembly and storage.
- (b) Until 30 May 2018, the State will use reasonable endeavours (which does not require the use of any statutory process) to make available to Project Co 'The Paddock' from 30 October 2018, being the land located in the south eastern corner of the Federation Square adjacent to the railway lines for the purposes of construction laydown, assembly and storage (**The Paddock**).
- (c) If the State is unable to make available to Project Co The Paddock in accordance with clause 6.3A(b), the State will make available to Project Co one or more parcels of land for construction laydown, assembly and storage purposes from 30 October 2018 until Provisional Acceptance which:
 - (1) is reasonably equivalent in size, proximity to the associated Construction Area, and utility to The Paddock; and
 - (2) will:
 - (A) not cause Project Co to incur any additional costs (including attendance costs);
 - (B) following consultation with the State's traffic and transport working group, provide acceptable performance for truck marshalling purposes; and
 - (C) not give rise to any additional material community concerns or stakeholder issues,in each case, in comparison to the use of The Paddock for equivalent purposes.

6.3B Design Optimisation Land

- (a) (**Acknowledgement**): Project Co acknowledges that, as part of the process for obtaining Planning Scheme Amendment No 2, objections may be received from Relevant Stakeholders (PSA2) and as a consequence the Minister for Planning may:
 - (1) not include some or all of the Design Optimisation PSA2 Land as part of Planning Scheme Amendment No 2; or
 - (2) impose additional conditions on a Key Approval,(each a **PSA Variation**).
- (b) (**Mitigation**): The State agrees that:
 - (1) it will promptly provide information regarding any objections received from Relevant Stakeholders (PSA2) to Project Co and allow Project Co an opportunity to propose additional mitigations, or amendments, to address the concerns raised by the Relevant Stakeholder (PSA2); and

- (2) upon receipt of a written request from Project Co, it will not commence or continue the process for acquiring one or more parcels of the Design Optimisation PSA2 Land.
- (c) **(No breach)**: The State will not be in breach of this Agreement, and the State will have no liability to Project Co, and Project Co will not be entitled to relief (including for any Project Specific Change in Law), as a result of a PSA Variation.
- (d) **(Cost of Design Optimisation Land)**: Project Co must reimburse the State for all third party costs reasonably and properly incurred by the State (including land acquisition costs) in making Design Optimisation Land available to Project Co, and such amounts will be a debt due and payable by Project Co to the State.

6.4 Permitted use

Project Co must not use or permit the use of the Licensed Construction Areas, the Commercial Opportunities Leased Areas, or the Licensed Maintenance Areas for any purpose other than as permitted under this Agreement, the Construction Licence, the Commercial Opportunities Lease, or the Maintenance Licence.

6.5 Construction Licence

Subject to section 6.2(a)(4) and the other provisions of this Agreement affecting access or granting rights in relation to land, the State will grant, or procure the grant, to Project Co of a non-exclusive licence under section 173 of the Relevant Legislation or other means:

- (a) in respect of each part of the Licensed Construction Areas;
- (b) commencing on or prior to:
 - (1) the Land Availability Date; or
 - (2) the date otherwise agreed between the parties,for that part of the Licensed Construction Areas;
- (c) substantially in the form of, and on the terms and for the purposes specified in, the Construction Licence and the PS&TR; and
- (d) otherwise on such other terms imposed by the State (acting reasonably):
 - (1) having regard to any obligations owed by the State to the relevant landowner in respect of that part of the Licensed Construction Areas;
 - (2) having regard to the nature, location, hours and mode of construction of the Works for which the Construction Licence is granted; and
 - (3) in consultation with the Property Committee.

6.6 Operational Access Plans

- (a) **(Operational Access Plans)**: Prior to the earlier of:
 - (1) the Date of Handback of a Returned Asset; and
 - (2) the Date of Provisional Acceptance,

Project Co must submit to the State a plan describing any access rights over the relevant Returned Asset(s):

- (3) which are necessary for:
 - (A) Project Co to perform the remaining D&C Activities and the Services (other than in respect of Returned Train Works and Returned VicTrack Works);
 - (B) the Train Franchisee to perform Train Operations (other than in respect of Returned Train Works and Returned VicTrack Works); or
 - (C) the Tram Franchisee to perform Tram Operations (other than in respect of Returned Tram Works);
- (4) which are consistent with the requirements of the relevant Returned Asset Owner; and
- (5) which the State is legally capable of granting under its existing tenure of the relevant Returned Asset,
(an **Operational Access Plan**).
- (b) (**Plan information**): If required by the State, Project Co must make available the appropriate personnel to explain an Operational Access Plan and to provide information in relation to an Operational Access Plan, in such form and substance as the State requests.
- (c) (**State Approval**): Project Co must allow the State a reasonable time, which must be not less than 40 Business Days, within which to:
 - (1) approve an Operational Access Plan; or
 - (2) submit to Project Co amendments to an Operational Access Plan.
- (d) (**Approval of Operational Access Plans**): If the State:
 - (1) approves an Operational Access Plan submitted by Project Co under clause 6.6(a); or
 - (2) fails to approve or submit amendments to an Operational Access Plan under clause 6.6(c),then the Operational Access Plan will be a Final Operational Access Plan.
- (e) (**Amendments to Operational Access Plan**): If the State submits amendments to an Operational Access Plan under clause 6.6(c)(2), then:
 - (1) the State and Project Co must consult in good faith, and use their reasonable endeavours, to establish the amendments required to the Operational Access Plan, having regard to the State's requirement that the Construction Licence and the Maintenance Licence must only encompass that land reasonably necessary (limited as to height and depth) for Project Co to comply with its obligations under this Agreement; and
 - (2) if, and to the extent that, amendments are agreed the revised Operational Access Plan agreed by the State and Project Co will be a Final Operational Access Plan.
- (f) (**Dispute**): Handback of each Returned Asset and Provisional Acceptance will not occur until the Operational Access Plan for the relevant Returned Asset has been:
 - (1) determined to be a Final Operational Access Plan in accordance with clause 6.6(d) or clause 6.6(e)(2); or

- (2) referred by the parties for resolution under clause 46 and determined to be a Final Operational Access Plan.
- (g) **(Final Operational Access Plan)**: On and from the Date of Handback of a Returned Asset, the State is not required to provide Project Co with access to any part of the Returned Asset unless that part of the Returned Asset is subject to an access right described in the Final Operational Access Plan for the relevant Returned Asset.

6.7 Survey Plan

- (a) **(Survey Plan)**: At least 6 months prior to the expected Date of Final Acceptance, Project Co must submit to the State:
 - (1) a survey plan of the area proposed to be the subject of the Maintenance Licence which:
 - (A) sets out the location of each proposed area (limited as to height and depth);
 - (B) encompasses only that land reasonably necessary (limited as to height and depth) for Project Co to comply with its obligations under this Agreement;
 - (C) identifies the location and purpose of any easements reasonably necessary for Project Co to have, in order for Project Co to perform its obligations under this Agreement, any Maintenance Licence or any Commercial Opportunities Lease;
 - (D) identifies any land which is not proposed to be a Commercial Opportunities Leased Area or a Licensed Maintenance Area, but which is reasonably necessary for Project Co to perform its obligations under this Agreement; and
 - (E) complies with the PS&TR; and
 - (2) a certificate which certifies that the Maintained Assets are, or will be, wholly located within the area comprised of the Licensed Maintenance Areas and the Commercial Opportunities Leased Areas, signed by a licensed surveyor,
(Survey Plan).
- (b) **(Plan information)**: If required by the State, Project Co must make available the appropriate personnel to explain the Survey Plan and to provide information in relation to the Survey Plan, in such form and substance as the State requests.
- (c) **(State Approval)**: Project Co must allow the State a reasonable time, which must be not less than 40 Business Days, within which to:
 - (1) approve the Survey Plan; or
 - (2) submit to Project Co amendments to the Survey Plan.
- (d) **(Approval of Survey Plan)**: If the State:
 - (1) approves the Survey Plan submitted by Project Co under clause 6.7(a); or
 - (2) fails to approve or submit amendments to the Survey Plan under clause 6.7(c),

then the Survey Plan will be the Access Plan.

- (e) **(Amendments to Survey Plan):** If the State submits amendments to the Survey Plan under clause 6.7(c)(2), then:
- (1) the State and Project Co must consult in good faith, and use their reasonable endeavours, to establish the amendments required to the Survey Plan, having regard to the State's requirement that the Access Plan must only encompass that land reasonably necessary (limited as to height and depth) for Project Co to comply with its obligations under this Agreement and the Maintenance Licence; and
 - (2) if, and to the extent that, amendments are agreed, the revised Survey Plan agreed by the State and Project Co will be the Access Plan.
- (f) **(Dispute):** If the State and Project Co do not agree on the amendments required to the Survey Plan within 10 Business Days (or such longer period agreed by the parties) after the commencement of the consultation under clause 6.7(e), then:
- (1) until otherwise determined in accordance with clause 6.7(f)(2), the State's amendments to the Survey Plan submitted under clause 6.7(c)(2) will be deemed to be incorporated into the Access Plan and the Maintenance Licence (as relevant); and
 - (2) the parties must refer the matter for resolution under clause 46.

6.8 Commercial Opportunities Lease

- (a) **(Commercial Opportunities Lease Term):** Within the 3 Months prior to Final Acceptance, on completion of the Works in respect of the proposed Commercial Opportunities Leased Areas, the State will grant or will procure the grant of the Commercial Opportunities Lease to Project Co:
- (1) for the duration of the Maintenance Phase;
 - (2) substantially in the form of the Commercial Opportunities Lease;
 - (3) for the purpose of the Permitted Commercial Opportunities; and
 - (4) otherwise on such other terms imposed by the State (acting reasonably):
 - (A) having regard to the nature and location of Project Co's obligations in relation to the Maintained Assets;
 - (B) having regard to the Commercial Opportunities Guiding Principles; and
 - (C) having regard to the Services Specification.
- (b) **(Delivery):** Project Co must prepare and deliver to the State 3 counterparts of the Commercial Opportunities Lease which are:
- (1) executed by Project Co; and
 - (2) complete, except for those matters that the State is authorised to complete under clause 6.8(c).
- (c) **(Authority to complete):** Project Co authorises the State to complete the Commercial Opportunities Lease by inserting:
- (1) the commencement date of the Commercial Opportunities Lease;

- (2) the areas required for the purpose of the Permitted Commercial Opportunities, as an annexure to the Commercial Opportunities Lease; and
- (3) any other particulars necessary to complete the Commercial Opportunities Lease.
- (d) **(Execution):** The State will complete the counterparts of the Commercial Opportunities Lease delivered by Project Co, execute each counterpart and return one of the completed and executed counterparts to Project Co.
- (e) **(Commercial Opportunities Lease to have effect from Date of Final Acceptance):** On the Date of Final Acceptance, whether or not the Commercial Opportunities Lease has been executed by both parties by the Date of Final Acceptance, each party will be bound by the Commercial Opportunities Lease as if the Commercial Opportunities Lease had been fully completed and executed.

6.9 Maintenance Licence

- (a) **(Maintenance Licence):** Subject to Provisional Acceptance having occurred, the State will grant, or procure the grant to, Project Co of a non-exclusive licence under section 173 of the Relevant Legislation or other means:
 - (1) in respect of the Licensed Maintenance Areas;
 - (2) from Date of Provisional Acceptance until the Expiry Date;
 - (3) substantially in the form of, and on the terms and for the purposes specified in the Maintenance Licence, the PS&TR and the Services Specification; and
 - (4) otherwise on such other terms imposed by the State (acting reasonably):
 - (A) having regard to the nature and location of Project Co's obligations in relation to the Maintained Assets; and
 - (B) having regard to the Services Specification.
- (b) **(Land Arrangements):** Project Co:
 - (1) acknowledges and agrees that Land Arrangements will apply to the Licensed Maintenance Area; and
 - (2) agrees to comply with the terms and conditions of any Land Arrangements that apply to the Licensed Maintenance Area.

6.10 All risks (access and make good obligations)

- (a) **(Project Co bears risk of obtaining access):** Project Co bears all risks in relation to, and is responsible for, gaining access to and from the Site, including any failure to gain, or delay in gaining, access to the Site (other than to the extent arising out of a failure by the State to comply with its obligations under clauses 6.2, 6.5, 6.8, and 6.9).
- (b) **(Progressive removal of materials and make good):** Project Co must:
 - (1) as soon as practicable after completion of any Project Activities;
 - (2) as a condition precedent to:
 - (A) Final Acceptance, in respect of any Construction Areas;

- (B) Handback, in respect of each Returned Asset; and
- (C) Handover, in respect of any Maintenance Areas; and
- (3) in accordance with:
 - (A) the terms of the Construction Licence, the Maintenance Licence and the Commercial Opportunities Lease (as relevant); and
 - (B) the requirements of all relevant Authorities and other relevant persons,

remove all Temporary Equipment, facilities and vehicles and make good all damage or Contamination caused by Project Co's use and occupation of that part of the Construction Areas or Maintenance Areas (as the case may be), including removing all rubbish and debris, unless Project Co is expressly not required to do so by the State Project Documents.

- (c) **(Project Co to comply with the Fences Act 1968 (Vic)):** Project Co must comply with any notice issued by an occupier of any adjoining land to the Project Area under the *Fences Act 1968* (Vic).

6.11 Termination of this Agreement

If this Agreement is terminated prior to Provisional Acceptance, Project Co:

- (a) **(no entitlement):** ceases to have any entitlement to call for the grant of any licence or lease in connection with any land within the Project Area; and
- (b) **(no right or interest):** has no right, interest or entitlement (whether legal or equitable) in or to any part of the Project Area.

6.12 Track occupations and network access

- (a) **(Procuring access):** Subject to this clause 6.12 and clause 6.14, Project Co must procure for itself and at its own cost any Track Occupations and other access to the Existing Rail Network that are required to carry out the Project Activities.
- (b) **(Rail Franchisee requirements):** Project Co must comply with any requirements of:
 - (1) the Train Franchisee under the Train Franchisee Cooperation Agreement (including the Work Readiness Procedure) in procuring access to, and while accessing, any part of the Train Franchisee Land; and
 - (2) the Tram Franchisee in procuring access to, and while accessing, any part of the Tram Franchisee Land,
 including in relation to Track Occupations.
- (ba) **(Maintenance Phase):** Project Co must use best endeavours to perform Planned Preventative Maintenance so as to minimise the requirement for and cost of Track Occupations and the level of disruption caused by Track Occupations, in each case having regard to the Services Solution (including in relation to the cost of, and timing for performing Planned Preventative Maintenance).
- (c) **(Minimise costs and disruption):**
 - (1) Project Co must:

- (A) use best endeavours to perform the D&C Activities and the Final Acceptance Works; and
 - (B) in relation to each Potential Track Occupation, participate in the Train Franchisee's risk assessment processes and procedures as notified by the Train Franchisee to Project Co from time to time) and in doing so use best endeavours to procure the Train Franchisee waives the requirement for Train Track Occupations that would otherwise apply to the relevant access requirement,
so as to minimise the requirement for and cost of Track Occupations and the level of disruption caused by Track Occupations.
- (2) Project Co must perform its obligations under clause 6.12(c)(1) in a timely manner so as to enable to the extent reasonably practicable the cancellation of any scheduled Track Occupations to minimise disruption and cost incurred by the relevant Rail Franchisee or the State.
- (d) **(Project Co to notify):** Project Co must:
- (1) promptly notify the Train Franchisee and the State if it becomes aware that a Potential Track Occupation will not be required; and
 - (2) in so doing must provide an updated Potential Base Track Occupations Schedule. No other changes may be made to the Potential Base Track Occupations Schedule.
- (e) **(Potential Track Occupation Required):** Subject to clause 6.12(h), if Project Co requires a Train Track Occupation that is a Potential Track Occupation, Project Co must request the Potential Track Occupation as an Additional Occupation under clause 8.6 of the Train Franchisee Cooperation Agreement.
- (f) **(Train Franchisee unable to provide Additional Occupations or Amended Occupations):** The State acknowledges that under clause 8.6(d) of the Train Franchisee Cooperation Agreement, the Train Franchisee may, in response to a request from Project Co for an Additional Occupation or an Amended Occupation, notify Project Co that the Train Franchisee reasonably considers that the Additional Occupation or Amended Occupation (as applicable) requested by Project Co:
- (1) cannot be provided due to constraints caused by Track Occupations required for other projects, or maintenance activities required to ensure that the Train Franchisee is able to comply with its obligations under the Train Franchise Arrangements; or
 - (2) would cause a significant or sustained level of disruption to passenger services,
- and the Train Franchisee may request a direction by the State as to whether the Train Franchisee is obliged to provide the Additional Occupation or Amended Occupation (as applicable).
- (g) **(Parties to consult):** Following notice from the Train Franchisee in accordance with clause 8.6(d) of the Train Franchisee Cooperation Agreement, if:
- (1) Project Co has complied with its obligations under clause 8.4 of the Train Franchisee Cooperation Agreement; and
 - (2) the Train Franchisee's inability to provide the Additional Occupation or Amended Occupation (as applicable) will delay the critical path to

Provisional Acceptance or otherwise materially impact the performance of the D&C Activities,

unless the State has directed the Train Franchisee to provide the Additional Occupation or Amended Occupation (as applicable), Project Co and the State must work together (including the chief executive officer of MMRA (or that person's delegate, or person to whom the chief executive officer reports) and other senior executives of the State) in good faith to seek to schedule the Additional Occupation or proposed Amended Occupation (as applicable) so as to avoid the impact on the critical path in the D&C Program or on the performance of the D&C Activities (or, if avoidance cannot be achieved, minimise the impact), including, where applicable, giving consideration to rescheduling the works the subject of the Additional Occupation or proposed Amended Occupation (as applicable) within alternative Train Track Occupations, including Train Track Occupations of a different Number, Type or Duration to the Train Track Occupation proposed by Project Co and the State must, in any event, direct the Train Franchisee to schedule the Additional Occupation or Amended Occupation (as applicable) as soon as reasonably practicable (having regard to the State's other priorities).

- (h) **(Potential Track Occupations required in 2018):** The parties agree that if Project Co requires an Additional Occupation in 2018 which is a Potential Track Occupation:
- (1) Project Co is not required to follow the process set out in clause 8.6(a) of the Train Franchisee Cooperation Agreement but must instead provide notice to the Train Franchisee and the State as soon as it becomes aware of the requirement for the Additional Occupation; and
 - (2) unless the State has directed the Train Franchisee to provide the Additional Occupation, Project Co and the Train Franchisee must work together with the State (including the chief executive officer of MMRA (or that person's delegate, or person to whom the chief executive officer reports) and other senior executives of the State) in good faith to seek to schedule the Additional Occupation so as to avoid the impact on the critical path contained in the D&C Program or on the performance of the D&C Activities (or, if avoidance cannot be achieved, minimise the impact), including, where applicable, giving consideration to rescheduling the works the subject of the Additional Occupation within alternative Track Occupations, including Track Occupations of a different Number, Type or Duration to the Track Occupation proposed by Project Co and the State must, in any event, direct the Train Franchisee to schedule the Additional Occupation as soon as reasonably practicable (having regard to the State's other priorities).
- (i) **(State acknowledgement):** In complying with its good faith obligations under clause 6.12(g) and 6.12(h), the State will reasonably consider, amongst other things:
- (1) the potential impact on Project Co and the D&C Activities if the requested Additional Occupation or Amended Occupation (as applicable) is not provided; and
 - (2) the potential impact on other projects, the Train Franchisee's maintenance activities under the Train Franchise Agreement and disruption to passenger services if the requested Additional Occupation or Amended Occupation (as applicable) is provided.

- (j) **(Application to Date of Final Acceptance only):** The parties agree that clauses 6.12(c) to 6.12(i) and clause 6.12(k) apply to Track Occupations up to the Date of Final Acceptance only.
- (k) **(Consultation):** The parties agree that if Project Co and the Train Franchisee cannot agree:
- (1) the Base Track Occupation Schedule (FAW);
 - (2) a Track Occupation Schedule (FAW); or
 - (3) an Additional Change or an Amended Occupation requested under clause 8A.2(e) of the Train Franchisee Cooperation Agreement,
- in the circumstances set out in clause 8A.2(f) of the Train Franchisee Cooperation Agreement, Project Co and the Train Franchisee must work together with the State in good faith to seek to:
- (4) agree the Base Track Occupation Schedule (FAW);
 - (5) agree the updated Track Occupation Schedule (FAW); or
 - (6) schedule the Additional Change or Amended Occupation,
- as applicable, so as to avoid the impact on the critical path contained in the D&C Program or on the performance of the D&C Activities and the Final Acceptance Works (or, if avoidance cannot be achieved, minimise the impact), including, where applicable, giving consideration to rescheduling the works the subject of the Additional Occupation or Amended Occupation within alternative Track Occupations, including Track Occupations of a different Number, Type or Duration to the Track Occupation proposed by Project Co and the State must, in any event, direct the Train Franchisee to schedule the Additional Occupation or Amended Occupation (as applicable) to be provided to Project Co as soon as reasonably practicable (having regard to the State's other priorities).

6.13 Liability for Unplanned Rail Disruption

Project Co indemnifies and holds harmless the State and its Associates in connection with any Liability incurred by the State or its Associates arising out of or in connection with any Unplanned Rail Disruption, except to the extent such Unplanned Rail Disruption is a consequence of a Relief Event.

6.14 Payment for Track Occupations during the FAW Phase and Maintenance Phase

- (a) **(Payment to Train Franchisee):** Project Co and the State acknowledge and agree that the State will reimburse the Train Franchisee, in accordance with the Project Agreement – Train, for its Direct Costs plus Train Franchisee's Margin incurred in providing Project Co with Track Occupations:
- (1) prior to Provisional Acceptance;
 - (2) during the FAW Phase; and
 - (3) during the Maintenance Phase.
- (b) **(Costs borne by the State):** The State will bear:
- (1) the amount of the Direct Costs plus Train Franchisee's Margin actually incurred in providing Project Co, prior to Provisional Acceptance, with:
 - (A) the Number, Type and Duration of Train Track Occupations specified in the FCA (Train) Base Track Occupation

Schedule at the time such Train Track Occupations are specified in the FCA (Train) Base Track Occupation Schedule;

- (B) the Number, Type and Duration of Potential Track Occupations at the time such Train Track Occupations are specified in the Potential Base Track Occupation Schedule except to the extent the Train Track Occupation is required as a direct result of a change to the Agreed Methodology and provided that Project Co has complied with its obligations under clause 8.4(c) of the Train Franchisee Cooperation Agreement; and
 - (C) any replacement Train Track Occupation or Train Track Occupations provided by the Train Franchisee in accordance with clause 8.8(b)(5) of the Train Franchisee Cooperation Agreement as a result of an event described in clauses 8.8(a) of the Train Franchisee Cooperation Agreement (other than as a result of an event described in clause 8.8(a)(5) or 8.8(a)(7));
- (2) if Project Co and the Train Franchisee agree to change the Type, Duration or timing of a Train Track Occupation in the FCA (Train) Base Track Occupation Schedule, the costs equivalent to those which the State would have borne in relation to the original FCA (Train) Base Track Occupation Schedule in accordance with clause 6.14(b)(1)(A); and
 - (3) if the Train Franchisee provides a Train Track Occupation in substitution for a Potential Track Occupation (because the Potential Track Occupation on the Potential Base Track Occupations Schedule is not available), costs equivalent to those which the State would have borne in relation to the original Potential Track Occupation in accordance with clause 6.14(b)(1)(B),

(State BTOS Costs).

- (c) Not used.
- (d) **(Train Franchisee to advise of costs):** The State and Project Co acknowledge that the Train Franchisee will provide:
 - (1) Quarterly reports from the date of the first Train Track Occupation provided until the Date of Provisional Acceptance; and
 - (2) a final statement within 3 calendar months of the last Train Track Occupation provided prior to the Date of Provisional Acceptance, setting out the cumulative total of its Direct Costs plus Train Franchisee's Margin:
 - (3) actually incurred in providing Project Co with Train Track Occupations;
 - (4) actually incurred as a result of Project Co or its Associates failing to hand back an Agreed Occupation by the Agreed Hand Back Time (as defined in the Train Franchisee Cooperation Agreement); and
 - (5) incurred as a result of a cancellation of an Agreed Occupation by Project Co,

(Actual TOS Costs).

- (e) **(Project Co to bear costs):** Subject to clause 6.13, Project Co must pay to the State the amount of any Actual TOS Costs in excess of the State BTOS Costs

and such amount will be payable by Project Co to the State as a debt due and payable on the date 20 Business Days after the Date of Provisional Acceptance.

- (f) **(No double counting):** No amounts payable by the State in accordance with 6.14(b) and Project Co in accordance with clause 6.14(e) will be double counted.

7 Site Conditions

7.1 Project Co to inform itself

Project Co:

- (a) **(Suitability and risk assessment):** warrants that it has, and it will be deemed to have, done everything (including all assessments tests or studies of the Project Area and its surroundings) that would be expected of a prudent, competent and experienced contractor in the position of Project Co:
- (1) in assessing the risks regarding the Site Conditions;
 - (2) in ensuring that this Agreement contains allowances to protect it against any risks regarding the Site Conditions eventuating; and
 - (3) in order to determine the suitability of the Project Area and its surroundings for the Project; and
- (b) **(Sufficient access):** acknowledges and agrees that:
- (1) it has had sufficient access to the Project Area prior to Financial Close; and
 - (2) it has had the opportunity to carry out all assessments, tests and studies necessary,
- to determine the suitability of the Project Area and its surroundings for the Project and to familiarise itself with the Site Conditions.

7.2 Environmental issues

Project Co must:

- (a) **(no industrial waste or hazardous substance):** during any period where Project Co is entitled to use or occupy the Site, not use or allow it to be used, such that:
- (1) any spoil, Industrial Waste or Hazardous Substance is abandoned or dumped on the Site;
 - (2) any Industrial Waste or Hazardous Substance is handled, disposed of, disturbed, discharged or released in a manner which is likely to cause or contribute to an Environmental Hazard; or
 - (3) any other substance is handled, disposed of, disturbed, discharged, released, deposited to, or emanated from, the Site such that a state of Contamination occurs other than as permitted by Law or an Approval (other than to the extent the Contamination is Groundwater Contamination, and is an inherent consequence of performing the Project Activities in accordance with this Agreement, the

Environmental Management Plans or the Initial Contaminated Groundwater Methodology);

- (b) **(environmental responsibility)**: at all times carry out the Project Activities:
- (1) in accordance with the Environmental Requirements;
 - (2) in accordance with the Environmental Management Plans (including the Initial Contaminated Groundwater Methodology to the extent adopted by Project Co in any Environmental Management Plan);
 - (3) in an environmentally responsible manner; and
 - (4) in accordance with Best D&C Practices,
- so as to protect the Environment and take all reasonable and practicable measures to prevent or minimise adverse impacts on the Environment;
- (c) **(Appointments)**: jointly engage with the D&C Subcontractor:
- (1) an Independent Environmental Auditor;
 - (2) a Contaminated Land Assessor; and
 - (3) an Independent Contamination Auditor,
- in each case approved by the State (acting reasonably);
- (d) **(Independent Environmental Auditor)**: procure that the Independent Environmental Auditor undertake audits of the Project Activities to verify Project Co's compliance with the Environmental Management Plans, Environmental Performance Requirements and Environmental Management Framework in accordance with section 3.5 of Part C of the PS&TR;
- (e) **(Arden Day 1 Park Area Remediation Report)**: prior to commencing Works (other than the assessments required by this clause 7.2(e)) within the Arden Day 1 Park Area, procure that:
- (1) the Contaminated Land Assessor prepares; and
 - (2) the Independent Contamination Auditor approves,
- an independent assessment report addressing the land condition of the Arden Day 1 Park Area, including:
- (3) an assessment of any Soil Contamination and Groundwater Contamination to determine whether any contaminant poses an unacceptable risk to protected 'beneficial uses' of land in the Arden Day 1 Park Area Land Use (as described in the 'State Environment Protection Policy (Prevention and Management of Contamination of Land)' as varied by 'Variation to the State environment protection policy (Prevention and Management of Contamination of Land) No. G39, Gazette 26 September 2013'); and
 - (4) an assessment of:
 - (A) whether any clean-up is required to the Arden Day 1 Park Area; and
 - (B) if any Remediation is necessary, any recommendations relating to the carrying out of the Remediation,to enable the Arden Day 1 Park Area Land Use,
- (Arden Day 1 Park Area Remediation Report)**.

- (f) **(Arden Project Area contaminated site assessment)**: procure that the Contaminated Land Assessor performs a contaminated site assessment (which must as a minimum be compliant with AS4482.1) in respect of the Arden Project Area (excluding the Arden Day 1 Park Area):
 - (1) prior to the commencement; and
 - (2) following completion,of the D&C Activities within the Arden Project Area;
- (g) **(notification)**: immediately notify the State of any:
 - (1) breach or alleged or potential breach of; or
 - (2) non compliance, or alleged or potential non compliance, with,the conditions or requirements of any Environmental Requirements or the Environmental Management Plans;
- (h) **(reports)**: promptly provide to the State copies of all reports, surveys, audits and monitoring results in respect of the Environmental Requirements or the Environmental Management Plans when they are obtained;
- (i) **(manage waste disposal)**: manage and be responsible for the handling and proper disposal or removal of all waste, rubbish, debris, redundant materials, spoil and Industrial Waste produced by the Project Activities in accordance with Best D&C Practices, all relevant Approvals and this Agreement;
- (j) **(directions)**: comply with all directions by the State regarding the removal from the Project Area and disposal of any Industrial Waste or Hazardous Substance; and
- (k) **(Pollution and Contamination)**: not cause or contribute to any Pollution or Contamination, other than to the extent the Contamination is Groundwater Contamination, and is an inherent consequence of performing the Project Activities in accordance with:
 - (1) this Agreement;
 - (2) the Environmental Management Plans; or
 - (3) the Initial Contaminated Groundwater Methodology, and would not have been prevented by performing those Project Activities referred to in the Initial Contaminated Groundwater Methodology in accordance with Best D&C Practices.
- (l) **(Arden Station box)**: Project Co is not entitled to make any Claim for a Soil Contamination Modification Event for excavating the Station box in Arden (noting excavation does not include soil treatment management or disposal).

7.3 Contamination

- (a) **(Contamination caused or contributed to)**: Project Co must Remediate, to the standard required by and in accordance with, the Law and the Environmental Requirements, any Contamination which is caused or contributed to in the carrying out of the Project Activities.
- (b) **(Contamination disturbed, exacerbated or interfered with)**: Project Co must Remediate, to the standard required by and in accordance with, the Law and the Environmental Requirements, any Contamination which is on, in, over, under or which has emanated or is emanating from or to the Site and which is disturbed, exacerbated or interfered with in the carrying out of the Project Activities.

7.4 Contamination notification requirements

- (a) **(Notification):** If Project Co discovers any Contamination on, in, over, under or emanating from or to the Site (whether or not Project Co has caused or contributed to that Contamination), it must notify the State as soon as practicable, but nevertheless within 5 Business Days after the discovery of the Contamination.
- (b) **(Notification requirements):** Project Co's notice under clause 7.4(a) must contain all relevant details in relation to the Contamination, including:
- (1) the type of Contamination;
 - (2) the location of the Contamination; and
 - (3) the nature and extent of the Contamination,
- to the extent such details are known at the time the notification is provided.
- (c) **(Contamination Notice):** Project Co must, at all times during the Term, comply, and ensure that all of its Associates comply, with any Contamination Notice relating to Contamination on, in, over, under, or that emanated or is emanating from or to, the Site, regardless of whether:
- (1) the Contamination Notice is addressed to the State, Project Co or some other person; and
 - (2) the Contamination occurred before or after Project Co or any other person was given access to the Site.
- (d) **(Disputing a Contamination Notice):** Without limiting Project Co's obligation under this clause 7.4, nothing in this clause 7.4 prevents Project Co from disputing the issue of a Contamination Notice with the EPA or other relevant Authority, or taking action against a third party with respect to the Contamination.
- (e) **(Parties not to cause service of Contamination Notice):** Subject to their respective obligations at Law, and the functions and powers of the EPA and other relevant Authorities, none of the State, Project Co, or any of Project Co's Associates will do anything with the intent, directly or indirectly, of causing or being likely to cause the issue or service of a Contamination Notice.
- (f) **(Indemnity):** Project Co must indemnify the State against any Claim arising out of or in connection with any:
- (1) Contamination that Project Co is required to Remediate under clause 7.3(a) and which is not otherwise a Contamination Modification Event;
 - (2) Contamination that would have been prevented or minimised by a prudent, experienced and competent contractor in the circumstances (other than to the extent the Contamination is Groundwater Contamination, and is an inherent consequence of performing the Project Activities in accordance with this Agreement, the Environmental Management Plans or the Initial Contaminated Groundwater Methodology); or
 - (3) failure of Project Co to comply with any obligation under this Agreement in connection with Contamination.
- (g) **(Initial Contaminated Groundwater Methodology):** Project Co represents and warrants that the Initial Contaminated Groundwater Methodology has been prepared in accordance with Best D&C Practices.

7.5 Native Title Claims and Heritage Claims

- (a) **(Native Title):** As between the State and Project Co, the State is responsible for:
- (1) dealing with any Native Title Claim in connection with any part of the Project Area and undertaking any action that may be required in accordance with the TOS Act or required under any LUAA in connection with Project;
 - (2) the payment of any compensation or other moneys required to be paid to the native title holders of any part of the Project Area as a consequence of a successful Native Title Claim; and
 - (3) the payment of any compensation or other moneys required to be paid as a result of the application of the TOS Act or a LUAA applicable to the Project.
- (b) **(Artefacts):** As between the State and Project Co, if an Artefact is discovered on or under the surface of the Project Area:
- (1) it will be the absolute property of the State; and
 - (2) Project Co must:
 - (A) immediately notify the State of the discovery;
 - (B) permit the State to watch or examine any excavation on the Project Area; and
 - (C) take every reasonable precaution in carrying out the Project Activities so as to prevent Artefacts being damaged or removed until appropriate arrangements for dealing with, or removing, the Artefacts have been made.
- (c) **(Project Co must continue to carry out):** If there is a:
- (1) Native Title Claim or Heritage Claim in connection with; or
 - (2) discovery of Artefacts in,
- any part of the Project Area, Project Co must:
- (3) continue to carry out its obligations in accordance with this Agreement, except to the extent otherwise:
 - (A) directed by the State or the Commonwealth;
 - (B) ordered by a court or tribunal of competent jurisdiction; or
 - (C) required by Law; and
 - (4) provide all reasonable assistance to the State in connection with dealing with the Native Title Claim, Heritage Claim or Artefact discovery.
- (d) **(Project Co's obligations in connection with the Cultural Heritage Management Plan):** Project Co must:
- (1) comply with:
 - (A) the provisions and procedures of the Cultural Heritage Management Plan; and
 - (B) all reasonable directions of the State concerning Artefacts and the protection of Aboriginal Cultural Heritage; and

- (2) immediately notify the State of any:
 - (A) breach or alleged or potential breach of; or
 - (B) non compliance, or alleged or potential non compliance, with,the conditions or requirements of the Cultural Heritage Management Plan.

7.5A Heritage Bonds

- (a) **(Reinstatement obligations):** Project Co acknowledges and agrees that its obligations under the PS&TR includes the reinstatement of certain items of heritage significance.
- (b) **(Heritage Bonds):** On or before the date of Financial Close, Project Co must provide, and Project Co confirms that it has provided:
 - (1) to each Heritage Bond Beneficiary, the relevant Heritage Bond; and
 - (2) to the State, a copy of the relevant Heritage Bond.
- (c) **(Monitor credit rating):** Project Co must monitor the credit rating of the current issuer of each Heritage Bond.
- (d) **(Required Rating downgrade):** If at any time an issuer of a Heritage Bond provided by Project Co in accordance with this Agreement:
 - (1) ceases to have the Required Rating or ceases to have a current licence issued by the Australian Prudential Regulation Authority (or both); or
 - (2) ceases to have the Required Rating or ceases to have a current licence issued by the Australian Prudential Regulation Authority (or both) and at that time three out of the four Major Australian Banks do not have the Required Rating,Project Co must:
 - (3) if clause 7.5A(d)(1) applies, provide a replacement Heritage Bond which meets the Required Rating and the other requirements of this Agreement; or
 - (4) if clause 7.5A(d)(2) applies, provide a replacement Heritage Bond which is from an issuer which has a rating equal to or higher than the second highest rated Major Australian Bank and otherwise complies with the requirements of this Agreement,within 15 Business Days after the date of such event occurring.
- (e) **(Replacement Heritage Bond):** Where clause 7.5A(d)(4) applies, Project Co must monitor the credit rating of the Major Australian Banks and provide a replacement Heritage Bond from an issuer which has the Required Rating, within 30 Business Days after any three of the Major Australian Banks regains a rating equal to or greater than the Required Rating.
- (f) **(Substitution):** Subject to clause 7.5A(g), Project Co may, at any time, provide to a Heritage Bond Beneficiary a replacement Heritage Bond for any one or more Heritage Bonds in circumstances where Project Co wishes to change the identity of the issuer of the Heritage Bond.
- (g) **(Replacement):** Any replacement Heritage Bond must comply in all respects with the requirements of this Agreement.

- (h) **(Notice):** Project Co must give the relevant Heritage Bond Provider and the State at least 10 Business Days' prior notice of the time when it proposes to provide a replacement Heritage Bond.
- (i) **(General):** Project Co must, no later than 50 Business Days before the expiry of a Heritage Bond provide a replacement Heritage Bond in favour of the relevant Heritage Bond Beneficiary, in the form and for the amount of the Heritage Bond it is replacing and which otherwise complies in all respects with the requirements of this Agreement.
- (j) **(Compliance with clause 7.5A(i)):** Project Co must repeat compliance with clause 7.5A(i) at all times until the earlier of the Date of Handback of the Returned Works to which the relevant Heritage Bond relates.

7.6 Interference, obstruction and nuisance

- (a) **(Project Co's obligations):** Without limiting Project Co's other obligations in accordance with this Agreement, in undertaking the Works or carrying out the Project Activities, Project Co must:
 - (1) avoid or ensure minimal:
 - (A) interference with the passage of people and vehicles;
 - (B) obstruction to any property; and
 - (C) disruption to operations carried out in the vicinity of the Site;
 - (2) not cause any Unplanned Rail Disruption;
 - (3) prevent or minimise nuisance including any nuisance caused by Pollution, noise, dust, light emission, vibration, electromagnetic interference or disturbance, air pollution, odour on or adjacent to the Site;
 - (4) ensure the safety of people and property in accordance with Best Industry Practices; and
 - (5) on completion of any D&C Activities or any Final Acceptance Works, remove all temporary protection or other structures or equipment erected in connection with those D&C Activities or Final Acceptance Works as soon as practicable, and in accordance with Best D&C Practices.
- (b) **(Unreasonable levels of nuisance or interference):** If, in the reasonable opinion of the State or the Independent Reviewer, the levels of nuisance or interference arising from Project Co undertaking the Works or carrying out the Project Activities:
 - (1) are not reasonable (having regard to the requirements of clause 7.6(a));
 - (2) are not in the interests of the safety of persons on the Site or any other areas adjacent to the Site; or
 - (3) do not meet a condition or requirement of any Approval,Project Co must comply with any reasonable direction of the State or the Independent Reviewer to:
 - (4) stop or change the manner of undertaking the Works or carrying out of the Project Activities; and

- (5) amend the Construction Management Plan and any other relevant Management Plan to remedy the nuisance or interference and submit it to the State for review in accordance with the Review Procedures,

provided that if any such direction of the State or the Independent Reviewer is in respect of clause 7.6(b)(1) in circumstances where Project Co is complying with all relevant Approvals, Environmental Requirements, Management Plans, sections of the PS&TR, and requirements of this Agreement (excluding this clause 7.6(b)), the State must issue a Modification Request in accordance with clause 38.2 in relation to the direction.

8 Approvals

8.1 Key Approvals to be obtained by the State

- (a) **(Key Approvals):** Subject to clause 8.1(d), the State has obtained, or will obtain, the Key Approvals and will, subject to the provision of all required information and assistance from Project Co, ensure that Project Co has the benefit of such Key Approvals as required to perform the Project Activities.
- (b) **(Key Approval Event):** If there is a Key Approval Event, Project Co must:
- (1) continue to carry out its obligations under this Agreement, except to the extent Project Co is otherwise prevented from carrying out its obligations as a result of the Key Approval Event, including to the extent Project Co is required to suspend, cease or alter the carrying out of its obligations in accordance with:
 - (A) a direction of the State;
 - (B) applicable Law; or
 - (C) an order of a court or tribunal of competent jurisdiction; and
 - (2) subject to clause 8.1(c), at the request of the State, provide all reasonable assistance in connection with dealing with the Key Approval Event.
- (c) **(Responsibility for Key Approval Event):** As between the State and Project Co, the State may deal with a Key Approval Event as it sees fit (including, where appropriate, conducting any legal challenge in the name of Project Co).
- (d) **(Planning Scheme Amendment No 2 and amendments to Project Area):** The State has obtained, or will obtain:
- (1) Planning Scheme Amendment No 2; and
 - (2) a corresponding variation to the Project Area,
- by the Planning Scheme Amendment No 2 Date.

8.2 Approvals to be obtained by Project Co

- (a) **(Project Co to obtain Approvals (other than Key Approvals)):** Project Co:
- (1) must apply for and obtain from each relevant Authority in a timely manner:
 - (A) all Approvals (other than the Key Approvals); and

- (B) any amendments to any Approvals (other than the Key Approvals); and
- (2) bears all risks associated with obtaining any Approvals or amendments to Approvals that Project Co is required to obtain under clause 8.2(a)(1).
- (b) **(Project Co to obtain secondary approvals):** If any aspect of a Key Approval requires a secondary consent, verification or other supplementary action or information (whether as a condition of the Key Approval taking effect or otherwise), those further matters will be the responsibility of Project Co.
- (c) **(Deviations from the Approved Project):** Without limiting clauses 8.2(a) and 8.3, if the Project as proposed or undertaken by Project Co deviates from the Approved Project, Project Co must obtain and comply with any further Approvals required as a result of such deviation.
- (d) **(Amendments to Key Approvals):** To the extent that any amendment is required to a Key Approval, Project Co is responsible for:
 - (1) preparing all necessary documentation and information for consideration by:
 - (A) the State; and
 - (B) to the extent that any amendment can only be applied for by the Secretary as the project authority under the Relevant Legislation with the consent of the Victorian Minister for Planning, the Secretary,
ahead of submission to the relevant applicable law decision maker or the Victorian Minister for Planning; and
 - (2) providing all necessary assistance as is required by the State and the Secretary (as relevant) to:
 - (A) seek and obtain the consent of the Victorian Minister for Planning to apply for such amendment (as relevant);
 - (B) make application to the relevant applicable law decision maker for amendment to the Key Approval; and
 - (C) pursue the amendment application with the applicable law decision maker.
- (e) **(Project Co risk):** Project Co bears all risks associated with obtaining any further Approvals under clause 8.2(c) and any amendments to the Key Approvals required under clause 8.2(d), except to the extent to which Project Co is expressly entitled to relief under clauses 26 or 31 in connection with that deviation.
- (f) **(State initiated Modifications):** Notwithstanding clauses 8.2(a) to 8.2(e):
 - (1) any changes to a Key Approval required as a consequence of a Modification Order issued by the State, will be the responsibility of the State (excluding a Modification Order issued by the State in respect of a Modification Proposal); and
 - (2) any:
 - (A) changes to any other Approval (excluding a Key Approval) and procuring any further Approval required as a consequence of a Modification Order issued by the State; and

- (B) changes to a Key Approval required as a consequence of a Modification Order issued by the State in respect of Modification Proposal,

will be the risk and responsibility of Project Co.

8.3 Compliance with Approvals

- (a) **(Compliance by Project Co):** Project Co must, in carrying out the Project Activities, comply with:
 - (1) all conditions and requirements of all Approvals (including paying all fees, procuring all bonds, procuring all insurances (other than State Procured Insurance) and executing any documents or agreements required by any relevant Authority in relation to any Approval); and
 - (2) the Environmental Requirements including, to the extent consistent, the Environmental Management Plans developed to implement the Environmental Requirements,and take no action that will prevent the State from complying with, to the extent relevant, any conditions or requirements of any Approval.
- (b) **(Conditional Approvals):** Without limiting clause 19.3 and notwithstanding clause 38, to the extent that the design of the Works (whether incorporated in the Technical Solution, any other part of the State Project Documents or prepared under this Agreement), the Project Activities or the Works do not comply with the requirements set out in clause 8.3(a):
 - (1) Project Co must amend the design of the Works, the Project Activities or the Works in order to conform with the:
 - (A) requirements of all Approvals; and
 - (B) Environmental Requirements, including, to the extent consistent, the Environmental Management Plans developed to implement the Environmental Requirements; and
 - (2) such amendments will not constitute a Modification Order or entitle Project Co to bring any Claim against the State, except as otherwise specifically provided in this Agreement.
- (c) **(Copies of Approvals):** Project Co must promptly provide to the State:
 - (1) not later than 10 Business Days prior to submitting an application for an Approval, copies of all documentation and information to be submitted for the purpose of that application;
 - (2) copies of all Approvals when they are obtained, amended or renewed; or
 - (3) upon request, evidence that any conditions or requirements of all Approvals have been complied with.
- (d) **(Condition Precedent):** Project Co must, as a condition precedent to each of Provisional Acceptance and Final Acceptance, ensure that it has:
 - (1) obtained all Approvals it is required to obtain under this Agreement with respect to that stage of the Works; and
 - (2) complied with, carried out and fulfilled all conditions and requirements of all Approvals relevant to that stage of the Works.

- (e) **(Cooperation):** Project Co must cooperate, and ensure the cooperation of its Associates, with the State in the discharge of any obligations of the State in connection with the Project and any Approval or Environmental Requirement, and must:
- (1) comply with all reasonable requests of the State to assist it to discharge its obligations;
 - (2) refrain from doing anything that may impede the State in discharging its obligations;
 - (3) immediately notify the State of any:
 - (A) breach or alleged or potential breach of; or
 - (B) non compliance, or alleged or potential non compliance, with,
the conditions or requirements of any Approval or Environmental Requirement.
 - (4) require that all Subcontracts contain clauses equivalent to clauses 8.3(e)(1) to 8.3(e)(3).

8.4 Compliance with Investigative Authorities

Project Co must ensure that it and its Associates:

- (a) **(Provide access and information):** promptly give all Investigative Authorities such access to premises and information as any Investigative Authority requests, within the time requested;
- (b) **(Cooperation):** cooperate with and respond to any lawful requests made by any Investigative Authority, within the time requested; and
- (c) **(No delay):** do not hinder or delay any Investigative Authority in carrying out its duties.

8.5 Critical infrastructure

Project Co:

- (a) acknowledges and agrees that the Melbourne metropolitan rail network is critical infrastructure; and
- (b) must carry out the Project Activities:
 - (1) on the basis that the Maintained Assets are assessed as 'vital critical infrastructure' under the *Emergency Management Act 2013* (Vic);
 - (2) in accordance with:
 - (A) all relevant State and Federal guidelines and strategies relating to critical infrastructure; and
 - (B) Best Industry Practice in respect of critical infrastructure.

8.6 Supplier Code of Conduct

Project Co acknowledges and agrees that:

- (a) the Supplier Code of Conduct is an important part of the State's approach to procurement and describes the State's minimum expectations regarding the conduct of its suppliers;

- (b) it has read and aspires to comply with the Supplier Code of Conduct; and
- (c) the expectations set out in the Supplier Code of Conduct are not intended to reduce, alter or supersede any other obligations which may be imposed on the supplier, whether under this Agreement or at Law.

9 Rail Safety (Train)

9.1 Acknowledgement

The parties acknowledge and agree that:

- (a) **(Project Co's Accreditation)**: subject to clauses 9.1(c), 9.1(d) and 9.1(e), Project Co must hold, or must ensure that a Key Subcontractor holds, Train Accreditation to the extent required by Law in respect of the Project Activities which comprise Train Operations.
- (b) **(Train Franchisee Accreditation)**: the Train Franchisee will be the accredited Rail Transport Operator in relation to the operation of the Maintained Assets.
- (c) **(Rolling Stock)**: the testing and commissioning process in respect of the Works may be required to be performed under the Accreditation of both a Rail Infrastructure Manager and a Rolling Stock Operator and Project Co and the Train Franchisee may agree from time to time whether such testing and commissioning will be undertaken in accordance with the Train Accreditation of the Train Franchisee or Project Co (or one of its Key Subcontractors (as applicable)) or both and in accordance with the relevant Safety Interface Agreement entered into between the Franchise and Project Co or one of its Key Subcontractors (as applicable);
- (d) **(Maintenance Services)**: subject to clause 9.1(f), the Train Franchisee is the accredited Rail Transport Operator in respect of the Maintenance Services to the extent they comprise Railway Operations;
- (e) **(Returned Existing Network Works)**: subject to clause 9.1(f), the Train Franchisee is the accredited Rail Transport Operator in respect of the Returned Existing Network Works to the extent they comprise Railway Operations; and
- (f) **(Other activities)**: Project Co and the Train Franchisee may agree from time to time whether any activities in the nature of rectification and repair of the Maintained Assets which occur during the Maintenance Phase will be undertaken in accordance with the Train Accreditation of Project Co or one of its Key Subcontractors (as applicable).

9.2 Compliance with Rail Safety National Law

Project Co must:

- (a) make itself aware of;
- (b) itself comply with;
- (c) ensure that its Associates comply with; and
- (d) provide any evidence requested by the State of its and its Associates' compliance with,

all duties, obligations and requirements under the Rail Safety National Law.

9.3 Assistance relating to Rail Safety National Law

Project Co must ensure that it and its Associates:

- (a) **(Provide access, information or assistance)**: within the time requested (which must be reasonable having regard to the circumstances), provide:
- (1) the Train Franchisee Interface Party;
 - (2) Subcontractors; and
 - (3) any other party at the State's request,
- with such access to premises, information or assistance as the party may reasonably require in relation to:
- (4) that party's Train Accreditation; or
 - (5) any duties, obligations, or requirements that party may have under the Rail Safety National Law,
- in relation to any work or services arising under or in connection with the Project Activities;
- (b) **(Train Accreditation and Rail Safety National Law)**: except as required by Law, do not do, or omit to do, anything which may cause:
- (1) the Regulator to provide the Train Franchisee with a notice of non-conformance in relation to its Train Accreditation;
 - (2) the Regulator to provide the Train Franchisee with a statutory notice, infringement notice, notice imposing conditions on the Train Franchisee's Train Accreditation or a notice requiring amendments to the Train Franchisee's Train Safety Management System;
 - (3) the Train Accreditation of a Train Franchisee to be suspended or cancelled; or
 - (4) a Train Franchisee to breach a term or condition of its Train Accreditation or the Rail Safety National Law; and
- (c) **(Train Franchisee Interface Party direction)**: comply with and procure that all its Associates comply with any direction given by the Train Franchisee Interface Party:
- (1) where the direction is given as the party holding the Train Accreditation required for the relevant Project Activities; or
 - (2) in accordance with clause 11 of the Train Franchisee Cooperation Agreement.

9.4 Third Party Train Accreditation

Without limiting clause 8 or clause 9.1, Project Co must ensure that:

- (a) **(Train Accreditation held before work commences)**: prior to the commencement of any work arising under or in connection with the Project Activities for which Train Accreditation is required by Law, the party carrying out such work either holds Train Accreditation to the extent required by Law, or carries out that work on behalf of a party that holds the Train Accreditation that is required by Law for that work; and
- (b) **(Compliance with Train Accreditation)**: the relevant parties referred to in clause 9.4(a) either:

- (1) maintain and comply with the terms and conditions of their Train Accreditation; or
- (2) comply with all conditions of the relevant Train Accreditation and all obligations of accredited persons under the Rail Safety National Law to the extent relevant to that party.

9.5 Train Safety Management System

- (a) **(Train Safety Management System and Train Safety Interface Agreements):** Without limiting clauses 9.1 to 9.4, Project Co, and any Key Subcontractor holding Train Accreditation, must, to the extent required by the Rail Safety National Law:
 - (1) develop, implement and maintain a Train Safety Management System; and
 - (2) seek to enter, and if entered into, comply with, any Train Safety Interface Agreements,in a timely manner and in accordance with:
 - (3) this Agreement (including as required under clause 9.1(b)), and
 - (4) the Rail Safety National Law.
- (b) **(Copies provided to the State):** Project Co and any Key Subcontractor holding Train Accreditation, must promptly provide the State with a copy of the Train Safety Management System and Train Safety Interface Agreements referred to in this clause 9.5.

9.6 Assistance relating to Train Safety Management Systems

Without limiting clauses 9.1 to 9.5, Project Co must itself, and must ensure that its Associates:

- (a) **(All things necessary):** do all things necessary to assist the Train Franchisee Interface Party (including all things reasonably required by the State) to:
 - (1) prepare changes to its Train Safety Management System in relation to the Works and the Project Activities;
 - (2) manage changes associated with the Works and the Project Activities as relevant to the Train Safety Management System; and
 - (3) obtain any variation to its Train Accreditation that is required as a consequence of the Works and the Project Activities;
- (b) **(Provide support):** do all things necessary to provide information, documentation, advice and other support in relation to the Works and the Project Activities as required by the Train Franchisee Interface Party for the purpose of amending its Train Safety Management System or obtaining a variation to its Train Accreditation; and
- (c) **(Make personnel available):** make available all personnel who have assisted or are assisting in the preparation of changes to the Train Safety Management System of a Train Franchisee or obtaining a variation to a Train Franchisee's Accreditation to attend Train Safety Management System meetings or workshops as may be arranged from time to time by the State.

9.7 Safety Policies

- (a) **(Project Co's procedures):** Without limiting the generality of clauses 9.1 to 9.6, prior to commencing the Project Activities, and during the carrying out of the Project Activities, Project Co is required to have in place its own procedures, or ensure that procedures are in place, for:
- (1) alcohol and drugs testing;
 - (2) fatigue management;
 - (3) health surveillance; and
 - (4) conducting the relevant risk assessments required to complete health assessments,
- which procedures must comply with the Rail Safety National Law.
- (b) **(Evidence of procedures):** Project Co must promptly provide documentation or information as evidence of the above requirements, as may be reasonably required by the State from time to time.

9.8 Notices

Project Co must provide the State with a copy of any notice, report or other correspondence given or received by:

- (a) **(Rail Safety National Law or Train Accreditation):** Project Co, its Associates or the Train Franchisee Interface Party under or in connection with:
- (1) the Rail Safety National Law;
 - (2) the Rail Safety National Regulations; or
 - (3) any Train Accreditation held by Project Co or its Associates,
- in connection with the Project Activities; or
- (b) **(Adverse effect on Project Activities):** Project Co, its Associates, or the Train Franchisee Interface Party which may adversely affect the ability of Project Co or its Associates to carry out the Project Activities,

as soon as possible, but in any event no later than 5 Business Days after such notice, report or other correspondence is given or received by Project Co, its Associates or the Train Franchisee Interface Party.

9.9 Staff

Without limiting clauses 5.1(a)(2) or 8.3(a), Project Co must ensure that all persons engaged in, or in connection, with the Project Activities:

- (a) **(Competent):** are competent to carry out the work for which they are engaged for the purposes of the Rail Safety National Law; and
- (b) **(Compliance Rail Safety National Law):** comply with their obligations under the Rail Safety National Law.

9.10 Compliance with Train Accreditation requirements

Compliance by Project Co with its obligations under this clause 9:

- (a) **(No discharge of obligations):** does not discharge or excuse Project Co from complying with its other obligations under the Agreement; and

- (b) **(No evidence of compliance)**: is not evidence of compliance by Project Co with its other obligations under the Agreement.

10 Rail Safety (Tram)

10.1 Acknowledgement

The parties acknowledge and agree that:

- (a) **(Tram Franchisee holds Accreditation)**: the Tram Franchisee is the accredited Rail Transport Operator to the extent required by Law in respect of the Project Activities comprising Tram Operations.
- (b) **(Tram Franchisee Accreditation)**: the Tram Franchisee is the accredited Rail Transport Operator in relation to the operation of the Tram Franchise Business.

10.2 Compliance with Tram Safety Act

Project Co must:

- (a) make itself aware of;
- (b) itself comply with;
- (c) ensure that its Associates comply with; and
- (d) provide any evidence requested by the State of its and its Associates' compliance with,

all duties, obligations and requirements under the Tram Safety Act.

10.3 Assistance relating to Tram Safety Act

Project Co must ensure that it and its Associates:

- (a) **(Provide access, information or assistance)**: within the time requested (which must be reasonable having regard to the circumstances), provide:
- (1) the Tram Franchisee Interface Party;
- (2) Subcontractors; and
- (3) any other party at the State's request,
- with such access to premises, information or assistance as the party may reasonably require in relation to:
- (4) that party's Tram Accreditation; or
- (5) any duties, obligations, or requirements that party may have under the Tram Safety Act,
- in relation to any work or services arising under or in connection with the Project Activities;
- (b) **(Tram Accreditation and Tram Safety Act)**: except as required by Law, do not do, or omit to do, anything which may cause:
- (1) the Tram Accreditation of a Tram Franchisee to be suspended or cancelled; or

- (2) a Tram Franchisee to breach a term or condition of its Tram Accreditation or the Tram Safety Act; and
- (c) **(Tram Franchisee Interface Party direction)**: comply with and procure that all its Associates comply with any direction given by the Tram Franchisee Interface Party given in accordance with clause 9 of the Tram Franchisee Cooperation Agreement.

10.4 Tram Safety Management System

- (a) **(Tram Safety Management System and Tram Safety Interface Agreements)**: Without limiting clauses 10.1 to 10.3, Project Co, and any Key Subcontractor holding Tram Accreditation, must, to the extent required by the Tram Safety Act:
 - (1) develop, implement and maintain a Tram Safety Management System; and
 - (2) seek to enter, and if entered into, comply with, any Tram Safety Interface Agreements,in a timely manner and in accordance with:
 - (3) this Agreement (including as required under clause 10.1(b)), and
 - (4) the Tram Safety Act.
- (b) **(Copies provided to the State)**: Project Co and any Key Subcontractor holding Tram Accreditation, must promptly provide the State with a copy of the Tram Safety Management System and Tram Safety Interface Agreements referred to in this clause 10.4.

10.5 Assistance relating to Tram Safety Management Systems

Without limiting clauses 10.1 to 10.4, Project Co must itself, and must ensure that its Associates:

- (a) **(All things necessary)**: do all things necessary to assist the Tram Franchisee Interface Party (including all things reasonably required by the State) to:
 - (1) prepare changes to its Tram Safety Management System in relation to the Project Activities;
 - (2) manage changes associated with the Project Activities as relevant to the Tram Safety Management System; and
 - (3) obtain any variation to its Tram Accreditation that is required as a consequence of the Project Activities;
- (b) **(Provide support)**: do all things necessary to provide information, documentation, advice and other assistance and support in relation to the Project Activities as required by the Tram Franchisee Interface Party for the purpose of amending its Tram Safety Management System or obtaining a variation to its Tram Accreditation; and
- (c) **(Make personnel available)**: make available all personnel who have assisted or are assisting in the preparation of changes to the Tram Safety Management System of a Tram Franchisee or obtaining a variation to a Tram Franchisee's Accreditation to attend Tram Safety Management System meetings or workshops as may be arranged from time to time by the State.

10.6 Safety Policies

- (a) **(Project Co's procedures):** Without limiting the generality of clauses 10.1 to 10.5, prior to commencing the Project Activities, and during the carrying out of the Project Activities, Project Co is required to have in place its own procedures, or ensure that procedures are in place, for:
- (1) alcohol and drugs testing;
 - (2) fatigue management;
 - (3) health surveillance; and
 - (4) conducting the relevant risk assessments required to complete health assessments,
- which procedures must comply with the Tram Safety Act.
- (b) **(Evidence of procedures):** Project Co must promptly provide documentation or information as evidence of the above requirements, as may be reasonably required by the State from time to time.

10.7 Notices

Project Co must provide the State with a copy of any notice, report or other correspondence given or received by:

- (a) **(Tram Safety Act or Tram Accreditation):** Project Co, its Associates or the Tram Franchisee Interface Party under or in connection with:
- (1) the Tram Safety Act; or
 - (2) the Tram Safety Regulations,
- in connection with the Project Activities; or
- (b) **(Adverse effect on Project Activities):** Project Co, its Associates, or the Tram Franchisee Interface Party which may adversely affect the ability of Project Co or its Associates to carry out the Project Activities,

as soon as possible, but in any event no later than 5 Business Days after such notice, report or other correspondence is given or received by Project Co, its Associates or the Tram Franchisee Interface Party.

10.8 Staff

Without limiting clauses 5.1(a)(2) or 8.3(a), Project Co must ensure that all persons engaged in, or in connection, with the Project Activities:

- (a) **(Competent):** are competent to carry out the work for which they are engaged for the purposes of the Tram Safety Act; and
- (b) **(Compliance Tram Safety Act):** comply with their obligations under the Tram Safety Act.

10.9 Compliance with Tram Accreditation requirements

Compliance by Project Co with its obligations under this clause 10:

- (a) **(No discharge of obligations):** does not discharge or excuse Project Co from complying with its other obligations under the Agreement; and

- (b) **(No evidence of compliance)**: is not evidence of compliance by Project Co with its other obligations under the Agreement.

11 Parties and personnel

11.1 Secretary

- (a) **(Appointment)**: The State has appointed the Secretary to exercise the rights and carry out the obligations set out in the *Transport Integration Act 2010* (Vic) and the Relevant Legislation with respect to the Project.
- (b) **(No limitation)**: The appointment of the Secretary (or any authority appointed to replace the Secretary under clause 11.1(c)) does not limit the rights or obligations of the State under the State Project Documents.
- (c) **(Replacement)**: The State, at any time by notice to Project Co, may appoint another Authority to exercise similar rights and carry out similar obligations to that of the Secretary under clause 11.1(a) relevant to the Project.

11.2 Authorities

Project Co acknowledges and agrees that:

- (a) **(jurisdiction of Authorities)**: there are Authorities with jurisdiction over aspects of the Project Activities and the Site; and
- (b) **(exercise of functions)**: such Authorities may, from time to time and at any time, exercise their statutory functions and powers in such a way as to disrupt, interfere with or otherwise affect the Project Activities.

11.3 Parties' representatives

- (a) **(Parties' representatives)**: The parties may exercise any of their rights or carry out any of their obligations in accordance with this Agreement through their respective representatives identified in the Contract Particulars.
- (b) **(Agent)**: Each party's representative must be a natural person and will act as the agent of its respective party.
- (c) **(State Representative)**: The State Representative will exercise the rights and carry out the obligations of the State as set out in the State Project Documents, including its ability to give and receive directions and notices.
- (d) **(Project Co Representative)**: The Project Co Representative will exercise those rights and carry out those obligations which it is authorised to perform as notified to the State, including providing a copy of the relevant instrument of appointment to the State, and Project Co must ensure that the Project Co Representative has the proper authority and skill to perform its rights and carry out its obligations.
- (e) **(Delegation)**: Subject to clause 13.1, each party may:
- (1) vary or terminate the duties of its representative identified in the Contract Particulars as it sees fit, including delegating its representative's duties to a new representative; and

- (2) from time to time appoint further representatives to act as its representative concurrently, and may remove any such additional representative at any time.
- (f) **(Notice):** Where a party varies, terminates or delegates the duties of its representatives, or where a party appoints or removes a further representative, in accordance with clause 11.3(e), that party will promptly notify the other of the variation, termination, delegation, appointment or removal, including the identity of any new representative and the new representative's duties (with Project Co also providing a copy of the relevant instrument of delegation) (if applicable) and of any further variation, termination, delegation, appointment or removal.
- (g) **(Project Co not to act):** Except as otherwise required by Law, or expressly provided in a Rail Franchisee Cooperation Agreement, Project Co must not accept or act upon directions in connection with the Project Activities from an employee or agent of the State other than the State Representative or a delegate appointed in accordance with clause 11.3(e) acting in accordance with this Agreement.

11.4 Project Control Group

- (a) **(Establishment):** The parties will establish a group consisting of:
 - (1) the State Representative;
 - (2) 2 or more other representatives of the State notified by the State from time to time;
 - (3) the Project Co Representative;
 - (4) during the D&C Phase, the Independent Reviewer;
 - (5) the Train Franchisee Representative;
 - (6) 2 or more other persons nominated by Project Co who must be members of the senior management of Project Co, the D&C Subcontractor or the Maintenance Subcontractor with a sound knowledge of the Project and must be authorised to make commitments on behalf of Project Co, the D&C Subcontractor and the Maintenance Subcontractor, respectively, provided that Project Co must nominate at least one person from:
 - (A) during the D&C Phase, each of the D&C Subcontractor and the Maintenance Subcontractor; and
 - (B) during the Maintenance Phase, the Maintenance Subcontractor;
 - (7) an independent chair agreed by the State and Project Co (or in the absence of agreement, appointed by the Secretary; and
 - (8) such other members as the State determines or the parties may agree from time to time,(together the **Project Control Group**).
- (b) **(Replacement of delegates):** The members of the Project Control Group may, by notice to the other members of the Project Control Group, appoint replacement delegates who hold the same or similar position to:
 - (1) attend Project Control Group meetings in their absence; and
 - (2) otherwise discharge their responsibilities in accordance with this clause 11.4.

- (c) **(Functions):** The functions of the Project Control Group will be to:
- (1) monitor the overall progress of the Project Activities and compliance with the State Project Documents;
 - (2) assist in the resolution of any matters referred to the Project Control Group by a party;
 - (3) review any matters concerning passenger services operated by a Rail Franchisee and complaints resolution (to the extent relevant to the Project Activities);
 - (4) review any matters concerning any Unplanned Rail Disruption;
 - (5) review all reports and plans provided by Project Co, its Subcontractors and the Independent Reviewer during the Term;
 - (6) review any matters relating to the provision of the Services and all of the matters referred to in the Final Acceptance Schedule and Services Specification;
 - (7) any matters arising out of the Monthly Performance Reports;
 - (8) review and discuss matters relating to the Permitted Commercial Opportunities;
 - (9) review and discuss matters relating to safety; and
 - (10) discuss and address such other matters as may arise from time to time in connection with the Project.
- (d) **(Cost):** The State and Project Co will share equally in the costs of the independent chair agreed or appointed in accordance with clause 11.4(a)(4).
- (e) **(Meetings):** The Project Control Group must:
- (1) meet:
 - (A) Monthly during the Term (or as otherwise agreed by the State Representative and the Project Co Representative); or
 - (B) when otherwise called to meet on 10 Business Days' notice by the State Representative or the Project Co Representative (or on such other notice as otherwise agreed by them); and
 - (2) conduct its meetings in the manner agreed from time to time or as otherwise directed by the independent chair.
- (f) **(Meeting agendas):** The State will determine the agenda for each meeting, and in determining each agenda:
- (1) will seek input from the Project Co Representative;
 - (2) subject to clause 11.4(f)(3), must include any items notified to it by any other member received no later than 2 Business Days prior to the date of the meeting; and
 - (3) will not include any item if the item does not fall within the functions of the Project Control Group unless its inclusion is agreed to by the State.
- (g) **(Reports):** Project Co must, no later than 10 Business Days after the end of each Month, give each member of the Project Control Group and the Independent Reviewer:

- (1) prior to the Date of Final Acceptance, a Monthly D&C Phase Progress Report for the previous Month prepared and updated in accordance with the PS&TR; and
- (2) from the Date of Provisional Acceptance to the Expiry Date:
 - (A) a Monthly Performance Report for the previous Month; and
 - (B) the current Monthly Maintenance Schedule,
prepared and updated in accordance with the Final Acceptance Schedule or the Services Specification (as relevant).
- (h) **(Minutes)**: Project Co must take minutes of each Project Control Group meeting and distribute such minutes not later than 10 Business Days after the Project Control Group meeting.
- (i) **(Other attendees)**: The State may:
 - (1) require any Metro Tunnel Package Contractor or any Interface Party to attend any meeting of the Project Control Group; and
 - (2) direct Project Co to procure the attendance of senior representatives of any of the Subcontractors (not forming part of the Project Control Group), Financiers or any of their respective Associates at any meeting of the Project Control Group.

11.5 No liability of representative groups

- (a) **(Liability of Project Control Group)**: The Project Control Group:
 - (1) is advisory only and its decisions or recommendations are not binding on the parties; and
 - (2) does not have any legal responsibilities, Liability or right to require any of the parties to act or refrain from acting in any way.
- (b) **(No limitation)**: The parties' involvement in the Project Control Group does not affect their respective rights and obligations in accordance with this Agreement.
- (c) **(Further information)**: The State Representative may require Project Co to provide information on matters discussed at any Project Control Group meeting and Project Co must provide that information in a timely manner.
- (d) **(No reliance or Claim)**: Neither the State nor Project Co will be entitled to:
 - (1) rely on any statement, opinion, advice, representation, warranty, promise or undertaking made or given by or on behalf of or any member of the Project Control Group (in its capacity as a member); or
 - (2) make any Claim against any such group or committee or any member of the Project Control Group (in its capacity as a member),
arising in connection with anything which any such member does or fails to do in its capacity as a member of the Project Control Group.
- (e) **(Project Co conduct at meetings)**: Project Co and its Associates must freely and openly discuss the Project Activities at all meetings (including the Project Control Group) conducted with the State and Project Co and must procure that its Associates fully respond to any questions which the State Representative may ask Project Co at any meetings conducted in accordance with this Agreement within 5 Business Days.

11.6 Appointment of Independent Reviewer

The State will appoint, and the State and Project Co must jointly engage, the Independent Reviewer to act as Independent Reviewer:

- (a) **(appointment terms)**: in accordance with the terms of this Agreement and the Independent Reviewer Deed of Appointment; and
- (b) **(not agent)**: independently and not as agent of either party.

11.7 Other Project roles of Independent Reviewer

- (a) **(No ability to act for Financiers)**: Project Co must ensure that the Financiers do not appoint the Independent Reviewer to act in any role in connection with the Finance Documents, without the prior consent of the State.
- (b) **(Costs)**: Subject to clause 11.7(e), the costs and expenses of the Independent Reviewer (including the Independent Reviewer's professional fees and any costs incurred in exercising or purporting to perform its obligations under the Independent Reviewer Deed of Appointment but not including any payments due to the Independent Reviewer in respect of any Downstream Independent Reviewer Functions) will be paid to the Independent Reviewer by the State.
- (c) **(Payment of costs)**: Subject to clauses 11.7(d) and clause 11.7(e)(1), Project Co must pay to the State on demand, from time to time 50% of the costs and expenses of the Independent Reviewer paid by the State under clause 11.7(b).
- (d) **(Proportionate payment of costs)**: To the extent that the Independent Reviewer considers that the parties (as a result of their respective conduct) have a proportionate responsibility for the costs and expenses of the Independent Reviewer paid by the State under clause 11.7(b) which differs from the proportions stated in clause 11.7(c), Project Co must pay to the State on demand the relevant proportion of the costs and expenses of the Independent Reviewer paid by the State under clause 11.7(b) as stated in a notice from the Independent Reviewer to the parties.
- (e) **(Costs for reports)**: Where the Independent Reviewer prepares a report not otherwise required by this Agreement or the Independent Reviewer Deed of Appointment, but requested by the State or Project Co:
 - (1) the costs of the Independent Reviewer of preparing such an additional report will be paid directly by the party requesting the report; and
 - (2) a copy of that additional report must be provided by the Independent Reviewer to the party that did not request the report.

11.8 Determinations of Independent Reviewer

Determinations of the Independent Reviewer will be final and binding on the State and Project Co except:

- (a) **(manifest error)**: in the case of manifest error on the face of the Independent Reviewer's determination; or
- (b) **(express provision)**: if there is an express provision in this Agreement to the contrary.

11.9 Replacement of Independent Reviewer

- (a) **(Appointment and replacement)**: If:

- (1) the Independent Reviewer Deed of Appointment is terminated in accordance with its terms; or
- (2) the Independent Reviewer ceases to act as the Independent Reviewer for the purposes of the State Project Documents,

the State will appoint, and the State and Project Co must jointly engage, another person to act as the Independent Reviewer on substantially the same terms as the Independent Reviewer Deed of Appointment, provided that the Independent Reviewer to be engaged must:

- (3) be reasonably acceptable to the State and Project Co;
 - (4) have appropriate qualifications and experience; and
 - (5) have no interest or duty which conflicts or may conflict with its functions as an Independent Reviewer.
- (b) **(Decisions binding)**: The new Independent Reviewer appointed in accordance with clause 11.9(a) is bound by the exercise of any functions or decisions made by the previous Independent Reviewer which would have been binding on the previous Independent Reviewer, the State and Project Co.

11.10 Proof Engineer

- (a) **(Appointment)**: Project Co must:
- (1) with the D&C Subcontractor, jointly engage the Proof Engineer; and
 - (2) ensure that, where the engagement of the Proof Engineer is terminated or otherwise ceases, it engages another person to act as Proof Engineer.
- (b) **(Approval)**: Any Proof Engineer appointed by Project Co under clause 11.10(a) must:
- (1) be reasonably acceptable to the State;
 - (2) have appropriate qualifications and experience; and
 - (3) be engaged on terms reasonably acceptable to the State.
- (c) **(Obligations)**: Project Co must ensure that the Proof Engineer:
- (1) complies with the requirements of the Proof Engineer set out in the State Project Documents; and
 - (2) provides such information, assistance and documentation to the Independent Reviewer and gives such access to the Independent Reviewer (and any person authorised by the Independent Reviewer) as may be reasonably required by the Independent Reviewer (and any person authorised by the Independent Reviewer) for the purpose of performing its role and functions under this Agreement and the Independent Reviewer Deed of Appointment.

12 Coordination and Interface Deed Poll

12.1 Co-ordination and Interface Deed Poll

Project Co must, until Final Acceptance, comply with the Coordination and Interface Deed Poll.

12.2 Coordination obligations

In performing the Works, Project Co must:

- (a) comply with the Framework Coordination and Interface Principles;
- (b) plan, coordinate, program and integrate the performance of the Works with the Metro Tunnel Interface Works, and for this purpose Project Co must (without limitation, and in accordance with the Coordination and Interface Deed Poll where relevant):
 - (1) cooperate with contractors carrying out the Metro Tunnel Interface Works to facilitate the execution of the Metro Tunnel Interface Works;
 - (2) permit contractors carrying out Metro Tunnel Interface Works on the relevant part of the Site at the same time as Project Co and its Associates are performing the Works and for this purpose ensure those contractors have safe, unobstructed access to and from those parts of the Site (to which Project Co has access) required by them for the purpose of carrying out the Metro Tunnel Interface Works;
 - (3) prepare joint programs, method statements, and coordination drawings with contractors carrying out Metro Tunnel Interface Works;
 - (4) monitor the progress of Metro Tunnel Interface Works and notify the State of any interference or sequence of activities that may affect the commencement, progress or completion of any of the Works or Metro Tunnel Interface Works; and
 - (5) perform the Works so as to minimise interfering with, disrupting or delaying the work of Metro Tunnel Interface Parties and their Associates carrying out Metro Tunnel Interface Works; and
- (c) attend all co-ordination meetings (either pursuant or in addition to those required under the Coordination and Interface Deed Poll), to plan, review and determine coordinated activities of the management of interfaces (including access) between the Works and the Metro Tunnel Interface Works.

12.3 Accuracy of information

- (a) Project Co will ensure the accuracy and suitability of information which it provides to any Metro Tunnel Package Contractor or any Rail Transport Operator.
- (b) If Project Co discovers any errors or omissions in information that Project Co has provided relating to the Metro Tunnel Interface Works, as soon as practicable Project Co must give written notice of such errors or omissions to those to whom Project Co provided the information.

12.4 Framework Co-ordination and Interface Principles

- (a) Without limiting Project Co's obligations under this clause 12, Project Co acknowledges and accepts that:
 - (1) the Works and Metro Tunnel Interface Works are interrelated and interdependent and the interface between the Works and certain of the Metro Tunnel Interface Works are governed by the Framework Coordination and Interface Principles; and
 - (2) Project Co will bear the costs of complying with:

- (A) the Coordination and Interface Deed Poll;
 - (B) the Framework Coordination and Interface Principles; and
 - (C) any determination of the Joint Coordination Committee, the JCC Systems Integration Team or a JCC Subcommittee pursuant to the Framework Coordination and Interface Principles,
- other than to the extent that the State issues a Modification Order in respect of a JCC Modification pursuant to clause 38.8(c) or clause 38.8(e).
- (b) As soon as reasonably practicable after the date of this Agreement, Project Co must provide the State with all of the details required for MMRA or the Secretary to complete each Beneficiary Nomination Notice.
 - (c) The State agrees to procure that MMRA and the Secretary (as relevant):
 - (1) comply with their obligations as set out in the Framework Coordination and Interface Principles;
 - (2) in circumstances where any Deed Poll Provider (other than Project Co):
 - (A) has not already entered into a deed poll in the form of the Coordination and Interface Deed Poll as at the date of this Agreement, to procure that each Deed Poll Provider enters into such a deed poll in favour of Project Co in the form of the Coordination and Interface Deed Poll prior to or at the same time as executing its relevant Delivery Agreement; or
 - (B) has already entered into a deed poll in the form of the Coordination and Interface Deed Poll as at the date of this Agreement and subject to Project Co complying with clause 12.4(b), deliver as soon as reasonably practicable after the date of this Agreement, a Beneficiary Nomination Notice on each Deed Poll Provider (who has already executed such a deed poll) nominating Project Co as a Beneficiary under such deed poll;
 - (3) in circumstances where Project Co has provided a Coordination and Interface Deed Poll in favour of a Beneficiary, and such Beneficiary:
 - (A) has assigned or novated its Delivery Agreement (or in the case of a Rail Transport Operator, the Train Franchisee Arrangements) in accordance with its terms, to deliver, as soon as reasonably practicable after the assignment or novation, as applicable, a Beneficiary Assignment Notice and any associated Coordination and Interface Deed Poll to Project Co; and
 - (B) has had its Delivery Agreement terminated in accordance with its terms, as soon as reasonably practicable, deliver a Beneficiary Termination Notice to Project Co; and
 - (4) use reasonable endeavours to procure that the Train Franchisee complies with its obligations as a Rail Transport Operator (rather than as a Metro Tunnel Package Contractor) as set out in the Framework Coordination and Interface Principles.
 - (d) Project Co's obligations and liabilities under this Agreement remain unaffected notwithstanding:

- (1) any information, data, representation, statement or document made, or provided to Project Co, by the State, the Secretary or MMRA in relation to the Works as part of the Key Milestone Program and any other documents prepared or supplied by or on behalf of the State, the Secretary or MMRA pursuant to obligations under the Framework Coordination and Interface Principles; or
- (2) any act or omission of the State, the Secretary or MMRA in respect of the Framework Coordination and Interface Principles.

12.5 Interface Definition Sheets and Interface Steps

- (a) **(Acknowledgements):** The parties acknowledge and agree the Interface Definition Sheets:
 - (1) do not include the dates by which the Interface Steps must be performed; and
 - (2) will not be updated to include the dates by which the Interface Steps must be performed, on the basis that such information will be ultimately included in the D&C Program and the Key Milestone Program in accordance with the process set out in this clause 12.5.
- (b) **(Interface Step dates):** As soon as possible following Financial Close, Project Co must:
 - (1) work with the Rail Systems Alliance to agree a timetable and process for agreeing by 28 February 2018, the dates for completion of the Interface Steps (which relate to the Rail Systems Alliance);
 - (2) work with the State to agree a timetable and process for agreeing by 28 February 2018, the dates for completion of the Interface Steps which relate to the Rail Infrastructure Alliance; and
 - (3) negotiate in good faith with:
 - (A) the Rail Systems Alliance to agree the dates for completion of the Interface Steps which relate to the Rail Systems Alliance; and
 - (B) the State to agree the dates for completion of the Interface Steps which relate to the Rail Infrastructure Alliance.
- (c) **(Failure to agree Interface Step dates):** To the extent Project Co fails to agree with the Rail Systems Alliance or the State (as relevant) the dates for completion of the Interface Steps which relate to the Rail Systems Alliance or the Rail Infrastructure Alliance (as relevant) by 28 February 2018, the Independent Reviewer will determine those dates (such dates to be reasonable having regard to what is reasonably achievable in light of the D&C Program and the Rail Systems Alliance's program or the Rail Infrastructure Alliance's program (as applicable)).
- (d) **(Agreed Interface Step dates):** The agreed dates for completion of the Interface Steps (or if applicable, the dates determined by the Independent Reviewer) will be included in the D&C Program and the Key Milestone Program.
- (e) **(Notice of delay):** If Project Co becomes aware that it may not achieve a Project Co Interface Step by the relevant Interface Step Date as a result of critical or non-critical delay to the Project, Project Co must:
 - (1) notify the Joint Coordination Committee of the likely delay (including the impact of any extension of time granted pursuant to clause 26) at

timeframes reasonably agreed by the parties (taking into account the timing for Project Co's obligation to update the D&C Program);

- (2) consult with the appropriate committee under the Coordination and Interface Deed Poll in respect of the delay; and
 - (3) use reasonable endeavours to achieve the Project Co Interface Step by the earliest possible date (having regard to the nature and duration of the likely delay).
- (f) **(Variations):** If Project Co has complied and continues to comply with clause 12.5(e), Project Co:
- (1) may vary a Project Co Interface Step Date to the earliest possible date that the relevant Project Co Interface Step can be achieved (having regard to the nature and duration of the likely delay); and
 - (2) must notify the Joint Coordination Committee in writing of the variation (which it may do by providing "an annotated" copy of a D&C Program which has been updated in accordance with the timeframes set out in clause 18.2).

For the avoidance of doubt, Project Co may vary a Project Co Interface Step Date without the consent of the State or the Rail Systems Alliance provided it has complied and continues to comply with clauses 12.5(e) and 12.5(f).

- (g) **(Determination):** If the State reasonably believes that a Project Co proposed variation of a Project Co Interface Step Date issued in accordance with clause 12.5(f) is not the earliest possible date that the relevant Project Co Interface Step can be achieved (having regard to the nature and duration of the likely delay) it may refer the matter for determination by the Independent Reviewer.
- (h) **(Consequences of failure to achieve dates):** The parties acknowledge and agree that any:
 - (1) failure to achieve an Interface Step by the relevant Interface Step Date; or
 - (2) variation to an Interface Step Date in accordance with this Agreement, the Framework Coordination and Interface Principles or a Delivery Agreement,

will not be a breach of this Agreement, a Major Default, a Default Termination Event or a breach, or Wilful Default, of the Coordination and Interface Deed Poll, but the Independent Reviewer may take such failure or variation into account in making a determination on an extension of time in respect of a related or consequential Critical Interface Milestone Event.

13 Subcontracting and third party arrangements

13.1 Key People and Key Subcontractors

Project Co must:

- (a) ensure that the Key People and Key Subcontractors are employed or engaged in the roles specified in the Contract Particulars;
- (b) procure from each Key Subcontractor an executed direct deed:

- (1) in respect of the D&C Subcontractor, in the form of the D&C Direct Deed;
 - (2) in respect of the Maintenance Subcontractor, in the form of the Maintenance Direct Deed; and
 - (3) otherwise, in the form of the Subcontractor Direct Deed;
- (c) procure that the Key Subcontractors procure from their Material Subcontractors, an executed Subcontract Novation Deed;
- (d) subject to clause 13.1(e), not replace the Key People or Key Subcontractors without the State's prior consent; and
- (e) if any of the Key People die, become seriously ill or resign from the employment of Project Co or any Subcontractor or receive a promotion, promptly replace the relevant Key People with persons approved by the State (not to be unreasonably withheld) of at least equivalent qualification, experience, ability and expertise.

13.2 Subcontracting

Project Co:

- (a) **(no relief)**: is not relieved from any or all of its obligations or Liabilities in accordance with the State Project Documents as a result of subcontracting any of those obligations or Liabilities;
- (b) **(Project Co responsible)**: will be responsible for the acts and omissions of any Subcontractor and their respective Associates in carrying out the Project Activities as if such acts or omissions were the acts or omissions of Project Co;
- (c) **(Wrongs Act)**: for the purposes of Part IVAA of the *Wrongs Act 1958* (Vic), is entirely responsible for any failure to take reasonable care on the part of any Subcontractor or their Associates;
- (d) **(access to Subcontracts)**: must if the State requires, give the State access to (or copies of, upon request) any proposed or executed Subcontract (regardless of whether Project Co is a party to that contract) and all plans, specifications and drawings relating to that Subcontract; and
- (e) **(Utility Providers)**: must use its best endeavours to engage all Utility Providers (as required by the State Project Documents) on the best commercial terms reasonably available from the relevant Utility Provider at the time of engagement.

13.3 Requirements for Subcontracting

A Subcontractor must not be engaged in connection with the Project Activities unless:

- (a) **(Probity Investigation)**: if the State requires Probity Investigations to be carried out in respect of the Subcontractor, the State's probity requirements as described in clause 62 are satisfied;
- (b) **(relevant capacity)**: the proposed Subcontractor has the financial capacity, experience and capability to perform the obligations of Project Co to be Subcontracted to at least the standards required by this Agreement; and
- (c) **(relevant provisions)**: where the proposed Subcontract is a Material Subcontract or Key Subcontract, the Subcontract contains further provisions expressly recognising and permitting the exercise by the State of its rights under and contains all relevant provisions prescribed by (if applicable), clauses

11.4(i), 13.1, 13.4, 13.6, 15.2(c)(1) to 15.2(c)(3), 16.3(a), 17, 19.3(d), 41, 43, 44, 45, 48, 52.2, 53, 57 and 62.

13.4 Key Subcontracts and Material Subcontracts

- (a) **(Restrictions on Subcontracts):** Project Co:
- (1) must not itself and must not allow at any time the entering into, amendment, termination, rescission, novation or assignment of any Key Subcontract or Material Subcontract without the State's prior consent (which will not be unreasonably withheld or delayed, and in the case of the Installation Subcontractor (PSD) in relation to an Installation Subcontract (PSD) will be deemed to have been given); and
 - (2) must procure that any Installation Subcontract (PSD) is entered into with the Installation Subcontractor (PSD) (unless the State gives its written consent to engage a party other than the Installation Subcontractor (PSD)).
- (b) **(Prescribed terms):** Project Co must ensure that each Key Subcontract and Material Subcontract includes a clause which provides that, if this Agreement is terminated in accordance with clause 45:
- (1) in respect of each Key Subcontract:
 - (A) subject to the terms of the D&C Direct Deed or Maintenance Direct Deed (as the case may be), any party to the Key Subcontract may terminate the relevant contract;
 - (B) if the termination of this Agreement is not a Voluntary Termination pursuant to clause 45.2, Project Co will pay to the relevant Key Subcontractor, an early termination amount which is no greater than the aggregate of:
 - (i) the contract value of the work or services properly executed in accordance with the Key Subcontract up to the date of termination;
 - (ii) reasonable costs and expenses properly incurred up to the date of termination in expectation of completing the work or services under the Key Subcontract; and
 - (iii) Liabilities to third parties (excluding any Related Body Corporate of the Key Subcontractor, other than a Related Body Corporate that is a counterparty to a Subcontract that was entered into on an arm's length basis and is on commercial terms) arising directly as a consequence of the termination of the Key Subcontract,

which amounts are due and payable under the relevant Key Subcontract but remain unpaid at the date of termination of the Key Subcontract; and
 - (C) if the termination of this Agreement is a Voluntary Termination pursuant to clause 45.2, the amount calculated in accordance with Item M of Section 5 of the Termination Payments Schedule; and

- (2) in respect of each Material Subcontract, subject to the terms of the relevant Subcontract Novation Deed, if the Material Subcontract is terminated, the relevant Key Subcontractor will pay to the Material Subcontractor, an early termination amount which is no greater than the aggregate of:
- (A) the contract value of the work or services properly executed in accordance with the Material Subcontract up to the date of termination;
 - (B) reasonable costs and expenses properly incurred up to the date of termination in expectation of completing the work or services under the Material Subcontract; and
 - (C) Liabilities to third parties (excluding any Related Body Corporate of the Material Subcontractor, other than a Related Body Corporate that is a counterparty to a Material Subcontract that was entered into on an arm's length basis and is on commercial terms) arising directly as a consequence of the termination of the Material Subcontract,
- which amounts are due and payable under the relevant Material Subcontract but remain unpaid at the date of termination of the Material Subcontract.

13.5 Competence

- (a) **(Project Co to ensure competence):** Project Co must ensure that all persons employed or engaged on the Project Activities:
- (1) hold appropriate qualifications and have received appropriate training; and
 - (2) have a reasonable knowledge and understanding of the requirements of any Laws, Approvals, Environmental Requirements and Management Plans applicable to the Project Activities,
- for their intended duties, and provide evidence of such qualifications and training to the State as reasonably requested.
- (b) **(Incompetence):** If the State notifies Project Co of any person employed or engaged on the Project Activities who, in the State's reasonable opinion, is incompetent, does not meet the standard required by clause 13.5(a), or is negligent, dishonest or guilty of misconduct, then Project Co must promptly:
- (1) remove the person or ensure that such person is promptly removed from working on the Project Activities;
 - (2) replace the person or ensure that such person is promptly replaced; and
 - (3) ensure that the person is not again employed or engaged on the Project Activities.

13.6 Payment of amounts owed to Subcontractors

- (a) **(Payments):** Project Co must ensure that:
- (1) Subcontractors are paid in accordance with the terms of their Subcontracts; and

- (2) each Subcontract contains an equivalent provision to clause 13.6(a)(1) in relation to that Subcontract and Subcontractor.
- (b) **(Copies of notices under Security of Payment Act):** Project Co must ensure that within:
 - (1) 2 Business Days after any notice under the Security of Payment Act (excluding any 'payment claim' or 'payment schedule' as those terms are defined under the Security of Payment Act) is given to, or received by, Project Co from any Subcontractor; or
 - (2) one Business Day after notice of a Subcontractor's intention to suspend work under a Subcontract in accordance with the Security of Payment Act is given to, or received by, Project Co from any of its Subcontractors,a copy of that notice is given to the State.
- (c) **(Suspension under Security of Payment Act):** If the State reasonably considers that a Subcontractor has become entitled to suspend work under a Subcontract in accordance with the Security of Payment Act because of a failure by Project Co or any of its Associates to pay moneys due and payable to the Subcontractor, without limiting clause 5.6 of the Finance Direct Deed, the State may pay to the Subcontractor the amount owing to the Subcontractor in connection with that work, and any amount paid by the State will be a debt due and payable by Project Co to the State.
- (d) **(State may pay Subcontractors):** Notwithstanding clause 13.6(c), if any amount is:
 - (1) certified as payable; or
 - (2) otherwise due and payable,to a Subcontractor under a Subcontract, and Project Co or its relevant Associate does not pay such amount to that Subcontractor in accordance with that Subcontract, then, without limiting clause 5.6 of the Finance Direct Deed, the State may pay such amount to that Subcontractor provided it has given Project Co 5 Business Days' notice of its intention to do so, and any amount paid by the State will be a debt due and payable by Project Co to the State.

13.7 Rail Franchisee Cooperation Agreements

- (a) **(Comply with Rail Franchisee Cooperation Agreements):** Project Co must comply with its obligations under the Rail Franchisee Cooperation Agreements.
- (b) **(Payments):** Project Co must ensure that each Rail Franchisee is paid in accordance with the terms of its Rail Franchisee Cooperation Agreement.
- (c) **(Access to documents):** Project Co must, if the State requires, give the State access to (or copies of) all documents, plans, specifications and drawings relating to the Rail Franchisee Cooperation Agreements.
- (d) **(No termination without consent):** Project Co must not allow at any time the amendment, termination, rescission, replacement, novation or assignment of a Rail Franchisee Cooperation Agreement without the State's prior consent.
- (e) **(State may pay Rail Franchisees):** If any amount is due and payable to a Rail Franchisee under its Rail Franchisee Cooperation Agreement, and Project Co does not pay such amount to that Rail Franchisee in accordance with that Rail Franchisee Cooperation Agreement, the State may pay such amount to that Rail Franchisee provided it has given Project Co 5 Business Days' notice of its

intention to do so, and any amount paid by the State will be a debt due and payable by Project Co to the State.

13.8 CityLink Interface Deed

Project Co must comply with all of its obligations under the CityLink Interface Deed.

13.9 General interface requirements

(a) **(Coordination)**: Project Co acknowledges that the State, any of its Associates, the Train Franchisee, the Tram Franchisee, the Ticketing Works Contractor and any other person authorised by the State (together, the **Interface Parties**), may carry out:

- (1) Rail Operations; or
- (2) work, services, activities and functions:
 - (A) in connection with the Relevant Infrastructure or the Metro Tunnel;
 - (B) otherwise in connection with the Project Activities; or
 - (C) adjacent to or in the vicinity of the Works, the Relevant Infrastructure or the Metro Tunnel, the Site or the Victorian Rail Network,

simultaneously with Project Co's performance of the Project Activities.

(b) **(Co-operation)**: Except to the extent Project Co is expressly entitled to relief as a Compensable Intervening Event or Compensable Extension Event, Project Co bears all risk in respect of the Interface Parties and must:

- (1) permit the Interface Parties to undertake their work, services, activities and functions;
- (2) fully co-operate with the Interface Parties;
- (3) carefully co-ordinate and interface the Project Activities with the work, services, activities and functions carried out or to be carried out by the Interface Parties;
- (4) carry out the Project Activities so as to minimise interference, disruption or delay to the work, services, activities and functions of the Interface Parties; and
- (5) notify the State of any problems which the undertaking or intended undertaking of any works, services, activities or functions of the Interface Parties may have on the carrying out of the Project Activities as soon as possible after becoming aware of such problems.

13.10 Notification of claims and disputes

Project Co must notify the State Representative of the existence of any Claims or disputes that have arisen under:

- (a) a Rail Franchisee Cooperation Agreement;
- (b) the CityLink Interface Deed;
- (c) the Coordination and Interface Deed; or

- (d) any Subcontract (regardless of whether Project Co is a party to that contract), where the claims process or dispute resolution process under that Subcontract has been activated by any party to it.

13.11 Obligations as to Claims made on pass-through basis

Project Co must, in circumstances where it makes any Claim against the State as a consequence of a Claim that has been made by a Subcontractor against Project Co, take reasonable steps to ensure that any such Claim made by the Subcontractor is bona fide, prior to making any related Claim against the State and must notify the State of the steps it has taken prior to or at the same time it makes the Claim against the State.

13.12 Interface with Ticketing Works

Without limiting clause 13.9:

- (a) **(Acknowledgement):** Project Co acknowledges that:
- (1) the Project Activities interface with the Ticketing Works;
 - (2) the Ticketing Works Contractor will be carrying out the Ticketing Works on the Site at the same time as Project Co is carrying out the Project Activities; and
 - (3) delays in carrying out the Project Activities or a failure to comply with its other obligations under this Agreement may impact on, interfere with or delay, the design, construction and commissioning of the Ticketing Works by the Ticketing Works Contractor; and
- (b) **(Ticketing Works):** Project Co must:
- (1) permit the Ticketing Works Contractor to design, construct and commission the Ticketing Works on the Site at the same time as Project Co is carrying out the Project Activities;
 - (2) provide the Ticketing Works Contractor with safe, clean and clear access to those parts of the Site where the Ticketing Works are being carried out;
 - (3) interface and coordinate the Project Activities with the design, construction and commissioning of the Ticketing Works by the Ticketing Works Contractor and cooperate with the Ticketing Works Contractor to enable the Ticketing Works Contractor to design, construct and commission the Ticketing Works;
 - (4) take all reasonable precautions to ensure that the Works are protected from accidental damage by the Ticketing Works Contractor;
 - (5) carry out the Project Activities so as to minimise any disruption, interference or delay to the Ticketing Works; and
 - (6) provide to the Ticketing Works Contractor all information reasonably requested by the Ticketing Works Contractor within a reasonable period to enable the Ticketing Works Contractor to design, construct and commission the Ticketing Works.

14 Management Plans

14.1 Preparation of Management Plans

- (a) **(Submission):** Project Co must:
 - (1) prepare, finalise, implement and update the Management Plans in accordance with the Project Management Requirements so that compliance with the Management Plans will enable Project Co to carry out the Project Activities in accordance with this Agreement; and
 - (2) submit the Management Plans to the State and the Independent Reviewer for review in accordance with the Review Procedures.
- (b) **(Staged submission)** If a Management Plan is submitted later than as required by the D&C Program, PS&TR or Services Specification (as relevant), Project Co must:
 - (1) have regard to the resources of the State and the Independent Reviewer; and
 - (2) stage the submission of the Management Plans,
so as not to impede the ability of the State and the Independent Reviewer to carry out a review in accordance with the Review Procedures.
- (c) **(Additional information):** Project Co must provide any additional information in connection with the Management Plans at any time as reasonably requested by the State or the Independent Reviewer.
- (d) **(Delivery):** Unless otherwise agreed by the State, Project Co must carry out the Project Activities in accordance with the Management Plans.

14.2 Management Plan requirements

- (a) **(Bid Project Strategies):** Exhibit 2 contains the Project Strategies.
- (b) **(Content of Management Plans):** The Management Plans must:
 - (1) include an introduction and overview of the Management Plan;
 - (2) when first submitted pursuant to clause 14.1(a)(2), be consistent with the Project Strategies;
 - (3) set out the processes and procedures for the management of the Project Activities applicable to that Management Plan and demonstrate to the State and the Independent Reviewer how Project Co will meet its relevant obligations under the State Project Documents; and
 - (4) describe the interfaces that the relevant Management Plan has with other Management Plans.
- (c) **(Integrated approach):** Project Co must use an integrated approach to producing the Management Plans to avoid a large set of individual Management Plans with overlapping content.
- (d) **(Combined Management Plans):** Project Co may combine any Management Plan with the State's approval. In any combined Management Plan, Project Co must clearly identify:
 - (1) which process contained in the Systems Engineering Standard the Management Plan relates to; and

- (2) that the requirements set out in the Project Management Requirements have been addressed in the combined Management Plan.

14.3 Updates and revisions of Management Plans

- (a) **(Review frequency):** Each Management Plan must be reviewed and, where necessary updated, by Project Co to take into account events or circumstances which will, or may reasonably be expected to, affect the manner in which Project Co carries out the Project Activities, including:
 - (1) where any Modification has been implemented;
 - (2) where any change in Law or Change in Mandatory Requirements with which Project Co must comply has occurred;
 - (3) where any relevant change in Best Industry Practice has occurred;
 - (4) where any additional Approvals have been obtained or existing Approvals varied;
 - (5) where the current Management Plan:
 - (A) does not adequately address the matters it is intended to address; or
 - (B) does not allow performance to be accurately measured under the Payment Schedule or Services Specification (as relevant);
 - (6) where a finding of an Asset Condition Survey or a performance audit required under clause 35.9(f) requires that Management Plan to be updated;
 - (7) where any correction of a Defect or the identification of a non-conformance occurs which will, or may reasonably be expected to, affect the manner in which the Project Activities are carried out;
 - (8) where an Incident has occurred;
 - (9) where Site Conditions have significantly changed from those contemplated at Contract Close;
 - (10) to take account of relevant changes in technology and work methods, particularly processes which affect the safety and the efficiency of the Project Activities and Relevant Infrastructure;
 - (11) to take account of continuous improvement in the carrying out of the Project Activities;
 - (12) as required by the Project Management Requirements; or
 - (13) at the State's request in accordance with clause 14.3(b).
- (b) **(State requested reviews):** If at any time, Project Co has not updated any Management Plan in accordance with the requirements of this clause 14.3, the State may by notice request that the relevant Management Plan is amended or updated specifying:
 - (1) the reasons why the Management Plan is required to be updated; and
 - (2) the time within which such amendment or updating must occur (which must be reasonable having regard to the amount of work required).

- (c) **(Project Co response):** Upon receipt of a notice under clause 14.3(b), Project Co must:
 - (1) amend or update the Management Plan as requested by the State; and
 - (2) submit the amended or updated Management Plan to the State and the Independent Reviewer for review in accordance with the Review Procedures within the time specified in the State's notice.
- (d) **(Notice of changes):** Other than where clause 14.3(b) applies, Project Co must immediately notify the State and the Independent Reviewer of any proposed change to a Management Plan and the amended Management Plan must be submitted to the State and the Independent Reviewer within 20 Business Days of such notice for review in accordance with the Review Procedures.

14.4 Audits

- (a) **(Audit for compliance):** At any time during the Term, the State may undertake (or engage an Associate of the State or a third party to undertake) an audit of the Project Activities to verify Project Co's compliance with and performance of its obligations under the Project Management Requirements and the Management Plans.
- (b) **(Project Co obligations):** Project Co must:
 - (1) provide all Project Co Material requested by the Auditor that is relevant to the conduct of the audit; and
 - (2) meet with, and arrange for any of Project Co's Associates to meet with, the Auditor.
- (c) **(Report):** The State:
 - (1) must provide a copy of any report prepared as a consequence of the audit undertaken in accordance with clause 14.4(a) to Project Co; and
 - (2) may require Project Co and its Associates to attend a meeting to discuss the audit report.
- (d) **(Remedy of failures):** If an audit report reveals any failure on the part of Project Co or any of its Associates to comply with any of its obligations under the Project Management Requirements or the Management Plans, then, without limiting the State's rights under this Agreement, Project Co must at its own cost, promptly take such steps as are necessary to remedy or mitigate the effect of those failures and provide evidence of those steps to the State.
- (e) **(Costs):** Project Co will not be liable for any costs incurred by the State in performing audits in accordance with this clause 14.4, unless an audit establishes that Project Co is in material breach of this Agreement, or has acted negligently or fraudulently in any of the Project Activities, in which case Project Co must pay, on demand, the State's costs of carrying out such audit.

14.5 Franchisee Interface Management Plans

Project Co must submit each Franchisee Interface Management Plan (including each update) to the State for review in accordance with the Review Procedures and, where applicable, the D&C Program.

15 Health and safety

15.1 State's objectives and overarching requirements

- (a) **(State requirements):** The State requires:
- (1) the Project Activities to be completed with safety as the paramount consideration;
 - (2) the management of safety during the planning and carrying out of the Project Activities to be of the highest priority; and
 - (3) all health and safety risks to be either eliminated or controlled so far as reasonably practicable.
- (b) **(Project Co acknowledgement):** Project Co acknowledges and agrees that:
- (1) safety is a core value for the Project and the carrying out of the Project Activities;
 - (2) it must aspire to achieve that all people will have the highest level of protection during the carrying out of the Project Activities to ensure, so far as is reasonably practicable, that no harm to individuals arises;
 - (3) effective engagement and consultation with relevant stakeholders regarding health and safety matters is necessary at all stages of the carrying out of the Project Activities; and
 - (4) in carrying out the Project Activities, it must promote a culture where employees and contractors are encouraged to identify, address and prevent risks and unsafe behaviour.

15.2 Project Co's general health and safety obligations

Project Co:

- (a) **(general health and safety):** accepts that it is responsible for all aspects of health and safety relating to the Relevant Infrastructure, the Site and the Project Activities from Financial Close until the Expiry Date:
- (1) except in relation to the obligations of any Principal Contractor under the OHS Legislation appointed in accordance with this clause 15;
 - (2) subject to the Train Franchisee's requirements in respect of any Works carried out, or Services performed, on Train Franchisee Land; and
 - (3) subject to the Tram Franchisee's requirements in respect of any Works carried out on Tram Franchisee Land,
- and it cannot delegate or assign this responsibility to a third party without the prior approval of the State;
- (b) **(access and egress):** accepts that it is responsible for ensuring that at all times the Site is secure and that access and egress to the Site is controlled, including during non-work times, and does not pose a risk to the health and safety of any person (to avoid doubt, where responsibility for access and egress is shared, Project Co is required to consult with other parties to ensure that the requirements of this clause 15 are met);
- (c) **(cooperation):** must cooperate, and ensure the cooperation of its Associates, with the State in respect of the discharge of any occupational health and safety

obligations of the State in connection with the Project under the OHS Legislation, and must:

- (1) comply with all reasonable requests of the State to assist it to discharge its obligations;
 - (2) refrain from doing anything that may impede the State in discharging its obligations;
 - (3) notify the State immediately of any non-compliance or potential non-compliance in connection with the OHS Legislation or any other Health and Safety Incident that occurs in connection with the Relevant Infrastructure, the Site or the Project Activities; and
 - (4) require that all Subcontracts contain clauses equivalent to clauses 15.2(c)(1) to 15.2(c)(4);
- (d) **(Safety culture)**: must demonstrate the implementation of a positive safety culture through the Management Plans and by implementing programs to support a positive safety culture for all Project Activities;
- (e) **(Subcontractors)**: must ensure that all Subcontractors carry out the Project Activities in accordance with:
- (1) a safety management system independently certified to AS4801-2001 by a JAS-ANZ accredited certification body maintained for the duration of the Project Activities;
 - (2) the Health and Safety Management Plan; and
 - (3) the Security Management Plan;
- (f) **(Health and Safety Management Plan)**: must ensure that a copy of the current Health and Safety Management Plan is retained at each workplace comprising the Site and available for inspection by the State at all times;
- (g) **(Health and safety professionals)**: must ensure that an adequate number of health and safety professionals are appointed to ensure that the Project Activities are carried out safely and without risk to health. For the purpose of this clause 15.2(g), a health and safety professional must:
- (1) be employed in a full time capacity as a safety professional;
 - (2) as a minimum, have had suitable experience as a safety professional in construction safety on a full time basis for at least 3 years and possess the required technical skills and knowledge to perform the role, which may include the attainment of a recognised certificate, degree or post graduate qualification in a safety or occupational health and safety risk management discipline; and
 - (3) be able to demonstrate competence, experience and training in safety in road, civil or rail construction environments;
- (h) **(Occupational Health and Safety Manager)**: must ensure that a suitably experienced and qualified person be appointed as 'Occupational Health and Safety Manager' for the Project to, without limiting any obligation of Project Co, be responsible for:
- (1) compliance with this clause 15.2; and
 - (2) the implementation of the Health and Safety Management Plan;
- (i) **(Independent Safety Auditor)**: must:
- (1) engage an Independent Safety Auditor to undertake audits of the Project Activities to verify; and

- (2) provide to the State, within 30 Business Days of 1 January and 1 July each year during the D&C Phase, an audit report, prepared by the Independent Safety Auditor in respect of,
Project Co's compliance with its obligations in respect of health and safety including in respect of the Health and Safety Management Plan;
- (j) **(Health and Safety Management Plan audit)**: must, prior to submitting the Health and Safety Management Plan for review in accordance with clause 14.1(a):
 - (1) engage an Independent Safety Auditor to undertake an audit of the Health and Safety Management Plan; and
 - (2) provide to the State an audit report, prepared by the Independent Safety Auditor, in respect of the Health and Safety Management Plan; and
- (k) **(Implement audit findings)**: must, if an audit report prepared by the Independent Safety Auditor reveals any non conformances or areas for safety improvement, promptly (and in any event, in the timeframes specified in the audit report) take such steps as are necessary to resolve those non conformances and provide evidence of those steps to the State.

15.3 Principal Contractor

- (a) **(Appointment of Principal Contractor)**: The State will:
 - (1) appoint one entity comprising the D&C Subcontractor as Principal Contractor in respect of the Licensed Construction Areas, upon Financial Close and up to and including the Date of Provisional Acceptance, in connection with the D&C Activities; and
 - (2) authorise the entity appointed as Principal Contractor under clause 15.3(a)(1) to manage or control the Licensed Construction Areas to the extent necessary to discharge the duties of a Principal Contractor under the OHS Legislation;
- (b) **(Procure consent – FAW Phase)**: Project Co must procure that one entity comprising the D&C Subcontractor consents to being appointed as Principal Contractor in respect of the Licensed Construction Areas, Licensed Maintenance Areas and the Commercial Opportunities Leased Areas (as relevant) during the FAW Phase, to the extent:
 - (1) requested by the owner of that land; and
 - (2) that the Subcontractor will be carrying out 'construction work' within the meaning of regulation 5.12 of the OHS Regulations.
- (c) **(Procure consent – Maintenance Phase)**: Project Co must procure that an entity comprising the Maintenance Subcontractor consents to being appointed as Principal Contractor in respect of the Licensed Maintenance Areas and the Commercial Opportunities Leased Areas (as relevant) during the Maintenance Phase, to the extent:
 - (1) requested by the owner of that land; and
 - (2) that the Subcontractor will be carrying out 'construction work' within the meaning of regulation 5.12 of the OHS Regulations.
- (d) **(Obligations of Principal Contractor)**: Project Co must ensure that each entity comprising the D&C Subcontractor or the Maintenance Subcontractor referred to in clause 15.3(a) to 15.3(c) (as the case may be):

- (1) accepts the appointment as, and complies with the obligations of, a Principal Contractor under the OHS Legislation;
 - (2) accepts any revised appointment as Principal Contractor that may be necessary as a result of a Change in Mandatory Requirements which occurs after Contract Close; and
 - (3) is able to discharge the obligations required of a Principal Contractor.
- (e) **(Project Co to assist):** Project Co must do all things necessary to assist, and refrain from doing anything that may impede, each relevant Key Subcontractor entity in discharging its Principal Contractor obligations under OHS Legislation.

15.4 New WHS Regulations

If the New WHS Regulations are enacted in Victoria and supersede the OHS Regulations and the State determines that it is necessary to appoint a Principal Contractor for any of the Relevant Infrastructure, the Site or the Project Activities in accordance with the New WHS Regulations, then:

- (a) **(appointment under New WHS Regulations):** the State will appoint:
- (1) the D&C Subcontractor as Principal Contractor for the D&C Activities and the Works; and
 - (2) the Maintenance Subcontractor as Principal Contractor for all works undertaken and activities carried out during the Maintenance Phase in connection with the Maintenance Services and the Maintained Assets; and
- (b) **(Project Co to procure):** Project Co must procure that the D&C Subcontractor and the Maintenance Subcontractor accept appointment as Principal Contractor for the purposes of clauses 15.4(a)(1) and 15.4(a)(2) under the New WHS Regulations on terms that are the same as those specified in clause 15.3 and on other such terms as are prescribed in the New WHS Regulations for a Principal Contractor.

15.5 Notification

- (a) **(Occurrence of Health and Safety Incidents):** Project Co must (and must ensure that all Subcontractors), upon the occurrence of a Health and Safety Incident:
- (1) comply with any requirements under the OHS Legislation to notify any relevant Authority of the Health and Safety Incident;
 - (2) notify the State of the Health and Safety Incident:
 - (A) in the case of a Health and Safety Incident involving:
 - (i) an incident which is actually or potentially life threatening or life altering;
 - (ii) a workplace accident which is actually or potentially of a serious nature; or
 - (iii) an actual or potential injury to a member of the public,immediately when it is safe to do so by phone and confirmed by facsimile or email within 2 hours; and

- (B) in all other cases, within 24 hours after the occurrence of the Health and Safety Incident;
- (3) in relation to any Health and Safety Incident promptly provide to the State:
 - (A) a copy of any incident and investigation report;
 - (B) a copy of any notification to an Authority;
 - (C) the details of the potential or actual incident or issue;
 - (D) the actions taken and proposed to be taken (including both short term and long term actions);
 - (E) where requested, the key personnel or key organisations involved in taking those actions and their contact details;
 - (F) where requested, the proposed media response and approach to managing and dealing with the media;
 - (G) any entry reports and notices received from an Authority or its representative or any other person acting pursuant to the OHS Legislation, which arise out of or in connection with the Relevant Infrastructure, Site or Project Activities;
 - (H) updates of any material developments and status of completion of any corrective actions;
 - (I) as soon as practicable after the Health and Safety Incident has occurred, provide the State with evidence that the hazards or risks giving rise to the Health and Safety Incident have been appropriately identified and controlled to prevent the recurrence of the same or a similar Health and Safety Incident; and
 - (J) all other information reasonably requested by the State.
- (b) **(Reporting):** If requested by the State in respect of a Health and Safety Incident, or a repeated occurrence of a non compliance with OHS Legislation, Project Co must:
 - (1) provide the State with a written health and safety alert, which summarises the facts and circumstances surrounding a Health and Safety Incident and which the State can circulate (in amended or un-amended form) to other persons in order to facilitate Project-wide safety learning; and
 - (2) provide a briefing to the State regarding the Health and Safety Incident and response, and ensure that the briefing is attended by those senior representatives of Project Co or the D&C Subcontractor who are nominated by the State (acting reasonably).

15.6 OHS Accreditation Scheme

Project Co:

- (a) **(OHS accreditation):** warrants that the D&C Subcontractor is accredited under the OHS Accreditation Scheme; and
- (b) **(Subcontractor requirements):** while building work (as defined in section 4 of the *Fair Work (Building Industry) Act 2012* (Cth)) is carried out, must ensure that the D&C Subcontractor and the Maintenance Subcontractor (as relevant):

- (1) subject to the exclusions specified in the *Fair Work (Building Industry - Accreditation Scheme) Regulations 2005* (Cth), maintains accreditation under the OHS Accreditation Scheme; and
- (2) complies with all conditions of the OHS Accreditation Scheme accreditation.

16 Site issues

16.1 Industrial issues

Project Co:

- (a) **(sole responsibility)**: has sole responsibility for and must manage all aspects of industrial relations in connection with:
 - (1) the Project Activities; and
 - (2) the Relevant Infrastructure;
- (b) **(information and updates)**: must:
 - (1) keep the State fully and immediately informed of; and
 - (2) provide regular updates to the State in respect of,
any:
 - (3) actual, potential or threatened Industrial Action which affects or is likely to affect the carrying out of the Project Activities or the Relevant Infrastructure; and
 - (4) actions or measures (including settlements) Project Co has taken or proposes to take to overcome the effects of actual, potential or threatened Industrial Action;
- (c) **(Union Official entries)**: must manage entry to the Site to ensure that entries by Union Officials comply with Industrial Relations Laws;
- (d) **(notification)**: immediately notify the State of any:
 - (1) breach, or alleged or potential breach of; or
 - (2) non compliance, or alleged or potential non compliance, with,
Industrial Relations Laws; and
- (e) **(Commonwealth Building Code)**: notwithstanding any other provision of this Agreement, acknowledges and agrees that:
 - (1) it accepts the risk of the existence of, and any new Law, or change in, or disallowance or repeal of, any existing Law, relating to the Commonwealth Building Code;
 - (2) it may not bring any claim under this Agreement for compensation, time, costs, expenses, reimbursement, modification or otherwise as a result of the existence, disallowance, application to any person, or any obligation to comply with, directly or indirectly, the Commonwealth Building Code; and
 - (3) any industrial action directly or indirectly arising in connection with the Commonwealth Building Code, including industrial action:

- (A) in respect of any transitional or implementation arrangements concerning the Commonwealth Building Code;
 - (B) in respect of any allowance or disallowance, or terms of allowance or disallowance, of or in relation to the Commonwealth Building Code; or
 - (C) arising as a direct or indirect consequence of interactions between any person and the State (or its Associates), or an act or omission of the State, concerning the Commonwealth Building Code (including any disallowance motions in respect of the Commonwealth Building Code),
- will not be considered to be the result of any act or omission of the State or its Associates.

16.2 Traffic management

- (a) **(Traffic Management):** Subject to the Road Management Act, the Relevant Legislation and the powers and functions of any relevant road authority under the Road Management Act, Project Co must, during the carrying out of the D&C Activities and the Final Acceptance Works, control, direct, manage and protect all traffic in the Construction Site to ensure:
 - (1) the safe, efficient and continuous movement of traffic;
 - (2) that any traffic congestion, delays, noise or disruptions to Roads, public transport, pedestrians, cyclists, or any shared use path are minimised; and
 - (3) that Project Co otherwise complies with this Agreement.
- (b) **(Compliance):** Project Co must:
 - (1) at all times comply with the Transport Management Plans, Road Management Act, Relevant Legislation, Road Safety Act and this Agreement in connection with traffic management; and
 - (2) comply with the directions of the Secretary and any relevant road authority under the Road Management Act in connection with the management of traffic.

16.3 State's right to enter, inspect and test

- (a) **(Right of entry):** Subject to clause 16.3(c), the State, any of its Associates and any other person authorised by the State (including the Independent Reviewer) may during Business Hours or upon giving reasonable notice to Project Co (except in the case of an emergency when no notice is required) enter the Site or the offices of Project Co to:
 - (1) inspect, observe or test any part of the Relevant Infrastructure or the Project Activities (whether or not such inspections, observations or tests are otherwise required in accordance with this Agreement);
 - (2) exercise any right (including any step-in right) or carry out any obligation which the State has in accordance with any State Project Document;
 - (3) take such other action as the State considers necessary to exercise its rights in accordance with any State Project Document and to discharge its executive or statutory rights or duties; or

- (4) examine and make copies of the records, reports and all documents reasonably requested of Project Co or any Subcontractor in connection with the Project.
- (b) **(Acknowledgement):** Project Co acknowledges that there are no restrictions on the State's access to any part of the Site not controlled by Project Co.
- (c) **(Conditions of access):** When entering the Site in accordance with clause 16.3(a) or otherwise, the State must and must ensure its Associates and any authorised person:
 - (1) comply with the Site Access and Interface Protocols and any generally applicable safety and security requirements of Project Co;
 - (2) do not unnecessarily interfere with the carrying out of the Project Activities; and
 - (3) do not damage the Relevant Infrastructure or the Site.
- (d) **(Project Co to assist):** If requested by the State, Project Co must assist the State in connection with any inspection or testing in accordance with this clause 16.3, including:
 - (1) providing access to such part of the Relevant Infrastructure and all Project Co Materials as may be required by the State;
 - (2) preparing samples of materials used in connection with the Relevant Infrastructure as required by the State;
 - (3) forwarding the samples prepared in accordance with clause 16.3(d)(2) to the State or such other place or person notified by the State; and
 - (4) if requested by the State, carrying out any tests (including tests not otherwise required by this Agreement) and providing the results of those tests to the State.
- (e) **(Relevant Infrastructure not to be covered up):**
 - (1) The State may direct that any part of the Relevant Infrastructure must not be covered up or made inaccessible without the State's prior approval, which will not be unreasonably withheld or delayed.
 - (2) Where a direction has been given under clause 16.3(e)(1) and a part of the Relevant Infrastructure has been covered up or made inaccessible without the State's prior approval and the State wishes to inspect or test that part of the Relevant Infrastructure, Project Co must uncover or make accessible such part of the Relevant Infrastructure and all costs associated with uncovering or making accessible such part of the Relevant Infrastructure must be borne by Project Co.
- (f) **(Costs of inspection or testing):** The State will bear the reasonable costs incurred by it and Project Co in connection with any inspection or test conducted at the State's direction in accordance with this clause 16.3, unless:
 - (1) the inspection or test reveals any Defect in the Relevant Infrastructure or Returned Works or is in connection with work undertaken to correct or overcome a Defect in the Relevant Infrastructure or Returned Works;
 - (2) the test is in connection with Relevant Infrastructure covered up or made inaccessible without the State's prior approval where such approval was required; or

- (3) the inspection or test was otherwise required by this Agreement to be carried out by Project Co or should have been carried out by Project Co in accordance with Best Industry Practices,

in which case Project Co will be responsible for:

- (4) its own costs; and
 - (5) all reasonable costs incurred by the State, which will be a debt due and payable from Project Co to the State.
- (g) **(Certifications):** If, prior to Provisional Acceptance, the results of any inspection or test demonstrate that work which has been certified as compliant with the requirements of this Agreement is actually not compliant:
- (1) the relevant certifications will be void to the extent of the non-compliance; and
 - (2) the process for the issue of the relevant certifications will reapply.

16.4 Security

- (a) **(Project Co to comply):** Project Co must:
- (1) without limiting anything in the PS&TR or Services Specification, provide reasonable security measures in accordance with Best Industry Practices or otherwise as are provided for on similar rail or rolling stock projects in Australia for the protection and security of the Relevant Infrastructure against theft, vandalism, unauthorised entry into the Site and any other unlawful acts; and
 - (2) comply with the Security Management Plan at all times.
- (b) **(Secured Area Access):** In addition to the requirements of clauses 12 or 62, no Project Co Associate nor any person engaged by Project Co in the delivery of the Works or Services will be permitted to access the Secured Areas for any purpose, unless such person:
- (1) is in possession of the necessary identification and security clearance required for that purpose by Project Co in accordance with the Security Management Plan; or
 - (2) is accompanied by a security escort,
- in accordance with the Security Management Plan.

16.5 Utilities

- (a) **(State obligations):** The State must:
- (1) procure from each relevant network service provider the rights necessary to enable the Construction Power Supply Assets to be connected at the relevant Construction Power Connections;
 - (2) reimburse Project Co the reasonable costs of any Utilities paid for during the FAW Phase;
 - (3) at all times during the Maintenance Phase ensure agreements are in place with Utility Providers for the supply of all Utilities required for the performance of the Maintenance Services and the Permitted Commercial Opportunities (**Maintenance Phase Utility Agreements**);

- (4) allow Project Co to use, at no charge, Utilities purchased pursuant to the Maintenance Phase Utility Agreements during the Maintenance Phase;
 - (5) comply with its obligations under each Maintenance Phase Utility Agreement; and
 - (6) provide any consents reasonably requested by Project Co which are required for Utilities to be sold and supplied for the performance of the Maintenance Services and the Permitted Commercial Opportunities.
- (b) **(Project Co obligations):** Project Co must:
- (1) do all things reasonably necessary to enable the State and the Secretary to comply with their obligations under the Relevant Legislation and each Utility Agreement in connection with Relevant Utility Infrastructure, including:
 - (A) preparing all required notices to Relevant Utility Providers under the Relevant Legislation and submitting the required notices to the State and the Secretary;
 - (B) providing with each required notice submitted to the State and the Secretary, such information and documentation to enable the Secretary to provide the required notice to each Relevant Utility Provider;
 - (C) immediately notifying the State and the Secretary whenever it discovers Relevant Utility Infrastructure within the Construction Site;
 - (D) giving the State and the Secretary reasonable notice prior to the removal, relocation or carrying out of works to any Relevant Utility Infrastructure; and
 - (E) immediately notifying the State and the Secretary whenever it causes damage to any Relevant Utility Infrastructure;
 - (2) ensure that it does not, in connection with Relevant Utility Infrastructure, cause the State or the Secretary to be in breach of:
 - (A) any of their obligations under the Relevant Legislation; or
 - (B) a provision of any Utility Agreement; and
 - (3) upon request, provide any information or supporting documentation the State or the Secretary may reasonably require in relation to Relevant Utility Infrastructure.
- (c) **(Project Co's risks):** Project Co:
- (1) must obtain and pay for:
 - (A) any Utility Infrastructure; and
 - (B) subject to clause 16.5(a), all connections for all Utility Infrastructure it needs to carry out its obligations under the State Project Documents;
 - (2) must investigate, protect, relocate, modify and provide for all Utility Infrastructure necessary for it to comply with its obligations under the State Project Documents;
 - (3) subject to clause 16.5(a), assumes the risk of the existence, location, condition and availability of Utility Infrastructure in connection with the Project Activities;

- (4) must:
 - (A) make all relevant Utilities available to any Commercial Opportunities Tenant with which Project Co enters into any Commercial Opportunities Sublease; and
 - (B) ensure that the Utilities for each Commercial Opportunities Sublease are separately metered;
- (5) must indemnify the State and the Secretary against any Claim or Liability arising in connection with:
 - (A) any disruption or damage to any Utility Infrastructure; and
 - (B) the removal, relocation or carrying out of works to Utility Infrastructure,arising in connection with the Project excluding:
 - (C) a Compensable Extension Event;
 - (D) a Compensable Intervening Event; and
 - (E) disruption, damage, removal, relocation to Utility Infrastructure which is a Returned Asset for which Handback has been Achieved,where Project Co would not otherwise be liable for the disruption, damage, removal, relocation pursuant to this Agreement; and
- (6) must indemnify the State and the Secretary against any Claim or Liability arising in connection with a failure by Project Co to comply with any obligation under:
 - (A) the State Project Documents with respect to Utility Infrastructure or the Utility Infrastructure Works, including Project Co's obligations under the PS&TR; and
 - (B) any Utility Agreement or the Relevant Legislation with respect to Relevant Utility Infrastructure or the relevant Utility Infrastructure Works.
- (d) **(State not liable):** Neither the State nor the Secretary will be liable to Project Co in connection with any Claim arising in connection with any Utility Infrastructure or any Utility, except to the extent that such a Claim is caused by:
 - (1) a breach of any State Project Document by the State; or
 - (2) a fraudulent, reckless, unlawful or malicious act or omission of the State.
- (e) **(Consultation):** Project Co must:
 - (1) consult with Utility Providers and any other persons having an interest (such as a licence, or the benefit of an Easement) in land included in the Construction Site, with such consultation to be undertaken in accordance with the requirements of section 10.12 of Part C and section 13 of Part B of the PS&TR; and
 - (2) minimise any disruption to, costs incurred by, and revenue forgone by, all such persons as a result of the undertaking of the Works.
- (f) **(Utility Agreements):** Project Co:
 - (1) must use all reasonable endeavours to negotiate the terms of Utility Agreements required by the Relevant Legislation:

- (A) in a similar form to that set out in the Utilities Schedule; or
 - (B) in any other form provided that the rights and obligations of the Secretary and Project Co as set out in the Utilities Schedule are not materially adversely affected,
- and to the extent that any Utility Agreement is in a form other than the Utilities Schedule, any changes must be first approved by the State and the Secretary;
- (2) must submit to the Secretary the agreed terms of each Utility Agreement as negotiated with the Relevant Utility Provider for review and approval in accordance with the Review Procedures and, if approved, execution of the Utility Agreement by the Secretary;
 - (3) must, in the event that any changes to the form of the Utility Agreement set out in the Utilities Schedule are not approved by the Secretary, renegotiate those changes with the Relevant Utility Provider to the satisfaction of the Secretary (which approval must not be unreasonably withheld or delayed);
 - (4) must, in the event that a Utility Agreement with a Relevant Utility Provider has not been entered into as set out in the Relevant Legislation, participate in the dispute resolution process set out in Part 7, Division 4 of the Relevant Legislation, including by:
 - (A) seeking to agree with the Relevant Utility Provider on a suitable expert to be appointed by the 'Project Minister' (as defined in the Relevant Legislation) to determine the dispute;
 - (B) preparing and making submissions to the expert on the matters in dispute;
 - (C) providing such information, documentation and assistance as is sought by the Secretary to ensure that the procedures determined by the expert for resolving the dispute are complied with; and
 - (D) being liable for the costs of any expert appointed under clause 16.5(f)(4)(A);
 - (5) must by no later than 5 Business Days after a determination of the expert under the Part 7, Division 4 of the Relevant Legislation, notify the Secretary if:
 - (A) the determination contains an error of law that, in the opinion of Project Co, ought to be appealed to the Supreme Court; or
 - (B) compliance with the determination would place Project Co in breach of its obligations under the State Project Documents;
 - (6) must provide such information, documentation and assistance as is sought by the Secretary to institute any appeal against the expert's determination or as is considered by the Secretary, in consultation with Project Co, to be warranted or necessary to participate in any appeal instituted by the Relevant Utility Provider;
 - (7) must:
 - (A) if requested by either the State or the Secretary, execute a Deed of Accession within 10 Business Days of being requested to do so; and

- (B) comply with its obligations under the Utility Agreements to which it accedes under clause 16.5(f)(7)(A); and
- (8) subject to clause 16.5(d), acknowledges that none of:
 - (A) the terms of any Utility Agreement (whether entered into before or after Contract Close);
 - (B) any delay by the Secretary in entering into any Utility Agreement; or
 - (C) any act or omission of any Relevant Utility Provider, the State or the Secretary under or arising in connection with any Utility Agreement or proposed Utility Agreement,will:
 - (D) relieve Project Co from, or alter or affect, its Liabilities, obligations or responsibilities whether under the State Project Documents or otherwise according to Law;
 - (E) prejudice the State's rights against Project Co whether under the State Project Documents or otherwise according to Law; or
 - (F) entitle Project Co to make any Claim against the State or the Secretary.

16.6 Schedule of Certificates and Notices

Project Co must provide to the State and, where applicable, the Independent Reviewer, the certificates required by the Schedule of Certificates and Notices in accordance with the terms of the Schedule of Certificates and Notices.

16.7 State right to suspend

- (a) **(Suspension):** The State:
 - (1) may instruct Project Co to suspend and, after a suspension has been instructed, to recommence, the carrying out of all or a part of the Works or the Project Activities; and
 - (2) is not required to exercise its power under clause 16.7(a)(1) for the benefit of Project Co.
- (b) **(No Claims against the State):** Subject to clause 16.7(c) and clause 16.7(d), Project Co will not be entitled to make any Claim against the State arising in connection with any suspension under clause 16.7(a).
- (c) **(Result of suspension):** An instruction to suspend the carrying out of all or part of the Project Activities by the State under clause 16.7(a) will be deemed to be a Compensable Extension Event or Compensable Intervening Event (as applicable) except to the extent the circumstances leading to the suspension:
 - (1) were caused or contributed to:
 - (A) by a breach of a Project Document by Project Co or any of its Associates; or
 - (B) any fraudulent, reckless, unlawful, negligent or malicious act or omission of Project Co or any of its Associates; or
 - (2) were a Force Majeure Event.

- (d) **(Force Majeure Event):** To the extent the circumstances leading to the suspension were a Force Majeure Event, an instruction to suspend the carrying out of all or a part of the Project Activities (while that Force Majeure Event or its effects are subsisting) by the State under clause 16.7(a) will be deemed to be an Extension Event or Intervening Event (as applicable).

16.8 Salvaged materials

Subject to clause 7.5(b), as between the State and Project Co, any salvaged materials in respect of the Works will be the absolute property of Project Co unless otherwise specified in or reasonably inferred from the PS&TR, including, for the avoidance of doubt, the Construction Power Supply Assets to the extent they are Temporary Works.

16.9 Radiation Act

- (a) **(Radiation Act obligations):** Project Co acknowledges and agrees that the obligations of Radiation Licence Holders may be affected by the Project Activities.
- (b) **(Implement changes):** Project Co must, in preparing the Design Documentation:
- (1) consult with any relevant Radiation Licence Holder in respect of the impact of the Project Activities on the Radiation Licence Holder's obligations under the Radiation Act; and
 - (2) implement measures or changes requested by a Radiation Licence Holder in order to satisfy any of the Radiation Licence Holder's obligations under the Radiation Act.
- (c) **(Reimbursement of costs):** If a request by a Radiation Licence Holder in accordance with clause 16.9(b)(2) constitutes or involves a Modification, clause 38.9 will apply as if the request was a direction of the State.

17 Interaction with transport network

17.1 No restrictions

- (a) **(No restriction on changes to transport network):** Nothing in the Project Documents will restrict, or require the exercise of, any right of the State, directly or through any Authority, to develop, manage or change Victoria's transport network.
- (b) **(Examples):** Without limiting clause 17.1(a), the State and all Authorities may on their own account exercise or not exercise (and may authorise others to exercise or not exercise) any right they would otherwise have had including to:
- (1) construct new rail infrastructure;
 - (2) extend, alter or upgrade existing transport infrastructure;
 - (3) introduce or construct new public transport routes or services;
 - (4) extend, alter or upgrade existing public transport routes or services;
 - (5) otherwise implement government transport policies; or

- (6) otherwise do anything which, subject to this Agreement, they are empowered to do by Law.
- (c) **(Project Co's risk):** Subject to clause 17.2 and any entitlement to relief as a Compensable Extension Event, Compensable Intervening Event or Modification, Project Co will have no Claim against the State arising in connection with any consequence of the State or any other Authority exercising, or not exercising, any right of a type referred to in this clause 17.1 or clause 17.2.
- (d) **(Project Co participation):** Project Co must participate as reasonably required by the State in the development and implementation of transport planning. This participation may include:
 - (1) attending meetings, consultation forums and other similar events;
 - (2) reviewing and contributing to the development of proposals and strategies put forward by the State or other stakeholders; and
 - (3) providing comments on the impact of proposals and strategies on the Project Activities and the Relevant Infrastructure.

17.2 Proximate State Work

- (a) **(State may undertake Proximate State Work):** The State or any person authorised by the State may, at any time during the Term undertake Proximate State Work.
- (b) **(Proximate State Works obligation):** If the State notifies Project Co of any Proximate State Work to be undertaken, then in respect of the Proximate State Work:
 - (1) Project Co must:
 - (A) comply with its obligations under clause 12 and clauses 13.7 to 13.9;
 - (B) give the State, its Associates and any person authorised by the State sufficient access to the Construction Areas or Maintenance Areas to enable the State to plan, design, investigate or undertake the Proximate State Work;
 - (C) fully co-operate with the State, its Associates and any person authorised by the State to facilitate the implementation of the Proximate State Work;
 - (D) use its best endeavours to minimise any interference with, or disruption or delay to, the activities associated with the Proximate State Work;
 - (E) use its best endeavours and act in accordance with Best Industry Practice to ensure that the Relevant Infrastructure is protected from accidental damage by the State, its Associates and any person authorised by the State;
 - (F) not damage any Proximate State Work or the plant or equipment of a party investigating or undertaking Proximate State Work;
 - (G) be responsible for co-ordinating the Project Activities, including work sequencing, construction methods, safety and industrial relations matters, with those affecting and

- influenced by any of the personnel and work of the State, its Associates and any person authorised by the State;
- (H) attend any coordination meetings called by the State, its Associates or any person authorised by the State that relate to Proximate State Work; and
 - (I) promptly advise the State if Project Co becomes aware of any matter arising out of Proximate State Work that has an adverse effect upon the Project Activities or the safety of any persons; and
- (2) the State must:
- (A) use its reasonable endeavours to co-ordinate and interface all activities associated with the Proximate State Work with the Project Activities;
 - (B) minimise any interference with, or disruption or delay to, the Project Activities;
 - (C) ensure that its Associates and any person authorised by the State comply with the requirements of this clause 17.2(b)(2); and
 - (D) ensure that the entity undertaking the Proximate State Work has an obligation to fully cooperate with Project Co and its Associates to facilitate the implementation of the Project.
- (c) **(Maintenance responsibility):** If the State constructs any Proximate State Work upon the Construction Areas or the Maintenance Areas (or authorises another person to do so), the State may at any time issue to Project Co a Modification Order in accordance with clause 38.1 or Modification Request in accordance with clause 38.2, in relation to the maintenance and repair of that Proximate State Work, in which case the procedures in clause 38 will apply.
- (d) **(Construction Power Works):** Project Co must comply with the requirements of this clause 17 in respect of the Construction Power Works as if those works were Proximate State Works.

Part B - D&C Phase Obligations

18 D&C Program

18.1 Submission of the D&C Program

- (a) **(Submission):** Project Co must submit to the State and the Independent Reviewer the D&C Program for review in accordance with the Review Procedures by the times set out in the PS&TR and as required by clause 18.2.
- (b) **(Compliance):** The initial D&C Program submitted in accordance with clause 18.1(a) must be consistent with:
- (1) the Bid D&C Program;
 - (2) each Critical Interface Milestone Date; and
 - (3) each Progress Milestone Date,
- and comply with the requirements set out in the PS&TR.
- (c) **(Departure):** Project Co:
- (1) acknowledges and agrees that the D&C Program does not form part of this Agreement; and
 - (2) subject to complying with clause 18.1(d), and without limiting its obligations in accordance with clause 26, may depart from the D&C Program in accordance with clause 12.5(f) or clause 21.6, or if it is necessary to do so to comply with this Agreement, save that any such departure will not relieve Project Co from its obligations to:
 - (A) achieve Provisional Acceptance by the Date for Provisional Acceptance;
 - (B) achieve each Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date; or
 - (C) use reasonable endeavours to achieve each Progress Milestone by the relevant Progress Milestone Date.
- (d) **(Notice of departure):** Project Co must give notice to the State and the Independent Reviewer:
- (1) promptly (and not more than monthly) upon becoming aware of any proposed or likely material departure from the D&C Program; or
 - (2) in any event before materially departing from the D&C Program. The Parties acknowledge that any departure from the D&C Program that affects the then current critical path in the D&C Program is a material departure,
- together with the reasons why it is necessary to do so to comply with this Agreement.
- (e) **(Updated D&C Program):** A notice under clause 18.1(d) must include a D&C Program updated and submitted for review in accordance with the Review Procedures. All updates of the D&C Program must comply with clause 18.2 and the requirements set out in the PS&TR.

- (f) **(Assessing Claims):** Neither the State nor the Independent Reviewer is required to use the D&C Program for any purpose, including for the purpose of assessing any Claim made by Project Co, but may do so in their sole and absolute discretion.

18.2 Updates to the D&C Program

Project Co must update and submit to the State and the Independent Reviewer for review in accordance with the Review Procedures updates of the D&C Program (including all sub-programs and associated reports) to accurately reflect the progress of the D&C Activities and the Final Acceptance Works at the following intervals:

- (a) **(Financial Close):** by 31 January 2018 to reflect the date of Financial Close, the Date for Provisional Acceptance and the Date for Final Acceptance;
- (b) **(Monthly):** at least monthly (no later than 10 Business Days after the end of each Month), to accurately reflect the status and any change in the progress of the D&C Activities and the Final Acceptance Works (including any delays which have or may have occurred in respect of the progress of the D&C Activities or the Final Acceptance Works) or any other changes to the activities, times, durations or other information contained in the D&C Program and any sub-programs to accurately reflect the actual status and progress of the D&C Activities and the Final Acceptance Works;
- (c) **(Extension, acceleration or Modification):** within 10 Business Days of Project Co being:
 - (1) granted an extension of time to a Critical Interface Milestone Date, a Progress Milestone Date or the Date for Provisional Acceptance in accordance with this Agreement;
 - (2) instructed to accelerate the D&C Activities in accordance with clauses 26.14 or 26.16; or
 - (3) directed to carry out a Modification in accordance with clause 38; and
- (d) **(Material changes):** within 5 Business Days of Project Co deciding to make any material changes to the information contained in the D&C Program,

and such updates must comply with the requirements set out in the PS&TR and must not adjust a Critical Interface Milestone Date, a Progress Milestone Date or the Date for Provisional Acceptance (unless an extension of time has been granted in accordance with this Agreement).

19 Design

19.1 Design

Project Co must:

- (a) **(FFP Warranty):** design the Works (other than the Maintained Rail Infrastructure Alliance Assets) so that the Project Assets (excluding the Maintained Rail Infrastructure Alliance Assets), when constructed in accordance with the Construction Documentation, will:
 - (1) satisfy the FFP Warranty; and
 - (2) the Works will otherwise be able to comply with clauses 19.4(a) and 20.1(b);

- (b) **(Design Documentation)**: prepare the Design Documentation in consultation with:
- (1) the Maintenance Subcontractor to ensure that it addresses, as far as practicable, all of the Maintenance Subcontractor's requirements in relation to delivering the Maintenance Services;
 - (2) each Design Interface Party to ensure that it addresses all of requirements that need to be satisfied in order to integrate the relevant Design Interface Works;
 - (3) subject to clause 38.9, the Train Franchisee Interface Party to ensure that it addresses any requirements that need to be satisfied by the Train Franchisee to comply with the Train Franchisee Arrangements, the Train Franchisee's Accreditation and the Rail Safety National Law;
 - (4) the Tram Franchisee Interface Party to ensure that it addresses any requirements that need to be satisfied by the Tram Franchisee to comply with the Tram Franchisee Arrangements, the Tram Franchisee's Accreditation and the Tram Safety Act; and
 - (5) all Utility Providers to ensure that it addresses the requirements of the Utility Provider.

19.2 Design Interface Works

- (a) Subject to clause 19.2(b), if a change to the IFC Design Documentation results in a change to the Design Interface Works, Project Co must indemnify the State and its Associates against any Claim or Liability by a Design Interface Party in connection with the change to the IFC Design Documentation.
- (b) Project Co is not required to indemnify the State or its Associates in accordance with clause 19.2(a) to the extent the relevant change to the IFC Design Documentation is the consequence of:
- (1) a Modification (excluding a Project Co Proposed Modification);
 - (2) a Project Co Proposed Modification where:
 - (A) the Modification was directed by the chief executive officer of a Rail Franchisee Interface Party in accordance with the relevant Rail Franchisee Cooperation Agreement; and
 - (B) Project Co did not cause or contribute to the requirement for that Modification; or
 - (3) a Compensable Extension Event.

19.3 Design Review Process

- (a) **(Project Co agrees)**: Project Co agrees that:
- (1) Project Co must comply with the Design Review Process in developing the Design Documentation; and
 - (2) the conduct of the Design Review Process itself does not constitute a Modification or otherwise enable Project Co to make any Claim against the State, any of the State's Associates or any Rail Franchisee for any Liabilities incurred by Project Co in connection with the conduct of the Design Review Process.
- (b) **(Design Review Process)**: Project Co must conduct and manage all aspects of the Design Review Process in accordance with:

- (1) the Design Review Schedule;
 - (2) the approved Design Management Plan; and
 - (3) Best D&C Practices,
- and as otherwise required under this Agreement.
- (c) **(Submission)**: Project Co must submit the Design Documentation to the State and the Independent Reviewer in accordance with the Design Review Schedule.
 - (d) **(Independent Reviewer review)**: The Independent Reviewer and the State will review the Design Documentation submitted or resubmitted by Project Co in accordance with the Design Review Schedule.
 - (e) **(Design Development Coordinator)**: Project Co must appoint a suitably experienced and qualified person to be the Design Development Coordinator for the Project, which person will, without limiting any obligation of Project Co, be responsible for managing:
 - (1) the design of the Works; and
 - (2) the implementation of the approved Design Management Plan,in accordance with the Design Review Schedule.

19.4 Design life

- (a) **(Fit For Purpose)**: Project Co represents and warrants that each Design Life Asset will be designed, manufactured and constructed so that:
 - (1) where the Design Life Asset is (or is part of) the Returned Assets, at the Date of Handback for that Returned Asset it is capable of being Fit For Purpose at all times during its Design Life, provided that after the Date of Handback it is operated in accordance with Best Operating Practices and maintained in accordance with Best Maintenance Practices; and
 - (2) where the Design Life Asset is (or is part of) the Maintained Assets, at the Final Expiry Date it is capable of being Fit For Purpose at all times during its Residual Life, provided that after the Expiry Date it is operated in accordance with Best Operating Practices and maintained in accordance with Best Maintenance Practices.
- (b) **(Representations and warranties)**: The representations and warranties made by Project Co under clause 19.4(a) are made, and will be deemed to have been made, in respect of each Design Life Asset:
 - (1) where the Design Life Asset is (or is part of) the Returned Assets, on the Date of Handback; and
 - (2) where the Design Life Asset is (or is part of) the Maintained Assets, on the Expiry Date.
- (c) **(Survival)**: Clauses 19.4(a) and 19.4(b) will survive the rescission, termination or expiration of this Agreement.

19.5 [not disclosed]

- (a) [not disclosed]

19.6 Victorian Tunnelling Centre

Project Co will work with the State, and will procure that the D&C Subcontractor works with the State, in good faith to discuss the potential establishment of a 'Victorian Tunnelling Centre'.

20 Construction

20.1 Construction

Project Co must undertake the Works:

- (a) in accordance with:
 - (1) its obligations in clause 5.1; and
 - (2) the Construction Documentation; and
- (b) so that:
 - (1) the Project Assets satisfy the FFP Warranty;
 - (2) any Temporary Works are Fit For Purpose;
 - (3) the Maintained Assets and the Returned Assets are located within the Licensed Construction Areas; and
 - (4) the Maintained Assets are wholly located within the area identified in the Commercial Opportunities Leased Areas and the Licensed Maintenance Areas.

20.2 Commencement of construction

Project Co must not commence construction of the Works except as set out in the PS&TR, the Approvals and the Design Review Schedule.

20.3 Allowances

Project Co:

- (a) **(allowance for delay)**: is deemed to have allowed in its D&C Program for all delays and disruptions arising in connection with the review of the Design Documentation in accordance with the Design Review Schedule and the construction review process in clause 26.2, even where the Independent Reviewer's opinion as to any matter may not be correct having regard to the requirements of the State Project Documents; and
- (b) **(no Claim)**: will not be entitled to make any Claim against the State arising in connection with any such delay or disruption.

21 Critical Interface Milestones and Progress Milestones

21.1 Variation to Critical Interface Milestones

- (a) **(Agreed variations):** Project Co may vary a Critical Interface Milestone Date with the consent of:
- (1) the party identified in respect of that Critical Interface Milestone as being 'responsible' or 'dependent' in the Critical Interface Milestone Program; and
 - (2) the State,
- if the variation will not delay Provisional Acceptance from being achieved by the Date for Provisional Acceptance.
- (b) **(Critical Interface Milestone (Linked)):** Without limiting Project Co's entitlement to extensions of time under clause 26, if a Critical Interface Milestone is achieved after the relevant Critical Interface Milestone Date (according to the Certificate of Critical Interface Milestone Achievement), each subsequent Critical Interface Milestone (Linked) will be extended by:
- (1) subject to clause 21.1(b)(2), the number of days (according to the Certificate of Critical Interface Milestone Achievement) by which the Critical Interface Milestone was achieved after the relevant Critical Interface Milestone Date; or
 - (2) where the party identified as being 'responsible' in the Critical Interface Milestone Program in respect of the next Critical Interface Milestone (Linked) gives notice to the State of its intention to accelerate its works within 5 Business Days of the issue of the Certificate of Critical Interface Milestone Achievement, the number of days by which the 'responsible' party notifies the State that it will achieve that next Critical Interface Milestone (Linked) after the then current Critical Interface Milestone Date in respect of that next Critical Interface Milestone (Linked).
- (c) **(Ongoing obligations):** Project Co acknowledges and agrees that a variation of a Critical Interface Milestone Date under clause 21.1(a) or 21.1(b) does not in any way limit or affect Project Co's obligation to:
- (1) commence and regularly, expeditiously and diligently carry out and progress the D&C Activities;
 - (2) achieve Provisional Acceptance by the Date for Provisional Acceptance;
 - (3) use reasonable endeavours to achieve each Progress Milestone by the relevant Progress Milestone Date; or
 - (4) from the Date of Provisional Acceptance, expeditiously and diligently progress the Works to achieve Final Acceptance.

21.2 Certificate of Critical Interface Milestone/Progress Milestone Achievement

- (a) **(Notice by Project Co):** When Project Co considers that a Critical Interface Milestone or Progress Milestone has been achieved, Project Co must:
- (1) notify the State and the Independent Reviewer of its opinion;

- (2) request the Independent Reviewer to issue a Certificate of Critical Interface Milestone/Progress Milestone Achievement; and
 - (3) provide the State and the Independent Reviewer with a detailed list of any Minor Defects relevant to the Works and the Metro Tunnel Interface Works the subject of the relevant Critical Interface Milestone or Progress Milestone.
- (b) **(Notice by State):** Notwithstanding that Project Co may not have issued a notice under clause 21.2(a), when the State considers that a Critical Interface Milestone or Progress Milestone has been achieved, the State may:
 - (1) notify Project Co and the Independent Reviewer of its opinion; and
 - (2) request the Independent Reviewer to issue a Certificate of Critical Interface Milestone/Progress Milestone Achievement.
- (c) **(Independent Reviewer to make determination):** As soon as reasonably practicable and, in any event, within 15 Business Days of Project Co complying with clause 21.2(a) or the State giving notice under clause 21.2(b), the Independent Reviewer is required to determine whether the relevant Critical Interface Milestone or Progress Milestone has been achieved and either:
 - (1) if the relevant Critical Interface Milestone or Progress Milestone has been achieved, issue a Certificate of Critical Interface Milestone/Progress Milestone Achievement to the State and Project Co:
 - (A) certifying that the relevant Critical Interface Milestone or Progress Milestone has been achieved;
 - (B) stating the date on which the relevant Critical Interface Milestone or Progress Milestone was achieved; and
 - (C) listing any Minor Defects in the Works and the Metro Tunnel Interface Works the subject of the relevant Critical Interface Milestone or Progress Milestone; or
 - (2) if the relevant Critical Interface Milestone or Progress Milestone has not been achieved, issue a notice to the State and Project Co:
 - (A) listing the work remaining to be undertaken to achieve the relevant Critical Interface Milestone or Progress Milestone; or
 - (B) stating that the relevant Critical Interface Milestone or Progress Milestone is so far from being achieved that it is not practicable to provide a list of the type referred to in clause 21.2(c)(2)(A),

after which Project Co must continue to expeditiously and diligently progress the D&C Activities to achieve the relevant Critical Interface Milestone or Progress Milestone.
- (d) **(Further notice by Project Co):** Project Co must give notice to the State and the Independent Reviewer when the work listed in a notice issued by the Independent Reviewer under clause 21.2(c)(2)(A) has been completed.
- (e) **(Resubmission):** Clause 21.2(c) will apply in connection with Project Co's notice under clause 21.2(d) in the same way as if it were the original notice given under clause 21.2(a).

- (f) **(No restriction on Independent Reviewer):** The Independent Reviewer, in making its determination as to whether a Critical Interface Milestone or Progress Milestone has been achieved will:
- (1) not be restricted by any notice, list or opinion which it previously provided to Project Co under clause 21.2(c); and
 - (2) be entitled to raise any other items of work as a ground for determining that a Critical Interface Milestone or Progress Milestone has not been achieved.
- (g) **(Progress Milestones and Returned Works):** Where the Independent Reviewer has given notice pursuant to clause 24.4(d)(1) in respect of all Returned Works comprising a Progress Milestone, the Independent Reviewer's determinations pursuant to clause 21.2(c) must be consistent with each notice issued in respect of those Returned Works under clause 24.4(d)(1).

21.3 Liquidated Damages

- (a) **(Liquidated Damages payable):** Subject to clause 21.3(b), Project Co will be liable to pay to the State (without the requirement for any further notice, certificate or demand by the State) Liquidated Damages in relation to each Critical Interface Milestone (PPP Responsible) for every day:
- (1) from the relevant Critical Interface Milestone Date; to
 - (2) the date on which the relevant Critical Interface Milestone (PPP Responsible) is achieved (as set out in the Certificate of Critical Interface Milestone/Progress Milestone Achievement).
- (b) **(Liquidated Damages Cap):** Notwithstanding clause 21.3(a), Project Co will cease to be liable to pay Liquidated Damages in accordance with this clause 21 once the aggregate Liquidated Damages paid in respect of all Critical Interface Milestones (PPP Responsible) has reached the Liquidated Damages Cap.
- (c) **(Sole remedy):** Subject to clause 21.5(b) and clause 35.3(c), the payment of Liquidated Damages will be the State's sole and exclusive monetary remedy for delay in relation to a Critical Interface Milestone (PPP Responsible).
- (d) **(Debt due and payable):** Any amount of Liquidated Damages payable will be cumulative, will accrue daily and will be payable by Project Co to the State as a debt due and payable.

21.4 Repayment of Liquidated Damages

Where:

- (a) Liquidated Damages have been paid by Project Co or deducted from Project Co under clause 35.8 in relation to a Critical Interface Milestone (PPP Responsible); and
- (b) the relevant Critical Interface Milestone Date is subsequently varied or extended in accordance with this Agreement,

the State must repay to Project Co any Liquidated Damages paid or deducted in respect of the period up to and including the new Critical Interface Milestone Date and such amount will be a debt due and payable from the State to Project Co on receipt by the State of a written demand from Project Co for payment.

21.5 Genuine pre-estimate of loss

- (a) **(Genuine pre-estimate of loss):** The parties acknowledge and agree that:
- (1) the Liquidated Damages have been agreed by the parties in good faith and are a genuine pre-estimate of the anticipated or actual diminished value to the State if a Critical Interface Milestone (PPP Responsible) is not achieved by the relevant Critical Interface Milestone Date;
 - (2) each party wishes to avoid the difficulties of proof of damages in connection with a failure to achieve a Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date; and
 - (3) the Liquidated Damages are reasonable and are not intended as a penalty.
- (b) **(Common law damages):** To the extent that all or any part of this clause 21 is found for any reason to be void, invalid, unenforceable or otherwise inoperative so as to disentitle the State from receiving Liquidated Damages:
- (1) the State will be entitled to Claim from Project Co any Liability suffered or incurred by the State due to the failure by Project Co to achieve any Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date up to the daily rate of Liquidated Damages and the Liquidated Damages Cap; and
 - (2) the failure to achieve the Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date will be deemed to be a Major Default.

21.6 Target Critical Interface Milestone (PPP Responsible) Date

- (a) **(Notice of delay):** If Project Co becomes aware that it may not achieve a Critical Interface Milestone (PPP Responsible) by the relevant Target Critical Interface Milestone (PPP Responsible) Date as a result of critical or non-critical delay to the Project, Project Co must:
- (1) notify the Joint Coordination Committee of the likely delay (including the impact of any extension of time granted pursuant to clause 26) at timeframes reasonably agreed by the parties (taking into account the timing for Project Co's obligation to update the D&C Program);
 - (2) consult with the appropriate committee under the Coordination and Interface Deed Poll in respect of the delay; and
 - (3) use reasonable endeavours to achieve the Critical Interface Milestone (PPP Responsible) by the earliest possible date (having regard to the nature and duration of the likely delay).
- (b) **(Variations):** If Project Co has complied with clause 21.6(a), Project Co:
- (1) may vary a Target Critical Interface Milestone (PPP Responsible) Date to the earliest possible date that the Critical Interface Milestone (PPP Responsible) can be achieved (having regard to the nature and duration of the likely delay), which must be no later than the corresponding Critical Interface Milestone Date for that Critical Interface Milestone (PPP Responsible) (unless Project Co has failed to achieve that Critical Interface Milestone Date); and
 - (2) must notify the Joint Coordination Committee in writing of the variation to the Target Critical Interface Milestone (PPP Responsible) Date

(which it may do by providing an annotated copy of a D&C Program which has been updated in accordance with the timeframes set out in clause 18.2).

For the avoidance of doubt, Project Co may vary a Target Critical Interface Milestone (PPP Responsible) Date without the consent of the State or the relevant Package Contractor provided it has complied and continues to comply with this clause 21.6.

- (c) **(Determination):** If the State reasonably believes that a Project Co proposed variation of a Target Critical Interface Milestone (PPP Responsible) Date issued in accordance with clause 21.6(b) is not the earliest possible date that the relevant Critical Interface Milestone (PPP Responsible) can be achieved (having regard to the nature and duration of the likely delay) it may refer the matter for determination by the Independent Reviewer.
- (d) **(Consequences of failure to achieve dates):** The parties acknowledge and agree that any failure to achieve a Critical Interface Milestone by the relevant Target Critical Interface Milestone Date, will not be a breach of this Agreement, a Major Default, a Default Termination Event or a breach, or Wilful Default, of the Coordination and Interface Deed Poll.

22 Preparation for Maintenance Phase interface between Stations and OSD

- (a) The parties acknowledge and agree that each Commercial Development Agreement contemplates the State, the relevant OSD Entity, the Train Franchisee and Project Co entering into a Station Land Management Agreement (on the basis of principles set out in the Commercial Development Agreement) on or about Final Acceptance to govern the relationship between the relevant Station and the relevant completed Oversight Development Works.
- (b) The Parties will exercise best endeavours to facilitate the agreement of each Station Land Management Agreement which incorporates the relevant Maintenance Phase OSD/PPP Principles.

23 Testing and Commissioning

23.1 Testing and Commissioning Management Plan

- (a) **(Tests):** Project Co must carry out the Tests in accordance with this Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard.
- (b) **(Testing and Commissioning Management Plan):** The State agrees that to the extent Project Co considers and substantiates to the reasonable satisfaction of the State, that an adjustment to the timing and location of the Tests set out in the Testing and Commissioning Management Plan would allow Project Co to:
 - (1) recover any delay to the D&C Activities or the Final Acceptance Works; or
 - (2) reduce the likelihood of incurring further delays,

Project Co may update and resubmit the Testing and Commissioning Management Plan in accordance with clause 14, and the State and the Independent Reviewer will review the updated Testing and Commissioning Management Plan with the intent of allowing Project Co the opportunity to recover any delays or reduce the likelihood of further delays.

23.2 Test Procedures

- (a) **(Preparation and submission):** For each Test, Project Co must:
- (1) prepare a Test Procedure which complies with this Agreement, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard; and
 - (2) submit the Test Procedure to the State and the Independent Reviewer at least 60 Business Days prior to the date on which Project Co proposes to conduct the Test.
- (b) **(Review and certification):** The Independent Reviewer must, and the State may, within 20 Business Days of the date on which the Test Procedure is received under clause 23.2(a) review each Test Procedure in accordance with the Review Procedures and when the Independent Reviewer is satisfied that the Test Procedure meets the requirements of this Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard, certify the Test Procedure by providing to Project Co and the State a certificate in the form set out in the Schedule of Certificates and Notices.
- (c) **(No Tests before certification):** Project Co must not conduct a Test until the Test Procedure for that Test has been certified by the Independent Reviewer.
- (d) **(Revised Test Procedure):** If Project Co submits a revised Test Procedure to the State and the Independent Reviewer (except to the extent a Test Procedure is updated in accordance with clause 23.4(b)):
- (1) in accordance with the Review Procedures; or
 - (2) at its election,
- the provisions of this clause 23.2 will reapply save that the reference in:
- (3) clause 23.2(a)(2) to '60 Business Days' will be read as '30 Business Days'; and
 - (4) clause 23.2(b) to '20 Business Days' will be read as '10 Business Days'.

23.3 Notice of Tests

- (a) **(Test details):** Project Co must give the State and the Independent Reviewer at least 10 Business Days' notice of the date, time and place for the conduct of each Test.
- (b) **(Postponement):** Project Co may postpone a Test in respect of which it has given the State and the Independent Reviewer notice in accordance with clause 23.3(a).
- (c) **(Notice of reschedule):** If Project Co postpones a Test in accordance with clause 23.3(b), Project Co must give the State and the Independent Reviewer at least 5 Business Days' notice of the rescheduled date, time and place for the conduct of that Test.

- (d) **(Delivery Program extracts):** Project Co must give the State and the Independent Reviewer:
 - (1) an extract from the D&C Program that specifies the date, time and place for the conduct of each Test to be conducted for the following 25 Business Day period; and
 - (2) an updated extract from the D&C Program each week during the period that Project Co is carrying out Tests.
- (e) **(Deemed failure):** Unless otherwise agreed by the State, Project Co will be deemed to have failed a Test if it fails to give the State and the Independent Reviewer the required notice of when the Test will be conducted and clause 23.3(a) will re-apply.

23.4 Conduct of Tests

- (a) **(Requirements):** Project Co must conduct all Tests in accordance with:
 - (1) subject to clause 23.4(b), the relevant Test Procedure, as certified by the Independent Reviewer in accordance with clause 23.2; and
 - (2) the other requirements of this Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard.
- (b) **(Amendment of Tests during conduct of Test):** The Independent Reviewer and the State may approve amendments to a Test Procedure proposed by Project Co during the conduct of the relevant Test to account for any circumstances that arise during the Test, in which case Project Co must conduct the Test in accordance with the approved amended Test Procedure.
- (c) **(Witnessing Tests):** The State (and its nominees) and the Independent Reviewer may (but are not obliged to) attend and witness the conduct of all Tests.

23.5 Test Reports

- (a) **(Submission irrespective of results):** Project Co must, within 10 Business Days of carrying out a Test, submit a Test Report to the Independent Reviewer and the State for that Test, irrespective of the result of the Test.
- (b) **(Compliance):** Each Test Report must comply with and be submitted in accordance with the requirements of the relevant sections of the PS&TR, the Completion Schedule and the Testing and Commissioning Management Plan.
- (c) **(Certification):** The Independent Reviewer must, within 10 Business Days of the date on which it receives the Test Report:
 - (1) certify that the Test has been passed in accordance with the Test Procedure by issuing a certificate in the form set out in the Schedule of Certificates and Notices; or
 - (2) notify Project Co and the State that:
 - (A) the Test has been failed; or
 - (B) the Test Report does not comply with the requirements of this Agreement.

23.6 Failure of Test

If the Independent Reviewer notifies Project Co that a Test has been failed, Project Co must:

- (a) **(Rectification work)**: carry out all necessary rectification work; and
- (b) **(Notice of completion)**: when it believes it has completed all necessary rectification work, give a further notice in accordance with clause 23.3(a) whereupon clauses 23.4 and 23.5 will re-apply.

23.7 Non-compliant Test Report

Without limiting clause 23.6, if the Independent Reviewer notifies Project Co that a Test Report is non-compliant, Project Co must amend and re-submit the Test Report whereupon clause 23.5 will re-apply.

23.8 Additional testing

- (a) **(State directions)**: At any time up to the date that is one month before the relevant Date of Acceptance for performing a Test, in addition to the State's rights under clause 16.3, the State may direct Project Co to carry out:
 - (1) additional tests in respect of the Relevant Infrastructure; and
 - (2) tests required by this Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule or the Systems Engineering Standard that the Independent Reviewer confirms have not been carried out as required or in accordance with Best Industry Practices,

and Project Co must comply with any such direction within the time period required by the State (acting reasonably).

- (b) **(Submission of results)**: Results of tests carried out by Project Co under this clause 23.8 must be submitted to the State in accordance with clause 23.5(a).
- (c) **(Costs of inspection or testing)**: The State will bear the reasonable costs incurred by it and Project Co in connection with any Test conducted at the State's direction in accordance with this clause 23.8, unless:
 - (1) the Test reveals any Defect in the Relevant Infrastructure or Returned Works or is in connection with work undertaken to correct or overcome a Defect in the Relevant Infrastructure or Returned Works;
 - (2) the Test is in connection with Relevant Infrastructure covered up or made inaccessible without the State's prior approval where such approval was required; or
 - (3) the Test was otherwise required by this Agreement to be carried out by Project Co or should have been carried out by Project Co in accordance with Best Industry Practices,in which case Project Co will be responsible for:
 - (4) its own costs; and
 - (5) all reasonable costs incurred by the State, which will be a debt due and payable from Project Co to the State.

24 Acceptance

24.1 Acceptance obligations

Project Co must achieve:

- (a) Handback in relation to each Returned Asset;
- (b) Provisional Acceptance; and
- (c) Final Acceptance.

24.2 Notice before Provisional Acceptance

- (a) **(Notice):** Project Co must give the State (with a copy to the Independent Reviewer) separate notices:
 - (1) 60 Business Days; and
 - (2) 20 Business Days,prior to the date upon which it reasonably expects to achieve Provisional Acceptance.
- (b) **(Revised date):** If, after Project Co gives the State and the Independent Reviewer a notice in accordance with clause 24.2(a), the expected date upon which Project Co reasonably expects to achieve Provisional Acceptance changes, Project Co must notify the State and the Independent Reviewer promptly of the revised date.

24.3 Provisional Acceptance

- (a) **(Notice by Project Co):** When Project Co considers that it has achieved Provisional Acceptance, Project Co must:
 - (1) notify the State and the Independent Reviewer of its opinion;
 - (2) request the Independent Reviewer to issue a Certificate of Provisional Acceptance; and
 - (3) provide the State and the Independent Reviewer with a detailed list of the work (including Minor Defect correction, and any Final Acceptance Works) remaining to be undertaken in its opinion to achieve Final Acceptance.
- (b) **(Notice by State):** Notwithstanding that Project Co may not have issued a notice under clause 24.3(a), when the State considers that Project Co has achieved Provisional Acceptance, the State may:
 - (1) notify Project Co and the Independent Reviewer of its opinion; and
 - (2) request the Independent Reviewer to issue a Certificate of Provisional Acceptance.
- (c) **(Independent Reviewer to make determination):** As soon as reasonably practicable and, in any event, within 15 Business Days of Project Co complying with clause 24.3(a) or the State giving notice under clause 24.3(b), the Independent Reviewer is required to determine whether Provisional Acceptance has been achieved and either:
 - (1) if Provisional Acceptance has been achieved, issue a Certificate of Provisional Acceptance to the State and Project Co:

- (A) certifying that Provisional Acceptance has been achieved;
 - (B) stating the Date of Provisional Acceptance;
 - (C) listing any Minor Defects in the Relevant Infrastructure and Returned Works; and
 - (D) setting out details of the Independent Reviewer's opinion of the work remaining to be undertaken to achieve Final Acceptance, including any Final Acceptance Works; or
- (2) if Provisional Acceptance has not been achieved, issue a notice to the State and Project Co:
 - (A) listing the work remaining to be undertaken to achieve Provisional Acceptance; or
 - (B) stating that Provisional Acceptance is so far from being achieved that it is not practicable to provide a list of the type referred to in clause 24.3(c)(2)(A),
after which Project Co must continue to expeditiously and diligently progress the D&C Activities to achieve Provisional Acceptance.
- (d) **(Correction of Defects which did not prevent Provisional Acceptance):** Without limiting Project Co's other obligations under this Agreement (including in connection with Defects), immediately upon receipt of a Certificate of Provisional Acceptance, Project Co must expeditiously and diligently correct all of the Defects in the Relevant Infrastructure and Returned Works specified in the Certificate of Provisional Acceptance.
- (e) **(Further notice by Project Co):** Project Co must give notice to the State and the Independent Reviewer when the work listed in a notice issued by the Independent Reviewer under clause 24.3(c)(2)(A) has been completed.
- (f) **(Resubmission):** Clauses 24.3(c) and 24.3(d) will apply in connection with Project Co's notice under clause 24.3(e) in the same way as if it were the original notice given under clause 24.3(a).
- (g) **(No restriction on Independent Reviewer):** The Independent Reviewer, in making its determination as to whether Provisional Acceptance has been achieved, will:
 - (1) not be restricted by any notice, list or opinion which it previously provided to Project Co under clause 24.3(c); and
 - (2) be entitled to raise any other items of work (other than Minor Defects in the Relevant Infrastructure and Returned Works) as a ground for determining that Provisional Acceptance has not been achieved.

24.4 Completion and Handback of Returned Works

- (a) **(General obligations):** Project Co must progressively complete the Returned Works to achieve Handback of each Returned Asset (other than the Returned Train Works and Returned VicTrack Works) to the relevant Returned Asset Owner as soon as possible, so as to ensure that:
 - (1) any loss of amenity and inconvenience to the relevant Returned Asset Owner is minimised;
 - (2) the completion of the Returned Works in relation to each Returned Asset occurs in a smooth and orderly manner (rather than in a

compressed period immediately prior to Provisional Acceptance) which:

- (A) is consistent with the D&C Program; and
 - (B) in any event will provide the Independent Reviewer with sufficient time to progressively inspect the Returned Works, consider whether the Returned Works have been completed in accordance with the State Project Documents and carry out any reinspection or other activities required by this Agreement or the Independent Reviewer Deed of Appointment to be carried out by the Independent Reviewer in a smooth and orderly manner; and
- (3) completion of the Returned Works (other than the Returned Train Works and Returned VicTrack Works) is achieved by the Date for Provisional Acceptance.
- (b) **(Handback of Returned Works):** Handback of each Returned Asset to the relevant Returned Asset Owner will not be achieved until:
- (1) the Returned Asset has been completed in accordance with the State Project Documents subject only to Minor Defects;
 - (2) a Final Operational Access Plan for the Returned Asset exists;
 - (3) Project Co has issued a notice in the form required by the Schedule of Certificates and Notices to the State, the Independent Reviewer and the relevant Returned Asset Owner which:
 - (A) states that it considers that the Returned Asset has been completed in accordance with the State Project Documents; and
 - (B) lists any Defects of the kind referred to in clause 24.4(b)(1);
 - (4) Project Co, the Independent Reviewer and the Returned Asset Owner have had the opportunity to jointly inspect the Returned Asset at a time agreed (or in the absence of agreement determined by the Independent Reviewer) which will be no more than 5 Business Days after receipt of Project Co's notice under clause 24.4(b)(3);
 - (5) in the case of the Returned Train Works and Returned VicTrack Works, the requirements of the definition of Final Acceptance have been satisfied (other than to the extent those requirements cannot be achieved prior to Handback of the Returned Train Works and the Returned VicTrack Works); and
 - (6) the Independent Reviewer has issued to the State and Project Co a notice under clause 24.4(d)(1).
- (c) **(Independent Reviewer to consider comments of Returned Asset Owner):** In determining whether or not to issue a notice under clause 24.4(d), the Independent Reviewer will consider any reasonable comments of the relevant Returned Asset Owner provided within 5 Business Days after the time of the inspection under clause 24.4(b)(4).
- (d) **(Independent Reviewer to make determination):** As soon as reasonably practicable following the inspection under clause 24.4(b)(4), the Independent Reviewer is required to determine whether the Returned Asset has been completed in accordance with the State Project Documents (subject only to Defects of the kind referred to in clause 24.4(b)(1)) and issue to the State and Project Co either:

- (1) a notice in the form required by the Schedule of Certificates and Notices confirming that the Returned Asset has been completed (subject only to Defects of the kind referred to in clause 24.4(b)(1)); or
- (2) a notice either:
 - (A) listing the work remaining to be undertaken in order to complete the Returned Asset in accordance with the State Project Documents (subject only to Defects of the kind referred to in clause 24.4(b)(1)); or
 - (B) stating that the Returned Asset is so far from being completed in accordance with the State Project Documents that it is not practicable to provide a list of the type referred to in clause 24.4(d)(2)(A),

after which Project Co must continue to expeditiously and diligently progress the D&C Activities or the Final Acceptance Works (as relevant) to complete the Returned Asset in accordance with the State Project Documents.
- (e) Not used
- (f) **(Further notice by Project Co):** Project Co must give notice to the State, the Returned Asset Owner and the Independent Reviewer when the work listed in a notice issued by the Independent Reviewer under clause 24.4(d)(2)(A) has been completed.
- (g) **(Resubmission):** Clause 24.4(c) will apply in connection with Project Co's notice under clause 24.4(f) in the same way as if it were the original notice given under clause 24.4(b)(2).
- (h) **(No restriction on Independent Reviewer):** The Independent Reviewer, in making its determination as to whether the Returned Asset has been completed in accordance with the State Project Documents (subject only to Defects of the kind referred to in clause 24.4(b)(1)), will:
 - (1) not be restricted by any notice, list or opinion which it previously provided to Project Co under clause 24.4(d)(2); and
 - (2) be entitled to raise any other items of work (other than the Defects of the kind referred to in clause 24.4(b)(1)) as a ground for determining that the Returned Asset has not been completed in accordance with the State Project Documents.
- (i) **(Project Co's Handback obligations):** Upon receipt of a notice from the Independent Reviewer under clause 24.4(d)(1), Project Co must:
 - (1) notify the Returned Asset Owner of the date upon which Handback of the Returned Asset will occur (which date must not be fewer than 5 Business Days from the notice under this clause 24.4(i)(1));
 - (2) continue to maintain and repair the Returned Asset until Handback is achieved; and
 - (3) provide the State and the relevant Returned Asset Owner with all such assistance as may be reasonably required in relation to achieving Handback of the relevant Returned Asset.
- (j) **(Correction of Defects which did not prevent Handback):** Without limiting Project Co's other obligations under this Agreement (including in connection with Defects), Project Co must immediately upon receipt of the Independent Reviewer's notice under clause 24.4(d)(1), expeditiously and diligently correct all of the Defects specified in the Independent Reviewer's notice.

- (k) **(Assistance in securing continuity)**: Project Co must do all things reasonably required by the State to ensure the smooth and orderly Handback of each Returned Asset to the relevant Returned Asset Owner.

24.5 Final Acceptance

- (a) **(Progression)**: Project Co must expeditiously and diligently undertake the balance of the Works required to achieve Final Acceptance.
- (b) **(Independent Reviewer to make determination)**: When the Independent Reviewer considers that Final Acceptance has been achieved, as soon as reasonably practicable, the Independent Reviewer is required to issue a Certificate of Final Acceptance to the State and Project Co:
- (1) certifying that Final Acceptance has been achieved; and
 - (2) stating the Date of Final Acceptance.
- (c) **(No restriction by Independent Reviewer)**: The Independent Reviewer, in making a determination as to whether Final Acceptance has been achieved:
- (1) will not be restricted by any:
 - (A) Certificate of Provisional Acceptance, notice, list or opinion already provided in accordance with this Agreement; or
 - (B) obligation of Project Co under this Agreement to correct any Defects; and
 - (2) will be entitled to raise any items of work as a ground for determining that Final Acceptance has not been achieved.
- (d) **(Assistance in securing continuity)**: Project Co must do all things reasonably required by the State to ensure the smooth and orderly commencement of Train Operations at the Maintained Assets.

25 Defects

25.1 Defects

- (a) **(All Defects)**: Project Co must rectify:
- (1) all Defects in the Maintained Assets (other than the Maintained Rail Infrastructure Alliance Assets) which arise during the Term;
 - (2) all Defects in the Maintained Rail Infrastructure Alliance Assets from the relevant Rail Infrastructure Alliance Handover Date for the remainder of the Term; and
 - (3) all Defects in the Returned Assets from the Date of Handback until the end of the Defects Liability Period as referred to in clause 25.2(a),
(respectively the **Defects Term**).
- (b) **(Notification by Project Co)**: If Project Co identifies a Defect in the Maintained Assets or the Returned Assets at any time during the relevant Defects Term, Project Co must:
- (1) notify the State and the Independent Reviewer in accordance with the procedure for notification of Defects identified by the State; and

- (2) expeditiously and diligently progress rectification of that Defect.
- (c) **(Notification by the State):** If the State or the Independent Reviewer believes there is a Defect in the Maintained Assets or the Returned Assets at any time during the relevant Defects Term, the State or the Independent Reviewer may give notice to Project Co specifying:
 - (1) that Defect; and
 - (2) the reasonable period of time within which Project Co must rectify that Defect (which in the case of a Defect originally notified by Project Co under clause 25.1(b), will commence on the date that Project Co identified the relevant Defect).
- (d) **(Dispute):** If Project Co disagrees with:
 - (1) any notice given by the State or the Independent Reviewer in accordance with clause 25.1(c); or
 - (2) any Independent Reviewer's determination in accordance with clause 24.4(d) that there are Defects in a Returned Asset,then:
 - (3) it must, within 5 Business Days of receipt of the notice given in accordance with clause 25.1(c) or determination in accordance with clause 24.4(d), give notice of its disagreement to the State including such supporting documentation to the reasonable satisfaction of the State;
 - (4) the State and Project Co must use reasonable endeavours to resolve the matter the subject of the disagreement; and
 - (5) if the matter is not resolved within 10 Business Days after the date of the notice given in accordance with clause 25.1(d)(3), either party may, by notice to the other and the Independent Reviewer, refer the matter to resolution in accordance with clauses 46.3 to 46.9, except the expert must make a determination as to the matter and notify the parties of its determination and reasons within 10 Business Days after it is appointed by the parties to determine the matter.
- (e) **(Compliance with State notice):** Upon receipt of a notice from the State or the Independent Reviewer under clause 25.1(c), Project Co must, except where the expert determines in accordance with clause 25.1(d)(5), that a Defect does not exist, rectify the Defect:
 - (1) expeditiously and diligently and in any event within the time specified in the notice under clause 25.1(c) or as determined by the expert in accordance with clause 25.1(d)(5);
 - (2) so as to minimise any disruption to the Franchisee Interface Party, including any Unplanned Rail Disruption; and
 - (3) so as to minimise the inconvenience to Users.
- (f) **(Returned Works):** Where the Defect relates to any Returned Works, Project Co must rectify the Defect:
 - (1) at times agreed with the Returned Asset Owner and in accordance with the requirements of any other relevant Authority or the relevant Returned Asset Owner; and
 - (2) so as to minimise any adverse effect on any relevant Returned Asset Owner or Authority.

(g) **(State reimbursement):** If a Defect the subject of a notice given in accordance with clause 25.1(b) or 25.1(c):

- (1) was directly caused by a wrongful act or omission of:
 - (A) the State, or an Associate of the State; or
 - (B) any relevant Returned Asset Owner, or Associate of the Returned Asset Owner (in the case of a Returned Asset); or
- (2) was directly caused by an Interface Quality Event; or
- (3) on and from the relevant Rail Infrastructure Alliance Handover Date, is a Defect in the Maintained Rail Infrastructure Alliance Assets which Project Co has given the State reasonable opportunity to procure the rectification of,

then (and in respect of a Defect referred to in clause 25.1(g)(3), to the extent that the Defect was not caused or contributed to by a Defect in the Maintenance Services):

- (4) the direct costs properly and reasonably incurred by Project Co in rectifying that Defect; and
- (5) any Abatement amount in respect of any Service Failure caused by the Defect or its rectification,

will be a debt due and payable from the State to Project Co, provided that, in respect of a Defect referred to in clause 25.1(g)(3), the direct costs referred to in clause 25.1(g)(4) shall only be a debt due and payable from the State to Project Co if the State or the Rail Infrastructure Alliance fails or refuses to rectify the Defect.

(h) **(Notice of rectification):** Project Co must give notice to:

- (1) the State and the Independent Reviewer; and
- (2) where the Defect relates to any Returned Works, the relevant Returned Asset Owner,

that a Defect has been rectified promptly after its rectification by Project Co, which notice must describe the rectification works undertaken.

(i) **(Rights of State):** If, in the reasonable opinion of the State, rectification of a Defect:

- (1) the subject of a notice given in accordance with clause 25.1(b), or described in clauses 24.3(d) or 24.4(j), is not being expeditiously and diligently progressed by Project Co; or
- (2) the subject of a notice given in accordance with clause 25.1(c) has not been achieved within the time specified in the notice, as adjusted by any determination in accordance with clause 25.1(d)(5),

the State may:

- (3) issue a notice to the Independent Reviewer and Project Co requiring the Independent Reviewer to determine the cost necessary to rectify the relevant Defect, in which case within 10 Business Days of the State's notice, the Independent Reviewer must issue a notice to the State and Project Co setting out the determined cost;
- (4) elect to accept the relevant Defect and notify Project Co to:
 - (A) pay the State an amount certified by the Independent Reviewer as being the greater of:

- (i) the costs necessary to rectify that Defect as determined by the Independent Reviewer; and
 - (ii) the diminution in value of the Relevant Rail Infrastructure as a consequence of that Defect; or
 - (B) comply with the requirements nominated by the State (including as to the payment of any money, provided that the amount of that payment cannot be greater than the amount that would have been payable in accordance with clause 25.1(i)(4)(A)),
in which case, the moneys payable to the State will be a debt due and payable from Project Co to the State; and
 - (5) subject to giving Project Co prior notice of its intention to do so, rectify the relevant Defect itself or engage others to rectify that Defect, in which case the costs incurred by the State will be a debt due and payable from Project Co to the State; and the State may:
 - (A) use the applicable Defects Retention Amount (if any); and
 - (B) exercise its rights of set off or deduction under clause 35.8, to reimburse the State for the costs (including any Liability) incurred in undertaking the work referred to in this clause 25.1(i)(5).
- (j) **(Defects in Returned Works):** If a Defect referred to in clause 25.1(i) is in respect of a Returned Work the State:
- (1) may retain from any moneys due to Project Co (including Quarterly Service Payments and any State Capital Contribution):
 - (A) 120% of the amount set out in the Independent Reviewer's notice in accordance with clause 25.1(i)(3); or
 - (B) such lesser amount as the State may determine, until that Defect is rectified, or the State elects to accept the Defect pursuant to clause 25.1(i)(4) (**Defects Retention Amount**); and
 - (2) within 10 Business Days of that Defect being rectified or the State electing to accept the Defect pursuant to clause 25.1(i)(4), Project Co will be entitled to payment of the Defects Retention Amount less:
 - (A) any amount payable by Project Co under clauses 25.1(i)(4) or 25.1(i)(5);
 - (B) the amount of any Abatement under clause 35.2 to the extent applicable to the Defects Retention Amount; and
 - (C) any other amount the State may set-off or deduct under clause 35.8,
 - (3) is not obliged to pay Project Co interest on the Defects Retention Amount;
 - (4) does not hold the Defects Retention Amount on trust; and
 - (5) if the Defect is not rectified before this Agreement is terminated, will be absolutely entitled to the Defects Retention Amount, subject to payment of any Termination Payment payable to Project Co.
- (k) **(Defects in Maintained Assets):** If a Defect referred to in clause 25.1(c) is in respect of the Maintained Assets (other than the Maintained Rail Infrastructure Alliance Assets):

- (1) occurs after the Date of Final Acceptance; and
- (2) would not otherwise constitute a Service Failure (but for this clause 25.1(k)),

the Defect will be deemed to be:

- (3) a Quality Failure:
 - (A) in respect of which Project Co may accumulate five Quality Failure Points; and
 - (B) which has a Quality Failure Remedy Period which is the same as the time period for rectification specified in the notice referred to in clause 25.1(c)(2); and
- (4) a default.

25.2 Defects Liability Periods for Returned Assets

- (a) **(Defects Liability Period):** Each Returned Asset has a Defects Liability Period which:
 - (1) commences on the Date of Handback relating to that Returned Asset; and
 - (2) expires on the later of:
 - (A) 24 months after:
 - (i) in the case of a Returned Asset which is not Returned Train Works or Returned VicTrack Works, the relevant Date of Handback; or
 - (ii) in the case of Returned Train Works or Returned VicTrack Works, the Date of Final Acceptance; and
 - (B) in the case of a part of a Returned Asset affected by a Defect or Defects notified by Project Co pursuant to clause 25.1(b) or by the State or the Independent Reviewer pursuant to clause 25.1(c) prior to the date referred to in clause 25.2(a)(2)(A), 12 months after rectification, to the satisfaction of the Independent Reviewer, of the relevant Defects or Defects.
- (b) **(Project Co's obligation limited):** Project Co's obligation to rectify Defects in each Returned Asset ends at the end of the relevant Defects Liability Period.

25.3 Service Failure

The parties acknowledge and agree that if a Defect also constitutes a Service Failure, this Clause 25 does not limit the State's rights under the Payment Schedule, the Service Specification or this Agreement in respect of such Service Failure.

25.4 Defects register

Project Co must maintain and update a register of all Defects in the Relevant Infrastructure and Returned Works.

26 Time

26.1 Primary obligation

Project Co must:

- (a) **(Progress the D&C Activities)**: commence and regularly, expeditiously and diligently carry out and progress the D&C Activities;
- (b) **(Provisional Acceptance)**: achieve Provisional Acceptance by the Date for Provisional Acceptance;
- (c) **(Progress Milestones)**: use reasonable endeavours to achieve each Progress Milestone by the relevant Progress Milestone Date; and
- (d) **(Final Acceptance)**: from the Date of Provisional Acceptance, expeditiously and diligently progress the Works to achieve Final Acceptance.

26.2 Independent Reviewer's review of progress

- (a) **(Review of Project Activities)**: Project Co acknowledges and agrees that the Independent Reviewer will continually review (by general overview, reasonable checking, and visiting the Site to inspect the progress of the Works, including where requested by the State), the carrying out of the D&C Activities and the Final Acceptance Works to ensure that:
 - (1) the obligations of Project Co under the State Project Documents relating to the D&C Activities and the Final Acceptance Works are being complied with;
 - (2) Provisional Acceptance will be achieved by the Date for Provisional Acceptance;
 - (3) each Critical Interface Milestone (PPP Responsible) will be achieved by the relevant Critical Interface Milestone Date;
 - (4) not used;
 - (5) from the Date of Provisional Acceptance, Project Co is expeditiously and diligently progressing the Works to achieve Final Acceptance; and
 - (6) the D&C Program accurately reflects the actual progress of the Works in all material respects.
- (b) **(Notice of non-compliance)**: If the Independent Reviewer is of the opinion that:
 - (1) the obligations of Project Co under the State Project Documents relating to the D&C Activities and the Final Acceptance Works are not being complied with;
 - (2) the D&C Program does not accurately reflect the actual progress of the Works in all material respects;
 - (3) a Critical Interface Milestone (PPP Responsible) will not be achieved by the relevant Critical Interface Milestone Date;
 - (4) not used;
 - (5) Provisional Acceptance will not be achieved by the Date for Provisional Acceptance; or

- (6) from the Date of Provisional Acceptance, Project Co is not expeditiously and diligently progressing the Works to achieve Final Acceptance,

the Independent Reviewer may give notice to the State and Project Co of its opinion, together with its reasons for forming that opinion.

- (c) **(Project Co's response):** Within 10 Business Days of receipt of the Independent Reviewer's notice in accordance with clause 26.2(b), Project Co must:

- (1) notify the State and the Independent Reviewer of any matters in connection with which it disagrees with the Independent Reviewer's opinion, together with its reasons for doing so (**Explanation**); and
- (2) to the extent it does not disagree, provide to the State and the Independent Reviewer a plan and a program for the rectification of any non-compliance in accordance with clause 26.2(f) (**Remediation Plan**),

for review in accordance with the Review Procedures.

- (d) **(Explanation):** Within 10 Business Days of receipt of an Explanation, the Independent Reviewer must give notice to the State and Project Co of its opinion as to whether or not the Explanation satisfactorily addresses its concerns together with its reasons for forming that opinion.

- (e) **(Satisfactory/Unsatisfactory Explanation):** If the Independent Reviewer notifies Project Co and the State that, in its opinion:

- (1) the Explanation is satisfactory and that:
- (A) the obligations of Project Co under the State Project Documents relating to the D&C Activities and the Final Acceptance Works (as relevant) are being complied with;
- (B) the D&C Program accurately reflects the actual progress of the Works in all material respects;
- (C) not used;
- (D) Provisional Acceptance will be achieved by the Date for Provisional Acceptance; or
- (E) Project Co is expeditiously and diligently progressing the Works to achieve Final Acceptance,

no further action is required from Project Co in connection with the notice issued by the Independent Reviewer under clause 26.2(b); or

- (2) the Explanation is not satisfactory, Project Co will have 10 Business Days from the date it receives the Independent Reviewer's notification within which to provide a Remediation Plan in accordance with clause 26.2(f) for review in accordance with the Review Procedures.

- (f) **(Remediation Plan requirements):** To the extent that a Remediation Plan has been prepared in response to a notice issued under clause 26.2(b) or clause 26.2(e)(2), a Remediation Plan will not be considered satisfactory unless at a minimum:

- (1) it identifies the date on which Provisional Acceptance will be achieved, which date must be as early as reasonably practicable in the circumstances and otherwise within 24 months after the Date for Provisional Acceptance (**Scheduled Acceptance Date**);

- (2) it contains a program for remedying the issues set out in the Independent Reviewer's notice referred to in clause 26.2(b) or clause 26.2(e)(2), which must include:
 - (A) each task to be undertaken, the date by which each task is to be completed and the additional resources and personnel (if applicable) to be applied to the remediation; and
 - (B) any temporary measures that will be undertaken to ameliorate the impact of the delay;
 - (3) it contains any further information reasonably required by the Independent Reviewer; and
 - (4) if it sets out a date by which Provisional Acceptance will be achieved that is after the Date for Provisional Acceptance, it contains evidence satisfactory to the Independent Reviewer (acting reasonably) that the date is the earliest date by which Provisional Acceptance can be achieved if Project Co takes those steps which an experienced and competent contractor exercising Best D&C Practices would reasonably be expected to undertake to achieve Provisional Acceptance by the Date for Provisional Acceptance (including a reasonable expenditure of money).
- (g) **(Review of Remediation Plan):** The Independent Reviewer and the State will review a Remediation Plan prepared by Project Co in accordance with the Review Procedures.
- (h) **(Progress):** If the Independent Reviewer notifies the State and Project Co that a Remediation Plan is satisfactory, Project Co must:
 - (1) diligently pursue the Remediation Plan; and
 - (2) update the Remediation Plan on a Monthly basis to reflect actual progress and submit it to the Independent Reviewer and the State for review in accordance with the Review Procedures.
- (i) **(Amended Remediation Plan):** If the Independent Reviewer notifies the State and Project Co that, in its opinion, a Remediation Plan does not satisfactorily address the requirements of clause 26.2(f), Project Co may, within 5 Business Days of the date of receipt of the Independent Reviewer's notice, submit an amended Remediation Plan to the Independent Reviewer for review in accordance with the Review Procedures (**Amended Remediation Plan**).
- (j) **(Outcome of Amended Remediation Plan):** If the Independent Reviewer notifies the State and Project Co that, in its opinion, an Amended Remediation Plan satisfactorily addresses the requirements of clause 26.2(f), Project Co must:
 - (1) diligently pursue the Amended Remediation Plan; and
 - (2) update the Amended Remediation Plan quarterly to reflect actual progress and submit it to the Independent Reviewer and the State for review in accordance with the Review Procedures.
- (k) **(Deemed Major Default):** If the Independent Reviewer notifies the State and Project Co that, in its opinion:
 - (1) an Amended Remediation Plan does not satisfactorily address the requirements of clause 26.2(f);
 - (2) Project Co is not diligently pursuing a Remediation Plan or an Amended Remediation Plan (as applicable); or

- (3) Project Co will not be able to achieve Provisional Acceptance by the date that is 24 months after the Date for Provisional Acceptance,

then a Major Default will be deemed to have occurred. The Independent Reviewer may provide notification to the State and Project Co under clause 26.2(k)(2) or clause 26.2(k)(3) at any time after receipt of the relevant Remediation Plan or Amended Remediation Plan under clause 26.2(c)(2) or clause 26.2(i) (as applicable).

- (l) **(Subsequent reviews):** While Project Co is diligently pursuing a Remediation Plan in accordance with clause 26.2(h), or an Amended Remediation Plan in accordance with clause 26.2(j), any subsequent review under clause 26.2(a) must take into consideration that Remediation Plan or Amended Remediation Plan (as applicable).

26.3 Notification of delay to Acceptance

If Project Co becomes aware of any matter which will, or is likely to, give rise to a delay in achieving Provisional Acceptance, a Critical Interface Milestone, or a Progress Milestone Date, it must promptly give the State and the Independent Reviewer notice of that matter.

26.4 Delay entitling Claim

Subject to clause 26.5, if Project Co will be delayed by:

- (a) an Extension Event, in a manner which will delay Project Co in achieving Provisional Acceptance or a Progress Milestone, Project Co may claim an extension of time to the Date for Provisional Acceptance and any relevant Progress Milestone Date for the period of delay in accordance with this clause 26; and
- (b) a Compensable Extension Event, in a manner which will delay Project Co in achieving a Critical Interface Milestone, Project Co may claim an extension of time to any relevant Critical Interface Milestone Date for the period of delay in accordance with this clause 26.

26.5 Modifications

If a delay in achieving Provisional Acceptance, a Critical Interface Milestone, or a Progress Milestone is caused by an event which is the subject of a Modification Order, then:

- (a) **(application of Modifications clause):** Project Co's entitlement to an extension of time and any compensation for any such extension of time will be determined in accordance with clause 38 and the Change Compensation Principles and not this clause 26; and
- (b) **(extension of time):** the Date for Provisional Acceptance, any relevant Critical Interface Milestone Date, and any relevant Progress Milestone Date will be extended by the period of time set out in a Modification Order issued in accordance with clause 38.1.

26.6 Change Notice

To claim an extension of time to the Date for Provisional Acceptance, the relevant Critical Interface Milestone Date or the relevant Progress Milestone Date, Project Co:

- (a) **(submission of Change Notice):** must, within 15 Business Days from the date Project Co became aware, or ought reasonably to have become aware, of a

delay of the type referred to in clause 26.4, submit a Change Notice to the State and the Independent Reviewer which:

- (1) complies with the Change Compensation Principles;
 - (2) sets out detailed particulars of the delay or likely delay and the occurrence causing the delay;
 - (3) sets out the number of days of extension of time claimed, together with the basis of calculating that period, including evidence that it will be delayed in achieving Provisional Acceptance, a Critical Interface Milestone or a Progress Milestone in the manner set out in clause 26.4;
 - (4) describes the action Project Co has taken and proposes to take to avoid or minimise the consequences of the Extension Event;
 - (5) where the Extension Event is a Compensable Extension Event, contains details of any amount, calculated in accordance with the Change Compensation Principles, to which Project Co considers it is entitled;
 - (6) attach any comments provided by the Train Franchisee where the relevant Change Notice relates to or may give rise to:
 - (A) a change to the PS&TR or the Services Specification; or
 - (B) a Change in Law in relation to rail safety,and the attaching of those comments will be sufficient to satisfy Project Co's obligation to incorporate those comments in the relevant Change Notice in the first instance; and
 - (7) contains any other information reasonably required by the State; and
- (b) **(updated Change Notice)**: must, if the effects of the delay continue beyond the date on which the Change Notice is submitted under clause 26.6(a), and Project Co wishes to claim an additional extension of time in connection with the further delay, submit an updated Change Notice to the State:
- (1) every 15 Business Days after the first Change Notice until 5 Business Days after the end of the delay caused by the Extension Event; and
 - (2) containing the information required by clause 26.6(a).

26.7 Conditions precedent to extension

Subject to clause 26.9, it is a condition precedent to Project Co's entitlement to an extension of time that:

- (a) **(submission of Change Notice)**: Project Co submits its Change Notice, and in respect of any further delay an updated Change Notice, in the manner required by clause 26.6;
- (b) **(beyond Project Co control)**: the cause of the delay was beyond the reasonable control of Project Co and its Associates;
- (c) **(effect of delay)**: Project Co can demonstrate to the Independent Reviewer's satisfaction that:
 - (1) it has actually been or will be delayed in achieving (as relevant):
 - (A) Provisional Acceptance or a relevant Progress Milestone by an Extension Event; or

- (B) a relevant Critical Interface Milestone by a Compensable Extension Event; and
 - (2) the Extension Event has caused or will cause activities on the critical path contained in the then current D&C Program to be delayed (except if the extension of time claim relates only to a Critical Interface Milestone, in which case Project Co is not required to demonstrate delay to the critical path contained in the then current D&C Program); and
- (d) **(compliance with updated program)**: Project Co, at the time it submits the relevant Change Notice and any updated Change Notice:
 - (1) is, taking into account the impact of the Extension Event in connection with which an extension of time is being claimed, fully complying with its obligations in connection with the D&C Program in accordance with clause 18; or
 - (2) has remedied any outstanding breach of clauses 18.1(d) or 18.1(e) by providing an updated D&C Program at the time of submission of the relevant Change Notice or updated Change Notice.

26.8 Extension of Time determined by Independent Reviewer

- (a) **(State right to provide information)**: The State may provide any evidence to the Independent Reviewer it considers relevant to the Independent Reviewer's consideration of Project Co's Change Notice under clause 26.6.
- (b) **(Extension of time)**: If the conditions precedent in clause 26.7 have been satisfied, the Independent Reviewer will extend the relevant Date for Provisional Acceptance, any relevant Critical Interface Milestone Date, and any relevant Progress Milestone Date by a reasonable period determined by the Independent Reviewer and in doing so:
 - (1) subject to clause 26.8(b)(2) must take into account all relevant evidence presented by the parties; and
 - (2) is not bound by the D&C Program.
- (c) **(Critical Interface Milestone (Linked))**: Notwithstanding clause 21.1(b), if the Independent Reviewer extends a Critical Interface Milestone Date under clause 26.8(b), the Critical Interface Milestone Date for each Critical Interface Milestone (Linked) will be extended by the same period.
- (d) **(Critical Interface Milestone Event)**: Notwithstanding clause 21.1(b), in the case of a Critical Interface Milestone Event, Project Co acknowledges and agrees that an extension of time to the Date for Provisional Acceptance, any relevant Critical Interface Milestone Date and any relevant Progress Milestone Date must not exceed the number of days between:
 - (1) the Critical Interface Milestone Date the subject of the Critical Interface Milestone Event; and
 - (2) the date on which the relevant Critical Interface Milestone (PPP Dependent) was achieved (as set out in the Certificate of Critical Interface Milestone Achievement),and a Target Critical Interface Milestone Date may not be extended by a greater number of days than the corresponding Critical Interface Milestone Date.
- (e) **(Dispute)**: Where a party does not agree with the extension of time as determined by the Independent Reviewer under clause 26.8(b), that party may

refer the matter by notice to the other party within 20 Business Days of the Independent Reviewer's determination to expert determination in accordance with clauses 46.3 to 46.9.

26.9 Unilateral extensions

- (a) **(Unilateral extensions):** Whether or not Project Co has made, or is entitled to make, a Claim for an extension of time in accordance with this clause 26, the State may, in its absolute discretion, at any time and from time to time, by notice to Project Co, unilaterally extend any Date for Provisional Acceptance, any relevant Critical Interface Milestone Date, and any relevant Progress Milestone Date for the impact of an Extension Event, a Project Co Proposed Modification or a Minor Modification.
- (b) **(Compensation):** In circumstances where the State exercises its power under clause 26.9(a) in respect of a Compensable Extension Event or Force Majeure Event for which Project Co would otherwise be entitled to an extension of time having satisfied the conditions precedent in clause 26.7, Project Co will be entitled to payment for that Compensable Extension Event or Force Majeure Event in accordance with clause 26.10 or clause 26.19 (as applicable).
- (c) **(Acknowledgements):** The parties acknowledge that:
 - (1) the State is not required to exercise the State's discretion under clause 26.9(a) for the benefit of Project Co;
 - (2) other than the extent set out in clause 26.9(b), an extension under this clause 26.9 is not a Compensable Extension Event; and
 - (3) the exercise or failure to exercise the State's discretion under this clause 26.9 is not capable of being the subject of a dispute for the purposes of clauses 46 to 47 or otherwise subject to review.

26.10 Entitlement to Financing Delay Costs and Prolongation Costs

To the extent that Project Co is granted an extension of time under clause 26.8 (or pursuant to the exercise by the State of its discretion under clause 26.9(a)) for a Compensable Extension Event (except where the extension of time relates only to Critical Interface Milestone Dates or Progress Milestone Dates), Project Co will be entitled to payment of:

- (a) Financing Delay Costs; and
- (b) Prolongation Costs,

each as calculated in accordance with the Change Compensation Principles.

26.11 Share of Savings

If Project Co achieves Provisional Acceptance earlier than the Date for Provisional Acceptance and Project Co has been granted or is entitled to an extension of time for a Change Compensation Event, then:

- (a) **(report of savings):** within 10 Business Days after the Date of Provisional Acceptance, Project Co must provide the State Representative with a report setting out:
 - (1) the number of working days by which Provisional Acceptance was achieved earlier than the Date for Provisional Acceptance (**Number of Days Early**);

- (2) the number of working days granted as an extension of time under this clause 26 for a Compensable Extension Event (**Number of EOT Days**); and
- (3) the aggregate amount of any Prolongation Costs to which Project Co would have been entitled under clause 26.10 for the Number of Days Early divided by the Number of EOT Days (**Daily Average P&S**); and
- (b) (**sharing of savings**): an amount calculated using the following formula will be a debt due and payable from Project Co to the State:

(Daily Average P&S) x (Number of Days Early up to a maximum of the Number of EOT Days) x 50%.

26.12 Concurrent delays

Other than where the claim is in respect of a delay to Provisional Acceptance caused by a Modification directed by the State under clause 38.1(a), clause 38.7(c), clause 38.9(e) or a Pre-Agreed Modification Request, Project Co is not entitled to claim:

- (a) an extension of time under clause 26.8;
- (b) an extension of time in respect of a Contamination Modification Event; or
- (c) (if applicable) Financing Delay Costs, Prolongation Costs or Lost Commercial Opportunities Revenue calculated in accordance with the Change Compensation Principles,

in respect of a delay to Provisional Acceptance caused by an Extension Event or a Modification to the extent that any period of that delay is contemporaneous with a delay to Provisional Acceptance caused by an event which is not an Extension Event or a Modification.

26.13 Acceleration by Project Co

If Project Co chooses to compress the D&C Activities or otherwise accelerate progress:

- (a) (**no State action**): the State will not be obliged to take any action to assist or enable Project Co to achieve any particular sequencing or rate of progress of the Project Activities; and
- (b) (**State obligations not affected**): the time for the carrying out of the State's obligations will not be affected.

26.14 Project Co's obligations not affected

Project Co's obligations and Liabilities under this Agreement, including under clause 26.1 will not be affected, and the State's rights, obligations and Liabilities under this Agreement are not affected by Project Co accelerating under clause 26.13.

26.15 Acceleration Notice

Whether or not Project Co makes a claim for an extension of time in accordance with this Agreement, if:

- (a) (**D&C Activities delayed**): any part or the whole of the D&C Activities are delayed by:
 - (1) an Extension Event, or

- (2) a Modification or a Change in Mandatory Requirements the subject of a Modification Order (as applicable); and
- (b) **(Entitled to extension of time)**: Project Co would have been entitled to an extension of time to the Date for Provisional Acceptance, a Critical Interface Milestone Date or a Progress Milestone Date for the cause of delay in accordance with this Agreement,

the State may direct Project Co to submit a Change Notice setting out the estimated time and cost consequences of accelerating any part or the whole of the D&C Activities to overcome the delay (or include such information in a Change Notice submitted under clauses 26 or a Modification Quote submitted under 38.3).

26.16 Reasonably achievable

- (a) **(Achievability of acceleration)**: In any Change Notice submitted in response to clause 26.15, Project Co must identify whether, and to what extent, the acceleration is reasonably achievable in the circumstances.
- (b) **(State direction)**: If the acceleration is reasonably achievable in the circumstances, the State may give to Project Co a Change Response directing the acceleration.
- (c) **(Acceleration not achievable)**: If some or all of the acceleration is not reasonably achievable in the circumstances, the State must not direct the acceleration.

26.17 Partial acceleration

If the State gives Project Co a Change Response to accelerate the D&C Activities to overcome a delay and the acceleration will only overcome part of the delay, any entitlement to an extension of time Project Co would have had but for the acceleration will only be reduced to the extent to which the acceleration will, if implemented in accordance with Best D&C Practices, overcome the delay.

26.18 Acceleration

If the State gives Project Co a Change Response to accelerate the D&C Activities under clause 26.16:

- (a) **(Acceleration of Project Co)**: Project Co must accelerate the relevant part or the whole of the D&C Activities to overcome or minimise the extent and effect of some or all of the delay as instructed including, if required, in order to achieve (as relevant):
 - (1) Provisional Acceptance by the Date for Provisional Acceptance; and
 - (2) each Critical Interface Milestone by the relevant Critical Interface Milestone Date; and
 - (3) each Progress Milestone by the relevant Progress Milestone Date.
- (b) **(Payment of costs by State)**: if Project Co would, but for the instruction, have been entitled to an extension of time to the Date for Provisional Acceptance, a Critical Interface Milestone Date or a Progress Milestone Date for the cause of the delay, the State must pay Project Co the extra actual costs properly and reasonably incurred by Project Co and directly attributable to accelerating the relevant part or the whole of the D&C Activities calculated in accordance with the Change Compensation Principles.

26.19 Force Majeure

- (a) **(Obligations to be suspended):** Where:
- (1) the Extension Event to which a Claim under clause 26 relates is a Force Majeure Event; or
 - (2) a Force Majeure Event occurs which affects the State's obligations under this Agreement (other than obligations that relate to the Services) and the State gives Project Co a notice in writing to this effect,

then without limiting the parties' other obligations under this Agreement with respect to the Force Majeure Event, the obligations of each party in accordance with this Agreement which are affected by the Force Majeure Event will be suspended, but only to the extent that, and for so long as, the Force Majeure Event prevents that party from meeting its relevant obligations in accordance with this Agreement.

- (b) **(Party not in breach):** A party's failure to carry out its obligations in accordance with this Agreement which are suspended under clause 26.19(a) will not be a breach of this Agreement by that party, a Major Default or Default Termination Event during the period of suspension under clause 26.19(a).

- (c) **(Payment during an uninsurable Force Majeure Event):** Subject to clause 26.19(d), if:

- (1) the suspension of Project Co's obligations in accordance with clause 26.19(a) results in the Date for Provisional Acceptance being extended to such an extent that Project Co is not able to fully pay its scheduled repayments of principal and interest in accordance with its Project Debt obligations (including payment under any hedging agreement) from the Quarterly Service Payments; and
- (2) the Force Majeure Event is not a risk which:
 - (A) a prudent owner and operator of works and services similar to the Works and the Project Activities would customarily insure; or
 - (B) is, or is required to be, insured by Project Co in accordance with this Agreement,

then subject to clause 26.19(d), Project Co will be entitled to payment of an amount calculated in accordance with the Change Compensation Principles in respect of the duration of the extension provided that Project Co is satisfying the conditions precedent set out in clause 26.7.

- (d) **(Exceptions):** If the Force Majeure Event is also:
- (1) an Uninsurable Risk (as agreed or determined in accordance with clause 43.16); or
 - (2) a Day 1 Uninsurable Risk,
clause 43.17 will apply.

26.20 Progress Milestone delay

If Project Co becomes aware that it may not achieve a Progress Milestone by the relevant Progress Milestone Date, Project Co must provide to the State in writing:

- (a) an explanation setting out the reasons why it will not achieve the Progress Milestone by the relevant Progress Milestone Date; and
- (b) the steps that Project Co proposes to undertake to mitigate and minimise the delay to achieving the Progress Milestone.

27 State right to require Project Co to call on Construction Bond

Without limiting the State's rights under this Agreement or at Law, the State may require Project Co to call on any Construction Bond that it holds and is entitled to call upon to satisfy any debt due and payable by Project Co to the State which has not been paid within 10 Business Days of receipt of the demand:

- (a) which is referable to the D&C Activities or the Final Acceptance Works; or
- (b) which is in relation to a Default Termination Event caused by any Key Subcontractor carrying out D&C Activities or the Final Acceptance Works;

up to an amount no greater than:

- (c) prior to Provisional Acceptance, [not disclosed] of the D&C Subcontract Price; and
- (d) after Provisional Acceptance and for the remainder of the D&C Phase, [not disclosed] of the D&C Subcontract Price.

Part C – FAW Phase and Maintenance Phase Obligations

28 Maintenance Phase

28.1 Commencement of Train Services

Project Co must provide all reasonable assistance to the Train Franchisee and the State to make available the Maintained Assets for the provision of Train Services as soon as practicable after the Date of Final Acceptance.

28.2 Provide Maintenance Services

- (a) **(General obligation):** Project Co must provide the Maintenance Services throughout the Maintenance Phase:
- (1) in accordance with the Services Specification;
 - (2) in accordance with the Maintenance Phase Documentation;
 - (3) so that the Maintained Assets are in a condition which meets the FFP Warranty;
 - (4) so that no Refurbishment Works are required to be undertaken during the first 5 years after the end of the Term, other than:
 - (A) where required due to any loss, damage, Modification, Change in Policy or Change in Law after the end of the Term; or
 - (B) where the relevant Refurbishment Works relate to a component of the Maintained Assets which, despite being selected consistent with Best Maintenance Practices, have a design life of less than 5 years;
 - (5) so that all Defects in the Relevant Infrastructure and Returned Works are corrected expeditiously and diligently and otherwise as required in accordance with this Agreement;
 - (6) in accordance with:
 - (A) Best Maintenance Practices; and
 - (B) where applicable, Best D&C Practices and Best Operating Practices;
 - (7) in accordance with all applicable Laws and Standards; and
 - (8) so that if, in performing the Maintenance Services, it is required to replace or repair any part of the Maintained Assets or carry out Refurbishment Works, the replacement, repair or Refurbishment Works (as relevant) will be:
 - (A) performed using parts of at least equal quality to those parts being repaired or replaced;
 - (B) performed in accordance with Best Maintenance Practices and where applicable, Best D&C Practices and Best Operating Practices; and

- (C) Fit For Purpose.
- (b) **(Minimum disruption):** Without limiting clause 28.2(a), Project Co must, in performing the Maintenance Services:
- (1) comply with the Train Franchisee Cooperation Agreement;
 - (2) perform the Maintenance Services in a timely and expeditious manner;
 - (3) subject to clause 28.4, take all possible steps (including rescheduling Maintenance Services) to minimise:
 - (A) any disruption or risk to Train Operations; or
 - (B) any disruption, inconvenience, or risk to Users;
 - (4) not cause any Unplanned Rail Disruption;
 - (5) give priority to and minimise the impact on the safety of Train Operations, persons (including Users) or property; and
 - (6) on completion of any Maintenance Services, remove all temporary protection or other structures or equipment erected in connection with those Maintenance Services as soon as practicable, and in accordance with Best Maintenance Practices and, where applicable, Best D&C Practices and Best Operating Practices.
- (c) **(Minimum Requirements):** Without limiting Project Co's obligations in accordance with clause 28.2(a), the standards, tasks, obligations and other provisions contained or referred to in the Services Specification represent the minimum requirements which Project Co must satisfy for the purposes of fulfilling the obligations in clause 28.2(a).

28.3 Project Co to provide, comply with and update the Maintenance Phase Documentation

- (a) **(Submit):** Project Co must prepare and submit the Maintenance Phase Documentation to the State Representative for review in accordance with the Review Procedures and in accordance with the Services Specification, and otherwise in accordance with this Agreement.
- (b) **(Update):** Project Co must update the Maintenance Phase Documentation and submit the updated Maintenance Phase Documentation to the State Representative for review in accordance with the Review Procedures and in accordance with the Services Specification as applicable, and otherwise in accordance with this Agreement.
- (c) **(Additional information):** Project Co must provide any additional information in relation to the Maintenance Phase Documentation reasonably requested in writing by the State Representative.

28.4 Deferral of Refurbishment Works

- (a) Subject to clause 28.4(b), Project Co may only defer Refurbishment Works in accordance with this clause 28.4 if notwithstanding such deferral:
- (1) the Maintained Assets will continue to:
 - (A) meet the Services Specification;
 - (B) be Fit For Purpose; and

- (C) comply with all relevant Laws, Approvals and Standards;
and
 - (2) Project Co will comply with clause 28.2(a); and
 - (3) those Refurbishment Works will not be deferred beyond the end of the Term.
- (b) Project Co must not defer any Refurbishment Works scheduled to take place during the last five years of the Term unless the State has consented to the deferral.
- (c) Where Project Co proposes to defer any Refurbishment Works, it must identify in the updated Maintenance Phase Documentation submitted for review in accordance with the Review Procedures:
 - (1) details of the deferral;
 - (2) the period of time of deferral; and
 - (3) when such deferral would result in a breach of clause 28.2(a).
- (d) The State may reject any Maintenance Phase Documentation updated in accordance with clause 28.4(c) and the deferral of any Refurbishment Works:
 - (1) in accordance with the Review Procedures;
 - (2) where the State is of the view, acting reasonably, that such Maintenance Phase Documentation, or the deferral of the Refurbishment Works will not enable Project Co to meet the requirements of clauses 28.4(a) and 28.4(b); or
 - (3) when such deferral would result in a breach of clause 28.2(a).

28.5 Incidents

Project Co must:

- (a) **(respond to Incidents)**: respond to all Incidents in accordance with this Agreement; and
- (b) **(objectives of rectifying)**: without limiting clause 28.5(a), immediately (and, where applicable, within the Abatement Free Period stated in respect of the Incident) respond to and rectify all Incidents so that (to the maximum extent possible):
 - (1) the Maintained Assets satisfy the FFP Warranty throughout the Maintenance Phase;
 - (2) loss of, damage to, destruction of or any other adverse effect on the Relevant Infrastructure is avoided;
 - (3) personal injury and the safety of persons and property is otherwise fully protected;
 - (4) any Contamination or Environmental Hazard is avoided;
 - (5) Project Co is able to continue to perform the Maintenance Services;
and
 - (6) without limiting clause 28.2(b)(3)(B), any disruption to Train Operations is minimised.

29 Repricing Reviewable Services

29.1 General principles

- (a) **(Reviewable Services Schedule):** The parties agree that the Reviewable Services Schedule sets out the basis on which Project Co has priced the Reviewable Services for the first Reviewable Services Term.
- (b) **(Repricing):** For each Reviewable Services Term after the first Reviewable Services Term, Project Co must:
 - (1) price the provision of each Reviewable Service in accordance this clause 29; and
 - (2) update the Reviewable Services Schedule accordingly.

29.2 Project Co offer to reprice

- (a) **(Project Co offer):** At least 9 months prior to expiry of a Reviewable Services Term, Project Co must submit an offer to the State to provide the relevant Reviewable Service which:
 - (1) is priced:
 - (A) at the same margin set out in the then current Reviewable Services Schedule; and
 - (B) assuming the same risk allocation between Project Co, the Maintenance Subcontractor and any other Subcontractor;
 - (2) contains an explanation and details of any proposed changes to the provision of each Reviewable Service (including changes in respect of pricing); and
 - (3) includes a proposed updated Reviewable Services Schedule which:
 - (A) is in the same form as the current Reviewable Services Schedule;
 - (B) is priced in accordance with clause 29.2(a)(1);
 - (C) does not increase the number of full time equivalent employees involved in management and administration roles compared to the then current Reviewable Services Schedule;
 - (D) does not change the sharing of resources between two or more Maintenance Services; and
 - (E) clearly identifies the allocation of responsibilities between Subcontractors where such obligations may be provided pursuant to two or more Subcontracts.
- (b) **(State to consider Project Co offer):** Within 3 months of an offer under clause 29.2(a) the State:
 - (1) may negotiate with Project Co for the provision of the Reviewable Service; and
 - (2) must notify Project Co that:
 - (A) the State accepts Project Co's initial offer;

- (B) the State accepts Project Co's offer as negotiated pursuant to clause 29.2(b)(1); or
 - (C) the State requires a competitive tender to be conducted under clause 29.4 in relation to the Reviewable Service.
- (c) **(Project Co offer remains open):** Notwithstanding the State's notice under clause 29.2(b)(2)(C), Project Co's offer under clause 29.2(a) must remain open until 3 months after the relevant expiring Reviewable Services Term.

29.3 No offer made

If Project Co does not make an offer under clause 29.2(a) in respect of any Reviewable Service, Project Co must continue to provide that Reviewable Service at the current terms and pricing for the subsequent Reviewable Services Term.

29.4 Competitive tender

- (a) **(Project Co to conduct tender process):** If:
- (1) notified by the State pursuant to clause 29.2(b)(2)(C); or
 - (2) Project Co does not make an offer under clause 29.2(a) in respect of a Reviewable Service,
- Project Co:
- (3) must conduct a competitive tender in accordance with this clause 29.4; and
 - (4) must not subcontract or otherwise delegate any aspect of the competitive tender process without prior written approval from the State.
- (b) **(State to review proposed request for tender):** Project Co must:
- (1) prepare proposed request for tender documents for the performance of the Reviewable Services for the subsequent Reviewable Services Term; and
 - (2) submit the request for tender documents to the State for review in accordance with the Review Procedures.
- (c) **(Terms of request for tender):** The proposed request for tender must:
- (1) provide tenderers with sufficient information to be fully informed of the opportunity tendered;
 - (2) impose a duty of confidentiality on tenderers;
 - (3) require tenders to be conforming, and irrevocable until one month after the current Reviewable Services Term;
 - (4) require tenderers and their Associates to consent to Probity Investigations;
 - (5) attach a draft Subcontract:
 - (A) substantially on the same terms (other than price and term) as the current Subcontract in respect of the Reviewable Services;
 - (B) which provides for the review of those Reviewable Services in accordance with the terms of this clause 29; and

- (C) which satisfies Project Co's obligations under clause 13, and require tenderers to accept the terms of the draft Subcontract;
- (6) enable Project Co to prepare a proposed updated Reviewable Services Schedule in accordance with the principles set out in clause 29.2(a)(1); and
- (7) include any other information reasonably requested by the State.
- (d) **(Minimum number of tenderers):** Project Co must obtain offers in response to the request for tender from at least three experienced and capable service providers (in addition to the Maintenance Subcontractor (if applicable)) which must not include:
 - (1) any other Project Co Associate;
 - (2) any Related Body Corporate of the other service providers asked by Project Co to submit an offer; or
 - (3) any service provider which has not been previously approved by the State (such consent not to be unreasonably withheld).
- (e) **(Requirements of offers):** Each offer obtained under clause 29.4(d) must:
 - (1) set out the contract price, which must reflect a competitive pricing of that Reviewable Service in the then current market including any premium payable in connection with abatement risk;
 - (2) set out the service provider's current capacity and capability to carry out the relevant Reviewable Service in accordance with the Services Specification for the Reviewable Services Term, including current workload and resources plans, key people, subcontractors and consultants;
 - (3) set out the service provider's previous performance of services similar to the relevant Reviewable Service;
 - (4) set out the service provider's financial capacity;
 - (5) demonstrate that Project Co is able to continue to meet the relevant Services Specification; and
 - (6) demonstrate value for money to the State.

29.5 Outcome of tender process

Within three months of the notice from the State under clause 29.2(b)(2)(C), Project Co must provide to the State:

- (a) copies of all offers it has been given pursuant to the competitive tender conducted in accordance with clause 29.4;
- (b) Project Co's evaluation report in respect of each offer in relation to each relevant Reviewable Service;
- (c) Project Co's recommendation as to the preferred tenderer in relation to each relevant Reviewable Service;
- (d) any further details reasonably requested by the State in relation to the conduct of the tender and the offers;
- (e) an offer to the State to provide each relevant Reviewable Service for the ensuing Reviewable Services Term on the basis of:

- (1) the offer obtained from the preferred tenderer for each Reviewable Service; and
 - (2) the principles set out in clause 29.2(a)(1); and
- (f) a proposed Reviewable Services Schedule which is consistent with the material provided to the State pursuant to clauses 29.5(a) to 29.5(e).

29.6 Consultation

Following provision of the information under clause 29.5, Project Co must consult with the State to attempt to reach agreement on the appointment of a tenderer as Subcontractor for each relevant Reviewable Service for the subsequent Reviewable Services Term having regard to:

- (a) the experience and capability of each tenderer;
- (b) the demonstrated value for money to the State of each tenderer; and
- (c) the demonstrated ability for Project Co to continue to meet the relevant Services Specification, and otherwise comply with this Agreement.

29.7 Probity Investigations

- (a) The State may require Probity Investigations to be carried out in respect of any tender process conducted pursuant to this clause 29.
- (b) Project Co must:
 - (1) provide all assistance and information required by the State; and
 - (2) comply with all directions of the State,in respect of a Probity Investigation under clause 29.7(a).

29.8 Failure to agree

If Project Co and the State do not agree on the appointment of a tenderer as Subcontractor for a Reviewable Service under clause 29.6 the State may:

- (a) accept the offer made by Project Co under clause 29.2(a);
- (b) issue a Modification Order under clause 38 deeming the relevant Reviewable Services to be Omitted Works; or
- (c) to the extent that the failure of the parties to agree on an appointment is due to a failure to agree that a criteria set out in clause 29.6 has been satisfied in respect of a tenderer, refer the matter for determination by an expert in accordance with clauses 46.3 to 46.9, except the expert must make a determination as to the matter and notify the parties of its determination and reasons within 10 Business Days after it is appointed by the parties to determine the matter.

29.9 Appointment

- (a) **(Subcontract):** Project Co must:
 - (1) enter into; or
 - (2) ensure that the Maintenance Subcontractor enters into,

a subcontract substantially in the form provided to tenderers under clause 29.4(c)(5) for the provision of the relevant Reviewable Service for the ensuing Reviewable Services Term, with each tenderer:

- (3) agreed with the State under clause 29.6; or
 - (4) appointed to reflect the outcome of a determination under clause 29.8(c).
- (b) **(Updated Reviewable Services Schedule):** The Reviewable Services Schedule will be updated to reflect:
- (1) where the State accepts an offer under clause 29.2(b)(2)(A) or 29.2(b)(2)(B), the updated Reviewable Services Schedule proposed pursuant to clause 29.2(a)(3) (as amended as a result of negotiations (if any) pursuant to clause 29.2(b)(2)(B)); and
 - (2) where the parties agree on a proposed tenderer pursuant to clause 29.6, the updated Reviewable Services Schedule proposed pursuant to clause 29.5(f); and
 - (3) where the proposed tenderer is appointed to reflect the outcome of a determination under clause 29.8(c), the updated Reviewable Services Schedule proposed pursuant to clause 29.5(f) (as amended to reflect the outcome of the expert determination).

29.10 Continued provision of Reviewable Services

- (a) Without limiting the State's rights under this Agreement, including its rights in respect of any breach of this Agreement by Project Co, where:
- (1) an offer is made by Project Co under clause 29.2(a) or 29.2(b)(1);
 - (2) the State does not accept Project Co's offer pursuant to clause 29.2(b)(2)(A) or 29.2(b)(2)(B); and
 - (3) the Reviewable Service has not yet been omitted in accordance with clause 29.8(b) or a Subcontractor has not yet been appointed under clause 29.9,
- then, Project Co must continue to provide the relevant Reviewable Service on the same terms and pricing as for the relevant expiring Reviewable Services Term and in accordance with the Services Specification until 3 months after the relevant expiring Reviewable Services Term.
- (b) Project Co must, and must procure that the Maintenance Subcontractor, facilitates in all respects the transfer of each relevant Reviewable Service to:
- (1) a contractor appointed in respect of those Reviewable Services pursuant to this clause 29; and
 - (2) where those Reviewable Services have been deemed to be Omitted Works, a contractor appointed by the State in respect of those Reviewable Services.
- (c) Where a Subcontractor has been appointed under clause 29.9(a), Project Co must continue to provide the relevant Reviewable Service on the same terms and pricing as for the relevant expiring Reviewable Services Term and in accordance with the Services Specification until the Subcontractor appointed under clause 29.9(a) commences provision of those Reviewable Services.

30 Asset Condition Surveys

30.1 Condition of Maintained Assets

- (a) **(Condition of Maintained Assets):** Project Co must maintain the Maintained Assets:
- (1) so that the Maintained Assets meet the FFP Warranty;
 - (2) so that the Maintained Assets meet the relevant Handover Condition; and
 - (3) so that the Maintained Assets are capable of being operated as anticipated by the PS&TR and Services Specification and in accordance with Best Operating Practices,
- for the duration of the Maintenance Phase.
- (b) **(Additional requirements for condition of Maintained Assets):** Project Co must maintain the Maintained Assets in accordance with:
- (1) the Asset Management Plan;
 - (2) Best Industry Practices; and
 - (3) its other obligations under this Agreement,
- for the duration of the Maintenance Phase.

30.2 Asset Condition Survey

At any time during the Maintenance Phase, but not more frequently than every 5 years, the State may undertake (or engage an Associate of the State or third party to undertake) an Asset Condition Survey to assess whether:

- (a) **(Condition of Relevant Infrastructure):** Project Co is maintaining the Maintained Assets in accordance with the requirements of clause 28.2; and
- (b) **(Best Industry Practices):** the Maintenance Phase Documentation, and Project Co's processes for reviewing the quality of the assets comprising the Maintained Assets reflect Best Industry Practices.

30.3 Notification

The State will consult with and then notify Project Co in writing a minimum of 30 Business Days in advance of the date on which it wishes to carry out or have carried out each Asset Condition Survey.

30.4 Parties' obligations

- (a) **(Minimum disruption):** Where the State carries out or procures the carrying out of an Asset Condition Survey, the State will use reasonable endeavours to minimise any disruption caused to the performance of the Maintenance Services.
- (b) **(Provision of information):** Project Co must provide the State or any person carrying out the Asset Condition Survey with all information and other reasonable assistance required by the State during the carrying out of the Asset Condition Survey.

30.5 Results of Asset Condition Survey

- (a) **(Copy of report):** The State will provide Project Co with a copy of the Asset Condition Survey report.
- (b) **(Remediation plan):** If requested by the State, Project Co will provide a remediation plan to the State within 10 Business Days of Project Co being provided with the Asset Condition Survey that addresses any actions required to rectify a failure to meet the requirements set out in clause 28.2 that has been identified in the Asset Condition Survey report.
- (c) **(Project Control Group response):** Within 20 Business Days of Project Co being provided with the Asset Condition Survey report, the Project Control Group must meet to discuss the contents of the Asset Condition Survey report provided in accordance with clause 30.5(a) and the remediation plan provided by Project Co in accordance with clause 30.5(b) and seek to agree:
 - (1) any action Project Co must undertake to ensure that it meets the requirements set out in clause 28.2; and
 - (2) the time within which any such action must be undertaken.
- (d) **(Direction by the State):** To the extent that the parties are unable to reach an agreement in accordance with clause 30.5(c), the State may (acting reasonably and in accordance with the findings of the Asset Condition Survey report) direct Project Co as to:
 - (1) any action Project Co must undertake to meet the requirements referred to in clause 28.2; and
 - (2) the time within which any such action must be undertaken by Project Co.

30.6 Failure to carry out work

If Project Co fails to undertake any action agreed or directed by the State in accordance with clause 30.5, the State shall be entitled to undertake, or to procure the undertaking of, such action and to recover all costs incurred by it (including administration costs) in doing so from Project Co as a debt due and payable by Project Co to the State.

30.7 Costs of Asset Condition Surveys

The State shall pay its own costs of carrying out any Asset Condition Survey except to the extent that the Asset Condition Survey shows:

- (a) **(Conditions not met):** that Project Co is not maintaining the Maintained Assets substantially in accordance with the requirements of clause 28.2; or
- (b) **(Best Industry Practices not met):** that the Asset Management Plan and Project Co's processes for reviewing the quality of the assets comprising the Maintained Assets do not reflect Best Industry Practices and the failure to reflect Best Industry Practices is of a material nature,

in which case Project Co must pay, on demand, the State's costs of carrying out such Asset Condition Survey.

31 Intervening Events

31.1 Intervening Events entitling Change Notice

- (a) **(Intervening Event Change Notice):** If Project Co believes an Intervening Event has occurred which:
- (1) has prevented or delayed; or
 - (2) will prevent or delay,
- its performance of:
- (3) the Final Acceptance Works or other obligations under this Agreement during the FAW Phase; or
 - (4) the Maintenance Services or other obligations under this Agreement during the Maintenance Phase (that are not D&C Activities),
- Project Co must promptly notify the State of the relevant Intervening Event and its then current effect.
- (b) **(Submission of Change Notice):** To claim relief under this clause 31.1, Project Co must, within 15 Business Days from the date it became aware, or ought reasonably to have become aware, of an Intervening Event, submit a Change Notice to the State and the Independent Reviewer which:
- (1) complies with the Change Compensation Principles;
 - (2) sets out detailed particulars of the nature of the Intervening Event and the basis on which Project Co has formed the opinion that the event constitutes an Intervening Event;
 - (3) sets out the obligations affected by the Intervening Event and an estimate of the time (if any) during which Project Co will be prevented from carrying out or is delayed in carrying out the affected obligation;
 - (4) describes the action Project Co has taken and proposes to take to avoid or minimise the consequences of the Intervening Event;
 - (5) sets out any damage caused by the Intervening Event;
 - (6) where the Intervening Event is a Compensable Intervening Event, contains details of any amount, calculated in accordance with the Change Compensation Principles, to which Project Co considers it is entitled; and
 - (7) sets out any other information required by the State.
- (c) **(Updated Notice):** If the Intervening Event continues beyond the date on which the Change Notice is submitted under clause 31.1(b) or Project Co was unable to provide full particulars of its Claim in respect of the Intervening Event in its initial Change Notice, Project Co must provide a further updated Change Notice to the State every 15 Business Days for the duration of the Intervening Event or its consequences.

31.2 Condition Precedent to relief

It is a condition precedent to any relief or entitlement in connection with an Intervening Event being granted in accordance with this Agreement that Project Co submits its Change Notice and any updated Change Notice in accordance with clause 31.1.

31.3 Obligations suspended and no breach

To the extent that an Intervening Event prevents or delays Project Co from performing:

- (a) the Final Acceptance Works or other obligations under this Agreement during the FAW Phase; or
- (b) the Maintenance Services or otherwise meeting its obligations during the Maintenance Phase (that are not D&C Activities),

in accordance with this Agreement then:

- (c) the relevant obligation of Project Co will be suspended, but only until the later of the date:
 - (1) the Intervening Event; and
 - (2) the consequences of the Intervening Event,cease to prevent or delay Project Co from carrying out the relevant obligations; and
- (d) the failure to carry out such suspended obligations:
 - (1) will not be a breach of this Agreement by Project Co, a Major Default or a Default Termination Event; and
 - (2) in the case of a Force Majeure Event, may be the subject of Abatement under clause 31.5(a).

31.4 Payment continues for Intervening Events other than Force Majeure Events

- (a) **(Continuation of Quarterly Service Payment):** Except where the Intervening Event is a Force Majeure Event to which clause 31.5 applies, notwithstanding that Project Co's obligations to perform the Services or other obligations affected by any Intervening Event are suspended:
 - (1) the State will continue to pay Project Co the Quarterly Service Payment in connection with the Services or other obligations affected by the Intervening Event for the period of suspension;
 - (2) the Quarterly Service Payment will not be subject to Abatement in connection with the Intervening Event; and
 - (3) the State will deduct from the Quarterly Service Payment the amounts of any recurrent and other costs of Project Co which are not being incurred by Project Co during the period because the obligation to perform the relevant Services or other obligations have been suspended for the period of suspension under clause 31.3.
- (b) **(Compensation for costs):** If Project Co's obligations are suspended in accordance with clause 31.3 because of a Compensable Intervening Event then the State will, in addition to the amounts referred to in clause 31.4(a), pay Project Co an amount calculated in accordance with the Change Compensation Principles, other than the costs of repairing and rebuilding the Maintained Assets which will be determined under clause 42 provided that Project Co has complied and continues to comply with clause 31.2.

31.5 Intervening Event which is a Force Majeure Event

- (a) **(Abatement of Quarterly Service Payment):** The Quarterly Service Payment will be subject to Abatement to the extent that the Services are not being performed as a result of an Intervening Event in respect of which Project Co is entitled to relief under this clause 31 which is a Force Majeure Event.
- (b) **(Abatement not to constitute Major Default or Default Termination Event):** Any Abatement of the Quarterly Service Payment in accordance with clause 31.5(a), will not be included in the calculation of Abatement for a Major Default under paragraph 1 of the definition of the Major Default or a Default Termination Event under paragraph 9 of the definition of Default Termination Event, provided that Project Co is complying with its obligations under clause 31.2.
- (c) **(Repayment of Project Debt for Force Majeure):** If any Abatement of the Quarterly Service Payment in accordance with clause 31.5(a) is in respect of a Force Majeure Event which is also an Uninsurable Risk (as agreed or determined in accordance with clause 43.16) or a Day 1 Uninsurable Risk:
 - (1) gives rise to loss or damage to the Maintained Assets, clause 43.17 will apply; or
 - (2) does not give rise to loss or damage to the Maintained Assets, but results in:
 - (A) a Project Entity not being able to fully pay its scheduled repayments of principal and interest in accordance with its Project Debt obligations (including payment under any hedging agreement) from the Quarterly Service Payments; or
 - (B) not receiving the amount of the Quarterly Service Payment referable to the Services that Project Co continues to carry out under this Agreement notwithstanding the Force Majeure Event,

Project Co will be entitled to payment of an amount calculated in accordance with the Change Compensation Principles provided that Project Co is complying with its obligations under clause 31.2.

31.6 Alternative arrangements

- (a) **(Alternative arrangements):** Without limiting clause 41, during the period of suspension of any Services for an Intervening Event, the State may:
 - (1) make alternative arrangements for the performance of those Services at no cost to Project Co and without the State incurring any Liability to Project Co in respect of those alternative arrangements; or
 - (2) direct Project Co to perform those Services by an alternative method or 'work around' from that contemplated in the Final Acceptance Schedule or Services Specification (as relevant) to the extent that it is reasonably possible for Project Co to do so.
- (b) **(Costs):** If the State Representative requires Project Co to perform those Services by an alternative method or 'work around' in accordance with clause 31.6(a), the State must pay Project Co an amount calculated in accordance with the Change Compensation Principles in respect of such alternative method or 'work around'.

31.7 Cessation of Intervening Event

- (a) **(Notice):** Project Co must:
- (1) notify the State immediately; and
 - (2) immediately recommence carrying out all obligations suspended as a result of the Intervening Event,
after it ceases to be prevented from or delayed in carrying out any of its obligations in accordance with this Agreement as a result of an Intervening Event or its consequences.
- (b) **(State rights):** Once Project Co recommences carrying out the obligations suspended as a result of an Intervening Event, the State may no longer exercise its rights in accordance with this clause 31 in connection with the relevant Intervening Event.

32 Handover

32.1 Appointment of Handover Reviewer

- (a) **(Handover Reviewer):** No later than 12 months before the first Condition Review Date, Project Co and the State must meet to determine the identity of a Handover Reviewer to be appointed jointly by Project Co and the State to carry out the tasks identified in this clause 32.1, including to undertake joint inspections of the Maintained Assets at each Condition Review Date to assess whether the Maintained Assets meets the Handover Condition.
- (b) **(Dispute):** If Project Co and the State are unable to agree on the appointment of the Handover Reviewer on the date 9 Months before the first Condition Review Date, the Handover Reviewer will be appointed using the process set out in clause 32.1(c) through 32.1(e) for the appointment of the Handover Reviewer.
- (c) **(Project Co nominations):** Following initial consultation with the State in relation to the number and identity of appropriate firms from which to seek tenders, Project Co must, no later than 6 Months before the first Condition Review Date, nominate at least 3 firms that have submitted tenders to Project Co from which the State will select the Handover Reviewer, each of which must:
- (1) have appropriate qualifications and experience;
 - (2) have no interest or duty which may conflict with the role of the Handover Reviewer under this Agreement;
 - (3) indicate its willingness to execute a deed of appointment on substantially the same terms as the Independent Reviewer Deed of Appointment without substantial amendment;
 - (4) have professional indemnity insurance in accordance with the requirements of the deed of appointment; and
 - (5) provide such information in relation to fees and other matters as the State reasonably requires.
- (d) **(State's rights):** The State may request additional information from Project Co in respect of the shortlisted firms and may conduct interviews, jointly with Project Co, with any of the firms nominated by Project Co.

- (e) **(Appointment):** The State may nominate one of the firm's selected by Project Co as the Handover Reviewer and the State and Project Co must then jointly engage that firm to act as the Handover Reviewer under this Agreement.
- (f) **(Independent):** The Handover Reviewer is appointed jointly by the parties and will act independently and not as an agent of either party.
- (g) **(Further nominations required):** If the State, acting reasonably, refuses to select one of the 3 firms nominated by Project Co within 10 Business Days of Project Co's nomination, Project Co must, within 15 Business Days of receiving notice from the State of that refusal, nominate 3 other firms in accordance with clause 32.1(c) and the process in clauses 32.1(c) to 32.1(e) will apply again.
- (h) **(Termination):** If the Handover Reviewer deed of appointment is terminated upon its terms, Project Co must, within 15 Business Days of termination of the Handover Reviewer deed of appointment, nominate 3 other firms in accordance with clause 32.1(c) and the process in clauses 32.1(d) and 32.1(e) will apply again.
- (i) **(Costs paid by State):** Subject to clause 32.1(l)(1), the costs and expenses of the Handover Reviewer (including the Handover Reviewer's professional fees and any costs incurred in exercising or purporting to perform its obligations under the Handover Reviewer deed of appointment) will be paid to the Handover Reviewer by the State.
- (j) **(Costs paid by Project Co):** Subject to clauses 32.1(k) and 32.1(l)(1), Project Co must pay to the State on demand, from time to time, 50% of the costs and expenses of the Handover Reviewer paid by the State under clause 32.1(i).
- (k) **(Proportionate responsibility):** To the extent that the Handover Reviewer considers that the parties (as a result of their respective conduct) have a proportionate responsibility for the costs and expenses of the Handover Reviewer paid by the State under clause 32.1(i) which differs from the proportions stated in clause 32.1(j), Project Co must pay to the State on demand the relevant proportion of the costs and expenses of the Handover Reviewer paid by the State under clause 32.1(i) as stated in a notice from the Handover Reviewer to the parties.
- (l) **(Costs for reports):** Where the Handover Reviewer prepares a report not otherwise required by this Agreement or the Handover Reviewer deed of appointment, but requested by the State or Project Co:
 - (1) the costs of the Handover Reviewer of preparing such an additional report will be paid directly by the party requesting the report; and
 - (2) a copy of that additional report must be provided by the Handover Reviewer to the party not requesting the report.

32.2 Handover Package

Project Co shall prepare and submit the Handover Package to the State for review in accordance with the Services Specification.

32.3 Handover Reviewer

- (a) **(Joint inspection):** Project Co, the State and the Handover Reviewer appointed under clause 32.1(a) must carry out joint inspections of the Relevant Infrastructure:
 - (1) at least:

- (A) 5 years before the Final Expiry Date; and
 - (B) every 6 months after that initial inspection until the end of the Maintenance Phase; or
 - (2) where this Agreement is terminated earlier than the Final Expiry Date, within such shorter period before the date of termination as is required by the State,
- (each a **Condition Review Date**).
- (b) **(Program to achieve proper Handover)**: Following each inspection undertaken in accordance with clause 32.3(a), the Handover Reviewer must give to the State and Project Co a report (**Outstanding Matters Report**) specifying:
 - (1) the details of the maintenance and repair work required to be carried out by Project Co to meet the Handover Condition and a program for undertaking such works (**Handover Refurbishment Works**); and
 - (2) an estimate of the total costs of undertaking those works in accordance with this Agreement.
- (c) **(Dispute)**: If Project Co or the State do not agree with any aspect of the Outstanding Matters Report:
 - (1) they must give details of such objections to the other party and the Handover Reviewer, within 10 Business Days of receipt of that report; and
 - (2) the parties must confer in good faith with each other and the Handover Reviewer to reach agreement on the relevant aspects of the Outstanding Matters Report,and if the parties cannot reach agreement on the relevant aspect of the Outstanding Matters Report within a further 10 Business Days of the date on which the details of the objections are provided under clause 32.3(c)(1), the Dispute may be referred by either party by notice to the other party within 30 Business Days of the provision of the Handover Reviewer's Outstanding Matters Report to expert determination in accordance with clauses 46.3 to 46.9.
- (d) **(Update of Outstanding Matters Report)**: The Handover Reviewer must give to the State and Project Co an updated Outstanding Matters Report after each Condition Review Date subsequent to the first one, which includes details of:
 - (1) the Handover Refurbishment Works that have been completed;
 - (2) the Handover Refurbishment Works still to be completed; and
 - (3) an itemised estimate of the cost of carrying out the remaining Handover Refurbishment Works at that point in time.

32.4 State election

- (a) **(Adjustment of Condition Review Date)**: Notwithstanding the terms of this clause 32, the State Representative may by notice to Project Co:
 - (1) adjust a Condition Review Date under clause 32.3(a)(1) to an alternative date which may not be earlier than 5 years before the Final Expiry Date;
 - (2) elect to relieve Project Co from any obligation to undertake any of the Handover Refurbishment Works in any Contract Year; or

- (3) acting reasonably, increase the number of times and frequency with which the Handover Reviewer, the State and Project Co must inspect and assess the condition of the Relevant Infrastructure, assess any Handover Refurbishment Works or prepare the Outstanding Matters Report.
- (b) **(Effect of Adjustment of Condition Review Date):** If the State Representative exercises its rights in accordance with clause 32.4(a)(1) or 32.4(a)(2):
 - (1) the PS&TR, the Services Specification and any other relevant parts of the State Project Documents will be varied to the extent agreed by the parties or, where not agreed, as determined by the Handover Reviewer; and
 - (2) the amount by which any subsequent Quarterly Service Payment must be reduced must be calculated in accordance with the Change Compensation Principles.

32.5 Implementing Handover Refurbishment Works

- (a) **(Implement program):** Without limiting Project Co's obligations in accordance with this Agreement, Project Co must undertake the Handover Refurbishment Works and implement the program agreed or resolved in accordance with clause 32.3(b) or 32.3(c).
- (b) **(Completion of works by the State):** Upon or prior to the Expiry Date, the State may exercise its rights of step-in under clause 41 to undertake and complete any Handover Refurbishment Works which have not been completed by Project Co to the satisfaction of the Handover Reviewer in accordance with the program agreed or resolved under clause 32.3(b) or 32.3(c).

32.6 Maintenance Phase Documentation update

Within one month of the delivery of each Outstanding Matters Report, Project Co must:

- (a) amend the Maintenance Phase Documentation to include details of the Handover Refurbishment Works agreed or resolved in accordance with clause 32.3(b) or 32.3(c); and
- (b) submit the updated Maintenance Phase Documentation to the State Representative for review in accordance with the Review Procedures.

32.7 Project Co election

- (a) At any time after a Condition Review Date, if the aggregate of the remaining Quarterly Service Payments is equal to or less than 120% of the estimated total cost of the remaining Handover Refurbishment Works (as agreed or determined in accordance with clause 32.3(b)) (**Threshold Amount**), Project Co must, within 5 Business Days of the Condition Review Date either elect to:
 - (1) allow the State to deposit into an interest bearing bank account opened by the State in the State's name (**Handover Escrow Account**) each subsequent Quarterly Service Payment until the balance of the Handover Escrow Account equals or exceeds the Threshold Amount; or
 - (2) provide to the State a Performance Bond having a face value equal to the Threshold Amount (**Handover Bond**),as security for the performance of Project Co's obligations under this clause 32.

- (b) **(Project Co makes no election):** If Project Co fails to make an election in accordance with clause 32.7(a) within 5 Business Days of the Condition Review Date, Project Co will be deemed to have elected that clause 32.7(a)(1) will apply.

32.8 Handover Escrow Account

- (a) **(Payments out of the Handover Escrow Account):** To the extent that the option described in clause 32.7(a)(1) applies:
- (1) interest earned on money in the Handover Escrow Account must be deposited into the Handover Escrow Account;
 - (2) Project Co is entitled, on request, to receive copies of the statements of account for the Handover Escrow Account;
 - (3) the State may draw upon the Handover Escrow Account to fund or refund any costs incurred by it in undertaking any Handover Refurbishment Works in accordance with clause 32.5(b);
 - (4) the State must draw upon the Handover Escrow Account to pay Project Co:
 - (A) the estimated cost of the Handover Refurbishment Works, as calculated in accordance with clause 32.3(b), undertaken by Project Co where the Handover Reviewer determines (following a review) that the Handover Refurbishment Works required to be undertaken by Project Co at the date of the review have been satisfactorily undertaken, provided that after drawing such amount, the balance of the Handover Escrow Account equals or exceeds the then current Threshold Amount; and
 - (B) the balance of the Handover Escrow Account to Project Co no later than 20 Business Days after completion of all Handover Refurbishment Works,
after deducting any amounts payable to the State in accordance with clause 32.8(a)(3); and
 - (5) if at any time the balance of the Handover Escrow Account exceeds the then current Threshold Amount, then the excess will be a debt due and payable from the State to Project Co and will be added to the next Quarterly Service Payment.

32.9 Handover Bond

- (a) **(Expiry date):** Any Handover Bond, including any replacement Handover Bond provided under clause 32.9(c) or 32.9(d), must have an expiry date no earlier than one year after the end of the Term.
- (b) **(State right to call on Handover Bond):** The State:
- (1) may make demands under any Handover Bond to make payments in accordance with clause 32.8(a)(3); and
 - (2) must return the Handover Bond to Project Co no later than 20 Business Days after completion of all Handover Refurbishment Works.
- (c) **(Replacement of Handover Escrow Account by Handover Bond):**

- (1) Project Co may elect at any time to replace any payment into the Handover Escrow Account with a Handover Bond which has a face value which is no less than the amount of the payment or balance it is to replace.
 - (2) Once the State has received the Handover Bond in accordance with clause 32.7(a)(2) or 32.9(c)(1), it must draw upon the Handover Escrow Account to pay Project Co the value of the Handover Bond provided, on the condition that the Handover Escrow Account is not overdrawn.
- (d) **(Replacement of Handover Bond):** If the issuer of any Handover Bond ceases to have the Required Rating, Project Co must:
- (1) promptly notify the State of that circumstance; and
 - (2) within 20 Business Days of being requested to do so, procure the issue to the State of a replacement Handover Bond from an issuer with the Required Rating,
- and the State must surrender the original Handover Bond following receipt of the replacement Handover Bond.
- (e) **(Failure to replace Handover Bond):** If Project Co fails to provide a replacement Handover Bond in accordance with clause 32.9(d), the State may draw on any Handover Bond up to the Threshold Amount and deposit that amount in the Handover Escrow Account.

32.10 Handover

Without limiting clause 32.11, on the Expiry Date, Project Co must:

- (a) **(handover of Relevant Infrastructure and Site):** handover the Relevant Infrastructure and the Construction Areas and Maintenance Areas (as applicable) (including all rights and interest in them) to the State or its nominee free from any encumbrances and in the following condition:
- (1) if Handover of the Relevant Infrastructure is to occur prior to Provisional Acceptance, in the condition that the Relevant Infrastructure and the Construction Sites should be if Project Co had complied with all of its obligations in connection with the Relevant Infrastructure and the Construction Site in accordance with this Agreement having regard to the time and circumstances of the termination;
 - (2) if Handover of the Relevant Infrastructure occurs after the Date of Provisional Acceptance, and before the date which is 2 years before the Final Expiry Date, in the condition that the Relevant Infrastructure and the Maintenance Site would be if Project Co had complied with all of its obligations in connection with this Agreement up to the time of termination having regard to the time and circumstances of the termination; or
 - (3) if Handover of the Relevant Infrastructure occurs on or after the date which is 2 years prior to the Final Expiry Date, in the condition that the Relevant Infrastructure and the Maintenance Site would be in as at that date if Project Co had satisfied all relevant obligations in accordance with this Agreement,
- (Handover Condition);**

- (b) **(transfer of rights)**: to the extent that it has not already been transferred, transfer to the State or its nominee all rights, title and interest in Plant and Equipment required to allow the State or its nominee to operate, maintain and repair the Relevant Infrastructure to the standards required of Project Co in accordance with this Agreement free from any encumbrances;
- (c) **(warranties and guarantees)** without limiting clause 19, procure that all warranties and guarantees in respect of the Relevant Infrastructure or any maintenance work carried out on the Relevant Infrastructure that remain in force at the Expiry Date are capable of assignment and, upon the Expiry Date shall assign to the State (or to such other person(s) as the State shall nominate), the benefit free from any encumbrances of all such warranties and guarantees;
- (d) **(delivery of information)**: update and deliver to the State or its nominee all Project Co Material, records, plans and other information under the control of Project Co which are relevant to the Project;
- (e) **(procurement of novations)**: procure the novation or, if such novation cannot be procured, the assignment to the State or its nominee of:
 - (1) such Subcontracts as the State may nominate;
 - (2) the Train Franchisee Cooperation Agreement, the Tram Franchisee Cooperation Agreement, the Train Franchisee Cooperation Agreement Direct Deed and the Tram Franchisee Cooperation Agreement Direct Deed, as the State may nominate; and
 - (3) any leases, subleases and licences agreed to by the State;
- (f) **(grant of Intellectual Property)**: grant or procure the grant to the State or its nominee of such Intellectual Property Rights as will enable the State or its nominee to deliver the Project and operate, maintain and repair the Relevant Infrastructure to the standards specified in this Agreement;
- (g) **(payment of insurance proceeds)**: pay to the State or its nominee any insurance proceeds from any Insurances for the repair and reinstatement of the Relevant Infrastructure to the extent not already repaired or rebuilt, and assign to the State any rights available to Project Co under the Insurances;
- (h) **(technology)**: provide to the State, software, hardware, equipment, materials and documentation necessary or desirable in order for the State or its nominee to deliver the Project and fully operate, maintain and repair the Relevant Infrastructure;
- (i) **(software licences)**: procure for the State an assignment or sublicense of all licences relating to any software belonging to any third party used in connection with the Services or any other aspect of the Maintained Assets in accordance with the Intellectual Property Schedule;
- (j) **(transfer of approvals)**: do all acts and things necessary to enable the State (or its nominee) to have transferred or obtain all Approvals necessary to deliver the Project;
- (k) **(delivery of project)**: do all other acts and things to enable the State or its nominee to be in a position to deliver the Project to the standards specified in this Agreement, with minimum disruption; and
- (l) **(training of personnel)**: in the final 3 months before the Final Expiry Date (or such other period required by the State where the Expiry Date occurs earlier than the Final Expiry Date), train personnel nominated by the State in all aspects of the operation, maintenance and repair of the Relevant Infrastructure to a level of competency that will allow those personnel to operate, maintain and

repair the Relevant Infrastructure to the standards required of Project Co under this Agreement from the relevant Expiry Date.

32.11 Assistance in securing continuity

Without limiting Project Co's other obligations in respect of Handover in accordance with this clause 32, Project Co must, before the Expiry Date, do all things reasonably required by the State to ensure the smooth and orderly transfer of responsibility for delivering the Project to the State or its nominee, including:

- (a) **(meetings)**: meeting with the State and such other persons notified by the State to discuss the Project;
- (b) **(access)**: providing access to its operations for managers and supervisors of the State or its nominee for the purpose of familiarisation; and
- (c) **(information)**: providing sufficient information to the State or its nominee to determine the status and condition of the Project and any works program in place at the time.

32.12 Power of attorney

Project Co irrevocably:

- (a) **(attorney appointment)**: appoints the State, and the State's nominees from time to time, jointly and severally, as its attorney with full power and authority:
 - (1) with effect from the end of the Maintenance Phase, to execute any agreement or novation contemplated by clause 32.10(e);
 - (2) to exercise the State's rights in accordance with clause 41; and
 - (3) to undertake Project Co's obligations in accordance with clause 45.6; and
- (b) **(ratification)**: ratifies and confirms whatever action is taken by the attorney appointed by Project Co under clause 32.12(a).

Part D – Payment

33 State Construction Contribution during construction

33.1 State Construction Contribution

In consideration for Project Co undertaking the Works and carrying out the D&C Activities, the State agrees to pay or procure the payment to or at the direction of Project Co of:

- (a) the State Construction Contribution in accordance with this clause 33;
- (b) the State Capital Contribution in accordance with clause 34; and
- (c) the Final D&C Phase Price in accordance with clause 35A.

33.2 State Construction Contribution conditions

- (a) **(State Construction Contribution commencement):** The State's obligation to make any payment under clause 33.4 is subject to clause 33.2(b) and will only commence from the date on which:
 - (1) the Agent has confirmed to the State that an amount equal to 100% of Equity agreed to be contributed in accordance with the Equity Documents has been deposited in the Construction Proceeds Account, utilising:
 - (A) Equity contributed in accordance with the Equity Documents; or
 - (B) where Equity contributions are deferred, other sources of funds, provided that any such deferred Equity is the subject of commitments to subscribe under deferred Equity commitment deeds (including the Subscription Agreement (as defined in the Facility Agreement)) and is supported by letters of credit which satisfy the requirements of the Facility Agreement, unless the State otherwise consents,or a combination of the two; and
 - (2) the Agent has confirmed to the State that an amount equal to or greater than 80% of the Construction Facility Commitment (as at Financial Close) (disregarding any amounts used to fund deferred Equity requirements under clause 33.2(a)(1)(B)) has been drawn down and Correctly Applied (or will have been drawn down and Correctly Applied following application of the proceeds of the drawdown under the Construction Facility for that Month).
- (b) **(Other State Construction Contribution conditions):** The State will only be obliged to make a payment under clause 33.4 if:
 - (1) the Agent has confirmed that all previous payments under clause 33.4 (if any), have been or will be Correctly Applied on or before the relevant State Construction Contribution Payment Date;

- (2) the Agent has confirmed that all previous amounts drawn down by Project Co or Finance Co under the Finance Documents have been or will be Correctly Applied on or before the relevant State Construction Contribution Payment Date;
- (3) no breach by Project Co, Finance Co, the Agent or the Security Trustee (as applicable) of clauses 11.2 or 11.3 of the Finance Direct Deed is subsisting and the conditions to withdrawal of Actual Debt are also satisfied as contemplated in clause 11.3 of the Finance Direct Deed;
- (4) Project Co has submitted a valid State Construction Contribution Notice in accordance with clause 33.3(a); and
- (5) the aggregate of the State Construction Contribution Actual Amount specified in the relevant State Construction Contribution Notice and each State Construction Contribution previously made will be no greater than the aggregate State Construction Contribution Forecast Amount set out in the State Construction Contribution Schedule up to and including the relevant payment date specified in the State Construction Contribution Schedule.

33.3 State Construction Contribution Notice

- (a) **(State Construction Contribution Notice):** Subject to clause 33.2, in respect of a proposed payment of a State Construction Contribution, Project Co must give the State a notice (**State Construction Contribution Notice**), in the form of a valid Tax Invoice and otherwise in a form reasonably satisfactory to the State, stating the proposed State Construction Contribution Actual Amount to be paid and the proposed State Construction Contribution Payment Date, together with the following:
 - (1) a copy of the last 'Drawdown Notice' (as defined in the Facility Agreement) given to the Agent in respect of a draw down under the Construction Facility;
 - (2) confirmation of the aggregate amount drawn down under the Construction Facility up to the date of the current State Construction Contribution Notice;
 - (3) a copy of the 'Withdrawal Notice' (as defined in the Facility Agreement) given to the Agent in respect of the withdrawal from the Construction Proceeds Account to be made on the State Construction Contribution Payment Date, together with confirmation:
 - (A) of the amount of the withdrawal which Project Co has requested from the Construction Proceeds Account on that date (**Certified Withdrawal Amount**); and
 - (B) that the Certified Withdrawal Amount is equal to the Certified Payment Claim for that Month plus any other SCC Project Costs due and payable;
 - (4) all documentary evidence relating to the Certified Payment Claim to be paid using the amount withdrawn from the Construction Proceeds Account as described in clause 33.3(a)(3);
 - (5) all documentary evidence relating to the satisfaction of the Cost To Complete Test (as defined in the Facility Agreement), and a copy of all other certifications provided by the Financiers' Certifier, as required under the Facility Agreement as a condition precedent to the

withdrawal from the Construction Proceeds Account as described in clause 33.3(a)(3);

- (6) if requested by the State, documentary evidence relating to amounts previously withdrawn to pay SCC Project Costs (other than Certified Payment Claims in respect of which the State has already received documentary evidence under clause 33.3(a)(4)) to enable the State to verify compliance with clause 33.4(b); and
 - (7) documentary evidence of any relevant confirmations given by the Agent required under this clause 33.
- (b) **(Limit on withdrawals):** Project Co must not give the State a State Construction Contribution Notice more than once each Month.

33.4 Payment of State Construction Contributions

- (a) **(Timing of contribution by the State):** Subject to clause 33.2 and compliance by the Agent, Project Co and Finance Co with clauses 11.2 and 11.3 of the Finance Direct Deed, the State will pay the State Construction Contribution Actual Amount specified in the relevant State Construction Contribution Notice into the Construction Proceeds Account on or before the State Construction Contribution Payment Date.
- (b) **(Application of State Construction Contributions):** Project Co must ensure that all amounts withdrawn from the Construction Proceeds Account, are only applied to pay:
 - (1) Project Costs, excluding:
 - (A) the funding of any debt service reserve account earlier or in a greater amount than as is reflected in the Financial Model; and
 - (B) principal, interest, prepayment and other fees, charges or hedge break costs under the Finance Documents other than as provided for in the Financial Model,**(SCC Project Costs);** or
 - (2) GST related to SCC Project Costs.

33.5 No set off

Notwithstanding clause 35.8, the State may not set off any amount due and payable to the State under a State Project Document against any State Construction Contribution.

34 State Capital Contribution after Provisional Acceptance

34.1 State Capital Contribution

- (a) **(Consideration):** In consideration for Project Co progressively undertaking the Works and carrying out the D&C Activities, the State agrees to pay the State Capital Contribution in accordance with this clause 34.
- (b) **(State Capital Contribution Conditions):** If each of the State Capital Contribution Conditions is at that time satisfied, the State will, subject to clause

34.3, pay the State Capital Contribution to Project Co on the State Capital Contribution Payment Date in accordance with this clause 34.

- (c) **(State discretion)**: The State may, notwithstanding that the State Capital Contribution Conditions are not at that time satisfied, pay all or any part of the State Capital Contribution to Project Co at any time.

34.2 State Capital Contribution Conditions

The conditions to be satisfied or waived in order for the State Capital Contribution to become payable are that:

- (a) **(Provisional Acceptance)**: Provisional Acceptance has occurred; and
- (b) **(No outstanding Default or Termination Events)**: there is no subsisting Major Default or Default Termination Event,

(together the **State Capital Contribution Conditions**).

34.3 Notices in respect of satisfaction of State Capital Contribution Conditions

- (a) **(Project Co notice)**: Once Project Co considers that it has satisfied all of the State Capital Contribution Conditions that have not otherwise been waived by the State, Project Co must give to the State a notice (**State Capital Contribution Notice**) in the form of a valid Tax Invoice and otherwise in a form reasonably satisfactory to the State that:

- (1) states that Project Co considers that all of the State Capital Contribution Conditions that have not otherwise been waived by the State have been satisfied; and
- (2) sets out details of the account into which the State Capital Contribution is to be deposited and the amount of the State Capital Contribution that Project Co considers it is entitled to be paid.

- (b) **(State notice)**: Within 10 Business Days after receiving a State Capital Contribution Notice the State must give to Project Co either:

- (1) notice that the State agrees that the State Capital Contribution Conditions have been satisfied or waived (**State Capital Contribution Satisfaction Notice**), in which case the State will make payment in accordance with clause 34.1(b); or
- (2) notice that the State does not agree that the State Capital Contribution Conditions have been satisfied or waived and the reasons for the State's determination, in which case Project Co must:
- (A) use its best endeavours to procure the satisfaction of the outstanding State Capital Contribution Conditions; and
- (B) once it considers that the State Capital Contribution Conditions have been satisfied or waived, re-submit its notice to the State under clause 34.3(a),

and this clause 34.3(b) will apply to the re-submitted notice.

34.4 Application of funds

Project Co must apply or procure the application of the State Capital Contribution (including any portion of the State Capital Contribution retained by the State as a Defects

Retention Amount which subsequently becomes payable by the State in accordance with clause 25.1(j)) towards repayment of:

- (a) Actual Debt; and
- (b) [not disclosed]

34A State Maintenance Phase Contribution

34A.1 State Maintenance Phase Contribution

- (a) The State may, subject to this clause 34A and in accordance with the Receivables Purchase Deed, elect to pay the State Maintenance Phase Contribution to Finance Co and Project Co:
 - (1) on the last day of an Interest Period ending between 3 to 5 years after the Original Date for Final Acceptance; and
 - (2) in order to reduce Project Debt to [not disclosed].
- (b) The State Maintenance Phase Contribution is comprised of the Receivables Refund Payment and the Contribution Payment.
- (c) The Receivables Refund Payment is to be paid to Finance Co to repurchase the SMPC Receivables on the SMPC Payment Date.
- (d) The Contribution Payment is to be paid to Project Co on the SMPC Payment Date in consideration for performing the Services.

34A.2 Notices in relation to the State Maintenance Phase Contribution

- (a) If the State wishes to exercise its discretion to pay the State Maintenance Phase Contribution pursuant to clause 34A.1(a), the State must give Project Co and Finance Co a written notice at least 60 Business Days in advance of the forecast SMPC Payment Date stating the forecast SMPC Payment Date (the **SMPC State Notice**).
- (b) Notwithstanding clause 54.5, within 25 Business Days of receipt of the SMPC State Notice, Project Co must submit to the State for approval in accordance with the Review Procedures a notice, in the form of a draft Tax Invoice, which includes:
 - (1) a draft Financial Model updated in accordance with the SMPC Adjustment Protocol to reflect:
 - (A) the State Maintenance Phase Contribution, Receivables Refund Payment and Contribution Payment; and
 - (B) Project Debt of [not disclosed].
 - (2) a draft Licence Fee Payment Schedule updated to reflect the draft Financial Model submitted pursuant to clause 34A.2(b)(1);
 - (3) a draft Payment Schedule (including the Base Case Floating Rate Debt) updated to reflect the draft Financial Model submitted pursuant to clause 34A.2(b)(1);
 - (4) details of any changes required to the Project Documents as a result of changes to the work sheets in the draft Financial Model identified as the 'Model Output Schedule';

- (5) the amount of the Receivables Refund Payment;
- (6) the amount of the Contribution Payment;
- (7) the amount of the State Maintenance Phase Contribution; and
- (8) the date for payment of the State Maintenance Phase Contribution which is:
 - (A) the last day of an Interest Period ending between 3 to 5 years after the Original Date for Final Acceptance; and
 - (B) at least 35 Business Days after the date of that SMPC Project Co Notice,

(SMPC Payment Date),

(the SMPC Project Co Notice).
- (c) Following approval by the State of a SMPC Project Co Notice in accordance with clause 34A.2(b):
 - (1) Project Co must promptly:
 - (A) provide a final Tax Invoice which reflects the approved SMPC Project Co Notice; and
 - (B) amend the Financial Model, the Licence Fee Payment Schedule and the Payment Schedule accordingly;
 - (2) as soon as practicable, the parties will prepare conformed copies of the Project Documents incorporating relevant data derived from the 'Model Output Schedule' provided with the approved SMPC Project Co Notice;
 - (3) the State will pay the State Maintenance Phase Contribution on the SMPC Payment Date (provided that, prior to approval of a SMPC Project Co Notice, on request by the State, Project Co must amend the SMPC Project Co Notice to reflect a SMPC Payment Date requested by the State, on the condition that the requested SMPC Payment Date satisfies the requirements of clause 34A.2(b)(8)(A) and clause 34A.2(b)(8)(B); and
 - (4) any conformed Project Documents prepared in accordance with 34A.2(c)(2) will be effective from the SMPC Payment Date.

34A.3 Application of funds

Project Co must apply or procure the application of the State Maintenance Phase Contribution towards repayment of Actual Debt.

35 Payments and Abatements

35.1 Quarterly Service Payments

- (a) **(Quarterly Service Payments):** The State will pay Project Co the Quarterly Service Payments:
 - (1) calculated in accordance with the Payment Schedule and this Agreement; and

- (2) in arrears,
during the period from the Date of Provisional Acceptance to the Expiry Date.
- (b) **(Other payments):** Other than the Quarterly Service Payments, the State will pay any payment that is due and payable to Project Co, and Project Co will pay any payment that is due and payable to the State, at the time specified in this Agreement or the relevant State Project Documents for the particular payment.
- (c) **(Time for payment):** If no time is specified for the payment of the relevant amount in accordance with clause 35.1(b), the payment will be made within 20 Business Days of a demand being made after the occurrence of the circumstance giving rise to the Liability.

35.2 Abatement

- (a) **(Basis of calculation of Quarterly Service Payments):** Each Quarterly Service Fee under the Payment Schedule has been calculated on the basis that during the relevant Quarter:
 - (1) each component of the Services has been fully performed in accordance with the Services Specification and this Agreement; and
 - (2) there are no Service Failures.
- (b) **(Abatement):** Each Quarterly Service Payment payable to Project Co may be reduced in accordance with the Abatement Regime.
- (c) **(Deduction of abatement liability):** If a Quarterly Service Payment may be reduced in accordance with 35.2(b), but that amount is not deducted at all or in full from the Quarterly Service Payment for that Quarter, the State may deduct the amount from any subsequent Quarterly Service Payment.

35.3 Abatement as only monetary compensation

- (a) **(Effect on other rights):** Subject to clauses 35.3(c) and 35.9(h), reduction of the Quarterly Service Payments by the application of the Abatement Regime will be the only monetary compensation payable by Project Co to the State for Service Failures.
- (b) **(Sole remedy for delay):** Subject to clauses 21 and 35.3(c), the State and its Associates' sole financial remedy and monetary compensation for a delay by Project Co in achieving Provisional Acceptance by the Date for Provisional Acceptance is limited to:
 - (1) delay by the State in paying the State Contribution that would otherwise have been payable;
 - (2) delay by the State in paying a Quarterly Service Payment that would otherwise have been payable; and
 - (3) the State not being required to pay a Quarterly Service Payment that would otherwise have been payable,(as applicable).
- (c) **(Claims by the State):** Clauses 21.3(c), 35.3(a), 35.3(b), 60.4(e) and 61.3(e) does not limit or exclude:
 - (1) Project Co's Liability to the State:
 - (A) under clause 6.13 for an Unplanned Rail Disruption;

- (B) under clause 21.3(a) to pay Liquidated Damages in respect of future Critical Interface Milestones (PPP Responsible);
 - (C) under clause 25.1(i) for any cost or expenses incurred by the State in engaging a party to rectify a Defect under clause 25.1(i)(5);
 - (D) under clause 41.4(a), on exercise of the State's step-in rights in connection with a Service Failure; or
 - (E) to indemnify the State or any of its Associates under clause 42.9 to the extent that the State has not already been fully compensated for any such Liability by the amount of any Abatement under clause 35.2(b);
- (2) the State's rights under clause 32 or Project Co's obligation to repair and rebuild the Relevant Infrastructure under clause 42.3;
 - (3) the State's or any of its Associate's entitlement to a Claim under this Agreement or at Law in respect of:
 - (A) any third party damage; or
 - (B) any personal injury or death,for which Project Co or any of its Associates are liable;
 - (4) the State's or any of its Associate's entitlement to recover any costs or expenses incurred by the State as a consequence of exercising its rights under clauses 41, 44 and 45;
 - (5) the State's rights under this Agreement or any other State Project Document other than for monetary compensation in respect of the event that caused or contributed to the Service Failure, to the extent that the State has not already been fully compensated for any such Liability by the amount of any Abatement under clause 35.2(b);
 - (6) any Termination Payment; or
 - (7) any other right under this Agreement or at Law in relation to any non-monetary compensation.

35.4 Quarterly Service Payments

- (a) **(Payment Claims):** Within 5 Business Days after the date Project Co delivers the Quarterly Performance Report for a Quarter, Project Co must prepare and provide to the State a Payment Claim for the Quarterly Service Payment for that Quarter, calculated in accordance with the Payment Schedule, and any other amounts then due and payable by the State or by Project Co in accordance with this Agreement.
- (b) **(Payment Statement):** The State will, within the later of:
 - (1) 5 Business Days after receipt by the State of a Payment Claim; and
 - (2) 8 Business Days after receipt by the State of the relevant Quarterly Performance Report,

provide to Project Co a statement (**Payment Statement**) stating the amount payable to or by Project Co (which may be more or less than the amount set out in the Payment Claim) and the reasons for any difference in the amount in the Payment Claim.

- (c) **(No Payment Claim):** If Project Co does not issue a Payment Claim or Quarterly Performance Report the State may still issue a Payment Statement setting out the amount payable to or by Project Co.
- (d) **(Tax Invoice):** Without limiting Project Co's right to dispute the amount for payment stated in the Payment Statement, Project Co will provide to the State a Tax Invoice in connection with any supplies the subject of the Payment Statement for the amount stated in the Payment Statement within 3 Business Days of receipt of the Payment Statement.
- (e) **(Timing of payment):** Subject to clause 35.8, payment of the amount stated to be payable to or by Project Co in the Payment Statement will be made by the State to Project Co or by Project Co to the State (as the case may be) within 15 Business Days of receipt of the Tax Invoice provided in accordance with clause 35.4(d).
- (f) **(Payment not evidence of proper performance):** The payment of Quarterly Service Payments by the State to Project Co and the issuing of any Payment Statement is not evidence that the Services have been carried out by Project Co in accordance with the Final Acceptance Schedule or the Services Specification (as relevant), or an admission of Liability, and is only to be taken as payment on account.
- (g) **(Correction of previous Payment Statement):** The State:
 - (1) may, in any Payment Statement, correct any error in any previous Payment Statement issued by the State; and
 - (2) must, in any Payment Statement, correct any error in any previous Payment Statement issued by the State where it is subsequently agreed or determined that an Abatement has been made in respect of an incident for which the State is not entitled to make any such Abatement under the Payment Schedule.

35.5 Floating Rate Component Invoices

- (a) **(Floating Rate Component):** The Floating Rate Component will be payable with effect from the first Interest Period from the FRC Commencement Date.
- (b) **(Notice):** Within 5 Business Days of each Floating Rate Component being able to be calculated, Project Co must provide a notice to the State setting out the amount of the Floating Rate Component for the Interest Period to which the Floating Rate Component relates.
- (c) **(Invoice):** Within 5 Business Days of receipt of a notice given in accordance with 35.5(b), either:
 - (1) the State must provide a Floating Rate Component Invoice to Project Co (if the Floating Rate Component is negative); or
 - (2) Project Co must provide a Floating Rate Component Invoice to the State (if the Floating Rate Component is positive),for the amount of the Floating Rate Component.
- (d) **(Timing of payment):** Project Co or the State (as the case may be) must pay the amount of a Floating Rate Component Invoice on or before the last day of the relevant Interest Period.

35.6 Interest

- (a) **(Interest):** Subject to clause 35.6(b), if a party fails to pay any amount payable by that party to the other party within the time required in accordance with this Agreement, then it must pay interest on that amount:
- (1) from the date on which payment was due and payable until the date on which payment is made;
 - (2) calculated on daily balances at the Overdue Rate; and
 - (3) capitalised monthly.
- (b) **(Sole entitlement):** The amount specified in this clause 35.6 will be a party's sole entitlement to interest including damages for loss of use of, or the cost of borrowing, money.

35.7 Refund

- (a) **(Agreed overpayments):** If:
- (1) **(payment):** the State pays Project Co, or Project Co pays the State any amount under clause 35.4(e) or otherwise (including any State Contribution); and
 - (2) **(no entitlement):** it is subsequently agreed or determined for any reason that the recipient was not entitled to that payment, in whole or in part, under this Agreement,
- the recipient will immediately refund that payment (or such part as constitutes an overpayment) to the party which made the payment.
- (b) **(Interest on overpayments):** If the State pays any part of a State Contribution to Project Co and it is subsequently agreed or determined for any reason:
- (1) that the State Construction Contribution has not been provided in accordance with clause 33;
 - (2) that the State Capital Contribution has not been provided in accordance with clause 34; or
 - (3) the State has paid Project Co a greater amount than Project Co was entitled to receive,
- Project Co must immediately refund to the State the amount of the overpayment of the State Contribution, plus interest on that amount:
- (4) from the date on which the overpayment was made until the date on which the overpayment was refunded;
 - (5) calculated at the Overdue Rate; and
 - (6) capitalised Monthly.
- (c) **(Sole entitlement to interest):** The amount of interest calculated in accordance with clause 35.7(b) will be the State's sole entitlement to interest including damages for the loss of use of, or the cost of borrowing, the amount of the overpayment of the State Contribution.

35.8 Set-off

- (a) **(State's payments):** Without limiting the State's rights under this Agreement or at Law and as described in the Termination Payments Schedule, the State may

deduct from any moneys due and payable to Project Co under the State Project Documents or otherwise at Law:

- (1) Liquidated Damages which have accrued daily as a debt due to the State under clause 21.3(a);
 - (2) any moneys due and payable by any Group Member to the State; and
 - (3) any Claim that the State may have against any Group Member.
- (b) **(Details of set-off):** The State Representative must provide Project Co with reasonable details of the basis on which it is setting off any amount in accordance with clause 35.8(a).
- (c) **(Project Co's payments):** Project Co must make all payments to the State free from any set-off or counterclaim and without deduction or withholding for or on account of any present or future Tax, unless Project Co is compelled by Law to make such a deduction or withholding.
- (d) **(Deduction or withholding):** If a party is compelled by Law to make a deduction or withholding for the benefit of an Authority, it must:
- (1) remit the deducted or withheld amount to the relevant Authority within the time required by Law; and
 - (2) provide to the other party all information and documentation relating to that deduction or withholding, including any information or documentation required to obtain a credit for or repayment of the deducted or withheld amount from an Authority.

35.9 Performance assessment and reporting

- (a) **(Performance reporting):** Project Co must implement an automated, electronic system which:
- (1) can be accessed online by the State, any Government Parties and any person authorised or permitted by the State;
 - (2) is acceptable to the State;
 - (3) accurately measures and records all Service Failures; and
 - (4) contains the Performance Data.
- (b) **(Assessment of performance):** Project Co must prepare and submit to the State:
- (1) during the FAW Phase:
 - (A) the Monthly FAW Performance Report, within 10 Business Days following the end of each Month; and
 - (B) the Quarterly FAW Performance Report, within 10 Business Days following the end of each Quarter,in accordance with the Final Acceptance Schedule; and
 - (2) during the Maintenance Phase:
 - (A) the Monthly Maintenance Performance Report, within 10 Business Days following the end of each Month; and
 - (B) the Quarterly Maintenance Performance Report, within 10 Business Days following the end of each Quarter,in accordance with the Services Specification.

- (c) **(Certification):** Project Co warrants that the Performance Data will, at all times, be accurate, complete and correct, and must certify that each Performance Report is accurate, complete and correct.
- (d) **(Performance Data):** Project Co must:
- (1) on request by the State, and subject to the State providing reasonable prior notice, give:
 - (A) the State;
 - (B) where directed by the State, Associates of the State; and
 - (C) the Train Franchisee,
access to (for the purposes of review) the Performance Data, the Performance Source Data, the Performance Reports and any information related to the operation of the Abatement Regime:
 - (D) at all reasonable times; and
 - (E) if requested by the State, via an online portal;
 - (2) ensure the availability and continuous integrity of the Performance Data and the Performance Source Data;
 - (3) ensure that all Performance Data and the Performance Source Data is not amended or deleted without the State's consent;
 - (4) ensure that the Performance Data and the Performance Source Data is accurate; and
 - (5) keep a copy of all Performance Data and the Performance Source Data for 7 years.
- (e) **(Other information):** Project Co must, in addition to the other requirements of this clause 35.9, maintain (in electronic format) a log for recording the start and end times and any other information requested by the State from time to time, in connection with all Service Failures in a form that can be audited by the State.
- (f) **(Audit):**
- (1) Project Co must provide to the State, within 30 Business Days of the end of each Financial Year after the Date of Provisional Acceptance, an audit report, prepared by an independent and reputable auditor, who has audited the Performance Data and the Performance Reports for that Financial Year.
 - (2) At any time up to 36 months after the end of any Contract Year, the State may give notice to Project Co requiring an audit of the Performance Data, the Performance Reports or the operation of the Abatement Regime (or any of them) in connection with that Contract Year to verify their accuracy (**Performance Audit Notice**).
 - (3) If the State gives Project Co a Performance Audit Notice:
 - (A) the State will appoint and notify Project Co of a person to conduct the audit (**Performance Auditor**), at the State's cost and on terms reasonably determined by the State; and
 - (B) Project Co must, within a reasonable period, make the Performance Data, the Performance Reports and any information related to the operation of the Abatement Regime available, and provide all necessary assistance (including access to senior management and personnel as

reasonably required by the Performance Auditor), to the Performance Auditor.

- (g) **(Inaccurate Performance Data or Performance Report):** If:
- (1) a report provided to the State under clause 35.9(f)(1);
 - (2) the report prepared by the Performance Auditor under clause 35.9(f)(3); or
 - (3) any review of the Performance Data, the Performance Reports or information related to the Abatement Regime by the State under clause 35.9(f)(2),
- reveals that the Performance Data or a Performance Report is not accurate, Project Co must:
- (4) fix the inaccuracy and reissue the relevant data or report to the State within 20 Business Days;
 - (5) reassess the occurrence or extent of any Service Failure including the Service Failure Abatement originally applied (or which would have been originally applied) in connection with a Service Failure;
 - (6) reduce the amount of the next Payment Claim by any positive amount equal to:
 - (A) the reassessed Service Failure Abatement for the relevant Service Failure(s) calculated under the Payment Schedule,
 less:
 - (B) the Service Failure Abatement for the relevant Service Failure(s) originally applied; and
 - (7) pay the costs of the Performance Auditor, or reimburse the State on demand for any costs of the Performance Auditor paid by the State; and
 - (8) update any processes or practices as required to ensure the prevention of future inaccuracies.
- (h) **(Abatements for Service Failures):** Project Co acknowledges and agrees that:
- (1) it is difficult, and in some instances impossible, to calculate with precision the diminution in value the State may suffer in connection with each Service Failure;
 - (2) notwithstanding clause 35.9(h)(1), the application and escalation of the Abatement Regime associated with each Service Failure reflects a genuine pre-estimate of the diminution in value of the Services to the State in connection with such Service Failures;
 - (3) both the State and Project Co require a formula for calculation of that diminished value that is able to be readily applied without unnecessary administrative costs, delay or difficulty;
 - (4) it is in the economic interests of both parties that a formula of the nature referred to in clause 35.9(h)(3) be adopted and the Abatement Regime meets the requirements of such a formula;
 - (5) the State has entered into this Agreement on the basis of and in reliance on the acknowledgements given by Project Co in this clause 35.9(h);
 - (6) to the extent permissible:

- (A) it excludes and waives any right to the benefit of the application of any legal rule or norm, including under statute, equity and common law, relating to the enforceability of the Abatement Regime or any related provision of this Agreement; and
- (B) it will not raise or allege in any dispute or proceedings (including a Claim by the State under or relating to the Abatement Regime), any argument or defence relating to the enforceability of the Abatement Regime or any related provision of this Agreement; and
- (7) to the extent the Abatement Regime (or any part thereof) is held to be void or unenforceable for any reason, clause 35.3 will not limit Project Co's Liability to the State in accordance with this Agreement or otherwise at Law for any Liability suffered by the State as a consequence of any Service Failures.

35A. Securitisation Structure

35A.1 Final D&C Phase Payment

- (a) **(Consideration):** Subject to clause 35A.1(b), in consideration for Project Co progressively undertaking the Works and carrying out the D&C Activities, the State agrees to pay the Final D&C Phase Price to Project Co (or as Project Co directs) on the Date of Provisional Acceptance.
- (b) **(No obligation):** The State has no obligation to pay the Final D&C Phase Payment unless and to the extent that the State receives the Receivables Purchase Price from Finance Co under the Receivables Purchase Deed.
- (c) **(Adjustments):** The Final D&C Phase Price and the Receivables Purchase Price may only be adjusted:
 - (1) to reflect a Change Compensation Event prior to the Date of Provisional Acceptance in respect of which finance has been provided under the Finance Documents calculated in accordance with the Change Compensation Principles;
 - (2) as contemplated in clause 35A.3, to reflect a Change Saving prior to the Date of Provisional Acceptance where the Quarterly Service Payment is reduced and there is a corresponding reduction in the debt finance procured by Finance Co and reflected in the Securitisation Structure; and
 - (3) by written agreement between the parties prior to the Date of Provisional Acceptance,provided that the Final D&C Phase Price and the Receivables Purchase Price will be of equal amounts and that no adjustment to the Final D&C Phase Price or the Receivables Purchase Price will affect the limitation referred to in clause 35A.1(b).
- (d) **(Set off):** Notwithstanding any other clause of any Project Document, the State may not set off any amount due and payable by Project Co or Finance Co to the State under the Project Documents against the Final D&C Phase Payment.

- (e) **(Right, title and interest):** All right, title and interest in the Works remains with the State at all times.
- (f) **(Adjustment to Licence Fees):** If the Final D&C Phase Price and the Receivables Purchase Price are adjusted in accordance with clause 35A.1(c) or 35A.2, the State and Project Co agree to adjust the Licence Fees payable under the Maintenance Licence as appropriate to reflect the adjustment made to the Final D&C Phase Price and the Receivables Purchase Price in accordance with clause 35A.1(c) or 35A.2 (as the case may be).
- (g) **(Remedy for non-payment):** Notwithstanding anything else in the Project Documents, the State acknowledges that if it does not receive the Receivables Purchase Price in full or at all from Finance Co under the Receivables Purchase Deed, the State's only right or remedy in respect of such non-payment is the relief from payment to, or at the direction of, Project Co of the Final D&C Phase Payment under clause 35A.1(a).

35A.2 Final D&C Phase Modification Payment

- (a) **(Final D&C Phase Modification Payment):** If:
 - (1) a Change Compensation Event occurs prior to the Date of Provisional Acceptance;
 - (2) the State determines that the capital cost component of any payment associated with the Change Compensation Event should be compensated by way of an adjustment to the Quarterly Service Payments in accordance with section 4.2(a) of Part A of the Change Compensation Principles; and
 - (3) the State requests that Project Co (via Finance Co), and Project Co and Finance Co agree to, provide financing for that Change Compensation Event,the State must pay a Final D&C Phase Modification Payment to Project Co on the Purchase Date.
- (b) **(No obligation):** The State has no obligation to pay a Final D&C Phase Modification Payment unless, and its obligation is limited to the extent that, it receives the corresponding Receivables Purchase Price for the relevant Additional Receivables from Finance Co under the Receivables Purchase Deed in relation to that Change Compensation Event.
- (c) **(Set off):** Notwithstanding any other clause of any Project Document, the State may not set-off any amount due and payable by Project Co or Finance Co to the State under the Project Documents against a Final D&C Phase Modification Payment.
- (d) **(Remedy for non-payment):** Notwithstanding anything else in the Project Documents, the State acknowledges that, if the Receivables Purchase Price for the relevant Additional Receivable is not received in full or at all under the Receivables Purchase Deed, the State's only right or remedy in respect of such non-payment is the relief from payment of the corresponding Final D&C Phase Modification Payment under clause 35A.2(a).

35A.3 Reduction in Quarterly Service Payment

Where, due to a Change Saving, the Final D&C Phase Payment and therefore the Quarterly Service Payment is reduced and there is a corresponding reduction in the debt finance procured by Finance Co and reflected in the Securitisation Structure:

- (a) the Final D&C Phase Payment will be reduced by an amount reflecting the capital component of the Change Saving;
- (b) the Receivables Purchase Price payable by Finance Co under the Receivables Purchase Deed will be reduced by the same amount as calculated at clause 35A.3(a); and
- (c) the Licence Fees payable by Project Co under the Maintenance Licence will be adjusted to reflect, as appropriate, the reduction in the Final D&C Phase Payment.

36 Final Acceptance Payment

The State will pay to or at the direction of Project Co, the Final Acceptance Payment within 20 Business Days of the Date of Final Acceptance.

Part E - Commercial Opportunities

37 Commercial opportunities and revenue

37.1 Revenue

- (a) **(Project Co's revenue):** Without limiting clause 52.1(a), Project Co may only derive revenue or other returns from:
- (1) Quarterly Service Payments, State Contributions, Floating Rate Components, any Final Acceptance Payment and any other amounts expressly provided for under the State Project Documents;
 - (2) Permitted Commercial Opportunities;
 - (3) interest or other returns on moneys held by or on behalf of Project Co under this Agreement or any other Project Document; and
 - (4) other activities approved by the State where such approval may be subject to any conditions the State thinks fit, including a State determined share of net revenues.
- (b) **(Obligations in relation to Associates):** Project Co must ensure that, after Contract Close, none of its Associates (excluding consultants and advisers) derive revenue or other returns in connection with the Maintained Assets other than revenue or returns derived:
- (1) directly or indirectly from payments made by Project Co; or
 - (2) under arm's length commercial arrangements approved by the State.

37.2 Grant of rights

- (a) Subject to the terms of this Agreement, the Maintenance Licence and the Commercial Opportunities Lease, Project Co must pursue Permitted Commercial Opportunities in accordance with this clause 37 and the Commercial Opportunities Schedule.
- (b) Project Co must not use, and must ensure that no other person uses, any area within the Commercial Opportunities Leased Areas or the Licensed Maintenance Areas for a commercial purpose other than a Permitted Commercial Opportunity.

37.3 Commercial Opportunities Works

Project Co must:

- (a) provide or procure that any Commercial Opportunities Subcontractor provides everything (including labour, materials and plant) necessary for its Commercial Opportunities Works;
- (b) ensure that any Commercial Opportunities Subcontractor carrying out Commercial Opportunities Works does so:
- (1) diligently;

- (2) in a sound and workmanlike manner, with due care and skill and in accordance with good engineering, construction, maintenance and management practice;
 - (3) to the level required to satisfy any Approval, Law or Standard applicable to:
 - (A) the Commercial Opportunities Works; and
 - (B) the Commercial Opportunities Leased Areas or Licensed Maintenance Areas (as relevant);
 - (4) without:
 - (A) any disruption or risk to the Services or Train Operations;
 - (B) any risk to Users;
 - (5) so as to minimise any disruption and inconvenience to Users,
 - (6) using fixtures, fittings, finishes and materials which are free from defects and of a high quality;
 - (7) in accordance with the designs and finishes submitted to the State for review pursuant to clause 37.5(b)(2); and
 - (8) in a way which does not otherwise adversely affect the passage of Users, or the carrying out of any of the Services or the Train Operations;
- (c) prepare, finalise, implement and update the Commercial Opportunities Management Plan;
- (d) ensure that all Commercial Opportunities Subcontractors carrying out the Commercial Opportunities Works:
- (1) comply with all reasonable requirements of:
 - (A) Project Co and the D&C Subcontractor, when accessing the Construction Site; and
 - (B) the Train Franchisee and the Maintenance Subcontractor when accessing the Maintenance Site;
 - (2) prevent nuisance and noise, dust, air pollution, odour and vibration, and any disturbance to the Site and any adjacent or surrounding areas, at levels which exceed those stipulated under the Commercial Opportunities Management Plan or any such lower levels as may be stipulated by the State (acting reasonably) from time to time;
 - (3) comply with any reasonable request by the State to amend the Commercial Opportunities Management Plan; and
 - (4) keep the Commercial Opportunities Leased Areas and Licensed Maintenance Areas (as relevant) secure and safe and free from all unauthorised access during the carrying out of the Commercial Opportunities Works;
- (e) subject to clause 37.3(b), ensure that:
- (1) the design and construction of all Commercial Opportunities Works (including works undertaken in any common areas forming part of the Commercial Opportunities Leased Areas or Licensed Maintenance Areas (as relevant)):
 - (A) applies design standards and qualities; and

- (B) includes fixtures, fittings, finishes and materials which are new, and free from defects; and

which are of a similar or higher standard or quality to those which apply to the design or construction of the Works, having regard to the nature and use of the Commercial Opportunities Works; and
 - (2) the aesthetics of any Commercial Opportunities Works (including works undertaken in those common areas) complement and are consistent with those of the Works and any other Commercial Opportunities Works;
- (f) design and construct each part and the whole of the Commercial Opportunities Works so that they:
 - (1) meet each of the purposes, functions and requirements set out in, or which can reasonably be inferred from, any requirement in this Agreement;
 - (2) do not impair the undertaking of the Services or Train Operations; and
 - (3) comply with all Laws, Approvals and Standards as at the date on which the relevant Commercial Opportunities Works are performed; and
- (g) not use or occupy any part of the Commercial Opportunities Leased Areas or Licensed Maintenance Areas for the purpose of Permitted Commercial Opportunities until an Occupancy Permit has been issued under the *Building Act 1973* (Vic) in respect of that part of the Commercial Opportunities Leased Areas or Licensed Maintenance Areas.

37.4 State direction

In addition to any other remedies available to the State under clause 44, the State may, after the State provides reasonable prior notice to Project Co, do all things necessary to rectify any failure by Project Co in the performance of its obligations under clauses 37.3(b)(7), 37.3(c) and 37.3(d) and the reasonable costs incurred by the State in doing so will be a debt due and payable by Project Co to the State.

37.5 Principles applicable to Commercial Opportunities Subleases

- (a) **(State Review):**
 - (1) Prior to entering into the first Commercial Opportunities Sublease Project Co must submit to the State for approval:
 - (A) a proposed pro forma Commercial Opportunities Sublease; and
 - (B) a proposed pro forma Commercial Opportunities Direct Deed,

in a form which complies with and is in accordance with the requirements of this Agreement and the Commercial Opportunities Schedule.
 - (2) Subject to clauses 37.5(g) and 37.5(h), prior to entering into a Commercial Opportunities Sublease, Project Co must submit to the State for review in accordance with the Review Procedures:
 - (A) the proposed Commercial Opportunities Sublease; and

- (B) if required by the State pursuant to clause 37.6(k), the proposed Commercial Opportunities Direct Deed,
- in the form of the relevant proforma reviewed by the State under clause 37.5(a), as amended by such other terms agreed between Project Co and the proposed Commercial Opportunities Tenant.
- (b) **(Commercial Opportunities Sublease):** Each Commercial Opportunities Sublease:
- (1) must:
- (A) comply with the requirements of this clause 37;
- (B) preclude or minimise Project Co's exposure to break costs or payments on voluntary termination; and
- (C) provide that the relevant Commercial Opportunities Sublease will terminate upon the termination of this Agreement unless the State provides notice to the Commercial Opportunities Tenant otherwise;
- (2) must include details of:
- (A) the proposed Commercial Opportunities Tenant;
- (B) the proposed use of the relevant part of the Commercial Opportunities Leased Area; and
- (C) the design and construction of the Commercial Opportunities Works to be undertaken, including the intended nature and location of promotional or other advertising signage; and
- (3) must clearly identify in mark up all amendments to the proforma reviewed by the State under clause 37.5(a).
- (c) **(Commercial Opportunities Direct Deed):** Each Commercial Opportunities Direct Deed must provide that the relevant Commercial Opportunities Sublease will terminate upon the termination of this Agreement unless the State provides notice to the Commercial Opportunities Tenant otherwise.
- (d) **(Commercial Opportunities Works):** The State may comment on or reject a Commercial Opportunities Sublease where the proposed Commercial Opportunities Works (including its design) or the quality of the fixtures, fittings, finishes or materials which are to be used in relation to the Commercial Opportunities Sublease are inconsistent with the Commercial Opportunities Guiding Principles or the requirements of clause 37.3.
- (e) **(Commercial Opportunities Tenant):** Subject to clauses 37.5(g) and 37.5(h), each Commercial Opportunities Tenant must have the financial capacity, experience and capability to perform its obligations under the proposed Commercial Opportunities Sublease.
- (f) **(Change of details):** As soon practicable, Project Co must provide to the State for review in accordance with the Review Procedures, any proposed change in relation to a Commercial Opportunities Sublease including changes in relation to:
- (1) the final form of the Commercial Opportunities Sublease;
- (2) the identity of any Commercial Opportunities Tenant;
- (3) any Commercial Opportunities Tenant's proposed use of the relevant part of the Commercial Opportunities Leased Area; or

- (4) the Commercial Opportunities Works to be undertaken by or on behalf of that Commercial Opportunities Tenant.
- (g) **(Tender for Commercial Opportunities Sublease)**: Subject to clause 37.5(i), prior to submitting a Commercial Opportunities Sublease to the State pursuant to 37.5(a)(2) Project Co must:
- (1) notify the State of its intention to tender the Commercial Opportunities Sublease at least 10 Business Days prior to the time of the tender; and
 - (2) invite a tender for each such Commercial Opportunities Sublease from any person nominated in writing by the State before the expiry of that 10 Business Day period, provided that person satisfies the requirement of clause 37.5(e); and
 - (3) on completion of the tender, notify the State of its preferred tenderer (**Project Co Preferred Tenant**).
- (h) **(State Preferred Tenant)**: Subject to clause 37.5(i), following notice of Project Co's preferred tenderer pursuant to clause 37.5(g)(3), the State may:
- (1) reject a Project Co Preferred Tenant; and
 - (2) require Project Co to enter into the relevant Commercial Opportunities Sublease with another tenderer (**State Preferred Tenant**),
- and if:
- (3) the net rent that would have been payable by the Project Co Preferred Tenant; exceeds
 - (4) the net rent payable by the State Preferred Tenant,
- the State will pay the difference to Project Co monthly in advance until expiry of any initial term (including the period of any extension pursuant to the exercise by the State Preferred Tenant of an option to renew under the relevant Commercial Opportunities Sublease) under, or termination of, the Commercial Opportunities Sublease entered into by the State Preferred Tenant.
- (i) **(Initial Commercial Opportunities Tenant)**: Subject to the relevant Commercial Opportunities Sublease and the Commercial Opportunities Direct Deed complying with the requirements of clauses 37.5(a) to 37.5(d), the parties acknowledge and agree that:
- (1) the Initial Commercial Opportunities Tenants are approved by the State for the relevant Initial Permitted Commercial Opportunity; and
 - (2) Project Co's obligations under clauses 37.5(g) and 37.5(h) do not apply in relation to the Initial Commercial Opportunities Tenants.

37.6 Other requirements

Project Co must ensure that:

- (a) **(Commercial Opportunities Schedule)**: each Commercial Opportunities Tenant complies with the requirements of this clause 37 and the Commercial Opportunities Schedule;
- (b) **(Laws, Approvals and Standards)**: the carrying out of any Permitted Commercial Opportunity complies with all Laws, Approvals and Standards;
- (c) **(Services and Accreditation)**: the carrying out of any Permitted Commercial Opportunity does not in any way hinder or obstruct:

- (1) the performance of the Services or Rail Operations; or
 - (2) the ability to obtain, maintain or comply with any Accreditation;
- (d) **(Insurance)**: each Commercial Opportunities Tenant procures and maintains insurance cover for any reasonably insurable risk of loss, damage or liability arising out of, as a result of or in connection with the relevant Permitted Commercial Opportunity and Commercial Opportunities Works, including:
 - (1) public and product liability;
 - (2) professional indemnity (if relevant); and
 - (3) workers' compensation insurance,on such terms and from such insurers as a prudent person in the position of the relevant Commercial Opportunities Tenant would arrange, taking into account:
 - (4) the nature of the relevant Permitted Commercial Opportunity;
 - (5) the terms of the Commercial Opportunities Schedule;
 - (6) the terms of the relevant Commercial Opportunities Sublease;
 - (7) any Commercial Opportunities Works undertaken by the Commercial Opportunities Tenant;
 - (8) the nature of the Maintained Assets;
 - (9) the Services; and
 - (10) the Train Operations within the Maintained Assets.
- (e) **(Make good)**: each part of the Commercial Opportunities Leased Area is made good by Project Co or the relevant Commercial Opportunities Tenant on termination or end of a Commercial Opportunities Sublease;
- (f) **(Trading requirements)**: a sufficient number of Permitted Commercial Opportunities are operational and trading on and from the opening of the Stations to properly accommodate the reasonable requirements of Users;
- (g) **(Tidiness)**: at all times, the Commercial Opportunities Leased Areas are kept clean, tidy and well-presented and are operated to a standard and a level of safety:
 - (1) in keeping with that of the Maintained Assets; and
 - (2) which does not hinder, obstruct, prevent or detrimentally affect:
 - (A) the undertaking of any of the Services or Rail Operations; or
 - (B) the ability to obtain, maintain and comply with any Laws, Approvals or Standards;
- (h) **(OH&S)**: at all times, all operations within the Commercial Opportunities Leased Areas comply with the occupational health and safety requirements of this Agreement and all applicable Standards given the nature of the operations under this Agreement in respect of the Maintained Assets;
- (i) **(Manage waste disposal)**: waste, rubbish, debris, redundant materials and spoil produced by the Permitted Commercial Opportunities and Commercial Opportunities Works:
 - (1) are managed, removed and disposed of in accordance with Best Industry Practices, all relevant Approvals and this Agreement; and
 - (2) not left outside the area occupied by the relevant Permitted Commercial Opportunity or Commercial Opportunities Works;

- (j) **(Delivery of stock and removal of waste):** all deliveries to, waste removal from, and all other servicing of any Permitted Commercial Opportunities are done via designated service delivery routes.
- (k) **(Commercial Opportunities Direct Deed):** if required by the State, it and the relevant Commercial Opportunities Tenant executes a Commercial Opportunities Direct Deed in the form reviewed by the State pursuant to clause 37.5(a)(2).

37.7 Risk

Except as otherwise expressly provided in this Agreement, Project Co:

- (a) assumes all operating risks associated with the Permitted Commercial Opportunities;
- (b) must ensure that all Rates, Taxes outgoings and other expenses which relate to the Permitted Commercial Opportunities and Commercial Opportunities Leased Areas are paid, including with respect to Utilities and waste disposal services; and
- (c) must ensure that all insurances which are required pursuant to clause 37.6 and the Commercial Opportunities Schedule have been obtained and remain in force as required by clause 37.6.

37.8 ATMs and vending machines

The State acknowledges and agrees that Project Co may operate automatic teller machines and vending machines within the Permitted Commercial Opportunities and the Site, consistent with the requirements set out in the PS&TR and the Services Specification provided that:

- (a) the State has given its prior written approval of the location of any vending machine to be located within the Site; and
- (b) the contents of the vending machine comply with the requirements set out in the PS&TR and the Services Specification.

37.9 Advertising

- (a) **(State request for advertising space):** The State may submit a written request to Project Co for advertising space within the Stations for use by the State which must include:
 - (1) a description of the relevant advertising campaign;
 - (2) a statement confirming that the advertising campaign complies with the Advertising Principles;
 - (3) the advertising format type;
 - (4) the relevant Stations;
 - (5) the quantity; and
 - (6) subject to clause 37.9(d), the advertising campaign duration, which:
 - (A) must not commence earlier than one week after submitting the request; and
 - (B) must not be less than one week,
- (an Advertising Request).

- (b) [not disclosed]
- (c) **(Consultation)**: Where the advertising space the subject of an Advertising Request does not satisfy the requirements of clause **Error! Reference source not found.** or clause **Error! Reference source not found.** then, without limiting Project Co's obligations under clause 37.9(b), the parties will meet and attempt to agree amendments to the Advertising Request.
- (d) **(Commencement date)**: The parties agree that the commencement date and the end date for an advertising campaign set out in an Advertising Request will be deemed to be shifted to the day of the week that Project Co's advertising contractor changes over advertising space.
- (e) **(Reasonable assistance)**: Where Project Co is required to provide advertising space for use by the State pursuant to clause 37.9(b), Project Co must:
 - (1) provide all reasonable assistance to the State to implement the relevant advertising campaign within the Stations; and
 - (2) if requested by the State, require that Project Co's advertising contractor prints, produces, installs or implements (in each case as applicable) the advertising campaign on the best contractual terms provided to Project Co or its Associates at that time for those services.
- (f) **(Project Co advertising contractor arrangements)**: The parties acknowledge and agree, for the purposes of clause 37.9(e), that it is likely that Project Co's advertising contractor will impose reasonable conditions on Project Co in respect of the use and handling of certain devices and equipment (including equipment which displays digital media) which will be installed in the Stations for the purpose of displaying advertising in the Stations.

Part F - Change in Circumstances

38 Modifications

38.1 Modification Orders

- (a) **(Directing a Modification):** At any time, whether or not it has issued a Modification Request, the State may direct Project Co to undertake a Modification by issuing a Modification Order.
- (b) **(Mandatory Modification Orders):** Notwithstanding this clause 38.1, and without limiting the State's rights under clauses 38.4(b)(3) and 38.4(b)(4), the State must issue a Modification Order for:
- (1) a Change in Mandatory Requirements referred to in clauses 38.7(a)(1), 38.7(a)(3) and 38.7(a)(4);
 - (2) the omission of part of the Relevant Infrastructure from the Project pursuant to clause 42.6(a);
 - (3) subject to clause 38.8, a JCC Modification or determination pursuant to clause 38.8(e);
 - (4) repairing or rebuilding the Relevant Infrastructure as the result of loss or damage caused by a Day 1 Uninsurable Risk or Uninsurable Risk in accordance with clause 43.17(a)(1); and
 - (5) anything else which is expressly deemed to be a Modification in accordance with this Agreement,
- provided Project Co has otherwise complied with the obligations in this Agreement relevant to the Modification.
- (c) **(No compliance if breach of Accreditation):** Notwithstanding any other provision of this Agreement, Project Co will not be required to comply with a Modification Order to the extent that the Modification Order would result in Project Co or its Associates being in breach of their relevant Accreditation referred to in clause 9.4 or result in Project Co or its Associates causing a Rail Franchisee to breach its Accreditation.
- (d) **(Contents of Modification Order):** A Modification Order issued by the State must include the terms on which the Modification is required to be undertaken and completed including:
- (1) the amount payable for the Modification, calculated in accordance with the Change Compensation Principles;
 - (2) the time for completion of the Modification (including whether the Modification is required to be completed prior to Acceptance);
 - (3) during the D&C Phase, if:
 - (A) the Modification will cause activities on the critical path contained in the then current D&C Program to be delayed (other than to the extent that the Modification will cause delay to Critical Interface Milestones only); and
 - (B) the delay is beyond the reasonable control of Project Co and its Associates,

an extension to the Date for Provisional Acceptance, any relevant Critical Interface Milestone Date or any relevant Progress Milestone Date by the period of time the Modification will cause Project Co to be delayed in achieving Provisional Acceptance, relevant Critical Interface Milestone, or relevant Progress Milestone;

- (4) any amendments required to the Relevant Infrastructure, Project Activities, State Project Documents or Project Co Material, any variations to any existing Approval or any new Approval to take into account the Modification; and
- (5) any amendments to any relevant warranty given by Project Co under this Agreement,

which will be determined having regard to the procedures in this clause 38 or otherwise by the State acting reasonably.

- (e) **(Project Co to implement):** If the State issues a Modification Order, subject to clause 38.1(c), then:
 - (1) Project Co must undertake the Modification on the terms set out in the Modification Order;
 - (2) Project Co will be entitled to payment of the amount for undertaking the Modification set out in the Modification Order;
 - (3) the State Project Documents will be deemed to be amended in accordance with the relevant amendments set out in the Modification Order; and
 - (4) Project Co must carry out its obligations under the State Project Documents as amended in accordance with clause 38.1(e)(3),unless and until determined otherwise as a result of Project Co exercising its rights under clause 38.1(f).
- (f) **(Dispute):** If Project Co disputes all or any part of the State's Modification Order, Project Co must, in the interim, continue to undertake the Modification (including the works or services the subject matter of any dispute) in accordance with the Modification Order, but may refer the matter for resolution under clauses 46 to 47.
- (g) **(No implementation without order):** Subject to clauses 38.7 and 38.8, Project Co must not begin any work or incur any cost, and will not have any entitlement to make any Claim in respect of a Modification unless:
 - (1) the State is obliged to issue a Modification Order in accordance with this clause 38 and has not done so; or
 - (2) a Modification Order has been issued by the State in accordance with this clause 38.

38.2 Modification Request by the State

The State may, at any time, request Project Co to submit a Modification Quote for a proposed Modification which includes details of:

- (a) **(Modification):** the proposed Modification;
- (b) **(preferred financing):** the State's preferred financing for the proposed Modification in accordance with the Change Compensation Principles (where the Modification will result in an increase in the cost of the Relevant Infrastructure or the performance of the Project Activities);

- (c) **(Additional Support)**: any Additional Support required from a Rail Franchisee in relation to the Modification; and
- (d) **(other information)**: any specific information that the State requires Project Co to include in the Modification Quote or that may be relevant to the preparation of the Modification Quote,

(Modification Request).

38.3 Modification Quote

- (a) **(Submission of Modification Quote)**: Unless the State withdraws a Modification Request, Project Co must, subject to clause 38.5, submit a Modification Quote to the State:
 - (1) within 20 Business Days of receipt of the Modification Request; or
 - (2) at such later time as agreed by the State (acting reasonably, taking into account the size and complexity of the proposed Modification, the information included in the Modification Quote and Project Co's obligation, if any, to obtain the comments of the Train Franchisee under the Train Franchisee Cooperation Agreement).
- (b) **(Contents of Modification Quote)**: The Modification Quote must be prepared in accordance with the Change Compensation Principles and must:
 - (1) include details of the amount Project Co claims is payable by or to Project Co for undertaking the Modification calculated in accordance with the Change Compensation Principles (**Modification Estimate**);
 - (2) include details of the basis (if applicable) on which Project Co or Finance Co would be prepared to fund or to procure the funding of the whole or part of the Modification calculated and the cost difference if Project Co or Finance Co, rather than the State, were to fund the Modification (with such basis to be consistent with the Change Compensation Principles);
 - (3) during the D&C Phase, if:
 - (A) the Modification will cause activities on the critical path contained in the then current D&C Program to be delayed (other than to the extent that the Modification will cause delay to Critical Interface Milestones only); and
 - (B) the delay is beyond the reasonable control of Project Co and its Associates,include details of any extension requested to the Date for Provisional Acceptance, any relevant Critical Interface Milestone Date, or any relevant Progress Milestone Date required as a consequence of the Modification;
 - (4) if during the Maintenance Phase, include details of the timeframe within which the Modification will be completed;
 - (5) include details of any amendments to the Relevant Infrastructure, the Project Activities, State Project Documents, Project Co Material, any variations to any existing Approval or any new Approval required for the Modification;
 - (6) include details of any amendments to any relevant warranty given by Project Co under this Agreement;

- (7) be prepared so as to avoid or minimise:
 - (A) any delay in achieving Provisional Acceptance by the Date for Provisional Acceptance;
 - (B) any delay in achieving a Critical Interface Milestone by the relevant Critical Interface Milestone Date;
 - (C) any delay in achieving a Progress Milestone by the relevant Progress Milestone Date;
 - (D) any adverse safety impacts of the Modification on people, the Project Activities and the Relevant Infrastructure; and
 - (E) during the Maintenance Phase, disruption to Users of the Maintained Assets;
- (8) attach any comments provided by the Train Franchisee where the relevant Modification relates to or may give rise to:
 - (A) a change to the PS&TR or the Services Specification; or
 - (B) a Change in Law in relation to rail safety,and the attaching of those comments will be sufficient to satisfy Project Co's obligations to incorporate those comments in the relevant Modification Order in the first instance; and
- (9) include any other relevant information requested by the State,
(Modification Quote).
- (c) **(Further details)**: The State must provide Project Co with further details reasonably requested by Project Co to assist Project Co in preparing its Modification Quote.

38.4 State Response to Modification Quote

- (a) **(Information and changes)**: Once it has provided the State with the Modification Quote, Project Co must:
 - (1) provide the State with any additional information the State notifies that it reasonably requires to assess the Modification Quote; and
 - (2) make any changes to the Modification Quote which the State requests and with which it agrees.
- (b) **(State response to Modification Quote)**: Within 20 Business Days after receiving a Modification Quote or such longer period as the State reasonably requires given:
 - (1) the size and complexity of the proposed Modification; and
 - (2) the need for any additional information not included in the Modification Quote and the time when it is subsequently provided,the State must:
 - (3) issue a Modification Order, in accordance with clause 38.1(d), to Project Co directing Project Co to carry out the Modification on the terms set out in the Modification Quote or as reasonably determined by the State, and Project Co must implement the Modification in accordance with the Modification Order and clauses 38.1(e) to 38.1(g) will apply;

- (4) notify Project Co that it does not agree with the Modification Quote, including supporting documentation and reasons; or
 - (5) except in the case of a mandatory Modification set out in clause 38.1(b), notify Project Co that it does not wish to proceed with the proposed Modification.
- (c) **(Further information):** If the State:
- (1) requests changes to the Modification Quote in accordance with clause 38.4(a); or
 - (2) notifies Project Co that it does not agree with the Modification Quote in accordance with clause 38.4(b)(4),

Project Co must provide the State with an updated Modification Quote, addressing the issues raised by the State, within 10 Business Days of the receipt of the State's notice and this clause 38.4 will apply again to that Modification Quote.

38.5 Omission by State

The State may:

- (a) **(Omitted Works):** propose a Modification that decreases, omits, deletes or removes work from the scope of the Project Activities conducted on, over or under the area of, the Project Area (**Omitted Works**); and
- (b) **(Omitted Works contractor):** if the State issues a Modification Order in respect of the Omitted Works, undertake the Omitted Works itself or engage another person to undertake the Omitted Works on its behalf in which case Project Co must comply with the obligations in clauses 13.9 in relation to Interface Parties.

38.6 Project Co Proposed Modifications

- (a) **(Project Co may propose a Modification):** Project Co may, for its own convenience, request the State to direct a Modification by submitting a notice to the State which must:
 - (1) include the information set out in clause 38.1(d);
 - (2) include the reason(s) for the proposed Modification;
 - (3) identify the changes (if any) required to the Relevant Infrastructure, the Project Activities, the State Project Documents, the Project Co Material, any variations to any existing Approvals, or any additional Approvals to accommodate the proposed Modification;
 - (4) contain a statement confirming the extent (if any) to which the proposed Modification will affect:
 - (A) any Interface Parties; and
 - (B) the Standards, warranties and other obligations with which Project Co is required to comply under this Agreement; and
 - (5) contain any other information and supporting documentation the State requests,

(Modification Proposal).
- (b) **(State may approve or reject):** Upon receipt of a Modification Proposal:

- (1) clause 38.4 will apply as if the Modification Proposal was a Modification Quote; and
 - (2) the State will be under no obligation to issue a Modification Order for the convenience of, or to assist, Project Co except as set out in clause 38.1(b).
- (c) **(Implementation):** If the State issues a Modification Order as a result of a Modification Proposal, Project Co must undertake the Modification on the basis of the Modification Order and clauses 38.1(e) to 38.1(g) will apply.
- (d) **(Share of Savings):** The State and Project Co will each be entitled to 50% of the benefit of any Savings arising from implementation of a Modification as a result of a Modification Proposal calculated in accordance with the Change Compensation Principles.

38.7 Modifications required as a result of Change in Mandatory Requirements

- (a) **(Change in Mandatory Requirements):** Where:
- (1) a Project Specific Change in Law occurs after Contract Close;
 - (2) a Change in Policy occurs after Contract Close;
 - (3) subject to clause 38.7(a)(4), a General Change in Law occurs, on or after the Date of Final Acceptance; or
 - (4) a General Change in Law occurs in respect of disability discrimination or rail safety on or after Contract Close,
- that will have an effect on the cost of carrying out the Project Activities (in each case a **Change in Mandatory Requirements**), Project Co must, as a condition precedent to Project Co's entitlement to a Modification in respect of a Change in Mandatory Requirements:
- (5) provide a notice to the State within 5 Business Days of becoming aware of the Change in Mandatory Requirements; and
 - (6) provide a Modification Quote to the State in accordance with clause 38.3(b) within 20 Business Days of becoming aware of the Change in Mandatory Requirements (or such longer period as Project Co reasonably requires having regard to the size and nature of the required Change in Mandatory Requirements).
- (b) **(State's response):** Provided Project Co has complied with clause 38.7(a), the State must issue a Modification Order in accordance with clause 38.4 in respect of the Change in Mandatory Requirements, unless the Change in Mandatory Requirements is a Change in Policy (in which case clause 38.7(c) applies).
- (c) **(Change in Policy):** If the Change in Mandatory Requirements is a Change in Policy, the State must either issue a Modification Order in accordance with clause 38.4 for the Change in Policy or direct Project Co that it is not required to comply with the Change in Policy.
- (d) **(State may request):** If the State considers that a Change in Mandatory Requirements has occurred and Project Co has not provided a Modification Quote in accordance with clause 38.7(a)(6), the State may direct Project Co to submit a Modification Quote in respect of that Change in Mandatory Requirements in which case clauses 38.7(a) to 38.7(c) will apply.
- (e) **(Implementation):** If the State issues a Modification Order under clause 38.4(b)(3) as a result of a Modification Quote provided under this clause 38.7,

Project Co must undertake the Modification in accordance with the Modification Order and clause 38.1 will apply.

38.8 Modifications required as a result of a JCC Modification

- (a) **(JCC Modification):** Where Project Co believes that it is entitled to or may become entitled to a JCC Modification, Project Co must, as a condition precedent to Project Co's entitlement to a Modification:
 - (1) provide a notice to the State, the Joint Coordination Committee, the JCC Systems Integration Team, and any relevant JCC Subcommittee at least 10 Business Days prior to the potential decision of the Joint Coordination Committee, the JCC Systems Integration Team or JCC Subcommittee (as relevant) which may give rise to the JCC Modification; and
 - (2) provide a Modification Quote in relation to the JCC Modification to the State in accordance with clause 38.3(b) at least 5 Business Days prior to the potential decision of the Joint Coordination Committee, the JCC Systems Integration Team or JCC Subcommittee (as relevant) which may give rise to the JCC Modification.
- (b) **(Modification Quote):** Clause 38.4 will apply to each Modification Quote provided under clause 38.8(a)(2).
- (c) **(Modification Order):** Subject to clauses 38.8(a) and 38.8(b), the State will issue a Modification Order in respect of the Project Activities affected by a JCC Modification.
- (d) **(Implementation):** If the State issues a Modification Order under clause 38.4(b)(3) as a result of a Modification Quote provided under clause 38.8(a)(2), Project Co must undertake the Modification on the basis of the Modification Order and clauses 38.1(e) to 38.1(g) will apply.
- (e) **(State determination):** If:
 - (1) Project Co has fully complied with the requirements of clause 38.8(a) in respect of a potential JCC Modification which is not approved by the Joint Coordination Committee (as applicable); and
 - (2) MMRA subsequently makes a determination under clause 8(e) of the Framework Coordination and Interface Principles to proceed with that potential JCC Modification or any other Modification,

the State must issue a Modification Order in respect of the Project Activities affected by the determination, and the requirements of clauses 38.8(b) to 38.8(d) will apply as if the determination was a JCC Modification.

38.8A Contamination Modification Event

- (a) **(Contamination Modification Event):** Where a Contamination Modification Event occurs that will have an effect on the cost of carrying out the Project Activities, Project Co must, as a condition precedent to Project Co's entitlement to a Modification:
 - (1) provide a notice to the State within 5 Business Days of becoming aware of the Contamination Modification Event which includes:
 - (A) a copy of any applicable Contamination Notice;
 - (B) the information required by clause 7.4(b); and

- (C) in the case of a Groundwater Contamination Modification Event, details of the provisions in the Initial Contaminated Groundwater Methodology applicable to the Contamination; and
 - (2) provide a Modification Quote to the State in accordance with clause 38.3(b) within 20 Business Days of becoming aware of the Contamination Modification Event.
- (b) **(Modification Quote):** Clause 38.4 will apply to each Modification Quote provided under clause 38.8A(a)(2).
- (c) **(Modification Order):** Subject to clauses 38.8A(a) and 38.8A(b), the State will issue a Modification Order in respect of the Contamination Modification Event.
- (d) **(Implementation):** If the State issues a Modification Order under clause 38.4(b)(3) as a result of a Modification Quote provided under clause 38.8A(a)(2), Project Co must undertake the Modification on the basis of the Modification Order and, subject to clause 38.8A(e), clauses 38.1(e) to 38.1(g) will apply.
- (e) **(Project Co liability for Groundwater Contamination Modification Events):** In respect of a Groundwater Contamination Modification Event, Project Co will not be entitled to payment (other than the payment of Prolongation Costs and Financing Delay Costs) for undertaking the Modification set out in a Modification Order issued pursuant to clause 38.8A(c) except to the extent amounts payable to Project Co in respect of all Groundwater Contamination Modification Events (other than the payment of Prolongation Costs and Financing Delay Costs) would otherwise exceed [not disclosed] in aggregate.

38.9 Directions giving rise to Modification

- (a) **(State direction):** Without limiting clause 42.11(a)(2)(D), if a direction by the State, other than a Modification Order, constitutes or involves a Modification, Project Co must, as a condition precedent to making a Claim against the State in connection with the direction:
 - (1) within 5 Business Days of receiving the direction, give notice to the State that it considers the direction constitutes or involves a Modification; and
 - (2) within 10 Business Days after giving the notice under clause 38.9(a)(1), submit a Modification Quote to the State in respect of the direction.
- (b) **(Confirmation):** Within 5 Business Days of the State receiving a Modification Quote from Project Co under clause 38.9(a)(2) the State may elect to:
 - (1) confirm that the direction is in fact a Modification and either:
 - (A) issue a Modification Order; or
 - (B) vary the direction and confirm that the varied direction is a Modification by issuing a Modification Order,in which case Project Co must undertake the Modification on the basis of the Modification Order and clauses 38.1(e) to 38.1(g) will apply.
 - (2) withdraw the direction, in which case Project Co must not comply with the direction; or
 - (3) inform Project Co that, in the State's view, the direction is not a Modification in which case Project Co must, subject to clause 5.1(b),

comply with the direction but may refer the matter to dispute resolution in accordance with clauses 46 to 47.

- (c) **(No commencement)**: Project Co must not commence any work the subject of a direction which it believes constitutes a Modification until the State has acted under clause 38.9(b).
- (d) **(Notice Required)**: Subject to clause 38.9(i), but without limiting clause 42.11(a)(2)(D), if Project Co:
 - (1) receives comments from the Train Franchisee under clause 6.5 of the Train Franchisee Cooperation Agreement which:
 - (A) are required for the Train Franchisee's compliance with the Train Franchisee Arrangements; or
 - (B) are otherwise reasonable comments which are not also provided under clause 6.5(c)(2) or 6.5(c)(3) of the Train Franchisee Cooperation Agreement;
 - (2) receives comments or conditions on, or a rejection of a Submitted Document that is also a Train Franchisee Input Document on the grounds that implementing or proceeding with the Project Activities on the basis of that Submitted Document would prevent the Train Franchisee from being able to comply with the Train Franchisee Arrangements;
 - (3) receives comments from the Tram Franchisee under clause 6.5 of the Tram Franchisee Cooperation Agreement which:
 - (A) are required for the Tram Franchisee's compliance with the Tram Franchisee Arrangements; or
 - (B) are otherwise reasonable comments which are not also provided under clause 6.5(c)(2) or 6.5(c)(3) of the Tram Franchisee Cooperation Agreement; or
 - (4) receives comments or conditions on, or a rejection of a Submitted Document that is also a Tram Franchisee Input Document on the grounds that implementing or proceeding with the Project Activities on the basis of that Submitted Document would prevent the Tram Franchisee from being able to comply with the Tram Franchisee Arrangements.,

(Franchisee Non-Compliance Comments) and Project Co considers (acting reasonably) that amending that Submitted Document to reflect the Franchisee Non-Compliance Comments may constitute or involve a Modification, Project Co must, as a condition precedent to making a Claim against the State in connection with the amendment of the Submitted Document to reflect the Franchisee Non-Compliance Comments:

 - (5) within 5 Business Days after receiving the Franchisee Non-Compliance Comments, give notice to the State to that effect; and
 - (6) within 10 Business Days after giving the notice under clause 38.9(d)(5), submit a Modification Quote to the State in respect of the amendment to the Submitted Document to reflect the Franchisee Non-Compliance Comments.
- (e) **(Confirmation)**: Within 5 Business Days of the State receiving a Modification Quote from Project Co under clause 38.9(d)(6) the State must elect to:
 - (1) confirm that the amendment of the Submitted Document to reflect the Franchisee Non-Compliance Comments constitutes or involves a

Modification to the Relevant Infrastructure or the Project Activities and issue a Modification Order;

- (2) direct Project Co that it is not required to amend the Submitted Document to reflect the Franchisee Non-Compliance Comments; or
- (3) inform Project Co that, in the State's view, the amendment of the Submitted Document to reflect the Franchisee Non-Compliance Comments does not constitute or involve a Modification to the Relevant Infrastructure or the Project Activities in which case Project Co must, subject to clause 5.1(b), comply with the direction but may refer the matter to dispute resolution in accordance with clauses 46 to 47,

and if the State fails to make an election within the 5 Business Day period, and it is subsequently:

- (4) confirmed by the State; or
- (5) determined pursuant to dispute resolution in accordance with clauses 46 to 47,

that the amendment of the Submitted Document to reflect the Franchisee Non-Compliance Comments constitutes or involves a Modification, Project Co will be entitled to amend its Modification Quote for the number of days in the period:

- (6) commencing on the date on which the 5 Business Day period under this clause 38.9(e) expires; and
- (7) ending on the earlier of the date:
 - (A) on which the State provides confirmation to Project Co pursuant to clause 38.9(e)(4); or
 - (B) of a determination pursuant to clause 38.9(e)(5).

- (f) **(No commencement):** Except to the extent otherwise agreed between the parties, Project Co must not proceed to amend the Submitted Document to reflect the Franchisee Non-Compliance Comments which it believes constitutes a Modification until the State has acted under clause 38.9(e).
- (g) **(Safety Duties):** Notwithstanding any other provision of this clause 38.9 and for the avoidance of doubt, Project Co will not be entitled to make any Claim against the State, and the State will not be liable for any Claim under clause 38 to the extent that the comments, or conditions or rejection of a Submitted Document that is also a Train Franchisee Input Document or a Tram Franchisee Input Document (as applicable) relates to or is in connection with:
 - (1) the Train Franchisee's Safety Duties under the Rail Safety National Law; or
 - (2) to the extent the Train Franchisee Input Document relates to any rail safety management arrangements proposed by Project Co or a Key Subcontractor in relation to the Returned Existing Network Works or any Maintenance Services comprising Railway Operations, ensuring compliance with the requirements of the Train Franchisee's Train Accreditation and the Train Franchisee Rail Safety Requirements;
 - (3) the Tram Franchisee's Safety Duties under the Tram Safety Act; or
 - (4) to the extent the Tram Franchisee Input Document relates to any rail safety management arrangements proposed by Project Co or a Key Subcontractor in relation to the Tram Works, ensuring compliance with

the requirements of the Tram Franchisee's Tram Accreditation and the Tram Franchisee Rail Safety Requirements.

- (h) **(Franchisee Cooperation Agreement):** If the State directs in accordance with clause 38.9(e)(2), the State will have no Claim against Project Co in connection with the relevant Rail Franchisee's inability to comply with the relevant Rail Franchisee Arrangements as the result of the direction.
- (i) **(Conditions for Project Co Claim):** Project Co will not be entitled to make any Claim against the State in respect of a direction that gives rise to a Modification unless it has given a notice under clause 38.9(a) and otherwise complies with this clause 38.9.
- (j) **(Franchisee Accreditation):** Subject to clause 38.7(a)(4), Project Co will not be entitled to make any Claim against the State in respect of a Modification to the extent the Modification is required:
 - (1) to ensure that Project Co or its Associates do not cause the Train Franchisee to breach its Accreditation or the Rail Safety National Law;
 - (2) to ensure that Project Co or its Associates do not cause the Tram Franchisee to breach its Accreditation or the Tram Safety Act; or
 - (3) as a consequence of a direction given by:
 - (A) the Train Franchisee Interface Party under clause 11 of the Train Franchisee Cooperation Agreement; or
 - (B) the Tram Franchisee Interface Party under clause 9 of the Tram Franchisee Cooperation Agreement.
- (k) **(Limits):** If Project Co considers that a direction given by:
 - (1) the Train Franchisee Interface Party under clause 11 of the Train Franchisee Cooperation Agreement; or
 - (2) the Tram Franchisee Interface Party under clause 9 of the Tram Franchisee Cooperation Agreement,would give rise to Modification, Project Co may Claim a Modification provided that the Modification Quote must not include any Claim for:
 - (3) costs or any amounts under the Change Compensation Principles;
 - (4) an extension of time to the Date for Provisional Acceptance, a Critical Interface Milestone Date, or a Progress Milestone Date; or
 - (5) relief from Abatement,and the State's Liability and Project Co's entitlement in connection with any Relief Event will be reduced to the extent caused or contributed to by the Modification, but this clause will not operate to exclude Project Co's entitlements in respect of a Modification which arises independently from a direction given by the Train Franchisee Interface Party or the Tram Franchisee Interface Party.

38.10 Entitlement to Financing Delay Costs and Prolongation Costs

To the extent that Project Co is granted an extension of time under clause 38.1(d) (except where the extension of time relates only to Critical Interface Milestone Dates) Project Co will be entitled to payment of:

- (a) Financing Delay Costs; and
- (b) Prolongation Costs,

each as calculated in accordance with the Change Compensation Principles.

38.11 Payment for Quotes

If Project Co is required to prepare a Modification Quote in accordance with clause 38.3, 38.7, 38.8 or 38.9(d) and prior to preparing a Modification Quote, Project Co:

- (a) notifies the State that it needs to engage a third party other than any Consortium Member or Related Body Corporate of a Consortium Member to provide design, engineering or quantity surveying or other services reasonably required to be outsourced to assist in the preparation of the Modification Quote; and
- (b) provides details of the third party costs that will be incurred in preparing the Modification Quote calculated in accordance with the Change Compensation Principles,

then in respect of a Modification Quote, the State will either:

- (c) agree to pay Project Co the cost to prepare the Modification Quote calculated in accordance with the Change Compensation Principles, in which case Project Co must proceed to prepare the Modification Quote; or
- (d) withdraw the Modification Request.

38.12 Minor Modifications

- (a) **(Minor Modification Proposal):** Without limiting the State's rights under clause 38.1 or 38.2, if the State considers that a Modification which the State intends to propose is a Minor Modification, then it may issue to Project Co a Minor Modification Proposal setting out:
 - (1) an outline of the proposed Modification;
 - (2) an explanation of why the proposed Modification is a Minor Modification; and
 - (3) the streamlined process proposed by the State for agreeing the terms governing, and then implementing, the proposed Modification,**(Minor Modification Proposal).**
- (b) **(Project Co's notice):** Within 7 Business Days after receipt of a Minor Modification Proposal, Project Co must provide the State with a notice which:
 - (1) accepts the Minor Modification Proposal; or
 - (2) sets out the reasonable amendments to the Minor Modification Proposal required by Project Co.
- (c) **(Implementation):** The State and Project Co will agree the terms governing, and then implement, the Minor Modification on the following basis:
 - (1) the terms of the Minor Modification Proposal where a Minor Modification Proposal is accepted under clause 38.12(b)(1); or
 - (2) the terms agreed between the State and Project Co, as recorded in an amended Minor Modification Proposal where Project Co seeks to amend a Minor Modification Proposal under clause 38.12(b)(2).
- (d) **(Failure to agree):** If the State and Project Co fail to agree in accordance with clause 38.12(c)(2), the State may:
 - (1) issue a Modification Order under clause 38.1; or

- (2) issue a Modification Request under clause 38.2,
in order to implement the Modification.

38.13 Pre-Agreed Modifications

- (a) **(Pre-Agreed Modification Request):** The State may, at any time on or before the relevant Pre-Agreed Modification Election Date, request that Project Co submit a Modification Quote for the delivery of a Pre-Agreed Modification (**Pre-Agreed Modification Request**).
- (b) **(Modification Quote):** Project Co must prepare a Modification Quote in accordance with clause 38.3 in respect to a Pre-Agreed Modification Request received from the State under clause 38.13(a), provided that the Modification Quote must reflect the Pre-Agreed Modification Cost or Pre-Agreed Modification Saving (as applicable) for that Pre-Agreed Modification.

39 Technological Improvements and Obsolescence

39.1 Maintenance of technology

As part of maintaining and repairing the Maintained Assets during the Maintenance Phase, Project Co must maintain a level of technology in its systems that:

- (a) **(Best Maintenance Practices):** is consistent with Best Maintenance Practices; and
- (b) **(efficiency with public transport):** ensures the Maintained Assets are able to operate effectively and efficiently with the remainder of Victoria's public transport network from time to time.

39.2 Research and Development of Technological Improvements

Project Co must:

- (a) keep abreast of relevant advances in technology; and
- (b) undertake or procure access to research and development,
with the aim of readily identifying Technological Improvements.

39.3 Implementing Technological Improvements

- (a) **(Project Co notice of Technological Improvement):** Where Project Co becomes aware of a Technological Improvement, Project Co must notify the State:
- (1) of that Technological Improvement; and
- (2) whether Project Co intends to implement the Technological Improvement.
- (b) **(Project Co option to implement Technological Improvement):** If Project Co intends to implement a Technological Improvement as notified to the State under clause 39.3(a)(2) which is not an Assumed Technological Improvement, Project Co may submit a Modification Proposal in relation to the Technological Improvement.

- (c) **(State option to implement Technological Improvement):**
- (1) If Project Co:
- (A) fails to notify the State of a Technological Improvement under clause 39.3(a)(1); or
- (B) notifies the State it does not intend to implement a Technological Improvement under clause 39.3(b),
- the State may:
- (C) if it considers a Technological Improvement is not an Assumed Technological Improvement, issue a Modification Request or Modification Order for the implementation of that Technological Improvement; or
- (D) during the Maintenance Phase, if it considers that the Technological Improvement is an Assumed Technological Improvement, direct Project Co to provide the State with Project Co's planned program for implementing the Assumed Technological Improvement.
- (2) If Project Co receives a direction from the State under clause 39.3(c)(1)(D), Project Co must:
- (A) as soon as practicable after receiving the direction, notify the State of Project Co's planned program for implementing the Assumed Technological Improvement; and
- (B) after providing the notice in clause 39.3(c)(2)(A), proceed to implement the Assumed Technological Improvement.
- (d) **(Share of Savings):** The State and Project Co will each be entitled to 50% of the benefit of any Savings arising from implementation of a Technological Improvement which is not an Assumed Technological Improvement in accordance with clause 39.3(b) or 39.3(c)(1)(C) calculated in accordance with the Change Compensation Principles.

39.4 Obsolescence

- (a) **(Project Co notice of Technological Improvement):** Where Project Co becomes aware of any Obsolescence or potential Obsolescence, Project Co must:
- (1) notify the State of that Obsolescence; and
- (2) replace the item which is Obsolete with an equivalent item that is not Obsolete which ensures that Project Co will be able to continue to meet its obligations under this Agreement.
- (b) **(No excuse):** An Obsolescence or impending Obsolescence shall not excuse any failure by Project Co to comply with its obligations under this Agreement.
- (c) **(Accreditation):** Project Co must not replace any Obsolete part, component, consumable or software until any changes to a Train Franchisee's Accreditation as a result of the replacement have been made and accepted by the Regulator.

40 Refinancings

40.1 Consent to Refinancing

- (a) **(State consent):** Project Co must not enter into or implement any Refinancing without the prior consent of the State, which will (subject to clause 40.3(c)):
- (1) not be unreasonably withheld or delayed; and
 - (2) be given or withheld within 20 Business Days of receipt of the information provided by Project Co in accordance with clause 40.2(a)(2).
- (b) **(State may withhold consent):** Without limitation, it will be reasonable for the State to withhold such consent if:
- (1) the effect of the Refinancing would be an increase or adverse change in the profile of the risks or liabilities of the State under any State Project Document without adequate compensation to the State;
 - (2) the terms and conditions of the proposed Refinancing are not on arm's length commercial terms or are not in accordance with market practice at the time (including demonstrating to the reasonable satisfaction of the State that any fees or similar payments proposed to be made to any financial advisor are reasonably determined, on arm's length commercial terms and in line with current market practice);
 - (3) the terms and conditions of the proposed Refinancing (taken as a whole) are materially more onerous or disadvantageous to a Project Entity than the terms and conditions under the existing Finance Documents and the State considers that entering into the proposed Refinancing will adversely impact on a Project Entity's ability to carry out its obligations under the Project Documents;
 - (4) the financial indebtedness assumed in accordance with the proposed Refinancing will not be used solely for the Project;
 - (5) the matters referred to in clause 40.4 have not been agreed or otherwise determined; or
 - (6) in connection with the proposed Refinancing, Project Co has failed to comply with this clause 40.
- (c) **(Change in timing):** Where Project Co requests a change in the timing or manner of payment of a State Contribution, the State may give, withhold or delay its consent to such a request in its absolute discretion.

40.2 Details of Refinancing

- (a) **(Provision of details):** Project Co must:
- (1) at least 60 Business Days prior to any proposed Refinancing, consult with the State to outline the proposed refinancing strategy and to alert the State to any changes that may have a material impact on the ability of a Project Entity to meet its obligations under the Project Documents;
 - (2) promptly (and at least 30 Business Days prior to the proposed Refinancing) provide the State with full details of any proposed Refinancing consistent with the requirements of clause 54, including:

- (A) a copy of the proposed financial model relating to it;
 - (B) the basis for the assumptions used in the proposed financial model;
 - (C) a comparison with any refinancing assumed within the Financial Model;
 - (D) a certificate in terms acceptable to the State from the auditors of such financial model;
 - (E) details of any revised Base Case Floating Rate Debt, Base Case Floating Rate Interest Payment or Base Case Interest Rate for the purposes of the Payment Schedule; and
 - (F) a copy of any draft document proposed to be entered into in connection with such Refinancing; and
 - (3) at least 10 Business Days prior to the proposed Refinancing, provide the State with final execution drafts of each document proposed to be entered into in connection with such Refinancing.
- (b) **(Material changes):** The proposed financial model provided under clause 40.2(a):
- (1) must show, amongst other things:
 - (A) the material changes to Project Co's or Finance Co's obligations to its Financiers;
 - (B) projected Distributions; and
 - (C) any anticipated Refinancing Gain; and
 - (2) may include adjustments to any relevant assumptions necessary to reflect the committed financing terms under the proposed Refinancing. Any assumptions relating to the period beyond the term of the proposed Refinancing must be the same as those in the Financial Model.
- (c) **(State's unrestricted rights):** Project Co agrees that the State, whether before, during or at any time after any Refinancing, will have unrestricted rights of audit of any financial model and documentation, including formulae and calculations used in connection with the Refinancing.

40.3 Refinancing documents

- (a) **(Consent):** Project Co must not execute or amend any document in connection with a Refinancing (including by amending a Finance Document) without the prior consent of the State (such consent not to be unreasonably withheld or delayed if the relevant document is on substantially the same terms as provided to the State under clause 40.2(a)(3) and does not give rise to any grounds to withhold consent under clause 40.1(b)).
- (b) **(Documents to be delivered to State):** Project Co must, within 5 Business Days of the execution of any document in connection with a Refinancing (including by amending, restating or replacing any Finance Document), deliver to the State a certified true copy of that document.
- (c) **(Execution of Refinancing documents):** Project Co must not execute any Refinancing until any new Financiers have executed or agreed to be bound by a deed with the State substantially in the form of the Finance Direct Deed and any existing Financiers who will cease to be Financiers as a consequence of the

Refinancing have executed any document reasonably requested by the State to terminate their rights in accordance with the then current Finance Direct Deed.

40.4 Calculation and Sharing of Refinancing Gains

(a) **(Refinancing Gain calculation):** A Refinancing Gain arises where a Refinancing Event results in $A - B$ being greater than zero, where 'A' and 'B' are defined as:

A = the present value of the Distributions projected (using the Financial Model updated to reflect only the terms of the proposed Refinancing and in no other respect) at the proposed date of, and after executing, the Refinancing Event, discounted using the Equity IRR as set out or determined in the Financial Close Financial Model; and

B = the present value of the Distributions projected (using the Financial Model) immediately prior to the Refinancing Event (without taking into account the effect of the proposed Refinancing Event), discounted using the Equity IRR as set out or determined in the Financial Close Financial Model,

(Refinancing Gain).

(b) **(State's entitlement to Refinancing Gains):** The State is entitled to:

- (1) 100% of any Refinancing Gain arising from a change in the manner or timing of payment of a State Contribution; and
- (2) 50% of the benefit of any other Refinancing Gain, but only to the extent that after payment of such amount to the State under this clause 40.4, the Equity IRR over the Term as reflected in the Financial Model (taking into account the proposed Refinancing Event and all previous Refinancing Events) would be at or above the Equity IRR over the Term as reflected in the Financial Close Financial Model (without taking into account the effect of any Refinancing Events),

(State Share of Refinancing Gain).

(c) **(State's election on Refinancing Gain):** The State may, after taking into account the nature and timing of the Refinancing Gain, elect to receive the State Share of Refinancing Gain as:

- (1) a direct payment (but only to the extent a Project Entity receives its Refinancing Gain as a direct payment or to the extent that a Project Entity receives a lump sum payment or is able to pay all or part of the Refinancing Gain to another party as a lump sum payment as a result of the Refinancing (for example upon a release of funds from a reserve account));
- (2) a reduction in the Quarterly Service Payment; or
- (3) a combination of the above.

(d) **(Negotiate in good faith):** The State and Project Co must negotiate in good faith to agree the manner and timing of payments of the State Share of Refinancing Gain on the basis that the State is to be paid the State Share of Refinancing Gain no later than a Project Entity receives its share of the Refinancing Gain and subject to the State's rights under clause 40.4(c).

(e) **(Information):** Project Co must provide the State with all information concerning the Refinancing, projected Distributions and the Project that the State may

require to calculate the Refinancing Gain and the State Share of Refinancing Gain.

- (f) **(Changes to Floating Rate Component):** Upon a Refinancing, Project Co may request an amendment to the Payment Schedule, such that the net present cost to the State of paying the Floating Rate Component for the remainder of the Term based upon the Base Case Floating Rate Debt, Base Case Floating Rate Interest Payment or Base Case Interest Rate as at Financial Close is equal to the net present cost to the State of paying the Floating Rate Component for the remainder of the Term based upon the revised Payment Schedule. In each case, the net present cost will be calculated at the time of the Refinancing, based upon prevailing market rates, using generally accepted market conventions and Treasury Corporation of Victoria swap margin pricing methodologies consistent with the Financial Close Adjustment Protocol. For the avoidance of doubt this may include an upfront payment to or from the State as mutually agreed.

40.5 Costs Relating to a Refinancing

- (a) **(Project Co to pay State's reasonable costs):** Project Co must reimburse the State its costs (including legal and financial advisers' fees) reasonably incurred in relation to considering or consenting to a Refinancing.
- (b) **(Estimate of costs):** For the purposes of calculating any Refinancing Gain under this clause 40, Project Co may include in the Financial Model as a cost associated with the Refinancing an estimate of those costs of the State referred to in clause 40.5(a) to which the State has agreed.

40A [not disclosed]

[not disclosed]

41 Step-in by the State

41.1 Right of Step-In

- (a) **(State Step-In):** If:
- (1) subject to clause 41.1(b) but without limiting the State's other rights under this clause 41.1(a), a Major Default occurs;
 - (2) a State Cure Notice has been issued by the D&C Subcontractor or the Maintenance Subcontractor in accordance with the D&C Direct Deed or Maintenance Direct Deed (as the case may be);
 - (3) a Default Termination Event occurs;
 - (4) under clause 32.5(b), the State elects to undertake and complete any Handover Refurbishment Works which have not been completed by Project Co to the satisfaction of the Handover Reviewer;
 - (5) an Incident occurs;
 - (6) the State is entitled by Law to act to discharge a statutory power or duty; or

- (7) any Project Activities are suspended following the occurrence of a Force Majeure Event,
(each a **Step-In Event**) the State may elect to do any or all of the following:
 - (8) assume total or partial management and control of the whole or any part of the Relevant Infrastructure or the Project Activities;
 - (9) access those parts of the Site and the Relevant Infrastructure to which Project Co has access or is entitled to occupy; and
 - (10) take such other steps as are necessary in the reasonable opinion of the State for it to carry out the Project Activities and minimise the effect of the relevant Step-In Event.
- (b) (**State not to exercise**): The State must not exercise its rights under clause 41.1(a)(1) on the occurrence of a Major Default for so long as Project Co is complying with its obligations under clause 44 in respect of that Major Default.

41.2 Notice

The State may exercise its rights under clause 41.1 without prior notice to Project Co but the State must, if it is reasonably practicable to do so, give prior notice and in any event must, as soon as practicable, provide notice to Project Co that it is exercising those rights.

41.3 Consequences of the State exercising its rights

- (a) (**Suspension of State rights**): During the exercise of the State's rights under clause 41.1, Project Co's rights and obligations under this Agreement are suspended to the extent necessary to permit the State to exercise those rights.
- (b) (**No other limitation**): Except to the extent that Project Co's obligations are suspended under clause 41.3(a), the exercise by the State of its rights under clause 41.1 (or the cessation of such exercise) will not affect any other right of Project Co under this Agreement or any other State Project Document.
- (c) (**No effect on State's rights**): The exercise by the State of its rights under clause 41.1 (or the cessation of such exercise) will not affect any other right of the State under this Agreement or any other State Project Document.

41.4 Payments

- (a) (**Project Co must compensate the State**): Where the State has exercised its rights under clause 41.1 as a consequence of any of the Step-In Events:
 - (1) contemplated by clauses 41.1(a)(1), 41.1(a)(2), 41.1(a)(3) or 41.1(a)(4); or
 - (2) contemplated by clauses 41.1(a)(5), 41.1(a)(6) or 41.1(a)(7), to the extent that the Step-In Event was caused by a failure by Project Co to carry out the Project Activities in accordance with and to the standard specified in the PS&TR or by any other breach by Project Co of this Agreement or any fraudulent, reckless, unlawful, negligent or malicious act or omission of Project Co or any of its Associates;then:
 - (3) prior to Provisional Acceptance, any Liability suffered or incurred by the State in connection with the exercise by the State of its step-in rights will be a debt due and payable by Project Co to the State; and

- (4) from the Date of Provisional Acceptance to the Expiry Date:
 - (A) the State will continue to pay the Quarterly Service Payment to Project Co in connection with the Services or other obligations affected by the Step-In Event;
 - (B) the Quarterly Service Payment will be subject to Abatement (including in connection with those Step-In Events); and
 - (C) any Liability suffered or incurred by the State in connection with the exercise by the State of its step-in rights (where the Liability is in excess of the Quarterly Service Payments that are abated in accordance with clause 41.4(a)(4)(B) will be a debt due and payable by Project Co to the State.
- (b) **(Reduction in Quarterly Service Payments):** Where the State has exercised its rights under clause 41.1 as a consequence of any Step-In Events in clauses 41.1(a)(5) or 41.1(a)(6) and the Step-In Event was not the result of a failure by Project Co to carry out the Project Activities in accordance with and to the standard specified in the PS&TR or Services Specification or by any other breach by Project Co of this Agreement or any fraudulent, reckless, unlawful, negligent or malicious act or omission of Project Co or any of its Associates:
 - (1) if during the D&C Phase, the exercise of the State's rights will be deemed to be a Compensable Extension Event; and
 - (2) if during the period from the Date of Provisional Acceptance to the Expiry Date, the State will:
 - (A) pay the Quarterly Service Payment to Project Co in connection with the Services or other obligations affected by the Step-In Event;
 - (B) the Quarterly Service Payment will not be subject to Abatement in connection with those Step-In Events; and
 - (C) the State will deduct from the Quarterly Service Payment the amounts of any recurrent and other costs of Project Co which are not being incurred by Project Co during the period because the obligation to perform the relevant Services has been suspended for the period that the State exercises its rights under clause 41.1.
- (c) **(Payments during Force Majeure Event):** Where the State has exercised its rights under clause 41.1 as a consequence of a Step-In Event in clause 41.1(a)(7) which was not the result of any act or omission of Project Co or any of its Associates, clause 26.19 or 31.5 (as applicable) will apply.

41.5 Project Co to assist the State

Project Co must:

- (a) **(access to be granted):** grant such access rights as are necessary and take all action that is necessarily required by the State to assist the State in exercising its rights under clause 41.1 including:
 - (1) upon request by the State:
 - (A) doing all things to allow the State to exercise its rights under clause 41.1 for or on behalf of Project Co or a Key Subcontractor who is Accredited in respect of any activities

- to be performed by the State under clause 41.1 for which Accreditation is required by Law; or
- (B) assisting the State (or its nominee) in liaising with the Regulator or Safety Director (as applicable) in relation to Accreditation issues and, if necessary, assisting the State (or its nominee) to obtain any Accreditation required by Law in respect of the activities to be performed by the State under clause 41.1; and
- (2) using commercially reasonable endeavours to sublicense to the State or assist the State to obtain direct rights to any Third Party Intellectual Property Rights;
- (b) **(sufficient resources)**: provide sufficient resources, including personnel, to assist the State in exercising its rights under clause 41.1; and
- (c) **(not to hinder)**: not do anything to hinder, disrupt or prevent the State in exercising its rights under clause 41.1.

41.6 Undertake Project consistent with this Agreement

When exercising its rights under clauses 30.6, 31.6 or 41.1, the State must use its reasonable endeavours to carry out the Project Activities in a manner which is consistent with the State Project Documents, but taking into account the State's statutory rights and the circumstances that prompted the State to exercise those rights.

41.7 Limits on State liability during step-in

Project Co acknowledges and agrees that:

- (a) **(no obligation to remedy)**: the State is not obliged to remedy any breach, or to overcome or mitigate any risk or risk consequences, in connection with which the State exercises its rights under clause 41.1; and
- (b) **(no claim)**: except as provided in clause 41.4, Project Co will not be entitled to make any Claim against the State, arising in connection with the exercise by the State of its rights under clause 41.1 except to the extent caused by:
- (1) breach by the State of any State Project Document; or
- (2) a fraudulent, reckless, unlawful or malicious act or omission of the State or any of its Associates in the course of exercising its rights under clause 41.1.

41.8 Cessation of step-in rights

- (a) **(State may cease)**: The State may, at any time, cease to exercise its rights in accordance with this clause 41 upon giving 5 Business Days' notice to Project Co.
- (b) **(State must cease)**: Subject to clause 41.8(a), the State must cease to exercise its rights in accordance with this clause 41 where the State has exercised its rights as a consequence of any of the Step-In Events under:
- (1) clause 41.1(a)(1) or 41.1(a)(3), when the Major Default or Default Termination Event (as the case may be) has been cured;
- (2) clause 41.1(a)(2), when the D&C Subcontractor or the Maintenance Subcontractor notifies the State that default under the relevant Subcontract has been cured; or

- (3) clause 41.1(a)(4), 41.1(a)(5), 41.1(a)(6) or 41.1(a)(7), when the relevant event ceases and its consequences have been remedied.
- (c) **(Project Co to recommence)**: If the State ceases to exercise its rights under clause 41.1 in accordance with this clause 41.8:
 - (1) Project Co must immediately recommence carrying out any obligations suspended due to the exercise by the State of those rights; and
 - (2) the State must give reasonable assistance to Project Co to ensure that this process of transition is effected as smoothly as possible.
- (d) **(Project Co's expense)**: Where the State has exercised its rights under clause 41.1 as a consequence of any of the Step-In Events:
 - (1) contemplated by clause 41.1(a)(1), clause 41.1(a)(2) or clause 41.1(a)(3); or
 - (2) contemplated by clause 41.1(a)(4), clause 41.1(a)(5), clause 41.1(a)(6) or clause 41.1(a)(7), to the extent the relevant Step-In Event was the result of an act or omission of Project Co or any of its Associates (other than an act or omission undertaken in accordance with the Project Documents or undertaken lawfully in connection with the performance of the Project Activities),

the assistance given by the State in respect of the process of transition will be at Project Co's expense, which amount shall be a debt due and payable by Project Co to the State on demand.

Part G - Risk, Indemnity and Insurance

42 Risk and Liability

42.1 Risk of loss or damage

Unless otherwise expressly provided in this Agreement, Project Co bears the risk of loss or damage to the Relevant Infrastructure during the Term.

42.2 Notification of Loss and Damage

- (a) **(Project Co Notice):** Project Co must promptly notify the State of any loss or damage to the Relevant Infrastructure including details of the nature and extent of such loss or damage.
- (b) **(State to notify):** Within 60 Business Days of any loss or damage (excluding any minor damage which Project Co is obliged to remedy in accordance with clause 42.5) to the Relevant Infrastructure (or such longer period as the State reasonably requires in order to assess the situation and form its intention), the State must notify Project Co whether it requires Project Co to repair or rebuild the Relevant Infrastructure for which Project Co retains the risk of loss or damage in accordance with clause 42.1.

42.3 Repairing and rebuilding

- (a) **(Obligations to repair and rebuild):** If the State notifies Project Co that it requires Project Co to repair or rebuild the Relevant Infrastructure in accordance with clause 42.2, Project Co must:
 - (1) subject to allowing reasonable time for inspection by insurers, take immediate steps to clear any debris and begin initial repair work;
 - (2) promptly consult with the State and, unless directed by the State to repair or rebuild the Relevant Infrastructure to a different specification, promptly repair or rebuild the Relevant Infrastructure in accordance with the PS&TR, the Services Specification and the other requirements of this Agreement;
 - (3) ensure that the repaired or rebuilt Relevant Infrastructure complies with the requirements of this Agreement;
 - (4) ensure there is minimal disruption to the Relevant Infrastructure and any Services, Train Operations and Users;
 - (5) to the greatest extent possible, continue to comply with its obligations under the Project Documents; and
 - (6) keep the State fully informed of the progress of the repair or rebuilding of the Relevant Infrastructure.
- (b) **(Payment):** Subject to clauses 42.3(c), 42.3(d), 42.3(e), 42.3(f), 42.4 and 42.5, where the State elects to repair or rebuild the Relevant Infrastructure:
 - (1) Project Co must:

- (A) pay for the cost of repairing or rebuilding the Relevant Infrastructure; and
 - (B) apply any amounts deposited into the Insurance Proceeds Account in accordance with clause 43.12 towards the repair or rebuilding of the Relevant Infrastructure; and
 - (2) the State will make available to Project Co the proceeds of any Insurances received by the State for the purpose of repairing or rebuilding the Relevant Infrastructure.
- (c) **(Repair or rebuild to different specification):** If:
 - (1) the State determines that the Relevant Infrastructure is to be repaired or rebuilt on the basis of different specifications to the PS&TR or other requirements of the Agreement; and
 - (2) the incremental cost of repairing or rebuilding to different specifications to the PS&TR or other requirements of the Agreement:
 - (A) exceeds the total capital cost of repairing or rebuilding the Relevant Infrastructure in accordance with the PS&TR or other requirements of the Agreement, the State must issue a Modification Request in respect of the incremental additional cost and delay of repairing or rebuilding the Relevant Infrastructure due to the repair or rebuild being carried out on the basis of different specifications to the PS&TR or other requirements of this Agreement; or
 - (B) will increase or decrease the cost of performing the Services over the remainder of the Term, the amount payable by the State will be adjusted in accordance with the Change Compensation Principles.
- (d) **(State caused):** Subject to clause 42.5, where the loss or damage to the Relevant Infrastructure was caused by:
 - (1) a breach by the State of any State Project Document;
 - (2) a fraudulent, reckless, unlawful or malicious act or omission of the State or any of its Associates when acting in respect of the Project; or
 - (3) subject to Project Co complying with its obligations under clauses 13.9 and 17.2, the State, any of its Associates or any person authorised by the State in carrying out any Proximate State Works,then the State must issue a Modification Request in respect of the repairing or rebuilding of the Relevant Infrastructure.
- (e) **(Compensable Extension Event caused):** Subject to clause 42.5, prior to the Date of Provisional Acceptance, where the loss or damage to the Relevant Infrastructure is caused by:
 - (1) **(Metro Tunnel Package Contractor caused):** a Compensable Extension Event within paragraph 14 of the definition of Compensable Extension Event; or
 - (2) **(Train caused):** a Compensable Extension Event within paragraph 15 of the definition of Compensable Extension Event; orthen Project Co will be entitled to payment of the reasonable costs of any repair or rebuilding of the Relevant Infrastructure calculated in accordance with the Change Compensation Principles.

(f) **(Compensable Intervening Event caused)**: Subject to clause 42.5, during the FAW Phase and the Maintenance Phase, where the loss or damage to the Relevant Infrastructure is caused by:

- (1) **(Train Franchisee Interface Party caused)**: a Compensable Intervening Event within paragraph 10 of the definition of Compensable Intervening Event; or
- (2) **(Train caused)**: a Compensable Intervening Event within paragraph 11 of the definition of Compensable Intervening Event;

then Project Co will be entitled to payment of the reasonable costs of any repair or rebuilding of the Maintained Assets calculated in accordance with the Change Compensation Principles.

42.4 Uninsurable Risk or Day 1 Uninsurable Risk

If the event which gave rise to the loss or damage to the Relevant Infrastructure is an Uninsurable Risk or a Day 1 Uninsurable Risk, then the parties' rights and obligations will be as set out in clauses 43.16 and 43.17.

42.5 Minor damage

If any loss or damage to the Relevant Infrastructure for which the State is liable to pay Project Co is of such a minor nature (when considered item by item and in aggregate) that it can be remedied by Project Co:

- (a) **(usual resources)**: through the use of its site-based resources during normal working hours; and
- (b) **(no adverse effect)**: without adversely affecting the ability of Project Co to carry out the Project Activities,

then Project Co must bear the cost of rectifying such loss or damage.

42.5B [not disclosed]

[not disclosed]

42.6 Consequences of not repairing or rebuilding

If the State notifies Project Co not to repair or rebuild the Relevant Infrastructure the State must:

- (a) **(omission of Relevant Infrastructure)**: subject to clause 42.6(b), omit the relevant part of the Relevant Infrastructure from the Project, in which case that notice will be deemed to be a Modification and the State must issue a Modification Order; or
- (b) **(termination where wholly or substantially destroyed)**: if the Relevant Infrastructure has been wholly destroyed or substantially damaged and the loss or damage was caused by:
 - (1) any act or omission of Project Co or its Associates (other than to the extent permitted authorised or required by a State Project Document, or required to comply with any Law or Standard), including a Major Default (in which case such act or omission will be deemed to be a Default Termination Event) or Default Termination Event, terminate this Agreement for default in accordance with clause 45.4;

- (2) any:
 - (A) breach by the State of any State Project Document;
 - (B) fraudulent, reckless, unlawful or malicious act or omission of the State or any of its Associates; or
 - (C) Compensable Intervening Event or Compensable Extension Event,
voluntarily terminate this Agreement in accordance with clause 45.2;
or
- (3) a Force Majeure Event, Uninsurable Risk or Day 1 Uninsurable Risk, terminate this Agreement for Force Majeure in accordance with clause 45.3; and
- (4) any event not referred to in clauses 42.6(b)(1) to 42.6(b)(3), voluntarily terminate this Agreement in accordance with clause 45.2.

42.7 Damage to third party property

- (a) **(Avoiding interference):** Project Co must not interfere with, obstruct, damage or destroy any property on, in or in the vicinity of the Construction Areas or Maintenance Areas other than in accordance with its obligations under this Agreement.
- (b) **(Project Co to repair or compensate):** If Project Co breaches clause 42.7(a), Project Co must:
 - (1) promptly repair any such obstruction, damage or destruction (unless instructed by the property owner not to do so); and
 - (2) reasonably compensate the affected person for any loss suffered in connection with such interference, obstruction, damage or destruction (where Project Co has a legal liability to do so).
- (c) **(Reduced liability):** Project Co's obligation to compensate a Metro Tunnel Package Contractor under clause 42.7(b) will be reduced to the extent that the Metro Tunnel Package Contractor is entitled to be indemnified under any Insurance required to be effected and maintained under this Agreement.
- (d) [not disclosed]

42.8 Indemnity for Project Co breach

Subject to clause 35.3 and clause 42.8A, Project Co must indemnify the State and its Associates against any Claim or Liability in connection with any breach:

- (a) by Project Co under this Agreement; or
- (b) by Project Co, any of its Associates, or any Group Member under any other Project Document.

42.8A Interface liability

[not disclosed]

42.9 General indemnity

- (a) Project Co must indemnify:

- (1) **(loss or damage to Relevant Infrastructure):** the State and its Associates against any Claim or Liability arising in connection with loss or damage to or of the Relevant Infrastructure;
- (2) **(third party claims and property damage):** the State and its Associates in respect of:
 - (A) loss or damage to or of (whether total or partial) any real or personal property including:
 - (i) property belonging to the State and its Associates that is not Relevant Infrastructure; and
 - (ii) the Returned Assets, after Handback to the State or the applicable Returned Asset Owner;
 - (B) loss of use of (whether total or partial) any real or personal property including:
 - (i) property belonging to the State and its Associates that is not Relevant Infrastructure; and
 - (ii) the Returned Assets, after Handback to the State or the applicable Returned Asset Owner;
 - (C) any injury to, illness or death of, persons; and
 - (D) without limiting clause 42.9(a)(2)(C), any Claims brought against the State or any of its Associates by a third party (other than a Rail Franchisee Interface Party, the CityLink Manager or a Metro Tunnel Package Contractor),

arising in connection with any act or omission of a Group Member or Consortium Member or any of their respective Associates in connection with the Project.
- (b) **(Indemnity doesn't apply):** The indemnity in clause 42.9(a)(2)(D) will not apply to the extent the act or omission is an act or omission of Project Co or any of its Associates which is authorised or permitted under a State Project Document.
- (c) **(Reduced liability):** Project Co's Liability under clause 42.9(a)(2)(A) (to the extent the Liability is for loss of use arising out of the loss or damage) and clause 42.9(a)(2)(B) will be limited to the greater of insurance proceeds:
 - (1) payable to Project Co or any of its Associates under any Insurances for such loss of use in respect of the event or circumstances giving rise to the loss of use; and
 - (2) which would have been payable to Project Co or any of its Associates under any Insurance for such loss of use in respect of the event or circumstances giving rise to the loss of use but for a failure by Project Co or any of its Associates to comply with a Project Document or a failure by Project Co or any of its Associates to comply with the terms of those Insurances.
- (d) **(Progress Milestone limit of liability):** The State's sole and exclusive monetary remedy, and Project Co's liability in respect of failures to achieve Progress Milestones by the relevant Progress Milestone Dates will be nil.

42.10 Release

Project Co releases, and must procure that each of its Associates releases, each of the parties indemnified by Project Co in accordance with clause 42.9 from any Claim or

Liability for loss, damage, death, illness or injury to the extent caused or contributed to by any of the Project Activities or any act or omission of Project Co or any of its Associates in connection with the Project.

42.11 Limits on Project Co liability to indemnify and release

- (a) **(Reduction of liability to indemnify):** Project Co's liability to indemnify or release the State, its Associates, and any Indemnified Persons in accordance with this Agreement will be reduced to the extent that any such Claim or Liability:
- (1) arises solely from the State decision to proceed with the Project; or
 - (2) is caused or contributed to by:
 - (A) any breach by the State of any State Project Document;
 - (B) a fraudulent, reckless, unlawful or malicious act or omission of the State or any of its Associates;
 - (C) an Extension Event or Intervening Event, but only to the extent that Project Co is entitled to relief in connection with the relevant event in accordance with this Agreement; or
 - (D) Project Co complying strictly with a direction from the State Representative (except to the extent that the direction is a direction to comply with a Project Document, is permitted in accordance with a Project Document or was given as a result of a breach of a Project Document by Project Co or its Associates) provided that prior to complying with the direction:
 - (i) Project Co notified the State Representative that, in its opinion, compliance with the direction may directly result in a Claim or Liability that would otherwise be the subject of an indemnity by Project Co to the State; and
 - (ii) notwithstanding having received the notification referred to in clause 42.11(a)(2)(D)(i), the State Representative confirms that Project Co should comply or continue to comply with the direction; or
 - (E) in respect of any Claim or Liability under clause 42.8, a failure by the State to use all reasonable endeavours to mitigate the extent or consequences of that Claim or Liability.
- (b) **(Site Information Report):** For the purposes of this clause 42.11, Site Information Report providers will not be Associates of the State in respect of the Site Information Reports or the contracts pursuant to which those Site Information Reports were prepared.
- (c) **(Indemnity does not apply):** The State acknowledges that nothing in this Agreement imposes an obligation on Project Co to indemnify the State with respect to a failure to achieve Acceptance by the Date for Acceptance.

42.12 Third party claim under indemnity

If a Claim is made by a third party against the State or any of its Associates or an Indemnified Person in respect of which Project Co is required to indemnify in accordance

with this Agreement, to the extent that the State's insurers in connection with such a Claim agree, the State must:

- (a) **(assist in proceedings)**: do all things reasonably required by Project Co in negotiating, defending or otherwise taking action or proceedings in respect of that Claim; and
- (b) **(no settlement)**: not settle that Claim with the claimant without Project Co's involvement in and agreement to any such settlement.

42.13 Continuing obligation

- (a) **(Indemnity continues)**: Each indemnity in this Agreement is a continuing obligation, separate and independent from the other obligations of the parties.
- (b) **(Expense not necessary)**: It is not necessary for a party to incur expense or to make any payment before enforcing a right of indemnity under this Agreement.

42.14 Responsibilities as if owner

Project Co acknowledges and agrees that it has responsibilities to third parties in connection with persons, property and other aspects of the Project under the other provisions of this Agreement which may be the same as it would have if it held the freehold title to the Site.

42.15 Liability for Indirect or Consequential Loss

- (a) **(No liability of State)**: Subject to clause 42.15(b):
 - (1) the State and its Associates do not have any Liability to Project Co or any of its Associates; and
 - (2) Project Co and its Associates are not entitled to make any Claim, for any Indirect or Consequential Loss incurred or sustained by Project Co or any of its Associates:
 - (3) as a consequence of any act or omission of the State, and its Associates (whether negligent or otherwise); or
 - (4) due to any breach of a State Project Document by the State.
- (b) **(Exceptions to no State Liability)**: The exclusion of Liability of the State and its Associates under clause 42.15(a) does not apply to:
 - (1) Liability arising from criminal acts or fraud on the part of the State or its Associates;
 - (2) Liability arising from wilful misconduct under any State Project Document on the part of the State or its Associates;
 - (3) Liability arising from:
 - (A) any third party property loss or damage; or;
 - (B) any injury to, disease of, or death of a person;
 - (4) the extent that the parties cannot limit or exclude any Liability at Law;
 - (5) the extent that the State Project Documents expressly confer an entitlement on Project Co to:
 - (A) any State Contribution payable under clauses 33 and 34 of this Agreement;

- (B) any Quarterly Services Payment due and payable to Project Co by the State under clause 35.4; and
 - (C) any Final Acceptance Payment under clause 36;
 - (D) any amounts payable by the State in respect of Floating Rate Component Invoices under clause 35.5;
 - (E) State contribution of insurance proceeds received by the State for the repair or rebuilding of Relevant Infrastructure under clause 42.3(b)(2)); and
 - (F) payment of surplus funds from the Insurance Proceeds Account under clause 43.12(e);
- (6) any amounts due and payable to Project Co by the State in accordance with the Change Compensation Principles (including Lost Commercial Opportunities Revenue) or the Termination Payments Schedule;
- (7) Project Co's right to any share of Savings arising from implementation of a Technological Improvement under clause 39; and
- (8) Liability arising from any Uninsurable Risk, Day 1 Uninsurable Risk, clause 43.19 or clause 43.20 for which the State Project Documents require the State to indemnify Project Co.
- (c) **(No liability of Project Co):** Subject to clause 42.15(d):
- (1) Project Co and its Associates do not have any Liability to the State or its Associates; and
 - (2) the State or its Associates are not entitled to make any Claim, for any Indirect or Consequential Loss incurred or sustained by the State or its Associates:
 - (3) as a consequence of any act or omission of Project Co or any of its Associates (whether negligent or otherwise); or
 - (4) due to any breach of a Project Document by Project Co or any of its Associates.
- (d) **(Exceptions to no Project Co Liability):** The exclusion of Liability of Project Co and its Associates under clause 42.15(c) does not apply to:
- (1) any such Liability of Project Co or its Associates to the extent that, in respect of the event or circumstances giving rise to the Liability:
 - (A) insurance proceeds are:
 - (i) payable to Project Co or any of its Associates in respect of any Project Co Procured Insurance; or
 - (ii) paid to Project Co or any of its Associates in respect of any State Procured Insurance.
 - (B) insurance proceeds would have been payable under any Project Co Procured Insurances but for the inclusion of clause 42.15(a);
 - (C) insurance proceeds would have been payable under any Insurances but for:
 - (i) a failure by Project Co to comply with this Agreement;

- (ii) a failure by Project Co or any of its Associates to claim under the relevant Insurances; or
 - (iii) a failure by Project Co or any of its Associates to comply with the terms of the relevant Insurance (including the claims procedure under the relevant insurance),
- up to the limits of indemnity required by this Agreement;
- (2) Liability for which Project Co recovers pursuant to an indemnity under any of the Project Documents;
 - (3) Liability arising from criminal acts, fraud or wilful misconduct on the part of Project Co or any of its Associates;
 - (4) Liability arising from:
 - (A) any third party property loss or damage; or
 - (B) any injury to, disease or death of a person, caused or contributed by Project Co or any of its Associates;
 - (5) the extent that the parties cannot limit or exclude any Liability at Law;
 - (6) Liability for any deductible or any additional cost or expense payable under any Insurances with respect to, connected with, caused by or arising out of any breach of this Agreement or the relevant Insurances by Project Co or any of its Associates;
 - (7) any statutory fine or civil penalty arising from any breach of Law by Project Co or any of its Associates;
 - (8) any amounts payable or Liability incurred by the State (including to a third party) in rectifying a Defect in the Relevant Infrastructure or Returned Works, or otherwise in reinstating, repairing or rectifying any of the Relevant Infrastructure or Returned Works, for which Project Co is liable under this Agreement that is not a Liability described in paragraphs 1 or 3 of the definition of Indirect or Consequential Loss;
 - (9) abandonment of the whole or a substantial part of the Project Activities by Project Co or its Associates;
 - (10) any amounts payable by Project Co in respect of Floating Rate Component Invoices under clause 35.5;
 - (11) the State's right to any share of Savings arising from implementation of a Technological Improvement under clause 39;
 - (12) any amounts payable by Project Co in respect of a Refinancing Gain under clause 40.4;
 - (13) any amounts payable by Project Co in accordance with the Change Compensation Principles and the Termination Payments Schedule;
 - (14) any Liquidated Damages payable by Project Co up to the Liquidated Damages Cap;
 - (15) Liability in respect of any Abatement or any reduction to any Quarterly Service Payment under the Payment Schedule;
 - (16) Liability to the State or any of its Associates connected with, caused by or arising out of:
 - (A) the CityLink Interface Deed;

- (B) the Tram Franchisee Coordination Agreement; or
 - (C) the Train Franchisee Coordination Agreement,
that is not a Liability described in paragraph 1 of the definition of Indirect or Consequential Loss; and
- (17) Liability to the State or any of its Associates arising out of clause 42.16.

42.16 [not disclosed]

[not disclosed]

43 Insurance

43.1 State Procured Insurances

- (a) **(State insurances):** The State will procure and maintain, or cause to be procured and maintained with Reputable Insurers:
 - (1) for the duration of the D&C Phase or such longer period set out in the Insurance Schedule, the State D&C Phase Insurances in the form of the Initial State D&C Phase Insurances; and
 - (2) for the duration of the Maintenance Phase or such longer period set out in the Insurance Schedule, the State Maintenance Phase Insurances.
- (b) **(State to pay premium):** Subject to clause 43.1(h), the State will pay all premiums for the State Procured Insurances.
- (c) **(Policies and certificates of currency):** On reasonable request by Project Co, the State must provide:
 - (1) certificates of currency; and
 - (2) policy terms,in respect of the State Procured Insurances.
- (d) **(Required information):** No later than 6 months prior to:
 - (1) the renewal of any State D&C Phase Insurances (as relevant); or
 - (2) the procurement or renewal of any State Maintenance Phase Insurances,Project Co must provide to the State all information reasonably requested for the purpose of procuring the relevant State Procured Insurance.
- (e) **(Policy terms):** As soon as practicable, after receiving the information provided under clause 43.1(d), the State must provide Project Co with proposed policy terms for (as relevant):
 - (1) the State D&C Phase Insurances to be renewed; or
 - (2) the State Maintenance Phase Insurances to be renewed or procured.
- (f) **(Acceptability of terms):** Within 10 Business Days after receiving the information provided under clause 43.1(e), Project Co must advise the State whether the proposed policy terms for (as relevant):

- (1) the State D&C Phase Insurances to be renewed; or
 - (2) the State Maintenance Phase Insurances to be renewed or procured, are acceptable to Project Co, and if Project Co:
 - (3) advises that the proposed policy terms are acceptable, or does not advise whether or not the proposed policy terms are acceptable, the State will procure the relevant State Procured Insurances on the terms proposed, and pay the premiums for such Insurances; or
 - (4) advises that the proposed policy terms are not acceptable, it must provide reasons for this to the State, following which:
 - (A) the parties must, within 10 Business Days, meet to attempt to resolve the matter; and
 - (B) if the matter is not resolved at the meeting referred to in clause 43.1(f)(4)(A), either party may refer the matter for resolution in accordance with clause 46.2.
- (g) **(Dispute resolution):** If either party refers the matter for resolution in accordance with clause 43.1(f)(4)(B), then:
- (1) while the dispute is being resolved, the State will place the policy for the relevant State Procured Insurances in accordance with the terms referred to in clause 43.1(e); and
 - (2) if the dispute is resolved such that additional State Procured Insurance is required:
 - (A) the State will place the policy for that additional insurance; and
 - (B) to the extent that the additional insurance is a variation to the form of the relevant Initial State D&C Phase Insurance or to the requirements for the relevant State Maintenance Phase Insurance as set out in the Insurance Schedule, the additional premium will be a debt due and payable by Project Co to the State.
- (h) **(Increased premiums):** Subject to clause 43.1(i), if the amount of a premium payable for:
- (1) a State Maintenance Phase Insurance is significantly greater than the premium which was forecast for that Insurance at Financial Close; or
 - (2) a State Procured Insurance:
 - (A) is significantly greater than the premium which was paid for that Insurance in the previous period of insurance; or
 - (B) there is an increase in the premium payable as a result of any extension to the policy required due to a failure to achieve Provisional Acceptance by the Date for Provisional Acceptance or a breach of clause 26.1(d) in respect of Final Acceptance (which would not have been payable had the State D&C Phase Insurances been procured for the period of insurance specified in the Insurance Schedule assuming no such delay or breach),

and in the State's opinion, acting reasonably, the increase in the premium is wholly or partially attributable to an act or omission of Project Co or of an Associate of Project Co, or a substantial amendment to the policy terms requested by Project Co:

- (3) the State may notify Project Co of its opinion;
 - (4) within 5 Business Days of the State's notice under clause 43.1(h)(3), the parties must meet to discuss the matter; and
 - (5) within 5 Business Days of the meeting under clause 43.1(h)(4), the State (acting reasonably) must notify Project Co of the amount of the premium increase which is attributable to:
 - (A) the acts or omissions of Project Co; or
 - (B) the substantial amendment to the policy terms requested by Project Co,which amount will be a debt due and payable by Project Co to the State.
- (i) **(Additional jurisdiction):** During the D&C Phase, Project Co may seek the consent of the State to add additional jurisdictions to the situation of risk in respect of the Marine Transit (TBM) (Delay in Start Up) Insurance or the Contract Works Insurance (Advance Loss of Profits). If the State agrees (acting reasonably) that the additional jurisdiction should be covered by the Marine Transit (TBM) (Delay in Start Up) Insurance or the Contract Works Insurance (Advance Loss of Profits), the State will procure the relevant coverage in respect of that jurisdiction, and pay the additional premium.

43.2 Project Co D&C Phase Insurances

For the duration of the D&C Phase or such longer period set out in the Insurance Schedule, Project Co must procure and maintain or cause to be procured and maintained:

- (a) the Project Co D&C Phase Insurances; and
- (b) any additional insurance which a prudent owner and operator would maintain when undertaking works or carrying out activities of a similar nature to the Works, the D&C Activities, or the Final Acceptance Works.

43.3 Project Co Maintenance Phase Insurances

- (a) **(Effect and maintain):** For the duration of the Maintenance Phase or such longer period set out in the Insurance Schedule, Project Co must procure and maintain, or cause to be procured and maintained:
 - (1) the Project Co Maintenance Phase Insurances; and
 - (2) any additional insurances which a prudent service provider would maintain when providing services of a similar nature to the Services.
- (b) **(Proposed Project Co Maintenance Phase Insurances):** No less than 60 Business Days prior to the anticipated Date of Final Acceptance and prior to the date any Insurance is due to be renewed during the Maintenance Phase, Project Co must, if it is able to do so, provide the State with copies of the proposed Project Co Maintenance Phase Insurances for the State to review in accordance with the Review Procedures.
- (c) **(Insurance broker to review):** If Project Co is unable to provide copies of the Project Co Maintenance Phase Insurances to the State in accordance with clause 43.3(b), it must:

- (1) make the terms of such Insurances available to the State and the State's insurance broker to review confidentially on behalf of the State in accordance with the Review Procedures; and
- (2) provide the evidence in respect of that Insurance required under clause 43.9.

43.4 Maintenance Phase Insurances

The parties acknowledge and agree that:

- (a) the terms and requirements specified in the Insurance Schedule for the Maintenance Phase Insurances are a reflection of the insurance market at Financial Close;
- (b) subject to clause 43.1(f), if prior to or after the Date for Final Acceptance and throughout the term of the relevant Insurance policy, either party considers (acting reasonably) that the terms set out in the Insurance Schedule are no longer a reflection of the terms of the insurance that an operator of infrastructure similar to the Tunnels and Stations exercising Best Industry Practices would procure and maintain, then that party may send a notice to the other party advising it of the same and the State and Project Co (both acting reasonably) will agree the replacement terms or requirements (as applicable); and
- (c) if the parties fail to agree any replacement terms or requirements in accordance with clause 43.4(b), either party may refer the matter for resolution under clauses 46 to 47.

43.5 General insurance requirements

Project Co must:

- (a) **(Reputable Insurers)**: effect all Insurances procured in accordance with clauses 43.2 or 43.3 with Reputable Insurers;
- (b) **(premiums)**: subject to clause 43.1(b) and clause 43.14, punctually pay all premiums and other amounts payable in connection with the Insurance, and give the State copies of receipts for payment of premiums if and when requested by the State;
- (c) **(no alteration)**: not alter, extend, discontinue or cancel any Insurance, or allow any Insurance to lapse, where this would result in the relevant Insurance not meeting the requirements of this Agreement, without the prior approval of the State;
- (d) **(do not prejudice)**: not do or permit, or omit to do, anything which prejudices any Insurance;
- (e) **(rectify)**: promptly rectify anything which might, if not rectified, prejudice any Insurance;
- (f) **(fully disclose)**: fully and promptly disclose all material information known to Project Co and its Associates to all relevant insurers (and any persons acting on their behalf) relating to the Insurances;
- (g) **(comply)**: comply at all times with the terms of each Insurance;
- (h) **(do everything to enable State recovery)**: subject to clause 43.5(d), do everything reasonably required by the State, its Associates or other Insureds to whom the benefit of such Insurance extends, to enable the State, its Associates

or other Insureds (as the case may be) to claim, and to collect or recover, money due under that Insurance; and

- (i) **(indemnities secondary)**: ensure that the terms of the Project Co Procured Insurances do not require the State, its Associates or other Insureds to exhaust any indemnities given by Project Co or its Associates or Group Members to the State, its Associates, or other Insureds in this Agreement or other Project Document as a condition precedent to the insurer considering or responding to any Claim.

43.6 Terms of Insurances

Project Co must ensure that each of the Insurances (other than in respect of workers compensation) procured in accordance with clauses 43.2 or 43.3:

- (a) **(terms)**: except in respect of the Motor Vehicle Insurance contains terms, to the extent applicable and permitted by Law, to the effect that the Insurer:
 - (1) will not impute to any Insured any knowledge or intention or a state of mind possessed or allegedly possessed by any other Insured;
 - (2) in the case of Insurances under which the State or its Associates are also Insureds, agrees that the interests of the Insured include the entire assets of the Project and waives any rights of subrogation which it may have against any Insured;
 - (3) in the case of liability insurances (except in respect of Professional Indemnity Insurance), agrees to treat each Insured as a separate Insured as though a separate contract of insurance had been entered into with each of the Insured, without increasing the deductibles or reducing the overall limit of indemnity; and
 - (4) except in respect of Professional Indemnity Insurance, agrees that no reduction in limits or coverage affecting the Project or the Relevant Infrastructure will be made during the period of insurance, except under the circumstances and to the extent permitted by the *Insurance Contracts Act 1984* (Cth) and with not less than 20 Business Days prior notice to the State;
- (b) **(nature)**: is appropriate given the nature and objectives of the Project and the responsibilities and entitlements of the various Insureds in connection with this Agreement; and
- (c) **(consistency)**: is consistent with the terms set out in the Insurance Schedule or otherwise on terms that have the prior approval of the State.

43.7 Insurances primary

- (a) **(Enforceability of rights under indemnities)**: The State is not obliged to make a Claim or institute proceedings against any insurer under the Insurances before enforcing any of its rights or remedies under the indemnities referred to in this Agreement or generally.
- (b) **(Project Co's obligations not affected)**: Project Co is not relieved from and remains fully responsible for its obligations in accordance with this Agreement regardless of whether the Insurances respond or fail to respond to any Claim and regardless of the reason why any Insurance responds or fails to respond.
- (c) **(Insurances primary)**: The Insurances prescribed in the Insurance Schedule are intended by the parties to be the primary insurance contracts covering the Project risks during the Term, and the liabilities of the insurers under them are

not intended to be coordinated with the liabilities of insurers under other contracts of insurance under which the parties, or either of them, may be entitled to benefit.

43.8 Notification and making of claims

Project Co must:

- (a) **(notification)**: promptly notify the State of any occurrence that may give rise to a claim by Project Co or its Associates in connection with the Project under any Insurance, except in relation to any Workers' Compensation Insurance, Motor Vehicle Insurance or any occurrence that may give rise to a claim by the State, Project Co or its Associates in connection with the Professional Indemnity Insurance;
- (b) **(subsequent developments)**: keep the State informed of subsequent developments concerning the occurrence under clause 43.8(a);
- (c) **(pursue claims)**: subject to clause 43.8(d), diligently pursue any claim which it has under any Insurance which has arisen in connection with the Project;
- (d) **(State consent)**: not compromise, settle, prosecute or enforce any claim of the type referred to in clause 43.8(a) under any Insurance without the prior consent of the State (which must not be unreasonably withheld or delayed); and
- (e) **(TP Claims)**: in respect of TP Claims in respect of an event or occurrence during the D&C Phase (other than an occurrence during the Defects Liability Period which is solely referable to the Maintenance Services):
 - (1) establish a fair, efficient and reasonable process for the assessment and resolution of TP Claims and incorporate this process in the Community and Stakeholder Engagement Management Plan;
 - (2) provide written acknowledgment of TP Claims to claimants within 5 Business Days of Project Co receiving notice of the claim;
 - (3) to the extent possible, respond to all TP Claims within 15 Business Days of Project Co receiving notice of the claim;
 - (4) to the extent reasonably possible, resolve all TP Claims:
 - (A) for personal injury, within 20 Business Days;
 - (B) for property damage less than [not disclosed], within 20 Business Days; and
 - (C) for property damage of [not disclosed] or more, within 30 Business Days.of Project Co receiving notice of the claim;
 - (5) where a TP Claim is not resolved within the time periods under clause 43.8(e)(4), to the extent reasonably possible, provide a monthly update to the claimant in respect of the status of resolution of the TP Claim;
 - (6) in responding to third party property damage claims, consider any survey or other report prepared in relation to the property the subject of the TP Claim;
 - (7) in respect of TP Claims which are third party property damage claims, provide the State with a copy of the loss assessor's final report prepared in accordance with the Insurance Claims Protocol in relation to the TP Claim, noting that such report will not be binding on Project

Co, and may be supplemented at the time of providing the State with a copy of the loss assessor's report by any additional loss assessor's reports or a reply by Project Co to the loss assessor's report in respect of the claim;

- (8) during the Term, provide monthly reports to the State regarding the number, details and status of any TP Claims; and
- (9) in respect of third party property damage claims:
 - (A) determine if the property damage was caused by the Works;
 - (B) determine if Project Co is required to repair or compensate the affected person under clause 42.7(b); and
 - (C) provide assistance in accordance with this Agreement and the Insurance Claims Protocol to any person who has submitted a TP Claim to coordinate with the claimant when arranging for any repair works to be performed by Project Co in relation to the property damage,

however Project Co's obligations in respect of TP Claims:

- (10) do not require it to waive legal professional privilege, but this exclusion will not prevent Project Co from being required to release a loss assessor's final report to the State in respect of TP Claim which is a third party property damage claim, subject to the parties maintaining the confidentiality of a shared loss assessors report to protect Project Co's common interest privilege over a privileged loss assessor's report; and
- (11) do not apply in circumstances where the TP Claim gives rise to a Claim for indemnity under the Professional Indemnity Insurances, but this exclusion will not prevent Project Co from being required to comply with this clause in relation to a Claim under the Contract Works Insurance (Public and Products Liability).

43.9 Evidence of Insurance

Project Co must give the State evidence satisfactory to the State that the Insurances required to be procured in accordance clauses 43.2 or 43.3 have been procured and continue to be maintained in accordance with this Agreement, whenever reasonably requested by the State including:

- (a) **(certificate)**: certificates of currency;
- (b) **(all requirements)**: confirmation that all the requirements of the Insurances specified in the Insurance Schedule are included in the Insurances; and
- (c) **(deductibles)**: deductibles, terms of coverage, erosion and reinstatement of limits as the State may reasonably require, to enable it to satisfy itself that all of the insurance requirements for the Project in accordance with this Agreement are being complied with.

43.10 State may effect Insurances

- (a) **(State may effect insurance)**: The State may procure or effect and maintain the Insurances required to be procured in accordance clauses 43.2 or 43.3 and pay the relevant premiums in connection with such Insurances:
 - (1) if Project Co fails to provide evidence satisfactory to the State within 10 Business Days of a request under clause 43.9; or

- (2) in the event of any default by Project Co or its Associates in obtaining or maintaining Insurances, in accordance with this clause 43 or if any Insurance for which Project Co is responsible to effect and maintain in accordance with this Agreement is terminated.
- (b) **(Costs to be recoverable from Project Co):** The costs reasonably incurred by the State in connection with taking such action will be a debt due and payable by Project Co to the State.

43.11 Limitation of State liability

- (a) **(No Claim):** Notwithstanding the procurement of any Insurances by the State, Project Co will not be entitled to make any Claim against the State, any of the State's Associates arising out of or in connection with any such Insurances (including the procurement or maintenance of any State Procured Insurances) other than:
 - (1) a claim upon VMIA in its capacity as an insurer under a relevant contract of insurance; or
 - (2) in respect of a failure by the State to meet its obligations under clause 43.1.
- (b) **(No Claim on the State):** Project Co acknowledges and agrees that any refusal or inability of an insurer to meet its contractual obligations, in respect of a claim upon any of the State Maintenance Phase Insurances, will not constitute a failure of the State to meet its obligations under clause 43.1.
- (c) **(Acknowledgement):** Project Co acknowledges and agrees that:
 - (1) it has had sufficient opportunity to review and comment on the Initial State D&C Phase Insurances contained in the Insurance Schedule and otherwise all policy documents in relation to all State Procured Insurances prior to the State procuring those insurances; and
 - (2) subject to clause 43.1(f), the terms of the State Procured Insurances are sufficient for the purposes of the Project Activities.

43.12 Insurance Proceeds Account

- (a) **(Establish account):** Project Co must:
 - (1) establish an insurance proceeds account (**Insurance Proceeds Account**);
 - (2) maintain that account in the joint names of Project Co and the State with a financial institution nominated by Project Co and approved by the State (such approval not to be unreasonably withheld) or with a financial institution that is a party to the Finance Direct Deed;
 - (3) give details of that account to the State;
 - (4) notify the financial institution referred to in clause 43.12(a)(2) of the charge over the Insurance Proceeds Account in accordance with the State Security, procure acknowledgement of the notice from the financial institution and provide a copy of that to the State; and
 - (5) procure the agreement of the financial institution referred to in clause 43.12(a)(2) not to exercise any right of set-off or counterclaim in relation to the Insurance Proceeds Account.

- (b) **(Deposit insurance proceeds):** All insurance proceeds received from insurers in connection with the Works, the Maintained Assets or the Project Activities by Project Co or the State under the Contract Works Insurance (Material Damage) or the Industrial Special Risks Insurance, must be deposited by the recipient into the Insurance Proceeds Account.
- (c) **(Application of moneys):** Subject to clause 43.12(e), moneys in the Insurance Proceeds Account may only be applied towards the repair or rebuilding of the Relevant Infrastructure or as part of any Termination Payment.
- (d) **(Records):** Where moneys in the Insurance Proceeds Account are used for repair or rebuilding of the Relevant Infrastructure, Project Co must give the State records of expenditure from the Insurance Proceeds Account within 30 Business Days of such expenditure.
- (e) **(Surplus funds):** Any funds remaining in the Insurance Proceeds Account after application in connection with repair or rebuilding of the Relevant Infrastructure will, subject to any right of set-off the State may have, be payable to Project Co.

43.13 Proportionate Liability

- (a) **(Reduce or exclude insurance cover):** Subject to clause 43.13(b), Project Co must ensure that all Insurances do not reduce or exclude the insurance cover in connection with liabilities governed by Part IVAA of the *Wrongs Act 1958* (Vic) or any corresponding legislation of another Australian jurisdiction, by reason of the manner in which that legislation operates or does not operate, as the case may be, in light of any of the provisions of this Agreement and the obligations undertaken by Project Co in connection with it.
- (b) **(Non-specific Project Insurance):** To the extent that the relevant Insurance is not specific to the Project, Project Co is only required to use its reasonable endeavours to procure insurance on the terms referred to in clause 43.13(a).

43.14 Deductibles

- (a) **(Project Co to pay deductibles):** Subject to clause 43.14(b), clause 43.14(c), clause 43.14(d) and clause 43.14(f), Project Co must pay all amounts by way of deductibles or excesses which apply to a Claim made under any Insurance.
- (b) **(State to pay deductible):** Where the event that is insured under any Insurance is:
 - (1) loss or damage referred to in clause 42.3(d), clause 42.3(e) or clause 42.3(f); or
 - (2) caused by a Compensable Extension Event or a Compensable Intervening Event,the State must pay all amounts by way of deductibles or excesses which apply to that claim made under that Insurance.
- (c) **(State to pay other Insureds deductible):** Where, pursuant to:
 - (1) clause 43.14(d) or clause 43.14(e), a Metro Tunnel Package Contractor; or
 - (2) clause 43.14(f), an insured,is liable to pay a portion of a deductible or excess in respect of an Insurance, the State must pay, or must ensure that the relevant Metro Tunnel Package Contractor or insured (as relevant) pays, that portion of the deductible or excess.

- (d) [not disclosed]
- (e) [not disclosed]
- (f) [not disclosed]

43.15 Additional requirements

- (a) At all times during the Term, Project Co must comply with its obligations to take out and maintain registration and to pay all levies required to be paid, under the Accident Compensation Act 1985 (Vic), the Workplace Injury Rehabilitation and Compensation Act 2013 (Vic) and the Transport Accident Act 1986 (Vic) and insurances required under the Building Act 1993 (Vic) in relation to the Project.
- (b) [not disclosed]

43.16 Uninsurable Risks

- (a) **(Risk likely to become Uninsurable Risk):** If any risk becomes or is likely to become an Uninsurable Risk, then:
 - (1) Project Co must notify the State within 5 Business Days of becoming aware that the risk has become or is likely to become an Uninsurable Risk; and
 - (2) the State must meet with Project Co within 5 Business Days after receipt of Project Co's notice to discuss the risk, including whether the risk is in fact an Uninsurable Risk.
- (b) **(Parties to discuss management of an Uninsurable Risk):** If both parties agree (or if not, it is determined in accordance with clauses 46 to 47) that a risk is an Uninsurable Risk, the parties must meet further to discuss the means by which the risk should be managed.
- (c) **(Uninsurable Risk):** If the parties cannot agree as to how to manage the Uninsurable Risk then this Agreement will continue, but each Quarterly Service Payment will be adjusted to deduct a proportionate amount of the premium that was payable by Project Co for insurance of such a risk immediately prior to such risk becoming an Uninsurable Risk.

43.17 Damage caused by Day 1 Uninsurable Risk or Uninsurable Risk

- (a) **(Occurrence):** If a Day 1 Uninsurable Risk or Uninsurable Risk gives rise to loss or damage to the Relevant Infrastructure, the State must within 20 Business Days of the occurrence of the Day 1 Uninsurable Risk or Uninsurable Risk (as the case may be) (or such longer period as is reasonable in the circumstances) either:
 - (1) subject to clause 42.6 and clause 43.17(b), require Project Co to repair or rebuild the Relevant Infrastructure, in which case the State will:
 - (A) issue a Modification Order in respect of the repair and rebuilding; and
 - (B) indemnify Project Co for all other Liabilities incurred by Project Co to the extent such Liabilities arose from the occurrence of the Day 1 Uninsurable Risk or Uninsurable Risk (as the case may be); or

- (2) where the Relevant Infrastructure is wholly or substantially damaged or destroyed by the Day 1 Uninsurable Risk or Uninsurable Risk, require Project Co to repair or rebuild the Relevant Infrastructure in accordance with clause 43.17(a)(1) or terminate this Agreement by notice to Project Co, in which case a Force Majeure Termination Event will be deemed to have occurred on the date stated in the State's notice and clause 45.3(b) will apply.
- (b) **(Maximum indemnity amount):** Subject to clause **Error! Reference source not found.**, the maximum amount for which the State must indemnify Project Co, in accordance with clause 43.17(a)(1), will be:
 - (1) for a Day 1 Uninsurable Risk, an amount that is equal to the Insurance proceeds that would have been payable under any of the Insurances had the event been insurable under those Insurances; and
 - (2) for Uninsurable Risks, an amount equal to the Insurance proceeds that would have been payable had the relevant Insurance continued to be available on the previous terms of that Insurance.
- (c) **(If parties unable to agree on repair or rebuilding):** If the parties are unable to agree on how the Relevant Infrastructure will be repaired or rebuilt in accordance with clause 43.17(a)(1) (including the reasonable costs), the State must issue a Modification Order requiring Project Co to repair or rebuild the Relevant Infrastructure provided the amount payable by the State to Project Co in connection with the Modification will not exceed the amount set out in clause 43.17(b).

43.18 Review of insurance markets during Maintenance Phase

- (a) **(Review and test):** Project Co must review and test the insurance market vigilantly and no less than once every 12 Months during the Maintenance Phase, to ascertain whether a Day 1 Uninsurable Risk or Uninsurable Risk has become insurable and, determine whether, and if so what, insurance terms as to premium, deductible and coverage are available in connection with that risk, from Reputable Insurers.
- (b) **(Procure insurances):** If during the Maintenance Phase it is found that a Day 1 Uninsurable Risk or Uninsurable Risk is no longer uninsurable, to the extent that the risk is most appropriately insured pursuant to a Project Co Maintenance Phase Insurance (rather than pursuant to a State Maintenance Phase Insurance), Project Co must
 - (1) promptly notify the State; and
 - (2) if the State directs, promptly procure the insurance in connection with that risk in accordance with the other provisions of this clause 43, in which case the Quarterly Service Payments will be adjusted to reflect the additional premium payable by Project Co for insuring that risk.

43.19 State Procured Insurances breach

[not disclosed]

43.20 Government Rail Insurance Program shared limit

[not disclosed]

43.21 Change to named insurer (Key D&C Phase Insurances)

The State may, within 6 months from Financial Close, request Project Co to consider in good faith a request to amend the Contract Works Insurance (Material Damage), the Contract Works Insurance (Advance Loss of Profits) and the Contract Works Insurance (Public and Products Liability) (**Key D&C Phase Insurances**) to wholly replace the named insurer (for all purposes including for all levels of cover) with commercial insurers which have the Required Rating, and Project Co and the State must use reasonable endeavours to agree any changes requested to the relevant Key D&C Phase Insurances for the sole purpose of, and in order to effect a replacement of, the named insurer provided that, subject to this clause 43.21, Project Co is not required to agree any changes which are adverse to the terms set out in the Initial State D&C Phase Insurances. Project Co acknowledges and agrees that the Key D&C Phase Insurances will need to be amended to include a market standard terrorism exclusion if the named insurer is replaced with commercial insurers (and that it will act reasonably in considering such provision).

Part H - Default, Termination and Disputes

44 Events of Default

44.1 Failures capable of remedy

- (a) **(Meaning):** Where the word ‘remedy’ or ‘cure’ or any other grammatical form of those words is used in this clause 44, it means to cure or redress the relevant occurrence or overcome its consequences so that:
- (1) there ceases to be any continuing detrimental effect of that potential or actual default, Major Default or Default Termination Event; and
 - (2) any prior detrimental effect is rectified so that the State, its Associates and the Rail Franchisee Interface Parties are in the position they would have been in had the relevant occurrence not taken place.
- (b) **(Deemed curable – Provisional Acceptance):** A failure by Project Co to achieve Provisional Acceptance by the Date for Provisional Acceptance will be deemed to be capable of remedy from the Date for Provisional Acceptance (the remedy for which will be the achievement of Provisional Acceptance as soon as reasonably practicable after the Date for Provisional Acceptance) to the extent that Project Co provides a Cure Program under clause 44.3 showing that Provisional Acceptance will be achieved within the maximum remedy period specified in clause 44.3(d).
- (c) **(Deemed curable – Milestones):** A failure by Project Co to achieve:
- (1) a Critical Interface Milestone (PPP Responsible) by the relevant Critical Interface Milestone Date; or
 - (2) a Progress Milestone by the relevant Progress Milestone Date,
- will be deemed to be capable of remedy from the relevant Critical Interface Milestone Date or Progress Milestone Date (the remedy for which will be the achievement of the relevant Critical Interface Milestone (PPP Responsible) or Progress Milestone as soon as reasonably practicable).

44.2 Notice of Project Co Major Default

- (a) **(Notice):** Project Co must:
- (1) promptly notify the State upon the occurrence of a Major Default; and
 - (2) immediately take steps to mitigate, minimise or avoid the effects, consequences or duration of the Major Default.
- (b) **(State’s response):** If Project Co notifies the State of any Major Default under clause 44.2(a) or the State considers a Major Default has occurred, the State may give Project Co a notice (**Major Default Notice**) which contains:
- (1) details of the Major Default; and
 - (2) if the Major Default:
 - (A) is capable of remedy, a date by which Project Co must remedy the Major Default (which, subject to clause 44.3(d),

must allow for a reasonable period of time to remedy the Major Default in the circumstances); or

- (B) is not capable of remedy, a date by which Project Co must comply with any reasonable requirements of the State in connection with that Major Default (which, subject to clause 44.3(d), must allow for a reasonable period of time to comply with the State's requirements in the circumstances),

unless the State considers clause 44.5 applies, in which case the Major Default Notice will notify Project Co that the Major Default is deemed to be a Default Termination Event and clause 44.6 will apply.

- (c) **(Unreasonable notices):** If Project Co considers, in good faith, that the time stated in a Major Default Notice (or any other requirements of the Major Default Notice) is not reasonable, it must immediately notify the State including the reasons why and the time which it believes is reasonably required to remedy the Major Default or comply with any reasonable requirements of the State.
- (d) **(Changes to notices):** The State must in good faith consider Project Co's notice under clause 44.2(c) and make any changes to the Major Default Notice that it considers reasonable as a consequence of Project Co's notice.
- (e) **(Dispute):** If Project Co is not satisfied with the changes made by the State under clause 44.2(d), it may refer the matter to resolution under clauses 46 to 47.

44.3 Project Co to provide Cure Program and comply with Major Default Notice

- (a) **(Cure Program):** If the State gives a Major Default Notice to Project Co, then notwithstanding its rights under clauses 44.2(c) to 44.2(e) Project Co must:
- (1) where the Major Default is capable of remedy, unless the relevant Major Default is a failure to pay money, give the State a program to remedy the Major Default; and
 - (2) where the Major Default is not capable of remedy, give the State a program to comply with any reasonable requirements of the State (which may include a plan to replace the Subcontractor causing the Major Default),
- (in each case, a **Cure Program**) in accordance with the terms of the Major Default Notice, for review by the State in accordance with the Review Procedures.
- (b) **(Content of Cure Program):** Any Cure Program provided to the State under clause 44.3(a) must include:
- (1) each task to be undertaken, the date by which each task is to be completed and the additional resources and personnel (if applicable) to be applied to remedy the Major Default; and
 - (2) any temporary measures that will be undertaken while the Major Default is being remedied to ameliorate the impact of the Major Default.
- (c) **(Compliance required):** Notwithstanding the fact that it may have exercised its rights under clauses 44.2(c) to 44.2(e), Project Co must comply with the Major Default Notice and any Cure Program submitted under clause 44.3(a) as reviewed by the State in accordance with the Review Procedures.

- (d) **(Maximum cure period):** Subject to the Finance Direct Deed and clause 44.4(a), the maximum period of time including any extension under clause 44.4(b) which Project Co may be given to remedy a Major Default will be:
- (1) subject to clause 44.3(d)(2) and 44.3(d)(3), in respect of a Major Default occurring:
 - (A) during the D&C Phase or FAW Phase, 24 months; and
 - (B) during the Maintenance Phase, 18 Months,in the aggregate from the date of the applicable Major Default Notice; and
 - (2) in relation to paragraph 4 (*failure to achieve Provisional Acceptance*) of the definition of Major Default insofar as it relates to a failure to achieve Provisional Acceptance, 24 months in the aggregate commencing from the Date for Provisional Acceptance; and
 - (3) 6 Months in the aggregate from the date of the applicable Major Default Notice where the applicable Major Default is an Insolvency Event that occurs in relation to a Consortium Member (other than Project Co or a Group Member).

44.4 Extension of Cure Program

- (a) **(Extension):** If Project Co is prevented from carrying out its obligations in accordance with a Cure Program, as a direct result of an Extension Event or Intervening Event for which Project Co is entitled to relief under this Agreement, then the Cure Program (including the time to remedy the Major Default or comply with the State's requirements) must be extended:
- (1) to reflect the period Project Co is prevented from carrying out its obligations in accordance with the Cure Program by that Extension Event or Intervening Event; or
 - (2) without limiting clause 42, in respect of loss or damage caused by that Extension Event or Intervening Event, for the period from the occurrence of that loss or damage until the necessary repairs or rebuilding have been completed,
- subject to Project Co demonstrating to the State's satisfaction (acting reasonably) that Project Co has diligently pursued and, to the extent reasonably possible, continues to diligently pursue the Cure Program agreed or determined under clause 44.3(a).
- (b) **(Extension period):** Subject to clause 44.4(d) and clause 44.3(d), if Project Co has been diligently pursuing:
- (1) where the Major Default is capable of remedy, the remedy of that Major Default; or
 - (2) where the Major Default is not capable of remedy, compliance with any reasonable requirements of the State,
- then the time stated in the Major Default Notice will be extended by such period as the State determines is required (acting reasonably) to enable Project Co to either remedy the Major Default or comply with any reasonable requirements of the State.
- (c) **(Request for further information):** The State may request, and Project Co must provide, any further information reasonably required by the State in respect of the steps Project Co has taken to remedy the Major Default or

comply with the State's requirements in relation to that cure of the Major Default to enable the State to determine the required extension under clause 44.4(b).

- (d) **(Limitation):** Unless the State otherwise agrees, Project Co is only entitled to one extension in accordance with clause 44.4(b) in connection with the same Major Default.

44.5 Major Default not capable of remedy or cure

- (a) **(Deemed Default Termination Event):** Subject to clause 44.5(b), if the State forms the view (acting reasonably) that there are no reasonable requirements that can be met by Project Co to overcome the consequences of, or compensate the State for, a Major Default, that Major Default will be deemed to be a Default Termination Event.

- (b) **(State's obligations):** Prior to forming a view in accordance with clause 44.5(a), the State must:

- (1) notify Project Co and the Independent Reviewer that it proposes to form a view in accordance with clause 44.5(a); and

(A) in the case of Project Co, advise Project Co that it may submit to the State; and

(B) in the case of the Independent Reviewer, require the Independent Reviewer to submit to the State,

any comments or other information within 10 Business Days of the date of the notice under this clause 44.5(b)(1) (or such later date as reasonably determined by the State), which Project Co or the Independent Reviewer (as the case may be) considers may be relevant to the State forming or not forming a view in accordance with clause 44.5(a); and

- (2) consider any comments or other information which have been submitted by Project Co and the Independent Reviewer in accordance with clause 44.5(b)(1).

44.6 Default Termination Event

If any Default Termination Event occurs, the State may, without limiting any rights (other than rights of termination) it has at Law or otherwise under this Agreement, elect to:

- (a) **(termination as Default Termination Event):** terminate this Agreement at any time after the occurrence of a Default Termination Event in accordance with clause 45.4; or
- (b) **(Step-in rights):** exercise its rights under clause 41.1 to cure or attempt to cure the Default Termination Event.

44.7 Effect of curing

If a Major Default or Default Termination Event occurs and is cured by any person, any rights in respect of that Major Default or Default Termination Event (as the case may be) not exercised prior to it being cured may not thereafter be exercised.

45 Termination

45.1 Sole basis

- (a) **(Sole basis):** Termination under this clause 45 and clause 3.4 is the sole basis at Law or otherwise upon which either party is entitled to terminate, rescind or accept a repudiation of this Agreement.
- (b) **(No limitation):** Termination of this Agreement and the payment of the relevant Termination Payment will not in any way prejudice or limit the State's Claims against Project Co in respect of:
 - (1) the events giving rise to the termination; or
 - (2) any other accrued rights of the parties,provided that the payment of the relevant Termination Payment is the parties' sole monetary remedy for termination of the State Project Documents.

45.2 Voluntary Termination

- (a) **(Voluntary Termination notice):** The State may, at any time, voluntarily terminate this Agreement by giving Project Co not less than 90 days' notice.
- (b) **(Date of termination):** Voluntary termination of this Agreement will take effect upon the date specified in the notice given in accordance with clause 45.2(a).

45.3 Termination for Force Majeure

- (a) **(Force Majeure Termination Event notice):** Subject to clause 45.3(c), if a Force Majeure Termination Event occurs, then either party may terminate this Agreement by giving notice to the other party.
- (b) **(Date of termination):** Termination of this Agreement for a Force Majeure Termination Event will take effect upon the date specified in the notice given in accordance with clause 45.3(a).
- (c) **(Restrictions on termination):** Project Co must not terminate this Agreement under clause 45.3(a) during the period Project Co is able to recover (or, but for any breach of a State Project Document or the relevant Insurance by Project Co, would have been able to recover) under the Advance Loss of Profits Insurance (applicable to the Works) or the consequential loss cover section of the Industrial Special Risks Insurance (in respect of the Maintenance Phase) for the relevant Force Majeure Termination Event.

45.4 Termination for Default Termination Event

- (a) **(Termination for Default Termination Event):** Subject to the Finance Direct Deed, if a Default Termination Event occurs, the State may terminate this Agreement by giving notice to Project Co.
- (b) **(Date of termination):** Termination of this Agreement for a Default Termination Event will take effect upon the date specified in the notice given in accordance with clause 45.4(a).

45.5 Termination and Payments

Upon termination under this clause 45, the State's future obligation to pay the Quarterly Service Payment, any State Contribution, the Final D&C Phase Price, any Final Acceptance Payment and the Floating Rate Component will cease.

45.6 Assistance

Project Co will use its best endeavours to assist the State in the exercise of the State's rights in accordance with this clause 45.

45.7 Payment on termination

(a) **(Payment):** Subject to clause 45.7(b), no later than the Termination Payment Date:

- (1) where the Termination Payment is a positive amount, the State must pay to Project Co; and
- (2) where the Termination Payment is a negative amount, Project Co must pay to the State the absolute value of:

the relevant Termination Payment, being:

- (3) for Voluntary Termination, the Voluntary Termination Payment;
- (4) for Termination for a Force Majeure Termination Event, the Force Majeure Termination Payment; or
- (5) for Termination for a Default Termination Event, the Default Termination Payment,

in accordance with the Termination Payments Schedule.

(b) **(Project Co obligations):** The State's obligation to pay a Termination Payment under clause 45.7(a) is subject to Project Co having delivered up the vacated Construction Areas and Maintenance Areas (as relevant), and the Relevant Infrastructure to the State in accordance with clause 32, and otherwise having satisfied its obligations under clause 32 and the Intellectual Property Schedule having regard to the time and circumstances of the termination.

(c) **(State's rights):** If the State is not satisfied that Project Co has satisfied its obligations in clause 45.7(b), Project Co will be liable to the State for the amount that is reasonably necessary to cover the expected costs of performing those obligations (including reasonable contingencies), which amount may be set off against any Termination Payment that is payable by the State or added to any Termination Payment that is payable by Project Co.

45.8 Novation of liabilities to the State

(a) **(State's election):** Where this Agreement terminates and Project Co or Finance Co has any Actual Debt outstanding, the State may elect to assume some or all of the Liability for that Actual Debt that would otherwise have been payable by Project Co or Finance Co and to the extent the State so elects:

- (1) Project Co must ensure that such Liability is novated to the State; and
- (2) the amount of the Termination Payment which the State would otherwise be obliged to pay will be reduced by:
 - (A) the amount of the Liability; and

- (B) the amount of any costs of terminating the Finance Documents which would otherwise have been taken into account in determining the Termination Payment, but which are not incurred by reason of the novation.
- (b) **(Finance Documents)**: Project Co must ensure that it and Finance Co are permitted, in accordance with the terms of the Finance Documents, to procure the novation of their respective debt obligations in accordance with this clause 45.8.

45.9 Waiver

If a termination occurs in accordance with this Agreement, then:

- (a) **(waiver)**: subject to clause 45.9(b):
 - (1) Project Co waives any right it might otherwise have to make any Claim against the State or any of its Associates; and
 - (2) the State and each of its Associates shall have no further Liability to Project Co or any of its Associates,by reason or as a result of a termination or the circumstances relating to the termination; and
- (b) **(sole entitlement)**: Project Co's sole and exclusive entitlement to make a Claim against the State following a termination of this Agreement will be in connection with its rights to a Termination Payment.

45.10 Additional rights and obligations on Termination

The additional rights and obligations of the parties on a termination of this Agreement are set out in clause 32.

46 Dispute Resolution

46.1 Procedure for resolving disputes

- (a) **(Resolution procedure)**: Unless a State Project Document provides otherwise, any dispute between the State and Project Co arising in connection with the State Project Documents or the Project Activities (including questions concerning this Agreement's existence, meaning or validity) or a decision of the Independent Reviewer which is capable of being disputed under this clause 46 must be resolved in accordance with this clause 46 and clause 47.
- (b) **(Exclusion)**: The functions of the Independent Reviewer under the Design Review Schedule and clauses 26.2(b) and 26.2(d) are:
 - (1) advisory only and not binding on any party; and
 - (2) not a decision or determination of the Independent Reviewer capable of forming the subject matter of a Dispute which can be resolved under this clause 46 and clause 47.
- (c) **(Procedure)**: The procedure that is to be followed to resolve a Dispute is as follows:

- (1) firstly, the Dispute must be the subject of negotiation as required by clause 46.2;
- (2) secondly, if the Dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 46.2(c)(1) the parties may agree that the Dispute will be referred to an expert for determination under clauses 46.3 to 46.9 or to arbitration under clause 47;
- (3) thirdly, if:
 - (A) the Dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 46.2(c)(1) and irrespective of whether the parties failed to meet as required by that clause or whether having so met the parties fail to agree whether the Dispute should be referred to an expert or to arbitration within 20 Business Days after the expiration of the period for negotiation referred to in clause 46.1(c)(1);
 - (B) the Dispute has been referred to expert determination and a determination is not made by the expert within 30 days (or 10 Business Days, in the case of a dispute in relation to whether there are Defects in a Returned Asset pursuant to clause 25.1(d)(5)) after the expert's acceptance of appointment; or
 - (C) the Dispute is referred to expert determination and a notice of dissatisfaction is given under clause 46.6(a),then the Dispute must be referred to arbitration under clause 47.

46.2 Negotiation

- (a) **(Notification)**: If a Dispute arises then a party may give notice to the other party requesting that the Dispute be referred for resolution by negotiation between the Chief Executive Officers (or equivalent) of the State and Project Co **(Representatives)**.
- (b) **(Contents of Notice)**: A notice under clause 46.2(a) must:
 - (1) state that it is a notice under this clause 46; and
 - (2) include or be accompanied by particulars of the matters which are the subject of the Dispute.
- (c) **(Attempt to resolve Dispute)**: If a Dispute is referred for resolution by negotiation under clause 46.2(a), then:
 - (1) the Representatives must meet and attempt in good faith to resolve the Dispute (in whole or in part) within 10 Business Days of the date on which the notice under clause 46.2(a) is received (or such later date as the parties may agree); and
 - (2) any agreement reached between the Representatives will be reduced to writing, signed by or on behalf of each party and will be contractually binding on the parties.

46.3 Expert determination

- (a) Where this Agreement requires a matter to be referred to or resolved by an expert or if:

- (1) (**dispute unresolved by Representatives**): a Dispute which has been referred to the Representatives for negotiation in accordance with clause 46.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 46.2(c)(1); and
 - (2) (**referral to expert**): the parties agree within 20 Business Days after the expiration of the period for negotiation referred to in clause 46.2(c)(1), that the Dispute be referred to an expert for determination, then those parts of the Dispute which remain unresolved will be referred to an expert for determination under clauses 46.4 to 46.9.
- (b) For the avoidance of doubt:
- (1) subject to clause 46.3(b)(2), a Dispute may only be referred to an expert for determination by agreement of the parties; and
 - (2) where this Agreement requires a matter to be referred directly to an expert, the dispute resolution procedures in clause 46.1(c)(1) will not apply.

46.4 Selection of expert

- (a) (**Exchange of lists of 3 preferred experts**): Within 7 Business Days after the date on which the parties agree to refer a Dispute to an expert for determination under clause 46.3 the State and Project Co must exchange lists of 3 persons (in order of preference) who, if appointed, would satisfy the requirements of clause 46.4(d), from whom the expert is to be chosen.
- (b) (**Appointment of person who appears on both lists**): Any person that appears on both lists under clause 46.4(a) will be appointed as the expert to determine a Dispute and if more than one person appears on both lists the person given the highest order of priority by the party that gave the notice under clause 46.2(a) will be appointed.
- (c) (**Appointment if no person appears on both lists**): If no person appears on both lists, the party which gave the notice under clause 46.2(a) must procure:
 - (1) the president (or the senior non-executive officer, howsoever described) of the institute or governing body for the technical or professional discipline the subject of the relevant Dispute to nominate the expert, having regard to, but not being bound by, those persons proposed by the parties under clause 46.4(a); or
 - (2) if there is no governing body for the technical or professional discipline the subject of the relevant Dispute or such governing body advises that it will not nominate an expert, the Australian Centre for International Commercial Arbitration to nominate a person to act as the expert, having regard to, but not being bound by, those persons proposed by the parties under clause 46.4(a),within 7 Business Days of the exchange of notices under clause 46.4(a).
- (d) (**Appropriate skills**): It is the intention of the parties that the expert appointed to determine a Dispute will be an independent person with appropriate skills having regard to the nature of the matters in dispute.
- (e) (**No entitlement to challenge appointment**): Neither party will be entitled to challenge the appointment of an expert under this clause 46.4 on the basis that the expert does not satisfy the requirements of clause 46.4(d).

- (f) **(Not an arbitration agreement):** Any agreement for expert determination under this Agreement will not constitute an arbitration agreement for the purposes of the *Commercial Arbitration Act 2011 (Vic)*.
- (g) **(Agreement):** Once an expert is appointed, the State and Project Co must enter into an agreement with the expert on the terms of the Expert Determination Agreement or such other reasonable terms as the expert may require.

46.5 Rules of expert determination

The expert determination process will be administered, and the expert will be required to act, under the terms of the Expert Determination Agreement.

46.6 Expert finding

- (a) **(Notification):** The determination of the expert must be in writing and will be final and binding on the State and Project Co unless, within 10 Business Days of receipt of the determination, a party gives notice to the other party of its dissatisfaction and intention to refer the matter to arbitration in accordance with clause 47.
- (b) **(Amendment to determination):** Upon submission by any party, the expert may amend the determination to correct:
 - (1) a clerical mistake;
 - (2) an error from an accidental slip or omission;
 - (3) a material miscalculation of figures or a material mistake in the description of any person, thing or matter; or
 - (4) a defect in form.

46.7 Liability of expert

- (a) **(Liability of expert):** The parties agree:
 - (1) that the expert will not be liable in connection with the expert determination, except in the case of fraud on the part of the expert; and
 - (2) to indemnify the expert against any Claim or Liability in connection with the expert determination, except in the case of fraud on the part of the expert, in which case a Claim may be made against him or her by any person who is party to the Dispute.
- (b) **(Engagement):** The State and Project Co will jointly engage the expert services in connection with the expert determination proceedings and each party will seek a separate Tax Invoice equal to its share of the costs of the expert.

46.8 Costs

The State and Project Co must:

- (a) bear their own costs in connection with the expert determination proceedings; and
- (b) pay an equal portion of the costs of the expert.

46.9 Proportionate Liability

To the extent permitted by Law, the expert will have no power to apply or to have regard to the provisions of any proportionate liability legislation which might in the absence of this clause 46.9, have applied to any dispute referred to the expert in accordance with this clause 46.

47 Arbitration

47.1 Reference to Arbitration

- (a) **(Dispute):** If:
- (1) a Dispute:
 - (A) which has been referred to the parties' Representatives for negotiation in accordance with clause 46.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 46.2(c)(1); and
 - (B) the parties do not agree to refer the Dispute to an expert for determination; or
 - (2) in the case of a Dispute which the parties agree to refer to expert determination under clause 46.3:
 - (A) a determination is not made within 30 days (or 10 Business Days, in the case of a dispute in relation to whether there are Defects in a Returned Asset pursuant to clause 25.1(d)(5)) of the expert's acceptance of the appointment; or
 - (B) a notice of dissatisfaction is given in accordance with clause 46.6,
- then the State or Project Co may notify the other party that it requires the Dispute to be referred to arbitration.
- (b) **(Referral):** Upon receipt by the other party of a notice under clause 47.1(a), the Dispute will be referred to arbitration.

47.2 Arbitration

- (a) **(ACICA Rules):** Arbitration in accordance with this clause 47 will be conducted in accordance with the arbitration rules of the Australian Centre for International Commercial Arbitration (known as the **ACICA Rules**) as current at the date the Dispute is referred to arbitration and as otherwise set out in this clause 47 with this clause 47 having priority to the extent of any inconsistency.
- (b) **(Seat):** The seat of the arbitration will be Melbourne, Victoria.
- (c) **(Language):** The language of the arbitration will be English.

47.3 Appointment of arbitrator

The parties will endeavour to agree on the arbitrator or arbitrators (if the parties agree to appoint 3 arbitrators), but if no such agreement is reached within 14 Business Days of the Dispute being referred to arbitration in accordance with clause 47.1(b), the arbitrator or arbitrators will be appointed in accordance with the ACICA Rules.

47.4 General Principles for conduct of arbitration

- (a) **(Conduct of arbitration):** The parties agree that:
- (1) they have chosen arbitration for the purposes of achieving a just, quick and cost-effective resolution of any Dispute;
 - (2) any arbitration conducted in accordance with this clause 47 will not necessarily mimic court proceedings of the seat of the arbitration or the place where hearings take place (if different), and the practices of those courts will not regulate the conduct of the proceedings before the arbitrator; and
 - (3) in conducting the arbitration, the arbitrator must take into account the matters set out in clauses 47.4(a)(1) and 47.4(a)(2).
- (b) **(Evidence in writing):** All evidence in chief must be in writing unless otherwise ordered by the arbitrator.
- (c) **(Evidence and discovery):** The rules for evidence and discovery will be the IBA Rules on the Taking of Evidence in International Arbitration current at the date of arbitration (or if there are no current rules, the most recent version of those rules).
- (d) **(Oral hearing):** The oral hearing must be conducted as follows:
- (1) any oral hearing must take place in Melbourne, Victoria and all outstanding issues must be addressed at the oral hearing;
 - (2) the date and duration of the oral hearing must be fixed by the arbitrator at the first preliminary conference. The arbitrator must have regard to the principles set out in clause 47.4(a) when determining the duration of the oral hearing;
 - (3) oral evidence in chief at the hearing will be permitted only with the permission of the arbitrator for good cause;
 - (4) the oral hearing must be conducted on a stop clock basis with the effect that the time available to the parties must be split equally between the parties so that each party has the same time to conduct its case unless, in the opinion of the arbitrator, such a split would breach the rules of natural justice or is otherwise unfair to one of the parties;
 - (5) not less than 28 days prior to the date fixed for oral hearing each party must give notice of those witnesses (both factual and expert) of the other party that it wishes to attend the hearing for cross examination;
 - (6) in exceptional circumstances the arbitrator may amend the date of hearing and extend the time for the oral hearing set in accordance with clause 47.4(d)(2);
 - (7) a party will not be bound to accept the written evidence of a witness submitted on behalf of the opposing party which is not challenged in cross examination; and
 - (8) each party is expected to put its case on significant issues in cross examination of a relevant witness called by the opposing party or, where it seeks to challenge the evidence of a witness not called for cross-examination by reference to other evidence, to identify that evidence in its written opening submissions so that the opposing party may know the nature of and basis for the challenge to the witness' written evidence.

- (e) **(Experts):** Unless otherwise ordered, each party may only rely upon one expert witness in connection with any recognised area of specialisation.

47.5 Proportional liability

To the extent permitted by Law, the arbitrator will have no power to apply or to have regard to the provisions of any proportional liability legislation which might, in the absence of this clause 47.5, have applied to any dispute referred to arbitration in accordance with this clause 47.

47.6 Extension of ambit of arbitration proceedings

- (a) **(Extending Disputes):** Where:
- (1) a Dispute between the parties to this Agreement or a State Project Document is referred to arbitration in accordance with this clause 47; and
 - (2) there is some other Dispute also between the parties to and in accordance with this Agreement (whenever occurring),

the arbitrator may, upon application being made to the arbitrator by one or both of the parties at any time before a final award is made in relation to the first-mentioned Dispute, make an order directing that the arbitration be extended so as to include the other Dispute.

- (b) **(Arbitrator's order):** An arbitrator may make an order in accordance with clause 47.6(a) on such terms and conditions (if any) as the arbitrator thinks fit.

47.7 Award final and binding

- (a) **(Final and binding):** Subject to clause 47.7(b), any award will be final and binding on the parties.
- (b) **(Appeal):** Each party consents to any appeal to a court where that appeal is made under the *Commercial Arbitration Act 2011* (Vic) on a question of law arising in connection with an arbitral award made in accordance with this clause 47.

47.8 Continue to perform

Notwithstanding the existence of a Dispute, each party must continue to carry out its obligations in accordance with the State Project Documents.

47.9 Governing law of arbitration agreement

The Law governing this arbitration agreement is the law of Victoria, Australia.

Part I - Other

48 Representations and warranties

48.1 State's representations and warranties

The State represents and warrants for the benefit of Project Co that:

- (a) **(power to execute)**: the State has:
 - (1) the power to execute the State Project Documents and does so through the Victorian Minister for Public Transport on behalf of the Crown in right of the State of Victoria; and
 - (2) the power to deliver and carry out its obligations under the State Project Documents,and all necessary action has been taken to authorise that execution, delivery and performance.
- (b) **(validity)**: each State Project Document constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (c) **(legality)**: the execution, delivery and performance of each State Project Document does not violate any Law to which the State is subject.

48.2 Project Co's representations and warranties

Project Co represents and warrants for the benefit of the State that:

- (a) **(power to execute)**: it has the power to execute, deliver and perform its obligations under the Project Documents;
- (b) **(legality)**: the execution, delivery and performance of each Project Document to which it is a party does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (c) **(validity)**: each Project Document to which it is a party constitutes a valid and legally binding obligation on it in accordance with its terms;
- (d) **(registration)**: each CY Trustee is duly registered, properly constituted and remains in existence;
- (e) **(no trust relationship)**: except as stated in this Agreement, it is not the trustee or Responsible Entity of any trust nor does it hold any property subject to or impressed by any trust;
- (f) **(no subsidiaries)**: it and each CY Trustee has no subsidiaries;
- (g) **(no tax consolidation)**: it is not a member of any tax consolidation group within the meaning of the *Income Tax Assessment Act 1997* (Cth) or GST group within the meaning of the GST Law, except with the consent of the State;
- (h) **(no trading)**: neither it nor any CY Trustee has traded since its incorporation, other than for the purposes of entering into the Project Documents and has no liabilities other than those that have arisen in connection with entering into the Project Documents;

- (i) **(no material change)**: unless otherwise notified and accepted by the State (acting reasonably), there has been no material change in the financial condition of Project Co (since the later of its incorporation and the date of its last accounts) or any other Group Member, the Equity Investors or the Key Subcontractors (since the later of its incorporation and the date of its last audited accounts) which would prejudice the ability of Project Co to perform its obligations under the Project Documents;
- (j) **(information true and correct)**: all information that has been provided to the State is true and correct and Project Co is not aware of any material facts or circumstances that have not been disclosed to the State and which might, if disclosed, materially adversely affect the decision of a prudent person considering whether or not to enter into this Agreement with Project Co;
- (k) **(authorisations)**: it and each CY Trustee has taken all necessary corporate action to authorise, execute, deliver and perform its obligations under each Project Document to which it is a party and any other instrument required under a Project Document;
- (l) **(Project assets)**: all of the assets, property and revenue required to carry on the business of Project Co is and will at all times form part of Project Co's assets;
- (m) **(no other security interests)**: none of its assets are subject to any 'Encumbrance' other than a 'Permitted Encumbrance' (as each of those terms is defined in the State Security);
- (n) **(CY Trust status)**: each CY Trust is duly and validly constituted and existing under the Laws of Victoria and its respective trust deed, and each CY Trustee is and will remain the sole trustee of the relevant CY Trust;
- (o) **(CY Partnership status)**: the Cross Yarra Partnership is a partnership duly and validly constituted and existing under the Laws of Victoria and the Partnership Deed and the CY Partners are the sole partners of the Cross Yarra Partnership; and
- (p) **(personal capacity)**: no CY Trustee will at any time:
 - (1) in its personal capacity hold any assets relevant to, required for or otherwise in connection with the Project and all such assets will at all times be held on behalf of the relevant CY Trust and the Cross Yarra Partnership; or
 - (2) hold any assets or incur any liabilities other than as relevant to, as required by or otherwise in connection with its role as trustee of the relevant CY Trust and a partner in the Cross Yarra Partnership.

48.3 Repetition of representation and warranties

Each representation and warranty given by Project Co under this Agreement:

- (a) **(date of Agreement)**: is made on Contract Close; and
- (b) **(repetition)**: will be deemed to be repeated each day during the period from Contract Close to the Expiry Date,

with reference to the facts and circumstances then subsisting.

49 Benefits held on trust for its Associates

- (a) **(Benefit of indemnities):** The State holds on trust for its Associates the benefit of:
 - (1) each indemnity and release given by Project Co under this Agreement in favour of the State's Associates; and
 - (2) each right in this Agreement to the extent that such right is expressly stated to be for the benefit of the State's Associates.
- (b) **(Project Co acknowledgement):** Project Co acknowledges the existence of such trusts and consents to:
 - (1) the State exercising rights in relation to, or otherwise enforcing such indemnities, releases and rights on behalf of its Associates; and
 - (2) [not disclosed]
- (c) **(Consent not required):** The parties agree that the State does not require the consent of any of its Associates to amend or waive any provision of any State Project Document.

50 Project Co to inform itself

50.1 No representations from the State

Subject to, and without limitation to, clause 48.1, Project Co acknowledges and agrees that the State and its Associates have not made and make no representation, and give no warranty or guarantee and owe no duty of care in respect of:

- (a) **(Project Information):** the accuracy, adequacy or completeness of the Project Information;
- (b) **(Site):** the Site Conditions, title to the Site or adequacy of or access to the Site and its surroundings for the Project;
- (c) **(Site Information Reports):** the accuracy of any information contained in or any omissions from the Site Information Reports;
- (d) **(Utility Infrastructure):** the existence, location, condition or availability of any Utility Infrastructure; or
- (e) **(Easements):** any Easements and rights of way.

50.2 Acknowledgments by Project Co

Without limiting clause 50.1, but subject to, and without limitation to, clause 48.1, Project Co acknowledges and agrees that:

- (a) **(entry into Agreement):** it enters into this Agreement based on its own investigations, interpretations, deductions, information and determination;
- (b) **(opportunity to investigate):** it was given the opportunity to itself undertake, and to request others to undertake tests, enquiries and investigations:
 - (1) relating to the subject matter of any Project Information; and
 - (2) of the Site;

- (c) **(Project Information)**: the Project Information was provided by the State and any of its Associates for the information only of Project Co;
- (d) **(no invitation, offer or recommendation)**: the Project Information does not form part of this Agreement or constitute an invitation, offer or recommendation by or on behalf of the State;
- (e) **(no reliance)**: it did not rely upon any Project Information or any other information, data, representation, statement or document or the accuracy, adequacy, suitability or completeness of the Project Information or other such information, data, representation, statement or document for the purposes of entering into this Agreement or delivering the Project;
- (f) **(State entry into Agreement)**: the State has entered into this Agreement relying upon the warranties, acknowledgements, representations and agreements set out in this Agreement; and
- (g) **(Intellectual Property Rights)**: all Intellectual Property Rights in the Project Information remain the property of the State or any of its Associates or any Site Information Report providers (as the case may be).

50.3 Release and indemnity

Subject to, and without limitation to, clause 48.1, Project Co:

- (a) **(indemnity)**: indemnifies the State and its Associates against any Claim or Liability suffered or incurred by the State or its Associates; and
- (b) **(release)**: releases and will procure that its Associates release the State and its Associates from any Claim,

arising in connection with:

- (c) **(reliance)**: the provision of, or the purported reliance upon, or use of, the Project Information by Project Co, an Associate of Project Co or any other person to whom the Project Information is disclosed by Project Co, an Associate of Project Co or any person on Project Co's or the Associate's behalf; or
- (d) **(representations)**: the matters set out in clauses 50.1(a) to 50.1(e).

51 Ownership of assets and licences to use

51.1 Equipment

- (a) **(Ownership)**: All Equipment will be owned by the State.
- (b) **(Transfer to State)**: Subject to clause 51.1(c), Project Co must ensure that ownership of each item of Equipment transfers to the State:
 - (1) on the date on which Project Co acquires title to the relevant Equipment;
 - (2) without limiting clause 51.1(b)(1), no later than the Date of Final Acceptance;
 - (3) to the extent a Modification occurs in respect of the Maintained Assets following the Date of Final Acceptance, from the completion of the implementation of that Modification; and

- (4) in all cases, free from any Encumbrance other than a Permitted Encumbrance (as each of those terms is defined in the State Security).
- (c) **(Licence):** The State grants Project Co an exclusive licence to use and to permit Project Co's Subcontractors to use the Equipment for the purpose of fulfilling Project Co's obligations under this Agreement. This licence commences in respect of each item of Equipment on the date on which ownership of the relevant Equipment transfers to the State and will terminate at the end of the Term.

51.2 Asset Register

Project Co must prepare and maintain the Asset Register and provide it to the State upon request.

52 Restrictions on Project Co

52.1 Restrictions on Project Co

- (a) **(Restrictions):** Project Co must not:
 - (1) conduct any business other than the Project and the carrying out of its obligations and the exercise of its rights under the Project Documents;
 - (2) acquire or hold any property or incur any liability other than for the purposes of the Project, and must ensure that all assets, property and revenue required for or generated from the Project are and will at all times form part of the assets of Project Co;
 - (3) except as expressly permitted by this Agreement, enter into contracts with the Franchisee, other Consortium Members, any CY Trustee, the Equity Investors or any of their respective Associates;
 - (4) except as expressly permitted by this Agreement, assume or permit to subsist any liability in favour of the Franchisee, other Consortium Members, any CY Trustee, the Equity Investors or any of their respective Associates;
 - (5) be or become a member of any tax consolidated group within the meaning of the *Income Tax Assessment Act 1997* (Cth) or GST group within the meaning of the GST Law;
 - (6) commercialise or derive income from the Project Assets (other than as permitted by clause 37); or
 - (7) permit the CY Trustees to, and must ensure that the CY Trustees do not:
 - (A) in their personal capacity at any time hold any assets relevant to, required for or otherwise in connection with the Project;
 - (B) hold their interest as partners in the Cross Yarra Partnership other than through the CY Trusts;
 - (C) at any time hold any assets or incur any Liability other than as relevant to, required by or otherwise in connection with their role as trustees of the CY Trusts; or

- (D) terminate their respective CY Trust or vest, or permit the vesting of, the capital of the CY Trust in any person, except to the extent of a 'Permitted Equity Distribution' (under and as defined in the Facility Agreement),

without the State's prior consent.

- (b) **(Consent)**: The State must not unreasonably withhold its consent under clause 52.1(a)(3) or clause 52.1(a)(4) if the relevant transaction is on arm's length commercial terms except in relation to any proposed transaction with, or in favour of, the Franchisee, another Consortium Member, or an Equity Investor in which case the State's consent may be withheld in its absolute discretion.

52.2 Project Co name and branding

Project Co must:

- (a) **(Display)**: not display its or its Associate's livery, name/corporate image or brand on the Project Assets, or on any material or assets visible to the public; and
- (b) **(No changes)**: not change its or its Associate's livery, name/corporate image or brand on the Project Assets, or on any material or assets visible to the public, other than to the extent required by Law, or with the prior written consent of the State.

53 Assignment, amendments and change in ownership

53.1 Assignment, amendments to Project Documents and other dealings by Project Co

- (a) **(Restrictions on Project Co)**: Except as expressly permitted by this Agreement, the Finance Direct Deed or the State Security, Project Co must not:
- (1) assign, sell, novate, transfer, (subject to clause 53.2) mortgage or charge, create or allow to exist any security interest over, or otherwise deal with all or any part of its interest in, or obligations under;
 - (2) lease, license, transfer, sell, dispose of, part with possession of, or otherwise deal with;
 - (3) make or permit any amendment to, replacement of or waiver of a provision of;
 - (4) terminate, surrender, rescind or accept repudiation of; or
 - (5) enter into any agreement or arrangement which affects the operation or interpretation of,
- any of the Project Documents (each an **Amendment** for the purpose of this clause 53), the whole or any part of the Construction Areas, Maintenance Areas or the Relevant Infrastructure.
- (b) **(Exceptions)**: Clauses 53.1(a)(3) to 53.1(a)(5) do not apply in respect of:
- (1) a Refinancing, which is to be dealt with in accordance with clause 40; or
 - (2) a Share Capital Dealing, which is to be dealt with in accordance with clauses 53.4 and 53.6.

- (c) **(Notice of intended Amendment):** If Project Co requires an Amendment, it must submit to the State a written request seeking its consent. Such a request must set out:
- (1) the Amendment and the reasons for it;
 - (2) the response or anticipated response of any other party to the Project Documents regarding the Amendment;
 - (3) the response or anticipated response of any assignee or incoming party of the Project Documents to the Amendment; and
 - (4) copies of any documents relevant to Project Co's request.
- (d) **(State to advise):** The State must advise Project Co, within:
- (1) 15 Business Days of receiving its request under clause 53.1(c), that:
 - (A) it consents to the Amendment; or
 - (B) the Amendment is unacceptable to it and the reasons why the Amendment is unacceptable; and
 - (2) 10 Business Days of receiving its request under clause 53.1(c) if it requires further information from Project Co regarding the Amendment, in which case Project Co must provide the additional information sought by the State within a further period of 10 Business Days, and clause 53.1(c) will apply again to that Amendment.
- (e) **(Failure to respond):** If the State fails to respond for any reason within the period specified under clause 53.1(d)(1) in relation to an Amendment in respect of a Project Document, which is not a State Project Document:
- (1) Project Co may send a reminder notice; and
 - (2) if that notice is not responded to within 7 Business Days, the State will be deemed to have given its consent to such Amendment.

53.2 Financiers' securities

Each Project Entity may mortgage or charge its interest under the Project Documents to secure its obligations to any Financier (or the trustee or agent for any Financier) under the Finance Documents, if, and for so long only as, the Financier (or the trustee or agent for the Financier) is a party to the Finance Direct Deed.

53.3 Initial status of ownership

Project Co represents and warrants that, as at Financial Close, it will be indirectly and beneficially owned and Controlled as set out in the Ownership Schedule.

53.4 Restrictions on Share Capital Dealings

Subject to clause 53.6, Project Co must not and must ensure that each Group Member does not:

- (a) **(restrictions on Project Entities):** at any time:
- (1) other than for the purposes of a Distribution permitted by the Equity Documents and the Finance Documents, redeem, repurchase, defease, retire or repay any share capital or units in a Project Entity, a CY Trustee or a CY Trust, or resolve to do so;

- (2) other than in accordance with the Equity Documents and the Finance Documents, issue or agree to issue any share capital or units in a Project Entity, a CY Trustee or a CY Trust;
- (3) issue or agree to issue any warrants or options over any unissued share capital or units in a Project Entity, a CY Trustee or a CY Trust; or
- (4) permit or suffer any change to (or transfer of) the issued share capital or units in a Project Entity, a CY Trustee or a CY Trust, which results in:
 - (A) the Project Entity, the CY Trustee or the CY Trust ceasing to be directly and beneficially wholly owned and controlled by its Holding Entity as set out in the Ownership Schedule; or
 - (B) Project Co ceasing to be owned by the CY Partners in the proportions set out in the Ownership Schedule;
- (b) **(restrictions on Holding Entity):** allow a Holding Entity, at any time, to:
 - (1) other than for the purposes of a Distribution permitted by the Equity Documents and the Finance Documents, redeem, repurchase, defease, retire or repay any share capital or units in a Holding Entity, or resolve to do so;
 - (2) other than in accordance with the Equity Documents and the Finance Documents, issue or agree to issue any share capital or units in a Holding Entity;
 - (3) issue or agree to issue any warrants or options over any unissued share capital or units in a Holding Entity;
 - (4) other than in accordance with the Equity Documents and the Finance Documents, permit or suffer any change to (or transfer of), the issued share capital or units in a Holding Entity which changes the percentage of issued share capital or units owned (legally and/or beneficially) by any Equity Investor; or
 - (5) permit the transfer of unitholder or shareholder loans (or other loans in the nature of equity funding) from an Equity Investor to a party other than one wholly owned and controlled by that Equity Investor;
- (c) **(no Change in Control):** at any time, permit or suffer any Change in Control of a Consortium Member; or
- (d) **(no Change in trustee):** permit or suffer a change in the manager, trustee or responsible entity of any Group Member that is a trust,

(each a **Share Capital Dealing**), without the State's prior consent which must be requested by notice from Project Co to the State.

53.5 State's right to withhold consent

Subject to clauses 53.6(b), 53.7(b) and 53.9, the State may only withhold its consent to a proposed Share Capital Dealing if the State is of the opinion (acting reasonably) that:

- (a) a proposed new Equity Investor or Equity Investors (or any Entity that directly or indirectly Controls that new Equity Investor or Equity Investors):
 - (1) is or are not Solvent and reputable; or
 - (2) has or have an interest or duty which conflicts or may conflict in a material way with the interests of the State; or

- (b) the proposed Share Capital Dealing:
- (1) is against the public interest;
 - (2) would adversely affect the ability or capability of a Project Entity to carry out its obligations in accordance with any Project Document;
 - (3) could lead to a Probity Event;
 - (4) would, in respect of a Change in Control of a Consortium Member (who is not an Equity Investor) result in the Consortium Member being Controlled by an entity that:
 - (A) has an interest or duty which conflicts or may conflict in a material way with the interests of the State; or
 - (B) does not have a sufficient level of financial, managerial and technical capacity to deliver the Project;
 - (5) would have a material adverse effect on the Project;
 - (6) would require Approvals which have not yet been obtained; or
 - (7) would increase the Liability of, or risks accepted by, the State under the State Project Documents or in any other way in connection with the Project.

53.6 Permitted Share Capital Dealings and on-market acquisitions

- (a) **(Permitted Share Capital Dealings):** Project Co may effect, permit, suffer or allow a Permitted Share Capital Dealing at any time without the State's consent, provided that Project Co:
- (1) provides notice to the State of the Permitted Share Capital Dealing as soon as reasonably practicable; and
 - (2) provides the notice under clause 53.6(a)(1) to the State:
 - (A) in respect of any Permitted Share Capital Dealing set out in paragraphs (a) or (d) of the definition of Permitted Share Capital Dealing, not less than 5 Business Days prior to the Permitted Share Capital Dealing; and
 - (B) in respect of any Permitted Share Capital Dealing set out in paragraphs (b) or (c) of the definition of Permitted Share Capital Dealing, not more than 5 Business Days after the Permitted Share Capital Dealing.
- (b) **(On-market acquisitions):** If:
- (1) a Share Capital Dealing by way of a Change in Control occurs due to the transfers of shares or other interests which are listed on a stock exchange; and
 - (2) the consent of the State is required under this Agreement but could not have been obtained prior to the Share Capital Dealing,

that consent must be sought immediately after the Share Capital Dealing, and Project Co must procure that the Controlling Entity ceases to have the Control which resulted in the Change in Control within 60 Business Days after receiving any notice under clause 53.7 that the State does not consent to the Change in Control.

- (c) **(No Major Default):** A Change of Control under clause 53.6(b) will not result in a Major Default unless:
- (1) Project Co could have procured the consent of the State prior to the Share Capital Dealing; or
 - (2) Project Co fails to procure that the Controlling Entity ceases to have the Control which resulted in the Change in Control within 60 Business Days after the State gives notice under clause 53.7 that the State does not consent to the Change in Control.

53.7 Consent to a Share Capital Dealing

The State must advise Project Co, within 10 Business Days (or such longer period as the State reasonably requests given the nature of the proposed Share Capital Dealing) of receiving Project Co's request for consent in accordance with clause 53.4 or 53.6, whether:

- (a) **(consent):** it consents to the Share Capital Dealing;
- (b) **(unacceptable):** subject to clause 53.5, the Share Capital Dealing is unacceptable to it and the reasons why the Share Capital Dealing is unacceptable; or
- (c) **(further information):** it requires further information from Project Co regarding the Share Capital Dealing, in which case Project Co must provide the additional information sought by the State within a further period of 10 Business Days, after which the State must respond in terms of clause 53.7(a) or 53.7(b) within 10 Business Days.

53.8 Costs relating to a Share Capital Dealing

Project Co must pay the State its costs (including legal and financial advisers' fees) reasonably incurred in relation to considering or consenting to a proposed Share Capital Dealing.

53.9 Designated Investor

Project Co must ensure that each Designated Investor continues to hold at least 50% of the percentage set out in the Ownership Schedule of the total issued securities in the relevant Holding Entity directly (or indirectly via an Equity Associate of the Designated Investor) and in Project Co indirectly (through its, or its Equity Associate's holding of issued securities in the relevant Holding Entity) until the second anniversary of the Date of Final Acceptance.

53.10 Assignment by the State

- (a) **(Project Co consent required):** Subject to clause 53.10(b), the State may not sell, transfer or assign or otherwise dispose of all or any part of its interest in the State Project Documents without the prior consent of Project Co.
- (b) **(No consent required):** The State may sell, transfer or assign or otherwise dispose of all or any part of its interest in the State Project Documents without Project Co's consent, if:
 - (1) it has provided Project Co with details of the proposed transferee and the terms and conditions of the proposed transfer;

- (2) the proposed transferee is an Authority (including any Minister) which is an agent of, or the obligations of which are supported by, the Crown in the right of the State of Victoria; and
- (3) the proposed transferee has agreed to be bound by the relevant State Project Documents.

53.11 No change in Cross Yarra Partnership

Project Co must not and must ensure that each Group Member does not allow any change to the CY Partners that results in a change to the membership of the Cross Yarra Partnership.

54 Financial Model

54.1 Provision of the Base Case Financial Model

Project Co must provide to the State Representative on Contract Close Project Co's audited financial model for the Project as at that date in the form and substance approved by the State (**Base Case Financial Model**).

54.2 Status of the Financial Model

The State must not be adversely affected by any ambiguities, discrepancies, inconsistencies, conflicts, errors or omissions in the Financial Model, or by the fact that it may not reflect the actual financial performance or the projected performance or budgets of the Project or Project Co and is purely a model to be used for the purposes set out in clause 54.8.

54.3 Varying the Financial Model

The Financial Model must be varied in accordance with this clause 54 upon the occurrence of any of the following events (each a **Model Variation Event**):

- (a) (**Refinancing**): a Refinancing;
- (b) (**Change Compensation Event**): a Change Compensation Event which results in a permanent adjustment, or any other permanent adjustment, to the Quarterly Service Payment expressly provided for in this Agreement;
- (c) (**SMPC State Notice**): the issue of a SMPC State Notice in accordance with clause 34A.2(a);
- (d) [not disclosed]; and
- (e) (**Agreed Events**): any other event which Project Co and the State agree to be a Model Variation Event.

54.4 Principles for variations to the Financial Model

When a Model Variation Event occurs, the Financial Model will be varied by taking into account only the amounts determined in accordance with this Agreement including the Change Compensation Principles, as agreed between the State and Project Co, or as determined in accordance with clauses 46 to 47.

54.5 Procedures for variations to the Financial Model

Any variation to the Financial Model to take account of a Model Variation Event must be made as follows:

- (a) **(Project Co proposal)**: Project Co must propose the variation by notice to the State Representative within 15 Business Days of the Model Variation Event occurring, giving full details of the assumptions and calculations used;
- (b) **(review)**: the review of the varied Financial Model must be undertaken in accordance with the Review Procedures; and
- (c) **(amendment)**: once the variation to the Financial Model is agreed or determined, Project Co must promptly amend the Financial Model accordingly, and the parties agree that each other element of this Agreement which is directly derived from the Financial Model or Model Output Schedule will be updated to reflect the varied Financial Model.

54.6 Access to information

Project Co must provide the State Representative and any other authorised representatives of the State with:

- (a) **(varied Financial Model)**: full access to electronic copies of the varied Financial Model;
- (b) **(log)**: a log of all changes that have been made to the Financial Model;
- (c) **(calculations)**: all supporting calculations; and
- (d) **(other information)**: any other information reasonably requested by the State, for a Model Variation Event, including reasonable access to any financial modeller (including Project Co's financial modeller) with ability to access that information, and relevant passwords or other access information.

54.7 Auditing the Financial Model

- (a) **(Model auditors)**: The State Representative may at any time appoint a model auditor to audit the Financial Model and:
 - (1) the results of the audit must be disclosed to both the State and Project Co; and
 - (2) to the extent any inconsistency, ambiguity, discrepancy, conflict, error or omission is revealed in the audit by the State, Project Co must promptly correct the Financial Model accordingly.
- (b) **(Costs)**: If an audit by the State Representative results in a correction to the Financial Model, Project Co must pay the reasonable costs of the State in conducting the audit, but, if not, the State must bear the costs of the audit.

54.8 Custody of Financial Model

- (a) **(Custody)**: The Financial Model must be held in escrow from Financial Close for the Term by the Escrow Agent on the terms of the Escrow Agreement, and on the basis that it must be released to both parties for the purposes of:
 - (1) varying the Financial Model on the occurrence of Model Variation Events;
 - (2) the calculation of Termination Payments;

- (3) the determination of any Dispute in accordance with clauses 46 to 47; and
 - (4) the State Representative exercising its audit rights in accordance with clause 54.7.
- (b) **(Costs):** The costs of the Escrow Agent must be borne equally by Project Co and the State in accordance with the Escrow Agreement.

54.9 Replacement of Escrow Agent

- (a) **(Replacement):** If the Escrow Agent:
- (1) refuses or fails to carry out the Escrow Agent's obligations in accordance with the Escrow Agreement or is otherwise unable to perform the Escrow Agent's functions under the Escrow Agreement; or
 - (2) is in material breach of the terms of the Escrow Agreement,
- the State and Project Co must replace the Escrow Agent with another escrow agent, on substantially the same terms as the existing Escrow Agreement.
- (b) **(Notification):** A party must notify the other party within 5 Business Days after it becomes aware of any event identified in clause 54.9(a)(1) or 54.9(a)(2). The State Representative and Project Co must meet promptly thereafter to agree on the identity of the replacement escrow agent willing to act on substantially the same terms as the existing Escrow Agreement.
- (c) **(Appointment):** If the State and Project Co cannot agree on the selection of a replacement escrow agent willing to act on substantially the same terms as the existing Escrow Agreement, within 10 Business Days after a party becomes aware of any event identified in clauses 54.9(a)(1) or 54.9(a)(2), the State Representative must request the President of the Institute of Chartered Accountants in Australia (Victorian Branch) to appoint a person with the appropriate qualifications, skills and experience in all relevant areas of expertise to carry out the obligations of an escrow agent in accordance with an escrow agreement on substantially the same terms as the existing Escrow Agreement.

55 Records and accounts

55.1 Accounting records

- (a) **(Proper books of account):** Project Co must keep proper books of account and all other records (**Accounts and Records**) it has relating to the Project at its offices, and must ensure that each other Group Member, the D&C Subcontractor (during the D&C Phase) and the Maintenance Subcontractor (during the Maintenance Phase) does likewise.
- (b) **(Annual audit):** Project Co must have its accounts audited annually on both an unconsolidated basis and on a consolidated basis (to the extent that Project Co is part of a consolidated entity, within the meaning of the Corporations Act) and must ensure that each other Group Member, the D&C Subcontractor (during the D&C Phase, and to the extent the D&C Subcontractor is part of a consolidated entity, on a consolidated basis only) and the Maintenance Subcontractor (during the Maintenance Phase, and on a consolidated basis only) does likewise.

- (c) **(Accounting principles):** Project Co must ensure that its Accounts and Records are prepared in accordance with the Corporations Act and generally accepted Australian accounting principles and practices consistently applied, and fairly represent its operations and financial condition or consolidated financial position (as the case may be) and must ensure that each other Group Member does likewise.
- (d) **(Availability of accounting records):** Project Co must ensure that its Accounts and Records are available to the State and any person authorised by the State at any time during Business Hours (subject to receiving 2 Business Days' notice from the State) during the Term for examination, audit, inspection, transcription and copying, and must ensure that each other Group Member does likewise.
- (e) **(Availability of accounting records if Agreement is terminated):** Without limiting its obligations in accordance with clause 32, if this Agreement is terminated, Project Co must give to the State and, to the extent directed by the State, to Associates of the State access to all of its Accounts and Records which are necessary for the carrying out of the Project Activities, and must ensure that each other Group Member does likewise.
- (f) **(Access to group members' accounting records):** The State must give Project Co access to any Accounts and Records given to it by a Group Member for a period of 7 years after the date they are given.

55.2 Cost to complete information

Project Co must give to the State the same information required to be given to any Financier in accordance with the Finance Documents in relation to the costs to complete construction of the Works, at such times as are required in accordance with the Finance Documents, and must ensure that each other Group Member does likewise.

55.3 Financial statements

- (a) **(financial statements):** As soon as practicable (and in any event not later than 120 days) after the close of each Financial Year, Project Co must give to the State:
 - (1) certified copies of the consolidated (if applicable) and unconsolidated audited financial statements for the previous Financial Year for Project Co and Finance Co;
 - (2) certified copies of the unconsolidated unaudited financial statements for the previous Financial Year for each CY Trustee; and
 - (3) if requested by the State:
 - (A) the consolidated (to the extent the D&C Subcontractor is part of a consolidated entity) and unconsolidated audited financial statements for the previous Financial Year for the D&C Subcontractor (during the D&C Phase); and
 - (B) the consolidated audited and unconsolidated unaudited financial statements for the previous Financial Year for the Maintenance Subcontractor (during the Maintenance Phase).
- (b) **(Cashflow and profit and loss statements):** Not later than 30 days after the end of each Quarter, Project Co must give to the State certified copies of cashflow and profit and loss statements, and must ensure that Finance Co does likewise.

55.4 Other information

Project Co must give to the State the following information:

- (a) **(ASIC and ASX disclosures)**: copies of all documents or information given or received by any Group Member to or from the Australian Securities & Investments Commission or Australian Stock Exchange Limited, promptly after the information is first given or received;
- (b) **(changes to counterparty details)**: details of any changes to the Counterparty Details within 20 Business Days after the change; and
- (c) **(other information)**: such other information relating to the Project as the State may reasonably require from time to time including any reports prepared by, or on behalf of, Project Co in relation to the Project Activities.

56 Intellectual Property Rights

The parties rights and obligations in relation to Intellectual Property are set out in the Intellectual Property Schedule.

57 Confidential Information and disclosure

57.1 Confidential Information and disclosure by the State

- (a) **(Public Disclosure Obligations)**: The State or any Authority may disclose any information in connection with the Project (including any Confidential Information):
 - (1) in accordance with Laws;
 - (2) to satisfy the disclosure requirements of the Victorian Auditor-General;
 - (3) to satisfy the requirements of Parliamentary accountability;
 - (4) where the disclosure is in the course of the official duties of VicRoads, the Department of Economic Development, Jobs, Transport and Resources, the Secretary, the Victorian Minister for Public Transport or the Treasurer of Victoria;
 - (5) to VicTrack, local councils, any Associate of the State or any person authorised or nominated by the State to the extent necessary for the purpose of the Project, Metro Tunnel or the broader transport network provided they agree to maintaining the confidentiality of any Confidential Information;
 - (6) in annual reports of the State;
 - (7) in accordance with policies of the Victorian Government; or
 - (8) to satisfy any other recognised public requirement,**(Public Disclosure Obligations)** and Project Co must use all reasonable endeavours to assist the State or an Authority in meeting its Public Disclosure Obligations.

- (b) **(Other purposes):** The State or any Authority may disclose any information in connection with the Project (including any Confidential Information, but excluding the Finance Documents and Equity Documents) in connection with:
 - (1) the State selling, transferring, assigning or otherwise disposing of, re-franchising, contracting or otherwise dealing with all or any part of the Franchisee business (**Re-franchising**); and
 - (2) the requirements of the State Project Documents (including any tender process required to be conducted under the Termination Payments Schedule or the Change Compensation Principles).
- (c) **(Major Projects Skills Guarantee)** The State and the Department of Economic Development, Jobs, Transport and Resources may disclose statistical information contained in the Compliance Plan and the measures of Project Co's compliance with the Compliance Plan.
- (d) **(State's rights):** Subject to clause 57.1(e), in meeting its Public Disclosure Obligations or as otherwise considered necessary by the State the State may publish, disclose or make generally available each Project Document on a Victorian Government website.
- (e) **(Commercially sensitive information):** The State will not publish, disclose or otherwise make generally available the information which is specified in the Confidential Information Schedule (including the Financial Model), except if required to do so to comply with the Public Disclosure Obligations or as required under clause 57.1(b).
- (f) **(Exercise of Licence):** Nothing in this Agreement prevents the State and any sublicensees using or disclosing any information (including Confidential Information) to extent necessary or desirable for, or in connection with, the exercise of any licence granted under clause 56.

57.2 Confidential Information and disclosure by Project Co

- (a) **(Confidentiality obligation):** Subject to clause 57.2(b), Project Co must treat as secret and confidential all Confidential Information in connection with this Agreement and any other State Project Document.
- (b) **(Disclosure of Confidential Information):** Without limiting Project Co's obligation under clause 57.2(a) and subject to clause 57.2(c), Project Co may disclose Confidential Information to:
 - (1) its Associates to the extent necessary for the purpose of undertaking the Project; or
 - (2) a Rail Franchisee to the extent necessary for the purpose of undertaking the Project and to comply with its obligations under the Rail Franchisee Cooperation Agreements and the Rail Franchisee Arrangements; or
 - (3) any Financier, prospective financier or equity investor of the Project, subject to the State having been provided necessary information in respect of the proposed parties and having carried out any Probity Investigation that the State considers necessary.
- (c) **(Confidentiality deed):** Before disclosing any Confidential Information, Project Co must ensure that the person to whom the information is disclosed:
 - (1) except to the extent the person to whom information is disclosed is a Rail Franchisee Interface Party, enters into a confidentiality deed with Project Co on terms reasonably acceptable to the State; and

- (2) to the extent the person to whom information is disclosed is a Rail Franchisee Interface Party, the Rail Franchisee Interface Party agrees to comply with its confidentiality obligations under the relevant Rail Franchisee Cooperation Agreement.

57.3 Disclosure by Project Co

- (a) **(Project Co's disclosure obligations):** Subject to clause 57.3(b), Project Co must:
 - (1) not make any public disclosures, announcements or statements in relation to the Project or the State's or any of the State's Associates' involvement in the Project without the State's prior consent;
 - (2) comply with any terms and conditions the State imposes and must use all reasonable endeavours to agree with the State the wording and timing of all public disclosures, announcements or statements by it or any of its Associates relating to the Project or the State's or any of the State's Associates' involvement in the Project before the relevant disclosure, announcement or statement is made; and
 - (3) as soon as practicable, give to the State a copy of any public disclosure, announcement or statement agreed to or approved by the State in accordance with this clause 57.3(a) or for which the State's consent or approval was not required in accordance with clause 57.3(b).
- (b) **(Permitted disclosure):** For the purposes of clause 57.3(a), Project Co will not be required to obtain the State's consent or approval to the extent that any disclosure, announcement or statement is:
 - (1) required by Law, provided that it:
 - (A) notifies the State of the requirement to make that disclosure; and
 - (B) takes all reasonable steps to minimise the extent of the disclosure and to ensure the information is disclosed on a basis that the recipient agrees to maintain the confidentiality of the information;
 - (2) required to obtain legal or other advice from its advisers;
 - (3) required to be made to a court in the course of proceedings to which Project Co is a party;
 - (4) required by a relevant stock exchange, subject to:
 - (A) such disclosure, announcement or statement not referring to the State's or any of its Associates' involvement in the Project; and
 - (B) Project Co having used all reasonable endeavours to obtain the State's consent within a timeframe sufficient to allow it to meet the timeframe imposed by the relevant stock exchange; or
 - (5) a disclosure by:
 - (A) the Train Franchisee Interface Party made in accordance with clause 21.3(c) of the Train Franchisee Cooperation Agreement; or

- (B) the Tram Franchisee Interface Party made in accordance with clause 16.3(c) of the Tram Franchisee Cooperation Agreement.

57.4 Government procurement

Without limiting any other clause in this Agreement, Project Co must provide all assistance, information and documents to the State, as reasonably requested by the State, in relation to the State selling, transferring, assigning, disposing of, re-franchising, contracting or otherwise dealing with all or any part of the Train Franchisee Arrangements or the Train Franchisee business.

58 Privacy

58.1 Privacy Principles

- (a) **(Privacy Principles):** Project Co agrees to, and will ensure that any Subcontract contains terms which require the Subcontractor to, be bound by the Privacy Principles and any applicable Privacy Code with respect to any act done, or practice engaged in, by it in connection with this Agreement or for the Subcontract (as the case may be), in the same way as the State would be bound by the Privacy Principles and any applicable Privacy Code, in connection with that act or practice had it been directly done or engaged in by the State.
- (b) **(Release and indemnity):** Project Co must release, indemnify and must keep indemnified on demand the State and its Associates from and against any Claim or Liability (including any Claim made by, or Liability to, a third party) which the State or any of its Associates suffer or incur resulting from any act done or practice engaged in by Project Co or any Subcontractor in connection with this Agreement or the Subcontract (as the case may be), which would, had that act or practice been done or engaged in by the State, have contravened one or more of the Privacy Principles or any applicable Privacy Code.

58.2 Public Sector Data

- (a) **(Obligations):** Notwithstanding any other provision of this Agreement, Project Co must:
 - (1) provide all reasonable assistance, information and documents to the State in relation to MMRA's Security Risk Profile Assessment and Protective Data Security Plan, and the Public Sector Privacy Act;
 - (2) in relation to any Public Sector Data and Public Sector Data Systems, make itself aware of, comply with and ensure its Associates comply with the requirements of the Public Sector Data Security Standards as if it were a Public Sector Agency;
 - (3) collect, hold, manage, use, disclose and transfer Public Sector Data only:
 - (A) for the purposes of the Project Activities;
 - (B) in a manner consistent with the MMRA's Protective Data Security Plan; and

- (C) in accordance with all other requirements reasonably necessary to comply with the Public Sector Privacy Act and Public Sector Data Security Standards;
 - (4) ensure that design and function of the Project Assets is consistent with the Public Sector Data Security Standards and the MMRA's Protective Data Security Plan;
 - (5) immediately notify, and provide all reasonable assistance to the State in the event of a Public Sector Data Incident;
 - (6) comply with any recommendation or direction of the Commissioner for Privacy and Data Protection in relation to the Public Sector Privacy Act and the Public Sector Data Security Standards; and
 - (7) on termination or expiry of this Agreement, return to the State or securely destroy (at the State's election) all copies or other records containing Public Sector Data.
- (b) **(Survival):** This clause 58.2 survives expiry or termination of this Agreement until Project Co and all of its Associates cease to hold any Public Sector Data.

59 Taxes

59.1 GST General

- (a) **(GST exclusive amounts):** Unless otherwise expressly stated, all amounts referred to in this Agreement or any Project Document are exclusive of GST.
- (b) **(GST payable by Supplier):** If GST becomes payable on any Taxable Supply made by a party (**Supplier**) under or in connection with this Agreement:
 - (1) any amount payable or consideration to be provided in accordance with any other provision of this Agreement for that supply (**Agreed Amount**) is exclusive of GST;
 - (2) an additional amount will be payable by the party which is the recipient of the Taxable Supply (**Recipient**), equal to the amount of GST payable on that Taxable Supply as calculated by the Supplier in accordance with the GST Law, which will be payable at the same time and in the same manner as for the Agreed Amount; and
 - (3) the Supplier will provide a Tax Invoice to the Recipient in connection with that supply, either at the time expressly set out in any other provision of this Agreement or no later than the time at which the Agreed Amount for that Taxable Supply is to be provided in accordance with this Agreement. The Recipient is not obliged to pay any amount in accordance with this clause 59.1(b) unless and until a Tax Invoice is received by the Recipient in connection with the Taxable Supply except where the Recipient is required to issue the Tax Invoice.
- (c) **(Variation in GST payable):** If for any reason, the GST payable by the Supplier in connection with a supply it makes under or in connection with this Agreement (incorporating any increasing adjustments or decreasing adjustments relating to that supply) varies from the additional amount it received from the Recipient under clause 59.1(b) in connection with that supply, the Supplier will provide a refund or credit to, or will be entitled to receive from, the Recipient (as

appropriate) the amount of this variation. Where an adjustment event occurs in relation to a supply and except where the Recipient is required to issue the Adjustment Note:

- (1) the Supplier will issue an Adjustment Note to the Recipient in connection with that supply within 14 days after becoming aware of that adjustment event occurring; and
 - (2) no additional amount will be payable by the Recipient unless and until an Adjustment Note is received by the Recipient.
- (d) **(GST ceasing to be payable):** No amount is payable by a party in accordance with clause 59.1(b) or 59.1(c) to the extent that the GST to which the amount relates has ceased to be payable by or refundable to the Supplier by the Commissioner of Taxation under the GST Law.
- (e) **(Expert Determination):** If the Recipient is dissatisfied with any calculation to be made by the Supplier in accordance with this clause 59.1 the Recipient may, at its own expense and after notifying the Supplier accordingly, refer the matter to an independent expert nominated by the President of the Institute of Chartered Accountants for expert determination, which will be final and binding on all parties (except in the case of manifest error). The expert will act as an expert and not as an arbitrator and must take into account the terms of this Agreement, the matters required to be taken into account by the Supplier in accordance with this clause 59 and any other matter considered by the expert to be relevant to the determination. The parties release the expert from any liability in acting as an expert, except in the case of fraud on the part of the expert.
- (f) **(Revenue net of GST):** Any reference in this Agreement or any Project Document to price, value, sales, revenue, profit or a similar amount (**Revenue**), is a reference to the GST exclusive component of that Revenue, unless the contrary intention is expressed.
- (g) **(Cost net of GST):** Any reference in this Agreement or any Project Document to cost, expense, liability or other similar amount (**Cost**) of a party, is a reference to that Cost reduced by the Input Tax Credits to which the party is entitled in respect of such Cost, unless the contrary intention is expressed.
- (h) **(State Contributions, State Maintenance Phase Contribution, Final D&C Phase Payment and Final D&C Phase Modification Payment):**
Notwithstanding any other provision of this clause 59.1:
- (1) the parties intend that the State will not bear any net costs (including funding costs arising from timing differences) in respect of GST payable on any Taxable Supply to which the State Contributions, the State Maintenance Phase Contribution, the Final D&C Phase Payment or a Final D&C Phase Modification Payment relate;
 - (2) the parties will use their reasonable endeavours to obtain and implement an agreement by the Commissioner to offset, in the parties' running balance accounts, Project Co's liability to pay GST on a Taxable Supply to which the State Contributions, the State Maintenance Phase Contribution, the Final D&C Phase Payment or a Final D&C Phase Modification Payment relate and the State's entitlement to Input Tax Credits for a Creditable Acquisition to which the State Contributions, the State Maintenance Phase Contribution, the Final D&C Phase Payment or a Final D&C Phase Modification Payment relate. The setting off by the Commissioner of the amounts in the parties' running balance accounts will be taken to satisfy any obligation of the State to pay to Project Co an amount in respect of

- GST on the relevant Taxable Supply (whether or not the amount set-off is equal to the whole of that GST);
- (3) Project Co must, on or before the Date of Provisional Acceptance, issue the State a Tax Invoice for any Taxable Supply to which the relevant State Contribution, State Maintenance Phase Contribution, Final D&C Phase Payment or Final D&C Phase Modification Payment relates in accordance with clauses 33.3(a), 34.3(a), 34A.1(a), 35A.1(a) or 35A.2(a) (as applicable);
 - (4) the State is not obliged to make a payment to Project Co in respect of GST in respect of a Supply to which a State Contribution, a State Maintenance Phase Contribution, a Final D&C Phase Payment or a Final D&C Phase Modification Payment relates on a payment date in accordance with clause 33.4, 34.1(b), 34A.1(a), 35A.1(a), 35A.2(a) or (as applicable) until it has (acting reasonably and in accordance with clause 59.1(h)(2)) received the benefit of an Input Tax Credit for such GST (by the Input Tax Credit being offset against a GST or other tax liability, credited to the State's running balance account, being refunded to the State or a combination of the above);
 - (5) if the State is denied an Input Tax Credit by the Australian Tax Office, a Court or other appropriate Government Agency for all or part of the GST in respect of a State Contribution, a State Maintenance Phase Contribution, a Final D&C Phase Payment or a Final D&C Phase Modification Payment, Project Co must reimburse the State for any relevant GST it has paid in excess of its Input Tax Credit entitlement and indemnify the State for an amount equal to any penalty or interest as a result of claiming an Input Tax Credit for the whole of the GST on that State Contribution, State Maintenance Phase Contribution, Final D&C Phase Payment or Final D&C Phase Modification Payment;
 - (6) if clause 59.1(h)(5) applies, the State will cooperate with Project Co as reasonably required by Project Co to enable the State and Project Co to discuss with the Australian Tax Office the reasons for the denial of an Input Tax Credit and will take reasonable steps, as reasonably directed by Project Co, to dispute the denial (provided that the obligation to dispute is not a condition precedent to the operation of clause 59.1(h)(5)). Project Co indemnifies the State for its costs incurred in disputing any denial of an Input Tax Credit;
 - (7) if as a result of clause 59.1(h)(6), the State's entitlement to an Input Tax Credit is increased, the State will promptly pay to Project Co an amount equal to that increase together with any interest to which the State is entitled in relation to that amount;
 - (8) the State must take all reasonable steps to ensure it (or the State entity that is treated as making the supplies and acquisitions under the State Project Documents for GST purposes) receives the benefit of the Input Tax Credit from the Australian Taxation Office as quickly as possible, including:
 - (A) claiming the Input Tax Credit in the 'Business Activity Statement' for the Tax Period to which the Input Tax Credit is attributable;
 - (B) lodging the Business Activity Statement in which the Input Tax Credit is reported no later than the due date for that Business Activity Statement;

- (C) forwarding any queries or correspondence from the Commissioner in respect of that Business Activity Statement (but only to the extent that the queries or correspondence relates to the relevant Input Tax Credit) to Project Co; and
 - (D) promptly informing Project Co of any delays or other related issues in respect of the Input Tax Credit;
 - (9) if at any time this Agreement is terminated, the obligation of the State to pay Project Co any amount in accordance with clauses 59.1(h)(4) and 59.1(h)(7) continues in full force and effect and is an obligation separate, independent and additional to the State's obligation to make a termination payment in accordance with clause 45.7. Notwithstanding the termination of this Agreement, the State is obliged to use reasonable endeavours to obtain the Input Tax Credit and to pay to Project Co each amount in accordance with clauses 59.1(h)(4) and 59.1(h)(7); and
 - (10) if at any time this Agreement is terminated, the obligation of Project Co to pay the State any amount in accordance with clause 59.1(h)(5) continues in full force and effect.
- (i) **(Recipient Supply):** To the extent that the consideration provided for the Supplier's taxable supply to which clause 59.1(b) applies is a taxable supply made by the Recipient (**Recipient Supply**), then:
 - (1) the additional amount for GST that would otherwise be payable by the Recipient to the Supplier in accordance with clause 59.1(b)(2) shall be reduced by the amount of GST payable by the Recipient on the Recipient Supply; and
 - (2) the Recipient must issue to the Supplier a tax invoice for any Recipient Supply at the same time that the Supplier is required to issue a tax invoice to the Recipient for the Supplier's corresponding taxable supply pursuant to clause 59.1(b)(3).
- (j) **(General obligation):** Each party agrees to do all things, including providing Tax Invoices and other documentation, that may be necessary or desirable to enable or assist the other party in determining its GST payable on any supply made by that other party in connection with this Agreement, or any Input Tax Credits, adjustments or refunds in relation to any amount of GST paid or payable in connection with any supply made in connection with this Agreement.
- (k) **(GST Groups):** For the purposes of this Agreement, a reference to GST payable on a Taxable Supply made by a party includes any corresponding GST payable by the representative member of any GST group of which that party is a member and a reference to an Input Tax Credit entitlement of a party includes any corresponding Input Tax Credit entitlement of the representative member of any GST group of which that party is a member, and if a party to this Agreement makes a Taxable Supply by virtue of entering into or performing this Agreement and the 'recipient' of that Taxable Supply (within the meaning of the GST Act) is an Associate of another party to this Agreement (which for this purpose includes, in relation to the State, the Secretary), that other party to this Agreement will be obliged either to pay the amount referred to in clause 59.1(b)(2) or procure that the actual recipient pays the relevant amount, and the payer of that amount shall be the 'Recipient' for the purposes of this clause 59.1 in relation to the relevant Taxable Supply.
- (l) **(Agreement to prevail):** If, but for this clause 59.1(l), a GST clause in another Project Document would apply in connection with a Taxable Supply to which

this clause 59.1 also applies, then this clause 59.1 will apply in connection with that supply and the GST clause in the other Project Document will not apply.

- (m) **(Definitions):** In this clause 59.1 unless otherwise defined in this Agreement, terms used have the meanings given to them in the GST Law.

59.2 General liability for Taxes

- (a) **(Payment):** Subject to the Relevant Legislation, as between the State and Project Co, Project Co bears the risk of, and must pay, all Rates and Taxes incurred or imposed in connection with:
- (1) the Project;
 - (2) payments, income or net income received or receivable by any Group Member;
 - (3) the execution, stamping and registration of any Project Document;
 - (4) the performance of any Project Document and each transaction effected by or made under or in connection with any Project Document, including the Project Activities;
 - (5) any amendment to, or any consent, approval, waiver, release, surrender or discharge of or under any Project Document;
 - (6) any transaction, assignment, transfer or other dealing by or in relation to a Group Member (including dealings in the shares or other interest in a Group Member), whether or not related to the Project or the Project Documents, including in connection with a Change in Control or Share Capital Dealing and any Refinancing; and
 - (7) any Site,
- except as provided in clause 59.1.
- (b) **(Indemnity):** Project Co must indemnify the State against any Claim or Liability arising in connection with the Rates and Taxes which Project Co is required to pay in accordance with clause 59.2(a).

60 Local Industry Development Plan

60.1 Local Industry Development Plan (LIDP)

- (a) **(Compliance):** Project Co must, in carrying out its obligations in accordance with this Agreement, comply with the LIDP and meet the Local Content Requirements.
- (b) **(Application of LIDP):** Project Co acknowledges and agrees that its obligations as set out in the LIDP apply during the Term and until all of its reporting obligations as set out in clause 60.3 are fulfilled.

60.2 Revised LIDP

- (a) **(Revised LIDP):** If at any time:
- (1) a variation to this Agreement or Modification is proposed which involves or effects a change in the nature of any Contestable Items;

- (2) following receipt of a report from Project Co submitted in accordance with clause 60.3(b), the State or the Independent Reviewer notifies Project Co that it is not satisfied that:
 - (A) Project Co has met the Local Content Requirements; or
 - (B) Project Co will be able to meet the aggregate Local Content Requirements; or
- (3) Project Co considers that the requirements of the LIDP are not being met,

Project Co must:

- (4) prepare a revised LIDP which demonstrates Project Co's ability to meet the aggregate Local Content Requirements in collaboration with and certified by ICN; and
- (5) submit the revised LIDP to the State and the Independent Reviewer for review in accordance with the Review Procedures,

(Revised LIDP).

- (b) **(Provision of Revised LIDP):** When requested by the State, Project Co must provide the Revised LIDP within the time stated in the State's request.
- (c) **(Variation):** The Revised LIDP must be agreed by the parties before any variation to this Agreement can take effect unless the parties agree that a Revised LIDP is unnecessary.
- (d) **(Replacement):** Once the Revised LIDP is agreed by the parties, the Revised LIDP replaces the LIDP in the VIPP Schedule and forms part of this Agreement.

60.3 Reporting

- (a) **(Records):** Project Co must prepare and maintain records demonstrating its compliance with the LIDP.
- (b) **(Reporting):** Project Co must provide to the State:
 - (1) the LIDP Monitoring Table in the form set out in VIPP Schedule detailing:
 - (A) Project Co's aggregate compliance with the LIDP; and
 - (B) identifying and explaining any departures from the LIDP; and
 - (2) a statutory declaration made by a director of Project Co or Project Co's Chief Executive Officer or Chief Financial Officer declaring that the information contained in the LIDP Monitoring Table is true and accurate, in the form of and executed in accordance with the form set out in the VIPP Schedule,annually, and:
 - (3) on the earlier of Provisional Acceptance and 1 month after the Date for Provisional Acceptance; and
 - (4) on Final Acceptance.
- (c) **(Further information):** At the request of the State, Project Co must provide further information or explanation of any departures from the LIDP as reported in the LIDP Monitoring Table.

60.4 Adjustment of Quarterly Services Payments

- (a) **(Certification by the Independent Reviewer):** On the Date of Provisional Acceptance, the Independent Reviewer must certify:
- (1) the percentage of Local Content (ANZ) used by Project Co to the Date of Provisional Acceptance in undertaking the D&C Activities; and
 - (2) the percentage of the Project Co D&C Phase Workforce to the Date of Provisional Acceptance which was comprised of Priority Jobseekers undertaking D&C Activities in Victoria, calculated as an Annualised Employee Equivalent against the Project Co D&C Phase Workforce,
- by issuing a certificate in the form set out in the Schedule of Certificates and Notices.
- (b) **(State's entitlement to adjustment):** Without limiting clause 35.2 or clause 61.3 if, at the Date of Provisional Acceptance, Project Co has not met:
- (1) the aggregate Local Content Requirements to the Date of Provisional Acceptance; or
 - (2) the Priority Jobseekers' Requirements to the Date of Provisional Acceptance,
- each as determined in accordance with clause 60.4(a), the State will be entitled to adjust the Quarterly Service Payment to the extent and in the manner described in section 2 of the Payment Schedule.
- (c) **(Calculation of adjustment):** The parties acknowledge and agree that:
- (1) the adjustment referred to in clauses 60.4(b):
 - (A) will be calculated in accordance with the formula set out in section 2 of the Payment Schedule; and
 - (B) the formula has been agreed by the parties in good faith and the adjustment resulting from its application is a genuine pre-estimate of the anticipated or actual Liability the State will suffer if Project Co fails to meet the aggregate Local Content Requirements or the Priority Jobseekers' Requirements (as relevant) to the Date of Provisional Acceptance;
 - (2) each party wishes to avoid the difficulties of proof of damages in connection with a failure by Project Co to meet the aggregate Local Content Requirements or the Priority Jobseekers' Requirements to the Date of Provisional Acceptance; and
 - (3) the adjustment to be made in accordance with clause 60.4(b) is reasonable and is not intended as a penalty.
- (d) **(State's entitlement to common law damages):** Notwithstanding clause 60.4(e), to the extent that all or any part of this clause 60.4 is found for any reason to be void, invalid, unenforceable or otherwise inoperative so as to disentitle the State from adjusting the Quarterly Service Payments in accordance with clause 60.4(b), the State will be entitled to recover common law damages for the failure by Project Co to meet the aggregate Local Content Requirements or the Priority Jobseekers' Requirements but Project Co's Liability for such damages will not be any greater than the Liability which it would have had if this clause 60.4 had not been void, invalid, unenforceable or otherwise inoperative.

- (e) **(Sole remedy):** Subject to clause 35.3(c) and clause 60.4(d), reduction of the Quarterly Service Payments in accordance with clause 60.4(b) will be the State's sole financial remedy for a failure by Project Co to meet the aggregate Local Content Requirements or the Priority Jobseekers' Requirements to the Date of Provisional Acceptance.

60.5 Verification of Project Co's compliance with LIDP

- (a) **(Review of performance):** Project Co must:
 - (1) permit the State from time to time to undertake a review of Project Co's performance in accordance with the LIDP; and
 - (2) ensure that its Associates give all reasonable assistance to any person authorised by the State to undertake such audit or inspection.
- (b) **(Authorisations):** Project Co acknowledges and agrees that the State, the State Representative and ICN are authorised to obtain information from any relevant persons, firms or corporations, including third parties, regarding Project Co's compliance with the LIDP.
- (c) **(Additional obligations):** The obligations set out in this clause 60.4 are in addition to and do not derogate from any other obligation under this Agreement.

60.6 Use of LIDP information

Project Co acknowledges and agrees that:

- (a) **(assessment):** ICN will assess Project Co's performance against the LIDP; and
- (b) **(disclosure):** the statistical information contained in the LIDP and the LIDP Monitoring Table may be:
 - (1) included in the State's report of operations under Part 7 of the *Financial Management Act 1994 (Vic)* in respect of the State's compliance with the LIDP in the financial year to which the report of operations relates;
 - (2) provided to the Responsible Minister for the VIPP for inclusion in the Responsible Minister for VIPP's report to the Parliament for each financial year on the implementation of the LIDP during that year; and
 - (3) disclosed in the circumstances set out in clauses 60.3 and 57.1 or as otherwise required by Law.

61 Major Projects Skills Guarantee

61.1 Major Projects Skills Guarantee

- (a) Project Co must, in performing its obligations under this Agreement, comply with the Major Projects Skills Guarantee and the Major Projects Skills Guarantee Compliance Plan (**Compliance Plan**).
- (b) Project Co acknowledges and agrees that its obligations as set out in the Compliance Plan apply during the Term and until all of its reporting obligations set out in clause 61.2 are fulfilled.

- (c) Project Co agrees that the minimum labour hours requirements set out in the Compliance Plan will:
 - (1) be applied to the Works as a whole; and
 - (2) not be applied on the basis of individual Subcontracts or components.
- (d) Subject to clauses 61.1(e) and 61.1(f) the parties agree that labour hours performed by:
 - (1) Apprentices, Trainees or Engineering Cadets, either separately or in any combination; or
 - (2) pre-existing or new Apprentices, Trainees or Engineering Cadets, either separately or in any combination,may be included in determining whether the requirements of the Major Projects Skills Guarantee Compliance Plan have been achieved.
- (e) Work hours performed by Apprentices may include Apprentices:
 - (1) directly employed by Project Co and its Subcontractors; and
 - (2) employed through Group Training Organisations.
- (f) Time spent by Apprentices, Trainees or Engineering Cadets attending course related education in accordance with a Training Contract at a Registered Education and Training Organisation, or other educational institution may be included in determining whether the requirements of the Compliance Plan have been achieved.
- (g) The State agrees that the Services will be included for the purpose of calculating the deemed estimated overall project labour hours in order to determine whether Project Co has complied with the Major Projects Skills Guarantee.
- (h) Project Co must ensure that any Subcontracts entered into in relation to the Project Activities contain clauses requiring Subcontractors:
 - (1) to comply with the Major Projects Skills Guarantee and the Compliance Plan to the extent that it applies to work performed under the Subcontract;
 - (2) to provide necessary information that allows Project Co to comply with its reporting obligations under clause 61.2; and
 - (3) to permit the State to exercise its inspection and verification rights under clause 61.3.

61.2 Reports

- (a) Project Co must submit written reports (**Major Projects Skills Guarantee Performance Report**) to the State outlining its performance against the Compliance Plan.
- (b) The Major Projects Skills Guarantee Performance Reports must include details specifying Project Co's performance in complying with the Compliance Plan. Any deviations from the Compliance Plan must be included in the Major Projects Skills Guarantee Performance Reports.
- (c) Major Projects Skills Guarantee Performance Reports must be submitted by Project Co to the State:
 - (1) as specified in Table 6 of the Compliance Plan; and

- (2) otherwise, at a frequency of not less than quarterly.
- (d) In addition to the Major Projects Skills Guarantee Performance Reports, Project Co must also submit:
 - (1) an interim Major Projects Skills Guarantee Performance Report on 29 August 2020 as set out in the Compliance Plan;
 - (2) a final report (**Major Projects Skills Guarantee Final Report**) within 2 months of Provisional Acceptance; and
 - (3) a statutory declaration made by a director of Project Co or Project Co's Chief Executive Officer or Chief Financial Officer declaring that the contents of the Major Projects Skills Guarantee Final Report are true and correct, which must be submitted together with the Major Projects Skills Guarantee Final Report.

61.3 Adjustment of Quarterly Services Payments

- (a) (**Certification by the Independent Reviewer**): On the Date of Provisional Acceptance, the Independent Reviewer must certify the percentage of the total labour hours for the Works performed by Apprentices, Trainees and Engineering Cadets to the Date of Provisional Acceptance, by issuing a certificate in the form set out in the Schedule of Certificates and Notices.
- (b) (**State's entitlement to adjustment**): Without limiting clause 35.2 or clause 60.4 if, at the Date of Provisional Acceptance, Project Co has not met the Major Projects Skills Guarantee to the Date of Provisional Acceptance as determined in accordance with clause 61.3(a), the State will be entitled to adjust the Quarterly Service Payment to the extent and in the manner described in section 2 of the Payment Schedule.
- (c) (**Calculation of adjustment**): The parties acknowledge and agree that:
 - (1) the adjustment referred to in clauses 61.3(b):
 - (A) will be calculated in accordance with the formula set out in section 2 of the Payment Schedule; and
 - (B) the formula has been agreed by the parties in good faith and the adjustment resulting from its application is a genuine pre-estimate of the anticipated or actual Liability the State will suffer if Project Co fails to meet the Major Projects Skills Guarantee to the Date of Provisional Acceptance;
 - (2) each party wishes to avoid the difficulties of proof of damages in connection with a failure by Project Co to meet with the Major Projects Skills Guarantee to the Date of Provisional Acceptance; and
 - (3) the adjustment to be made in accordance with clause 61.3(b) is reasonable and is not intended as a penalty.
- (d) (**State's entitlement to common law damages**): Notwithstanding clause 61.3(e), to the extent that all or any part of this clause 61.3 is found for any reason to be void, invalid, unenforceable or otherwise inoperative so as to disentitle the State from adjusting the Quarterly Service Payments in accordance with clause 61.3(b), the State will be entitled to recover common law damages for the failure by Project Co to meet the Major Projects Skills Guarantee to the Date of Provisional Acceptance but Project Co's Liability for such damages will not be any greater than the Liability which it would have had if this clause 61.3 had not been void, invalid, unenforceable or otherwise inoperative.

- (e) **(Sole remedy):** Subject to clause 35.3(c) and clause 61.3(d), reduction of the Quarterly Service Payments in accordance with clause 61.3(b) will be the State's sole financial remedy for a failure by Project Co to meet the Major Projects Skills Guarantee to the Date of Provisional Acceptance.

61.4 Verification of compliance with Major Projects Skills Guarantee Compliance Plan

- (a) Project Co agrees that the State will have the right to inspect Project Co's records in order to verify compliance with the Compliance Plan.
- (b) Project Co must:
- (1) permit the State or its duly authorised representative, from time to time during ordinary business hours and upon notice, to inspect, verify and make copies at the State's expense of all records maintained by Project Co for the purposes of this Agreement at Project Co's premises, or provide copies of those records to the State at its request;
 - (2) permit the State, or its duly authorised representative from time to time to undertake a review of Project Co's performance in accordance with the Compliance Plan; and
 - (3) ensure that its employees, agents and subcontractors give all reasonable assistance to any person authorised by the State to undertake such audit or inspection.
- (c) Project Co acknowledges and agrees that the State, and the State's duly authorised representative are authorised to obtain information from any relevant persons, firms or corporations, including third parties, regarding Project Co's compliance with the Compliance Plan.
- (d) The obligations set out in this clause 61.3 are in addition to and do not derogate from any other obligation under this Agreement including the State's rights pursuant to clause 16.3.

61.5 Use of Major Projects Skills Guarantee information

Project Co acknowledges and agrees that the State and the Department of Economic Development, Jobs, Transport and Resources may:

- (a) disclose statistical information contained in the Compliance Plan and the measures of Project Co's compliance with the Compliance Plan; and
- (b) consider statistical information contained in the Compliance Plan and the measures of Project Co's compliance with the Compliance Plan in the assessment or review of each Consortium Member's eligibility to tender for future Victorian Government contracts.

61.6 Revised Major Projects Skills Guarantee Compliance Plan

- (a) **(Revised Compliance Plan):** If at any time a variation to this Agreement or Modification is proposed which involves or effects a change in the nature of Project Co's workforce, Project Co must:
- (1) prepare a revised Compliance Plan which demonstrates Project Co's ability to meet the Major Projects Skills Guarantee; and

(2) submit the revised Compliance Plan to the State and the Independent Reviewer for review in accordance with the Review Procedures,

(Revised Compliance Plan).

- (b) **(Provision or Revised Compliance Plan):** When requested by the State, Project Co must provide the Revised Compliance Plan within the time stated in the State's request.
- (c) **(Variation):** The Revised Compliance Plan must be agreed by the parties before any variation to this Agreement can take effect unless the parties agree that a Revised Compliance Plan is unnecessary.
- (d) **(Replacement):** Once the Revised Compliance Plan is agreed by the parties, the Revised Compliance Plan replaces the previous Compliance Plan and forms part of this Agreement.

61A RSA Equipment

- (a) **(Acknowledgement):** The parties acknowledge and agree that the RSA Equipment Quantities are indicative only, and that the technical assumptions underlying the RSA Equipment are set out in Section D3 of the Technical Solution.
- (b) **(RSA Equipment Unit Costs):** On or prior to 31 January 2018, Project Co must submit to the State for approval the RSA Equipment Unit Cost for each type of RSA Equipment.
- (c) **(RSA Equipment):** Project Co must:
 - (1) design and procure the Works in consultation with the State and the Rail Systems Alliance so as to achieve efficient outcomes for quantity and quality of RSA Equipment and all other costs associated with RSA Equipment, including the costs of procuring, installing, integrating and maintaining RSA Equipment;
 - (2) monitor, in consultation with the State and the Rail Systems Alliance, the quantities of RSA Equipment by reference to the design of the Works and the Rail Systems Alliance Works;
 - (3) prior to procuring any item of RSA Equipment, submit to the State for review an itemised quote for procuring that item of RSA Equipment; and
 - (4) procure all quantities of RSA Equipment required for the Tunnel and Stations as determined in consultation with the State and the Rail Systems Alliance and by reference to the design of the Works and the Rail Systems Alliance Works.
- (d) **(RSA Equipment Overruns):** On the Date of Provisional Acceptance, if the quantity of RSA Equipment procured by Project Co multiplied by the relevant RSA Equipment Unit Costs exceeds 110% of the RSA Equipment Limit, it will be deemed to be a Modification directed by the State and clause 38.9 will apply.
- (e) **(RSA Equipment Modifications):** If, including as the result of a change to the RSA Equipment specification or design, a new requirement is introduced that results in a material change to the type of RSA Equipment, the parties will agree, acting reasonably, any amendments required to Schedule 34 (but the RSA Equipment Limit will not be amended), and on Provisional Acceptance, if the quantity of RSA Equipment procured by Project Co multiplied by the

relevant RSA Equipment Unit Costs exceeds 110% of the RSA Equipment Limit, it will be deemed to be a Modification directed by the State and clause 38.9 will apply.

- (f) **(RSA Equipment Unit Costs):** A Modification Quote submitted by the Project Co in relation to the procurement of RSA Equipment pursuant to clause 61C(d) must be priced using the relevant RSA Equipment Unit Costs.
- (g) **(Limits):** Project Co will not be entitled to:
 - (1) any extension of time for procuring quantities of RSA Equipment in excess of the relevant RSA Equipment Quantity; or
 - (2) a Modification in relation to the procurement of RSA Equipment in excess of the relevant RSA Equipment Quantity to the extent the excess is less than 110% of the relevant RSA Equipment Quantity; or
 - (3) a Modification in relation to the procurement of RSA Equipment in excess of 110% of the relevant RSA Equipment Quantity where the RSA Equipment Limit has not been exceeded.

61B City Square Requirements

[not disclosed]

61C Meanwhile Metro Scope and Artwork Procurement

61C.1 Meanwhile Metro Scope

- (a) **(Overarching):** The parties acknowledge and agree:
 - (1) the Meanwhile Metro Scope will be finalised progressively during the D&C Phase to respond to circumstances at the time including to take into account feedback from, and priorities of, the State and other relevant Project stakeholders (as agreed between Project Co and the State from time to time);
 - (2) Project Co has a fixed budget of [not disclosed] to deliver the Meanwhile Metro Scope (**Fixed MM Budget**);
 - (3) Project Co has no obligation to:
 - (A) carry out any works in respect of the Meanwhile Metro Scope which would result in spending more than (or otherwise spend more than) the Fixed MM Budget on the delivery of the Meanwhile Metro Scope; or
 - (B) spend the Fixed MM Budget in accordance with timing which is inconsistent with the Base Case Financial Model;
 - (4) the Fixed MM Budget comprises:
 - (A) [not disclosed] which has been included by Project Co in the Financial Model (in addition to and independently from the D&C Subcontract Price); and

- (B) [not disclosed] which has been included in the D&C Subcontract Price (and which as at the date of this Agreement, has been allocated in the Meanwhile Metro Scope to certain items included in the scope included in the D&C Subcontract); and
 - (5) they will determine the allocation of the Fixed MM Budget in accordance with this clause 61C.1; and
 - (6) any Disputes in respect of this clause 61C.1 may be referred by either party by notice to expert determination in accordance with clause 46.3 to 46.9.
- (b) **(Proposed MM Strategy):** Within 60 Business Days from the date of this Agreement (and thereafter at intervals during the D&C Phase agreed with the State (acting reasonably) which must be no greater than 6 months), Project Co must submit to the State a proposed scope and strategy for the delivery of the Meanwhile Metro Scope (**MM Strategy**).
- (c) **(Contents of MM Strategy):** The proposed MM Strategy must comprise individual strategies for the Construction Area of each Station precinct and in respect of the Construction Area of each Station precinct:
 - (1) set out a detailed proposed scope and strategy for the delivery of the Meanwhile Metro Scope over the forthcoming 6 months (or such other period as agreed by the State (acting reasonably), which strategy must outline the outcome of any consultation and feedback from stakeholders with respect to the Meanwhile Metro Scope;
 - (2) include a detailed breakdown of each item or activity proposed to be delivered as part of the Meanwhile Metro Scope over the forthcoming 6 months (or such other period as agreed by the State (acting reasonably)) and a forecast estimate of the cost of each item or activity;
 - (3) include a cash-flow showing the forecast and actual expenditure against the Fixed MM Budget, which must be consistent with the timing set out in the Base Case Financial Model;
 - (4) contain a high-level draft program for the delivery of the Meanwhile Metro Scope until Provisional Acceptance;
 - (5) contain details to support the forecast and actual expenditure (as applicable); and
 - (6) contain such other information reasonably requested by the State.
- (d) **(Process to agree):**
 - (1) The State and Project Co must:
 - (A) meet to discuss the contents of a proposed or any updated MM Strategy provided by Project Co in accordance with clause 61C.1(b) within 10 Business days from receipt; and
 - (B) seek to agree the MM Strategy.
 - (2) Project Co must provide to the State an updated MM Strategy addressing any issues raised by the State (acting reasonably) within 5 Business Days (or such other time agreed by the parties, acting reasonably) following the conduct of a meeting pursuant to this clause 61C.1(d).

- (3) Subject to clause 61C.1(d)(4), clauses 61C.1(d)(1) and 61C.1(d)(2) will apply again until the parties have agreed in writing the initial (and any updated) MM Strategy.
- (4) To the extent that Project Co does not address an issue raised by the State in accordance with clause 61C.1(d)(2), the State may require that Project Co amend the MM Strategy to address that issue.
- (e) **(Agreed MM Strategy):** Subject to clause 61C.1(g)(2), Project Co must deliver the Meanwhile Metro Scope in accordance with the agreed MM Strategy.
- (f) **(Report):** Project Co must provide a written progress report to the State quarterly on the delivery of the Meanwhile Metro Scope in accordance with the agreed MM Strategy which must include:
 - (1) the status of the forecast and actual expenditure against the Fixed MM Budget; and
 - (2) documentation or information as evidence of the costs incurred by Project Co in the delivery of the Meanwhile Metro Scope.
- (g) **(No Claim):** Except to the extent that the State issues a Modification Order in accordance with clause 38:
 - (1) Project Co is not entitled to make any Claim against the State or a State Associate as a result of the actual costs properly and reasonably incurred by Project Co in delivering the Meanwhile Metro Scope exceeding the Fixed MM Budget; and
 - (2) Project Co has no obligation to carry out any works relating to the subject matter of the Meanwhile Metro Scope that would result in it incurring costs in excess of the Fixed MM Budget.

61C.2 Artwork Procurement

- (a) **(Overarching):** The parties acknowledge and agree:
 - (1) Project Co has a fixed budget of [not disclosed] **(Fixed Artwork Budget)** for Artwork Procurement within the D&C Subcontract Price;
 - (2) Project Co has no obligation to:
 - (A) carry out any works in respect of the Artwork Procurement which would result in spending more than (or otherwise spend more than) the Fixed Artwork Budget on Artwork Procurement; or
 - (B) spend the Fixed Artwork Budget in accordance with timing which is inconsistent with the timing set out in the Drawdown Schedule (as defined in the D&C Subcontract); and
 - (C) they will determine the allocation of the Fixed Artwork Budget in accordance with this clause 61C.2; and
 - (D) any Disputes in respect of this clause 61C.2 may be referred by either party by notice to expert determination in accordance with clause 46.3 to 46.9.
- (b) **(Proposed Artwork Procurement Strategy):** On or before 1 July 2018 (and thereafter at intervals during the D&C Phase agreed with the State (acting reasonably) which must be no greater than 6 months), Project Co must consult with the State and other stakeholders nominated by the State (on agreement of the identity of those stakeholders by Project Co, acting reasonably) in respect of

the Artwork Procurement and submit to the State a proposed scope and strategy for delivery of the Artwork Procurement (**Artwork Procurement Strategy**).

- (c) (**Contents of Artwork Procurement Strategy**): The proposed Artwork Procurement Strategy must:
- (1) be informed by the consultation conducted by Project Co in accordance with clause 61C.2(b);
 - (2) contain an overarching strategy and approach (including with respect to each Station, the procurement of different types of artwork and maintenance requirements of artwork);
 - (3) include an indicative timeline for the conduct of all processes relating to the Artwork Procurement;
 - (4) contemplate the preparation of briefs to artists (which must be approved in writing by the State prior to release);
 - (5) provide for the establishment of an external advisory panel to assist in the selection of installations or artwork (as applicable);
 - (6) include a cash-flow that shows the forecast and actual expenditure which must:
 - (A) be consistent with the timing set out in the Drawdown Schedule; and
 - (B) to the extent that the Artwork Procurement replaces any other Works that Project Co would otherwise be required to complete or install in accordance with this Agreement, the Fixed Artwork Budget will be increased by the value of the Works replaced by the Artwork Procurement; and
 - (7) contain such other information reasonably requested by the State.
- (d) (**Process to agree**):
- (1) The State and Project Co must:
 - (A) meet to discuss the contents of a proposed or updated Artwork Procurement Strategy provided by Project Co in accordance with clause 61C.2(b) within 10 Business days from receipt; and
 - (B) seek to agree the Artwork Procurement Strategy as soon as practicable and in any case by the dates referred to in clause 61C.2(c)(3).
 - (2) Project Co must provide to the State an updated Artwork Procurement Strategy addressing any issues raised by the State (acting reasonably) within 5 Business Days (or such other time agreed by the parties) following the conduct of a meeting pursuant to this clause 61C.2(d).
 - (3) Subject to clause 61C.2(d)(4), clauses 61C.2(d)(1) and 61C.2(d)(2) will apply again until the parties have agreed in writing the initial (and any updated) Artwork Procurement Strategy.
 - (4) To the extent that Project Co does not address an issue raised by the State in accordance with clause 61C.2(d)(2), the State may require that Project Co amend the Artwork Procurement Strategy to address that issue.

- (e) **(Agreed Artwork Procurement Strategy):** Subject to clause 61C.2(g) and clause 61C.2(h) Project Co must comply with the agreed Artwork Procurement Strategy.
- (f) **(Report):** Project Co must provide a written progress report to the State on the Artwork Procurement following agreement in writing on the Artwork Procurement Strategy as part of the Monthly D&C Phase Progress Report which must include:
 - (1) the status of the forecast and actual spend against the Fixed Artwork Budget; and
 - (2) documentation or information as evidence of the costs incurred by Project Co in the delivery of the Artwork Procurement.
- (g) **(No Claim):** Except to the extent that the State issues a Modification Order in accordance with clause 38, or Project Co is entitled to relief for a Compensable Extension Event, Project Co is not entitled to make any Claim against the State or a State Associate if the actual costs properly and reasonably incurred by Project Co in delivering the Artwork Procurement Strategy exceed the Fixed Artwork Budget.
- (h) **(Fixed Artwork Budget):** Except to the extent that the State issues a Modification Order in accordance with clause 38, Project Co has no obligation to carry out any works relating to the subject matter of the Artwork Procurement that would result in it incurring costs in excess of the Fixed Artwork Budget.

62 Probity Events and Probity Investigations

62.1 Probity Event

- (a) **(Notice):** Project Co must give notice to the State immediately upon becoming aware that a Probity Event has occurred or is likely to occur. The notice must at a minimum describe the Probity Event, when the Probity Event occurred or is likely to occur and the circumstances giving rise to the Probity Event.
- (b) **(Meeting):** Upon receipt of a notice under clause 62.1(a) or otherwise upon the occurrence of a Probity Event:
 - (1) the State and Project Co must meet within 5 Business Days to agree to a course of action that will remedy the Probity Event (including conducting a Probity Investigation); and
 - (2) Project Co must comply with any agreement made in accordance with clause 59.1(b)(1) to remedy the Probity Event in accordance with the timeframe agreed.
- (c) **(Failure to agree):** If the State and Project Co fail to agree to a course of action in accordance with clause 62.1(b), Project Co must take any action as required by the State in connection with the Project to remedy or address the Probity Event immediately upon being required to do so and in accordance with any timeframe determined by the State.

62.2 Probity Investigation

- (a) **(Requirement for Probity Investigation):** Project Co agrees that:
 - (1) the State Representative may require at any time that Project Co; or

- (2) the State may,
conduct a Probity Investigation in respect of a Relevant Person, a Group Member, a Consortium Member, a Commercial Opportunities Tenant, a Commercial Opportunities Subcontractor or any person who is proposed to become a Relevant Person, a Consortium Member, a Commercial Opportunities Tenant, or a Commercial Opportunities Subcontractor.
- (b) **(Consents required for Probity Investigation):** Project Co must procure all relevant consents from any persons in connection with which a Probity Investigation is to be conducted.
- (c) **(No appointment without consent):** Project Co must not appoint a person to the position of Relevant Person unless the State Representative has given approval (following a Probity Investigation and any other investigation the State Representative reasonably requires).

62.3 Subcontract probity requirements

If following a Probity Investigation the State is of the opinion that it is not desirable for any person to take part in the management or performance of a Subcontract, a Commercial Opportunities Sublease, or a Commercial Opportunities Subcontract, the State may:

- (a) refuse to approve the Subcontract, Commercial Opportunities Sublease, or Commercial Opportunities Subcontract; or
- (b) approve the Subcontract, Commercial Opportunities Sublease, or Commercial Opportunities Subcontract on condition that the relevant person or persons:
 - (1) not take part in the management or performance of the Subcontract, Commercial Opportunities Sublease, or Commercial Opportunities Subcontract;
 - (2) not be allowed to access the Secured Areas; and
 - (3) not be given Security Information,or on such other conditions as the State considers necessary.

62.4 State costs of Probity Events and Probity Investigation

- (a) **(State Costs):** Subject to clause 62.4(b), Project Co must bear all costs incurred by the State in connection with a Probity Event or Probity Investigation.
- (b) **(Project Co not liable):** Project Co will not be liable for the State's costs of any further Probity Investigation required by the State in respect of a Probity Event in relation to which an initial Probity Investigation has been undertaken.

62.5 Police Checks

- (a) During the Maintenance Phase, Project Co:
 - (1) must obtain a National Police Certificate for all persons employed or engaged on the Project Activities prior to such persons being granted access to the Site which is dated no more than 12 months before the intended start date for that person; and
 - (2) if requested by the State, Project Co must obtain a further National Police Certificate for any person employed or engaged on the Project Activities from time to time throughout the Maintenance Phase.

- (b) If the State, acting reasonably, decides at any time during the Maintenance Phase that a further security clearance is required in relation to any person referred to in clause 62.5(a), then Project Co must ensure that any such person undergoes such security clearance.
- (c) If:
 - (1) Project Co does not obtain a National Police Certificate, or the State, acting reasonably, has concerns in relation to the results of the National Police Certificate; or
 - (2) a person requested to undergo a security clearance pursuant to Clause 62.5(b):
 - (A) does not undergo the requested security clearance; or
 - (B) does not meet the relevant clearance requirements,then Project Co must not, except to the extent explicitly authorised by the State, permit the person (**Uncleared Personnel**) to participate in the Project Activities and if necessary Project Co must engage alternative personnel with requisite knowledge and expertise who can meet the requirements of the security clearance required pursuant to the preceding subclause, to perform the tasks that were to have been performed by the Uncleared Personnel.
- (d) Project Co is responsible for all costs associated with obtaining all National Police Certificates and security clearances.

63 Notices and bar to Claims

63.1 Notices

All communications (including approvals, consents, directions, requirements, requests, Claims, notices, agreements and demands) in connection with this Agreement:

- (a) **(in writing)**: must be in writing;
- (b) **(addressed)**: must be addressed as specified in item 17 of the Contract Particulars (or as otherwise notified by that party to each other party from time to time);
- (c) **(signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by both parties) to the email address of the addressee set out in item 17 of the Contract Particulars; and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in item 17 of the Contract Particulars:
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00 am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day

after the date of posting by airmail to an address outside Australia;
and

- (3) in the case of email, the first to occur of:
- (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00 am on the next Business Day.

63.2 Notices of Claims

Subject to any other provision of this Agreement which contains specific notice requirements in relation to a Claim (in which case, provided Project Co complies with such notice requirements, this clause 63.2 does not apply), the State and its Associates will not be liable upon any Claim that Project Co is entitled to make against the State or its Associates under any State Project Document or otherwise arising in connection with the Project Documents, the Relevant Infrastructure or the Project unless Project Co gives the State the notices required by clause 63.3 and, if applicable, clause 63.4.

63.3 Prescribed notices

The required notices referred to in clause 63.2 are:

- (a) **(intention to submit Claim):** a notice from Project Co in which Project Co states that it intends to submit a Claim and identifies the event on which the Claim will be based and which must be given to the State within 20 Business Days of when Project Co first became aware of the event on which the Claim is based; and
- (b) **(Claim):** a written Claim by Project Co to be given to the State within 60 Business Days of giving notice under clause 63.3(a), which must include:
 - (1) detailed particulars concerning the event on which the Claim is based;
 - (2) the legal basis for the Claim, whether based on a term of the State Project Documents or otherwise, and if based on a term of the State Project Documents, clearly identifying the specific term;
 - (3) the facts relied upon in support of the Claim in sufficient detail to permit verification; and
 - (4) details of the amount claimed and how it has been calculated.

63.4 Continuing events

If the event upon which the Claim under clause 63.3(b) is based or the consequences of the event is continuing, Project Co must continue to give information required by clause 63.3(b) every 20 Business Days after the Claim under clause 63.3(b) was submitted, until after the event or consequences of the event have ceased.

63.5 Release after Acceptance

Without limiting clause 5.3(a), on and from the date which is 6 months after the Date of Final Acceptance, Project Co releases the State from any Claim in connection with any fact, matter or thing arising in connection with the D&C Activities, the Final Acceptance Works, the Works or the State Project Documents which occurred prior to Final Acceptance, except for any Claim in connection with which Project Co has, no later than 6 months after the Date of Final Acceptance, given the State the notices required by clause 63.3, clause 63.4 (if applicable) and otherwise required in accordance with this Agreement.

63.6 Notice to Financiers

The State may provide to the Financiers a copy of any notice from:

- (a) Project Co to the State; or
 - (b) the State, the Secretary, or MMRA to Project Co,
- in connection with the State Project Documents or the Project.

64 Miscellaneous

64.1 Governing Law and jurisdiction

- (a) **(Governing Law)**: This Agreement is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction)**: Without limiting clauses 46 to 47, each party irrevocably submits to the non exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Agreement.

64.2 Entire agreement

To the extent permitted by Law and in relation to their subject matter, this Agreement and the other State Project Documents:

- (a) **(entire understanding)**: embody the entire understanding of the parties and constitute the entire terms agreed by the parties; and
- (b) **(prior agreements)**: supersede any prior agreement of the parties.

64.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to both parties) required by Law or reasonably requested by another party to give effect to this Agreement.

64.4 Survival of certain provisions

- (a) **(Surviving clauses)**: All provisions of this Agreement which, expressly or by implication from their nature, are intended to survive rescission, termination or expiration of this Agreement will survive the rescission, termination or expiration of this Agreement, including any provision in connection with:

- (1) the State's rights to set-off and recover money;
 - (2) confidentiality or privacy;
 - (3) Intellectual Property Rights;
 - (4) any obligation to make any records available to the State;
 - (5) any indemnity or financial security given in accordance with this Agreement; or
 - (6) any right or obligation arising on termination of this Agreement.
- (b) **(Interpretation)**: No provision of this Agreement which is expressed to survive the termination of this Agreement will prevent any other provision of this Agreement, as a matter of interpretation, also surviving the termination of this Agreement.
- (c) **(Survival of rights and obligations)**: No right or obligation of any party will merge on completion of any transaction in accordance with this Agreement. All rights and obligations in accordance with this Agreement survive the execution and delivery of any transfer or other document which implements any transaction in accordance with this Agreement.

64.5 Waiver

- (a) **(Writing)**: A waiver given by a party in accordance with this Agreement is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver)**: A failure to, a delay in or the partial exercise or enforcement of a right provided by Law or in accordance with this Agreement by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right provided by Law or in accordance with this Agreement.
- (c) **(No waiver of another breach)**: No waiver of a breach of a term of this Agreement operates as a waiver of another breach of that term or of a breach of any other term of this Agreement.

64.6 Consents, approvals and directions

- (a) **(State)**: A consent or approval required in accordance with this Agreement from the State may be given or withheld, or may be given subject to any conditions, as the State thinks fit, unless this Agreement expressly provides otherwise. A requirement on the State to act reasonably in providing any consent or approval does not preclude the State from imposing reasonable conditions upon such consent or approval.
- (b) **(Project Co)**: A consent or approval required in accordance with this Agreement from Project Co may not be unreasonably withheld or delayed, unless this Agreement expressly provides otherwise.

64.7 Amendments

- (a) **(Agreement)**: Except as otherwise expressly provided in this Agreement, this Agreement may only be varied by a deed executed by or on behalf of each party.
- (b) **(Other State Project Documents)**: Except as otherwise expressly provided in the State Project Documents, no amendment to any other State Project

Document is valid or binding on a party unless made in writing and executed by the State and all other parties to the relevant State Project Document.

64.8 Expenses

Except as otherwise expressly provided in this Agreement, each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this Agreement.

64.9 Severance

If, at any time, a provision of this Agreement or any other State Project Document is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) any other provision of this Agreement or any other relevant State Project Document; or
- (b) that provision under the Law of any other jurisdiction.

64.10 Counterparts

This Agreement may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same Agreement.

64.11 Moratorium legislation

Without limiting clause 5.3, to the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of Project Co any obligation under this Agreement, or to prejudicially affect the exercise by the State of any right, power or remedy under this Agreement or otherwise, are expressly waived.

64.12 Proportionate liability

- (a) **(Excluded operation of Wrongs Act):** The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of either party under this Agreement whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities):** Without limiting clause 64.12(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Agreement and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

64.13 PPSA

Project Co acknowledges and agrees that:

- (a) **(State's rights):** if and to the extent that the State at any time forms a belief on reasonable grounds that the State is, or will become, a secured party arising out of or in connection with this Agreement or any other State Project Document or any transaction contemplated by this Agreement or any other State Project Document, the State may at Project Co's expense take all steps that the State considers advisable to:

- (1) perfect, protect, record, register, amend or remove the registration of, the State's Security Interest in any relevant personal property that is the subject of this Security Interest (**Relevant Personal Property**); and
 - (2) better secure the State's position in respect of the Relevant Personal Property under the PPSA;
- (b) (**Key Subcontractor to assist the State**): it will do, and ensure that each Key Subcontractor does, all things reasonably necessary to assist the State to take the steps described in clause 64.13(a);
 - (c) (**Waiver of right to receive any verification statement**): it irrevocably and unconditionally waives, and will ensure that each Key Subcontractor irrevocably and unconditionally waives, its right to receive any verification statement in respect of any financing statement or financing change statement relating to any Security Interests of the State in the Relevant Personal Property;
 - (d) (**Excluded PPSA sections**): if, and only if, the State is or becomes a secured party in relation to Relevant Personal Property, and to the extent only that Chapter 4 of the PPSA would otherwise apply to an enforcement of a Security Interest in Relevant Personal Property, Project Co and the State agree, and Project Co will ensure that each Key Subcontractor agrees, that, pursuant to section 115 of the PPSA, the following provisions of the PPSA do not apply in relation to those Security Interests to the extent, if any, mentioned in section 115, section 117, section 118, section 120, subsection 121(4), section 125, section 129, section 130, subsection 132(3)(d), subsection 132(4), section 142, and section 143;
 - (e) (**No disclosure**): subject to section 275(7) of the PPSA, it will not, and it will ensure that each Key Subcontractor does not, disclose the contents of this Agreement, the amount or performance obligation secured by the State's Security Interest in Relevant Personal Property and the other information mentioned in section 275(1) of the PPSA pursuant to section 275(4) of the PPSA;
 - (f) (**Project Co to notify the State**): it must immediately notify the State if Project Co or a Key Subcontractor becomes aware of any person other than the State taking steps to register, or registering, a financing statement in relation to Relevant Personal Property; and
 - (g) (**Removal of registered security interest**): it must arrange, and ensure that each Key Subcontractor arranges, for the removal or cessation of any registration of any Security Interest that affects the priority of the State's interest in Relevant Personal Property.

For the purposes of this clause 64.13, 'registration', 'secured party', 'verification statement', 'financing statement', 'personal property' and 'financing change statement' each have the meaning given to those terms in the PPSA.

Schedule 3

Payment Schedule

PART A – GENERAL

1 General

1.1 Definitions

Unless otherwise expressly defined, expressions used in this Schedule have the meanings given to them in this Agreement:

| Term | Meaning |
|---|--|
| Abatement Free Period | has the meaning given to it in the Services Specification. |
| Actual Floating Rate | means, in respect of an Interest Period, the Base Rate (as that term is defined under the Facility Agreement). |
| Actual Floating Rate Interest Payment | means, in respect of an Interest Period, the interest payable at the Actual Floating Rate on the Base Case Floating Rate Debt. The method of calculating the Actual Floating Rate Interest Payment must be consistent with the method for calculating the Base Case Floating Rate Interest Payment in the Base Case Financial Model. For the purposes of calculating the FRC in section 12, the Actual Floating Rate Interest Payment is to be expressed as a positive number. |
| Base Case Floating Rate Debt | means, in respect of an Interest Period, the amount of the Project Debt labelled as “Base Case Floating Rate Debt” in Appendix 3 in relation to which floating rate interest payments are made. For the purposes of calculating the FRC in section 12, the Base Case Floating Rate Debt is to be expressed as a positive number. |
| Base Case Floating Rate Interest Payment | means, in respect of an Interest Period, the interest payable at the Base Case Interest Rate on the Base Case Floating Rate Debt, as specified in Appendix 3. |

| Term | Meaning |
|---|---|
| Base Case Interest Rate | means, in respect of an Interest Period, the reference floating interest rate (exclusive of any margin) as specified in Appendix 3. |
| CPI Multiplier Annual | has the meaning given in Schedule 22 (Indexes Schedule). |
| Extended Abatement Free Period | has the meaning given in section 9.5(d). |
| Failure Duration | means the period of time calculated in accordance with section 9.7(d). |
| Failure Event | means an event defined as such in the Services Specification. |
| Failure Event Level | has the meaning given in the Services Specification. |
| Failure Event Level A | means an event described as Level A in table 3 of section 2.1.7 of the Services Specification. |
| Failure Event Level B | means an event described as Level B in table 3 of section 2.1.7 of the Services Specification. |
| Failure Event Level C | means an event described as Level C in table 3 of section 2.1.7 of the Services Specification. |
| Failure Event Level D | means an event described as Level D in table 3 of section 2.1.7 of the Services Specification. |
| Failure Event Level E | means an event described as Level E in table 3 of section 2.1.7 of the Services Specification. |
| Failure Event Multiplier | means the multiplier calculated in accordance with section 9.6. |
| Failure Period | has the meaning given in section 9.5(b). |
| FAW Extended Abatement Free Period | means, in relation to a FAW Extended Rectification, the period expiring on the earlier of: |

| Term | Meaning |
|-----------------------------------|--|
| | <ol style="list-style-type: none"> 1 the alternative time for correction of the relevant Defect agreed by the State in accordance with section 3.11; and 2 rescission of the FAW Extended Rectification in accordance with section 3.11(e). |
| FAW Extended Rectification | means relief from FAW Failure Event Abatements for a period longer than 1 hour from Notification of a relevant Defect. |
| FAW Failure Event | <p>means, during the FAW Phase a Defect in the Relevant Infrastructure or any Returned Asset that:</p> <ol style="list-style-type: none"> 1 is not corrected within one hour from Notification of the Defect; and 2 has an impact on: <ol style="list-style-type: none"> a Project Co's ability to carry out the Final Acceptance Works (other than those which relate to the rectification of Defects); or b any other party's ability to carry out the Integration and Operational Readiness Activities, in accordance with agreed activities, plans or programs. |
| FAW Phase | means the period between the Date of Provisional Acceptance and the Date of Final Acceptance. |
| FAW Quality Failure | <p>means, during the FAW Phase:</p> <ol style="list-style-type: none"> 1 Project Co fails to perform the Final Acceptance Works or comply with a requirement of Clause 12 (<i>Coordination and Interface Deed Poll</i>) of this Agreement; 2 the failure: <ol style="list-style-type: none"> a relates to Project Co's performance monitoring, assessment and reporting; b has an effect on Project Co's ability to carry out other Final Acceptance Works in accordance with agreed activities, plans or programs; or c has a material effect on any other party's ability to carry out the Integration and Operational Readiness Activities in accordance with agreed activities, plans or programs; and 3 the failure is not a FAW Failure Event or a FAW Train Failure Event. |
| FAW Temporary Fix | means a course of action that will temporarily ameliorate the consequences of a Defect whilst the Defect is being corrected. |

| Term | Meaning |
|--|---|
| FAW Temporary Fix Time | means a timeframe agreed by the State for implementing a FAW Temporary Fix. |
| FAW Train Failure Event | <p>means, during the FAW Phase a Defect in the Relevant Infrastructure or any Returned Asset that:</p> <ol style="list-style-type: none"> 1 is not corrected within one hour from Notification of the Defect; 2 has an impact on: <ol style="list-style-type: none"> a Project Co's ability to carry out the Final Acceptance Works as they relate to the operation of test trains; or b any other party's ability to carry out the Integration and Operational Readiness Activities as they relate to operation of test trains, <p>in accordance with agreed activities, plans or programs.</p> |
| Fixed FAW Fee | means the fixed fee set out in the table in section 3.2 which is payable to Project Co for performing the Final Acceptance Works during the period between the Date of Provisional Acceptance and the Date for Final Acceptance. |
| Floating Rate Component or FRC | has the meaning given in section 12. |
| FRC Commencement Date | means the date specified as the 'FRC Commencement Date' in Appendix 3. |
| Functional Unit Category Amount | means the applicable amount set out in the table in section 9.2. |
| Notification | <p>means in relation to a Service Failure the point at which the Service Failure:</p> <ol style="list-style-type: none"> 1 first came to the attention of the Help Desk; 2 was detected by the BMS or any other automatic monitoring or alarm system; or 3 would have come to the attention of the Help Desk or been detected by the BMS or any other automatic monitoring or alarm system had Project Co complied with its obligations under this Agreement. |
| Off-Peak Period | has the meaning given in the Services Specification. |

| Term | Meaning |
|---|---|
| Peak Period | has the meaning given in the Services Specification. |
| Performance Parameter | has the meaning given in the Services Specification. |
| Period | has the meaning given in the table in section 9.4. |
| Quality Failure | has the meaning given in the Services Specification. |
| Quality Failure Points | has the meaning given in the Services Specification. |
| Quarterly Maintenance Fee | means the 'Quarterly Maintenance Fee' for the provision of the Services, calculated in accordance with section 6. |
| Rectify, Rectifying or Rectification | has the meaning given in the Services Specification. |
| Reliability Adjustment Abatement | means the amount calculated in accordance with section 9.7. |
| Repeat Failure | has the meaning given in section 9.6(c). |
| Response | has the meaning given in the Services Specification and "Respond" has a cognate meaning. |
| System Failure Event | has the meaning given in the Services Specification. |
| Temporary Fix | has the meaning given in the Services Specification. |
| Temporary Fix Time | has the meaning given in the Services Specification. |
| Time Weighting | has the meaning given in section 9.5. |
| WPI Multiplier Annual | has the meaning given in Schedule 22 (Indexes Schedule). |

1.2 Partial Quarters

If any amounts referred to in this Schedule (other than the Fixed FAW Fee which will not be subject to adjustment pursuant to this clause) are required to be calculated in respect of part of a Quarter (that is, a period of less than 3 Months), the relevant amount will be adjusted proportionately, having regard to the number of days in the relevant partial Quarter as a percentage of the total number of days in the full Quarter.

PART B – D&C PHASE ADJUSTMENTS

2 D&C Phase Adjustments

2.1 Calculation of D&C Phase Adjustments

- (a) The Final Acceptance Works Payment in the first Quarter after the Date of Provisional Acceptance (and, in accordance with section 3.10, any subsequent Final Acceptance Works Payment) will be reduced by the D&C Phase Adjustment (**DPA**), calculated as follows:

[not disclosed]

where:

[not disclosed]

- (b) Project Co must provide all information and evidence reasonably required by the State to determine the DPA.

2.2 Local Content Requirement Adjustment

- (a) The Local Content Requirement Adjustment (**LCA**) applies where Project Co does not meet the Local Content Requirement, measured as at the Date of Provisional Acceptance (as certified by the Independent Reviewer under clause 60.4(a)(1)).

- (b) The LCA is a one-off reduction to the Final Acceptance Works Payment and is calculated as:

[not disclosed]

where:

[not disclosed]

- (c) If the LCA calculated in accordance with the above formula is less than [not disclosed], then the LCA will be deemed to be [not disclosed].

- (d) Local Content Adjustment 1 applies when the ALC is [not disclosed] or more and less than the Local Content Requirement. It is calculated as follows:

[not disclosed]

where:

[not disclosed]

- (e) Local Content Adjustment 2 applies when the ALC is less than [not disclosed]. It is calculated as follows:

[not disclosed]

where:

[not disclosed]

2.3 Major Projects Skills Guarantee Adjustment

- (a) The Major Projects Skills Guarantee Adjustment (**MPSGA**) applies where Project Co does not meet the Major Projects Skills Guarantee (as certified by the Independent Reviewer under clause 61.3(a)).
- (b) The MPSGA is a one-off reduction to the Final Acceptance Works Payment and is calculated as:
[not disclosed]
where:
[not disclosed]
- (c) If the MPSGA calculated in accordance with the above formula is less than [not disclosed], then the Major Projects Skills Guarantee Adjustment will be deemed to be [not disclosed].

2.4 Priority Jobseekers' Requirement Adjustment

- (a) The Priority Jobseekers' Requirement Adjustment (**PJRA**) applies where Project Co does not meet the Priority Jobseekers' Requirement (as certified by the Independent Reviewer under clause 60.4(a)(2)).
- (b) The PJRA is a one-off adjustment to the Final Acceptance Works Payment and is calculated as:
[not disclosed]
where:
[not disclosed]
- (c) If the PJRA calculated in accordance with the above formula is less than [not disclosed], then the Priority Jobseekers' Requirement Adjustment will be deemed to be [not disclosed].

PART C – FINAL ACCEPTANCE WORKS PAYMENTS

3 Final Acceptance Works Payment

3.1 Calculation of Final Acceptance Works Payment

The Final Acceptance Works Payment will apply only during the FAW Phase.

The Final Acceptance Works Payment for the relevant Quarter will be calculated in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

3.2 Final Acceptance Works Fee

The Final Acceptance Works Fee is calculated for each relevant Quarter in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

3.3 FAW Failure Event Abatements

(a) If a FAW Failure Event occurs during a Quarter, a FAW Failure Event Abatement will arise in that Quarter for that FAW Failure Event.

(b) Each FAW Failure Event Abatement will be calculated as follows:

[not disclosed]

where:

[not disclosed]

3.4 FAW Train Failure Event Abatements

(a) If a FAW Train Failure Event occurs during a Quarter, a FAW Train Failure Event Abatement will arise in that Quarter for that FAW Train Failure Event.

(b) Each FAW Train Failure Event Abatement will be calculated as follows:

[not disclosed]

where:

[not disclosed]

3.5 FAW Abatement Amount

(a) The FAW Abatement Amount will be equal to:

- (1) for each FAW Failure Event, [not disclosed] multiplied by the CPI Multiplier Annual for the relevant Quarter; and
- (2) for each FAW Train Failure Event, [not disclosed] multiplied by the CPI Multiplier Annual for the relevant Quarter.

3.6 FAW Time Period

- (a) Subject to paragraph 3.6(b), the FAW Time Period will be equal to the number of [not disclosed] time periods (or part thereof) from Notification of the FAW Failure Event or FAW Train Failure Event (as relevant) until the relevant Defect is rectified.
- (b) If a FAW Failure Event is not remedied at the end of the Quarter in respect of which the FAW Failure Event Abatement is being calculated, the FAW Failure Event Abatement will be calculated applicable to the period of time in the relevant Quarter in which the FAW Failure Event persists. A further calculation will be completed in the following Quarter relevant to the period of time during that Quarter in which the FAW Failure Event persists.

3.7 Number of FAW Affected Areas

- (a) For the purposes of determining FAW Failure Event and FAW Train Failure Event Abatements, the Works will be divided into the following areas (**FAW Areas**):
 - (1) the westbound tunnel;
 - (2) the eastbound tunnel;
 - (3) Arden Station;
 - (4) Parkville Station;
 - (5) CBD North Station;
 - (6) CBD South Station;
 - (7) Domain Station;
 - (8) all other areas not captured above (for example, cross-passages, above ground ventilation/access shafts, etc.) will be grouped together into one FAW Area; and
 - (9) a system will be considered a FAW Area if the FAW Failure Event or FAW Train Failure Event in that system does not manifest in a Defect in any of the areas identified in paragraphs (1) to (8) (for example, a FAW Failure Event in a control system that affects systems integration activities but does not affect testing of any physical assets).
- (b) The Number of FAW Affected Areas is the number of FAW Areas affected by the FAW Failure Event or FAW Train Failure Event, as applicable.

Example 1: FAW Train Failure Event Abatement

Circumstances

- A Defect is identified in relation to the traction power system after Provisional Acceptance and before Final Acceptance.
- This Defect prevents trial running of trains in both tunnels which had been scheduled to occur at that time. It has therefore affected another party's ability to carry out the Integration and Operational Readiness Activities as they relate to operation of test trains.

- Project Co fails to correct the Defect within [not disclosed], meaning that the Defect becomes a FAW Train Failure Event.
- Project Co takes [not disclosed] to rectify this FAW Train Failure Event (in addition to the [not disclosed] period before the Defect is categorised as a FAW Train Failure Event).

Abatement calculation

- The FAW Train Failure Event has affected [not disclosed] FAW Areas (i.e. both tunnels).
- The FAW Train Failure Event has subsisted for [not disclosed] FAW Time Periods.
- Therefore, the FAW Train Failure Event Abatement is calculated as:
[not disclosed] (ignoring indexation of the FAW Abatement Amount)

3.8 FAW Quality Failure Abatements

- (a) If a FAW Quality Failure occurs during a Quarter, a FAW Quality Failure Abatement will arise in that Quarter for that FAW Quality Failure.
- (b) The FAW Quality Failure Abatement for each FAW Quality Failure will be equal to [not disclosed] per week that the FAW Quality Failure subsists multiplied by the CPI Multiplier Annual for the relevant Quarter.

3.9 Aggregation of FAW Failures

If an event occurs which causes a FAW Failure Event, a FAW Train Failure Event and/or a FAW Quality Failure, then the Final Acceptance Works Payment will be Abated for each of the FAW Failure Event, the FAW Train Failure Event and the FAW Quality Failure (as relevant).

3.10 Maximum FAW Abatement Amount

- (a) Subject to section 3.10(b), in any Quarter, the Abatement will be no greater than the total Final Acceptance Works Fee for the relevant Quarter.
- (b) To the extent that the D&C Phase Adjustment calculated in accordance with section 2.1 reduces the Final Acceptance Works Payment for a Quarter to [not disclosed] and the D&C Phase Adjustment has not been applied in full in that Quarter, the residual D&C Phase Adjustment amount will be applied to the Final Acceptance Works Payment in the next Quarter.

3.11 Extended Rectifications

- (a) If Project Co considers that it is not able to correct a Defect in the Relevant Infrastructure or any Returned Asset within [not disclosed] from Notification of the Defect, Project Co may propose a FAW Extended Rectification to the State together with an alternative time by which correction of the Defect will occur.
- (b) If the State grants Project Co a FAW Extended Rectification, the relevant Defect will not result in a FAW Failure Event Abatement until the expiry of the FAW Extended Abatement Free Period.
- (c) Subject to sections 3.11(d) and 3.11(e), the State will not refuse to grant an FAW Extended Rectification provided that:
 - (1) if so requested by the State, the FAW Extended Rectification includes a FAW Temporary Fix;
 - (2) Project Co has otherwise responded to the Defect;

- (3) in the opinion of the State, Project Co has been diligently pursuing the correction of the Defect;
- (4) in the opinion of the State, Project Co has been diligently pursuing:
 - (A) any previously agreed FAW Temporary Fix within the relevant FAW Temporary Fix Time; and
 - (B) any FAW Temporary Fix under clause 3.11(i) which the State (acting reasonably) agrees to be appropriate; and
- (5) the granting of such FAW Extended Rectification will not, in opinion of the State:
 - (A) contravene any Standard or Law or relating to health and safety, or otherwise pose a danger to health and safety of persons in the vicinity of the Site;
 - (B) cause an unreasonable level of disruption, inconvenience or loss of amenity to the Train Franchisee Interface Party, the Metro Tunnel Package Contractors, or the Ticketing Works Contractor;
 - (C) result in a delay to the Date of Final Acceptance; or
 - (D) give rise to material additional State, Train Franchisee Interface Party, Metro Tunnel Package Contractor or Ticketing Works Contractor costs.
- (d) The State may refuse to grant a FAW Extended Rectification in the event that:
 - (1) a similar Defect has occurred within the Relevant Infrastructure on more than [not disclosed] occasions during the FAW Phase; or
 - (2) the need for the extension is due to a failure on the part of Project Co to:
 - (A) adhere to Best D&C Practices; or
 - (B) mitigate its loss;
- (e) The State may rescind any previously granted FAW Extended Rectification in the instance that Project Co fails to diligently pursue a previously agreed FAW Temporary Fix or a FAW Temporary Fix which is otherwise a condition of the FAW Extended Rectification.
- (f) If the State requests a FAW Temporary Fix, or Project Co otherwise implements a FAW Temporary Fix that the State agrees is appropriate in the circumstances, Project Co must diligently pursue the FAW Temporary Fix within the time periods agreed as part of the FAW Extended Rectification, and must ensure that the Defect is corrected within the FAW Extended Abatement Free Period.
- (g) Subject to the State's compliance with its obligations under clause 3.11(c), no agreement to, or failure or refusal to agree to, a FAW Extended Rectification or FAW Temporary Fix by the State will:
 - (1) relieve Project Co of any of its obligations or liabilities under this Project Agreement other than to the extent of this section 3.11; or
 - (2) entitle Project Co to make any Claim against the State.
- (h) Any decision by the State to agree to a FAW Extended Rectification does not create a precedent nor prejudice the State's right to exercise its entire discretion in making future decisions.

- (i) Without limiting the State's rights under this section 3.11, Project Co may proceed to perform a FAW Temporary Fix without the State's approval.

4 Final Acceptance Payment

4.1 Introduction

This section 4 will apply for the purposes of calculating the Final Acceptance Payment. The Final Acceptance Payment is a one-off payment payable to Project Co upon achieving Final Acceptance.

4.2 Final Acceptance on the Date for Final Acceptance

If Final Acceptance occurs on the Date for Final Acceptance, the Final Acceptance Payment will be [not disclosed].

4.3 Early achievement of Final Acceptance

If Final Acceptance occurs before the Date for Final Acceptance, the Final Acceptance Payment will be equal to:

- (a) [not disclosed]; plus
- (b) [not disclosed] per day for each day by which the Date of Final Acceptance is earlier than the Date for Final Acceptance, capped at a maximum payment of [not disclosed].

4.4 Late achievement of Final Acceptance

If Final Acceptance occurs after the Date for Final Acceptance, the Final Acceptance Payment will be equal to:

- (a) [not disclosed]; less
- (b) [not disclosed] per day for each day by which the Date of Final Acceptance is later than the Date for Final Acceptance, subject to a minimum payment of [not disclosed].

PART D – MAINTENANCE PHASE PAYMENTS

5 Calculation of Maintenance Phase Payment

The Maintenance Phase Payment will apply only during the Maintenance Phase.

The Maintenance Phase Payment for the relevant Quarter of the Maintenance Phase will be calculated in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

6 Quarterly Maintenance Fee

The Quarterly Maintenance Fee will be calculated for the relevant Quarter of the Maintenance Phase in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

7 Abatement

7.1 Calculation of Abatement

Subject to section 7.2, the Abatement in any Quarter will be calculated as follows:

[not disclosed]

where:

[not disclosed]

7.2 Maximum Abatement

In any Quarter, the Abatement will be no greater than the total Quarterly Maintenance Fee for the relevant Quarter.

7.3 Access Restrictions

For the avoidance of doubt, subject to section 2.2.4 of the Services Specification, the Abatement will apply in accordance with this section 7 regardless of whether Project Co is, or is not, able to access the necessary parts of the Licensed Maintenance Areas to Rectify or ameliorate the impact of a Service Failure, with reference to the access restrictions included within the Train Franchisee Cooperation Agreement.

8 Quality Failures

8.1 Quality Failure Abatement

- (a) The Quality Failure Abatement for each Quarter will be calculated by adding the total number of Quality Failure Points incurred during the Quarter and multiplying the number of Quality Failure Points within the respective Quality Failure point band by the Quality Failure Abatement value shown next to that Quality Failure Point band set out in the table below.

| Quality Failure Point band | Quality Failure Abatement values |
|----------------------------|----------------------------------|
| [not disclosed] | [not disclosed] per point |
| [not disclosed] | [not disclosed] per point |
| [not disclosed] | [not disclosed] per point |
| [not disclosed] | [not disclosed] per point |
| [not disclosed] | [not disclosed] per point |

- (b) The Quality Failure Abatement values in the table above will be indexed by the CPI Multiplier Annual.

8.2 Quality Failure Points

Quality Failure Points will be calculated in each Quarter for each Quality Failure by reference to:

- (a) the Performance Parameter set out in the Minimum Services Specifications which is the subject of the Quality Failure; and
- (b) the principles set out in section 2.1 of the Services Specification.

8.3 Timing

- (a) Subject to paragraph (b), Quality Failures will be attributed to the Quarter in which they are reported in accordance with the Monthly Performance Report irrespective of when they occur.
- (b) If a Quality Failure is not remedied at the end of the Quarter in respect of which the Quality Failure is being calculated, the Quality Failure Points will be calculated applicable to the period of time in the relevant Quarter in which the Quality Failure persists. A further calculation will be completed in the following Quarter relevant to the period of time during that Quarter in which the Quality Failure persists.

9 Failure Events

9.1 Failure Event Abatements

- (a) If a Failure Event occurs during a Quarter which is not Rectified by Project Co within the relevant Abatement Free Period, a Failure Event Abatement will be calculated in respect of that Failure Event.

- (b) The amount of the Failure Event Abatement will be calculated in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

9.2 Functional Unit Category Amounts

- (a) This section provides guidance in respect of Functional Unit Categories for the purposes of calculating Failure Event Abatements.
- (b) Multiple concurrent Failure Events can occur in a Functional Unit Category and, subject to section 10.2, an Abatement will apply in relation to each individual Failure Event. For example, if lux levels and temperature levels on the same station platform are outside the permitted bands due to separate faults in the lighting and ventilation systems, assuming these failures do not result a System Failure Event, this will be treated as two separate Failure Events.
- (c) A single failure may impact on one or more Functional Unit Categories. In such circumstances a Failure Event will be deemed to occur in each affected Functional Unit Category.
- (d) A Failure Event may occur with respect to a Functional Unit Category as a result of an event occurring in a separate Functional Unit Category. For example, a Failure Event may occur in the customer service area as a result of a Failure Event in a critical supporting area such as a plant room. In such circumstances a Failure Event will be deemed to occur in each affected Functional Unit Category.
- (e) Where an event occurs which would have been a Failure Event if it had occurred in a Functional Unit Category, but the area in which the Failure Event occurred is not identified as part of a Functional Unit Category in the Services Specification, the area will be deemed to be a Functional Unit Category and the State, acting reasonably, will determine the Failure Event Level.
- (f) The table below sets out the Functional Unit Category Amounts used in the Failure Event Abatement calculations. The table includes a Functional Unit Category Amount for each Failure Event Level.

| Functional Unit Category Amounts (\$ per 30 minutes) | | | | | |
|--|-----------------|-----------------|----------------------|---------------------|--------------------------|
| Failure Event Level | Tunnels | Passenger Area | Critical Plant Rooms | BOH Rail Operations | BOH, Plant Rooms & Other |
| A | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] |
| B (VT only) | N/A | [not disclosed] | N/A | N/A | [not disclosed] |
| C | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] |
| D | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] |
| E | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] | [not disclosed] |

- (g) The Functional Unit Category Amounts in the table above will be indexed by the CPI Multiplier Annual.

9.3 System Failure Events

- (a) If a System Failure Event occurs during a Quarter, a System Failure Event Abatement will be calculated in respect of that System Failure Event.
- (b) The amount of the System Failure Event Abatement will be the sum of the amounts calculated in accordance with the following formula:

[not disclosed]

where:

[not disclosed]

9.4 Period Weightings

- (a) The Period Weighting applicable at the beginning of each Failure Period is determined in accordance with the table below.

| Period | Period Weighting |
|--------------------------|------------------|
| Peak Period | [not disclosed] |
| Off-Peak Period | [not disclosed] |
| After Final Before First | [not disclosed] |

- (b) Where the same Failure Event or System Failure Event subsists during two (or more) Periods, the Period Weighting applicable will take into account the number of Failure Periods that apply during each Period. For example, if a Failure Event subsists for [not disclosed] during the Peak Period and [not disclosed] during the Off-Peak Period, [not disclosed] Failure Periods would have a Period Weighting of [not disclosed] and [not disclosed] Failure Periods would have a Period Weighting of [not disclosed].

9.5 Time Weightings

- (a) The applicable Time Weighting will be equal to the number of Failure Periods (or part thereof) that elapse from the expiry of the Abatement Free Period until Project Co has Rectified the Failure Event.
- (b) “Failure Period” means a period of [not disclosed] (or part thereof). For example, if a Failure Event is not Rectified for a period of [not disclosed] post the required Abatement Free Period, the Time Weighting will be [not disclosed].
- (c) The calculation of the formulae set out in section 9.1 (Failure Event Abatement) and 9.3 (System Failure Event) will be performed once the relevant Failure Event is Rectified. If, however, the failure to Rectify is not remedied at the end of the Quarter in respect of which the Failure Event Abatement is being calculated, then the Abatement will be calculated using a Time Weighting equal to the number of Failure Periods for the failure to Rectify in the relevant Quarter in which the Failure Event persists. A further calculation will be completed in the following Quarter using a Time Weighting equal to the number of Failure Periods for the failure to Rectify in that Quarter in which the Failure Event persists.
- (d) If the Abatement Free Period has been extended in accordance with section 2.1.6 of the Services Specification (**Extended Abatement Free Period**) and Project Co has failed to Rectify the Failure Event by the expiry of the Extended Abatement Free Period, then the calculation in accordance with section 9.1 (Failure Event Abatement) or 9.3 (System Failure Event) (as relevant) will be made using a Time Weighting calculated from the expiry of the Extended Abatement Free Period.
- (e) If a Failure Event occurs and a Temporary Fix is agreed in accordance with the Services Specification, the Failure Event Abatement will be calculated if Project Co has:
 - (1) not implemented the Temporary Fix within the Temporary Fix Time; or
 - (2) not Rectified the Failure Event within the Extended Abatement Free Period,
 and the calculation in accordance with section 9.1 (Failure Event Abatement) or 9.3 (System Failure Event) (as relevant) will be made using a Time Weighting as if no Temporary Fix had been agreed and using the applicable original Abatement Free Period.

9.6 Failure Event Multiplier

- (a) Failure Event Multipliers will only apply to Failure Events that are classified as Level C Failure Events, Level D Failure Events or Level E Failure Events.
- (b) Failure Event Multipliers will apply where the time taken to Rectify the relevant Failure Event exceeds specified thresholds (as set out in Column A of the table set out in this section 9.6) or where the Failure Event is a Repeat Failure (as set out in Column B of the table set out in this section 9.6).
- (c) For the purposes of this section 9.6, “Repeat Failure” means a Failure Event of the same type that is not Rectified within the relevant Abatement Free Period and occurs on more than one occasion within a [not disclosed] period.
- (d) The Failure Event Multiplier will be determined in accordance with the following table as the Failure Event Multiplier in Column C that corresponds to the greater of:

- (1) the actual period of time to Rectify a Failure Event (**Rectification Time**) applicable to that Failure Event in accordance with Column A; and
- (2) if the Failure Event is a Repeat Failure, the number of occurrences of the Failure Event in accordance with Column B (to the extent that this results in a higher Failure Event Multiplier applying).

| COLUMN A Rectification Time | COLUMN B Repeat Failure | COLUMN C Failure Event Multiplier |
|---|--|--------------------------------------|
| Failure Event Level C: within [not disclosed] Failure Event Level D: within [not disclosed] Failure Event Level E: within [not disclosed] | N/A | [not disclosed] |
| Failure Event Level C: greater than [not disclosed] Failure Event Level D: greater than [not disclosed] Failure Event Level E: greater than [not disclosed] | Similar Failure Event has occurred [not disclosed] within the previous [not disclosed] | [not disclosed] |
| Failure Event Level C: greater than [not disclosed] Failure Event Level D: greater than [not disclosed] Failure Event Level E: greater than [not disclosed] | Similar Failure Event has occurred [not disclosed] within the previous [not disclosed] | [not disclosed] |
| Failure Event Level C: greater than [not disclosed] or longer Failure Event Level D: greater than [not disclosed] or longer Failure Event Level E: greater than [not disclosed] or longer | Similar Failure Event has occurred [not disclosed] or more times within the previous [not disclosed] | [not disclosed] |

9.7 Reliability Adjustment

- (a) The Reliability Adjustment Abatement (**RAA**) applies where Project Co does not meet the Annual Reliability Target (**ART**) for the relevant Contract Year.
- (b) The RAA is:
 - (1) an annual adjustment to be calculated in the fourth Quarter of each Contract Year;
 - (2) applied equally over the Quarter in which it is calculated and the three subsequent Quarters, unless there are less than three Quarters remaining in the Term in which case the RAA will be applied equally over the remaining Quarters; and

- (3) calculated as the sum of all Reliability Adjustment Amounts for the relevant Contract Year, determined in accordance with paragraph (c).
- (c) The RAA will be determined for each individual lift or escalator in accordance with the table below (indexed by the CPI Multiplier Annual):

| % ARP (per escalator) | % ARP (per lift) | RAA |
|--|--|-----------------|
| If the ARP is greater than or equal to the ART | If the ARP is greater than or equal to the ART | [not disclosed] |
| If the ARP calculated below is between [not disclosed] and [not disclosed] | If the ARP calculated below is between [not disclosed] and [not disclosed] | [not disclosed] |
| If the ARP calculated below is lower than [not disclosed] | If the ARP calculated below is lower than [not disclosed] | [not disclosed] |

where:

[not disclosed]

- (d) No Abatement Free Periods will apply for the purposes of calculating Failure Durations. Failure Durations will be calculated as the period between:
- (1) Notification that the escalator or lift is not available; and
 - (2) the failure in the escalator or lift being Rectified.

10 Aggregation of Service Failures

10.1 Failure Event and Quality Failure

If an event occurs which causes both a Failure Event and a Quality Failure, then the Maintenance Phase Payment will be Abated for both the Failure Event and the Quality Failure.

10.2 Failure Event and System Failure Event

For the period during which a System Failure Event is persisting, other Failure Events arising in the Functional Unit Categories affected by the System Failure Event will not result in separate Failure Event Abatements.

10.3 More than one Quality Failure

Where an event results in more than one Quality Failure, the relevant Quality Failure to apply will be the Quality Failure with the highest number of Quality Failure Points.

11 Abatement examples

11.1 Quality Failure example

Assume Project Co has breached CM19, under which Project Co must provide a Periodic Report to the State within [not disclosed] after the end of each Operating Month.

As per the Services Specification, CM19 is allocated [not disclosed] points and has a Quality Failure Remedy Period of [not disclosed].

Assume that the Monthly Performance Report was supplied in the agreed format, content and quality [not disclosed] after the date on which it should have been supplied.

Assume there are no other Quality Failures in the period.

Calculation Steps

1. Determine impact of time (where applicable):

The Quality Failure Remedy Period is [not disclosed]. The report was provided within the [not disclosed] from the due date and the [not disclosed] after the end of the Quality Failure Remedy Period. Therefore the Quality Failure existed for [not disclosed] after the Quality Failure Remedy Period.

2. Determine the number of Quality Failure Points accrued for this failure:

The Services Specification identifies that [not disclosed] are accrued for each period of time that the failure exists. Therefore, in this case, [not disclosed] are accrued.

3. Determine the number of Quality Failure Points accrued for the month:

At the end of the month all accrued points are accumulated. If we assume that no other Quality Failure Points were accrued, then the total Quality Failure Points for the Operating Month is [not disclosed].

4. Apply formula:

[not disclosed]

11.2 Failure Event Abatement example

Assume there is a tunnel ventilation fault in the Tunnels Functional Unit Category which has resulted in degraded train service.

Assume that the fault is a Failure Event, occurs during the morning peak, takes Project Co [not disclosed] to respond to and, once a Project Co technician has responded to the fault, takes Project Co [not disclosed] to rectify.

Assume no Extended Rectification was granted and no Failure Event Multiplier is applied.

Calculation Steps

1. Determine the Failure Event Level of this failure:

Under the Services Specification, any Failure Event that does not constitute a System Failure Event and which will result in, or has the potential to result in, Degraded Operations, is categorised as a Level A Failure Event. Therefore, in this case, the Failure Event is a Level A Failure Event.

2. Determine the Response Time and Abatement Free Periods for this failure:

The Services Specification identifies that for a Level A Failure Event, Project Co must respond to notification of the failure within [not disclosed] during Peak Period and [not disclosed] during Non Peak Period. The Abatement Free Period for Level A Failure Events affecting a Tunnel Functional Unit Category is [not disclosed]. Therefore, in this instance, Project Co has [not disclosed] to respond, but will immediately begin incurring Abatements.

3. Determine the Functional Unit Category Amounts for this failure:

The Functional Unit Category Amounts table in section 9.2(f) specifies the dollar amount of abatement applicable for each [not disclosed] Failure Period at each Failure Event Level in each Functional Unit Category. In this instance, a Failure Event Level A in the Tunnels Functional Unit Category carries an abatement of [not disclosed] per Failure Period.

4. Determine the Period Weighting:

The Period Weighting applicable at the beginning of each Failure Period is determined in accordance with the table in section 9.4. In this instance, given the failure occurred during Peak Period, a Period Weighting of [not disclosed] will apply.

5. Determine the Time Weighting:

In this case, although response to the failure was made in [not disclosed] (within the allowable Response Time during Peak Period of [not disclosed]) there is no Abatement Free Period. Given the failure was not Rectified for [not disclosed], an abatement equal to [not disclosed] Failure Periods will be incurred. Therefore, the Time Weighting of the abatement is equal to [not disclosed].

6. Apply formula:

[not disclosed]

11.3 Failure Event Multiplier example

Assume there is a Level D Failure Event which is Rectified in [not disclosed] and there have been [not disclosed] equivalent Failure Events in the previous [not disclosed] period.

The table in section 9.6(d) is used to determine if a Failure Event Multiplier is applicable.

Calculation Steps

1. Determine the Failure Event Multiplier given the Rectification Time:

In this case, given a Failure Event Level D has occurred and that the Rectification Time is greater than [not disclosed], a Failure Event Multiplier of more than [not disclosed] will be applied. As the Rectification Time of [not disclosed] is between the [not disclosed] threshold of [not disclosed] (as set out in column A of the table in section 9.6(d)), a Failure Event Multiplier of [not disclosed] will be applied to the Failure Event Abatement unless the Failure Event Multiplier determined below in accordance with column B of the table in section 9.6(d) results in a higher Failure Event Multiplier applying.

2. Determine the Failure Event Multiplier given Repeat Failures:

In this instance, the Failure Event is the [not disclosed] of a similar nature in the previous [not disclosed] period and is therefore deemed a Repeat Failure. In accordance with column B of the table in section 9.6(d) a Failure Event which has occurred [not disclosed] times in the previous [not disclosed] attracts a Failure Event Multiplier of [not disclosed].

3. Apply the higher Failure Event Multiplier:

The Failure Event Multiplier to be applied is the higher of those incurred under the two methods of calculation. As the Failure Event Multiplier of [not disclosed] applicable as a result of Repeat Failures is greater than the [not disclosed] applicable as a result of the Rectification Time, a Failure Event Multiplier of [not disclosed] will be applied to the Failure Event abatement in this instance.

11.4 System Failure Event example

Assume there is a tunnel ventilation fault in a single tunnel which has resulted in the need to suspend all train services in that tunnel as it no longer complies with the Fire Engineering Report.

Assume that the fault: is a System Failure Event; occurs during the morning peak; takes Project Co [not disclosed] to rectify.

Assume no Extended Rectification was granted and no Failure Event Multiplier is applied.

Calculation Steps*1. Determine the System Failure Event:*

Under appendix B of the Services Specification, a tunnel ventilation fault that results in a tunnel being unable to support the Fire Safety Objectives set out in the Fire Engineering Report will be a System Failure Event.

2. Determine the Response Time and Abatement Free Periods for this failure:

The fault is a System Failure event and therefore no Response Time or Abatement Free Period is applicable.

3. Determine the System Failure Unit Amounts for this failure:

The System Failure Unit Amounts table in section 9.3(b) specifies the dollar amount of abatement applicable for each [not disclosed] Failure Period for each System Failure Event type. In this instance, a tunnel System Failure Event carries an abatement of [not disclosed] per Failure Period.

4. Determine the Period Weighting:

The Period Weighting applicable at the beginning of each Failure Period is determined in accordance with the table in section 9.4. In this instance, given the failure occurred during Peak Period, a Period Weighting of [not disclosed] will apply.

5. Determine the Time Weighting:

In this case the fault was remedied in [not disclosed] which equals [not disclosed] full Failure Periods plus [not disclosed]. Therefore, the Time Weighting of the abatement is equal to [not disclosed].

6. Apply formula:

[not disclosed]

11.5 Reliability Adjustment example

Assume there is an escalator that experiences a repetitive fault which results in that escalator being inoperable on [not disclosed] occasions during the year. In each instance, the fault is Rectified in [not disclosed]. Whilst not relevant to the calculation of this Reliability Adjustment Abatement, this example would have resulted in no Failure Event Abatements being incurred during the applicable Contract Year given each failure is Rectified within the applicable Abatement Free Period.

Assume there have been no other Failure Events during that year.

Calculation Steps*1. Determine sum of all Failure Durations (ΣAFD) for the relevant Contract Year:*

The sum of Failure Durations in this instance is equal to [not disclosed]

2. Determine the total annual Required Operational Hours for that escalator (ΣROH):

Assume the escalator is required operationally [not disclosed]

3. Determine the Actual Reliability Performance (ARP) for this escalator:

[not disclosed]

4. Determine the applicable Reliability Adjustment Abatement (RAA):

By reference to the first column of the table in section 9.7(c), the ARP of [not disclosed] falls in the [not disclosed] band (between [not disclosed] and [not disclosed]) which equates to a Reliability Adjustment Abatement of [not disclosed].

12 Floating Rate Component Payment

12.1 Application

This section 12 applies for the purposes of calculating the Floating Rate Component and in order to enable Project Co to prepare a Floating Rate Component Invoice in accordance with clause 35.5 of this Agreement.

12.2 Floating Rate Component

- (a) On the first day of each Interest Period from the FRC Commencement Date, the Floating Rate Component will be calculated for that Interest Period. The Floating Rate Component for that Interest Period is calculated as follows:

[not disclosed]

where:

[not disclosed]

- (b) The Floating Rate Component may be a positive or negative amount.

APPENDIX 1 – Final Acceptance Works Fee

[State Note: Appendices will be added based on Model Output Schedule.]

APPENDIX 2 – Quarterly Maintenance Fee

[State Note: Appendices will be added based on Model Output Schedule.]

APPENDIX 3 – Base Case Floating Rate Debt

[State Note: Appendices will be added based on Model Output Schedule.]

Schedule 4

Change Compensation Principles

PART A – Change Compensation Principles

1 Definitions

Unless otherwise expressly defined, expressions used in this Schedule have the meanings given to them in or for the purposes of this Agreement:

| Term | Meaning |
|------------------------------------|--|
| Additional Support Request | has the meaning given to that term in: (a) the Train Franchisee Cooperation Agreement; or (b) the Tram Franchisee Cooperation Agreement, in each case as the context requires. |
| Additional Support Response | has the meaning given to that term in: (a) the Train Franchisee Cooperation Agreement; or (b) the Tram Franchisee Cooperation Agreement, in each case as the context requires. |
| Agreed Margins | means the D&C Margin and the Maintenance Margin. |
| Allowance | means, subject to the terms of this Schedule, the percentage allowances to which Project Co is entitled for the relevant component identified in Tables 1, 2, 3 or 4 in section 3.2 of this Part A (as the case may be) depending on the applicable thresholds set out in column 2, 3 or 4 (as the case may be) of the relevant table. |
| Base Costs | means the Design Base Costs, D&C Base Costs, Maintenance Base Costs and other Costs incurred by Project Co directly attributable to a Change Compensation Event, but excluding: (a) Prolongation Costs, Financing Delay Costs and Lost Net Commercial Opportunities Revenue; (b) any Agreed Margins or other Margin of a Subcontractor engaged by Project Co; and (c) the cost of project management services provided by Project |

Co.

Change Compensation Event means each event or change to which these Change Compensation Principles are expressed in this Agreement to apply, including the events or changes described in the clauses listed in the table in section 2 of this Part A.

Change Notice means the notice referred to in section 5 of this Part A substantially in the form set out in Annexure A, including any updated Change Notice.

Change Notice Request means the notice referred to in section 5.2(a)(3) of this Part A.

Change Response means the notice referred to in section 6.1 of this Part A.

Commercial Opportunities Outgoings means all operating costs incurred, or forecast to be incurred, by Project Co and payable to a third party in respect of the Permitted Commercial Opportunities (in each case, excluding GST).

Commercial Opportunities Revenue means revenues received, or forecast to be received, by Project Co in respect of the Permitted Commercial Opportunities, including any revenue in respect of the automatic teller machines, vending machines and advertising, but excluding:

- (a) payments under indemnities or in the nature of compensation for loss suffered;
- (b) GST; and
- (c) any make good costs,

less Commercial Opportunities Outgoings.

Costs means all direct costs properly and reasonably incurred or which will be properly and reasonably incurred by Project Co to the extent that they exceed the relevant amounts (if any) assumed in the Financial Model.

D&C Base Costs means the actual costs of the D&C Subcontractor or other Subcontractor carrying out the works (as the case may be), properly and reasonably incurred and directly attributable to a Change Compensation Event, including in respect of a Change Compensation Event, any on-site management and supervision costs that are properly and reasonably incurred, and directly attributable to, that Change Compensation Event, excluding all Agreed Margins, D&C Subcontractor Preliminaries, other preliminaries and Design Base Costs which, for the purposes of determining the Final Acceptance Works Fee after the Date for Final Acceptance will be determined applying the rates set out in

Annexure B.

| | |
|--|---|
| D&C Margin | <p>means:</p> <ul style="list-style-type: none">(a) prior to the Date of Provisional Acceptance, the percentage for the "D&C Margin" that the D&C Subcontractor may charge in accordance with Table 1 in section 3.2 of this Part A;(b) after Date of Provisional Acceptance but prior to the Date of Final Acceptance, the percentage for the "D&C Margin" that the D&C Subcontractor may charge in accordance with Table 2 in section 3.2 of this Part A;(c) during the first 2 years of the Maintenance Phase, the percentage for the "D&C Margin" that the D&C Subcontractor may charge in accordance with Table 3 in section 3.2 of this Part A or, in circumstances where the D&C Subcontractor does not undertake the required works, the percentage that the Subcontractor carrying out the works may charge as determined through a competitive tender process in accordance with section 7 of this Part A; and(d) after the first 2 years of the Maintenance Phase, the percentage that the Subcontractor carrying out the works may charge as determined through a competitive tender process in accordance with section 7 of this Part A, <p>to cover all off-site overheads and administrative, corporate and other like costs and profits of the D&C Subcontractor or such other Subcontractor carrying out the works, but excluding D&C Subcontractor Preliminaries and D&C Base Costs.</p> |
| D&C Subcontractor Preliminaries | <p>means the percentage that the D&C Subcontractor may charge for "D&C Subcontractor Preliminaries" in accordance with Table 1, Table 2 or Table 3 (as the case may be) in section 3.2 of this Part A to cover all on-site overheads and other like costs (excluding any on-site management and supervision costs which are covered in the definition of D&C Base Costs).</p> |
| Design Base Costs | <p>means the actual third party design fees including architects', engineers' and other design consultants' fees properly and reasonably incurred and directly attributable to a Change Compensation Event but excluding all other costs of the D&C Subcontractor and all Agreed Margins other than the Margin of the relevant third party design consultant.</p> |
| Direct Costs | <p>has the meaning given to that term in:</p> <ul style="list-style-type: none">(a) the Train Franchisee Cooperation Agreement; or(b) the Tram Franchisee Cooperation Agreement, <p>in each case as the context requires.</p> |
| Financing Delay Costs | <p>means the incremental financing costs actually incurred, or which will be actually incurred, by Project Co or Finance Co under the</p> |

Finance Documents and directly attributable to a delay to the achievement of Provisional Acceptance caused by a Compensable Extension Event, a Rebuild Compensation Event, or a State Initiated Modification.

Franchisee's Margin

has the meaning given to that term in:

- (a) the Train Franchisee Cooperation Agreement; or
- (b) the Tram Franchisee Cooperation Agreement,

in each case as the context requires.

Lost Net Commercial Opportunities Revenue

means:

- (a) in the case of a Potential Revenue Loss Event occurring during the period up to but excluding the day which is 2 years after the Date of Final Acceptance, the net Commercial Opportunities Revenue forgone based on the revenue projections included in the Base Case Financial Model; and
- (b) in the case of a Potential Revenue Loss Event occurring during the period commencing the day which is 2 years after the Date of Final Acceptance, if the State considers (acting reasonably) that the net Commercial Opportunities Revenue forgone based on actual Commercial Opportunities Revenue prior to the Potential Revenue Loss Event is materially less than the net Commercial Opportunities Revenue forgone based on the revenue projections included in the Base Case Financial Model, the lower of:
 - (i) the net Commercial Opportunities Revenue forgone based on the revenue projections included in the Base Case Financial Model; and
 - (ii) the net Commercial Opportunities Revenue forgone based on the Base Case Financial Model as updated for actual Commercial Opportunities Revenue and prospectively for the remainder of the Term for actual Commercial Opportunities Revenue prior to the Potential Revenue Loss Event,

directly caused by the relevant Potential Revenue Loss Event.

Maintenance Base Costs

means the actual costs of the Maintenance Subcontractor or any Subcontractors properly and reasonably incurred and directly attributable to implementing the non-capital elements of a Change Compensation Event including warranty costs and lifecycle costs, but excluding the Maintenance Margin which, for the purposes of determining the Final Acceptance Works Fee after the Date for Final Acceptance will be determined applying the rates set out in Annexure B.

Maintenance Margin

means the percentage that the Maintenance Subcontractor or in circumstances where the Maintenance Subcontractor does not undertake the required works, the percentage that the Subcontractor carrying out the works may charge in accordance with Table 4 in section 3.2 of this Part A on its Maintenance Base

Costs to cover all off-site and on-site overheads and administrative, corporate and other like costs and profits of the Maintenance Subcontractor or such other Subcontractor carrying out the works.

Margin means an amount on account of off-site and on-site overheads and administrative, corporate and other like costs and profit.

Potential Revenue Loss Event has the meaning given in section 3.7(a).

Prolongation Costs means the lower of:

- (a) the actual, additional net costs (excluding Financing Delay Costs and Lost Net Commercial Opportunities Revenue) properly and reasonably incurred, or that will be incurred, by Project Co and directly attributable to a delay to the achievement of Provisional Acceptance directly as a consequence of a Compensable Extension Event, a Rebuild Compensation Event, or a State Initiated Modification; and
- (b) the maximum daily rate for:
 - (i) the period from Financial Close to the date which is six months after Financial Close, [not disclosed] per day;
 - (ii) the period from after the date which is six months after Financial Close to the date which is six months before the Date for Provisional Acceptance, [not disclosed] per day; and
 - (iii) the period after the date which is six months before the Date for Provisional Acceptance, [not disclosed] per day.

Rebuild Compensation Event means an event described in:

- (a) clause 42.3(c) (*Repairing and rebuilding*) of this Agreement, in respect of repairing and rebuilding to a different specification;
- (b) clause 42.3(d) (*Repairing and rebuilding*) of this Agreement, in respect of repairing and rebuilding State caused damage;
- (c) clause 42.3(e) (*Repairing and rebuilding*) of this Agreement, in respect of repairing and rebuilding damage caused by a train, or a Metro Tunnel Package Contractor; or
- (d) clause 43.17(a) (*Damage caused by Day 1 Uninsurable Risk or Uninsurable Risk*) of this Agreement, in respect of repairing or rebuilding damage caused by a Day 1 Uninsurable Risk or Uninsurable Risk.

Savings means the amount of any costs, including any Agreed Margins, other Margins or costs under the Finance Documents, avoided or otherwise reduced in accordance with this Schedule arising in connection with a Change Compensation Event.

**State Initiated
Modification**

means a Modification other than:

- (a) as a result of a Minor Modification Proposal;
- (b) a Modification the subject of a Modification Proposal under clause 38.6 (*Project Co Proposed Modifications*) of this Agreement; and
- (c) a Modification to implement a Technological Improvement under clause 39.3 (*Implementing Technological Improvements*) of this Agreement.

2 Change Compensation Events

| Change Compensation Event | Clause of this Agreement | Compensation to be calculated in accordance with the following section of this Part A or other provisions of this Agreement as identified |
|--|--|--|
| Amount of Handover Refurbishment Works | Clause 32.4 (<i>State election</i>). | Sections 3.1 and 3.2 of this Part A. |
| State Initiated Modification | Clause 38.1 (<i>Modification Orders</i>), 38.2 (<i>Modification Request by the State</i>), 38.3 (<i>Modification Quote</i>), 38.7 (<i>Modifications required as a result of Change in Mandatory Requirements</i>), 38.8 (<i>Modifications required as a result of a JCC Modification</i>), 38.9 (<i>Directions giving rise to Modification</i>), 38.10 (<i>Entitlement to Financing Delay Costs and Prolongation Costs</i>) and 38.11 (<i>Payment for Quotes</i>). | Sections 3.1, 3.2, 3.3, 3.6 and 3.7 of this Part A. |
| Pre-Agreed Modification | Clause 38.13 (<i>Pre-Agreed Modifications</i>) | Section 3.1 of this Part A (for works or services costs or savings (as applicable)) in which case the Base Costs for the |

| Change Compensation Event | Clause of this Agreement | Compensation to be calculated in accordance with the following section of this Part A or other provisions of this Agreement as identified |
|----------------------------------|---|--|
| | | purposes of item "C" of the calculation will be the Pre-Agreed Modification Costs. |
| Compensable Extension Event | Clause 16.3 (<i>State's right to enter, inspect and test</i>), 16.7 (<i>State right to suspend</i>), 17.2 (<i>Proximate State Work</i>), 23.8 (<i>Additional testing</i>), 26.6 (<i>Change Notice</i>), 26.10 (<i>Entitlement to Financing Delay Costs and Prolongation Costs</i>), 38.5 (<i>Omission by State</i>) and 41.4(b)(1) (<i>Payments</i>). | Section 3.3 of this Part A. |
| Compensable Intervening Event | Clause 16.7 (<i>State right to suspend</i>), 17.2 (<i>Proximate State Work</i>), 31.1(b)(6) (<i>Intervening Events entitling Change Notice</i>), 31.4(b) (<i>Payment continues for Intervening Events other than Force Majeure Events</i>), 31.6(b) (<i>Alternative arrangements</i>) and 38.5 (<i>Omission by State</i>). | Sections 3.1, 3.2 and 3.7 of this Part A. |
| Force Majeure Event | Clause 26.19 (<i>Force Majeure</i>), 31.5(c)(2) (<i>Intervening Event which is a Force Majeure Event</i>) and 41.4(c) (<i>Payments</i>). | Section 3.4 of this Part A. |
| Acceleration | Clause 26.18 (<i>Acceleration</i>) | Sections 3.1 and 3.2 of this Part A (excluding Agreed Margins or other Margin). |

| Change Compensation Event | Clause of this Agreement | Compensation to be calculated in accordance with the following section of this Part A or other provisions of this Agreement as identified |
|---|---|--|
| Project Co Proposed Modification | Clause 38.6 (<i>Project Co Proposed Modifications</i>). | Sections 3.1 and 3.2 of this Part A. |
| Minor Modification | Clause 38.12 (<i>Minor Modifications</i>). | Sections 3.1 and 3.2 of this Part A. |
| Modification for Technological Improvement | Clause 39.3 (<i>Implementing Technological Improvements</i>). | Sections 3.1 and 3.2 of this Part A. |
| Repair or rebuild to different specifications | Clause 42.3(c) (<i>Repairing and rebuilding</i>). | Sections 3.1, 3.2, 3.3 and 3.7 of this Part A (for incremental additional costs and delay). |
| Repair or rebuild caused by State | Clause 42.3(d) (<i>Repairing and rebuilding</i>). | Sections 3.1, 3.2, 3.3 and 3.7 of this Part A. |
| Repair or rebuild caused by train damage or a Metro Tunnel Package Contractor during the period to Provisional Acceptance | Clause 42.3(e) (<i>Repairing and rebuilding</i>). | Sections 3.1, 3.2, 3.3 and 3.7 of this Part A. |
| Repair or rebuild caused by train damage or the Train Franchisee Interface Party during the FAW Phase | Clause 42.3(f) (<i>Repairing and rebuilding</i>). | Sections 3.1, 3.2 and 3.7 of this Part A. |
| Repair or rebuild caused by train damage or the Train Franchisee Interface Party during the Maintenance Phase | Clause 42.3(f) (<i>Repairing and rebuilding</i>). | Sections 3.1 and 3.2 of this Part A. |

| Change Compensation Event | Clause of this Agreement | Compensation to be calculated in accordance with the following section of this Part A or other provisions of this Agreement as identified |
|---|---|--|
| Repair or rebuild caused by a Day 1 Uninsurable Risk or Uninsurable Risk. | Clause 43.17(a) (<i>Damage caused by Day 1 Uninsurable Risk or Uninsurable Risk</i>). | Sections 3.1, 3.2, 3.3 and 3.7 of this Part A. |

The table above is provided for ease of reference only, and is not intended to be an exhaustive description of the Change Compensation Events or a party's entitlement to compensation. A party's entitlement to compensation arising from any of the Change Compensation Events set out in the table above is subject to the relevant calculation specified in the third column of that table, the remainder of this Schedule and any relevant provisions of this Agreement.

3 Methodology for calculating compensation

3.1 Compensation for Change Compensation Events

Subject to sections 3.2 to 3.7 of this Part A and the specific requirements and restrictions otherwise set out in this Agreement including this Schedule, Project Co's entitlement to compensation in respect of a Change Compensation Event will be calculated as follows:

[not disclosed]

where:

[not disclosed].

3.2 Calculation of Base Costs and Agreed Margins

- (a) **(Prior to Provisional Acceptance – capital component):** For Change Compensation Events prior to the Date of Provisional Acceptance that involve a capital component, the Base Costs and Agreed Margins for the capital cost component shall be calculated as:

[not disclosed]

Where:

[not disclosed]

- (b) **(Prior to Final Acceptance – capital component):** For Change Compensation Events after the Date of Provisional Acceptance but prior to the Date of Final Acceptance that involve a capital component, the Base Costs and Agreed Margins for the capital cost component shall be calculated as:

[not disclosed]

Where:

[not disclosed]

- (c) **(Maintenance Phase – capital component)**: For Change Compensation Events during the Maintenance Phase that involve a capital component, the Base Costs and Agreed Margin for the capital cost component shall be calculated as:

[not disclosed]

Where:

[not disclosed]

- (d) **(D&C Phase and Maintenance Phase – recurrent cost component)**: For Change Compensation Events (including those with a capital cost component and whether occurring during the D&C Phase or the Maintenance Phase) which impact on the cost of carrying out the Services, the Base Costs and Agreed Margin in respect only of those recurrent costs shall be calculated as:

[not disclosed]

Where:

[not disclosed]

3.3 Compensation for Financing Delay Costs and Prolongation Costs

Subject to the specific requirements otherwise set out in this Agreement, Project Co's entitlement to Prolongation Costs and Financing Delay Costs on the occurrence of a Compensable Extension Event, a Rebuild Compensation Event, or in respect of a State Initiated Modification, will be calculated as follows:

[not disclosed]

Where:

[not disclosed]

3.4 Force Majeure Event

Where clauses 26.19(c) (*Force Majeure*) or 31.5(c) (*Intervening Event which is a Force Majeure Event*) of this Agreement apply, subject to the specific requirements and restrictions otherwise set out in this Agreement, Project Co's entitlement to compensation will be calculated as follows:

[not disclosed]

Where:

[not disclosed]

3.5 Annual review of ongoing compensation

- (a) **(Annual review)**: If compensation for a Change Compensation Event has been made by an increase or decrease in the Quarterly Services Payment under section **Error! Reference source not found.** of this Part A, the State may determine:

(1) at the time of providing comments to Project Co in respect of the corresponding update to the Financial Model; and

(2) in its absolute discretion,

that:

- (3) the amount of compensation will be subject to review; and
- (4) the intervals for such review (which must be no more frequent than annual),

in accordance with this section 3.5 of this Part A. For the avoidance of doubt, to the extent that any compensation is to accommodate the costs incurred by Project Co or Finance Co for financing a Change Compensation Event, this compensation will not be subject to review in accordance with this section, but will be governed by the provisions of this Agreement dealing with Refinancings.

- (b) **(Adjustment to Quarterly Services Payment):** To the extent that, on any such review, a re-assessment of the ongoing net Costs or net Savings arising as a consequence of any Change Compensation Event differs from the amount for which compensation was first made through the Quarterly Services Payment in accordance with the Change Compensation Principles or the amount of compensation as adjusted on any prior review and re-assessment under this section 3.5 of this Part A, that adjustment will be made to the Quarterly Services Payment over the balance of the Term.
- (c) **(Time of review):** At least one month prior to the time for review determined by the State under section 3.5(a), Project Co must undertake and provide to the State a review and a re-assessment of the amount of ongoing net Costs or net Savings arising as a consequence of the Change Compensation Event incurred, paid or accrued for which compensation has been made through the Quarterly Services Payment over the Term.
- (d) **(State review and Disputes):** The State must, within 20 Business Days of receipt of a review, notify Project Co of any matter within that review and re-assessment with which the State does not agree, and any Dispute on whether or not there ought to be re-assessment of compensation, or the amount of any re-assessment which has been made through the Quarterly Services Payment may be referred by either party for resolution in accordance with clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of this Agreement.
- (e) **(Reasonably foreseeable):** Where a review under this section 3.5 will result in an increase in the Quarterly Services Payment, Project Co will not be entitled to any such increase unless Project Co can demonstrate to the satisfaction of the State (acting reasonably) that:
 - (1) the increase in the Quarterly Services Payment could not reasonably have been foreseen by a party performing activities similar to the Project Activities in accordance with Best Industry Practices; or
 - (2) if an increase in the Quarterly Services Payment was reasonably foreseeable in accordance with section 3.5(e)(1), the amount of the increase could not reasonably have been foreseen by a party performing activities similar to the Project Activities in accordance with Best Industry Practices,

as at the date on which Project Co issued the first Change Notice for the relevant Change Compensation Event.

3.6 Payment for Modification Quotes

If under clause 38.11 (*Payment for Quotes*) of this Agreement Project Co is entitled to recovery of third party costs incurred in preparing a Modification Quote, the State must pay the third party costs calculated in accordance with these Change Compensation Principles up to the amount quoted by Project Co in accordance with clause 38.11(b) (*Payment for Quotes*) of this Agreement for the preparation of the Modification Quote:

- (a) **(no Modification Order)**: if the State does not issue a Modification Order, within 20 Business Days of receiving an invoice from Project Co for such third party costs provided that the relevant Modification Quote has been prepared and submitted in accordance with this Agreement; or
- (b) **(Modification Order issued)**: if the State does issue a Modification Order, as part of the amount payable by the State for the Modification (including taking into account any Savings).

3.7 Compensation for Potential Revenue Loss Event

- (a) **(Potential Revenue Loss Event)**: If:
 - (1) during the D&C Phase, the State breaches any State Project Document;
 - (2) during the FAW Phase or the Maintenance Phase, a Compensable Intervening Event occurs;
 - (3) the State issues a Modification Order (excluding as a result of a Modification Proposal or a Minor Modification); or
 - (4) a Rebuild Compensation Event occurs,(in each case, a **Potential Revenue Loss Event**), and:
 - (5) in respect of the events set out in sections 3.7(a)(1), 3.7(a)(2) or 3.7(a)(4), Project Co has submitted a Change Notice to the State in accordance with section 5; and
 - (6) in respect of the event set out in section 3.7(a)(3), Project Co has complied with clause 38 (*Modifications*) of this Agreement,Project Co will be entitled to payment by the State of Lost Net Commercial Opportunities Revenue for the revenue that is lost due to the effect of the Potential Revenue Loss Event.
- (b) **(Principles for calculating compensation)**: Project Co's entitlement to Lost Net Commercial Opportunities Revenue will be:
 - (1) determined in accordance with the requirements of section 4.1, excluding sections 4.1(a)(1), 4.1(h), 4.1(i), 4.1(j) and 4.1(k);
 - (2) paid in accordance with section 4.2; and
 - (3) in the case of a Rebuild Compensation Event under paragraph (d) of the definition of Rebuild Compensation Event, capped at an amount equal to the maximum amount set out in clause 43.17(b) of this Agreement less any other amounts paid by the State under this Agreement in relation to the Rebuild Compensation Event.
- (c) **(Acknowledgements)**: The parties acknowledge and agree, in respect of a Potential Revenue Loss Event and the payment of Lost Net Commercial Opportunities Revenue that:
 - (1) section 4.3 will apply;
 - (2) to the extent that Project Co submits a Change Notice in respect of a Potential Revenue Loss Event, the requirements of section 6 and Part B will apply; and
 - (3) Lost Net Commercial Opportunities Revenue will not be payable for any period that the Potential Revenue Loss Event, or the effects of the

Potential Revenue Loss Event are continuing to the extent that period is contemporaneous with:

- (A) a delay to Provisional Acceptance caused by an event which is not an Extension Event or a Potential Revenue Loss Event; or
- (B) a delay to Final Acceptance which is caused or contributed to by an act or omission of Project Co.

4 General

4.1 General principles for calculating compensation

The extent (if any) to which compensation will be payable by the State, for a Change Compensation Event, will be determined as follows:

- (a) **(overriding considerations)**: the overriding considerations will be that:
 - (1) the State is receiving value for money; and
 - (2) the compensation amount is fair and reasonable and is calculated in a manner that is transparent;
- (b) **(timing of payments)**: all payments made by the State to Project Co in accordance with this Schedule will be made as and when the corresponding cost is incurred by Project Co or Finance Co (as the case may be) or in arrears in accordance with section 4.2 of this Part A;
- (c) **(time value of money)**: appropriate regard must be given to the time value of money and timing of cash flows;
- (d) **(open book basis)**:
 - (1) Project Co must, and must procure that its Associates (other than Subcontractors that are not Key Subcontractors or Material Subcontractors):
 - (A) provide all information referred to in this Schedule on an open book basis, in accordance with section 4.1(d)(2) of this Part A;
 - (B) if required by the State, make available the appropriate personnel to explain the basis on which a particular calculation has been made; and
 - (C) allow the State to review and undertake audits to enable it to verify compliance with this section 4.1(d) of this Part A in respect of the information referred to in section 4.1(d)(1)(A) of this Part A,

in order to enable the State to make an accurate assessment of actual Costs, Savings and Lost Net Commercial Opportunities Revenue in accordance with this Schedule; and

- (2) "open book basis" will include Project Co providing a breakdown of the calculation of all relevant preliminaries, labour, equipment, materials, subcontract, finance and other costs and the Margin of each of Project Co and its Associates (other than Subcontractors that are not Key Subcontractors or Material Subcontractors) in a clear and transparent

manner and other information reasonably requested by the State including reasonably available source documents required to verify such calculation;

- (e) **(no double counting)**: no amounts will be double counted;
- (f) **(Indexation)**: no amounts or costs payable will be Indexed more than once;
- (g) **(GST)**: any reference in the Change Notice or any other document pursuant to this Schedule 4 to price, value, sales, revenue, rates, fees or a similar amount will be a reference to that amount exclusive of GST (other than such an amount expressly agreed to be GST inclusive);
- (h) **(margins)**: except as expressly provided for in Section 3 or 4, the State will not pay or otherwise compensate Project Co (or any Associate of Project Co) for any Margin (or loss of Margin) in respect of a Change Compensation Event;
- (i) **(margins for Subcontractors)**: Subcontractors other than the D&C Subcontractor or the Maintenance Subcontractor who are engaged to carry out a Change Compensation Event will be paid a Margin as part of the Base Costs;
- (j) **(no margin for Prolongation Costs)**: notwithstanding any other section of this Schedule 4, no Margin will be payable for Prolongation Costs;
- (k) **(State's Liability)**: the State's Liability and Project Co's entitlements will be calculated subject to clause 2.15 (*Reduction in State liability for Relief Events*) of this Agreement; and
- (l) **(Fee for Independent Reviewer)**: no amounts will be payable in respect of the "Fee" as defined under the Independent Reviewer Deed of Appointment or Sub-Independent Reviewer Deed of Appointment.

4.2 Form and timing of compensation

- (a) **(Payment of Compensation)**: If a Change Compensation Event:
 - (1) results in an amount owing from Project Co to the State, the State will deduct such amount from the Quarterly Service Payments payable to Project Co after the relevant Change Compensation Event, or if no subsequent Quarterly Service Payments are payable to Project Co, such amount will be a debt due and payable by Project Co to the State;
 - (2) results in an amount owing from the State to Project Co that is not financed by Project Co in accordance with section 4.2(b) of this Part A, the State will pay such amount to Project Co:
 - (A) in accordance with the payment arrangements set out in the Change Response or Modification Order, which will be appropriate having regard to the nature and timing of costs (or, in respect of a Potential Revenue Loss Event, losses) to be incurred by Project Co in respect of the Change Compensation Event, and which could include a lump sum payment, a series of milestone payments, an adjustment to the Quarterly Service Payment (or a combination of these methods) and, if applicable, section 4.2(c) of this Part A;
 - (B) in respect of Prolongation Costs, Monthly in arrears with the first instalment payable within 1 Month after the date of receipt from Project Co of the Change Notice except to the extent that any Prolongation Costs are disputed by the State

and referred for resolution in accordance with clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of this Agreement;

- (C) in respect of Financing Delay Costs, Quarterly in arrears on the date which the State would have paid the Quarterly Service Payment relating to those days of delay had Provisional Acceptance not been delayed by the relevant Compensable Extension Event, Rebuild Compensation Event or State Initiated Modification;
 - (D) in respect of Lost Net Commercial Opportunities Revenue, Monthly in advance of the date which Project Co would have generated the foregone Commercial Opportunities Revenue had the relevant Change Compensation Event not occurred; and
 - (E) in respect of a payment under section 3.4, Quarterly in arrears on the date which the State would have paid the Quarterly Service Payment relating to that period for which the Force Majeure Event is subsisting; or
- (3) results in an amount owing from the State to Project Co that is financed by Project Co in accordance with section 4.2(b) of this Part A the State will pay such amount to Project Co by way of an increase in the Quarterly Service Payment.
- (b) **(Funding):** Where the State requests Project Co obtain funding for a Change Compensation Event, Project Co must use (and must procure that Finance Co uses) all reasonable endeavours to obtain such funding, including by:
- (1) using any Savings resulting from other Change Compensation Events which have resulted in amounts being available under the Finance Documents;
 - (2) using (including indirectly) any standby facility that may be available to Project Co or Finance Co;
 - (3) sourcing (including indirectly) additional funding under the Finance Documents and from other sources (if permitted under the Finance Documents); and
 - (4) arranging other funding obtained on commercial terms for Project Co by the State (without any obligation on the State to make any such arrangements).

Where Project Co, having used all reasonable endeavours, is unable to obtain funding that is on terms which are satisfactory to the State, the State will, without limiting its rights under clause 38 (*Modifications*) of this Agreement, pay the relevant amounts in accordance with section 4.2(a)(2) of this Part A.

- (c) **(Lump Sum Payments):** If the State elects to pay to Project Co an amount calculated in accordance with these Change Compensation Principles in respect of a Modification by a lump sum payment, the State will pay such amount to Project Co when the following requirements have been satisfied:
- (1) in respect of Modifications required to be completed prior to the Date of Provisional Acceptance or during the FAW Phase, in accordance with the terms of the Modification Order;
 - (2) in respect of Modifications occurring or required to be completed during the Maintenance Phase, if the State requires certification of any works required, or Lost Net Commercial Opportunities Revenue incurred, as a result of the Modification by a suitably qualified

independent reviewer, upon such certification that the Modification has been completed in accordance with the relevant Change Notice and this Agreement; and

- (3) within 20 Business Days after receiving a valid Tax Invoice from Project Co for the amount calculated in accordance with these Change Compensation Principles.
- (d) **(Adjustment to Securitisation Structure):** Where an adjustment to the Quarterly Service Payment is made in accordance with section 4.2(a) of this Part A, Project Co must also calculate, in accordance with clause 35A of this Agreement, the adjustment required to be made to:
- (1) the Final D&C Phase Price;
 - (2) the Receivables Purchase Payment payable by Finance Co under the Receivables Purchase Deed; and
 - (3) the Licence Fees payable by Project Co under the Maintenance Licence to reflect, as appropriate, the adjustment to the Final D&C Phase Price.
- (e) **(Franchisee costs – Project Co Modification):** Where:
- (1) Project Co has proposed a Modification in accordance with clause 38.6 of this Agreement and has made an Additional Support Request in relation to that Modification;
 - (2) Project Co has accepted an Additional Support Response in relation to that Modification or the additional Direct Costs the relevant Rail Franchisee expects to incur in providing the Additional Support are determined in accordance with clause 5.2(g) of the relevant Rail Franchisee Cooperation Agreement; and
 - (3) the State has issued a Modification Order in respect of the Modification proposed in accordance with clause 38.6 of this Agreement,

Project Co must reimburse the relevant Rail Franchisee for its Direct Costs plus Franchisee's Margin incurred in providing the Additional Support in accordance with clause 18 of the Train Franchisee Cooperation Agreement or clause 13 of the Tram Franchisee Cooperation Agreement (as relevant).

- (f) **(Franchisee costs – State Modification):** Where:
- (1) the State issues a Modification Order or a Modification Request under clause 38.1 or clause 38.2 of this Agreement (as applicable);
 - (2) Project Co has made an Additional Support Request in relation to that Modification;
 - (3) the relevant Rail Franchisee is able to provide the Additional Support in accordance with:
 - (A) clause 17.2(c)(2) or 17.2(e) of the Train Franchisee Cooperation Agreement; or
 - (B) clause 12.3(c)(2) or 12.3(e) of the Tram Franchisee Cooperation Agreement; or(as applicable);
 - (4) Project Co has accepted an Additional Support Response in relation to that Modification or the additional Direct Costs the relevant Rail Franchisee expects to incur in providing the Additional Support are

determined in accordance with clause 5.2(g) of the relevant Rail Franchisee Cooperation Agreement; and

- (5) the State has accepted the Change Notice submitted by Project Co in relation to that Modification Order or Change Compensation Event,

the State will reimburse the relevant Rail Franchisee for its Direct Costs plus Franchisee's Margin incurred in providing the Additional Support.

- (g) [not disclosed]

4.3 Modifications and Minor Modifications

- (a) **(Application to Modifications):** Sections 5 and 6 of this Part A apply to all Change Compensation Events other than Modifications (including where arising as a result of a Minor Modification Proposal).
- (b) **(Process for Modifications):** The process for dealing with Modifications, including the issue of Modification Requests, Modification Quotes, Modification Proposals and Modification Orders, is set out in clause 38 (*Modifications*) of this Agreement.
- (c) **(Obligations for Modifications):** Any Modification Request, Modification Quote, Modification Proposal or Modification Order issued must comply with the applicable requirements of clause 38 (*Modifications*) of this Agreement and be prepared in accordance with and comply with Part B of this Schedule, and references in Part B of this Schedule to a "Change Notice" shall be deemed to refer to each Modification Request, Modification Quote, Modification Proposal or Modification Order, as the case may be (to the extent applicable).
- (d) **(Modification arising from Minor Modification Proposal):** In respect of any Modification arising as a result of a Minor Modification Proposal:
- (1) clause 38.12 (*Minor Modifications*) of this Agreement will apply;
 - (2) any amounts claimed or payable in respect of a Modification as a result of a Minor Modification Proposal must be calculated in accordance with this Schedule; and
 - (3) Project Co must promptly provide such information as is reasonably requested by the State Representative to support the amount claimed to be payable for the Modification as a result of a Minor Modification Proposal; but
 - (4) a Minor Modification Proposal (or response to it) is not otherwise required to comply with Part B of this Schedule.

5 Change Notice

5.1 Change Notice and State Response

- (a) **(Change Notice):** Any Change Notice submitted by Project Co must be prepared in accordance with and comply with Part B of this Schedule.
- (b) **(Requirements for Change Compensation Event):** Subject to section 4.3(a), if an event or change is expressed in this Agreement to be subject to, or an amount is to be calculated in accordance with, this Schedule then, as a condition precedent to making a claim in respect of such a Change Compensation Event, Project Co must, subject to section 4.3 of this Part A,

prepare and submit to the State Representative or reviewing party specified in this Agreement a Change Notice:

- (1) within the time specified in this Agreement; or
 - (2) if no time is specified in this Agreement, within 20 Business Days after the date on which Project Co first became aware of the Change Compensation Event (or such longer period as is agreed to by the State having regard to the extent and nature of the Change Compensation Event and its effects, and the information required to be included in the Change Notice).
- (c) **(Independent Reviewer)**: Any Change Notice submitted by Project Co to the State in respect of a Change Compensation Event must at the same time be submitted by Project Co to the Independent Reviewer.
- (d) **(Right of rejection)**: Without limiting section 6.2 of this Part A, the State Representative or reviewing party is entitled to reject a Change Notice where the Change Notice fails to meet the requirements of this Schedule and this Agreement.
- (e) **(Updated Change Notice)**: Where:
- (1) a Change Notice is submitted;
 - (2) the Change Compensation Event continues beyond the issue of the initial Change Notice; and
 - (3) there is no obligation otherwise in this Agreement to submit an updated Change Notice,

Project Co must prepare and submit to the State an updated Change Notice:

- (4) within the time specified in this Agreement; or
- (5) if no time is specified in this Agreement, every 20 Business Days (or such longer period as reasonably determined by the State, having regard to the extent and nature of the Change Compensation Event and its effects) for the period of the Change Compensation Event or the consequences of such event where either continue beyond the issue of the initial Change Notice.

5.2 State may request a Change Notice

- (a) **(Request)**: Without limiting the State's rights under this Agreement (including where Project Co has failed to submit a Change Notice in accordance with this Agreement), where:
- (1) the State believes that a Change Compensation Event has occurred; and
 - (2) Project Co has not submitted a Change Notice in accordance with section 5.1 of this Part A,
- the State may:
- (3) in a notice entitled "Change Notice Request", request that Project Co prepare and submit a Change Notice in respect of the particular Change Compensation Event; or
 - (4) during the Maintenance Phase, request Project Co to carry out a tender process, in accordance with section 7 of this Part A,
- (Change Notice Request)**.

- (b) **(Submission by Project Co)**: Project Co must prepare and submit a Change Notice within 20 Business Days of receipt of the Change Notice Request in accordance with section 5.1(e) of this Part A (or such longer period as is agreed to by the State having regard to the extent and nature of the Change Compensation Event and its effects, and the information required to be included in the Change Notice).
- (c) **(Requirement for Tender)**: Upon receipt of a request under section 5.2(a)(4) of this Part A, Project Co must carry out a tender process in accordance with section 7 of this Part A.

6 Change Response

6.1 State to issue a Change Response

- (a) Unless otherwise expressly stated in this Agreement, within 20 Business Days of receipt of a Change Notice, or such other period as the State reasonably requires, the State Representative, Independent Reviewer or other reviewing party (**Change Notice Recipient**):
 - (1) **(request for further information)**: may request from Project Co any further information that the Change Notice Recipient reasonably requires in order to assess Project Co's Change Notice in accordance with this Schedule; and
 - (2) **(Change Response notice)**: must advise Project Co, in a notice entitled "Change Response", that the State or Change Notice Recipient:
 - (A) accepts the Change Notice, in which case Project Co will, subject to Project Co complying with the other requirements of this Agreement (including this Schedule), be entitled to compensation calculated in accordance with section 3 of this Part A and an extension of time (if any) pursuant to clause 26 (*Time*);
 - (B) does not accept the Change Notice (and the reasons for this) and that it requires Project Co to:
 - 1) during the Maintenance Phase, carry out a tender process in accordance with section 7 of this Part A;
 - 2) have any amount that is not a fixed or specified amount under these Change Compensation Principles determined in accordance with section 6.3 of this Part A; or
 - 3) amend any aspect of the Change Notice in accordance with the Change Response to reflect (as relevant) any acceleration of the D&C Activities required by the State pursuant to clause 26.16(b) (*Reasonably achievable*) of this Agreement, and Project Co's actual entitlement; or
 - (C) rejects the Change Notice on the basis that the event which is the subject of the Change Notice is not an event for which Project Co is entitled to submit a Change Notice under the State Project Documents,

(Change Response).

- (b) **(Vary agreement):** A Change Response provided by a Change Notice Recipient which accepts all or part of a Change Notice has the effect of varying the State Project Documents to the extent accepted in relation to the relevant Change Notice, with effect from the date of receipt by Project Co of that Change Response, or such other date specified in that Change Response.
- (c) **(No obligation to review):** Nothing in this Agreement requires the Change Notice Recipient to review the Change Notice within the Review Period or in accordance with the Review Procedure.
- (d) **(No relief for failure to review):** No failure of a Change Notice Recipient to review a Change Notice or to issue a Change Response in accordance with this Agreement (including within any time period specified in this Agreement) will entitle Project Co to the relief or compensation set out in the Change Notice or put time at large or deprive the State or Change Notice Recipient of the power to grant the relief sought or such other relief as appropriate (including the power to extend time).

6.2 Options where the Change Notice is not accepted

If the State Representative does not accept or rejects a Change Notice (or a part of it) under sections 6.1(a)(2)(B) or 6.1(a)(2)(C) of this Part A, Project Co must, as a condition precedent to pursuing its Claim in respect of the Change Compensation Event (or the relevant part of it, as applicable):

- (a) if required by the Change Notice Recipient, submit an updated Change Notice to the State, responding to the Change Response; or
- (b) notify the State of any specific matters which it disputes in respect of the Change Response,

within 20 Business Days (or such other period as agreed with the State) of Project Co's receipt of the Change Response.

6.3 Dispute resolution

- (a) **(Dispute resolution referral):** Any Disputes about the Change Response may be referred by either party for resolution in accordance with clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of this Agreement.
- (b) **(Consequences of Dispute):** If Project Co disputes all or any part of a Change Response in accordance with section 6.3(a), Project Co:
 - (1) must, in the interim, comply with the Change Response; and
 - (2) will be relieved of its obligations under this Agreement to the extent specified in the Change Response.
- (c) **(Base Costs and Savings):** Where a Dispute about a Change Response is referred for resolution under section 6.3(a) and relates to an amount as calculated by Project Co in any Change Notice, such amount not being a fixed or specified amount under these Change Compensation Principles:
 - (1) **(Base Costs):** the Base Costs calculated in item C of section 3.1 of this Part A shall be the lower of:
 - (A) the amount claimed by Project Co in accordance with this Schedule; and

- (B) the amount determined in accordance with clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of this Agreement; and
- (2) (**Savings**): the Savings calculated in item D of section 3.1 of this Part A shall be the higher of:
 - (A) the amount claimed by Project Co in accordance with this Schedule; and
 - (B) the amount determined in accordance with clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of this Agreement.

7 Tender process

- (a) (**Conduct of the tender process**): If Project Co is required to carry out a tender process under this Part A and in accordance with Best Industry Practice, Project Co must obtain three separate quotes (or such lesser number of quotes as directed by the State) from experienced, independent and capable contractors which are acceptable to the State (acting reasonably) to carry out the work in respect of the relevant Change Compensation Event.
- (b) (**Project Co to select**): Project Co will be responsible for selecting a subcontractor from this process in consultation with (and subject to the prior agreement of) the State.
- (c) (**Tender process material**): Project Co must permit the State to review all materials that are submitted in the tender process and provide any other information that the State reasonably requires (including such consents as are required by Law to carry out any Probity Investigations).
- (d) (**Selection criteria**): Project Co must demonstrate, to the reasonable satisfaction of the State, that the subcontractor it intends to select is the best choice having regard to:
 - (1) the price quoted in the prevailing market conditions;
 - (2) the experience and capability of that subcontractor in the context of the relevant Change Compensation Event; and
 - (3) the ability of the subcontractor to carry out the work in respect of the Change Compensation Event in the manner required by this Agreement.

The subcontractor must meet the requirements in respect of Subcontractors set out in this Agreement.

- (e) (**Effect of tender process**): Subject to section 7(f) of this Part A, Project Co must, within 10 Business Days of the outcome of the tender process, amend its Change Notice and submit it to the State or, where the State has exercised its right under section 5.2(a)(4) of this Part A, submit a Change Notice which takes full account of the outcome of the tender process.
- (f) (**State not satisfied**): If, following the conduct of the tender process, the State is not reasonably satisfied as to the matters described in section 7(d) of this Part A, or that the tender process has not been conducted in accordance with Best Industry Practice, it may:
 - (1) direct Project Co not to accept any tender;

- (2) otherwise instruct Project Co not to proceed with the work in respect of the relevant Change Compensation Event;
- (3) proceed to implement the work that would otherwise have been performed in respect of the relevant Change Compensation Event itself, through subcontractors selected by it; or
- (4) instruct Project Co to proceed with the work in respect of the relevant Change Compensation Event, but on another basis under this Schedule.

PART B - Change Notice Requirements

1 Requirements for Change Notice

A Change Notice prepared by Project Co in respect of a Change Compensation Event must:

- (a) **(Change Notice contents)**: contain:
 - (1) the information, to the extent that it is relevant to the particular Change Compensation Event, outlined in this Part B; and
 - (2) any additional information required under this Agreement in respect of a particular Change Compensation Event;
- (b) **(true and correct)**: be warranted by the Project Co Representative as being true and correct to the best of his or her knowledge;
- (c) **(signed)**: be signed by the Project Co Representative; and
- (d) **(attachments)**: attach copies of any required changes to the Project Strategies, Project Plans and Maintenance Manuals.

2 Change Compensation Event

Project Co must set out detailed particulars of the occurrence and impact of the relevant Change Compensation Event, including:

- (a) **(damage)**: details of any damage caused by the Change Compensation Event; and
- (b) **(Modification)**: in the case of a Change Compensation Event which is a Modification the subject of a Modification Order, the time for completion of the Modification (including whether the Modification is required to be completed prior to any Critical Interface Milestone Date, Progress Milestone Date, Date for Provisional Acceptance, or Date for Final Acceptance).

3 Mitigating factors

Project Co must describe the actions Project Co and any of its Associates has taken (and any further action Project Co proposes to take in the future) to:

- (a) **(Project Co to mitigate, minimise or avoid)**: mitigate, minimise or avoid the adverse effects, costs, consequences or duration of the Change Compensation Event (including by putting in place temporary measures reasonably required by the State); and
- (b) **(effects and costs arising from the Change Compensation Event)**: take advantage of any positive or beneficial effects of the Change Compensation Event and maximise any reduction in costs arising from the Change Compensation Event.

4 Effects

Project Co must provide details, where applicable, and to the extent known or able to be predicted, of the effects of the Change Compensation Event on:

- (a) **(effect on quality)**: the workmanship, quality, appearance or durability of any part of the Project;
- (b) **(effect on design and construction)**: the design, construction or commissioning of the Works;
- (c) **(effect on management and maintenance)**: the management and maintenance of the Relevant Infrastructure;
- (d) **(effect on use of the Project)**: the use of the Relevant Infrastructure and the safe, efficient and continuous operation of the Relevant Infrastructure;
- (e) **(effect on ability to meet FFP Warranty)**: the Relevant Infrastructure meeting, or the ability to maintain the Relevant Infrastructure so that it meets, the FFP Warranty;
- (f) **(effect on Project Co's ability to carry out Services)**: the carrying out of the Services and Project Co's ability to carry out Services in accordance with the performance standards in the Services Specification;
- (g) **(effect on the warranties given by Project Co)**: the warranties given by Project Co in this Agreement (and in particular under clause 48.2 (*Project Co's representations and warranties*) of this Agreement);
- (h) **(effect on this Agreement)**: any relevant part of this Agreement (including Schedules and Exhibits);
- (i) **(effect on Provisional Acceptance and milestones)**: the time consequences of the Change Compensation Event (including any impact on any Date for Provisional Acceptance, any Critical Interface Milestone Date, any Progress Milestone Date and the time during which Project Co will be unable to carry out any other obligations due to the relevant Change Compensation Event);
- (j) **(claimed revised Date for Provisional Acceptance or milestone date)**: any claimed revised Date for Provisional Acceptance, Critical Interface Milestone Date or Progress Milestone Date;
- (k) **(Accreditation)**: details of any impact the Change Compensation Event will have on Accreditation;
- (l) **(effect on Project Co's performance of any other obligations)**: the performance of any other obligations of Project Co or Finance Co under the Project Documents;
- (m) **(Permitted Commercial Opportunities revenue)**: Project Co's ability to pursue the Permitted Commercial Opportunities in accordance with clause 37 (*Commercial opportunities and revenue*) of this Agreement and to earn revenue from the Permitted Commercial Opportunities; and
- (n) **(effect on Approvals)**: any existing Approvals or the requirement for any new Approvals.

5 Cost, Saving and Loss Implications

All Change Notices must fully document all estimated Costs, Savings and Lost Net Commercial Opportunities Revenue on an open book basis and otherwise comply with section 3 of Part A, including:

- (a) **(amounts payable by or to Project Co)**: all amounts payable by or to Project Co, and each component of any payment calculation, for the proposed Change Compensation Event in accordance with this Schedule (in the form of and including all information required in accordance with this Schedule);
- (b) **(capital expenditure)**: whether or not any required capital expenditure can be accommodated within the next planned refurbishment of the Maintained Assets;
- (c) **(cost of Insurance)**: the cost of Insurances; and
- (d) **(proposed form and timing for compensation)**: the proposed form and timing for compensation in accordance with section 4.2(b) of Part A.

6 Time Implications

Without limiting clauses 26.6 (*Change Notice*) and 38.3 (*Modification Quote*) of this Agreement, all Change Notices in which Project Co claims an extension of time to the relevant Date for Provisional Acceptance, Critical Interface Milestone Date, or Progress Milestone Date must:

- (a) set out detailed particulars of the delay or likely delay and the occurrence causing the delay;
- (b) state the number of days extension claimed together with the basis for calculating the total number of days claimed including a detailed critical path programming analysis which demonstrates how the relevant event has delayed Provisional Acceptance, a Critical Interface Milestone, or a Progress Milestone;
- (c) include all information required by clause 26 (*Time*) of this Agreement and any other information reasonably required by the State Representative or other reviewing party to demonstrate that Project Co has satisfied the conditions relevant to its extension of time claim as referred to in clauses 26.7 (*Conditions precedent to extension*) and 38.3 (*Modification Quote*) of this Agreement (as applicable); and
- (d) where applicable, include the amount of Prolongation Costs, Financing Delay Costs and Lost Net Commercial Opportunities Revenue claimed, together with the basis of calculating the amount claimed.

7 Warranty by Project Co

All Change Notices must:

- (a) **(Warranty)**: where the Change Notice is in respect of a Modification the subject of a Modification Order, contain a warranty by Project Co in respect of the Change Compensation Event that:
 - (1) the relevant Change Notice has been prepared so as to avoid or minimise:

- (A) any delay in achieving Provisional Acceptance, Final Acceptance, each Critical Interface Milestone Date and each Progress Milestone Date;
- (B) any adverse safety impacts of the Change Compensation Event on people and the Maintained Assets;
- (2) the Modification when implemented will enable the Relevant Infrastructure to meet, and remain capable of being maintained so as to meet, the FFP Warranty and otherwise meet the requirements of this Agreement except to the extent that it is agreed or determined that the proposed Modification will have an adverse effect on the matters referred to in section 4 of this Part B; and
- (3) enable Project Co at all times during the Maintenance Phase to carry out the Services in accordance with the PS&TR and to comply with the terms of this Agreement, except to the extent that it is agreed or determined that the proposed Modification will have an adverse effect on the matters referred to in section 4 of this Part B,

in each case without limiting the warranties given by Project Co in other clauses of this Agreement, except to the extent that it is agreed between the parties or determined in accordance with this Agreement that the proposed Modification will have an adverse effect on the matters referred to in section 4 of this Part B; and

- (b) (**Bona fide**): contain a warranty by Project Co that it is satisfied that the Claim the subject of the Change Notice is bona fide and the relief sought is an accurate reflection of Project Co's entitlement under this Agreement to the extent it is able to be known at the time.

Annexure A Change Notice

Change Notice

Date: [insert]

To: [insert]

From: [insert]
(Project Co)

Project Agreement: the Project Agreement titled "Metro Tunnel – Tunnel and Stations PPP – Project Agreement" entered into between the State and Project Co dated [insert].

[Insert any other relevant details such as claim reference numbers]

Unless the context requires otherwise, capitalised terms used in this Change Notice have the meanings given to them in the Project Agreement.

Section 1 – Details of relevant Change Compensation Event

The relevant Change Compensation Event is:

- Amount of Handover Refurbishment Works (clause 32.4 of the Project Agreement)
- State Initiated Modification (clauses 38.1, 38.2, 38.3, 38.7, 38.8, 38.9, 38.10 and 38.11 of the Project Agreement)
- Pre-Agreed Modification (clause 38.13 of the Project Agreement)
- Compensable Extension Event (clauses 16.3, 16.7, 17.2, 23.8, 38.5 and 41.4(b)(1) of the Project Agreement)
- Compensable Intervening Event (clauses 16.7, 17.2, 31.1(b)(6), 31.4(b), 31.6(b) and 38.5 of the Project Agreement)
- Force Majeure Event (clauses 26.19, 31.5(c)(2) and 41.4(c) of the Project Agreement)
- Acceleration (clause 26.18 of the Project Agreement)
- Project Co Proposed Modification (clause 38.6 of the Project Agreement)
- Minor Modification (clause 38.12 of the Project

Agreement)

- Modification for Technological Improvement (clause 39.3)
- Repair or rebuild to different specifications (clause 42.3(c) of the Project Agreement)
- Repair or rebuild caused by State (clause 42.3(d) of the Project Agreement)
- Repair or rebuild caused by a train or a Metro Tunnel Package Contractor during the period to Provisional Acceptance (clause 42.3(e) of the Project Agreement)
- Repair or rebuild caused by a train or the Train Franchisee Interface Party during the FAW Phase (clause 42.3(f) of the Project Agreement)
- Repair or rebuild caused by a train or the Train Franchisee Interface Party during the Maintenance Phase (clause 42.3(f) of the Project Agreement)
- Repair or rebuild caused by a Day 1 Uninsurable Risk or Uninsurable Risk (clause 43.17(a) of the Project Agreement)

The impact of the Change Compensation Event is:

[insert detailed particulars of the nature, occurrence and impact of the relevant Change Compensation Event, including:

- ***the basis on which Project Co has formed the opinion that an event constitutes a Change Compensation Event;***
- ***details of any damage caused by the Change Compensation Event; and***
- ***in the case of a Change Compensation Event which is a Modification the subject of a Modification Order, the time for completion of the Modification (including whether the Modification is required to be completed prior to any Critical Interface Milestone Date, Progress Milestone Date, Date for Provisional Acceptance, or Date for Final Acceptance).***

The details of any acceleration requested by the State pursuant to a Change Response are:

[insert details]

Section 2 – Details of the effect of the relevant Change Compensation Event

To the extent known or able to be predicted, Project Co considers that the Change Compensation Event will have the following effects on:

- The workmanship, quality, appearance or

[insert details]

durability of any part of
the Project:

- The design, manufacture, construction, supply, installation, or commissioning of the Works: **[insert details]**
- The management and maintenance of the Relevant Infrastructure: **[insert details]**
- The use of the Relevant Infrastructure and the safe, efficient and continuous operation of the Relevant Infrastructure: **[insert details]**
- The Relevant Infrastructure meeting the FFP Warranty: **[insert details]**
- The carrying out of the Services and Project Co's ability to carry out Services in accordance with the performance standards in the Services Specification: **[insert details]**
- The warranties given by Project Co in the Project Agreement: **[insert details]**
- Any relevant part of the Project Agreement (including Schedules and Exhibits): **[insert details]**
- Any Accreditation: **[insert details]**
- The performance of any other obligations of Project Co or Finance **[insert details]**

Co under the Project Documents:

- Any existing Approvals or the requirement for any new Approvals: **[insert details]**

Section 3 – Details of mitigating factors

Project Co and its Associates have taken the following action to mitigate, minimise or avoid the adverse effects, Costs, consequences or duration of the Change Compensation Event (including those temporary measures reasonably required by the State): **[insert details]**

Project Co proposes to take the following action in the future to mitigate, minimise or avoid the adverse effects, Costs, consequences or duration of the Change Compensation Event (including by putting in place temporary measures reasonably required by the State): **[insert details]**

Project Co and its Associates have taken the following action to take advantage of any positive or beneficial effects of the Change Compensation Event and maximise any reduction in Costs arising from the Change Compensation Event: **[insert details]**

Project Co proposes to take the following action in the future to take advantage of any positive or beneficial effects of the Change Compensation Event and maximise any reduction in Costs arising from the Change Compensation Event: **[insert details]**

Section 4 – Details of cost, saving and Lost Net Commercial Opportunities Revenue implications

The estimated Costs, Savings and Lost Net Commercial Opportunities Revenue arising as a result of the Change Compensation Event are as set out in the following table.

| Description | Estimate of savings (\$AUD ex GST) | Estimate of costs (\$AUD ex GST) |
|--|------------------------------------|---|
| All amounts payable by or to Project Co, and each component of any payment calculation, for the proposed Change Compensation Event in accordance with the Change Compensation Principles (in the form of and including all information required in accordance with the Change Compensation Principles) | [insert details] | [insert details including details of the Direct Costs a relevant Rail Franchisee expects to incur in providing any Additional Support.] |
| Amounts of any required capital expenditure that can be accommodated within the next planned refurbishment of the Maintained Assets. | [insert details] | [insert details] |
| The cost of Insurances | [insert details] | [insert details] |
| Lost Net Commercial Opportunities Revenue | [insert details] | [insert details] |

The proposed form and timing for compensation in accordance with section 8 of the Change Compensation Principles:

[insert details]

The funding to be provided for a Change Compensation Event (where the State has requested such funding):

[insert details of proposed funding, if any]

[to the extent Project Co is unable to provide the requested funding, insert evidence that Project Co has used all reasonable endeavours to obtain such funding, including by:

- using any Savings resulting from other Change Compensation Events which have resulted in amounts

being available under the Finance Documents;

- ***using any standby facility that may be available to Project Co;***
- ***arranging for additional funding under the Finance Documents and from other sources (if permitted under the Finance Documents); and***
- ***arranging other funding obtained on commercial terms for Project Co by the State (without any obligation on the State to make any such arrangements).]***

Section 5 – Details of time implications

The delay is: ***[insert details]***

The time consequences of the Change Compensation Event are: ***[insert details]***

The number of days extension to each relevant Date for Provisional Acceptance, Critical Interface Milestone Date or Progress Milestone Date claimed is: ***[insert details]***

The basis for calculating the total number of days claimed is: ***[insert details]***

The amount of Financing Delay Costs: ***[insert details]***

The amount of Prolongation Costs: ***[insert details]***

The extent that acceleration is reasonably achievable to overcome the delay is: ***[insert details]***

Section 6 – Details of Modification request

[Project Co to insert any further information as required by clause 38.2 (Modification

Request by the State) of the Project Agreement.]

Section 7 – Warranty as to Change Notice

Project Co warrants that it is satisfied that the Claim the subject of this Change Notice is bona fide and the relief sought is an accurate reflection of Project Co's entitlement under the Project Agreement to the extent it is able to be known at the time.

I, ***[insert name of Project Co Representative]***, as the Project Co Representative, warrant that this Change Notice is true and correct to the best of my knowledge.

Where this Change Notice is in respect of a Modification the subject of a Modification Order, Project Co warrants in respect of the Change Compensation Event that:

1. this Change Notice has been prepared so as to avoid or minimise:
 - a. any delay in achieving any Critical Interface Milestone, Progress Milestone, any aspect of Provisional Acceptance and any aspect of Final Acceptance; and
 - b. any adverse safety impacts of the Change Compensation Event on people and the Relevant Infrastructure; and
2. the Modification when implemented will:
 - a. enable the Relevant Infrastructure, the Returned Assets or the Maintained Assets (as applicable) to meet the FFP Warranty and otherwise meet the requirements of the Project Agreement, except to the extent that it is agreed or determined that the proposed Modification will have an adverse effect on the matters referred to in section 2 of this Change Notice; and
 - b. enable Project Co at all times during the Maintenance Phase to carry out the Services in accordance with the Project Requirements and to comply with the terms of the Project Agreement, except to the extent that it is agreed or determined that the proposed Modification will have an adverse effect on the matters referred to in section 2 of this Change Notice,

in each case, without limiting the warranties given by Project Co in other clauses of the Project Agreement, except to the extent that it is agreed between the parties or determined in accordance with the Project Agreement that the proposed Modification will have an adverse effect on the matters referred to in section 2 of this Change Notice.

Section 8 – Signed by

Signed for and on behalf of Project Co by:

Name: ***[insert name]***

Position: Project Co Representative

Date: ***[insert date]***

HERBERT
SMITH
FREEHILLS

Section 9 – Attached

Attached with this Change Notice are the following documents:

[insert list of documents attached to this Change Notice, including copies of any required changes to the Management Plans and Maintenance Manuals.]

Schedule 5

Termination Payments

1 Definitions

Unless otherwise expressly defined, expressions used in this Schedule have the meanings given to them in or for the purposes of this Agreement.

| Term | Meaning |
|---|--|
| [not disclosed] | |
| Commercial Opportunities Revenue | has the meaning given to that term in the Change Compensation Principles. |
| Compensation Date | means: <ul style="list-style-type: none">(a) for a tender conducted under section 3.3:<ul style="list-style-type: none">(i) if the State chooses not to enter into any contract with any person resulting from the Tender Process in accordance with section 3.3(k)(2), 20 Business Days from the date on which the State notifies Project Co of its choice under section 3.3(k)(2); or(ii) otherwise the date on which the New Contract is entered into or is anticipated to be entered into; and(b) for an Independent Expert valuation under section 4:<ul style="list-style-type: none">(i) where it is deemed under section 3.3(g) that there is no Liquid Market, 60 Business Days after the date on which the State notifies Project Co that it has received fewer than two Compliant Tenders under section 3.3(g);(ii) where section 3.3(j) applies, the later of the date on which the State notifies Project Co in accordance with section 3.3(j) and the date which is 60 Business Days after the Expiry Date; or(iii) where paragraphs (b)(i) and (b)(ii) of this definition do not apply, the date which is 60 Business Days after the Expiry Date. |
| Compliant Tender | means any tender submitted that meets the qualification criteria notified under section 3.3(b). |

| Term | Meaning |
|---------------------------------------|--|
| Compliant Tenderer | means the party who submits a Compliant Tender. |
| Fair Market Value | means the amount at which an asset, equity or liability could be exchanged in an arm's length transaction between informed and willing parties, other than in a forced or liquidation sale. |
| Highest Compliant Tender Price | means the highest tender price offered by a Compliant Tender. |
| Independent Expert | has the meaning given in section 2(a). |
| Liquid Market | means where there are at least two contractors (in addition to any party controlled by the Financiers) in the prevailing market prepared to competitively tender for the undertaking of, or acquisition of, projects which are the same or of a similar type to the Project on the same or substantially similar terms and conditions to those of this Agreement and each of whom has agreed with the State to submit a Compliant Tender (even if a Compliant Tender is subsequently not received), such that the result of that tender process would provide a reasonably likely indicator as to Fair Market Value. |
| New Contract | <p>means a contract that replaces this Agreement, but without imposing on the new contracting party any Liability for any breach of this Agreement by Project Co prior to the date of that contract, and that assumes that:</p> <ul style="list-style-type: none">(a) if the New Contract is entered into prior to the Date of Provisional Acceptance, the Works are to be designed, supplied, constructed, installed, produced, commissioned or completed to achieve Provisional Acceptance in accordance with this Agreement;(b) the Services are to be carried out in accordance with, and to the standards set out in, the Services Specification and otherwise in accordance with this Agreement;(c) the term of the New Contract will be the period from the Compensation Date to the Final Expiry Date;(d) the provisions with respect to payment of the State Contributions, Floating Rate Component and Quarterly Service Payments continue to apply as set out in this Agreement, noting that the Maintenance Phase may be shorter than is contemplated in the Financial Model as a result of delay or forecast delay to the achievement of Provisional Acceptance; and(e) all other provisions of this Agreement continue to apply. |

| Term | Meaning |
|--|---|
| Post Termination Quarterly Amount | <p>means for the whole or any part of a Quarter or Quarters for the period from the Expiry Date to the Compensation Date, an amount equal to the aggregate of the Quarterly Service Payment, and the Floating Rate Component, without Abatement or adjustment to the Floating Rate Component, which would have been payable in respect of that Quarter or those Quarters under this Agreement had this Agreement not been terminated less an amount equal to the aggregate of (without double counting):</p> <ul style="list-style-type: none">(a) the greater of all cost components related to the carrying out of the Services and the reasonable costs to the State of alternative provision of the Services in accordance with, and to the standards set out in, the Services Specification and otherwise in accordance with this Agreement (whether or not any Services are carried out);(b) all cost components related to the provision of Insurance; and(c) Rectification Costs incurred by the State. <p>For the avoidance of doubt, the Post Termination Quarterly Amount can be an amount that is less than zero.</p> |
| Rectification Costs | <p>means an amount equal to the reasonable and proper costs incurred or reasonably anticipated to be incurred by the State in curing or otherwise addressing any default by Project Co and procuring performance of Project Co's obligations in accordance with the Project Documents.</p> |
| Securitisation Refund Payment | <p>has the meaning given that term in the Receivables Purchase Deed.</p> |
| Tender Costs | <p>means the reasonable and proper internal and external costs incurred by or on behalf of the State in carrying out the Tender Process (if any) and calculating the relevant Termination Payment (including engaging an Independent Expert).</p> |
| Tender Process | <p>means the process by which the State requests tenders from persons interested in entering into a New Contract, evaluates the responses from those interested parties and negotiates to enter into a New Contract with a Compliant Tenderer.</p> |
| Tender Process Monitor | <p>has the meaning given to that term in section 3.3(e).</p> |

2 Independent Expert

- (a) **(Appointment of Independent Expert):** If this Agreement is terminated and an independent expert is required to administer this Schedule, the parties will appoint an independent expert to act as an expert calculator of the relevant Termination Payment (**Independent Expert**) within 7 Business Days of:
- (1) in the case of section 4, the date on which that section commences to apply; and
 - (2) in the case of sections 5 and 6, the Expiry Date,
- and the following provisions of clause 46 (*Dispute Resolution*) of this Agreement will apply:
- (3) as if, in respect of clause 46.4 (*Selection of expert*):
 - (A) the reference in paragraph (a) to *'the date on which the parties agree to refer a Dispute to an expert for determination under clause 46.3'* were a reference to the time referred to in paragraphs (a)(1) and (2) of this section 2(a);
 - (B) the reference in paragraph (b) to *'determine a Dispute'* were a reference to *'calculate a Termination Payment'* and the reference to *'the party that gave the notice under clause 46.2(a)'* were a reference to *'the State'*;
 - (C) paragraph (c) required both parties to procure the President of the Australian Centre for International Commercial Arbitration to nominate a person to act as the expert, having regard to, but not being bound by, those persons proposed by the parties under paragraph (a);
 - (D) the reference in paragraph (d) to *'determine a Dispute'* were a reference to *'calculate a Termination Payment'*; and
 - (E) the reference in paragraph (g) to *'the terms of the Expert Determination Agreement'* were a reference to *'terms consistent with section 2 of the Termination Payments Schedule'*;
 - (4) clause 46.6 (*Expert finding*); and
 - (5) as if, in respect of clause 46.7(a) (*Liability of expert*), the reference to *'any person who is party to the Dispute'* were a reference to *'the parties'*.
- (b) **(Independent Expert to consider):** In calculating a Termination Payment, the Independent Expert may have regard to submissions and information provided by the parties, but must have regard to the matters set out in this Schedule and calculate the Termination Payment as an expert calculator.
- (c) **(Request for further information):** If the Independent Expert decides that further information is required, the Independent Expert may call for further submissions, documents or information from either or both parties and the Independent Expert must provide any information received from one party to the other party.
- (d) **(Conduct of conferences by Independent Expert):** The Independent Expert may call and conduct one or more conferences between the parties as the

Independent Expert sees fit, but must give the parties reasonable notice of the matters to be addressed at any such conference.

- (e) **(Legal representation of parties at conference):** The parties may be legally represented at any conference under this section 2.
- (f) **(Conferences to be held in private):** All conferences under this section 2 must be held in private.
- (g) **(Independent Expert may visit):** The Independent Expert may, if he or she considers it necessary, visit the Site or any of the Works (as the case may be), and the parties must facilitate the Independent Expert's access to any of those areas.
- (h) **(Timing of determination by the Independent Expert):** The Independent Expert must make his or her determination in relation to the calculation of the Termination Payment by the date that is the earlier of:
 - (1) 20 Business Days after the performance of the last of the steps set out in section 2(c) to section 2(g) to be performed; or
 - (2) 30 Business Days of the date of his or her appointment.If the Independent Expert fails to make a determination within this time, either party may refer the matter to dispute resolution in accordance with clauses 46 (*Dispute Resolution*) or 47 (*Arbitration*) of this Agreement.
- (i) **(Independent Expert to act as expert):** The Independent Expert will act as an expert and not an arbitrator and may make a decision from his or her own knowledge and expertise.
- (j) **(Cost of Independent Expert to be borne by State):** The cost of the Independent Expert will be borne by the State, but without limiting the State's right to deduct Tender Costs in calculating any Termination Payment.

3 Termination for Default Termination Event

3.1 The State's election

- (a) **(State's right to elect):** If the State terminates this Agreement for a Termination for a Default Termination Event (whether any other basis for termination then applies), the State may, subject to section 3.1(c), elect (in its sole and absolute discretion) to either:
 - (1) conduct a tender for the New Contract in accordance with section 3.3; or
 - (2) require the Independent Expert to undertake an expert determination in accordance with section 4.
- (b) **(State to notify Project Co):** The State will notify Project Co of its election on or before the day falling 20 Business Days after the Expiry Date and if the State fails to notify Project Co of its election by that date, then:
 - (1) if the State is entitled to conduct a tender for a New Contract under section 3.1(c), the State shall conduct a tender for the New Contract in accordance with section 3.3; or

- (2) if the State is not entitled to conduct a tender for a New Contract under section 3.1(c), the State shall require the Independent Expert to undertake an expert determination in accordance with section 4.
- (c) **(Circumstances State not entitled to conduct a tender):** The State is not entitled to elect to conduct a tender for the New Contract:
- (1) where Project Co or the Financiers have demonstrated to the reasonable satisfaction of the State that:
- (A) the Financiers have used best efforts to procure the transfer of Project Co's rights and liabilities under this Agreement in accordance with the Finance Direct Deed but have not done so; and
- (B) the reason for the failure to effect a transfer of Project Co's rights and liabilities under this Agreement is that there is no Liquid Market; or
- (2) where either the State agrees, or it is determined in accordance with clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of this Agreement, that no Liquid Market exists.
- (d) **(State to pay Post Termination Quarterly Amount):** With respect to all or any part of a Quarter falling within the period from the Expiry Date to the Compensation Date (each inclusive), the State will pay to Project Co the Post Termination Quarterly Amount at the same time that the State would have been required to pay to Project Co the Quarterly Service Payment and any Floating Rate Component in respect of that Quarter had this Agreement not been terminated.
- (e) **(Set off of Post Termination Quarterly Amount):** If any Post Termination Quarterly Amount is less than zero then it will be carried forward and will be set off against any future positive Post Termination Quarterly Amount or other elements of the Default Termination Payment.

3.2 Payment on tender

- (a) **(State elects to conduct a tender):** If the State elects, or is required, to conduct a tender for the New Contract in accordance with section 3.1(a)(1) or section 3.1(b)(1) applies, sections 3.2 and 3.3 will apply.
- (b) **(Object of Tender Process):** The objective of the Tender Process is to establish a Highest Compliant Tender Price.
- (c) **(Calculation of Default Termination Payment):** The Default Termination Payment will be calculated as follows:

$$TP = A - C - D - E - F - G - H + J - M - P$$

where:

TP = the Default Termination Payment;

A = the Highest Compliant Tender Price. In determining item A, the Tender Process must:

(A) assume:

- (i) a Compensation Date determined under paragraph (a)(ii) of that definition (which will be subject to adjustment to reflect the actual date on which the Compensation Date occurs);

- (ii) that the Project Activities are carried out in accordance with, and to the standards set out in, the PS&TR, the Services Specification and otherwise in accordance with this Agreement;
 - (iii) that the provisions with respect to payment of the State Contributions, Floating Rate Component and Quarterly Service Payments continue to apply as provided for in this Agreement;
 - (iv) prior to Final Acceptance, that Commercial Opportunities Revenue will be consistent with those forecast in the Financial Model;
 - (v) after Final Acceptance, that Commercial Opportunities Revenue will be consistent with those forecast based on the Financial Model adjusted for actual Commercial Opportunities Revenues;
 - (vi) that any breach of this Agreement and any deductions under the Abatement Regime occurring prior to the Compensation Date will be disregarded for the purposes of the New Contract; and
 - (vii) that the Project Documents will be amended as required to reasonably allow for an incoming provider to carry out the Project Activities in accordance with, and to the standards set out in, the PS&TR, the Services Specification and otherwise in accordance with this Agreement; and
- (B) take into account:
- (i) the costs (if any), and their timing, which are required to be incurred to complete the Works in accordance with this Agreement and to achieve Provisional Acceptance and Final Acceptance;
 - (ii) the reinstatement costs (if any) and their timing, including a reasonable contingency against Project risks, which are required to be incurred with respect to the Relevant Infrastructure and the Site, to enable carrying out of the Project Activities until the Final Expiry Date, in accordance with and to the standards set out in the PS&TR, the Services Specification and otherwise in accordance with this Agreement; and
 - (iii) any costs, and their timing, required to be incurred to enable the entity (who is to become the new 'Project Co') to carry out the Project Activities in accordance with, and to the standards set out in, the PS&TR, the Services Specification and otherwise in accordance with this Agreement and otherwise to perform Project Co's obligations under the Project Documents,

but excluding any costs for which the State will retain the benefit of a Defect Retention Amount;

C = the Tender Costs;

- D** = any Liability of Project Co to the State or a State Associate under the State Project Documents, including all amounts in respect of which the State is entitled to exercise a right of set-off under this Agreement;
- E** = any additional costs reasonably incurred by the State as a direct result of the Default Termination Event (subject to clause 42.15(c) (*Liability for Indirect or Consequential Loss*) of this Agreement);
- F** = to the extent the aggregate of all Post Termination Quarterly Amounts equates to a negative number, the absolute value of the aggregate of all such amounts calculated under this Agreement. For the avoidance of doubt the Default Termination Payment is reduced where the aggregate of all Post Termination Quarterly Amounts equates to a negative number;
- G** = any gains which have accrued, or will accrue, to a Project Entity as a result of the termination of this Agreement or any other Project Document;
- H** = the aggregate of the following amounts:
- (A) Insurance proceeds (excluding Insurance proceeds representing Insurance indemnification of a Project Entity against liabilities to third parties);
 - (B) any other amounts owing to a Project Entity; and
 - (C) any credit balances standing in accounts held by or for the benefit of a Project Entity on the Expiry Date (other than those amounts which a Project Entity holds on trust for a Subcontractor in those accounts in accordance with the Finance Documents),
- in each case only to the extent it has not otherwise been taken into account in the determination of the Termination Payment;
- J** = any amounts owing by the State or its Associates to Project Co under the State Project Documents as at the Expiry Date (including amounts of any State Contribution, Floating Rate Component or Quarterly Service Payments which have accrued but not been paid as at the Expiry Date);
- M** = any third party amounts paid to Project Co at any time during the period between the Expiry Date and the Compensation Date; and
- P** = the Securitisation Refund Payment.

In calculating items A to P, there will be no double counting of amounts. Without limitation, the value of any unpaid State Contribution may be taken into account in item A paragraph (A)(iii) as an amount payable under the New Contract, or in item J as an amount payable to Project Co, but not both.

3.3 Tender Process

If the State elects to conduct a Tender Process for the New Contract or section 3.1(b)(1) applies, the following provisions will apply.

- (a) **(State to use reasonable endeavours):** The State will (subject to any legal requirements preventing it from doing so) use its reasonable endeavours to complete the Tender Process as soon as practicable.
- (b) **(State to notify Project Co of qualification criteria and other requirements of Tender Process):** The State will notify Project Co of the qualification criteria,

the other requirements and the terms of the Tender Process, including the timing of the Tender Process, but will act reasonably in setting such requirements and terms. If the tenderer is required to engage sub-contractors, qualification criteria will include a requirement that the tenderer engage sub-contractors with the requisite technical and financial capabilities to undertake the Project.

- (c) **(State to ensure appropriate methodology):** The State, in setting the qualification criteria and the other requirements and terms of the Tender Process, must ensure that there is in place an appropriate methodology for comparing tenders.
- (d) **(Project Co authorises release of information by State under Tender Process):** Project Co authorises the release of any information by the State under the Tender Process that would otherwise be prevented under this Agreement that is reasonably required as part of the Tender Process.
- (e) **(Project Co may appoint Tender Process Monitor):** Project Co may, at its own cost, appoint a person (the **Tender Process Monitor**) to monitor the Tender Process for the purpose of monitoring and reporting to Project Co and the Financiers on the State's compliance with the Tender Process and making representations to the State. The Tender Process Monitor will not disclose any confidential information in relation to tenders submitted as part of the Tender Process to Project Co or any other person (and will enter into a confidentiality agreement with the State, in a form acceptable to the State as a condition of its appointment) except:
 - (1) where permitted to do so by the terms of the confidentiality agreement; or
 - (2) to advise Project Co and the Financiers as to whether it considers that the State has acted in accordance with the Tender Process and correctly determined the Highest Compliant Tender Price and to provide details of any representations that the Tender Process Monitor makes to the State regarding the Tender Process.
- (f) **(Tender Process Monitor to enter into confidentiality agreement):** The Tender Process Monitor will be entitled to attend all meetings relating to the Tender Process, inspect copies of the tender documentation and proposals and is entitled to make written representations to the State regarding compliance with the Tender Process. Project Co will procure the Tender Process Monitor to make any representations it has in relation to the Tender Process to the State in a timely manner as the Tender Process proceeds. The State will not be bound to consider or act upon such representations but acknowledges that such representations may be referred to by Project Co in the event that Project Co refers a dispute relating to the Highest Compliant Tender Price for resolution in accordance with clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of this Agreement.
- (g) **(State to determine Compliant Tenders):** As soon as practicable after tenders have been received, the State will (acting reasonably) determine the Compliant Tenders. Subject to the State receiving at least two Compliant Tenders, it will notify Project Co of the Highest Compliant Tender Price. If fewer than two Compliant Tenders are received, the State must promptly notify Project Co accordingly, and:
 - (1) it will be deemed that there is no Liquid Market;
 - (2) the tendering process pursuant to this section 3 will cease; and
 - (3) the 'no tendering' procedure under section 4 will automatically apply.

- (h) **(Discretion of State following Tender Process):** The State is not obliged to enter into any contract with any person resulting from the Tender Process. It may enter into a contract in its sole and absolute discretion.
- (i) **(Dispute resolution):** If Project Co refers a Dispute relating to the Highest Compliant Tender Price or the Default Termination Payment for resolution in accordance with clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of this Agreement, the State will still be entitled to enter into a contract replacing this Agreement (whether or not a New Contract).
- (j) **(State may elect to follow 'no tendering' procedure):** The State may elect at any time prior to the receipt of two Compliant Tenders to follow the 'no tendering' procedure under section 4 by notifying Project Co that this election has been made.
- (k) **(Calculation of Default Termination Payment if Liquid Market exists):** If a Liquid Market exists, the Default Termination Payment is determined in accordance with section 3.2 and this section 3.3 and subject to clause 45.7(b) (*Payment on termination*) of this Agreement:
 - (1) the Default Termination Payment, calculated in accordance with section 3.2 and this section 3.3, will be payable within 20 Business Days of the date of the New Contract; or
 - (2) if the State chooses not to enter into any contract with any person resulting from the Tender Process, it must notify Project Co accordingly in which case the Default Termination Payment calculated in accordance with section 3.2 and this section 3.3 will be payable within 20 Business Days of such notification.

4 No tendering

4.1 No tendering

If the State terminates this Agreement for a Default Termination Event (whether any other right of termination then applies) and:

- (a) **(No tender conducted):** the State is not entitled to, or does not elect to, conduct a tender for a New Contract under section 3.1(c); or
- (b) **(No Liquid Market):** a Liquid Market does not or is deemed not to exist under section 3.3(g); or
- (c) **(State elects 'no tendering' procedure):** the State elects to follow the 'no tendering' procedure under this section 4 prior to receipt of two Compliant Tenders under section 3.3(j),

the Default Termination Payment will be calculated as follows:

$$TP = A - C - D - E - F - G - H + J - M - N - P$$

where:

- TP** = the Default Termination Payment;
- A** = the Fair Market Value of the Project as at the Compensation Date determined by the Independent Expert in accordance with section 4.2 on the basis that this Agreement and each of the other State Project Documents as existing immediately prior to the Expiry Date had continued until the Final Expiry Date (but for the earlier termination);

- C** = the Tender Costs (if any) and the State's reasonable forecast internal and external costs of tendering a form of contract(s) for the Project Activities to replace this Agreement after termination of this Agreement;
- D** = any Liability of Project Co to the State or a State Associate under the State Project Documents, including all amounts in respect of which the State is entitled to exercise a right of set-off under this Agreement;
- E** = any additional costs reasonably incurred by the State as a direct result of the Default Termination Event (but subject to clause 42.15(c) (*Liability for Indirect or Consequential Loss*));
- F** = to the extent the aggregate of all Post Termination Quarterly Amounts equates to a negative number, the absolute value of the aggregate of all such amounts calculated under this Agreement. For the avoidance of doubt the Default Termination Payment is reduced where the aggregate of all Post Termination Quarterly Amounts equates to a negative number;
- G** = any gains which have accrued, or will accrue, to a Project Entity as a result of the termination of this Agreement or termination of any other Project Document;
- H** = the aggregate of the following amounts:
 - (a) Insurance proceeds (excluding Insurance proceeds representing Insurance indemnification of a Project Entity against its liabilities to third parties);
 - (b) any other amounts owing to a Project Entity; and
 - (c) any credit balances standing in accounts held by or for the benefit of a Project Entity (other than those amounts which a Project Entity holds on trust for a Subcontractor in those accounts in accordance with the Finance Documents),in each case only to the extent it has not otherwise been taken into account in calculating the Default Termination Payment;
- J** = any amounts owing by the State or its Associates to Project Co under the State Project Documents as at the Expiry Date (including amounts of any State Contribution, Floating Rate Component or Quarterly Service Payments which have accrued but not been paid as at the Expiry Date);
- M** = any third party amounts paid to Project Co at any time during the period between the Expiry Date and the Compensation Date;
- N** = the costs incurred by the State of engaging the Independent Expert to administer this Schedule; and
- P** = the Securitisation Refund Payment.

In calculating items A to P, there will be no double counting of amounts. Without limitation, the value of any unpaid State Contribution may be taken into account in Item A pursuant to section 4.2(b)(2) as an amount payable under the New Contract, or in Item J as an amount payable to Project Co, but not both.

4.2 Determining Fair Market Value

In determining item A, the Independent Expert must determine the net present value of the projected cash flows for the period between the Compensation Date and the Final Expiry Date calculated on a nominal pre-tax basis using the rate of indexation forecast in the most recently published State Budget papers and otherwise by:

- (a) **(Assessing the market value)**: assessing the market value as though the willing buyer was bidding in a public tender process for the right to enter into a New Contract;
- (b) **(Assumptions)**: assuming that:
- (1) the Project Activities are carried out in accordance with, and to the standards set out in, the PS&TR, the Services Specification and in accordance with this Agreement;
 - (2) the provisions with respect to payment of the State Contributions, Floating Rate Component and Quarterly Service Payments continue to apply as provided for in this Agreement;
 - (3) prior to Final Acceptance, that Commercial Opportunities Revenue will be consistent with those forecast in the Financial Model;
 - (4) after Final Acceptance, that Commercial Opportunities Revenue will be consistent with those forecast based on the Financial Model adjusted for actual Commercial Opportunities Revenues;
 - (5) any breach of this Agreement and any deductions under the Abatement Regime occurring prior to the Compensation Date will be disregarded for the purposes of the New Contract; and
 - (6) the Project Documents will be amended as required to reasonably allow for an incoming provider to carry out the Project Activities in accordance with, and to the standards set out in, the PS&TR, the Services Specification and in accordance with this Agreement;
- (c) **(Considerations)**: taking into account:
- (1) the costs (if any), and their timing, which are required to be incurred to complete the Works in accordance with this Agreement and to achieve Provisional Acceptance and Final Acceptance;
 - (2) the reinstatement costs (if any) and their timing, including a reasonable contingency against Project risks, required to be incurred with respect to the Relevant Infrastructure and the Site to enable the carrying out of the Project Activities until the Final Expiry Date in accordance with and to the standards set out in the PS&TR, the Services Specification and otherwise in accordance with this Agreement; and
 - (3) any costs, and their timing, required to be incurred to enable the buyer (who is to become the new 'Project Co') to carry out the Project Activities in accordance with, and to the standards set out in, the PS&TR, the Services Specification and otherwise in accordance with this Agreement and to perform Project Co's obligations under the Project Documents but excluding any costs for which the State will retain the benefit of a Defect Retention Amount; and
- (d) **(Net present value calculation)**: using a discount rate to calculate the net present value of the cashflows based on the following formula, having regard to the risk profile and nature of the cashflows of the Project:

$$R = (1 + PIRR + CB_b - CB_a) \times (1 + i) - 1$$

where:

R = the discount rate;

PIRR = the pre-tax Project internal rate of return (real) as shown in the Financial Model;

- CB_b** = the real yield to maturity as at the Compensation Date on a benchmark Commonwealth bond traded in the Australian bond markets with a modified duration closest to that of the weighted average life of any outstanding Project Debt as shown in the Financial Model;
- CB_a** = the real yield to maturity as at the date of Financial Close on a benchmark Commonwealth bond traded in the Australian bond markets with a modified duration closest to that of the weighted average life of any outstanding Project Debt as shown in the Financial Model; and
- i** = the assumed long term CPI (or equivalent) indexation rate using the rates of indexation forecast in the most recently published State Budget papers.

5 Voluntary Termination

5.1 General

If this Agreement is terminated for a Voluntary Termination under clause 45.2 (*Voluntary Termination*) of this Agreement, the Voluntary Termination Payment will be calculated as follows:

Termination Payment or TP means the greater of:

$$TP = A + B - D \pm G - H - I + J + K + L + M - N - P$$

and

$$TP = A \pm G - H - I + J - M - P$$

where:

TP = the Voluntary Termination Payment;

A = the Project Debt as at the Expiry Date, but disregarding:

- (1) the impact of any modelled payment of the State Contributions on the amount forecast in the Financial Model to be owing to the Financiers as at that date, where such State Contribution has not been paid to Project Co; and
- (2) [not disclosed]

B = where the termination occurs:

- (1) on or prior to the Date of Provisional Acceptance, the amount of equity contributed in accordance with the Subscription Agreement up to the amount set out in the Base Case Financial Model plus the amount set out in the table below which corresponds to the date of the Voluntary Termination under clause 45.2 (*Voluntary Termination*) of this Agreement:

| Time period | Amount |
|------------------------------------|-----------------------------------|
| The period commencing on Financial | The amount as shown in cell D5 of |

Close and expiring on the date which is 6 months after Financial Close
(Period 1)

the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 1 (**Period 2 Commencement Date**) and expiring on the date which is 6 months after the Period 2 Commencement Date (**Period 2**)

The amount as shown in cell D6 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 2 (**Period 3 Commencement Date**) and expiring on the date which is 6 months after the Period 3 Commencement Date (**Period 3**)

The amount as shown in cell D7 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 3 (**Period 4 Commencement Date**) and expiring on the date which is 6 months after the Period 4 Commencement Date (**Period 4**)

The amount as shown in cell D8 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 4 (**Period 5 Commencement Date**) and expiring on the date which is 6 months after the Period 5 Commencement Date (**Period 5**)

The amount as shown in cell D9 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 5 (**Period 6 Commencement Date**) and expiring on the date which is 6 months after the Period 6 Commencement Date (**Period 6**)

The amount as shown in cell D10 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 6 (**Period 7 Commencement Date**) and expiring on the date which is 6 months after the Period 7 Commencement Date (**Period 7**)

The amount as shown in cell D11 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 7 (**Period 8 Commencement Date**) and expiring on the date which

The amount as shown in cell D12 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial

is 6 months after the Period 8 Commencement Date (**Period 8**)

Model.

The period commencing on the date immediately after the expiration of Period 8 (**Period 9 Commencement Date**) and expiring on the date which is 6 months after the Period 9 Commencement Date (**Period 9**)

The amount as shown in cell D13 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 9 (**Period 10 Commencement Date**) and expiring on the date which is 6 months after the Period 10 Commencement Date (**Period 10**)

The amount as shown in cell D14 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 10 (**Period 11 Commencement Date**) and expiring on the date which is 6 months after the Period 11 Commencement Date (**Period 11**)

The amount as shown in cell D15 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 11 (**Period 12 Commencement Date**) and expiring on the date which is 6 months after the Period 12 Commencement Date (**Period 12**)

The amount as shown in cell D16 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 12 (**Period 13 Commencement Date**) and expiring on the date which is 6 months after the Period 13 Commencement Date (**Period 13**)

The amount as shown in cell D17 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 13 (**Period 14 Commencement Date**) and expiring on the date which is 6 months after the Period 14 Commencement Date (**Period 14**)

The amount as shown in cell D18 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 14 (**Period 15 Commencement Date**) and expiring on the date which is 6 months after the Period 15 Commencement Date (**Period 15**)

The amount as shown in cell D19 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

The period commencing on the date immediately after the expiration of Period 15 (**Period 16 Commencement Date**) and expiring on the date which is 6 months after the Period 16 Commencement Date (**Period 16**)

The amount as shown in cell D20 of the 'PA-TPS' worksheet of the Model Output Schedule in the Financial Model.

(2) after the Date of Provisional Acceptance, the Fair Market Value of the equity as reasonably assessed by the Independent Expert. In making such a determination, the Independent Expert will have regard to prevailing market rates of return to equity for projects with a similar risk profile to this Project, and apply those to the forecast Project cash flows over the period from the Expiry Date to the Final Expiry Date. This assessment of Project cash flows should take into account:

- (A) the forecast revenue assuming the provisions of the Payment Schedule and those relating to payment of the Floating Rate Component and the State Contributions continue to apply;
- (B) prior to Final Acceptance, the forecast Commercial Opportunities Revenue in the Financial Model;
- (C) after Final Acceptance, the forecast Commercial Opportunities Revenue in the Financial Model adjusted for actual Commercial Opportunities Revenue;
- (D) projected costs of Project Co reasonably expected to be incurred in connection with the carrying out of the Final Acceptance Works;
- (E) projected operating costs of Project Co reasonably expected to be incurred in connection with the carrying out of the Services and assuming the Services are carried out in accordance with, and to the standards set out, in the Services Specification and otherwise in accordance with this Agreement; and
- (F) the financing costs of Project Co under the Finance Documents as set out in the Financial Model,

and in each case on the basis that the Project Documents, as amended in accordance with this Agreement, continue in full force and effect from the Expiry Date to the Final Expiry Date;

D = any Liability of Project Co to the State or a State Associate under the State Project Documents, including all amounts in respect of which the State is entitled to exercise a right of set-off under this Agreement;

G = the amount of costs incurred or gains realised by a Project Entity (acting reasonably) as a direct result of terminating the Finance Documents, including as a result of terminating or reversing any derivative position, in each case arising from the State's election to terminate for Voluntary Termination under clause 45.2 (*Voluntary Termination*) of this Agreement. If the net amount is a gain, it should be a deduction from, and if it is a cost, it should be an addition to, this Voluntary Termination Payment;

H = the aggregate of:

- (1) any other amounts owing to Project Co; and
- (2) any credit balances standing in accounts held by or for the benefit of a Project Entity on the Expiry Date (other than those amounts which a Project Entity holds on trust for a Subcontractor in those accounts in accordance with the Finance Documents),

in each case only to the extent it has not otherwise been taken into account in calculating the Voluntary Termination Payment;

I = any Insurance proceeds that:

- (1) in respect of the period before the Expiry Date, would have been paid or payable to Project Co or any of its Associates, if:
 - (A) Project Co had complied with its obligations under this Agreement;
 - (B) Project Co or any of its Associates had claimed under the relevant Insurance, except in circumstances where the deductible would exceed the claim amount; and
 - (C) Project Co or any of its Associates had complied with the terms of the relevant Insurance (including the claims procedure under the relevant Insurance),

and which if so paid would have been, or would have been required to be, applied towards any component of the Voluntary Termination Payment otherwise payable under this section 5; and

- (2) in respect of the period between the Expiry Date and the date on which the Voluntary Termination Payment is made:
 - (A) are paid to Project Co or any of its Associates; or
 - (B) would have been payable to Project Co or any of its Associates,

had, in respect of paragraph (2)(B) only:

- (C) Project Co complied with its obligations under this Agreement;
- (D) Project Co or any of its Associates claimed under the relevant Insurance, except in circumstances where the deductible would exceed the claim amount; and
- (E) Project Co and its Associates complied with the terms of the relevant Insurance (including the claims procedure under the relevant Insurance),

except for Insurance proceeds:

- (3) that are being held to be applied to repairing or rebuilding the Works or reinstating the Relevant Infrastructure; or

- (4) representing Insurance indemnification of Project Co against Liabilities to third parties;
- J** = any amounts owing by the State or any of its Associates to Project Co under the State Project Documents as at the Expiry Date (including the amount of any Floating Rate Component or Quarterly Service Payments that has accrued but not been paid as at the Expiry Date) but, excluding any State Contribution which is owing as at the Expiry Date;
- K** = redundancy payments for employees of Project Co that have been or will be reasonably and properly incurred by Project Co as a direct result of the termination of this Agreement and which would not have been otherwise incurred if this Agreement was not terminated under clause 45.2 (*Voluntary Termination*) of this Agreement;
- L** = amounts reasonably and properly incurred, on arm's length commercial terms and in line with current market practice, by Project Co and payable to a Commercial Opportunities Tenant under a Commercial Opportunities Sublease as a direct result of the termination of this Agreement;
- M** = where the termination occurs:
 - (1) on or prior to the Date of Provisional Acceptance, the aggregate of the amounts payable by Project Co to the D&C Subcontractor and the Maintenance Subcontractor set out in the table below, which corresponds to the date of the Voluntary Termination under clause 45.2 (*Voluntary Termination*) of this Agreement:

| Time period | Amount payable to D&C Subcontractor | Amount payable to Maintenance Subcontractor |
|--|--|---|
| The period commencing on Financial Close and expiring on the date which is 6 months after Financial Close (Period 1) | [not disclosed] | [not disclosed] |
| The period commencing on the date immediately after the expiration of Period 1 (Period 2 Commencement Date) and expiring on the date which is 6 months after the Period 2 Commencement Date (Period 2) | [not disclosed] | [not disclosed] |

|---|------------------------|------------------------|

(2) after the Date of Provisional Acceptance, amounts reasonably and properly incurred by Project Co and payable to the D&C Subcontractor and the Maintenance Subcontractor in accordance with

the relevant Subcontract as a direct result of the termination of this Agreement to the extent Project Co has used its best endeavours to minimise such costs;

- N** = all sums due and payable to a Project Entity from the Financiers as a result of any prepayment of debt or interest and any third party amounts paid to Project Co at any time during the period between the Expiry Date and the date on which the Voluntary Termination Payment is made; and
- P** = the Securitisation Refund Payment.

In calculating items A to N, there will be no double counting of amounts.

6 Termination for Force Majeure Termination Event

6.1 Termination – No Default Termination Event subsisting

Subject to section 6.2, if the State or Project Co terminates this Agreement due to a Force Majeure Termination Event and a Default Termination Event is not then subsisting, the Force Majeure Termination Payment will be the greater of:

- (a) an amount calculated as though a Default Termination Payment was due and the Termination Payment was calculated in accordance with the provisions of section 4; and
- (b) an amount calculated in accordance with section 6.3.

6.2 Termination – Default Termination Event subsisting

If the State or Project Co terminates this Agreement due to a Force Majeure Termination Event and a Default Termination Event is then subsisting, this section 6 will not apply and the Termination Payment will be an amount calculated in accordance with the provisions of section 3 or (if required by section 3) the provisions of section 4.

6.3 Force Majeure Termination Payment

Subject to sections 6.1 and 6.2, where this Agreement is terminated as a consequence of the occurrence of a Force Majeure Termination Event, the Force Majeure Termination Payment will be calculated as follows:

$$TP = A - D \pm G - H - I + J - M - O - P$$

where:

- TP** = the Force Majeure Termination Payment;
- A** = the Project Debt as at the Expiry Date, but disregarding:
- (1) the impact of any modelled payment of the State Contributions on the amount forecast in the Financial Model to be owing to the Financiers as at that date, where such State Contribution has not been paid to Project Co); and
 - (2) [not disclosed]
- D** = any Liability of Project Co to the State or a State Associate under the State Project Documents, including all amounts in respect of which the State is entitled to exercise a right of set-off under this Agreement;

- G** = the amount of costs incurred or gains realised by a Project Entity (acting reasonably) as a direct result of terminating the Finance Documents, including as a result of terminating or reversing any derivative position, in each case arising from the State's or Project Co's election to terminate this Agreement as a consequence of the occurrence of a Force Majeure Termination Event. If the net amount is a gain it should be a deduction from, and if it is a cost it should be an addition to, the Force Majeure Termination Payment;
- H** = the aggregate of the following amounts:
- (1) any amounts owing to a Project Entity; and
 - (2) any credit balances standing in accounts held by or for the benefit of a Project Entity on the Expiry Date (other than those amounts which a Project Entity holds on trust for a Subcontractor in those accounts in accordance with the Finance Documents) in each case only to the extent that it has not otherwise been taken into account in calculating the Force Majeure Termination Payment;
- I** = any Insurance proceeds that:
- (1) in respect of the period before the Expiry Date, would have been paid or payable to Project Co or any of its Associates, if:
 - (A) Project Co had complied with its obligations under this Agreement;
 - (B) Project Co or any of its Associates had claimed under the relevant Insurance, except in circumstances where the deductible would exceed the claim amount; and
 - (C) Project Co or any of its Associates had complied with the terms of the relevant Insurance (including the claims procedure under the relevant Insurance),
and which if so paid would have been, or would have been required to be, applied towards any component of the Force Majeure Termination Payment otherwise payable under this section 6; and
 - (2) in respect of the period between the Expiry Date and the date on which the Force Majeure Termination Payment is made:
 - (A) are paid to Project Co or any of its Associates; or
 - (B) would have been payable to Project Co or any of its Associates,
had, in respect of paragraph (2)(B) only:
 - (C) Project Co complied with its obligations under this Agreement;
 - (D) Project Co or any of its Associates claimed under the relevant Insurance except in circumstances where the deductible would exceed the claim amount; and
 - (E) Project Co and its Associates complied with the terms of the relevant Insurance (including the claims procedure under the relevant Insurance),
except for Insurance proceeds:
 - (3) that are being held to be applied to repairing or rebuilding the Works or reinstating the Relevant Infrastructure; or

- (4) representing Insurance indemnification of Project Co against Liabilities to third parties;
- J** = any amounts owing by the State or its Associates to Project Co under the State Project Documents as at the Expiry Date (including the amount of any Quarterly Service Payments or Floating Rate Component which has accrued but not been paid as at the Expiry Date) but excluding any State Contribution which is owing as at the Expiry Date;
- M** = all sums due and payable to a Project Entity from the Financiers as a result of any prepayment of debt or interest and any third party amounts paid to Project Co at any time during the period between the Expiry Date and the date on which the Force Majeure Termination Payment is made;
- O** = to the extent such amounts are outstanding at the Expiry Date, any amounts included in item A that are intended (as described in the Financial Model) to be refinanced in the form of equity or subordinated debt treated as equity, such amount including any accrued, deferred or rolled up interest; and
- P** = the Securitisation Refund Payment.

In calculating items A to P, there will be no double counting of amounts.

7 Interest

In respect of Termination Payments calculated under this Schedule 5 only, interest accrues:

- (a) **(Calculation of Termination Payment under sections 3 or 4)**: in respect of a Termination Payment calculated under section 3 or section 4, from the 21st Business Day after the Compensation Date to (and excluding) the date on which the Termination Payment is paid in full. Interest accrues on that Termination Payment at the default rate provided in the relevant Finance Document. Interest is payable on the date on which the Termination Payment is paid; and
- (b) **(Calculation of Termination Payment under sections 5 or 6)**: in respect of any Termination Payment calculated under section 5 or section 6, from and including the Expiry Date to (and excluding) the date on which the Termination Payment is paid in full. Interest on the Actual Debt portion of that Termination Payment accrues at the rate provided in the relevant Finance Document from and including the day after the Expiry Date to and including the 20th Business Day after the Expiry Date and thereafter on the whole of that Termination Payment at the default rate provided in the relevant Finance Document. Interest is payable on the date on which the Termination Payment is paid.

8 Insurance

If any proceeds of Insurance are received by Project Co after this Agreement is terminated (other than those Insurance proceeds representing Insurance indemnification of Project Co against Liabilities to third parties) and those proceeds:

- (a) **(Proceeds not included in calculation)**: were not taken into account in calculating the Termination Payment that has already been made on the basis that the amounts were not "paid" or "payable" to Project Co at the relevant time;

- (b) **(Proceeds paid or payable at time of calculation)**: would have been so taken into account had they been paid or payable at the time of calculating the Termination Payment; and
- (c) **(Proceeds apply)**: apply to the period up to and including the date of payment of the Termination Payment,

then those proceeds are held on trust by Project Co for the State, and Project Co must pay those proceeds, or cause those proceeds to be paid, to the State for the State's retention promptly on receipt. If the proceeds are not yet received then, to the maximum extent legally possible, the State will be subrogated to the rights of Project Co in respect of those proceeds, and entitled to recover and retain the proceeds accordingly. The rights and obligations in this section 8 survive the expiry or early termination of this Agreement.

9 Mitigation

Each party must use all reasonable endeavours to mitigate and minimise losses or costs to be included in the calculation of the relevant Termination Payment. Project Co must use all reasonable endeavours to maximise receipts and gains which are to be calculated within any Termination Payment.

Schedule 6

State Construction Contribution Schedule

[Note: Table to be updated by CYP using the Model Output Schedule from the Financial Close Financial Model.]

- (a) Subject to paragraph (b):
- (1) the Forecast Payment Claim for each Month during the D&C Phase is set out in column (a) of Table S6-1;
 - (2) the State Construction Contribution Forecast Amount for each Month during the D&C Phase is set out in column (b) of Table S6-1;
 - (3) the State Construction Contribution Funding Percentage for each Month during the D&C Phase is set out in column (c) of Table S6-1; and
 - (4) the aggregate State Construction Contribution Forecast Amount at the end of each Month during the D&C Phase is set out in column (d) of Table S6-1.
- (b) The dates and amounts in Table S6-1 will be determined in accordance with the Financial Close Adjustment Protocols and the applicable dates and amounts for the purposes of this Schedule 6 from Financial Close will be the corresponding dates and amounts set out in the Model Output Schedule.

Schedule 7

Review Procedures

1 Submission and review

1.1 Submission

- (a) **(Submission)**: Pursuant to the State Project Documents, Project Co must submit certain documents, data or other information (each a '**Submitted Document**') to the State and the Independent Reviewer (as relevant) (**Reviewing Party**) in accordance with these Review Procedures and the terms of the State Project Documents.
- (b) **(Specified documents)**: For the avoidance of doubt, the Design Documentation is the subject of a separate review process under the Design Review Schedule and the PS&TR and will not be reviewed in accordance with these Review Procedures.
- (c) **(Requirements for Submission)**: With each Submitted Document, Project Co must provide:
 - (1) details of the Submitted Document, its nature, and the relevant clause or schedule of the State Project Documents in accordance with which it is submitted for review; and
 - (2) any other information required in accordance with the State Project Documents, or otherwise required by the Reviewing Party, for the review of the Submitted Document in accordance with these Review Procedures.

1.2 Review Period

For the purpose of these Review Procedures, the "**Review Period**" means:

- (a) where the period is expressly specified in the State Project Documents, that period; or
- (b) where no period is expressly specified, 15 Business Days after the date the Reviewing Party has received all the relevant details and information from Project Co in accordance with sections 1.1(c) and 2.

1.3 Approval by the Minister for Planning

- (a) Nothing in these Review Procedures or in any response by the State to any Submitted Document constitutes an approval of that document by the Victorian Minister for Planning or any other Minister of the State for the purposes of satisfying the requirements of any Approval or any Approval condition.
- (b) Any Submitted Document or amendment to a Submitted Document which needs to be approved by a Minister of the State to satisfy the requirements of any Approval or Approval condition must be submitted for approval after completing the procedures set out in sections 2 to 6.1 below.

2 Further information

Project Co must as soon as possible upon request by the Reviewing Party:

- (a) submit any further information, data or documents;
- (b) make available appropriately qualified personnel; and
- (c) provide access to Project Co Material,

that the Reviewing Party reasonably requires in order to review the Submitted Document and respond in accordance with these Review Procedures.

3 Review in stages

- (a) **(Stages)**: If Submitted Documents are to be reviewed in stages, each stage must be submitted for review and the review completed in accordance with these Review Procedures before any subsequent stage may be submitted for review.
- (b) **(Further Review)**: If, for any reason, any stage is reviewed out of sequence as a consequence of any act or omission of Project Co, the Reviewing Party will be entitled to further review or to complete a new review of those stages of the Submitted Documents that have already been reviewed in accordance with section 4.2.

4 Response to Submitted Document

4.1 Response to Submitted Documents

- (a) **(Options for review)**: The Reviewing Party may:
 - (1) provide comments, no comments, or conditions in respect of a Submitted Document;
 - (2) where a Submitted Document is expressly required to be approved under this Agreement, approve the Submitted Document; or
 - (3) reject or partially reject a Submitted Document,(each a **Response**) within the Review Period in accordance with this section 4.
- (b) **(Review of Submitted Document)**: Where the State and the Independent Reviewer are both Reviewing Parties:
 - (1) the State may review the Submitted Document and provide its Response to the Independent Reviewer (with a copy to Project Co) within 5 Business Days before the expiry of the relevant Review Period; and
 - (2) the Independent Reviewer must review the Submitted Document taking into account the State's Response provided under section 4.1(b)(1) and provide its Response to Project Co (with a copy to the State) within the Review Period in accordance with this section 4.
- (c) **(Documents requiring approval)**: With respect to any of the following documents:

- (1) a Utility Agreement;
- (2) an Environmental Management Plan;
- (3) a Transport Management Plan;
- (4) a Community and Stakeholder Engagement Management Plan; or
- (5) a Maintenance Manual,

the Reviewing Party must, within the Review Period, review the Submitted Document and either:

- (6) approve; or
- (7) reject or comment on,

the Submitted Document.

- (d) **(Proceeding with Project Activities)**: Project Co must not proceed with, or proceed to implement, a Submitted Document:
 - (1) subject to section 4.1(d)(2) and 4.2(b), unless the Reviewing Party has been afforded the Review Period to review the Submitted Document and has not rejected or commented on the Submitted Document; or
 - (2) with respect to the documents listed in section 4.1(c), unless the Reviewing Party and, if required by any Approval, the Victorian Minister for Planning, has approved the Submitted Document.

4.2 Consequences of a Response to a Submitted Document

- (a) **(Response to Submitted Documents)**: Other than in respect of the documents listed in section 4.1(c), if the Reviewing Party does not respond within the Review Period, or responds with “no comments” in respect of a Submitted Document, Project Co may proceed with the Project Activities in accordance with the Submitted Documents.
- (b) **(Comments)**: Other than in respect of the documents listed in section 4.1(c), if the Reviewing Party has comments on a Submitted Document it must indicate that its response is in the form of “comments” and Project Co may proceed with the Project Activities in accordance with the Submitted Document but must address such comments in the following update of the Submitted Document.
- (c) **(Conditions)**: If the Reviewing Party considers that Project Co may proceed with the Project Activities in accordance with the Submitted Document, but that certain conditions must be satisfied in doing so:
 - (1) the Reviewing Party must indicate that its response to the Submitted Document is in the form of “conditions”; and
 - (2) Project Co may proceed with the Project Activities in accordance with the Submitted Document, but must otherwise satisfy the conditions:
 - (A) within the time specified by the Reviewing Party (acting reasonably); or
 - (B) if no time is specified, promptly.
- (d) **(Rejecting a Submitted Document)**: If the Reviewing Party rejects, or partially rejects, a Submitted Document:
 - (1) the Reviewing Party must indicate its response is in the form of a “rejection” or “partial rejection”; and

- (2) Project Co must:
 - (A) amend the Submitted Document in accordance with the comments of the Reviewing Party provided under section 4.4;
 - (B) resubmit the revised Submitted Document to the Reviewing Party within the time specified in the notice under section 4.4(b) and the provisions of sections 1 to 6 will apply again to such re-submission; and
 - (C) not proceed with the Project Activities in accordance with the Submitted Document except to the extent that the Reviewing Party partially rejects a Submitted Document, in which case Project Co may proceed with the Project Activities in accordance with any section of that Submitted Document that was not rejected by the Reviewing Party, to the extent that no consequential amendments are likely to be required to that section of the Submitted Document as a result of the partial rejection.
- (e) **(Approval of a Submitted Document):** Subject to section 4.1(d)(2), where a Submitted Document is expressly required to be approved under this Agreement:
 - (1) if the Reviewing Party does not respond within the Review Period, or responds with “approved”, Project Co may proceed with the Project Activities; or
 - (2) if the Reviewing Party rejects, or partially rejects, a Submitted Document, then section 4.2(d) will apply.

4.3 Grounds upon which Reviewing Party may comment, impose conditions, or reject

The Reviewing Party may only provide comments or conditions on, or reject a Submitted Document:

- (a) **(Submitted Documents):** if the Submitted Document:
 - (1) is incomplete or inaccurate, of poor quality, is ambiguous or unclear or otherwise is not in a condition to allow the Reviewing Party, in its reasonable opinion, to adequately review it;
 - (2) does not comply with the applicable Laws or Standards; or
 - (3) is otherwise not in accordance with, or is not submitted in accordance with, the requirements of the State Project Documents (including the PS&TR, Services Specification and D&C Program);
- (b) **(Proceeding with the Project Activities):** if the Reviewing Party considers that implementing or proceeding with the Project Activities on the basis of the Submitted Document would:
 - (1) adversely affect any rights of the State in accordance with a State Project Document, the State's ability to perform its obligations under a State Project Document or any of its statutory functions or its ability to enforce any such right;
 - (2) would likely result in an increase to the State's Liabilities under a State Project Document;

- (3) not enable Project Co to comply with its obligations under the State Project Documents, or satisfy the FFP Warranty or the Project Requirements;
 - (4) where the Submitted Document is also a 'Franchisee Input Document' as defined under the Train Franchisee Cooperation Agreement:
 - (A) prevent the Train Franchisee from being able to comply with the Train Franchisee Arrangements, except to the extent that the State has directed Project Co in accordance with clause 38.9(e)(2) (*Directions giving rise to Modification*) of this Agreement that it is not required to amend the Submitted Document to reflect comments of this nature;
 - (B) prevent the Train Franchisee from being able to discharge its safety duties under the Rail Safety National Law; or
 - (C) to the extent the Franchisee Input Document relates to any rail safety management arrangements proposed by Project Co or the 'Project Co Subcontractors' (as defined in the Train Franchisee Cooperation Agreement) in relation to any:
 - (I) Returned Existing Network Works; or
 - (II) Maintenance Services,comprising Railway Operations, prevent compliance with the requirements of the Train Accreditation and the Train Franchisee Rail Safety Requirements; or
 - (5) where the Submitted Document is also a 'Franchisee Input Document' as defined under the Tram Franchisee Cooperation Agreement:
 - (A) prevent the Tram Franchisee from being able to comply with the Tram Franchisee Arrangements, except to the extent that the State has directed Project Co in accordance with clause 38.9(e)(2) (*Directions giving rise to Modification*) of this Agreement that it is not required to amend the Submitted Document to reflect comments of this nature;
 - (B) prevent the Tram Franchisee from being able to discharge its safety duties under the Tram Safety Act; or
 - (C) to the extent the Franchisee Input Document relates to any rail safety management arrangements proposed by Project Co or the 'Project Co Subcontractors' (as defined in the Tram Franchisee Cooperation Agreement) in relation to the Tram Works, prevent compliance with the requirements of the Tram Accreditation and the 'Franchisee Rail Safety Requirements' (as defined in the Tram Franchisee Cooperation Agreement).
- (c) **(Required to be approved):** if the Submitted Document is expressly required to be approved by the Reviewing Party.

4.4 Substantiate rejection, conditions or comments

If the Reviewing Party provides Project Co with comments on, imposes conditions on, or rejects a Submitted Document, the Reviewing Party must:

- (a) **(Sufficient details):** provide sufficient detail to Project Co within the Review Period to substantiate those comments, conditions, or that rejection; and

- (b) **(Resubmission period)**: to the extent the Reviewing Party rejects or partially rejects a Submitted Document, notify Project Co of the time within which Project Co must resubmit the Submitted Document to the Reviewing Party.

4.5 D&C Program

If the Submitted Document is the D&C Program, in addition to its rights in accordance with sections 4.1 to 4.3, the Reviewing Party may provide comments in connection with the D&C Program or reject the D&C Program, and Project Co must amend the D&C Program accordingly, if the Submitted Document does not satisfy the requirements of clause 18.1 (*Submission of the D&C Program*) of this Agreement.

5 Document management

5.1 Copies of Submitted Documents

- (a) **(Copies required)**: Unless otherwise expressly provided in the State Project Documents, Project Co must provide:
- (1) three original paper copies;
 - (2) one electronic version in .pdf format; and
 - (3) one electronic version in original format (in accordance with section 5.1(c)),
- of each Submitted Document to the Reviewing Party for review in accordance with these Review Procedures.
- (b) **(Submission to the State)**: Where the Reviewing Party is the Independent Reviewer, a copy of the Submitted Document must also be submitted to the State at the same time.
- (c) **(Form for Electronic copies)**: An electronic version in original format of a Submitted Document must be an electronic copy of that document in the format of the software in which the document was originally created that has been configured to allow the Reviewing Party to access and amend the information contained therein in the same manner as the original creator(s) of that document.

5.2 Register of Submitted Documents

- (a) **(Register)**: Project Co must compile and maintain a register of the date of submission and content of each Submitted Document and must regularly update that register to record:
- (1) each Submitted Document to which it receives a response or comment from the Reviewing Party, including a copy of that response or comment; and
 - (2) each Submitted Document to which it receives no response or comment within the Review Period.
- (b) **(Access)**: The register must be capable of access by the State, the Independent Reviewer and any person authorised by the State.

6 Compliance with Submitted Documents

6.1 Disputed amendments

- (a) **(Disagreement):** If Project Co does not agree that any rejection, partial rejection, condition or comments made by a Reviewing Party in respect of a Submitted Document are in accordance with section 4, Project Co must notify the Reviewing Party and Project Co and the Reviewing Party must meet to try to resolve the difference of opinion in good faith.
- (b) **(No resolution):** If, within 5 Business Days of Project Co's notice under section 6.1(a), Project Co still disputes that any amendments are required to the Submitted Document, or conditions are required to be complied with by Project Co, Project Co may refer the matter for resolution in accordance with clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of this Agreement.

6.2 Compliance with Submitted Document

If:

- (a) **(Entitled to proceed):** Project Co is entitled to proceed with, or proceed to implement, a Submitted Document in accordance with section 4.2; or
- (b) **(No amendment required):** it is determined in accordance with section 6.1 that no further amendment to the Submitted Document is required,

then, subject to section 1.3:

- (c) **(Carrying out of Project Activities):** subject to section 6.2(d), Project Co must carry out the Project Activities in accordance with the Submitted Document and otherwise in accordance with the State Project Documents;
- (d) **(Departure by Project Co):** subject to section 6.2(e), Project Co must depart from that Submitted Document where it is necessary to do so to comply with the State Project Documents; and
- (e) **(Notice of departure):** if Project Co intends to depart from that Submitted Document, then:
 - (1) it must give the Reviewing Party prior notice of this intention together with an updated version of the Submitted Document incorporating all or any changes proposed; and
 - (2) the provisions of sections 1 to 6 will apply again to such re-submission.

Schedule 8

Schedule of Certificates and Notices

Execution Version

Project Co must provide to the State certificates and notices in the form set out in Parts 1, 3–10 and 12–32 of this Schedule signed by the person specified in and otherwise in accordance with this Schedule. The State may, at its absolute discretion, provide the notice in Part 2 in accordance with clause 21.2(b) of this Agreement or the notice in Part 11 in accordance with clause 24.3(b) of this Agreement.

| Part of this Schedule containing the form | Title of certificate or notice | Certificate or notice to be signed by | Clause/Section of the State Project Documents |
|---|---|---------------------------------------|---|
| Project Agreement | | | |
| Part 1 | Project Co's Notice – Critical Interface Milestone/Progress Milestone Achievement | Project Co | Clause 21.2(a) of the Agreement |
| Part 2 | State's Notice – Critical Interface Milestone/Progress Milestone Achievement | State | Clause 21.2(b) of the Agreement |
| Part 3 | Independent Reviewer's Certificate of Critical Interface Milestone/Progress Milestone Achievement | Independent Reviewer | Clause 21.2(c)(1) of the Agreement |
| Part 4 | Independent Reviewer's Notice – Critical Interface Milestone/Progress Milestone not achieved (List of work remaining to be performed) | Independent Reviewer | Clause 21.2(c)(2)(A) of the Agreement |

| Part of this Schedule containing the form | Title of certificate or notice | Certificate or notice to be signed by | Clause/Section of the State Project Documents |
|--|--|--|--|
| Part 5 | Independent Reviewer's Notice – Critical Interface Milestone/Progress Milestone not achieved (No list of work remaining to be performed) | Independent Reviewer | Clause 21.2(c)(2)(B) of the Agreement |
| Part 6 | Project Co's Notice – Critical Interface Milestone/Progress Milestone outstanding work | Project Co | Clause 21.2(d) of the Agreement |
| Part 7 | Independent Reviewer's Certificate of Test Procedure | Independent Reviewer | Clause 23.2(b) of the Agreement |
| Part 8 | Independent Reviewer's Certificate of Test Completion/Notice of Test Outcome | Independent Reviewer | Clause 23.5(c) of the Agreement |
| Part 9 | Project Co's Notice – Expectation of achieving Provisional Acceptance | Project Co | Clause 24.2(a) of the Agreement |
| Part 10 | Project Co's Notice – Provisional Acceptance | Project Co | Clause 24.3(a) of the Agreement |
| Part 11 | State's Notice – Provisional Acceptance | State | Clause 24.3(b) of the Agreement |
| Part 12 | Independent Reviewer's Certificate of Provisional Acceptance | Independent Reviewer | Clause 24.3(c)(1) of the Agreement |

| Part of this Schedule containing the form | Title of certificate or notice | Certificate or notice to be signed by | Clause/Section of the State Project Documents |
|--|--|--|--|
| Part 13 | Independent Reviewer's Notice – Provisional Acceptance not achieved (List of work remaining to be performed) | Independent Reviewer | Clause 24.3(c)(2)(A) of the Agreement |
| Part 14 | Independent Reviewer's Notice – Provisional Acceptance not achieved (No list of work remaining to be performed) | Independent Reviewer | Clause 24.3(c)(2)(B) of the Agreement |
| Part 15 | Project Co's Notice – Provisional Acceptance of outstanding work | Project Co | Clause 24.3(e) of the Agreement |
| Part 16 | Project Co's Notice – Returned Works | Project Co | Clause 24.4(b)(2) of the Agreement |
| Part 17 | Independent Reviewer's Notice – Returned Works | Independent Reviewer | Clause 24.4(d)(1) of the Agreement |
| Part 18 | Independent Reviewer's Notice – Returned Works completion not achieved (List of work remaining to be performed) | Independent Reviewer | Clause 24.4(d)(2)(A) of the Agreement |
| Part 19 | Independent Reviewer's Notice – Returned Works completion not achieved (No list of work remaining to be performed) | Independent Reviewer | Clause 24.4(d)(2)(B) of the Agreement |

| Part of this Schedule containing the form | Title of certificate or notice | Certificate or notice to be signed by | Clause/Section of the State Project Documents |
|--|---|--|--|
| Part 20 | Project Co's Notice – Correction of Defect | Project Co | Clause 24.4(f) of the Agreement |
| Part 21 | Project Co's Notice – Handback of Returned Works | Project Co | Clause 24.4(i)(1) of the Agreement |
| Part 22 | Independent Reviewer's Certificate – Final Acceptance | Independent Reviewer | Clause 24.5(b) of the Agreement |
| Part 23 | Independent Reviewer's Notice – Non-compliance | Independent Reviewer | Clause 26.2(b) of the Agreement |
| Part 24 | Project Co's Notice – Explanation and/or Remediation Plan | Project Co | Clause 26.2(c) of the Agreement |
| Part 25 | Independent Reviewer's Notice – Response to Explanation | Independent Reviewer | Clause 26.2(d) of the Agreement |
| Part 26 | Independent Reviewer's Certificate of QSP Adjustment (1) | Independent Reviewer | Clause 60.4(a) of the Agreement |
| Part 27 | Independent Reviewer's Certificate of QSP Adjustment (2) | Independent Reviewer | Clause 61.3(a) of the Agreement |

Part 1
Project Co's Notice – Critical Interface Milestone/Progress Milestone Achievement

Metro Tunnel – Tunnel and Stations PPP

To: [], on behalf of the Crown in right of the State of Victoria (**State**)
and [] (**Independent Reviewer**)

From: [] (**Project Co**)

- 1 Pursuant to clause 21.2(a) of the Project Agreement between the State and Project Co dated [*insert*] (**Agreement**), Project Co:
 - (a) notifies the State and the Independent Reviewer that it considers [*insert description of Critical Interface Milestone/Progress Milestone*] [(**Critical Interface Milestone/Progress Milestone**)] has been achieved, as at [*insert date*];
 - (b) requests that the Independent Reviewer issues a Certificate of Critical Interface Milestone/Progress Milestone Achievement; and
 - (c) provides the State and the Independent Reviewer with a detailed list of Minor Defects relevant to the Works and the Metro Tunnel Interface Works the subject of the [**Critical Interface Milestone/Progress Milestone**] in the attached Schedule.
- 2 Terms defined in the Agreement have the same meaning in this notice.

Signed for and on behalf of
[*insert name and address of Project Co*]

Part 2
State's Notice – Critical Interface Milestone/Progress Milestone Achievement

Metro Tunnel – Tunnel and Stations PPP

To: [] (Project Co) and
[] (Independent Reviewer)

From: [], on behalf of the Crown in right of the State of Victoria (**State**)

- 1 Pursuant to clause 21.2(b) of the Project Agreement between the State and Project Co dated [*insert*] (**Agreement**), the State hereby:
 - (a) notifies Project Co and the Independent Reviewer that it considers that Project Co has achieved [*insert description of Critical Interface Milestone/Progress Milestone*], as at [*insert date*]; and
 - (b) requests that the Independent Reviewer issues a Certificate of Critical Interface Milestone/Progress Milestone Achievement.
- 2 Terms defined in the Agreement have the same meaning in this notice.

Signed for and on behalf of the State

Date

**Part 3
Independent Reviewer's Certificate of Critical Interface
Milestone/Progress Milestone Achievement**

Metro Tunnel – Tunnel and Stations PPP

To: [], on behalf of the Crown in right of the State of Victoria (**State**)
and [] (**Project Co**)

From: [] (**Independent Reviewer**)

- 1 Pursuant to clause 21.2(c)(1) of the Project Agreement entered into between the State and Project Co dated [*insert*] (**Agreement**), I certify that [*insert description of Critical Interface Milestone/Progress Milestone*] (**Critical Interface Milestone/Progress Milestone**) has been achieved as at [*insert date*].
- 2 In accordance with clause 21.2(c)(1)(C) of the Agreement, I set out in the attached Schedule a list of Minor Defects in the Works and the Metro Tunnel Interface Works the subject of the [*Critical Interface Milestone/Progress Milestone*].
- 3 Terms defined in the Agreement have the same meaning in this certificate.
- 4 This certificate is given for the sole benefit of each of the parties specified in clause 5.7 of the Independent Reviewer Deed of Appointment, and may not be relied upon by any other person.

Independent Reviewer's Notice – Non-compliance**

Metro Tunnel – Tunnel and Stations PPP

To: [], on behalf of the Crown in right of the State of Victoria (**State**)
and [] (**Project Co**)

From: [] (**Independent Reviewer**)

1 Pursuant to clause 26.2(b) of the Project Agreement entered into between the State and Project Co dated [insert] (**Agreement**), I hereby notify the State and Project Co of my opinion that:

- (a) *[the obligations of Project Co under the State Project Documents relating to the D&C Activities are not being complied with;*
- (b) *the D&C Program does not accurately reflect the actual progress of the Works in all material respects;*
- (c) *a Critical Interface Milestone (PPP Responsible) will not be achieved by the relevant Critical Interface Milestone Date;*
- (d) *a Progress Milestone will not be achieved by the relevant Progress Milestone Date;*
- (e) *Provisional Acceptance will not be achieved by the Date for Provisional Acceptance; and*
- (f) *from the Date of Provisional Acceptance, Project Co is not expeditiously and diligently progressing the Works to achieve Final Acceptance.]*

[State Note: Amend as appropriate.]

2 The reasons for my opinion are set out in the attached schedule.

3 Terms defined in the Agreement have the same meaning in this notice.

Part 30 Proof Engineer's Certificate – Design Documentation

Metro Tunnel – Tunnel and Stations PPP

To: [], on behalf of the Crown in right of the State of Victoria (**State**),
[] (**Independent Reviewer**) and [] (**Project Co**)
From: [] (**Proof Engineer**)

- 1 In accordance with section 7.8.1.1 of Volume 2, Part C of the PS&TR, I hereby certify that, in the performance of the D&C Activities, the Design Documentation listed in the attached Schedule is adequate for all:
 - (a) civil structures;
 - (b) tunnel structures including all tunnel support and primary and secondary linings and all relevant fire and life safety considerations;
 - (c) bridges and underpasses;
 - (d) earth retaining structures;
 - (e) sign gantries and other load bearing structures, including all foundations;
 - (f) load bearing falsework;
 - (g) Temporary Works;
 - (h) formwork required for concrete pours higher than 2 metres;
 - (i) blasting design;
 - (j) geotechnical designs including earth retaining structures (soil nailing and rock anchoring), embankment and formation;
 - (k) drainage design (excluding the proof engineering of standard proprietary products that meet Industry acceptable performance criteria); and
 - (l) groundwater settlement, groundwater movement predicted extents analysis and proposed mitigation measures.
- 2 Terms defined in the Project Agreement entered into between the State and Project Co dated [*insert*] have the same meaning in this certificate.

Commercial Opportunities Lease

Date ►

Between the parties

[State] **[Insert]**

Project Co **[Insert]**
[Insert ACN] of **[insert address]**

- Recitals
- 1 The background to the Project is set out in the Project Agreement.
 - 2 [The State has leased the Leased Area from VicTrack under the Head Lease.]
 - 3 As part of the development and implementation of the Project, the State has agreed to grant, and Project Co has agreed to accept, a lease of the Leased Area on the terms and conditions contained in this Lease.
 - 4 The State has the power to grant this Lease.
-

This deed witnesses as follows:

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Lease have the meanings given to them in the Project Agreement.

1.2 Definitions

In this Lease, unless the context otherwise requires:

| Term | Meaning |
|------------------------------|---|
| Commencement Date | means the Date of this Lease. |
| Crown | means the Crown in right of the State of Victoria. |
| Expiry Date | means the date the Project Agreement is terminated. |
| Final Acceptance Area | means each area on the Leased Area Plan on which the Works are still being performed. |
| Head Lease | means the document entitled [<i>describe lease</i>] between VicTrack and the State for and in relation to the Leased Area dated [<i>insert</i>]. |
| Lease | means this lease, including all Schedules, Exhibits, Attachments and Annexures to it. |
| Leased Area | means the area delineated on the Leased Area Plan excluding each Final Acceptance Area. |
| Leased Area Plan | means Attachment 1. |
| Permitted Use | means: <ol style="list-style-type: none">1 the performance of the Permitted Commercial Opportunities and the Commercial Opportunities Works in accordance with the Project Agreement and this Lease;2 the performance of any other Project Activities relevant to the Leased Area in accordance with the Project Agreement and this Lease;3 the storage and location of any plant, equipment, machinery, facilities and vehicles necessary for the carrying out of the Permitted Commercial Opportunities, Commercial Opportunities |

| Term | Meaning |
|--------------------------|--|
| | Works and relevant Project Activities; and 4 any other purpose permitted by the Project Agreement or otherwise agreed by the State. |
| Project Agreement | means the document entitled "Project Agreement" between the State and Project Co dated [insert] . |
| Rent | means [not disclosed] |
| Reserved Minerals | has the meaning given to it in clause 3.1(a). |
| Term | the term of this Lease commencing on the Commencement Date and ending on the Expiry Date. |

1.3 Interpretation

In this Lease:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) **(references)**: a reference to:
 - (1) a party, clause, Schedule, Exhibit, Attachment or Annexure is a reference to a party, clause, Schedule, Exhibit, Attachment or Annexure of or to this Lease; and
 - (2) a section is a reference to a section of a Schedule;
 - (d) **(document as amended)**: a reference to this Lease or to any other deed, agreement, document or instrument includes a reference to this Lease or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
 - (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
 - (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;

- (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) **(“includes”)**: “includes” will be read as if followed by the phrase “(without limitation)”;
- (j) **(“or”)**: the meaning of “or” will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) **(“\$”)**: a reference to “\$”, “AUD” or “dollar” is to Australian currency;
- (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;
- (n) **(rights)**: a reference to a right includes any benefit, remedy, function, duty, obligation, Liability, interest, entitlement, title, discretion, authority or power;
- (o) **(obligations and liabilities)**: a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) **(“may”)**: the term “may”, when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) **(construction)**: where there is a reference to an Authority, institute or association or other body referred to in this Lease which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Lease is deemed to refer to that other entity; or
 - (2) ceases to exist, this Lease is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) **(“remedy”)**: the use of the word “remedy” or any form of it in this Lease means that the event to be remedied must be remedied or its effects overcome; and
- (s) **(contra proferentem rule not to apply)**: each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Inconsistency

Where there is an inconsistency, ambiguity or discrepancy between this Lease and any other State Project Document, the order of precedence in clause 2.3 (*Inconsistency between State Project Documents*) of the Project Agreement applies.

1.5 Business Day

If the day on or by which anything is to be done in accordance with this Lease is not a Business Day, that thing must be done no later than the next Business Day.

1.6 Provisions limiting or excluding liability, rights or obligations

- (a) A right of the State or an obligation of Project Co under this Lease will not limit or exclude any other right of the State or obligation of Project Co under this Lease unless expressly stated.
- (b) Any provision of this Lease which seeks to limit or exclude a Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.7 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Lease or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Lease must be given in writing.

1.8 Prior approval or consent

Where Project Co is required by this Lease to obtain the State's consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.9 Action without delay

Unless there is a provision in this Lease which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.10 Relationship of the parties

Unless otherwise expressly provided, nothing in this Lease:

- (a) **(no additional relationship)**: creates a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith)**: imposes any duty of good faith on the State.

1.11 State's rights and obligations

- (a) **(Acknowledgement)**: The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 (*State's executive rights and duties*) of the Project Agreement in relation to this Lease.
- (b) **(No Claim)**: Subject to clause 1.11(c), Project Co will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its statutory or executive rights or duties.
- (c) **(Liability for breach)**: Clauses 1.11(a) and 1.11(b) do not limit any Liability which the State would have to Project Co under this Lease as a result of a breach by the State of a term of this Lease but for these clauses.

1.12 Reasonable endeavours of the State

Any statement in this Lease providing that the State will use or exercise "reasonable endeavours" or "act reasonably" in relation to an outcome, means that the State:

- (a) **(Relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;

- (b) **(No guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(No obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, statutory or executive duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

1.13 Cost of carrying out obligations

Each party must carry out its obligations under this Lease at its own cost, unless expressly provided otherwise.

2 Delegation

2.1 Right to delegate

Project Co acknowledges that the State may exercise any right, statutory or otherwise, it has to appoint a person as a delegate to perform any of its rights under this Lease.

2.2 Notice of delegation

The State will give Project Co notice of:

- (a) **(delegate)**: any delegate so appointed, setting out the delegated rights and including a copy of the relevant instrument of appointment; and
- (b) **(revocation or change)**: any revocation or change or delegation contemplated by clause 2.3.

2.3 Revocation or amendment of delegation

Any delegation in accordance with clause 2.2 may be revoked, changed, delegated, limited or made subject to such conditions as the State determines from time to time.

2.4 No limitation of State obligations

The appointment of a delegate to perform some or all of the rights of the State under this Lease does not limit the rights or obligations of the State under this Lease.

3 Reservations

3.1 Reservations in respect of minerals

- (a) **(Reserved Minerals):** This Lease is granted subject to the reservation to the Crown in respect of the Leased Area and every part of it of all minerals within the meaning of the *Mineral Resources (Sustainable Development) Act 1990* (Vic) and petroleum within the meaning of the *Petroleum Act 1998* (Vic) **(Reserved Minerals)**.
- (b) **(Exercise of rights by the State for the Term):** For the Term, the State will not exercise any right in respect of the Reserved Minerals.

3.2 Reservations in respect of access

- (a) Subject to the terms of the State Project Documents, the State reserves to itself and its Associates the right to create any registered or unregistered easement or other right through or around the Leased Area.
- (b) Prior to the creation or registration of any easement in accordance with clause 3.2(a), the State or its Associate(s) (as applicable) must notify Project Co of its intention to create or register the easement.

3.3 Reservations in respect of adjoining land

Project Co acknowledges and agrees that the State has reserved the right for the State, its Associates and any other persons authorised by the State to enter upon the Leased Area to construct, maintain, operate, develop and manage all adjoining land to the Leased Area, including for service connection of adjoining land to Utility Infrastructure located on the Leased Area.

3.4 Other Reservations

Project Co acknowledges and agrees that:

- (a) **(reservation of infrastructure):** the State has reserved the right for:
 - (1) Relevant Utility Infrastructure; and
 - (2) any other assets of the State, its Associates, Authorities and Government Parties,to remain or be constructed or installed in, on, under, over or through the Leased Area; and
- (b) **(reservation for relevant parties):** for the purpose of exercising the rights referred to in clause 3.4(a) and for the purpose of operating, repairing or maintaining the infrastructure and assets referred to in clause 3.4(a), the State has reserved the right for the State, its Associates, Authorities and Government Parties to enter upon the Leased Area (with or without vehicles or machinery).

4 Negation of representations and warranties

The State makes no representations (express or implied) and gives no warranties (express or implied):

- (a) **(suitability for purposes)**: that the Leased Area or any other land is now or will remain suitable or adequate for all or any of the purposes contemplated in this Lease or the Project Agreement; and
 - (b) **(Project Agreement representations)**: as to the matters specified in clause 50.1 (*No representations from the State*) of the Project Agreement,
- and all warranties (if any) and representations (if any) implied by Law are expressly negated.

5 Grant of Lease

5.1 Grant of Lease

The State grants to Project Co as tenant a lease of the Leased Area for the Term on the terms and conditions set out in this Lease.

5.2 Project Co's acknowledgment

Project Co acknowledges this Lease and Project Co's rights in respect of the Leased Area are subject to:

- (a) the provisions of the Project Agreement;
- (b) all interests, rights, Easements and reservations affecting the Leased Area;
- (c) any defects, whether latent or patent, in the Leased Area; and
- (d) the rights reserved by the State under the Project Agreement, including the step-in rights contained in clause 41 (*Step-in by the State*) of the Project Agreement.

6 Use of the Leased Area

6.1 Permitted use

Project Co must only use the Leased Area for the Permitted Use.

6.2 Compliance with Laws and Approvals

Project Co must comply with all Laws and Approvals from time to time applicable to the Leased Area or the use or occupation of the Leased Area.

6.3 Compliance with notices

Project Co must at its own cost and expense comply with all notices, orders and directions issued or given by an Authority which affect or relate to the Leased Area and the use or occupation of the Leased Area, regardless of whether the notice, order or direction is addressed to or requires compliance by either or both of the State, Project Co or any other person.

6.4 Notices

A party that receives a notice, order or direction from an Authority which affects or relates to the Leased Area or the use or occupation of the Leased Area must promptly give a copy of that notice, order or direction to the other party.

6.5 No nuisance

During the Term, Project Co warrants that it will comply with all Environmental Requirements, the Project Agreement and the Services Specification and will not, and agrees not to:

- (a) **(noxious or offensive)**: use, exercise or carry on or permit to be used, exercised or carried on in or upon the Leased Area any noxious or offensive act, trade, business or occupation; or
- (b) **(annoyance, nuisance, grievance)**: do or permit or omit to be done in or upon the Leased Area anything which is or may be to the annoyance, nuisance, grievance, damage or disturbance of the State or persons otherwise lawfully on the Leased Area or occupiers or owners of any adjacent land or land within the vicinity of the Leased Area,

except where this is required or expressly permitted by the Project Agreement or is an unavoidable consequence of the performance of the Project Activities in accordance with the Project Agreement.

7 Rent and Utilities

7.1 Payment of Rent

Project Co must pay the Rent to the State, each quarter on the same day that it receives the Quarterly Service Payment. The parties acknowledge and agree that the Rent will be offset against the Quarterly Service Payment.

7.2 Charges for Utilities

Project Co must pay all charges (including service charges) for Utilities to or from the Leased Area, together with any costs charged or levied by the Utility Provider in respect of the provision or maintenance of the Relevant Utility Infrastructure, which provides or supplies those Utilities exclusively to the Leased Area.

7.3 Separate metering

Project Co must install, or arrange for the installation of, meters at Project Co's own cost and expense for the recording or metering of any of the Utilities or substances provided or supplied to each Permitted Commercial Opportunity within the Leased Area.

7.4 Payment by State

If Project Co defaults in the payment of any of the costs or charges referred to in clause 7.2, the State may (without limiting any other rights and remedies of the State) pay the costs or charges, and any amount paid by the State will be a debt due and payable from Project Co to the State.

8 Easements

- (a) Subject to the terms of the State Project Documents, the State may grant rights of support and easements, dedicate land and enter into any arrangement or agreement with any party with an interest in any adjacent land or with any Authority or Utility Provider as the State thinks fit for the purpose of:
- (1) public or private access to the Leased Area;
 - (2) support of structures erected on adjoining land; or
 - (3) the provision of services.
- (b) The State must not exercise its rights under clause 8(a) to derogate from the enjoyment of the rights of Project Co under this Lease.

9 Harm minimisation

Project Co must:

- (a) (use of Leased Area): in using or occupying the Leased Areas; and
- (b) (performing Project Activities): except to the extent necessary to undertake the Project Activities and otherwise to comply with its obligations under the Project Agreement,

cause as little harm and inconvenience and do as little damage as reasonably possible to the Leased Area (and any adjacent area) and any improvement on the Leased Area or any adjacent area (including any Relevant Utility Infrastructure).

10 Removal of materials and make good

Without limiting its obligations under the Project Agreement:

- (a) (**during the Term**): during the Term, as soon as practicable after completion of any Project Activities on the Leased Areas; and
- (b) (**prior to Term ending**): prior to the end of the Term,

Project Co must:

- (c) (**removal of equipment**): remove all plant, equipment, machinery, facilities and vehicles (except to the extent they form part of the Leased Areas);
- (d) (**clean and safe condition**): ensure that the relevant part of the Leased Areas is left in a clean and safe condition;
- (e) (**removal of waste**): ensure that all waste, rubbish, debris and redundant materials are removed promptly from the relevant part of the Leased Areas in accordance with Best Industry Practices;
- (f) (**public use**): without limiting clause 10(d), ensure that any relevant part of the Leased Areas which will become open to the public is safe for public use and occupation; and
- (g) (**damage**): except to the extent necessary to comply with its obligations under the Project Agreement, make good all damage caused by Project Co's use and occupation of the Leased Areas.

11 Maintenance and repair

11.1 Maintenance

Project Co must maintain the Leased Area and the Relevant Infrastructure in accordance with Project Co's obligations under the Project Agreement.

11.2 State's right of access

Without limitation to any rights of access in the Project Agreement, the State, PTV, VicTrack and any officer, agent, adviser, consultant, contractor or employee of the State may at all reasonable times enter the Leased Area (with or without vehicles and equipment), including to:

- (a) **(investigations)**: make reasonable investigations as the State, any officer, agent, adviser, consultant, contractor or employee of the State or those authorised by the State deem necessary for the purpose of ascertaining whether or not there has been any breach of any of the terms, covenants or conditions expressed or implied in this Lease;
- (b) **(compliance)**: carry out any maintenance, repairs, alterations, additions or other work necessary to comply with the State's obligations under this Lease, at Law or in respect of the exercise by the State of any statutory functions;
- (c) **(Project Co repairs)**: carry out any maintenance, repairs, alterations, additions or other work which the State elects to do but which Project Co is required or liable to do under this Lease by any Law or by any Requirement but fails to do so within the time specified or otherwise allowed for that work to be done; or
- (d) **(other powers)**: exercise any other powers and rights of the State under this Lease or the Project Agreement.

11.3 Exercise of rights

In exercising its rights under clause 11.2, the State, its Associates or any other persons authorised by the State must comply with the State Project Documents.

11.4 Project Co's acknowledgement

Project Co acknowledges and agrees that the exercise by the State, its Associates or any other persons authorised by the State of the rights of access to the Leased Area under the State Project Documents:

- (a) will not give rise to any right of Project Co to terminate this Lease or make any Claim against the State, its Associates or any other person authorised by the State to access the Leased Area; and
- (b) will not release Project Co from its obligations pursuant to this Lease.

12 GST

- (a) **(Supply)**: If GST is or will be or is purported to be payable on the supply of any good, service or thing (a **Supply**) by either party under this Lease, to the extent the consideration otherwise provided for that Supply is not stated to include an amount in respect of GST on that Supply, the party receiving the Supply must

pay to the party making the Supply on demand a sum equal to any GST payable by the supplier in respect of that Supply.

- (b) **(Reimbursement)**: To the extent that one party is required to reimburse the other party for costs incurred by the other party, those costs do not include any amount in respect of GST for which the other party is entitled to claim an input tax credit.
- (c) **(Valid tax invoice)**: A party's obligation to pay an amount under clause 12 is subject to a valid tax invoice being delivered to that party.
- (d) **(Rent)**: The Rent under this Lease is exclusive of GST.
- (e) **(Project Agreement to prevail)**: If clause 59 (*Taxes*) of the Project Agreement would apply in connection with a Taxable Supply to which this clause 12 also applies then clause 59 (*Taxes*) of the Project Agreement will apply in connection with that supply and the provisions of this clause 12 (but for this clause 12) will not apply.
- (f) **(Definitions)**: In this clause 12, unless otherwise defined in this Lease, terms used have the meanings given to them in the GST Law.

13 Quiet enjoyment

Other than as a result of the exercise by the State, any of its Associates, Government Parties, an Authority or any other person of any right which is expressly or impliedly conferred upon it (including the State's rights contained in clauses 16.3 (*State's right to enter, inspect and test*) and 41 (*Step-in by the State*) of the Project Agreement):

- (a) by this Lease;
- (b) under any other Project Document; or
- (c) otherwise at Law,

Project Co will and may peaceably possess and enjoy the Leased Area for the Term without any interruption or disturbance from the State or any other person or persons lawfully claiming by, from or under the State.

14 Risk

Except as otherwise expressly provided in the State Project Documents, as between the State and Project Co, Project Co accepts all risks (and the cost of such risks) in connection with the use and occupation of the Leased Area.

15 Termination

15.1 Termination of Lease

This Lease will automatically terminate on the Expiry Date but may not otherwise be terminated.

15.2 Consequences of termination

Upon termination of this Lease, the rights and obligations of the parties under this Lease will cease, except for:

- (a) any accrued rights or obligations under this Lease; and
- (b) any rights or obligations which are expressed (either in this Lease or in any other State Project Document) to continue after termination of this Lease or any other State Project Document.

15.3 Waiver

If this Lease is lawfully terminated in accordance with clause 15.1, Project Co waives any right it might otherwise have to pursue a Claim of restitution of any kind, including a Claim of unjust enrichment or quantum meruit, but this clause 15.3 does not affect Project Co's rights under clause 45 (*Termination*) of the Project Agreement.

16 Dispute resolution and Arbitration

If any dispute or difference of opinion arises between the parties under this Lease, each party may refer any such matter for resolution in accordance with this clause 16 and the dispute or difference of opinion must be resolved in the same manner that disputes or differences of opinion under the Project Agreement are resolved. Accordingly, the provisions of clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of the Project Agreement are incorporated into this Lease but as if:

- (a) the only persons party to the Project Agreement, and the only persons party to the relevant dispute or difference of opinion, are the parties to the relevant dispute; and
- (b) the only matters for expert determination under those provisions are the matters referred for expert determination under this Lease.

17 Assignment and subletting

17.1 Restrictions on assignment

Other than in accordance with the Project Agreement and this Lease, Project Co must not:

- (a) assign, novate, transfer, mortgage, charge or otherwise deal with its interest in this Lease;
- (b) grant leases, subleases and licences over parts of the Leased Area; or
- (c) assign, transfer, dispose of, part with possession of, create or allow any interest in, or otherwise deal with any of its rights or obligations under this Lease,

without the prior consent of the State.

17.2 Subletting and other dealings

Project Co may sublease parts of the Leased Area for the Permitted Commercial Opportunities in accordance with the terms of the Project Agreement, and any such sublease must not have any expiry date any later than one day before the end of the Term.

17.3 Access to contractors and others

The State acknowledges that Project Co may grant access to the Leased Area to the D&C Subcontractor, the Maintenance Subcontractor, Commercial Opportunities Subcontractors and other Subcontractors (and any of their employees, servants, agents and contractors) for the Permitted Uses.

18 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) in connection with this Lease:

- (a) **(in writing)**: must be in writing;
- (b) **(addressees)**: must be addressed as set out below (or as otherwise notified by that party to each other party from time to time);

State

Attention: [insert]

Address: [insert]

Email: [insert]

Project Co

Attention: [insert]

Address: [insert]

Email: [insert]

- (c) **(signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by both parties) to the email address of the addressee set out in clause 18(b); and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in clause 18(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and

- (3) in the case of email, the first to occur of:
- (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00am on the next Business Day.

19 Representations and Warranties

19.1 State's representations and warranties

The State represents and warrants for the benefit of Project Co that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Lease and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(binding obligation)**: this Lease constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (c) **(no violation of any Law)**: the execution, delivery and performance of this Lease does not violate any Law to which the State is subject.

19.2 Project Co's representations and warranties

Project Co represents and warrants for the benefit of the State that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Lease and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(no violation of any Law)**: the execution, delivery and performance of this Lease does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (c) **(binding obligation)**: this Lease constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (d) **(duly registered)**: it is duly registered, properly constituted and remains in existence.

20 Miscellaneous

20.1 Governing law and jurisdiction

- (a) **(Governing law):** This Lease is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction):** Each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Lease.

20.2 Entire agreement

To the extent permitted by Law, in relation to its subject matter, this Lease:

- (a) embodies the entire understanding of the parties, and constitutes the entire terms agreed by the parties; and
- (b) supersedes any prior agreement of the parties.

20.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to both parties) required by Law or reasonably requested by another party to give effect to this Lease.

20.4 Surviving provisions

- (a) **(Survival):** All provisions of this Lease which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Lease will survive the rescission, termination or expiration of this Lease including any provision in connection with:
 - (1) the State's rights to set-off and recover money;
 - (2) confidentiality or privacy;
 - (3) Intellectual Property Rights;
 - (4) any obligation to make any Records available to the State;
 - (5) any indemnity or financial security given in accordance with this Lease; or
 - (6) any right or obligation arising on termination of this Lease.
- (b) **(Interpretation):** No provision of this Lease which is expressed to survive the termination of this Lease will prevent any other provision of this Lease, as a matter of interpretation, also surviving the termination of this Lease.

20.5 Waiver

- (a) **(Writing):** A waiver given by a party in accordance with this Lease is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver):** A failure to, a delay in or the partial exercise or enforcement of a right, power or remedy provided by Law or in accordance with this Lease by a

party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by Law or in accordance with this Lease.

- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Lease operates as a waiver of another breach of that term or of a breach of any other term of this Lease.

20.6 Consents, approvals and directions

- (a) **(State):** A consent or approval required in accordance with this Lease from the State may be given or withheld, or may be given subject to any conditions, as the State thinks fit, unless this Lease expressly provides otherwise.
- (b) **(Project Co):** A consent or approval required under this Lease from Project Co may not be unreasonably withheld or delayed, unless this Lease expressly provides otherwise.

20.7 Amendments

- (a) **(Agreement):** Except as otherwise expressly provided in this Lease, this Lease may only be varied by a deed executed by or on behalf of each party.
- (b) **(Other State Project Documents):** Except as otherwise expressly provided in the State Project Documents, no amendment to any other State Project Document is valid or binding on a party unless made in writing and executed by the State and all other parties to the relevant State Project Document.

20.8 Severance

If, at any time, a provision of this Lease is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) any other provision of this Lease; or
- (b) that provision under the Law of any other jurisdiction.

20.9 Counterparts

This Lease may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the agreement of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same agreement.

20.10 Moratorium legislation

To the extent permitted by Law, the application to this Lease or to any party of any Law or any requirement or any moratorium having the effect of extending or reducing the Term, reducing or postponing the payment of Rent or any part of it or otherwise affecting the operation of the terms of this Lease or its application to any party is excluded and negated.

20.11 Proportionate liability

- (a) **(Exclusion of Wrongs Act):** The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of

either party under this Lease whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

- (b) **(Rights, obligations and liabilities)**: Without limiting clause 20.11(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Lease and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

20.12 Indemnities

- (a) **(Continuing liability)**: Each indemnity in this Lease is a continuing obligation, separate and independent from the other obligations of the parties, and survives termination, completion or expiration of this Lease.
- (b) **(Expense not necessary)**: It is not necessary for a party to incur expense or to make any payment before enforcing a right of indemnity conferred by this Lease.
- (c) **(Payable on demand)**: A party must pay on demand any amount it must pay under an indemnity in this Lease.
- (d) **(Indemnity held on trust)**: The State and Project Co acknowledge and agree that:
- (1) each indemnity or promise referred to in this Lease in favour of any of the State's Associates is held on trust by the State for the benefit of any of the State's Associates from the date of this Lease; and
 - (2) the consent of the State's Associates referred to in clause 20.12(d)(1) will not be required for any amendment to, or waiver of rights under this Lease.

20.13 No representation or reliance

- (a) **(No representation)**: Each party acknowledges that no party (nor any person acting on a party's behalf) has made any representation or other inducement to it to enter into this Lease, except for representations or inducements expressly set out in this Lease.
- (b) **(No reliance)**: Each party acknowledges and confirms that it does not enter into this Lease in reliance on any representation or other inducement by or on behalf of any other party, except for representations or inducements expressly set out in this Lease.

20.14 Exclusion of express and implied covenants, powers and provisions

- (a) **(Transfer of Land Act 1958 (Vic) not to apply)**: The covenants and powers implied by the *Transfer of Land Act 1958 (Vic)* do not apply and will not be implied in this Lease except to the extent those covenants and powers are included in the covenants and powers contained in this Lease.
- (b) **(Property Law Act 1958 (Vic) not to apply)**: The provisions of section 144 of the *Property Law Act 1958 (Vic)* do not apply and will not be implied in this Lease.

This agreement witnesses as follows:

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Licence have the meanings given to them in the Project Agreement.

1.2 Definitions

In this Licence, unless the context otherwise requires:

| Term | Meaning |
|--|--|
| Access Licence (Chep) | the licence entitled 'Access licence' between VicTrack (as head lessor), Chep (as licensor) and the Secretary (as licensee), a draft of which was provided to Project Co on 8 December 2017. |
| Access Licence (Secretary) | the licence entitled 'Access licence' between the Secretary (as licensor) and Chep (as licensee), a draft of which was provided to Project Co on 8 December 2017. |
| Amended Licensed Construction Area Plan | has the meaning given in clause 4.1(b)(1). |
| Arden Access Licences | means: <ol style="list-style-type: none">1 the Access Licence (Chep); and2 the Access Licence Secretary. |
| Authority | means any government or governmental, semi-governmental or local government authority, local council, administrative or judicial body or tribunal, department, commission, public authority, agency, minister, statutory corporation or instrumentality or any person having jurisdiction over the Licensed Construction Areas, Project Co, the State or any of them or anything in relation to any of them. |
| Chep | means Chep Pallectron Solutions Pty Ltd (ACN 161 486 960). |
| City Ford Lease | the lease entitled 'Ground Lease, 734 Elizabeth Street, Melbourne' between the University and the Secretary, a draft of which was provided to Project Co on 15 November 2017. |
| Federation Square Lease | the lease between Fed Square Pty Ltd and the Secretary, a draft of which was provided to Project Co on 15 November 2017. |

| Term | Meaning |
|--|---|
| Hand-back Works | has the meaning given in the Hand-back Works Deed. |
| Hand-back Works Deed | the document entitled 'Hand-back Works Deed' between the University and MMRA dated March 2017, as amended by the document entitled 'Letter of Agreement – Variation of Hand-back Works Deed', a draft of which was provided to Project Co on 12 December 2017. |
| LACA | the <i>Land Acquisition and Compensation Act 1986</i> (Vic). |
| Licence | means this construction licence and includes all Schedules, Exhibits, Attachments and Annexures to it. |
| Licence Commencement Date | means the later of the date: <ol style="list-style-type: none">1 of Financial Close; or2 on which the first parcel of land comprising the Licensed Construction Areas is required to be made available to Project Co in accordance with the Land Availability Plans. |
| Licence Fee | means [not disclosed] |
| Licensed Construction Area Plan | has the meaning given in clause 4.1 and includes any Amended Licensed Construction Area Plan. |
| Licensed Construction Areas | means that part of the subdivided stratum (limited in height and depth) which is: <ol style="list-style-type: none">1 included in the Land Availability Plans; and2 identified in the Licensed Construction Area Plan. |
| Permitted Use | means: <ol style="list-style-type: none">1 the performance of the D&C Activities and the Final Acceptance Works in accordance with the Project Agreement and this Licence;2 the storage and location of any equipment, vehicles and machinery necessary for the carrying out of the D&C Activities and the Final Acceptance Works, unless otherwise specified by the State;3 the exercise by Project Co of its rights and the compliance by Project Co with its obligations under the Project Agreement, to the extent to which they relate to the Licensed Construction |

| Term | Meaning |
|------------------------------------|--|
| | Areas; and 4 any other purpose agreed by the State. |
| Project Agreement | the document entitled "Project Agreement" between the State and Project Co dated on or about the date of this Licence. |
| Requirement | includes any requirement, notice, order, demand, direction, recommendation, request, stipulation or similar notification received from or given by any Authority or pursuant to any Law whether in writing or otherwise and notwithstanding to whom such a Requirement is addressed or directed. |
| Secretary | the Secretary to the Department of Economic Development, Jobs, Transport and Resources on behalf of the Crown in the right of the State of Victoria. |
| Shrine Licence | the licence granted under section 17B of the <i>Crown (Reserves) Act 1978</i> (Vic) dated 18 October 2016 between the Shrine Licensor and the Secretary. |
| Shrine Licensed Area | the area referred to in the Shrine Licence as the 'licensed premises'. |
| Shrine Licensor | the Shrine of Remembrance trustees appointed pursuant to section 3 of the <i>Shrine of Remembrance Act 1978</i> (Vic). |
| Temporary Works Area (Chep) | has the meaning given to 'Temporary Works Area' in the Access Licence (Chep). |
| Term | the term of this Licence as described in clause 6. |
| VicTrack General Licence | the document titled 'Melbourne Metro Rail Project – Licence For Access to and Use of Unleased VicTrack Land for the Purposes of the Project' dated 15 September 2016 between VicTrack and the Secretary. |
| University | the University of Melbourne (ABN 84 002 705 224). |

1.3 Interpretation

In this Licence:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;

and unless the context otherwise requires:

- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
- (c) **(references)**: a reference to:
- (1) a party, clause, Schedule, Exhibit, Attachment or Annexure is a reference to a party, clause, Schedule, Exhibit, Attachment or Annexure of or to this Licence; and
 - (2) a section is a reference to a section of a Schedule;
- (d) **(document as amended)**: a reference to this Licence or to any other deed, agreement, document or instrument includes a reference to this Licence or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
- (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
- (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
- (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
- (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) **(“includes”)**: “includes” will be read as if followed by the phrase “(without limitation)”;
- (j) **(“or”)**: the meaning of “or” will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) **(“\$”)**: a reference to “\$”, “AUD” or “dollar” is to Australian currency;
- (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;
- (n) **(rights)**: a reference to a right includes any benefit, remedy, function, duty, obligation, Liability, interest, entitlement, title, discretion, authority or power;
- (o) **(obligations and liabilities)**: a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;

- (p) (“**may**”): the term “may”, when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) (**construction**): where there is a reference to an Authority, institute or association or other body referred to in this Licence which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Licence is deemed to refer to that other entity; or
 - (2) ceases to exist, this Licence is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) (“**remedy**”): the use of the word “remedy” or any form of it in this Licence means that the event to be remedied must be remedied or its effects overcome; and
- (s) (**contra proferentem rule not to apply**): each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Inconsistency

Where there is an inconsistency, ambiguity, or discrepancy between this Licence and any other State Project Document, then the order of precedence in clause 2.3 (*Inconsistency between State Project Documents*) of the Project Agreement applies.

1.5 Business Day

If the day on or by which anything is to be done in accordance with this Licence is not a Business Day, that thing must be done no later than the next Business Day.

1.6 Provisions limiting or excluding liability, rights or obligations

- (a) A right of the State or an obligation of Project Co under this Licence will not limit or exclude any other right of the State or obligation of Project Co under this Licence unless expressly stated.
- (b) Any provision of this Licence which seeks, either expressly or by implication, to limit or exclude any Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.7 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Licence or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Licence must be given in writing.

1.8 Prior approval or consent

Where Project Co is required by this Licence to obtain the State’s consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.9 Action without delay

Unless there is a provision in this Licence which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.10 Relationship of the parties

Unless otherwise expressly provided, nothing in this Licence:

- (a) **(no additional relationship)**: creates a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith)**: imposes any duty of good faith on the State.

1.11 State's rights and obligations

- (a) **(Acknowledgement)**: The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 (*State's executive rights and duties*) of the Project Agreement in relation to this Licence.
- (b) **(No Claim)**: Subject to clause 1.11(c), Project Co will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its statutory or executive rights or duties.
- (c) **(Liability for breach)**: Clauses 1.11(a) and 1.11(b) do not limit any Liability which the State would have to Project Co under this Licence as a result of a breach by the State of a term of this Licence but for these clauses.

1.12 Reasonable endeavours of the State

Any statement in this Licence providing that the State will use or exercise "reasonable endeavours" or "act reasonably" in relation to an outcome, means that the State:

- (a) **(relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(no guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(no obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, statutory or executive duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

1.13 Cost of carrying out obligations

Each party must carry out its obligations under this Licence at its own cost, unless expressly provided otherwise.

2 Delegation

2.1 Right to delegate

Project Co acknowledges that the State may exercise any right, statutory or otherwise, it has to appoint a person as a delegate to perform any of its rights under this Licence.

2.2 Notice of delegation

The State will give Project Co notice of:

- (a) **(delegate)**: any delegate so appointed, setting out the delegated rights and including a copy of the relevant instrument of appointment; and
- (b) **(revocation or change)**: any revocation or change of any delegation contemplated by clause 2.3.

2.3 Revocation or amendment of delegation

Any such delegation may be revoked, changed, delegated, limited or made subject to such conditions as the State determines from time to time.

2.4 No limitation of obligations

The appointment of a delegate to perform some or all of the rights of the State under this Licence does not limit the rights or obligations of the State under this Licence.

3 Negation of representations and warranties

The State makes no representations (express or implied) and gives no warranties (express or implied):

- (a) **(suitability of purposes)**: that the Licensed Construction Areas or any other land is now or will remain suitable or adequate for all or any of the purposes contemplated by this Licence or in the Project Agreement; and
- (b) **(Project Agreement representations)**: as to the matters specified in clause 50.1 (*No representations from the State*) of the Project Agreement,

and all warranties (if any) and representations (if any) implied by Law, are to the extent permitted by Law, expressly negated.

4 Grant of Licence

4.1 Licensed Construction Areas

- (a) **(Licensed Construction Areas at the Licence Commencement Date)**: At the Licence Commencement Date, the Licensed Construction Areas will, for the purposes of this Licence, be comprised of the land identified in the plan set out in Attachment 1 (**Licensed Construction Area Plan**).

- (b) **(Amendment of the Licensed Construction Areas):** If, at any time during the Term, the parties to this Licence wish to vary, for the purposes of this Licence, the land which comprises the Licensed Construction Areas or the land identified in the Land Availability Plans are varied in accordance with clause 6.3 (*Adjustment of Land Availability Plans*) of the Project Agreement, then:
- (1) the State must prepare and provide Project Co with an amended version of the Licensed Construction Area Plan (**Amended Licensed Construction Area Plan**), which identifies any amendments to Licensed Construction Areas; and
 - (2) both parties must sign the Amended Licensed Construction Area Plan as an acknowledgement of their agreement to the variation of the Licensed Construction Areas,
- and from the date on which the Amended Licensed Construction Area Plan has been signed by both parties:
- (3) the Amended Licensed Construction Area Plan will be deemed to have replaced the Licensed Construction Area Plan; and
 - (4) the Licensed Construction Areas will, for the purposes of this Licence, be deemed to be the areas shown on the Amended Licensed Construction Area Plan.

4.2 Licence over the Licensed Construction Areas

- (a) **(Grant of licence):** The State grants to Project Co for the Term a non-exclusive licence to use the Licensed Construction Areas for the Permitted Use on the terms of this Licence and the Project Agreement.
- (b) **(Period):** Project Co must only remain on the Licensed Construction Areas for the minimum period as is reasonably necessary for the Permitted Use.
- (c) **(Sub-licence):** Project Co may sub-licence all or part of the Licensed Construction Areas with the consent of the State, such consent not to be unreasonably withheld.

4.3 Nature of interest

- (a) **(Nature of interest):** Project Co acknowledges and agrees that:
 - (1) the rights conferred on Project Co by this Licence rest in contract only and do not confer a proprietary interest on Project Co; and
 - (2) its rights and obligations arising out of or in relation to the Licensed Construction Areas are as set out in the Project Agreement.
- (b) **(Ownership and access)** Without limiting the generality of clause 4.3(a), Project Co acknowledges and agrees that:
 - (1) ownership and control of the Licensed Construction Areas remains vested in the relevant owner of the land at all times;
 - (2) this Licence does not grant Project Co ownership, control or legal entitlement to exclusive possession of the Licensed Construction Areas nor does it extend to Project Co an entitlement to rents or profits in respect of the Licensed Construction Areas;
 - (3) Project Co and any of its Associates can access the Licensed Construction Areas only for the Permitted Use; and

- (4) Project Co may not construct any permanent works on the 'Temporary Land' (as described in the Land Availability Plans Schedule).

4.4 Responsibility of Project Co

Project Co acknowledges and agrees that it has the same responsibilities to third parties in connection with persons, property and all other aspects of the Licensed Construction Areas which it would have if it held the freehold title to the Licensed Construction Areas.

4.5 Liability

The parties acknowledge and agree that Project Co is required to indemnify the State under clause 42 (*Risk and Liability*) of the Project Agreement in connection with its use and occupation of the Licensed Construction Areas.

4.6 Conditions on licence

Project Co acknowledges that to the extent that land access has been procured pursuant to a temporary occupation under section 75 of the *Land Acquisition and Compensation Act 1986* (Vic) (**LACA**) as it has effect pursuant to section 119 of the *Major Transport Projects Facilitation Act 2009* (Vic) (**MTPF Act**):

- (a) Project Co must:
- (1) not use the land for any purpose other than as permitted in section 75(2) of the LACA;
 - (2) comply with the obligations in relation to occupation of land in section 76 of the LACA; and
 - (3) to the extent that the landowner or occupier requires separation of the land, comply with the requirements in section 79 of the LACA; and
- (b) where the State is required to serve notice pursuant to section 75(3) of the LACA to procure land access, Project Co must give plans which meet the requirements for issuing a notice to occupy land under section 75 of the LACA in accordance with:
- (1) the time for delivery of 'Plans' in clause 6.3(h) of the Project Agreement (*Adjustment of Land Availability Plans*);
 - (2) the Land Availability Plans; and
 - (3) the Steps Plan Schedule to the Project Agreement.

5 Payments

5.1 Licence Fee

Project Co must pay the Licence Fee to the State, if demanded by the State.

5.2 Utilities

The parties acknowledge and agree that the rights and obligations of Project Co in relation to Utilities are set out in the Project Agreement, including clause 16.5 (*Utilities*) of the Project Agreement.

5.3 Payment by the State

If Project Co defaults in the payment of any of the costs or charges referred to in clause 5.2, the State may (without limiting any other rights and remedies of the State) pay the costs or charges, and any amount paid by the State will be a debt due and payable from Project Co to the State.

6 Term of Licence

This Licence takes effect on the Licence Commencement Date and continues until the earlier of:

- (a) the termination of the Project Agreement; and
- (b) the Date of Final Acceptance.

7 Approval to demolish structures, etc

Except where specified or required under the PS&TR, Project Co must submit to the State for approval (with such approval not to be unreasonably withheld by the State), prior to submitting to the responsible authority under any relevant planning scheme (if required), any proposal to demolish any structure or building in, on, under or over the Licensed Construction Areas.

8 Stakeholder requirements

8.1 VicTrack General Licence

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the VicTrack General Licence.
- (b) **(use of Licensed Construction Area):** Project Co must, and must ensure that its Associates:
 - (1) except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the VicTrack General Licence; and
 - (2) in using or occupying the Licensed Construction Area, or performing the D&C Activities and the Final Acceptance Works, do all things required to be done by the Secretary pursuant to the VicTrack General Licence, and carry out all of the Secretary's obligations under the VicTrack General Licence, except for the Secretary's obligations under clauses 3(d), 3(e), 8(a), 8(b) and 9 of the VicTrack General Licence.

8.2 Shrine Licence

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the Shrine Licence.

- (b) **(Use of Shrine Licenced Area):** Project Co must, and must ensure that its Associates, except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the Shrine Licence.
- (c) **(Approvals):** Project Co must:
 - (1) undertake all fire protection works on the Shrine Licenced Area required by Law to the satisfaction of the Shrine Licensor and the responsible fire Authority pursuant to clause 2.6 of the Shrine Licence; and
 - (2) not erect or permit the erection of any permanent improvement on the Shrine Licenced Area without the Shrine Licensor's written approval pursuant to clause 3.8 of the Shrine Licence.
- (d) **(Shrine-specific obligations):** Project Co must perform the obligations of the Secretary under Special Conditions 1 to 17 of the Shrine Licence in respect of the Shrine Licenced Area, except for Special Conditions 6(a) and 6(b).

8.3 Federation Square Lease

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the Federation Square Lease.
- (b) **(Use of Federation Square Land):** On and from execution of the Federation Square Lease, Project Co must, and must ensure that its Associates, except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the Federation Square Lease.

8.4 City Ford Lease

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the City Ford Lease.
- (c) **(Use of City Ford Premises):** On and from execution of the City Ford Lease, Project Co must, and must ensure that its Associates, except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the City Ford Lease.
- (d) **(University access requirements):** Project Co acknowledges the University's right of access under clause 2.1 and 2.2 of the City Ford Lease and must reasonably facilitate the University's exercise of its right of access.
- (e) **(City Ford Lease-specific obligations):** Project Co must perform the obligations of the Secretary under clause 6.2(a), 6.3(b), 6.4 and 11.1 of the City Ford Lease.

8.5 Hand-back Works Deed

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the Hand-back Works Deed.
- (b) **(No breach of Hand-back Works Deed):** On and from execution of the Hand-back Works Deed, Project Co must, and must ensure that its Associates, except as required by Law, do not do, or omit to do anything which may cause MMRA to breach the Hand-back Works Deed.
- (c) **(Hand-back Works obligations):** Project Co must:

- (1) provide notice to MMRA no later than 40 days' prior to the commencement of the Hand-back Works;
- (2) engage and consult with the University and consider the comments of the University in accordance with clause 5.1(b) of the Hand-back Works Deed;
- (3) provide information to the University as required under clause 5.2 of the Hand-back Works Deed; and
- (4) perform the obligation of MMRA under clause 9.1 of the Handback Works Deed.

8.6 Arden Access Licences

- (a) **(Acknowledgement)**: Project Co acknowledges that it has received copies of the Arden Access Licences.
- (b) **(No breach of Access Licences)**: On and from execution of the Arden Access Licences, Project Co must, and must ensure that its Associates, except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the Arden Access Licences.
- (c) **(Access Licence (Secretary) obligations)**: Project Co must perform the obligation of the Secretary under clause 4(c) of the Access Licence (Secretary).
- (d) **(Access Licence (Chep) obligations)**: Project Co must:
 - (1) act in conjunction with the Secretary and Chep to agree in good faith any other measures with respect to the Temporary Works Area (Chep) under clause 3(b)(3) of the Access Licence (Chep); and
 - (2) perform the obligations of the Secretary under clause 3(b)(2), 5.2, 6(a)-(c), 6(f), 6(j), 8(c) and Attachment 1(c)-(e) of the Access Licence (Chep).

9 Harm minimisation

Project Co must:

- (a) **(use of Licensed Construction Area)**: in using or occupying the Licensed Construction Area; and
- (b) **(performing D&C Activities and the Final Acceptance Works)**: except to the extent necessary to undertake the D&C Activities and the Final Acceptance Works, and otherwise to comply with its obligations under the Project Agreement,

cause as little harm and inconvenience and do as little damage as reasonably possible to the Licensed Construction Areas (and any adjacent area) and any improvement or foliage on the Licensed Construction Areas or any adjacent area (including any Relevant Utility Infrastructure).

10 Removal of materials and make good

Without limiting its obligations under the Project Agreement:

- (a) **(during Term)**: during the Term, as soon as practicable after completion of any Project Activities on any part of the Licensed Construction Areas; and
- (b) **(prior to Term ending)**: prior to the end of the Term,
Project Co must:
 - (c) **(removal of equipment)**: remove all plant, equipment, machinery, facilities and vehicles (except to the extent they form part of the Relevant Infrastructure);
 - (d) **(clean and safe condition)**: ensure that the relevant part of the Licensed Construction Areas is left in a clean and safe condition;
 - (e) **(removal of rubbish)**: ensure that all waste, rubbish, debris and redundant materials are removed promptly from the Licensed Construction Areas in accordance with Best D&C Practices;
 - (f) **(public use and occupation)**: without limiting clause 10(d), ensure that any relevant part of the Licensed Construction Areas which will become open to the public is safe for public use and occupation; and
 - (g) **(damage)**: except to the extent necessary to comply with its obligations under the Project Agreement (including where specified or required under the PS&TR), make good all damage caused by Project Co's use and occupation of the Licensed Construction Areas.

11 Maintenance and repair

11.1 Maintenance

Project Co, at its cost, during the Term and any extension or holding over must keep and maintain the Licensed Construction Areas in accordance with the Project Agreement.

11.2 State's right of access

Without limitation to any rights of access in the Project Agreement, the State and any officer, agent, adviser, consultant, contractor or employee of the State may at all reasonable times enter the Licensed Construction Areas (with or without vehicles and equipment), including to:

- (a) **(investigations)**: make reasonable investigations as the State, any officer, agent, adviser, consultant, contractor or employee of the State or those authorised by the State deem necessary for the purpose of ascertaining whether or not there has been any breach of any of the terms, covenants or conditions expressed or implied in this Licence;
- (b) **(compliance)**: carry out any maintenance, repairs, alterations, additions or other work necessary to comply with the State's obligations under this Licence, at Law or in respect of the exercise by the State of any statutory functions;
- (c) **(Project Co repairs)**: carry out any maintenance, repairs, alterations, additions or other work which the State elects to do but which Project Co is required or liable to do under this Licence by any Law or by any Requirement but fails to do so within the time specified or otherwise allowed for that work to be done; or
- (d) **(other powers)**: exercise any other powers and rights of the State under this Licence or the Project Agreement.

12 GST

- (a) **(Supply)**: If GST is or will be or is purported to be payable on the supply of any good, service or thing (a **Supply**) by either party under this Licence, to the extent the consideration otherwise provided for that Supply is not stated to include an amount in respect of GST on that Supply, the party receiving the Supply must pay to the party making the Supply on demand a sum equal to any GST payable by the supplier in respect of that Supply.
- (b) **(Reimbursement)**: To the extent that one party is required to reimburse the other party for costs incurred by the other party, those costs do not include any amount in respect of GST for which the other party is entitled to claim an input tax credit.
- (c) **(Valid tax invoice)**: A party's obligation to pay an amount under clause 12(a) is subject to a valid tax invoice being delivered to that party.
- (d) **(Licence Fee)**: The Licence Fee under this Licence is exclusive of GST.
- (e) **(Project Agreement to prevail)**: If clause 59 (*Taxes*) of the Project Agreement would apply in connection with a Taxable Supply to which this clause 12 also applies then clause 59 (*Taxes*) of the Project Agreement will apply in connection with that supply and the provisions of this clause 12 (but for this clause 12(e)) will not apply.
- (f) **(Definitions)**: In this clause 12, unless otherwise defined in this Licence, terms used have the meanings given to them in the GST Law.

13 Dispute Resolution and Arbitration

If any dispute or difference of opinion arises between the parties under this Licence, each party may refer any such matter for resolution in accordance with this clause 13 and the dispute or difference of opinion must be resolved in the same manner that disputes or differences of opinion under the Project Agreement are resolved. Accordingly, the provisions of clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of the Project Agreement are incorporated into this Licence but as if:

- (a) the only persons party to the Project Agreement, and the only persons party to the relevant dispute or difference of opinion, are the parties to the relevant dispute; and
- (b) the only matters for expert determination under those provisions are the matters referred for expert determination under this Licence.

14 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) under or in connection with this Licence:

- (a) **(in writing)**: must be in writing;
- (b) **(addressees)**: must be addressed as set out below (or as otherwise notified by that party to each other party from time to time);

State

Attention: [not disclosed]

Address: [not disclosed]

Email: [not disclosed]

Project Co

Attention: [not disclosed]

Address: [not disclosed]

Email: [not disclosed]

- (c) **(signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by both parties) to the email address of the addressee set out in clause 14(b); and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in clause 14(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00 am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
 - (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00 am on the next Business Day.

15 Representations and Warranties

15.1 State's representations and warranties

The State represents and warrants for the benefit of Project Co that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Licence and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(binding obligation)**: this Licence constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (c) **(no violation of any Law)**: the execution, delivery and performance of this Licence does not violate any Law to which the State is subject.

15.2 Project Co's representations and warranties

Project Co represents and warrants for the benefit of the State that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Licence and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(no violation of any Law)**: the execution, delivery and performance of this Licence does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (c) **(binding obligation)**: this Licence constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (d) **(duly registered)**: it is duly registered, properly constituted and remains in existence.

16 Miscellaneous

16.1 Governing Law and jurisdiction

- (a) **(Governing Law)**: This Licence is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction)**: Each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Licence.

16.2 Entire agreement

To the extent permitted by Law, in relation to its subject matter, this Licence and the other State Project Documents:

- (a) embodies the entire understanding of the parties, and constitutes the entire terms agreed by the parties; and
- (b) supersedes any prior agreement of the parties.

16.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to that party) required by Law or reasonably requested by another party to give effect to this Licence.

16.4 Surviving provisions

- (a) **(Survival):** All provisions of this Licence which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Licence will survive the rescission, termination or expiration of this Licence.
- (b) **(Interpretation):** No provision of this Licence which is expressed to survive the termination of this Licence will prevent any other provision of this Licence, as a matter of interpretation, also surviving the termination of this Licence.

16.5 Waiver

- (a) **(Writing):** A waiver given by a party in accordance with this Licence is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver):** A failure to, a delay in or the partial exercise or enforcement of a right, power or remedy provided by Law or in accordance with this Licence by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by Law or in accordance with this Licence.
- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Licence operates as a waiver of another breach of that term or of a breach of any other term of this Licence.

16.6 Consents, approvals and directions

- (a) **(State):** A consent or approval required in accordance with this Licence from the State may be given or withheld, or may be given subject to any conditions, as the State (in its absolute discretion) thinks fit, unless this Licence expressly provides otherwise.
- (b) **(Project Co):** A consent or approval required under this Licence from Project Co may not be unreasonably withheld, unless this Licence expressly provides otherwise.

16.7 Amendments

Except as otherwise expressly provided in this Licence, this Licence may only be varied by a deed executed by or on behalf of each party.

16.8 Severance

If, at any time, a provision of this Licence is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) any other provision of this Licence; or
- (b) that provision under the Law of any other jurisdiction.

16.9 Counterparts

This Licence may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the agreement of each party who

has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same agreement.

16.10 Moratorium

To the extent permitted by Law, the application to this Licence or to any party of any Law or any requirement or any moratorium having the effect of extending or reducing the Term, reducing or postponing the payment of the Licence Fee or any part of it or otherwise affecting the operation of the terms of this Licence or its application to any party is excluded and negated.

16.11 Proportionate liability

- (a) **(Exclusion of Wrongs Act):** The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of either party under this Licence whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities):** Without limiting clause 16.11(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Licence and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

16.12 No merger

The rights and obligations of the parties will not merge on the completion of any transaction contemplated by this Licence. They will survive the execution and delivery of any assignment or other document entered into for the purpose of implementing a transaction.

16.13 No representation or reliance

- (a) **(No representation):** Each party acknowledges that no party (nor any person acting on a party's behalf) has made any representation or other inducement to it to enter into this Licence, except for representations or inducements expressly set out in this Licence.
- (b) **(No reliance):** Each party acknowledges and confirms that it does not enter into this Licence in reliance on any representation or other inducement by or on behalf of any other party, except for representations or inducements expressly set out in this Licence.

Maintenance Licence

Date ►

Between the parties

State **[Insert]**

Project Co **[Insert]**
[insert ACN] of **[insert address]**

- Recitals
- 1 The background to the Project is set out in the Project Agreement.
 - 2 [The State has licensed the Licensed Maintenance Areas from VicTrack under the Head License – Maintenance Areas.]
 - 3 As part of the implementation of the Project, the State has agreed to grant, and Project Co has agreed to accept, a licence in respect of the Licensed Maintenance Areas on the terms and conditions contained in this Licence.
 - 4 The State has the power to grant this Licence under:
 - [the Head License – Maintenance Areas;]
 - section 173 of the Relevant Legislation;
 - section 75 of the *Land Acquisition and Compensation Act 1986* (Vic) as it has effect pursuant to section 119 of the Relevant Legislation; or
 - otherwise.
-

This agreement witnesses as follows:

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Licence have the meanings given to them in the Project Agreement.

1.2 Definitions

In this Licence, unless the context otherwise requires:

| Term | Meaning |
|---|---|
| [not disclosed] | [not disclosed] |
| Amended Licensed Maintenance Area Plan | has the meaning given in clause 4.1(b). |
| [not disclosed] | [not disclosed] |
| Authority | means any government or governmental, semi-governmental or local government authority, local council, administrative or judicial body or tribunal, department, commission, public authority, agency, minister, statutory corporation or instrumentality or any person having jurisdiction over the Licensed Maintenance Areas, Project Co, the State or any of them or anything in relation to any of them. |
| Head Licence – Maintenance Areas | [means the document entitled "[insert]" between VicTrack and the State for and in relation to the Licensed Maintenance Areas dated on or about the date of this Lease.] |
| Licence | means this maintenance licence and includes all Schedules, Exhibits, Attachments and Annexures to it. |
| Licence Commencement Date | means the Date of Provisional Acceptance. |
| [not disclosed] | 1 [not disclosed] |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| Licence Fee Payment Date | means each date for payment of a Licence Fee Payment as set out in the Licence Fee Payment Schedule. |

| Term | Meaning |
|---------------------------------------|--|
| Licence Fee Payment Schedule | means Schedule 1, as adjusted: <ol style="list-style-type: none"> 1 in accordance with the Financial Close Adjustment Protocol; or 2 following approval of a SMPC Project Co Notice pursuant to clause 34A.2(b) of the Project Agreement. |
| [not disclosed] | [not disclosed] |
| [not disclosed] | [not disclosed] |
| Licensed Maintenance Area Plan | has the meaning given in clause 4.1(a) and includes any Amended Licensed Maintenance Area Plan. |
| Licensed Maintenance Areas | means that part of the subdivided stratum (limited in height and depth) which is identified in the Licensed Maintenance Area Plan. |
| Permitted Use | means: <ol style="list-style-type: none"> 1 the carrying out of the Services in accordance with the Project Agreement to the extent the Services relate to the Licensed Maintenance Areas; 2 the storage and location of any equipment, vehicles and machinery necessary for the carrying out of the Services in accordance with the Project Agreement to the extent the Services relate to the Licensed Maintenance Areas, unless otherwise specified by the State; 3 the exercise by Project Co of its rights, and the compliance by Project Co with its obligations, under the Project Agreement, to the extent to which they relate to the Licensed Maintenance Areas; and 4 any other purpose agreed by the State in writing. |
| Project Agreement | means the document entitled "Project Agreement" between the State and Project Co dated [insert] . |
| Requirement | includes any requirement, notice, order, demand, direction, recommendation, request, stipulation or similar notification received from or given by any Authority or pursuant to any Law whether in writing or otherwise and notwithstanding to whom such a Requirement is addressed or directed. |
| Term | has the meaning given in clause 6. |
| VicTrack General Licence | [the document titled 'Melbourne Metro Rail Project – Licence For Access to and Use of Unleased Victrack Land for the Purposes of the Project' dated [insert] between VicTrack and the Secretary.] |

1.3 Interpretation

In this Licence:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) **(references)**: a reference to:
 - (1) a party, clause, Schedule, Exhibit, Attachment or Annexure is a reference to a party, clause, Schedule, Exhibit, Attachment or Annexure of or to this Licence; and
 - (2) a section is a reference to a section of a Schedule;
 - (d) **(document as amended)**: a reference to this Licence or to any other deed, agreement, document or instrument includes a reference to this Licence or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
 - (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
 - (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
 - (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
 - (i) **(“includes”)**: “includes” will be read as if followed by the phrase “(without limitation)”;
 - (j) **(“or”)**: the meaning of “or” will be that of the inclusive, being one, some or all of a number of possibilities;
 - (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
 - (l) **(“\$”)**: a reference to “\$”, “AUD” or “dollar” is to Australian currency;
 - (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;
 - (n) **(rights)**: a reference to a right includes any benefit, remedy, function, duty, obligation, Liability, interest, entitlement, title, discretion, authority or power;
 - (o) **(obligations and liabilities)**: a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
 - (p) **(“may”)**: the term “may”, when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
 - (q) **(construction)**: where there is a reference to an Authority, institute or association or other body referred to in this Licence which:

- (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Licence is deemed to refer to that other entity; or
- (2) ceases to exist, this Licence is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) **(remedy)**: the use of the word “remedy” or any form of it in this Licence means that the event to be remedied must be remedied or its effects overcome; and
- (s) **(contra proferentem rule not to apply)**: each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Inconsistency

Where there is an inconsistency, ambiguity or discrepancy between this Licence and any other State Project Document, then the order of precedence in clause 2.3 (*Inconsistency between State Project Documents*) of the Project Agreement applies.

1.5 Business Day

If the day on or by which anything is to be done in accordance with this Licence is not a Business Day, that thing must be done no later than the next Business Day.

1.6 Provisions limiting or excluding liability, rights or obligations

- (a) A right of the State or an obligation of Project Co under this Licence will not limit or exclude any other right of the State or obligation of Project Co under this Licence unless expressly stated.
- (b) Any provision of this Licence which seeks to limit or exclude a Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.7 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Licence or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Licence must be given in writing.

1.8 Prior approval or consent

Where Project Co is required by this Licence to obtain the State’s consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.9 Action without delay

Unless there is a provision in this Licence which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.10 Relationship of the parties

Unless otherwise expressly provided, nothing in this Licence:

- (a) **(no additional relationship)**: creates a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith)**: imposes any duty of good faith on the State.

1.11 State's rights and obligations

- (a) **(Acknowledgement):** The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 (*State's executive rights and duties*) of the Project Agreement in relation to this Licence.
- (b) **(No Claim):** Subject to clause 1.11(c), Project Co will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its statutory or executive rights or duties.
- (c) **(Liability for breach):** Clauses 1.11(a) and 1.11(b) do not limit any Liability which the State would have to Project Co under this Licence as a result of a breach by the State of a term of this Licence but for these clauses.

1.12 Reasonable endeavours of the State

Any statement in this Licence providing that the State will use or exercise "reasonable endeavours" or "act reasonably" in relation to an outcome, means that the State:

- (a) **(relevant steps):** will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(no guarantee):** cannot guarantee the relevant outcome; and
- (c) **(no obligation):** is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, statutory or executive duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

1.13 Cost of carrying out obligations

Each party must carry out its obligations under this Licence at its own cost, unless expressly provided otherwise.

1.14 Assignment of Licence Fee

Project Co acknowledges that the State has offered to assign the Licence Fee (exclusive of GST) due in connection with the Maintenance Licence to Finance Co pursuant to the Receivables Purchase Deed. On receipt of a notice of assignment:

- (a) Project Co must pay the Licence Fee (exclusive of GST) to Finance Co in accordance with the notice;
- (b) any such payment will discharge the liability of Project Co to pay the Licence Fee to the State under this Licence; and
- (c) Project Co must pay the GST payable in respect of each Licence Fee to the State, but it is only obliged to make that payment when it has been provided with a Tax Invoice in respect of the relevant Licence Fee.

2 Delegation

2.1 Right to delegate

Project Co acknowledges that the State may exercise any right, statutory or otherwise, it has to appoint a person as a delegate to perform any of its rights under this Licence.

2.2 Notice of delegation

The State will give Project Co notice of:

- (a) any delegate so appointed, setting out the delegated rights and including a copy of the relevant instrument of appointment; and
- (b) any revocation or change of any delegation contemplated by clause 2.3.

2.3 Revocation or amendment of delegation

Any such delegation may be revoked, changed, delegated, limited or made subject to such conditions as The State determines from time to time.

2.4 No limitation of State's actions

- (a) The appointment of a delegate to perform some or all of the rights of the State under this Licence does not limit the rights or obligations of the State under this Licence.

3 Negation of representations or warranties

The State makes no representations (express or implied) and gives no warranties (express or implied):

- (a) **(suitability of purposes)**: that the Licensed Maintenance Areas or any other land is now or will remain suitable or adequate for all or any of the purposes contemplated in this Licence or the Project Agreement; and
- (b) **(Project Agreement representations)**: as to the matters specified in clause 50.1 (*No representations from the State*) of the Project Agreement,

and all warranties (if any) and representations (if any) implied by Law are expressly negated.

4 Grant of Licence

4.1 Licensed Maintenance Areas

- (a) **(Licensed Maintenance Areas at the Licence Commencement Date)**: At the Licence Commencement Date, the Licensed Maintenance Areas will, for the purposes of this Licence, be comprised of the land identified in the plan set out in Attachment 1 (**Licensed Maintenance Area Plan**).
- (b) **(Amendment of the Licensed Maintenance Areas)**: If, at any time during the Term, the parties to this Licence wish to vary, for the purposes of this Licence, the land which comprises the Licensed Maintenance Areas, then:
 - (1) the State must prepare and provide Project Co with an amended version of the Licensed Maintenance Area Plan (**Amended Licensed**

Maintenance Area Plan) which identifies any amendments to Licensed Maintenance Areas; and

- (2) both parties must sign the Amended Licensed Maintenance Area Plan as an acknowledgement of their agreement to the variation of the Licensed Maintenance Areas,

and from the date on which the Amended Licensed Maintenance Area Plan has been signed by both parties:

- (3) the Amended Licensed Maintenance Area Plan will be deemed to have replaced the Licensed Maintenance Area Plan; and
 - (4) the Licensed Maintenance Areas will, for the purposes of this Licence, be deemed to be the areas shown on the Amended Licensed Maintenance Area Plan.
- (c) **(Licensed Maintenance Areas at Final Acceptance):** At the Date of Final Acceptance, pursuant to clause 4.1(b), the parties must both sign the Access Plan as an acknowledgement of their agreement to the variation of the Licensed Maintenance Areas to reflect the Access Plan.

4.2 Licence over the Licensed Maintenance Areas

- (a) **(Grant of Maintenance Licence):** The State grants to Project Co for the Term a non-exclusive licence to use the Licensed Maintenance Areas for the Permitted Use on the terms of this Licence and the Project Agreement.
- (b) **(Period):** Project Co must only remain on the Licensed Maintenance Areas for the minimum period as is reasonably necessary for the Permitted Use.
- (c) **(Sub-licence):** Project Co may sub-licence all or part of the Licensed Maintenance Areas with the consent of the State, such consent not to be unreasonably withheld.

4.3 Nature of interest

- (a) **(Nature of interest):** Project Co acknowledges and agrees that:
 - (1) the rights conferred on Project Co by this Licence rest in contract only and do not confer a proprietary interest on Project Co; and
 - (2) its rights and obligations arising out of or in relation to the Licensed Maintenance Areas are as set out in the Project Agreement.
- (b) **(Ownership and access):** Without limiting the generality of clause 4.3(a), Project Co acknowledges and agrees that:
 - (1) ownership and control of the Licensed Maintenance Areas remains vested in the relevant owner of the land at all times;
 - (2) this Licence does not grant Project Co ownership, control or legal entitlement to exclusive possession of the Licensed Maintenance Areas nor does it extend to Project Co an entitlement to rents or profits in respect of the Licensed Maintenance Areas; and
 - (3) Project Co and its Associates can access the Licensed Maintenance Areas only for the Permitted Use.

4.4 Responsibility of Project Co

Project Co acknowledges and agrees that it has the same responsibilities to third parties in connection with persons, property and all other aspects of the Licensed Maintenance Areas which it would have if it held the freehold title to the Licensed Maintenance Areas.

4.5 Liability

The parties acknowledge and agree that Project Co is required to indemnify the State under clause 42 (*Risk and Liability*) of the Project Agreement in connection with its use and occupation of the Licensed Maintenance Areas.

5 Payments

5.1 Licence Fee

- (a) **(Licence Fee payable in advance)**: In consideration of the rights to enter on, occupy and access (as applicable) the Licensed Maintenance Area pursuant to this Licence, Project Co must, on each Licence Fee Payment Date, pay the Licence Fee to the State, or to such other party as the State may from time to time direct, without demand from the State.
- (b) **(Licence Fee not to abate)**: The payment of the Licence Fee by Project Co will not abate during the Term for any reason.
- (c) **(Non-payment of Licence Fee)**: The State acknowledges that, if the Licence Fee is not received in full, or at all, on any Licence Fee Payment Date, such non-payment is not in and of itself a breach in the performance or observance of Project Co's obligations under the State Project Documents.
- (d) **(Debt due and payable)**: Without limiting clause 5.1(c), the parties acknowledge and agree that any Licence Fee that is not received in full, or at all, on any Licence Fee Payment Date will be a debt due and payable from Project Co to the State.
- (e) **(Adjustments)**: The parties will adjust the Licence Fee to reflect:
 - (1) any adjustment to the Final D&C Phase Payment and Receivables Purchase Payment as described in clause 35A.1(f) and 35A.3(c) of the Project Agreement; and
 - (2) any payment of the Receivables Refund Payment, Contribution Payment and State Maintenance Phase Contribution, as described in clause 34A.1(b) of the Project Agreement.
- (f) **(Termination)**: If this Licence is terminated in accordance with clause 6, Project Co will not be obliged to pay any Licence Fee after the date that this Maintenance Licence is terminated.

5.2 Utilities

The parties acknowledge and agree that the rights and obligations of Project Co in relation to the Utilities are set out in the Project Agreement, including clause 16.5 (*Utilities*) of the Project Agreement.

5.3 Payment by State

If Project Co defaults in the payment of any of the costs or charges referred to in clause 5.1(b), the State may (without limiting any other rights and remedies of the State) pay the costs or charges, and any amount paid by the State will be a debt due and payable from Project Co to the State.

5.4 Floating payment

The floating payment is calculated as the sum of:

[not disclosed]

The floating payment:

- (a) accrues daily from (and including) the first day of an Interest Period to (and excluding) the last day of the Interest Period;
- (b) is payable on each Licence Fee Payment Date in accordance with clause 5.1(a); and
- (c) is calculated on actual days elapsed using a year of 365 days.

6 Term of Licence

This Licence takes effect on the Licence Commencement Date and continues until the earlier of:

- (a) the termination of the Project Agreement; and
- (b) any other earlier date agreed by the parties.

7 VicTrack General Licence

- (a) **(Acknowledgement):** Project Co acknowledges that it has received a copy of the VicTrack General Licence.
- (b) **(use of Licensed Maintenance Areas):** Project Co must, and must ensure that its Associates:
 - (1) except as required by Law, do not do, or omit to do anything which may cause the Secretary to breach the VicTrack General Licence; and
 - (2) in using or occupying the Licensed Maintenance Areas, or performing the Services, do all things required to be done by the Secretary pursuant to the VicTrack General Licence, and carry out all of the Secretary's obligations under the VicTrack General Licence except:
 - (A) for the Secretary's obligations under clauses 3(d), 3(e), 8(a), 8(b), 9, 14 and 15 of the VicTrack General Licence; or
 - (B) to the extent that the Secretary's obligations under clauses 2(c), 2(d), 4(c), 4(d), 6(b) and 6(c) of the VicTrack General Licence are not reasonably within the scope of the Services.

8 Harm minimisation

Project Co must:

- (a) **(use of Licensed Maintenance Areas):** in using or occupying the Licensed Maintenance Areas; and
- (b) **(necessary for Services):** except to the extent necessary to carry out the Services and otherwise to comply with its obligations under the Project Agreement,

cause as little harm and inconvenience and do as little damage as reasonably possible to the Licensed Maintenance Areas (and any adjacent area) and any improvement on the Licensed Maintenance Areas or any adjacent area (including any Relevant Utility Infrastructure).

9 Removal of materials and make good

Without limiting its obligations under the Project Agreement:

- (a) **(during the Term)**: during the Term, as soon as practicable after completion of any Services on the Licensed Maintenance Areas; and
- (b) **(prior to Term ending)**: prior to the end of the Term,

Project Co must:

- (c) **(removal of equipment)**: remove all plant, equipment, machinery, facilities and vehicles (except to the extent they form part of the Licensed Maintenance Areas);
- (d) **(clean and safe condition)**: ensure that the relevant part of the Licensed Maintenance Areas is left in a clean and safe condition;
- (e) **(removal of waste)**: ensure that all waste, rubbish, debris and redundant materials are removed promptly from the relevant part of the Licensed Maintenance Areas in accordance with Best Industry Practices;
- (f) **(public use)**: without limiting clause 9(d), ensure that any relevant part of the Licensed Maintenance Areas which will become open to the public is safe for public use and occupation; and
- (g) **(damage)**: except to the extent necessary to comply with its obligations under the Project Agreement, make good all damage caused by Project Co's use and occupation of the Licensed Maintenance Areas.

10 Maintenance and repair

10.1 Maintenance

Project Co, at its cost, during the Term and any extension or holding over must keep and maintain the Licensed Maintenance Areas in accordance with the Project Agreement.

10.2 State's right of access

Without limitation to any rights of access in the Project Agreement, the State, PTV, VicTrack and any officer, agent, adviser, consultant, contractor or employee of the State may at all reasonable times enter the Licensed Maintenance Area (with or without vehicles and equipment), including to:

- (a) **(investigations)**: make reasonable investigations as the State, any officer, agent, adviser, consultant, contractor or employee of the State or those authorised by the State deem necessary for the purpose of ascertaining whether or not there has been any breach of any of the terms, covenants or conditions expressed or implied in this Licence;
- (b) **(compliance)**: carry out any maintenance, repairs, alterations, additions or other work necessary to comply with the State's obligations under this Licence, at Law or in respect of the exercise by the State of any statutory functions;
- (c) **(Project Co repairs)**: carry out any maintenance, repairs, alterations, additions or other work which the State elects to do but which Project Co is required or liable to do under this Licence by any Law or by any Requirement but fails to do so within the time specified or otherwise allowed for that work to be done; or
- (d) **(other powers)**: exercise any other powers and rights of the State under this Licence or the Project Agreement.

When exercising its rights under clauses 10.2(b) and 10.2(c), the State must use its reasonable endeavours to carry out such activities in a manner which is consistent with

the State Project Documents, but taking into account the State's statutory rights and the circumstances that prompted the State to exercise those rights.

11 GST

- (a) **(Supply)**: If GST is or will be or is purported to be payable on the supply of any good, service or thing (a **Supply**) by either party under this Licence, to the extent the consideration otherwise provided for that Supply is not stated to include an amount in respect of GST on that Supply, the party receiving the Supply must pay to the party making the Supply on demand a sum equal to any GST payable by the supplier in respect of that Supply.
- (b) **(Reimbursement)**: To the extent that one party is required to reimburse the other party for costs incurred by the other party, those costs do not include any amount in respect of GST for which the other party is entitled to claim an input tax credit.
- (c) **(Valid tax invoice)**: A party's obligation to pay an amount under clause 11(a) is subject to a valid tax invoice being delivered to that party.
- (d) **(Licence Fee)**: The Licence Fee under this Licence is exclusive of GST.
- (e) **(Project Agreement to prevail)**: If clause 59 (*Taxes*) of the Project Agreement would apply in connection with a Taxable Supply to which this clause 11 also applies then clause 59 (*Taxes*) of the Project Agreement will apply in connection with that supply and the provisions of this clause 11 (but for this clause 11(e)) will not apply.
- (f) **(Definitions)**: In this clause 11, unless otherwise defined in this Licence, terms used have the meanings given to them in the GST Law.

12 Dispute Resolution and Arbitration

If any dispute or difference of opinion arises between the parties under this Licence, each party may refer any such matter for resolution in accordance with this clause 12 and the dispute or difference of opinion must be resolved in the same manner that disputes or differences of opinion under the Project Agreement are resolved. Accordingly, the provisions of clauses 46 (*Dispute Resolution*) and 47 (*Arbitration*) of the Project Agreement are incorporated into this Licence but as if:

- (a) **(parties)**: the only persons party to the Project Agreement, and the only persons party to the relevant dispute or difference of opinion, are the parties to the relevant dispute; and
- (b) **(matters for determination)**: the only matters for expert determination under those provisions are the matters referred for expert determination under this Licence.

13 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) under this Licence:

- (a) **(in writing)**: must be in writing;
- (b) **(addressed)**: must be addressed as set out below (or as otherwise notified by that party to each other party from time to time);

State:

Attention: [insert]

Address: [insert]

Email: [insert]

Project Co:

Attention: [insert]

Address: [insert]

Email: [insert]

- (c) **(signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by both parties) to the email address of the addressee, set out in clause 13(b); and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in clause 13(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00 am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
 - (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00 am on the next Business Day.

14 Representations and Warranties

14.1 State's representations and warranties

- (a) The State represents and warrants for the benefit of Project Co that:
- (b) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Licence and all necessary action has been taken to authorise that execution, delivery and performance;
- (c) **(binding obligation)**: this Licence constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (d) **(no violation of any Law)**: the execution, delivery and performance of this Licence does not violate any Law to which the State is subject.

14.2 Project Co's representations and warranties

- (a) Project Co represents and warrants for the benefit of the State that:
- (b) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Licence and all necessary action has been taken to authorise that execution, delivery and performance;
- (c) **(no violation of any Law)**: the execution, delivery and performance of this Licence does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (d) **(binding obligation)**: this Licence constitutes a valid and legally binding obligation on it in accordance with its terms; and
- (e) **(duly registered)**: it is duly registered, properly constituted and remains in existence.

15 Miscellaneous

15.1 Governing Law and jurisdiction

- (a) **(Governing Law)**: This Licence is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction)**: Each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Licence.

15.2 Entire agreement

To the extent permitted by Law, in relation to its subject matter, this Licence:

- (a) **(whole agreement)**: embodies the entire understanding of the parties, and constitutes the entire terms agreed by the parties; and
- (b) **(prior agreements)**: supersedes any prior agreement of the parties.

15.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to that party) required by Law or reasonably requested by another party to give effect to this Licence.

15.4 Surviving provisions

- (a) **(Survival)**: All provisions of this Licence which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Licence will survive the rescission, termination or expiration of this Licence.
- (b) **(Interpretation)**: No provision of this Licence which is expressed to survive the termination of this Licence will prevent any other provision of this Licence, as a matter of interpretation, also surviving the termination of this Licence.

15.5 Waiver

- (a) **(Writing)**: A waiver given by a party in accordance with this Licence is only effective and binding on that party if it is given or confirmed in writing by that party.

- (b) **(No waiver):** A failure to, a delay in or the partial exercise or enforcement of a right, power or remedy provided by Law or in accordance with this Licence by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by Law or in accordance with this Licence.
- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Licence operates as a waiver of another breach of that term or of a breach of any other term of this Licence.

15.6 Consents, approvals and directions

- (a) **(State):** A consent or approval required in accordance with this Licence from the State may be given or withheld, or may be given subject to any conditions, as the State (in its absolute discretion) thinks fit, unless this Licence expressly provides otherwise.
- (b) **(Project Co):** A consent or approval required under this Licence from Project Co may not be unreasonably withheld, unless this Licence expressly provides otherwise.

15.7 Amendments

Except as otherwise expressly provided in this Licence, this Licence may only be varied by a deed executed by or on behalf of each party.

15.8 Severance

If, at any time, a provision of this Licence is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) **(under this Licence):** any other provision of this Licence; or
- (b) **(under another jurisdiction):** that provision under the Law of any other jurisdiction.

15.9 Counterparts

This Maintenance Licence may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the agreement of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same agreement.

15.10 Moratorium

To the extent permitted by Law, the application to this Licence or to any party of any Law or any requirement or any moratorium having the effect of extending or reducing the Term, reducing or postponing the payment of the Licence Fee or any part of it or otherwise affecting the operation of the terms of this Licence or its application to any party is excluded and negated.

15.11 Proportionate liability

- (a) **(Exclusion of Wrongs Act):** The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of either party under this Licence whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities):** Without limiting clause 15.11(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Licence and not otherwise,

whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

15.12 No merger

The rights and obligations of the parties will not merge on the completion of any transaction contemplated by this Licence. They will survive the execution and delivery of any assignment or other document entered into for the purpose of implementing a transaction.

15.13 No representation or reliance

- (a) **(No representation):** Each party acknowledges that no party (nor any person acting on a party's behalf) has made any representation or other inducement to it to enter into this Licence, except for representations or inducements expressly set out in this Licence.
- (b) **(No reliance):** Each party acknowledges and confirms that it does not enter into this Licence in reliance on any representation or other inducement by or on behalf of any other party, except for representations or inducements expressly set out in this Licence.

Utility Agreement

Date ►

Between the parties

Secretary **The Secretary of the Department of Economic Development,
Jobs, Transport and Resources**
of **[insert address]**

Utility **[Insert]**

- Recitals
- 1 The Utility is an entity which owns, operates or controls Utility Infrastructure which will be affected by the Works.
 - 2 The Parties agree that their respective rights and obligations in respect of Utility Infrastructure which is affected by the Works will be governed in accordance with the terms of this Agreement.
-

This deed witnesses as follows:

1 Definitions and interpretations

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Agreement have the meanings given to them in or for the purposes of the Project Agreement.

1.2 Definitions

In this Agreement, unless the context otherwise requires:

| Term | Meaning |
|--------------------------|---|
| Agreed Amount | has the meaning given in clause 19(b). |
| Agreement | means this agreement and includes all schedules, exhibits, attachments and annexures to it. |
| Approval | includes allocations, approvals, licences, permits, consents, easements, authorisations or clearances. |
| Claim | <p>includes any claim, action, demand or proceeding whether for the payment of money (including damages) or any other relief or remedy:</p> <ul style="list-style-type: none">(a) under, arising out of, or in connection with, this Agreement; or(b) arising out of, or in connection with, the Works or Utility Works or any party's conduct prior to the date of this agreement; or(c) otherwise at Law or in equity, including:<ul style="list-style-type: none">(i) by statute;(ii) in tort for negligence or otherwise, including negligent misrepresentation; or(iii) for restitution, including restitution based on unjust enrichment. |
| Commencement Date | means, subject to clause 3, the date on which this Agreement has been executed by all of the Parties to it. |
| Controller | has the meaning given to it in the Corporations Act. |

| Term | Meaning |
|--|---|
| Cost | has the meaning given in clause 19(g). |
| Deed of Accession | means the document set out in Annexure A. |
| Expiry Date | the date 6 years from the Commencement Date. |
| Party | means either the Secretary, the Utility or any other person who has executed the Deed of Accession and Parties means each of them. |
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated [insert] . |
| Project Co | means the Project Co appointed under the Project Agreement. |
| Recipient | has the meaning given in clause 19(b)(2). |
| Renewed Term | means a period of 2 years, commencing on the Expiry Date. |
| Representatives | has the meaning given in clause 15.2. |
| Revenue | has the meaning given in clause 19(f). |
| Supplier | has the meaning given in clause 19(b). |
| Term | means the period referred to under clause 4.1 or as otherwise extended in accordance with clause 4.2. |
| Unnotified Utility Infrastructure | has the meaning given to it in section 209 of the Relevant Legislation. |
| Utility Infrastructure | means the infrastructure referred to in Attachment 1. |
| Utility Works | means any works required to be performed in respect of: (a) Utility Infrastructure; or |

| Term | Meaning |
|---------------------------------|--|
| | (b) Unnotified Utility Infrastructure, as a direct result of the Works. |
| Utility Works Objectives | means minimising the: (a) impact of the Utility Works on the performance of the Works; (b) scope, cost and duration of any Utility Works performed by the Utility; and (c) disruption to services provided by the Utility Infrastructure. |
| Utility Works Order | means the document in Attachment 4. |
| Utility Works Proposal | means the document in Attachment 2. |
| Utility Works Response | means the document in Attachment 3. |

1.3 Interpretation

In this Agreement:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
and unless the context otherwise requires:
- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
- (c) **(Agreement and Schedule references)**: a reference to:
 - (1) a party, clause, Schedule, Exhibit, or Annexure is a reference to a party, clause, Schedule, Exhibit or Annexure of or to this Agreement;
and
 - (2) a section is a reference to a section of this Schedule;
- (d) **(Agreement as amended)**: a reference to this Agreement or to any other deed, agreement, document or instrument includes a reference to this Agreement or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
- (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
- (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;

- (g) (**legislation**): a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
- (h) (**definitions**): if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) (**"includes"**): "includes" will be read as if followed by the phrase "(without limitation)";
- (j) (**"or"**): the meaning of "or" will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) (**information**): a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) (**"\$"**): a reference to "\$", AUD or dollar is to Australian currency;
- (m) (**time**): a reference to time is a reference to time in Melbourne, Australia;
- (n) (**rights**): a reference to a right includes any benefit, remedy, function, discretion, authority or power;
- (o) (**obligations and liabilities**): a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) (**"may"**): the term "may", when used in the context of a power, right or remedy exercisable by the Secretary, means that the Secretary can exercise that power, right or remedy in its absolute and unfettered discretion and the Secretary has no obligation to do so;
- (q) (**construction**): where there is a reference to an Authority, institute or association or other body referred to in this Agreement which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Agreement is deemed to refer to that other entity; or
 - (2) ceases to exist, this Agreement is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) (**remedy**): the use of the words "remedy" or "cure" or any form of such words in this Agreement means that the event to be remedied or cured must be remedied or cured or its effects overcome; and
- (s) (**contra proferentem rule not to apply**): each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Agreement or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands must be given in writing.

2 Acknowledgment

The Parties acknowledge that this Agreement is a utility agreement for the purposes of section 210 of the Relevant Legislation.

3 Conditions Precedent

- (a) **(Commencement Date):** Subject to clause 3(b), this Agreement will commence on the later of:
 - (1) the date of this Agreement; and
 - (2) the date of Financial Close.
- (b) **(Conditions Precedent):** If the date of this Agreement is before the date of Financial Close, clause 3 and clauses 1.1, 1.2, 1.3, 15, 16, 18, 20 and 21, will commence on the date of this Agreement with the remainder of the provisions commencing on Financial Close.
- (c) **(Notification):** Upon becoming aware that Financial Close has occurred, the Secretary must notify the Utility in writing, in which case this Agreement will commence on the date on which the Secretary notifies the Utility in accordance with this clause 3(c).

4 Term

4.1 Term of Agreement

This Agreement commences on the Commencement Date and will terminate on the Expiry Date.

4.2 Renewal option

If the Secretary:

- (a) **(renewal):** wishes to renew this Agreement for the Renewed Term to commence immediately after the Expiry Date; and
- (b) **(written notice):** gives notice to the Utility not less than 1 month before the Expiry Date,

this Agreement will be extended for the Renewed Term on the same terms, except that this clause 4.2 will not apply.

5 Role of the Parties

The Parties acknowledge and agree that:

- (a) **(Project Co responsibility):** under the Project Agreement, Project Co will be responsible for:

- (1) the design, construction and commissioning of the Works, in accordance with the Project Agreement; and
 - (2) making all arrangements in respect of the performance of the Utility Works;
- (b) **(Deed of Accession)**: if requested by either the State or the Secretary, Project Co must execute the Deed of Accession within 10 Business Days of being requested to do so; and
- (c) **(Project Co to assume obligations and liabilities)**: upon execution of the Deed of Accession, this Agreement will be deemed to be read as if a reference to the Secretary is followed by a reference to "or Project Co" and subject to clause 16.5 (*Utilities*) of the Project Agreement, the obligations and liabilities assumed by and the rights conferred on the Secretary and Project Co will bind and benefit them jointly and severally.

6 Utility Works

6.1 Utility Works Proposal

Unless otherwise agreed by the Parties in writing and subject to clause 6.6, prior to commencing any Utility Works, the Secretary must issue the Utility with a Utility Works Proposal, which must set out:

- (a) **(details of affected Utility Infrastructure)**: details of the Utility Infrastructure which is (or is likely to be) affected by the Works;
- (b) **(nature of Utility Works)**: the nature of any Utility Works required to be performed as a result of the Works;
- (c) **(timing)**: the proposed timing of the Utility Works;
- (d) **(standards)**: the proposed standards to which the Utility Works are to be performed;
- (e) **(method)**: the proposed method for carrying out (including the entity which will carry out) the Utility Works;
- (f) **(estimate of costs)**: if the Utility is to carry out all or part of the Utility Works, the proposed estimate of costs for the Utility Works to be performed by the Utility;
- (g) **(minimise disruption)**: the means by which disruption to services provided by the Utility Infrastructure will be minimised; and
- (h) **(method of certifying)**: the proposed method for certification of the Utility Works,

having regard to the Utility Works Objectives.

6.2 Response to Utility Works Proposal

Within 10 Business Days of the receipt of a Utility Works Proposal, the Utility must issue the Secretary with the Utility Works Response, which must:

- (a) **(agreement)**: confirm those aspects of the Utility Works Proposal with which it agrees (acting reasonably);

- (b) **(alternative proposal)**: in respect of each aspect of the Utility Works Proposal with which the Utility does not agree, set out an alternative proposal, which must set out in detail:
 - (1) the reasons why the Utility does not so agree; and
 - (2) the reasons why its alternative proposal is preferable,having regard to the Utility Works Objectives; and
- (c) **(additional information)**: without limiting clauses 6.2(a) or 6.2(b), set out:
 - (1) the extent to which the Utility proposes to have a role in performing the Utility Works;
 - (2) the proposed reasonable cost of any Utility Works to be performed by the Utility; and
 - (3) the method of payment of the proposed reasonable cost referred to in clause 6.2(c)(2).

6.3 Alternative proposals

If:

- (a) **(negotiate in good faith)**: the Utility submits an alternative proposal in accordance with clause 6.2(b), the Secretary and the Utility must undertake genuine good faith negotiations to agree and document each of the matters set out in the Utility's alternative proposal within 10 Business Days of the Secretary receiving the alternative proposal, having regard to the Utility Works Objectives; and
- (b) **(dispute resolution)**: the Secretary and the Utility are unable to agree each of the matters set out in the Utility's alternative proposal within 10 Business Days of the Secretary receiving the alternative proposal, then a Party may refer the matter for resolution in accordance with clause 15.

6.4 Utility Works Order

If:

- (a) **(agreement)**: the Secretary and the Utility are able to agree "with" or "on" the matters set out in the:
 - (1) Utility Works Proposal; or
 - (2) Utility's alternative proposal in its Utility Works Response;
- (b) **(no Utility Works Proposal)**: the Utility Works need to be performed but the Secretary and the Utility have agreed that the Secretary does not need to issue a Utility Works Proposal in accordance with clause 6.1; or
- (c) **(unable to agree)**: the Secretary and the Utility are unable to agree the matters referred to in clause 6.4(a), but the matters are determined in accordance with clause 15,

then the Parties must promptly (and, in any event, within 10 Business Days of the agreement or determination) prepare and each sign the Utility Works Order recording the terms on which the Utility Works will be performed, as agreed or determined.

6.5 Performance of and payment for Utility Works

- (a) **(Utility Works Order):** After the Utility Works Order has been signed under clause 6.4:
- (1) the Secretary and the Utility must perform the Utility Works in accordance with the Utility Works Order and this Agreement; and
 - (2) if applicable, the Utility will be paid for performing the Utility Works in accordance with the Utility Works Order and clause 6.7 of this Agreement.
- (b) **(obligations):** The Secretary and the Utility (as relevant) must, in undertaking the Utility Works:
- (1) ensure that the Utility Works are carried out in a sound and workmanlike manner with due care and skill;
 - (2) comply with all authorisations necessary in order to undertake the Utility Works;
 - (3) undertake the Utility Works in a manner consistent with the manner in which the Utility Works would be undertaken by a prudent, efficient and experienced utility provider and infrastructure manager;
 - (4) ensure that the Utility Works are undertaken with due expedition and without unreasonable or unnecessary delay;
 - (5) comply with all regulatory and mandatory standards imposed by Law, together with all standards which a prudent, efficient and experienced utility infrastructure manager, construction manager or project manager (as the case may be) exercising due care, skill and diligence would comply with, having regard to the nature of the Utility Works; and
 - (6) ensure that the Utility Works are fit for their intended purpose as identified in or reasonably inferred from the Utility Works Order.

6.6 Unnotified Utility Infrastructure

- (a) **(Unnotified Utility Works notice):** Upon becoming aware of any Unnotified Utility Infrastructure, the Secretary must issue the Utility with a notice, which must:
- (1) identify, describe and specify the location of the Unnotified Utility Infrastructure;
 - (2) state that:
 - (A) the Secretary intends to remove, relocate or protect the infrastructure (as the case may be); and
 - (B) the Utility has 5 Business Days within which either to agree to the Secretary carrying out the Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure or to carry out the Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure itself; and
 - (3) set out details of the proposed:

- (A) estimate of costs for any Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure, which are to be performed by the Utility; and
 - (B) method for certification of the Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure.
- (b) **(Unnotified Utility Works response):** Within 5 Business Days of the receipt of the notice under clause 6.6(a), the Utility must issue the Secretary with a notice, which sets out whether the Utility:
 - (1) agrees to allow the Secretary to carry out the Utility Works; or
 - (2) proposes to carry out the Utility Works itself and the date by which it expects to complete the Utility Works,required to remove, relocate or protect the Unnotified Utility Infrastructure.
- (c) **(Performance of the Utility Works):** If the Utility:
 - (1) agrees to allow the Secretary to carry out the Utility Works, then the Secretary may immediately commence carrying out the Utility Works;
 - (2) agrees in its notice given under clause 6.6(b) to itself carry out the Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure, then it:
 - (A) must immediately carry out and complete the Utility Works as soon as reasonably practicable; and
 - (B) will be paid for performing the Utility Works in accordance with clause 6.7; or
 - (3) fails to:
 - (A) respond to the notice given by the Secretary under clause 6.6(a) within 5 Business Days;
 - (B) carry out the Utility Works in accordance with its notice given under clause 6.6(b) within 5 Business Days; or
 - (C) agree as to the Utility Works to be carried out to remove, relocate or protect the Unnotified Utility Infrastructure within 5 Business Days,then:
 - (D) the Secretary may carry out the Utility Works required to remove, relocate or protect the Unnotified Utility Infrastructure; and
 - (E) the Utility indemnifies and will keep the Secretary indemnified against any action, suit, claim, demand, Liability, cost or expense arising out of or in connection with the exercise by the Secretary of its rights under this clause 6.6(c)(3).

6.7 Cost of Utility Works to be performed by the Utility

Where the Utility performs Utility Works in accordance with this clause 6, it will be entitled to be paid:

- (a) **(arm's length):** a reasonable, competitive, arm's length market price for doing so, which will comprise all of its reasonable direct and overhead costs and will

be calculated on a fully open book basis under which the Utility provides the Secretary with all such information and documents as the Secretary may reasonably require to ensure that those costs represent a reasonable, competitive, arm's length market price for the Utility Works; and

- (b) **(margin)**: a margin of 10%.

6.8 Insurances

Each Party who performs Utility Works in connection with this Agreement must effect and maintain (or cause to be effected and maintained) at all times during which it performs those works, the Insurances specified in the Insurance Schedule and such other insurances that a prudent and experienced contractor would obtain and maintain for works similar to the Utility Works.

7 Access to the Project Area

7.1 Grant of licence

Subject to clauses 7.2 and 8.2 and agreeing the relevant Utility Works Order, the Secretary grants to the Utility, including its employees, agents, contractors and nominated representatives, a licence to access, occupy and use the Project Area (at no charge) for the purposes of performing the Utility Works.

7.2 Non-exclusive access

Subject to clause 7.3, the grant of the licence to the Utility under this clause 7:

- (a) **(access for the Secretary and Associates)**: does not prevent the Secretary, any of its Associates and nominated representatives from accessing and using the Project Area for any other purpose; and
- (b) **(licence)**: is subject to the licence granted to Project Co to access, occupy and use the Project Area for the purposes of the Works.

7.3 Non-interference

- (a) **(Written authorisation)**: The Secretary must not, and must ensure that its employees, agents, contractors and nominated representatives do not, under any circumstances, interfere with, disrupt or damage the Utility Infrastructure without authorisation from the Utility, except in the event of an emergency which in the reasonable opinion of the Secretary:
- (1) poses an imminent threat to public or environmental safety; or
 - (2) is likely to result in damage to the:
 - (A) Utility Infrastructure; or
 - (B) Works.
- (b) **(Obligations)**: The Utility must, in undertaking any Utility Works:
- (1) not cause any damage to the Project Area or any other infrastructure, plant, equipment, machinery, services, fixtures or other items on the Project Area;

- (2) only access and use the Project Area for the purpose of implementing the Utility Works;
- (3) without limiting any of its obligations under this Agreement, at all times comply with all reasonable site access and safety protocols made known to the Utility by the Secretary from time to time;
- (4) minimise nuisance and prevent unreasonable noise, dust, vibration and disturbance; and
- (5) remove all rubbish and debris from the Project Area caused or created by it undertaking the Utility Works.

8 Personnel

8.1 Qualified persons

The Secretary and the Utility must ensure that its personnel (including its employees, agents, contractors and nominated representatives) who carry out Utility Works under this Agreement:

- (a) **(personnel to be properly trained and qualified)**: are properly trained and qualified and adequately experienced to perform the duties allocated to them, and exhibit a high standard of work and conduct; and
- (b) **(regular training)**: are provided with regular training to ensure that their skills and qualifications are maintained to the then current industry standards applicable to the provision of the Utility Works.

8.2 Access to the Project Area

Whenever the Utility's personnel (including its employees, agents, contractors and nominated representatives) access the Project Area under clause 7.1, the Utility will ensure that those personnel:

- (a) **(training and induction)**: attend any training or induction program required by the Secretary;
- (b) **(compliance with health and safety obligations)**: are acquainted with and comply with the OHS Legislation, all OHS Regulations and any other relevant health and safety legislation;
- (c) **(standards)**: are made aware of the importance that the Secretary places on establishing and maintaining high standards in relation to workplace health and safety and protection of the environment;
- (d) **(compliance)**: comply with reasonable directions, procedures and policies made known to the Utility (including those of the "principal contractor" under the OHS Legislation, OHS Regulations and any other relevant health and safety legislation);
- (e) **(responsible and businesslike manner)**: act in a responsible and businesslike manner on and around the Project Area;
- (f) **(avoid interference)**: carry out the Utility Works so as to avoid interfering with, disrupting, damaging or delaying the Works; and

- (g) **(emergency response plan)**: give the Secretary a copy of the emergency response plan in relation to any Utility Infrastructure erected or installed on the Project Area during any access to the Project Area by the Utility.

9 Payment

- (a) **(Invoicing)**: When providing an invoice under this Agreement, the Utility or the Secretary (the **Payee**) must invoice the other Party (the **Payer**) for the performance of the Utility Works in accordance with the terms of payment agreed in the relevant Utility Works Order for the relevant Utility Works under clause 6.4.
- (b) **(Payment)**: The Payer must pay a correctly rendered invoice within 20 Business Days of receipt of that invoice, except when it disputes all or part of that invoice in which case it will pay the undisputed portion of the invoice. The Payee will immediately credit the portion of the invoice in dispute and the matter must be referred for resolution in accordance with clause 15.

10 Records, access and audits

10.1 Records

The Utility must keep full, true, auditable and up to date books of account, records and documentation relating:

- (a) **(performance of Utility Work)**: to the Utility Works performed in accordance with this Agreement; and
- (b) **(amounts payable)**: to amounts payable by the Secretary in respect of the performance of Utility Works by the Utility, including complete and accurate records of and supporting documentation for all invoices submitted to the Secretary and all payments made by the Secretary under this Agreement, including the amount and manner of calculation of any amounts proposed by the Utility under clause 6.7 or agreed or determined to be payable under clause 6.4.

10.2 Audit

The Secretary may conduct an audit of the Utility for the purpose of auditing the Utility's compliance with its obligations under this Agreement, including the amount and manner of calculation of any amounts payable by the Secretary in respect of the performance of Utility Works.

10.3 Incorrect invoicing

Without limiting or otherwise affecting the Secretary's rights, where any invoice rendered by the Utility under clause 9 is found to have been incorrect after payment has been made by the Secretary, the overpayment will be recovered from the Utility by payment to the Secretary or offset against a subsequent invoice.

10.4 Documentation to be provided following completion of Utility Works

Where the Secretary or the Utility undertakes any Utility Works it must, as soon as reasonably practicable but in any event no later than 10 Business Days after receipt of payment in respect of the Utility Works, provide the Secretary or the Utility with all data, drawings, information, records, plans and other material relating to those Utility Works.

11 Step In

11.1 Step In

If the Utility:

- (a) **(default by Utility)**: is in default of a material term of this Agreement and fails to remedy that default within 10 Business Days after its receipt of a notice of default from the Secretary (or such other period the Parties may agree in writing); or
- (b) **(Utility subject to Insolvency Event)**: commits, suffers or is the subject of an Insolvency Event,

then the Secretary may by further notice to the Utility, elect to:

- (c) **(management and control by the Secretary of Utility)**: temporarily or permanently assume total or partial management and control of the whole or part of the Utility Works; and
- (d) **(take steps to perform Utility Works)**: take such other steps as are necessary in the reasonable opinion of the Secretary to perform the Utility Works.

11.2 No Claim

The Utility will have no Claim, action, demand or entitlement to institute any proceedings against the Secretary, whether for the payment of money or any other relief or remedy, arising out of or in connection with the exercise by the Secretary of its step-in rights under clause 11.1.

11.3 Indemnity

The Utility indemnifies and will keep the Secretary indemnified against any action, suit, Claim, demand, Liability, cost or expense arising out of or in connection with the exercise by the Secretary of its step-in rights under clause 11.1.

11.4 Utilities to assist the Secretary

The Utility must provide the Secretary with all necessary assistance in a timely manner to enable it to exercise its step-in rights under clause 11.1 effectively and expeditiously.

12 Force Majeure Events

12.1 Non-performance excused

Non-performance by the Secretary or the Utility of any obligation or condition required by this Agreement to be performed will be excused during the time and to the extent that such performance is prevented, wholly or in part, by a Force Majeure Event.

12.2 Notification and diligence

- (a) **(Force Majeure Event):** Where the Secretary or the Utility is, by reason of a Force Majeure Event, unable to perform any obligation or condition required by this Agreement to be performed, it must:
- (1) notify the Secretary or the Utility as the case may be, as soon as practical after becoming aware of the Force Majeure Event, of:
 - (A) reasonably full particulars of the event or circumstance of Force Majeure Event;
 - (B) where possible, an estimate of the period of time required to enable it to resume full performance of its obligations; and
 - (C) where possible, the means proposed to be adopted to remedy or abate the Force Majeure Event;
 - (2) use all reasonable diligence and employ all reasonable means to remedy or abate the Force Majeure Event as expeditiously as possible; and
 - (3) notify the Secretary or the Utility (as the case may be) when the Force Majeure Event has terminated or abated to an extent which permits resumption of performance to occur.
- (b) **(Effect):** No Party will, by virtue of this clause 12, be required against its will to:
- (1) adjust or settle any strike, lockout, ban or other industrial disturbance; or
 - (2) make payment of, or otherwise provide compensation in response to, or as a consequence or in settlement of, any native title or cultural heritage claim by or on behalf of indigenous peoples.
- (c) **(Lack of funds):** No Party may claim lack of funds as a Force Majeure Event in accordance with this clause 12 or withhold moneys due and payable whether or not a Force Majeure Event exists.

13 Effect of Force Majeure

The period of time during which performance of any obligation or condition is prevented by a Force Majeure Event will not be added to the time provided in this Agreement for the performance of that obligation or condition nor to the time required for the performance of any act dependent thereon.

14 Limitation of liability and indemnities

14.1 Liability and indemnities

- (a) **(Indemnity)**: Subject to clause 14.1(b), each of the Secretary and the Utility indemnifies and will keep each other indemnified against any action, suit, Claim, demand, Liability, cost or expense arising out of or in connection with any failure by the Secretary or the Utility as the case may be to comply with:
- (1) any applicable Law; or
 - (2) the terms of this Agreement.
- (b) **(Proportionate liability)**: The liability of the Secretary or the Utility (as the case may be) will be reduced proportionately to the extent to which the liability is caused or contributed to by the Secretary or the Utility (respectively).

14.2 Limitation of liability

Notwithstanding any other provision in this Agreement, the Secretary and the Utility will not be liable to each other for any Consequential Loss.

14.3 Survival of indemnities

Each indemnity in this Agreement is a continuing obligation, separate and independent from the other obligations of the Parties, and survives termination of this Agreement.

14.4 Release

- (a) **(Utility Works performed by the Secretary)**: Upon certification of Utility Works which have been performed by the Secretary, the Utility releases the Secretary from any action, suit, claim, demand, Liability, cost or expense in respect of any fact, matter or thing arising out of, or in any way in connection with, the Utility Infrastructure or the Utility Works.
- (b) **(Utility Works performed by the Utility)**: Upon receipt of payment in respect of Utility Works which have been performed by the Utility, the Utility releases the Secretary from any action, suit, claim, demand, Liability, cost or expense in respect of any fact, matter or thing arising out of, or in any way in connection with, the Utility Infrastructure or the Utility Works, except for any claim included in the invoice under clause 9 to which the Utility Works relates, which is given to the Secretary within the time required by, and in accordance with the terms of, clause 9.

15 Dispute Resolution

15.1 Procedure for resolving disputes

- (a) **(Disputes to be resolved)**: Any dispute between the Parties arising under this Agreement must be resolved in accordance with this clause 15.
- (b) **(Dispute resolution procedure)**: The procedure that is to be followed to resolve a dispute is as follows:

- (1) the dispute must be the subject of negotiation as required by clause 15.2;
 - (2) if the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 15.2(c)(1) the parties may agree that the dispute must be referred to an expert for determination in accordance with clauses 15.4 to 15.8 (inclusive) or to arbitration in accordance clause 16; and
 - (3) if:
 - (A) the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 15.2(c)(1) and irrespective of whether the parties failed to meet as required by that clause or whether having so met the parties fail to agree whether the dispute should be referred to an expert or to arbitration within 20 Business Days after the expiration of the period for negotiation referred to in clause 15.2(c)(1);
 - (B) the dispute is referred to expert determination in accordance with clause 15.1(b)(2) and:
 - (i) a determination is not made by the expert within 30 days after the expert's acceptance of appointment; or
 - (ii) a notice of dissatisfaction is given in accordance with clause 15.6(a),
- then the dispute must be referred to arbitration in accordance with clause 16.

15.2 Negotiation

- (a) **(Notification)**: If a dispute arises then a Party may give notice to the other Party requesting that the dispute be referred for resolution by negotiation between the Chief Executive Officers (or equivalent) of both Parties (**Representatives**).
- (b) **(Contents of Notice)**: A notice under clause 15.2(a) must:
 - (1) state that it is a notice under this clause 15; and
 - (2) include or be accompanied by particulars of the matters which are the subject of the dispute.
- (c) **(Attempt to resolve Dispute)**: If a dispute is referred for resolution by negotiation under clause 15.2(a), then:
 - (1) the Representatives must meet and attempt in good faith to resolve the dispute (in whole or in part) within 10 Business Days of the date on which the notice under clause 15.2(a) is received (or such later date as the Parties may agree); and
 - (2) any agreement reached between the Representatives will be reduced to writing, signed by or on behalf of each Party and will be contractually binding on the Parties.

15.3 Expert determination

if:

- (a) **(dispute unresolved by Representatives)**: a dispute which has been referred to the Representatives for negotiation in accordance with clause 15.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 15.2(c)(1); and
- (b) **(referral to expert)**: the Parties agree within 20 Business Days after the expiration of the period for negotiation referred to in clause 15.2(c)(1) that the dispute be referred to an expert for determination,

then those parts of the dispute which remain unresolved will be referred to an expert for determination under clauses 15.4 to 15.8. For the avoidance of doubt, a dispute may only be referred to an expert for determination by agreement of the Parties.

15.4 Selection of expert

- (a) **(Exchange of lists of 3 preferred experts)**: Within 7 Business Days after the date on which the Parties agree to refer a dispute to an expert for determination under clause 15.3, the Parties must exchange lists of 3 persons (in order of preference) who, if appointed, would satisfy the requirements of clause 15.4(d), from whom the expert is to be chosen.
- (b) **(Appointment of person who appears on both lists)**: Any person that appears on both lists under clause 15.4(a) will be appointed as the expert to determine a dispute and if more than one person appears on both lists the person given the highest order of priority by the party that gave the notice under clause 15.2(a) will be appointed.
- (c) **(Appointment if no person appears on both lists)**: If no person appears on both lists, the party which gave the notice under clause 15.2(a) must procure:
 - (1) the president (or the senior non-executive officer, howsoever described) of the institute or governing body for the technical or professional discipline the subject of the relevant dispute to nominate the expert, having regard to, but not being bound by, those persons proposed by the Parties under clause 15.4(a); or
 - (2) if there is no governing body for the technical or professional discipline the subject of the relevant dispute or such governing body advises that it will not nominate an expert, the President of the Australian Centre for International Commercial Arbitration to nominate a person to act as the expert, having regard to, but not being bound by, those persons proposed by the Parties under clause 15.4(a).
- (d) **(Appropriate skills)**: It is the intention of the Parties that the expert appointed to determine a dispute will be an independent person with appropriate skills having regard to the nature of the matters in dispute.
- (e) **(No entitlement to challenge appointment)**: Neither Party will be entitled to challenge the appointment of an expert under this clause 15.4 on the basis that the expert does not satisfy the requirements of clause 15.4(d).
- (f) **(Not an arbitration agreement)**: Any agreement for expert determination under this Agreement will not constitute an arbitration agreement for the purposes of the *Commercial Arbitration Act 2011* (Vic).
- (g) **(Agreement)**: Once an expert is appointed, the Parties must enter into an agreement with the expert on the terms of the Expert Determination Agreement or such other reasonable terms as the expert may require.

15.5 Rules of expert determination

The expert determination process will be administered, and the expert will be required to act, under the terms of the Expert Determination Agreement.

15.6 Expert finding

- (a) **(Notification):** The determination of the expert must be in writing and will be final and binding on the Parties unless, within 10 Business Days of receipt of the determination, a Party gives notice to each other Party of its dissatisfaction and intention to refer the matter to arbitration under clause 16.
- (b) **(Amendment to determination):** Upon submission by any Party, the expert may amend the determination to correct:
 - (1) a clerical mistake;
 - (2) an error from an accidental slip or omission;
 - (3) a material miscalculation of figures or a material mistake in the description of any person, thing or matter; or
 - (4) a defect in form.

15.7 Liability of expert

- (a) **(Liability of expert):** The Parties agree:
 - (1) that the expert will not be liable in connection with the expert determination, except in the case of fraud on the part of the expert; and
 - (2) to indemnify the expert against any Claims or Liability in connection with the expert determination, except in the case of fraud on the part of the expert, in which case a Claim may be made against him or her by any person who is a party to the dispute.
- (b) **(Engagement):** The Parties will jointly engage the expert services in connection with the expert determination proceedings and each party will seek a separate Tax Invoice equal to its share of the costs of the expert.

15.8 Costs

The Parties must:

- (a) bear their own costs in connection with the expert determination proceedings; and
- (b) pay an equal portion of the costs of the expert.

16 Arbitration

16.1 Reference to Arbitration

- (a) **(Dispute):** If:
 - (1) a dispute:

- (A) which has been referred to the Parties' Representatives for negotiation in accordance with clause 15.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 15.2(c)(1); and
 - (B) the Parties do not agree to refer the dispute to an expert for determination; or
- (2) in the case of a dispute which the Parties agree to refer to expert determination under clause 15.3:
- (A) a determination is not made within 30 days of the expert's acceptance of the appointment; or
 - (B) a notice of dissatisfaction is given in accordance with clause 15.6,

then either Party may notify the other that it requires the dispute to be referred to arbitration.

- (b) (**Referral**): Upon receipt by the other Party of a notice under clause 16.1(a), the dispute will be referred to arbitration.

16.2 Arbitration

- (a) (**ACICA Rules**): Arbitration in accordance with this clause 16 will be conducted in accordance with the arbitration rules of the Australian Centre for International Commercial Arbitration (known as the ACICA Rules) and as otherwise set out in this clause 16.
- (b) (**Seat**): The seat of the arbitration will be Melbourne, Victoria.
- (c) (**Language**): The language of the arbitration will be English.

16.3 Appointment of arbitrator

The Parties will endeavour to agree on the arbitrator or arbitrators (if the parties agree to appoint three arbitrators), but if no such agreement is reached within 15 Business Days of the dispute being referred to arbitration in accordance with clause 16.1(b), the arbitrator or arbitrators will be appointed by the Australian Centre for International Commercial Arbitration.

16.4 General Principles for conduct of arbitration

- (a) (**Conduct of arbitration**): The Parties agree that:
 - (1) they have chosen arbitration for the purposes of achieving a just, quick and cost-effective resolution of any Dispute;
 - (2) any arbitration conducted in accordance with this clause 16 will not necessarily mimic court proceedings of the seat of the arbitration or the place where hearings take place (if different), and the practices of those courts will not regulate the conduct of the proceedings before the arbitrator; and
 - (3) in conducting the arbitration, the arbitrator must take into account the matters set out in clauses 16.4(a)(1) and 16.4(a)(2).
- (b) (**Evidence in writing**): All evidence in chief must be in writing unless otherwise ordered by the arbitrator.

- (c) **(Evidence and discovery):** The rules for evidence and discovery will be the IBA Rules on the Taking of Evidence in International Arbitration current at the date of arbitration.
- (d) **(Oral hearing):** The oral hearing must be conducted as follows:
- (1) any oral hearing must take place in Melbourne, Victoria and all outstanding issues must be addressed at the oral hearing;
 - (2) the date and duration of the oral hearing must be fixed by the arbitrator at the first preliminary conference. The arbitrator must have regard to the principles set out in clause 16.4(a) when determining the duration of the oral hearing;
 - (3) oral evidence in chief at the hearing will be permitted only with the permission of the arbitrator for good cause;
 - (4) the oral hearing must be conducted on a stop clock basis with the effect that the time available to the Parties must be split equally between the Parties so that each Party has the same time to conduct its case unless, in the opinion of the arbitrator, such a split would breach the rules of natural justice or is otherwise unfair to one of the Parties;
 - (5) not less than 28 days prior to the date fixed for oral hearing each Party must give notice of those witnesses (both factual and expert) of the other Party that it wishes to attend the hearing for cross examination;
 - (6) in exceptional circumstances the arbitrator may amend the date of hearing and extend the time for the oral hearing set in accordance with clause 16.4(d)(2);
 - (7) a Party will not be bound to accept the written evidence of a witness submitted on behalf of the opposing party which is not challenged in cross examination; and
 - (8) each Party is expected to put its case on significant issues in cross examination of a relevant witness called by the opposing Party or, where it seeks to challenge the evidence of a witness not called for cross-examination by reference to other evidence, to identify that evidence in its written opening submissions so that the opposing Party may know the nature of and basis for the challenge to the witness' written evidence.
- (e) **(Experts):** Unless otherwise ordered each Party may only rely upon one expert witness in connection with any recognised area of specialisation.

16.5 Proportional liability

To the extent permitted by Law, the arbitrator will have no power to apply or to have regard to the provisions of any proportional liability legislation which might, in the absence of this clause 16.5, have applied to any dispute referred to arbitration in accordance with this clause 16.

16.6 Extension of ambit of arbitration proceedings

- (a) **(Extending Disputes):** Where:
- (1) a dispute between the Parties to this Agreement is referred to arbitration in accordance with this clause 16; and

- (2) there is some other dispute also between the Parties to and in accordance with this Agreement (whenever occurring),

the arbitrator may, upon application being made to the arbitrator by one or both of the Parties at any time before a final award is made in relation to the first-mentioned dispute, make an order directing that the arbitration be extended so as to include the other dispute.

- (b) **(Arbitrator's order):** An arbitrator may make an order in accordance with clause 16.6(a) on such terms and conditions (if any) as the arbitrator thinks fit.

16.7 Award final and binding

- (a) **(Final and binding):** Subject to clause 16.7(b), any award will be final and binding on the Parties.
- (b) **(Appeal):** Each Party consents to any appeal to a court where that appeal is made under the *Commercial Arbitration Act 2011 (Vic)* on a question of law arising in connection with an arbitral award made in accordance with this clause 16.

16.8 Continue to perform

Notwithstanding the existence of a dispute, each Party must continue to carry out its obligations in accordance with this Agreement.

16.9 Governing law of arbitration agreement

The Law governing this arbitration agreement is the law of Victoria, Australia.

16.10 Interlocutory relief

This clause 16 does not prevent a Party from seeking urgent interlocutory relief from a court of competent jurisdiction where, in that Party's reasonable opinion, that action is necessary to protect that Party's rights.

17 Assignment

17.1 No assignment

- (a) **(No assignment):** Subject to clause 17.2, the Secretary and the Utility must not assign or otherwise deal with this Agreement or any right or obligation under this Agreement except in accordance with a security interest granted in favour of a financier or with the prior consent of the other Party, which consent will not be unreasonably withheld or delayed provided that:
- (1) the assignee has agreed in writing to be bound by the terms of this Agreement by an appropriate deed of assignment in a form reasonably acceptable to the Secretary or the Utility as the case may be; and
- (2) the Secretary or the Utility as the case may be has demonstrated to the reasonable satisfaction of the other that the assignee is reputable, of good financial standing and is capable of fulfilling all the obligations of the Secretary or the Utility under this Agreement for the Term.

- (b) **(Consent)**: Consent to an assignment will not prejudice or in any way reduce any right that the Secretary and the Utility may have as against the other (whether positive or negative) which had accrued to the benefit of one Party in so far as it relates to the other, prior to the date of the assignment.

17.2 Assignment by the Secretary

The Secretary may assign, transfer or otherwise dispose of its rights and obligations under this Agreement where:

- (a) **(details of transferee)**: it has provided details of the proposed transferee and the terms and conditions of the proposed transferee to the Utility;
- (b) **(nature of the transferee)**: the proposed transferee is an agent of, or the obligations of which are supported by the Crown in right of the State of Victoria; and
- (c) **(agreement to be bound)**: the proposed transferee has agreed to be bound by this Agreement.

18 Confidential Information and disclosure

18.1 Confidential Information and disclosure by the Secretary

- (a) **(Public Disclosure Obligations)**: The Secretary may disclose any information in connection with the Project (including any Confidential Information) in accordance with its Public Disclosure Obligations and the Utility must use all reasonable endeavours to assist the Secretary in meeting its Public Disclosure Obligations.
- (b) **(Other purposes)**: the Secretary, the State or any Authority may disclose any information in connection with the Project (including any Confidential Information) in connection with the requirements of the State Project Documents (including any tender process required to be conducted under the Termination Payments Schedule, or Change Compensation Principles).
- (c) **(The Secretary's rights)**: Subject to clause 18.1(d), in meeting its Public Disclosure Obligations or as otherwise considered necessary by the State, the Secretary may publish, disclose or make generally available each Project Document on a Victorian Government website.
- (d) **(Commercially sensitive information)**: The Secretary will not publish, disclose or otherwise make generally available the information which is specified in the Confidential Information Schedule (including the Financial Model), except if required to do so to comply with the Public Disclosure Obligations in accordance with clauses 18.3(a).

18.2 Confidential Information and disclosure by the Utility

- (a) **(Confidentiality obligation)**: Subject to clause 18.2(b), the Utility must treat as secret and confidential all Confidential Information.
- (b) **(Disclosure of Confidential Information)**: Without limiting the Utility's obligation under clause 18.2(a) and subject to clause 18.2(c), the Utility may disclose Confidential Information to its Associates to the extent necessary for the purpose of its obligations in accordance with this Agreement.

- (c) **(Confidentiality deed):** Before disclosing any Confidential Information, the Utility must ensure that the person to whom the information is disclosed enters into a confidentiality deed with the Utility on terms reasonably acceptable to the Secretary.

18.3 Disclosure by the Utility

- (a) **(Utility's disclosure obligations):** Subject to clause 18.3(b), the Utility must:
- (1) not make any public disclosures, announcements or statements in relation to the Project or the State's or any of the State's Associates' involvement in the Project without the State's prior consent;
 - (2) comply with any terms and conditions the State imposes and must use all reasonable endeavours to agree with the State the wording and timing of all public disclosures, announcements or statements by it or any of its Associates relating to the Project or the State's or any of the State's Associates' involvement in the Project before the relevant disclosure, announcement or statement is made; and
 - (3) as soon as practicable, give to the Secretary a copy of any public disclosure, announcement or statement agreed to or approved by the Secretary in accordance with this clause 18.3(a) or for which the Secretary's consent or approval was not required in accordance with clause 18.3(b).
- (b) **(Permitted disclosure):** For the purposes of clause 18.3(a), the Utility will not be required to obtain the Secretary's consent or approval to the extent that any disclosure, announcement or statement is:
- (1) required by Law, provided that it:
 - (A) notifies the Secretary of the requirement to make that disclosure; and
 - (B) takes all reasonable steps to minimise the extent of the disclosure and to ensure the information is disclosed on a basis that the recipient agrees to maintain the confidentiality of the information;
 - (2) required to obtain legal or other advice from its advisers;
 - (3) required to be made to a court in the course of proceedings to which the Utility is a party; or
 - (4) required by a relevant stock exchange, subject to:
 - (A) such disclosure, announcement or statement not referring to the State's or any of its Associates' involvement in the Project; and
 - (B) the Utility having used all reasonable endeavours to obtain the Secretary's consent within a timeframe sufficient to allow it to meet the timeframe imposed by the relevant stock exchange.

19 GST General

- (a) **(GST exclusive amounts):** Unless otherwise expressly stated, all amounts referred to in this Agreement are exclusive of GST.
- (b) **(GST payable by Supplier):** If GST becomes payable on any Taxable Supply made by a Party (**Supplier**) under or in connection with this Agreement:
- (1) any amount payable or consideration to be provided in accordance with any other provision of this Agreement for that supply (**Agreed Amount**) is exclusive of GST;
 - (2) an additional amount will be payable by the Party which is the recipient of the Taxable Supply (**Recipient**), equal to the amount of GST payable on that Taxable Supply as calculated by the Supplier in accordance with the GST Law, which will be payable at the same time and in the same manner as for the Agreed Amount; and
 - (3) the Supplier will provide a Tax Invoice to the Recipient in connection with that supply, either at the time expressly set out in any other provision of this Agreement or no later than the time at which the Agreed Amount for that Taxable Supply is to be provided in accordance with this Agreement. The Recipient is not obliged to pay any amount in accordance with this clause 19 unless and until a Tax Invoice is received by the Recipient in connection with the Taxable Supply except where the Recipient is required to issue the Tax Invoice.
- (c) **(Variation in GST payable):** If for any reason the GST payable by the Supplier in connection with a supply it makes under or in connection with this Agreement (incorporating any increasing adjustments or decreasing adjustments relating to that supply) varies from the additional amount it received from the Recipient under clause 19(b) in connection with that supply, the Supplier will provide a refund or credit to, or will be entitled to receive from, the Recipient (as appropriate) the amount of this variation. Where an adjustment event occurs in relation to a supply and except where the Recipient is required to issue the Adjustment Note:
- (1) the Supplier will issue an Adjustment Note to the Recipient in connection with that supply within 14 days after becoming aware of that adjustment event occurring; and
 - (2) no additional amount will be payable by the Recipient unless and until an Adjustment Note is received by the Recipient.
- (d) **(GST ceasing to be payable):** No amount is payable by a party in accordance with clause 19(b) or 19(c) to the extent that the GST to which the amount relates has ceased to be payable by or refundable to the Supplier by the Commissioner of Taxation under the GST Law.
- (e) **(Expert Determination):** If the Recipient is dissatisfied with any calculation to be made by the Supplier in accordance with this clause 19 the recipient may, at its own expense and after notifying the Supplier accordingly, refer the matter to an independent expert nominated by the President of the Institute of Chartered Accountants for expert determination, which will be final and binding on all parties (except in the case of manifest error). The expert will act as an expert and not as an arbitrator and must take into account the terms of this Agreement, the matters required to be taken into account by the Supplier in accordance with this clause 19 and any other matter considered by the expert to be relevant to

the determination. The Parties release the expert from any liability in acting as an expert, except in the case of fraud on the part of the expert.

- (f) **(Revenue net of GST):** Any reference in this Agreement or any Project Document to price, value, sales, revenue, profit or a similar amount (**Revenue**), is a reference to the GST exclusive component of that Revenue, unless the contrary intention is expressed.
- (g) **(Cost net of GST):** Any reference in this Agreement or any Project Document to cost, expense, liability or other similar amount (**Cost**) of a party, is a reference to that Cost reduced by the Input Tax Credits to which the party is entitled in respect of such Cost, unless the contrary intention is expressed.
- (h) **(General obligation):** Each Party agrees to do all things, including providing Tax Invoices and other documentation, that may be necessary or desirable to enable or assist the other Party in determining its GST payable on any supply made by that other Party in connection with this Agreement, or any Input Tax Credits, adjustments or refunds in relation to any amount of GST paid or payable in connection with any supply made in connection with this Agreement.
- (i) **(GST Groups):** For the purposes of this Agreement, a reference to GST payable on a Taxable Supply made by a Party includes any corresponding GST payable by the representative member of any GST group of which that Party is a member and a reference to an Input Tax Credit entitlement of a Party includes any corresponding Input Tax Credit entitlement of the representative member of any GST group of which that Party is a member, and if a party to this Agreement makes a Taxable Supply by virtue of entering into or performing this Agreement and the 'recipient' of that Taxable Supply (within the meaning of the GST Act) is an Associate of another party to this Agreement, that other party to this Agreement will be obliged either to pay the amount referred to in clause 19(b)(2) or procure that the actual recipient pays the relevant amount, and the payer of that amount shall be the 'Recipient' for the purposes of this clause 19 in relation to the relevant Taxable Supply.
- (j) **(Project Agreement to prevail):** If clause 59 (*Taxes*) of the Project Agreement would apply in respect of a Taxable Supply to which this clause 19 also applies then clause 59 (*Taxes*) of the Project Agreement will apply in respect of that supply and the provisions of this clause 19 (but for this paragraph) will not apply.
- (k) **(Definitions):** In this clause 19, unless otherwise defined in this Agreement, terms used have the meanings given to them in the GST Law.

20 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) in connection with this Agreement:

- (a) must be in writing;
- (b) must be addressed as set out below (or as otherwise notified by that Party to each other party from time to time);

The Secretary:

Attention: **[insert]**

Name: **[insert]**

Address: **[insert]**

Email [insert]

Utility:

Attention: [insert]

Name: [insert]

Address: [insert]

Email [insert]

- (c) must be signed by the Party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that Party on its behalf;
- (d) must be delivered by hand or posted by prepaid post to the address, or emailed (in the form agreed by both Parties) to the email address of the addressee set out in clause 20(b); and
- (e) are taken to be received by the addressee at the address set out in clause 20(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
 - (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00am on the next Business Day.

21 Miscellaneous

21.1 Governing Law and jurisdiction

- (a) **(Governing Law):** This Agreement is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction):** Subject to clauses 15 to 16, each Party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings that may be brought in connection with this Agreement.

21.2 Entire agreement

To the extent permitted by Law and in relation to its subject matter, this Agreement:

- (a) **(entire understanding)**: embodies the entire understanding of the Parties and constitutes the entire terms agreed by the Parties; and
- (b) **(prior agreements)**: supersedes any prior Agreement between the Parties.

21.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to both parties) required by Law or reasonably requested by another party to give effect to this Agreement.

21.4 Survival of certain provisions

- (a) **(Surviving clauses)**: All provisions of this Agreement which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Agreement will survive the rescission, termination or expiration of this Agreement, including any provision in connection with:
 - (1) the Secretary's rights to set-off and recover money;
 - (2) confidentiality or privacy;
 - (3) Intellectual Property Rights;
 - (4) any obligation to make any Records available to the Secretary;
 - (5) any indemnity or financial security given in accordance with this Agreement; or
 - (6) any right or obligation arising on termination of this Agreement.
- (b) **(Interpretation)**: No provision of this Agreement which is expressed to survive the termination of this Agreement will prevent any other provision of this Agreement, as a matter of interpretation, also surviving the termination of this Agreement.
- (c) **(Survival of rights and obligations)**: No right or obligation of any party will merge on completion of any transaction in accordance with this Agreement. All rights and obligations in accordance with this Agreement survive the execution and delivery of any transfer or other document which implements any transaction in accordance with this Agreement.

21.5 Waiver

- (a) **(No waiver)**: Failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of a right provided by law or under this Agreement, by the Secretary or the Utility does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement of, that or any other right provided by Law or under this Agreement.
- (b) **(Writing)**: A waiver or consent given by the Secretary or the Utility under this Agreement is only effective and binding if it is given or confirmed in writing by the Secretary or the Utility.

- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Agreement operates as a waiver of another breach of that term or of a breach of any other term of this Agreement.

21.6 Consents, approvals and directions

- (a) **(The Secretary):** A consent or approval required in accordance with this Agreement from the Secretary may be given or withheld, or may be given subject to any conditions, as the Secretary thinks fit, unless this Agreement expressly provides otherwise.
- (b) **(Utility):** A consent or approval required in accordance with this Agreement from the Utility may not be unreasonably withheld or delayed, unless this Agreement expressly provides otherwise.

21.7 Amendments

Except as otherwise expressly provided in this Agreement, this Agreement may only be varied by a deed executed by or on behalf of each party.

21.8 Expenses

Except as otherwise expressly provided in this Agreement or (as between the State and Project Co) the Project Agreement, each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this Agreement.

21.9 Severance

If, at any time, a provision of this Agreement becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) any other provision of this Agreement; or
- (b) that provision under the Law of any other jurisdiction.

21.10 Counterparts

This Agreement may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same Agreement.

21.11 Moratorium legislation

Without limiting clause 5.3 (*All Risks*) of the Project Agreement, to the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of the Utility any obligation under this Agreement, or to prejudicially affect the exercise by the Secretary of any right, power or remedy under this Agreement, are expressly waived.

21.12 Proportionate liability

(Excluded operation of Wrongs Act): The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of either party under this Agreement whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

Attachment 2

Utility Works Proposal

UTILITY WORKS PROPOSAL

To: **[insert name of Utility] (Utility)**

This is a Utility Works Proposal issued under clause 6.1 of the Utility Agreement between the Secretary, **[insert name of other parties]** dated **[insert]**. Unless otherwise expressly defined, expressions used in this Utility Works Proposal have the meanings given to them in or for the purposes of the Project Agreement.

[The Secretary/Project Co] notes the following, in respect of Utility Infrastructure that has been (or is likely to be) affected by the Works:

1 Description of the Utility Infrastructure which is (or is likely to be) affected by the Works:

[insert]

Description of the nature of any Utility Works required to be performed as a result of the Works:

[insert]

Article I. Proposed timing of the Utility Works:

[insert]

Article II. Proposed standards to which the Utility Works are to be performed:

[insert]

Article III. Proposed method for carrying out (including the entity which will carry out) the Utility Works:

[insert]

Article IV. If the Utility is to carry out all or part of the Utility Works, the proposed budget for the Utility Works to be performed by the Utility:

[insert]

Article V. Description of the means by which disruption to services provided by the Utility Infrastructure will be minimized by the Utility:

[insert]

Article VI. Proposed method for final certification of the Utility Works:

[insert]

Signed: _____

Date: _____

Attachment 3

Utility Works Response

UTILITY WORKS RESPONSE

To: [The Secretary/Project Co] (**The Secretary/Project Co**)

This is a Utility Works Response issued under clause 6.2 of the Utility Agreement between the Secretary, [**insert name of other parties**] dated [**insert**]. Unless otherwise expressly defined, expressions used in this Utility Works Response have the meanings given to them in or for the purposes of the Project Agreement.

[**insert name of Utility**] (**Utility**) notes the following, in respect of Utility Works Response issued under clause 6.1 of the Utilities Agreement:

1 Description of those aspects of the Utility Works Proposal with which the Utility agrees:

[**insert**]

Article I. In respect of all aspects of the Utility Works Proposal with which the Utility does not agree, a description (having regard to the Utility Works Objectives) of the Utility's alternative proposal, including the reasons why the Utility does not so agree and the reasons why its alternative proposal is preferable:

[**insert**]

Article II. If Utility has submitted an alternative proposal, the extent to which the Utility proposes to have a role in performing the Utility Works and, if it is intended that the Utility will perform part or all of the Utility Works, the proposed reasonable cost of any Utility Works to be performed by the Utility.

Accession Deed

Date ►

Between the parties

Secretary **The Secretary of the Department of Economic Development,
Jobs, Transport and Resources**
of **[insert address]**

Utility **[insert]**
[insert ACN] of **[insert address]**

Project Co **[insert]**
[insert ACN] of **[insert address]**

Recitals 1. The Secretary has entered into the Utility Agreement with the
Utility.
2. Under the Project Agreement, Project Co has agreed to, upon
request, execute this deed and implement the Utility Works in
accordance with its obligations under the Project Agreement and
the Utility Agreement.

This deed witnesses as follows:

1 Definitions and interpretation

1.1 Definitions

The meanings of the terms used in this deed are set out below. Unless otherwise expressly defined, terms defined in the Project Agreement have the same meaning in this deed.

| Term | Meaning |
|--------------------------|--|
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated [insert] . |
| Effective Date | means the date of this deed. |
| Party | means any of the Secretary, Project Co or the Utility and Parties means each of them. |
| Utility Agreement | means the document entitled 'Utility Agreement' between the Secretary and the Utility dated on or about the date of this deed. |
| Utility Works | has the meaning given to it in the Utility Agreement. |

1.2 Interpretation

In this deed:

- (a) headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) a reference to:
 - (1) a party, clause, Schedule, Exhibit, or Annexure is a reference to a party, clause, Schedule, Exhibit or Annexure of or to this deed; and
 - (2) a section is a reference to a section of a Schedule;
 - (d) a reference to this deed or to any other deed, agreement, document or instrument includes a reference to this deed or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;

- (f) a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
- (g) a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
- (h) if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) "includes" will be read as if followed by the phrase "(without limitation)";
- (j) the meaning of "or" will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) a reference to "\$", AUD or dollar is to Australian currency;
- (m) a reference to time is a reference to time in Melbourne, Australia;
- (n) a reference to a right includes any benefit, remedy, function, duty, obligation, Liability, interest, entitlement, title, discretion, authority or power;
- (o) a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) the term "may", when used in the context of a power, right or remedy exercisable by the Secretary, means that the Secretary can exercise that power, right or remedy in its absolute and unfettered discretion and the Secretary has no obligation to do so;
- (q) where there is a reference to an Authority, institute or association or other body referred to in this deed which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this deed is deemed to refer to that other entity; or
 - (2) ceases to exist, this deed is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) the use of the words "remedy" or "cure" or any form of such words in this deed means that the event to be remedied or cured must be remedied or cured or its effects overcome; and
- (s) each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.3 Precedence of Project Agreement

Each of the Parties acknowledges and agrees that to the extent of any inconsistency, ambiguity or discrepancy between its obligations under this deed, and the Project Agreement, the terms of the Project Agreement will prevail.

2 Covenant

- (a) Project Co:
 - (1) confirms that it has been supplied with a copy of the Utility Agreement; and
 - (2) with effect from the Effective Date, agrees to be bound by the Utility Agreement and to perform all of the obligations required to be performed by the Secretary under the Utility Agreement:
 - (A) as if Project Co was named in the Utility Agreement as a "Party"; and
 - (B) in accordance with clause 5(c) of the Utility Agreement.
- (b) The Utility covenants with Project Co, with effect from the Effective Date, to comply with the provisions of, and to perform all its obligations under the Utility Agreement so far as they may remain to be observed and performed.

3 Miscellaneous

3.1 Governing Law and jurisdiction

- (a) This deed is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) Without limiting clauses 15 to 16 of the Utility Agreement, each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this deed.

3.2 Entire Agreement

To the extent permitted by Law and in relation to their subject matter, this deed:

- (a) embodies the entire understanding of the Parties and constitute the entire terms agreed by the Parties; and
- (b) supersedes any prior agreement of the Parties.

3.3 Further acts and documents

Each Party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to both Parties) required by Law or reasonably requested by another Party to give effect to this deed.

3.4 Waiver

- (a) A waiver given by a Party in accordance with this deed is only effective and binding on that Party if it is given or confirmed in writing by that Party.
- (b) A failure to, a delay in or the partial exercise or enforcement of a right provided by Law or in accordance with this deed by a Party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement,

of that or any other right, power or remedy provided by Law or in accordance with this deed.

- (c) No waiver of a breach of a term of this deed operates as a waiver of another breach of that term or of a breach of any other term of this deed.

3.5 Consents, approvals and directions

- (a) A consent or approval required in accordance with this deed from the Secretary may be given or withheld, or may be given subject to any conditions, as the Secretary thinks fit, unless this deed expressly provides otherwise.
- (b) A consent or approval required in accordance with this deed from Project Co may not be unreasonably withheld or delayed, unless otherwise expressly provided in this deed.

3.6 Amendments

Except as otherwise expressly provided in this deed, this deed may only be varied by a deed executed by or on behalf of each Party.

3.7 Expenses

Except as otherwise expressly provided in this deed or (as between the State and Project Co) the Project Agreement, each Party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this deed.

3.8 Severance

If, at any time, a provision of this deed or any other State Project Document is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) any other provision of this deed or any other relevant State Project Document;
or
- (b) that provision under the Law of any other jurisdiction.

3.9 Counterparts

This deed may be executed in any number of counterparts and by the Parties in separate counterparts. Each counterpart constitutes the deed of each Party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same agreement.

3.10 Moratorium legislation

Without limiting clause 5.3 (*All Risks*) of the Project Agreement, to the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of a Party other than the State any obligation under this deed, or prejudicially affect the exercise by the State of any right, power or remedy under this deed or otherwise, are expressly waived.

3.11 Proportionate liability

- (a) The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of either Party under this deed whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) Without limiting clause 3.11(a), the rights, obligations and liabilities of the Parties (including those relating to proportionate liability) are as specified in this deed and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

Schedule 11

Insurance Schedule

There are 4 parts to this Schedule 11:

- Part A – State D&C Phase Insurances;
- Part B – Project Co D&C Phase Insurances;
- Part C – State Maintenance Phase Insurances; and
- Part D – Project Co Maintenance Phase Insurances.

Part A – State D&C Phase Insurances

The State must procure, or cause to be procured, and thereafter maintained, each of the Insurances with respect to the Project specified in this Part A for the applicable period of insurance. Each such Insurance must be procured and maintained upon the minimum terms specified in this Part A and clause 43 (*Insurance*) of this Agreement and the form of the Initial State D&C Phase Insurances is set out in Appendix 1. The parties acknowledge and agree that the Initial State D&C Phase Insurances satisfy the requirements of this schedule.

Summary of State D&C Phase Insurances required:

- (a) Contract Works Insurance (Material Damage);
- (b) Contract Works Insurance (Public and Products Liability);
- (c) Contract Works Insurance (Advance Loss of Profits);
- (d) Marine Transit (TBM) Insurance; and
- (e) Marine Transit (TBM) (Delay in Start Up) Insurance.

(a) Contract Works Insurance (Material Damage)

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | <p>Each of:</p> <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co's Associates;• the State;• the State's Associates;• the Security Trustee;• the D&C Subcontractor;• the Train Franchisee;• the Tram Franchisee;• each Metro Tunnel Package Contractor and its Associates; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, the Metro Tunnel Interface Works, the D&C Activities and the Final Acceptance Works. |
| Sum insured | <p>The full cost of reinstatement or replacement of the Works and Metro Tunnel Interface Works.</p> |
| Scope of cover | <p>Physical loss, destruction or damage to the Works and Metro Tunnel Interface Works, including construction and reinstatement of the Works and Metro Tunnel Interface Works.</p> <p>Insurance to include coverage at a minimum for the following:</p> <ul style="list-style-type: none">• principal owned materials;• materials, plant and equipment on Site which form part of the Works or Metro Tunnel Interface Works;• continuation of cover for any part of the Works or Metro Tunnel Interface Works handed over and put into use at any time prior to the Date of Final Acceptance;• specific tunnelling conditions as applicable;• offsite fabrication;• professional fees;• removal of debris;• expediting expenses;• temporary protection and/or loss mitigation expenses;• [not disclosed] contract price escalation;• inland transit and off-site storage; |

| Insurance element | Minimum Requirement |
|-------------------------|--|
| | <ul style="list-style-type: none">• subsidence/earth movement;• civil works/excavation works;• commissioning and testing of the Works and Metro Tunnel Interface Works;• specialist tunnelling equipment, including tunnel boring machines (TBMs) and road headers;• LEG 2/06;• temporary protection and loss mitigation costs;• claims preparation costs;• government costs; and• cash settlement option. |
| Situation of risk | Anywhere in the Commonwealth of Australia, including whilst in storage, or in transit between any places therein. |
| Maximum Deductibles | <ul style="list-style-type: none">• Tunnelling works - [not disclosed]• All other works - [not disclosed] |
| Additional requirements | <ul style="list-style-type: none">• The policy must be procured and maintained on a project specific basis.• Cover to include a multiple insured clause including cross liability, non-imputation and waiver of subrogation.• Single highest excess applies to claims arising from the one event.• No requirement to exhaust indemnities as a condition precedent to making a claim.• terrorism coverage in respect of an 'eligible terrorism loss' within the meaning of the <i>Terrorism Insurance Act 2003</i> (Cth). |
| Period of insurance | At all times: <ul style="list-style-type: none">• during the D&C Phase; and• until the expiration of the last defects liability period under the Key Subcontracts, if any such defects liability period extends beyond the D&C Phase. |

(b) Contract Works Insurance (Public and Products Liability)

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | <p>Each of:</p> <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates;• the State;• State's Associates;• the Security Trustee;• the D&C Subcontractor;• the Train Franchisee;• the Tram Franchisee;• each Metro Tunnel Package Contractor and its Associates; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, the Metro Tunnel Interface Works, the D&C Activities and the Final Acceptance Works. |
| Sum insured | <p>[not disclosed] for any one occurrence or series of occurrences arising out of the same source or original cause in connection with the Works or Metro Tunnel Interface Works. Unlimited in the aggregate during the period of insurance but limited to [not disclosed] in the aggregate of all occurrences in any one period of insurance with respect to products and completed operations liability.</p> |
| Scope of cover | <p>Legal liability to pay compensation for personal injury and/or property damage caused by an occurrence during the period of insurance, where such occurrence:</p> <ul style="list-style-type: none">• arises out of the Works, the Metro Tunnel Interface Works, the D&C Activities and the Final Acceptance Works; and• arises out of the occupation by any Insured of any part of the Works or Metro Tunnel Interface Works handed over and put into use at any time prior to the Date of Final Acceptance. |
| Geographical Limits | <p>Worldwide excluding USA and Canada.</p> |
| Maximum Deductibles | <p>[not disclosed] any one occurrence or series of occurrences arising out of the same source or original cause, and unlimited in aggregate with respect to the number of occurrences during the policy period.</p> |
| Additional requirements | <ul style="list-style-type: none">• To be procured on a project specific basis. |

| Insurance element | Minimum Requirement |
|--------------------------|--|
| | <ul style="list-style-type: none">• Cross liability clause – applying for the benefit of each Insured to ensure that each of the Insureds is deemed a separate insured for the purpose of indemnity under the policy.• Severability and non-imputation clauses.• Terrorism coverage in respect of an ‘eligible terrorism loss’ within the meaning of the Terrorism Insurance Act 2003 (Cth).• Worker to worker liability.• Pollution liability but only if caused by a sudden, accidental, unexpected and unintended occurrence.• On hook liability.• Bodily injury and/or property damage arising from an error or omission in design or specification or breach of professional duty.• Cover for mobile plant and equipment not required to be registered/used as a tool of trade (unless separate insurance procured for this exposure under another insurance policy).• Cover for existing or other property (including any existing buildings) in the Insured’s care, custody or control.• Single highest excess applies to claims arising from the one event.• No requirement to exhaust indemnities as a condition precedent to making a claim. |
| Period of insurance | <p>At all times:</p> <ul style="list-style-type: none">• during the D&C Phase; and• until the expiration of the last defects liability period under the Key Subcontracts, if any such defects liability period extends beyond the D&C Phase. |

(c) Contract Works Insurance (Advance Loss of Profits)

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each of: <ul style="list-style-type: none">• the State;• Project Co;• Finance Co;• the Security Trustee; and• each Metro Tunnel Package Contractor. |
| Level of cover | <ul style="list-style-type: none">• [not disclosed] |
| Scope of cover | Loss or damage resulting from delay in respect of a matter insured under Part A, section (a) of this Schedule (Contract Works Insurance (Material Damage)), including: <ul style="list-style-type: none">• Abatements;• debt service and refinancing costs;• prolongation costs;• claims preparation costs; and• loss of revenue associated with the Permitted Commercial Opportunities. |
| Situation of risk | Anywhere in the Commonwealth of Australia. |
| Maximum Deductibles | [not disclosed] |
| Additional requirements | <ul style="list-style-type: none">• Suppliers premises extension and nominated suppliers' premises extension on terms comparable to those in the Contract Works Insurance (Advance Loss of Profits) policy procured as an Initial State D&C Phase Insurance.• Public utilities extension.• Cover for Prevention of access.• Cover for additional increased costs of working.• terrorism coverage in respect of an 'eligible terrorism loss' within the meaning of the <i>Terrorism Insurance Act 2003</i> (Cth).• waiver of subrogation against Key Subcontractors.• cross liability/multiple insureds clause.• the policy must be procured and maintained on a project specific basis. |

| Insurance element | Minimum Requirement |
|--------------------------|---|
| | <ul style="list-style-type: none">• no requirement to exhaust indemnities as a condition precedent to making a claim. |
| Period of insurance | From the date of this Agreement until the Date of Final Acceptance. |

(d) Marine Transit (TBM)

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co's Associates;• the State;• the State's Associates;• the Security Trustee;• the D&C Subcontractor;• each Metro Tunnel Package Contractor and its Associates; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, Metro Tunnel Interface Works, the D&C Activities and the Final Acceptance Works. |
| Level of cover | The maximum total value of specialist tunnelling equipment, including TBMs and road headers, to be transferred in any one shipment, plus a provision for the costs of freight, insurance, taxes and duties as may be applicable. |
| Scope of cover | Unless covered under the Contract Works Insurance (Material Damage) in respect of the Works or Metro Tunnel Interface Works, loss or damage incurred during the shipment, carriage, or importation of any specialist tunnelling equipment, including TBMs and road headers, intended to be incorporated or used in connection with the Works, Metro Tunnel Interface Works the D&C Activities or the Final Acceptance Works. |
| Situation of risk | Worldwide. |
| Maximum Deductibles | [not disclosed] of maximum limit of indemnity for any one shipment or [not disclosed] whichever is the lesser. |
| Additional requirements | No requirement to exhaust indemnities as a condition precedent to making a claim. |
| Period of insurance | From the time of leaving the manufacturer, or other place of original order in the country of origin, until arrival at the Construction Areas. |

(e) Marine Transit (TBM) (Delay in Start Up)

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• the Security Trustee; and• each Metro Tunnel Package Contractor. |
| Level of cover | <ul style="list-style-type: none">• [not disclosed] |
| Scope of cover | Loss or damage for delay resulting from a matter insured under Part A, section (d) of this Schedule (Marine Transit (TBM)), including: <ul style="list-style-type: none">• Abatements;• debt service and refinancing costs including Interest on State Contribution;• prolongation costs;• claims preparation costs; and• loss of revenue associated with the Permitted Commercial Opportunities. |
| Situation of risk | Worldwide. |
| Maximum Deductibles | [not disclosed] |
| Additional requirements | <ul style="list-style-type: none">• Single highest excess applies to claims arising from the one event.• No requirement to exhaust indemnities as a condition precedent to making a claim. |
| Period of insurance | At all times during the D&C Phase until the Date of Final Acceptance. |

Part B – Project Co D&C Phase Insurances

Project Co must procure, or cause to be procured, and thereafter maintained, each of the Insurances with respect to the Project specified in this Part B for the applicable period of insurance. Each such Insurance must be procured and maintained upon the minimum terms specified in this Part B and clause 43 (*Insurance*) of this Agreement.

Summary of Project Co D&C Phase Insurances required:

- (a) Contractors' Pollution Liability Insurance;
- (b) Plant and Equipment Insurance;
- (c) Marine Transit Insurance (General) Insurance;
- (d) Marine Transit (General) (Delay in Start-Up) Insurance;
- (e) Design and Construct Professional Indemnity Insurance;
- (f) Workers' Compensation Insurance; and
- (g) Motor Vehicle Insurance.

(a) Contractors' Pollution Liability

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates;• the State;• State Associates;• the Security Trustee;• the D&C Subcontractor; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, the D&C Activities and the Final Acceptance Works. |
| Sum insured | <ul style="list-style-type: none">• [not disclosed] per pollution condition; and• [not disclosed] in the aggregate. |
| Scope of cover | For legal liability (including to counterparties) to pay compensation for death, personal injury, loss of or damage to third party property and clean up costs as a result of pollution conditions caused by the Works, the D&C Activities or the Final Acceptance Works. |
| Situation of risk | Anywhere in the Commonwealth of Australia. |
| Retroactive date | N/A. |
| Maximum Deductibles | [not disclosed] per condition. |
| Additional requirements | <ul style="list-style-type: none">• Occurrence wording.• Completed operations extension (for a minimum of [not disclosed]), to cover liability to pay compensation for personal injury or property damage which occurs at any time arising out or in connection with the Works, the D&C Activities, or the Final Acceptance Works.• Third party property damage for the assets of the State or any State Associate.• The policy must be procured and maintained on a project specific basis.• The policy must specifically cover: |

| Insurance element | Minimum Requirement |
|--------------------------|--|
| | <ol style="list-style-type: none">1 sudden, accidental and gradual Pollution;2 remediation costs;3 liability connected with asbestos (including, liability for soil and groundwater pollution);4 liability for soil and groundwater pollution;5 legal defence costs; and6 biodiversity and natural resource damages. <ul style="list-style-type: none">• Cross liability clause such that claims by an Insured, in respect of property in which they have a proprietary, leasehold or license interest, are treated as third party claims for liability coverage purposes.• Severability and-non imputation clauses. |
| Period of insurance | At all times during the D&C Phase. |

(b) Plant and Equipment Insurance

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates;• the Security Trustee;• the State;• State Associates;• the D&C Subcontractor; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, the D&C Activities and the Final Acceptance Works. |
| Level of cover | Indemnity value of the respective plant or equipment used in connection with the Works. |
| Scope of cover | Damage or destruction for an indemnity value of the respective plant and equipment whether owned or hired by Project Co or the D&C Subcontractor used for the purposes of undertaking the Works, excluding damage to, or destruction of, specialist tunnelling equipment, including TBMs and road headers. |
| Situation of risk | Anywhere in the Commonwealth of Australia. |
| Maximum Deductibles | [not disclosed] per claim. |
| Additional requirements | N/A. |
| Period of insurance | At all times during the D&C Phase, and until the expiration of the last Defects Liability Period under the Key Subcontracts, if any such period extends beyond the D&C Phase. |

(c) Marine Transit (General)

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates;• the State;• State Associates;• the Security Trustee;• the D&C Subcontractor; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Works, the D&C Activities and the Final Acceptance Works. |
| Level of cover | The maximum total value of the Works or other property to be transferred (excluding specialist tunnelling equipment, including TBMs and road headers) in any one shipment, plus a provision for the costs of freight, insurance, taxes and duties as may be applicable. |
| Scope of cover | Unless covered under the Contract Works Insurance (Material Damage) in respect of the Works, loss or damage incurred during the shipment, carriage, or importation of any goods (excluding specialist tunnelling equipment, including TBMs and road headers) intended to be incorporated or used in connection with the Works, the D&C Activities or the Final Acceptance Works. |
| Situation of risk | Worldwide. |
| Maximum Deductibles | [not disclosed] of maximum limit of indemnity for any one shipment or [not disclosed] whichever is the lesser. |
| Period of insurance | From the time of leaving the manufacturer, or other place of original order in the country of origin, until arrival at the Construction Areas. |

(d) Marine Transit (General) (Delay in Start Up)

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each of: <ul style="list-style-type: none">• Project Co• Finance Co; and• the Security Trustee. |
| Level of cover | <ul style="list-style-type: none">• [not disclosed] |
| Scope of cover | Loss or damage for delay resulting from a matter insured under Part B, section (c) of this Schedule (Marine Transit (General)), including: <ul style="list-style-type: none">• Abatements;• debt service and refinancing costs;• prolongation costs;• claims preparation costs; and• loss of revenue associated with the Permitted Commercial Opportunities. |
| Situation of risk | Worldwide. |
| Maximum Deductibles | [not disclosed] |
| Period of insurance | [not disclosed] |

(e) Design and Construct Professional Indemnity Insurance

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each of: <ul style="list-style-type: none">• the D&C Subcontractor;• other Key Subcontractors carrying out the D&C Activities and the Final Acceptance Works; and• Project Co. |
| Sum insured | Minimum coverage of [not disclosed] for any one claim and in the aggregate for all claims during the period of insurance. |
| Scope of cover | Covering legal liability arising from an act, error or omission of the Insured in relation to the performance of each Insured's professional activities and duties in connection with the Works, the D&C Activities and the Final Acceptance Works, including: <ul style="list-style-type: none">• loss mitigation and rectification;• proportionate liability; and• contractual liability. |
| Situation of risk | Worldwide. |
| Retroactive date | From the commencement of the design and bid services of the Project. |

| Additional Requirements | <ul style="list-style-type: none">• Indemnity to the State for its vicarious liability arising out of acts, errors and omissions of its Associates.• Contractual clauses between Project Co and any Subcontractor carrying out the D&C Activities or the Final Acceptance Works must not contain provisions which preclude recovery for breach of professional duty up to the limit of the insurance.• Include cover for construction defects as a result of error in design or specification.• Severability and non-imputation clauses.• The policy must be procured and maintained on a project specific basis. |
| Period of insurance | Continuous period for [not disclosed] from Financial Close, and then at all times until [not disclosed] after Final Acceptance. |

(f) Workers' Compensation Insurance

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each party and each Associate is required to procure its own Workers' Compensation and Employer's Liability policy, in respect of its statutory obligations and otherwise as required by Law and commercial prudence. |
| Level of cover | As required by Law. |
| Risks covered | As required by Law. |
| Maximum Deductibles | As required by Law. |
| Additional requirements | N/A. |
| Period of cover | At all times during the D&C Phase. |

(g) Motor Vehicle Insurance

Table 1 – Vehicle damage

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each party and each Associate is required to procure and maintain its own insurance for vehicles to be used in connection with the Works, the D&C Activities or the Final Acceptance Works. |
| Level of cover | Third Party Property Damage – Minimum coverage of [not disclosed] per occurrence and unlimited in the aggregate. |
| Risks covered | All: <ul style="list-style-type: none">• third party property damage; and• bodily injury to the extent not covered under the Motor Vehicle Insurance (Bodily Injury), in respect of all vehicles used in connection with the Works, the D&C Activities or the Final Acceptance Works. |
| Maximum Deductibles | [not disclosed] per occurrence. |
| Additional requirements | <ul style="list-style-type: none">• All motor vehicles used in connection with the Works, the D&C Activities or the Final Acceptance Works must be registered currently for compulsory third party insurance as required by Law, if for use on public roads.• Policy must cover unregistered vehicles or vehicles used as a tool of trade unless covered under the Contract Works (Public and Products Liability) Insurance Policy. |
| Period of cover | At all times during the D&C Phase. |

Table 2 – Bodily injury

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each party and each Associate is required to procure and maintain its own insurance for vehicles to be used in connection with the Works, the D&C Activities or the Final Acceptance Works. |
| Level of cover | As required by law. |

| Insurance element | Minimum Requirement |
|--------------------------|------------------------------------|
| Risks covered | Bodily injury. |
| Maximum Deductibles | As required by law. |
| Period of cover | At all times during the D&C Phase. |

Part C – State Maintenance Phase Insurances

The State must procure or cause to be procured, and thereafter maintain or cause to be maintained, each of the Insurances with respect to the Project specified in this Part C for the applicable period of Insurance. Each such Insurance must be procured and maintained upon the minimum terms specified in this Part C and clause 43 (*Insurance*) of this Agreement.

The State must procure that VMIA enters into a protocol with Project Co in relation to the State Maintenance Phase Insurances, which must set out timing for the submission and processing of claims (including the notification of loss). The protocol will be for the purposes of managing claims only and will not give rise to any liability of either party.

The State and Project Co acknowledge and agree that the terms of the State Procured Maintenance Phase Insurances agreed by the Parties under clause 43.1(f)(3), resolved under clause 43.1(f)(4)(A) or determined pursuant to clause 43.1(g)(2) of this Agreement are deemed to satisfy the requirements of this Insurance Schedule.

All amounts specified below will be Indexed in accordance with the Indexes Schedule.

Summary of State Maintenance Phase Insurances required:

- (a) Industrial Special Risks (Material Damage) Insurance;
- (b) Public and Products Liability Insurance; and
- (c) Business Interruption Insurance.

(a) Industrial Special Risks (Material Damage) Insurance

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | <p>Each of:</p> <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates• the State;• State Associates;• the Security Trustee;• the Maintenance Subcontractor;• the Train Franchisee; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Services. |
| Sum insured | <p>If this insurance is procured and maintained on a project specific basis - In relation to the Relevant Infrastructure, the Returned VicTrack Works and the Returned Train Works, full replacement or reinstatement value any one occurrence, which includes amounts sufficient to cover costs of demolition and removal of debris, professional fees and an amount to cover additional costs and expenses to expedite the commencement and completion of the repair, replacement or reinstatement of the Relevant Infrastructure.</p> <p>If this insurance is procured and maintained as part of the Government Rail Insurance Program – The sum insured under the Government Rail Insurance Program.</p> <p>Actual sub limits are to be as agreed with the State at the time of procuring the Industrial Special Risk/Business Interruption Insurance and will be Indexed thereafter.</p> |
| Scope of Cover | <p>Physical loss, destruction of or damage to all property of every kind and description:</p> <ul style="list-style-type: none">• forming part of the Relevant Infrastructure, the Returned VicTrack Works or the Returned Train Works;• connected with the Relevant Infrastructure, the Returned VicTrack Works, the Returned Train Works, or the Services; or• otherwise agreed between the State and Project Co. <p>Sub limits:</p> <ul style="list-style-type: none">• removal of debris;• professional fees;• accidental damage;• expediting expenses; |

| Insurance element | Minimum Requirement |
|-------------------------|--|
| | <ul style="list-style-type: none">• property in transit (within Australia);• machinery breakdown;• electronic data processing equipment breakdown;• sue and labour expenses;• construction works; and• additional extra costs of reinstatement. <p>Perils covered to include at a minimum:</p> <ul style="list-style-type: none">• earthquake;• flood;• action of the sea/tidal wave/tsunami;• storm/tempest/cyclone;• hail/lightning strike;• landslip/earth movement;• fire/explosion;• impact;• burglary/theft;• malicious damage;• riots/strikes/civil commotion;• accidental damage; and• Terrorism coverage in respect of an 'eligible terrorism loss' within the meaning of the <i>Terrorism Insurance Act 2003</i> (Cth). |
| Situation of risk | Anywhere in the Commonwealth of Australia (and whilst in transit or storage). |
| Maximum Deductibles | <ul style="list-style-type: none">• Tunnels related claims: [not disclosed]• Non-tunnels related claims: [not disclosed] |
| Additional requirements | <ul style="list-style-type: none">• Co-insurance provisions not to apply.• No requirement to exhaust indemnities as a condition precedent to making a claim.• Policy must incorporate relevant provisions of the <i>Insurance Contracts Act 1984</i> (Cth), in the form of the Initial State D&C Phase Insurances.• The appointment of a loss assessor must be agreed by the parties where the loss results in a claim. If the loss falls within the deductible and Project Co (or its Associates) elect to use the services of a loss assessor, Project Co (or its Associates) may select the loss assessor (at their discretion and without reference to |

| Period of cover | For a period of 12 months commencing on the Date of Final Acceptance, to be renewed annually until the Expiry Date. |

Part D – Project Co Maintenance Phase Insurances

Project Co must procure or cause to be procured, and thereafter maintain or cause to be maintained, each of the Insurances with respect to the Project specified in this Part D for the applicable period of Insurance. Each such Insurance must be procured and maintained upon the minimum terms specified in this Part D and clause 43 (*Insurance*) of this Agreement.

All amounts specified below in relation to Motor Vehicle Insurance will be Indexed in accordance with the Indexes Schedule.

Summary of Project Co Maintenance Phase Insurances required:

- (a) Maintenance Phase Professional Indemnity Insurance;
- (b) Workers' Compensation Insurance;
- (c) Motor Vehicle Insurance; and
- (d) Plant and Equipment.

(a) Maintenance Phase Professional Indemnity Insurance

Project Co must ensure that each Key Subcontractor procures its own professional indemnity insurance which is consistent with the terms set out below, and include a principal's indemnity in favour of each of Project Co and the Maintenance Subcontractor.

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | The Maintenance Subcontractor |
| Principal Indemnity | A principal's indemnity will be provided for Project Co. |
| Sum insured | [not disclosed] for any claim and in annual aggregate. |
| Scope of Cover | Covering legal liability arising from an act error or omission of the insured in relation to the performance of each Insured's professional activities and duties in connection with the Relevant Infrastructure and the Services. |
| Situation of risk | Anywhere in the Commonwealth of Australia. |
| Retroactive date | The date that the professional activities under a contract relating to the Maintenance Phase commences. |
| Maximum Deductibles | [not disclosed] each occurrence. |
| Additional requirements | Severability and non-imputation clauses. |
| Period of cover | For a period of 12 months commencing on the Date of Final Acceptance, to be renewed annually until 7 years after completion of the Maintenance Phase. |

(b) Workers' Compensation and Employer's Liability Insurance

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each party and Associate is required to procure its own Workers' Compensation and Employer's Liability policy, in respect of its statutory obligations and otherwise as required by Law and commercial prudence. |
| Level of cover | As required by Law. |
| Risks covered | As required by Law. |
| Retroactive date | N/A |
| Maximum Deductibles | As required by Law. |
| Additional requirements | N/A |
| Period of cover | At all times during the Maintenance Phase. |

(c) Motor Vehicle Insurance

Table 1 – Vehicle damage

| Insurance element | Minimum Requirement |
|---|---|
| Party responsible for procuring the insurance | Each party and each Associate is required to procure and maintain its own insurance for vehicles to be used in connection with the Relevant Infrastructure or the Services. |
| Insured | Each party to procure its own insurance for vehicles to be used in connection with the Relevant Infrastructure or the Services. |
| Level of cover | Third Party Property Damage – Minimum coverage of [not disclosed] per occurrence and in the aggregate in respect. |
| Risks covered | All: <ul style="list-style-type: none">• third party property damage; and• bodily injury to the extent not covered under the Motor Vehicle Insurance (Bodily Injury), in respect of all vehicles used in connection with Relevant Infrastructure or Services. |
| Retroactive date | N/A. |
| Maximum Deductibles | [not disclosed] each and every occurrence |
| Additional requirements | <ul style="list-style-type: none">• All motor vehicles must be registered currently for compulsory third party insurance as required by Law if for use on public roads.• Cover for mobile plant and equipment not required to be registered or used as a tool of trade or registered plant whilst used as a tool of trade (unless separate insurance procured for this exposure or covered under the Public and Products Liability Insurance). |
| Period of cover | At all times during the Maintenance Phase. |

Table 2 – Bodily injury

| Insurance element | Minimum Requirement |
|--------------------------|---|
| Insured | Each party and each Associate is required to procure and maintain its own insurance for vehicles to be used in connection with the Relevant Infrastructure or the Services. |
| Level of cover | As required by law. |
| Risks covered | Bodily injury. |
| Maximum Deductibles | As required by law. |
| Period of cover | At all times during the Maintenance Phase. |

(d) Plant and Equipment

| Insurance element | Minimum Requirement |
|--------------------------|--|
| Insured | Each of: <ul style="list-style-type: none">• Project Co;• Finance Co;• Project Co Associates;• the Security Trustee;• the State;• State Associates;• the Maintenance Subcontractor; and• all Subcontractors and each other party which has an insurable interest or is required to be insured under any Project Document relating to the Relevant Infrastructure or the Services. |
| Level of cover | Indemnity value of the respective plant or equipment used in connection with the Relevant Infrastructure or the Services. |
| Scope of cover | Damage or destruction for an indemnity value of the respective plant and equipment whether owned or hired by Project Co or the Maintenance Subcontractor used for the purposes of undertaking the Services. |
| Situation of risk | Anywhere in the Commonwealth of Australia. |
| Maximum Deductibles | [not disclosed] |
| Additional requirements | N/A. |
| Period of insurance | At all times during the Maintenance Phase. |

APPENDIX – 1: Initial State D&C Phase Insurances

Schedule 12

Intellectual Property

1 Definitions

In this Schedule, unless the context otherwise requires:

| Term | Meaning |
|---|--|
| Indemnified Persons | has the meaning given to that term in section 5(f) of this Schedule. |
| Model Litigant Guidelines | means the 'Victorian Model Litigant Guidelines' read in conjunction with the provisions of the <i>Civil Procedure Act 2010 (Vic)</i> . |
| Moral Rights | has the meaning given to it in the <i>Copyright Act 1968 (Cth)</i> and any corresponding or similar rights granted under any other laws anywhere in the world. |
| Project Intellectual Property Rights | means all Intellectual Property Rights in: (a) any Project Co Material, the Relevant Infrastructure or the Returned Assets, including any such Intellectual Property Rights: (i) existing at the date of this Agreement; or (ii) which come into existence after the date of this Agreement, including those derived from Intellectual Property Rights existing at the date of this Agreement; and (b) any information, ideas, documents, equipment or material of any kind and however embodied, which are supplied, brought to or used by or on behalf of Project Co in undertaking the Project (including each method of working used by or on behalf of Project Co in carrying out the Project Activities) or which are made available to the State in accordance with this Agreement by or on behalf of Project Co, whether or not forming part of the Project Co Material, the Relevant Infrastructure or the Returned Assets and whether or not owned by a third party. |
| Third Party Intellectual Property Rights | means any Intellectual Property Rights that are not vested in Project Co or any of its Associates. |

2 Warranties

Project Co warrants to the State that:

- (a) **(No infringement or rights)**: no Intellectual Property Rights or Moral Rights or other rights of any person will be infringed or breached:
- (1) in delivering the Project; or
 - (2) by use or enjoyment of the Project Co Material, the Relevant Infrastructure or the Returned Assets; or
 - (3) by use or exercise of the Project Intellectual Property Rights,
- by the State, any of its Associates or any person nominated or authorised by the State in connection with this Agreement; and
- (b) **(ownership of rights)**: it owns, or has the authority to grant the rights granted in accordance with this Schedule 12 in connection with, the Project Intellectual Property Rights and neither:
- (1) the exercise of those rights by the State, any of its Associates or any person nominated or authorised by the State in connection with this Agreement; nor
 - (2) the possession or use of any materials in which those rights subsist in connection with this Agreement,
- will give rise to any Liability on the part of the State, any of its Associates or any person nominated or authorised by the State, including to pay any compensation (including any royalty) to any person, or give rise to a right entitling any person to make a Claim against the State, any of its Associates or any person nominated or authorised by the State for any attribution or acknowledgment or rectification in relation to the Project Intellectual Property Rights or any materials in which they subsist.

3 Grant of licence

Project Co:

- (a) **(grant)**: grants to the State;
- (b) **(procure of grant)**: without limiting Project Co's obligations under section 6 of this Schedule, must procure that each of its Associates legally entitled to do so grants to the State (with effect from the date the relevant Project Intellectual Property Rights come into existence); and
- (c) **(all things necessary)**: must do all things necessary to give effect to the grant to the State of,

a world-wide, perpetual, irrevocable, non-exclusive, transferable, royalty-free licence (including the right to sub-license) to use, reproduce, modify, adapt, develop, communicate to the public or otherwise exploit the Project Co Material, and to exercise all or any of the Project Intellectual Property Rights, for the purposes of:

- (d) **(Project)**: the Project (including, where this Agreement is terminated for any reason other than for convenience under clause 45.2 (*Voluntary Termination*) of this Agreement, to complete any Project Activities which have not been:
- (1) carried out; or

- (2) carried out in accordance with the applicable State Project Documents,
as at the date of termination);
- (e) **(Project Documents)**: the exercise of the rights of the State or its Associates in accordance with the Project Documents (including its step-in rights in accordance with clause 41 (*Step-in by the State*) of this Agreement);
- (f) **(Project Co Material, Relevant Infrastructure and Returned Assets)**: the procurement, design, supply, construction, installation, production, commissioning, completion, operation, maintenance, repair and alteration of:
 - (1) the Project Co Material (to the extent that it relates to the Returned Assets) or the Returned Assets on and from Handback; and
 - (2) the Project Co Material or the Relevant Infrastructure on and from the Expiry Date; and
- (g) **(interfaces)**: the procurement, design, supply, construction, installation, production, commissioning, completion, operation, maintenance, repair and alteration of any thing (including infrastructure, equipment, computer hardware, computer software and computer or telecommunications systems) which interfaces or interoperates with, or is located (in whole or in part) under, on or above the Project Co Materials, the Relevant Infrastructure, or the Returned Assets, during and after the Term, but only to the extent the use or exercise of the Project Intellectual Property Rights is required to enable the proper procurement, design, supply, construction, installation, production, commissioning, completion, operation, maintenance, repair or alteration of that thing.

4 Project Co Material, Relevant Infrastructure and Returned Assets

Without limiting Project Co's other obligations under this Agreement with respect to the delivery of any Project Co Material, the Relevant Infrastructure or the Returned Assets, Project Co will provide, and procure that its Associates provide, all documentation, information and assistance and materials as the State may reasonably require for the State's:

- (a) use and enjoyment of the Project Co Material, the Relevant Infrastructure or the Returned Assets; or
- (b) use and exercise of the Project Intellectual Property Rights,
in connection with this Agreement.

5 Indemnities

- (a) **(Intellectual Property Rights, Moral Rights or other rights)**: Project Co must indemnify the Indemnified Persons against any Claim or Liability brought against, suffered or incurred by the Indemnified Persons arising in connection with any infringement, violation, alleged infringement or alleged violation by Project Co or any of its Associates or any Indemnified Person of any Intellectual Property Rights, Moral Rights or other rights of any person or any Liability which

any one or more of the Indemnified Persons may have to pay compensation (including any royalty) to a third party or make any attribution or acknowledgement or rectification in relation to any Project Intellectual Property Rights, any Project Co Material, the Relevant Infrastructure, or the Returned Assets, in connection with:

- (1) the Project; and
 - (2) in the case of the Indemnified Persons:
 - (A) using or enjoying the Project Co Material, the Relevant Infrastructure or the Returned Assets as delivered by or on behalf of Project Co to the State or as modified from time to time (but not to the extent that any Claim or Liability arises from any modification made by the State or third parties engaged by the State which is not as directed or approved by Project Co) in connection with this Agreement; or
 - (B) using or exercising the Project Intellectual Property Rights in the manner authorised by this Agreement.
- (b) **(Breach of warranties):** Project Co must indemnify the Indemnified Persons against any Liability or Claim arising from any breach of the warranties set out in section 2 of this Schedule.
- (c) **(Indemnities under this section 5):** In relation to any Claim or Liability for which an Indemnified Person seeks to be indemnified under section 5(a) or 5(b) of this Schedule:
- (1) Project Co may (subject to Project Co confirming to the State that the Claim or Liability is the subject of the indemnity in section 5(a) or 5(b) of this Schedule) conduct any defence or settlement in any such Claim or in relation to any such Liability, provided that Project Co:
 - (A) keeps the State informed of all material steps in relation to the conduct of any defence or settlement;
 - (B) consults with, and complies with all reasonable requirements of, the State in relation to such defence or settlement including complying with the Model Litigant Guidelines; and
 - (C) ensures that no settlement is made on terms which involve any admission of liability on the part of any Indemnified Person without the prior consent of that Indemnified Person;
 - (2) the State must use reasonable endeavours to ensure Indemnified Persons provide all cooperation reasonably required by Project Co in relation to such defence; and
 - (3) to the extent that the Claim or enjoyment or Liability under section 5(a) or section 5(b) of this Schedule comes to the attention of the State before it comes to the attention of Project Co, the State will notify Project Co of the Claim or enjoyment or Liability.
- (d) **(Interference with use or enjoyment of Project Co Material, the Relevant Infrastructure or the Returned Assets):** If a Claim or Liability referred to in section 5(a) of this Schedule substantially interferes with the Indemnified Persons' use or enjoyment of any Project Co Material, Relevant Infrastructure or Returned Asset, or the use or exercise of the Project Intellectual Property Rights, or the State reasonably believes, in consultation with Project Co, that such Claim or Liability may substantially interfere with such use or enjoyment, Project Co will (at the State's option, and without limiting any of the State's other rights under any Project Document):

- (1) replace the Project Co Material, the Relevant Infrastructure, the Returned Asset or the subject matter of the relevant Project Intellectual Property Right, without additional charge, with a non-infringing product or service of at least equivalent functionality and performance and which otherwise meets all relevant requirements for that Project Co Material, Relevant Infrastructure or Returned Asset in accordance with the Project Documents;
 - (2) modify the Project Co Material, the Relevant Infrastructure, the Returned Asset or the subject matter of the relevant Project Intellectual Property Right to overcome the infringement without additional charge and without materially impeding functionality or performance or rendering it non-compliant with any relevant requirements for that Project Co Material, Relevant Infrastructure or Returned Asset in accordance with the Project Documents; or
 - (3) obtain a licence for the Indemnified Persons to continue use and enjoyment of the Project Co Material, the Relevant Infrastructure, the Returned Asset or the subject matter of the relevant Project Intellectual Property Right in accordance with the licence granted under section 3 of this Schedule and pay any additional fee required for such licence.
- (e) **(Intellectual Property Rights)**: Neither the State's rights nor Project Co's liabilities or obligations, whether under this Agreement or otherwise according to Law, in connection with Intellectual Property Rights, will be limited by the terms of this section 5.
- (f) **(Indemnified Persons)**: For the purposes of this section 5, the Indemnified Persons are each of:
- (1) the State;
 - (2) the State's Associates; and
 - (3) any person nominated or authorised by the State (including the respective sub-licensees of the State and its Associates) to use any Intellectual Property Rights.

6 Moral Rights

If Project Co, in the course of carrying out the Project Activities, makes use of any work or other subject matter in which copyright subsists (**Material**), Project Co must procure from every person (including any officer, employee, agent, consultant or Subcontractor of Project Co or any of its Associates) who is an author of that Material a consent which is valid and effective under the *Copyright Act 1968* (Cth) and signed by that person by which (to the maximum extent permitted by Law) that person irrevocably and unconditionally consents to the State, any of its Associates and any person nominated or authorised by the State (including sub-licensees), Project Co and its Associates and any person authorised to do acts comprised in the copyright (**Beneficiaries**):

- (a) **(exercise of rights)**: using, disclosing, reproducing, transmitting, exhibiting, communicating, adapting, publishing or otherwise exercising its rights in relation to the Material anywhere in the world in whatever form any of the Beneficiaries thinks fit (including the making of any distortions, additions or alterations to the Material or any adaptation thereof, or to any part of the Material or of any adaptation of the Material in a manner which, but for the consent, infringes or may infringe that person's Moral Rights in the Material); and

- (b) **(no identification)**: using, disclosing, reproducing, transmitting, exhibiting, communicating, adapting, publishing or otherwise exercising its rights in relation to the Material or any adaptation thereof (or any part of the Material or of any such adaptation) anywhere in the world without making any identification of that person in relation to the Material.

7 Third Party Materials

- (a) **(Application of Third Party Intellectual Property Rights)**: Sections 3 and 6 of this Schedule will not apply to any Intellectual Property Rights that are Third Party Intellectual Property Rights if, and only to the extent that:
- (1) the material the subject of the relevant Intellectual Property Rights (the **Third Party Material**) is generally commercially available on reasonable commercial terms;
 - (2) Project Co and its Associates have been unable (despite their reasonable endeavours) to procure from the relevant third party the right to grant the licences in sections 3 and 6 of this Schedule in respect of that Third Party Material;
 - (3) Project Co has notified the State that it has been unable to procure the necessary licence rights for that Third Party Material;
 - (4) Project Co has used its reasonable endeavours to procure a licence for the State in respect of that Third Party Material (whether from Project Co or the relevant third party) on terms as close as possible to the terms of sections 3 and 6 of this Schedule, and has notified the State of those terms; and
 - (5) the State has given its approval to the Third Party Material being excluded from the subject matter of the licenses granted in sections 3 and 6 of this Schedule. This approval may be given at the State's sole discretion, and is subject to such conditions as the State sees fit.
- (b) **(No State approval)**: The State not giving its approval in accordance with section 7(a)(5) of this Schedule will not relieve Project Co from any of its obligations under this Agreement or any of the Project Documents.
- (c) **(State withdraws approval)**: If the State has reasonable grounds to withdraw, and notifies Project Co that it has withdrawn, its approval under this section 7 of this Schedule in respect of any Third Party Material, Project Co must use its reasonable endeavours to immediately procure for the State from the relevant third party (or parties), at Project Co's sole cost and expense, all licences necessary under the terms of this Agreement in respect of that Third Party Material.
- (d) **(Procurement of licences to Third Party Material)**: If the State approves certain Third Party Material being excluded from the subject matter of the licenses granted in sections 3 and 6 of this Schedule and instead being licensed to the State on certain terms notified under section 7(a)(4) of this Schedule, Project Co must immediately grant to the State or procure from the relevant third party a licence for the State (as the case may be) on those terms.

Independent Reviewer Deed of Appointment

Date ►

Between the parties

State **The Minister for Public Transport on behalf of the Crown in right of the State of Victoria**

Project Co 1 [not disclosed];
2 [not disclosed];
3 [not disclosed]; and
4 [not disclosed],
(together, **Cross Yarra Partnership**) of Level 8, 136 Exhibition Street, Melbourne, VIC 3000, Australia.

Train Franchisee **Metro Trains Melbourne Pty Ltd**
ACN 136 429 948 of Level 17, 700 Collins Street, Melbourne Victoria 3000.

Tram Franchisee **KDR Victoria Pty Ltd**
ABN 42 138 066 074 of Level 3, 555 Bourke Street, Melbourne Victoria 3000.

Independent Reviewer **AECOM Australia Pty Ltd**
ACN 093 846 925 of Collins Square, Level 10, Tower Two, 727 Collins Street, Melbourne Victoria 3008.

Recitals

- 1 The background to the Project is set out in the Project Agreement.
- 2 The Independent Reviewer is experienced generally in construction and project management and, in particular, in:
 - a the review and checking of design documentation; and
 - b design and construction in respect of rail infrastructure and tunnels,and offers its expertise in those fields.
- 3 The State Project Documents and the Project Alliance Agreements contemplate that the Independent Reviewer will discharge certain functions, including those set out in the Services

Schedule.

- 4 The Independent Reviewer will perform its obligations in accordance with the terms and conditions of this Deed.
- 5 The Train Franchisee is the operator of the Melbourne metropolitan train network.
- 6 The Tram Franchisee is the operator of the Melbourne metropolitan tram network.
- 7 The Project Activities carried out by Project Co under the Project Agreement will interface with the operation of the Melbourne metropolitan train network and the Melbourne metropolitan tram network.
- 8 The Train Franchisee and Project Co, and the Tram Franchisee and Project Co, have agreed to co-operate and co-ordinate their activities in relation to the Project in accordance with the Rail Franchisee Cooperation Agreements and each Rail Franchisee enters into this Deed in its capacity as counterparty to the relevant Rail Franchisee Cooperation Agreement.

This deed witnesses as follows:

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Deed have the meanings given to them in or for the purposes of the Project Agreement.

1.2 Definitions

In this Deed, unless the context otherwise requires:

| Term | Meaning |
|---------------------------------|---|
| Adjustment Event | has the meaning given in the Project Alliance Agreements. |
| Agreed Amount | has the meaning given in clause 15(b)(1). |
| Aggregate Monthly Amount | means, for a given month, the amount set out for that month in the column entitled "Aggregate Monthly Amount" in section 8(a), 8(b), or 8(c) of Schedule 3 (as the context requires). |
| Alliance Services | means: <ol style="list-style-type: none">1 all of the functions conferred on the Independent Reviewer under a Project Alliance Agreement in respect of Non-PPP CIMs, as varied in accordance with clause 11 or the terms of the applicable Project Alliance Agreement;2 all other things or tasks which the Independent Reviewer must do to comply with its obligations under a Project Alliance Agreement in respect of Non-PPP CIMs; and3 without limiting paragraph 2, all other things and tasks in respect of Non-PPP CIMs not described in a Project Alliance Agreement if those things and tasks should have been reasonably anticipated by an experienced and expert professional provider of similar services as being necessary for the performance of those things or tasks or which are otherwise capable of inference from a Project Alliance Agreement. |
| Alliance Services Fee | means the sum of the fees payable to the Independent Reviewer for performance of the Alliance Services, as adjusted from time to time in accordance with clause 11.1 and the Payment Schedule. |
| Alliance Services Fee | has the meaning given in section 8(c) of Schedule 3. |

| Term | Meaning |
|---|--|
| Cap | |
| Alliance Services Fee Cumulative Cap | means the Aggregate Monthly Amount set out in section 8(c) of Schedule 3 (as applicable), minus the aggregate of all previous Fees paid to the Independent Reviewer in respect of the Alliance Services. |
| Authorisation | has the meaning given in the Project Alliance Agreements. |
| AW Services | has the meaning given to the term 'Services' under the Independent Reviewer Deed of Appointment (Advanced Works). |
| AW Services Fee | has the meaning given to the term 'Fee' under the Independent Reviewer Deed of Appointment (Advanced Works). |
| Capped Party | has the meaning given in clause 9.3(b). |
| Commencement Date | has the meaning given in clause 2.1. |
| Contract Particulars | means the particulars set out in Schedule 1. |
| Cost | has the meaning given in clause 15(g). |
| Critical Interface Milestones | means all of the Critical Interface Milestones set out under the: <ol style="list-style-type: none">1 Project Agreement; and2 Project Alliance Agreements. |
| Deed | means this deed and includes all Schedules, Exhibits, Attachments and Annexures to it. |
| Disbursements Cap | has the meaning given in section 9 of Schedule 3. |
| Dispute | has the meaning given in clause 16.2. |
| Disputing Parties | has the meaning given in clause 16.2. |

| Term | Meaning |
|--|---|
| DLP Fee Cap | has the meaning given in section 8(e)(1) of Schedule 3. |
| DLP Fee Cumulative Cap | means the Aggregate Monthly Amount set out in section 8(b) of Schedule 3 (as applicable), minus the aggregate of all previous Fees paid to the Independent Reviewer for the Upstream Independent Reviewer Functions (excluding the Alliance Services) performed in accordance with this Deed during the DLP Fee Period. |
| DLP Fee Period | means the period commencing on the expiry of the Initial Fee Period and ending on the date of the Last DLP. |
| DLP Fee Proposal | has the meaning given in section 8(d) of Schedule 3. |
| Downstream Independent Reviewer Contracts | means: <ol style="list-style-type: none">1 the D&C Subcontract;2 any Subcontract in respect of the Project Activities as specified in item 9 of the Contract Particulars of the Project Agreement; and3 any Sub-Independent Reviewer Deed. |
| Downstream Independent Reviewer Functions | means the functions, powers and obligations of the Independent Reviewer or the Sub-Independent Reviewer (as applicable) under the Downstream Independent Reviewer Contracts. |
| Downstream Parties | means the D&C Subcontractor. |
| Expiry Date | means the date which is the earlier of: <ol style="list-style-type: none">1 the end of the Term; and2 termination of this Deed in accordance with clause 12 or otherwise at Law. |
| Fee | means the sum of the fees payable or paid to the Independent Reviewer for performance of the Services, as adjusted from time to time in accordance with clause 11.1 and the Payment Schedule, and includes the Alliance Services Fee. |
| Hold Point | has the meaning given in the PS&TR. |

| Term | Meaning |
|--|---|
| Independent Reviewer Deed of Appointment (Advanced Works) | means the document entitled 'Independent Reviewer Deed of Appointment (Advanced Works)' dated [insert] between the State, the D&C Subcontractor, the Independent Reviewer, the Train Franchisee and the Tram Franchisee. |
| Independent Reviewer Material | means all documentation, information (including databases and drafts), models and other material in which Intellectual Property Rights are capable of subsisting prepared, used or provided by or on behalf of the Independent Reviewer in carrying out the Services. |
| Independent Reviewer's Representative | means the person named in the Contract Particulars or any other person appointed by the Independent Reviewer with the approval of the Project Parties from time to time to replace that person. |
| Independent Subcontractor | means the independent subcontractor appointed by the Independent Reviewer under clauses 5.13 and 5.14 to perform the Independent Subcontractor Services. |
| Independent Subcontractor Services | means each part of the Services relating to: <ol style="list-style-type: none">1 the certification of any Critical Interface Milestones; and2 assessing and quantifying interface cost impacts under the Project Alliance Agreements. |
| Initial Fee Cap | has the meaning given in section 8(a) of Schedule 3. |
| Initial Fee Cumulative Cap | means the Aggregate Monthly Amount set out in section 8(a) of Schedule 3 (as applicable), minus the aggregate of: <ol style="list-style-type: none">1 all previous Fees paid to the Independent Reviewer for the Upstream Independent Reviewer Functions (excluding the Alliance Services) performed in accordance with this Deed during the Initial Fee Period; and2 all of the AW Services Fees paid pursuant to the Independent Reviewer Deed of Appointment (Advanced Works). |
| Initial Fee Period | means the period commencing on the date of this Deed and ending on the Date of Final Acceptance. |
| Initial Monitoring Plan | means the document set out in Schedule 4. |
| Key People | means the people identified as such in the Contract Particulars. |

| Term | Meaning |
|------------------------------------|--|
| Key RIA People | has the meaning given in clause 4A(e). |
| Liability Cap | has the meaning given in clause 9.1. |
| Member | means a person who is a 'Member' for the purposes of the expression of interest or request for proposal in respect of the Rail Infrastructure Alliance. |
| Monitoring Plan | means a monitoring plan provided by the Independent Reviewer in accordance with clause 3.4, as amended and updated in accordance with clause 3.4. |
| Non-Capped Party | has the meaning given in clause 9.3(c). |
| Non-PPP CIM | means: <ol style="list-style-type: none">1 any RIA-RSA CIM, as that term is defined in the Rail Infrastructure Alliance Agreement; and2 any RSA-RIA CIM or RSA-HCMT CIM, as each of those terms are defined in the Rail Systems Alliance Agreement. |
| Payment Schedule | means the schedule set out in Schedule 3. |
| Primary Policy | has the meaning given in clause 9.5(d)(2). |
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated on or about the date of this Deed. |
| Project Alliance Agreements | means: <ol style="list-style-type: none">1 the Rail Systems Alliance Agreement; and2 the Rail Infrastructure Alliance Agreement. |
| Project Alliance Services | means each part of the Services performed under a Project Alliance Agreement. |
| Project Alliance Site | means any land, or any part of land, where the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works are to be performed. |

| Term | Meaning |
|---|--|
| Project Parties | means the State and Project Co. |
| Project Parties' Representatives | means, in respect of each of the State and Project Co, the person named in the Contract Particulars or any other person appointed by the relevant Project Party from time to time to replace that person. |
| Quality Management Plan | means the plan of that name prepared and updated in accordance with the Project Management Requirements. |
| Quarter | means: <ol style="list-style-type: none">1 the period from the Commencement Date until the first Quarterly Date during the Term;2 each 3 month period commencing on a Quarterly Date; and3 the period from the last Quarterly Date during the Term until the Expiry Date. |
| Rail Franchisee Input Document | has the meaning given to the term 'Franchisee Input Document' in a Rail Franchisee Cooperation Agreement. |
| Recipient | has the meaning given in clause 15(b)(2). |
| Resource Adjustment | means an adjustment in the level of resources which are required from the Independent Reviewer to perform the Upstream Independent Reviewer Functions. |
| Resource Adjustment Order | means the document issued by the Project Parties in accordance with section 11.5 of the Payment Schedule. |
| Respondent | means a person who is a 'Respondent' for the purposes of the expression of interest or request for proposal in respect of the Rail Infrastructure Alliance. |
| Revenue | has the meaning given in clause 15(f). |
| RIA IR Services | means those parts of the Services which relate to: <ol style="list-style-type: none">1 a Critical Interface Milestone identified in the Critical Interface Milestone Program; and2 any other part of the Services which is related or connected to the RIA and which the State notifies each other party is an 'RIA |

| Term | Meaning |
|--|---|
| | IR Service' for the purposes of this Deed. |
| RIA Sub-consultant | has the meaning given in clause 4A(c). |
| Schedule of Rates and Disbursements | means the schedule of rates and prices, disbursements and caps set out in section 9 of the Payment Schedule as adjusted from time to time in accordance with clause 11.1 and the Payment Schedule. |
| Services | means: <ol style="list-style-type: none">1 the AW Services;2 the Alliance Services;3 all of the functions conferred on the Independent Reviewer under this Deed, the State Project Documents or the Downstream Independent Reviewer Contracts, as varied in accordance with clause 11 or in accordance with terms of the Downstream Independent Reviewer Contracts;4 all other things or tasks which the Independent Reviewer must do to comply with its obligations under this Deed, the State Project Documents or the Downstream Independent Reviewer Contracts; and5 without limiting paragraph 2, all other things and tasks not described in this Deed, the State Project Documents or the Downstream Independent Reviewer Contracts if those things and tasks should have been reasonably anticipated by an experienced and expert professional provider of similar services as being necessary for the performance of those things or tasks or which are otherwise capable of inference from this Deed, the State Project Documents or the Downstream Independent Reviewer Contracts. |
| Services Schedule | means the schedule set out in Schedule 2. |
| Sub-Independent Reviewer | has the meaning given in the D&C Subcontract. |
| Sub-Independent Reviewer Deed | means a document entitled 'Sub-Independent Reviewer Deed of Appointment' between Project Co, the Independent Reviewer, and the D&C Subcontractor, dated on or about the date of this Deed. |
| Sub-IR Services | has the meaning given in the Sub-Independent Reviewer Deed. |

| Term | Meaning |
|--|--|
| Substitute Reviewer | has the meaning given in clause 11.2(a). |
| Successor Operator | has the meaning given to that term in the relevant Rail Franchisee Cooperation Agreement. |
| Supplier | has the meaning given in clause 15(b). |
| Term | means the period from the Commencement Date to the date 1 month after the expiry of the D&C Phase or such later date as agreed by the parties. |
| Train Franchisee Rail Safety Requirements | means the terms of the Train Franchisee's accredited Safety Management System, including the following requirements to the extent applicable to such Maintenance Services: <ol style="list-style-type: none">1 Safety and Environmental Requirements for contractors Working on Franchisee Premises – L0-SQE-PRO-014; and2 Contractor Safety Procedure – L1-SQE-PRO-011. |
| Train Franchisee Representative | means the person named in the Contract Particulars or any other person appointed by the Train Franchisee with the prior approval of the Project Parties from time to time to replace that person. |
| Tram Franchisee Rail Safety Requirements | means the rail safety requirements arising under the terms of the Tram Franchisee's accredited Tram Safety Management System. |
| Tram Franchisee Representative | means the person named in the Contract Particulars or any other person appointed by the Tram Franchisee with the prior approval of the Project Parties from time to time to replace that person. |
| Transition Out Period | means the period of 24 months prior to the end of the Term. |
| Transition Out Plan | means the plan prepared by the Independent Reviewer to meet its obligations in accordance with clause 13 which is in a form reasonably agreed to by the Project Parties. |
| Upstream Independent Reviewer Functions | means the Services excluding the Downstream Independent Reviewer Functions. |

1.3 Interpretation

In this Deed:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) **(Deed and Schedule references)**: a reference to:
 - (1) a party, clause or Schedule is a reference to a party, clause or Schedule of or to this Deed;
 - (2) a section is a reference to a section of a Schedule;
 - (3) the Train Franchisee includes PTV to the extent PTV exercises any step-in rights under the Train Franchisee Arrangements as contemplated by clause 23 of the Train Franchisee Cooperation Agreement; and
 - (4) the Tram Franchisee includes PTV to the extent and for the duration PTV exercises any step-in rights under the Tram Franchisee Arrangements as contemplated by clause 18 of the Tram Franchisee Cooperation Agreement;
 - (d) **(deed as amended)**: a reference to this Deed or to any other deed, agreement, document or instrument includes a reference to this Deed or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
 - (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
 - (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
 - (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
 - (i) **("includes")**: "includes" will be read as if followed by the phrase "(without limitation)";
 - (j) **("or")**: the meaning of "or" will be that of the inclusive, being one, some or all of a number of possibilities;
 - (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
 - (l) **("\$")**: a reference to "\$", AUD or dollar is to Australian currency;
 - (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;

- (n) (**rights**): a reference to a right includes any benefit, remedy, function, discretion, authority or power;
- (o) (**obligations and liabilities**): without limiting clause 1.6 or 1.7, a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) ("**may**"): the term "may", when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) (**construction**): where there is a reference to an Authority, institute or association or other body referred to in this Deed which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Deed is deemed to refer to that other entity; or
 - (2) ceases to exist, this Deed is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) (**remedy**): the use of the words "remedy", "cure" or any form of such words in this Deed means that the event to be remedied or cured must be remedied or cured or its effects overcome; and
- (s) (**contra proferentem rule not to apply**): each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Business Day

If the day on or by which anything is to be done in accordance with this Deed is not a Business Day, that thing must be done no later than the next Business Day.

1.5 Inconsistency

Where there is an inconsistency, ambiguity or discrepancy between:

- (a) this Deed and any other State Project Documents, then the order of precedence in clause 2.3 (*Inconsistency between State Project Documents*) of the Project Agreement applies; or
- (b) this Deed and a Project Alliance Agreement, then the greater or higher requirement, standard quality, level of service, quantum or scope as determined by the State will prevail.

1.6 Joint and several Liability of Independent Reviewer

If the Independent Reviewer comprises more than one person:

- (a) (**joint and several**): the obligations of those persons are joint and several; and
- (b) (**proceedings**): each Project Party and each Rail Franchisee may proceed against any or all of them for any failure of the Independent Reviewer to comply with any obligation in accordance with this Deed or otherwise.

1.7 Several Liability

- (a) **(Project Parties):** If a provision of this Deed binds the Project Parties, that provision binds each of the Project Parties severally and not jointly and severally.
- (b) **(Project Parties and Rail Franchisees):** If a provision of this Deed binds the Project Parties and one or both of the Rail Franchisees, that provision binds each of the Project Parties and the relevant Rail Franchisees severally and not jointly and severally.

1.8 Relationship of the parties

- (a) **(No partnership or joint venture):** The relationship between and among the parties to this Deed will not be that of partners or joint venturers and nothing therein contained will be deemed to constitute a partnership or joint venture among them and no party will have authority or power to act unilaterally as agent for the other.
- (b) **(Independent contractor):** It is understood that the Independent Reviewer is acting as an independent contractor for the Project Parties and the Rail Franchisees and therefore the Independent Reviewer is not authorised to enter into any binding obligations on behalf of the Project Parties or the Rail Franchisees.
- (c) **(No relationship):** Unless otherwise expressly provided, this Deed does not:
 - (1) create a partnership, joint venture or fiduciary relationship between the parties to this Deed; or
 - (2) impose any duty of good faith on the State.

1.9 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Deed or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands must be given in writing.

1.10 Action without delay

Unless there is a provision in this Deed which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.11 Prior approval or consent

Where Project Co, a Rail Franchisee, or the Independent Reviewer or any of them are required by this Deed to obtain the State's consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.12 Provisions limiting or excluding Liability

- (a) **(No limit):** A right of the State or a Rail Franchisee, or any obligation of Project Co or the Independent Reviewer, under this Deed will not limit or exclude any other right of the State or a Rail Franchisee, or obligation of Project Co or the Independent Reviewer under this Deed unless expressly stated.

- (b) **(Permitted by Law)**: Any provision of this Deed which seeks, either expressly or by implication, to limit or exclude a Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.13 State's rights and obligations

- (a) **(Acknowledgement)**: The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 (*State's executive rights and duties*) of the Project Agreement in relation to this Deed.
- (b) **(No Claim)**: Subject to clause 1.13(c) Project Co, the Rail Franchisees, and the Independent Reviewer will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its executive or statutory rights or duties.
- (c) **(Liability for breach)**: Clauses 1.13(a) and 1.13(b) do not limit any Liability which the State would have had to Project Co, the Rail Franchisees, or the Independent Reviewer under any State Project Document as a result of a breach by the State of a term of any State Project Document but for those clauses.

1.14 Reasonable endeavours

Any statement in this Deed providing that the State will use or exercise "reasonable endeavours" or "act reasonably" in relation to an outcome, means that the State:

- (a) **(Relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(No guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(No obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, statutory or executive duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; oract in any way that the State regards as not in the public interest.

1.15 Cost of carrying out obligations

Each party must carry out its obligations under this Deed at its own cost, unless expressly provided otherwise.

2 Conditions precedent

2.1 Conditions precedent

The rights and obligations of the parties under this Deed will not commence until the later of:

- (a) **(Execution of this Deed)**: the date of execution of this Deed by all parties to this Deed;
- (b) **(Execution of the Project Agreement)**: the date of execution of the Project Agreement by all parties to the Project Agreement;
- (c) **(Execution of the Train Franchisee Cooperation Agreement)**: the date of execution of the Train Franchisee Cooperation Agreement by all parties to the Train Franchisee Cooperation Agreement; and
- (d) **(Execution of the Tram Franchisee Cooperation Agreement)**: the date of execution of the Tram Franchisee Cooperation Agreement by all parties to the Tram Franchisee Cooperation Agreement,

(Commencement Date).

2.2 Failure to achieve Financial Close

- (a) **(Termination)**: If the Project Parties do not achieve Financial Close by the Condition Precedent Deadline, then the Project Parties may, at their option, terminate this Deed by notice to the Independent Reviewer and the Rail Franchisees.
- (b) **(Rights and obligations upon termination)**: Where this Deed is terminated in accordance with this clause 2.2 then, notwithstanding clause 12.7:
 - (1) the Independent Reviewer will only be entitled to be paid the proportion of the Fee for the Services performed up to the date of termination in accordance with the Payment Schedule; and
 - (2) the Independent Reviewer will not otherwise be entitled to bring any Claim against the Project Parties or the Rail Franchisees arising in connection with:
 - (A) the termination of this Deed; or
 - (B) the Project, the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreement, or the Downstream Independent Reviewer Contracts.

3 General obligations of the Independent Reviewer

3.1 Appointment

- (a) **(Appointment)**: Each of the Project Parties appoints the Independent Reviewer under this Deed to perform the Services for the benefit of each of the Project Parties and subject to clause 6.9, each of the Rail Franchisees.
- (b) **(Acceptance of appointment)**: The Independent Reviewer confirms its acceptance of the appointment.

3.2 Services

The Independent Reviewer must carry out the Services in accordance with this Deed for the Term.

3.3 Effect of Services Schedule

The Project Parties, the Rail Franchisees, and the Independent Reviewer acknowledge that the Services Schedule:

- (a) is indicative only;
- (b) is not intended to be a complete description of the Services;
- (c) does not limit or otherwise affect the Services or the performance of the Services; and
- (d) cannot be used as the aid to interpretation of the Services.

3.4 Monitoring Plan

- (a) **(Provision and amendment of Monitoring Plan):** The Independent Reviewer:
 - (1) must prepare and submit to the Project Parties and the Rail Franchisees within 25 Business Days of the date of this Deed a Monitoring Plan which must, as a minimum, address those issues set out in the Initial Monitoring Plan and which addresses the requirements for the Monitoring Plan set out in Schedule 5;
 - (2) subject to clause 3.4(e), must, throughout the performance of the Services, develop, continually review and, if necessary, amend the Monitoring Plan:
 - (A) as required by clause 3.4(c)(2);
 - (B) to reflect any Resource Adjustment;
 - (C) to take into account events which will, or may reasonably be expected to, affect the manner in which the Independent Reviewer carries out the Services, including:
 - (i) Modifications under the State Project Documents;
 - (ii) changes in Law;
 - (iii) Approvals (including the conditions of Approvals);
 - (iv) the commencement of new phases or stages of design, construction, operations or maintenance in accordance with the State Project Documents or the Project Alliance Agreements;
 - (v) to take into account the manner in which Project Co is undertaking the Works and the D&C Activities, including any Defects or non-compliances with the State Project Documents;
 - (vi) any breach or potential breach of the warranty in clause 3.4(b);
 - (vii) with respect to the Project Alliance Services, Adjustment Events under the Project Alliance Agreements;

- (viii) with respect to the Project Alliance Services, Authorisations (including the conditions of Authorisations) under the Project Alliance Agreements; and
 - (ix) with respect to the Project Alliance Services, to take into account the manner in which the Rail Systems Alliance or the Rail Infrastructure Alliance is undertaking the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works, including any non-compliances with the Project Alliance Agreements;
 - (D) for the purposes of continuous improvement of the Monitoring Plan by continually improving the standards and quality of the Services carried out in accordance with the Monitoring Plan; and
 - (E) as otherwise agreed with the Project Parties and, where the proposed change relates to activities addressed by a Rail Franchisee Cooperation Agreement, the relevant Rail Franchisee(s);
- (3) must promptly submit each amended Monitoring Plan to the Project Parties and the Rail Franchisees; and
- (4) acknowledges that the Initial Monitoring Plan sets out certain minimum requirements in respect of the Monitoring Plan and no Monitoring Plan provided in accordance with this clause 3.4 can in any way limit or reduce the requirements or obligations of the Independent Reviewer set out in the Initial Monitoring Plan, except where it is necessary to do so to comply with the State Project Documents.
- (b) **(Warranty)**: The Independent Reviewer warrants that the carrying out of the Services in accordance with the Monitoring Plan will enable the Independent Reviewer to comply with its obligations under this Deed.
- (c) **(Acknowledgements)**: The Independent Reviewer acknowledges that the Monitoring Plan:
 - (1) does not limit the Independent Reviewer's obligations under this Deed; and
 - (2) will require amendment resulting from a change to the Services in accordance with clause 11.
- (d) **(Review of updated plan)**: Each Project Party, and each Rail Franchisee may:
 - (1) review each amended Monitoring Plan provided to the Project Parties and Rail Franchisees in accordance with this clause 3.4; and
 - (2) if the amended Monitoring Plan does not comply with this Deed or the State Project Documents, notify the other Project Party and the Rail Franchisees and the Independent Reviewer of that non-compliance within 15 Business Days of the submission of the amended Monitoring Plan to the Project Parties and the Rail Franchisees.
- (e) **(Amended plan)**: If the Independent Reviewer receives a notice in accordance with clause 3.4(d)(2), the Independent Reviewer must promptly submit an amended Monitoring Plan to the Project Parties and the Rail Franchisees.
- (f) **(Compliance with Plan)**: Except where otherwise provided in this Deed or the State Project Documents, the Independent Reviewer must not depart and must

ensure that its subcontractors do not depart from the Monitoring Plan unless it is necessary to do so to ensure compliance with this Deed or the State Project Documents.

- (g) **(No duty to review):** The Project Parties and the Rail Franchisees owe no duty to the Independent Reviewer to review the Monitoring Plan or any amended Monitoring Plan for errors, omissions or compliance with this Deed or the State Project Documents. No comment on or approval, agreement or review of the Monitoring Plan by a Project Party or a Rail Franchisee will constitute a direction for the purposes of clause 5.6 or otherwise.

3.5 Independent Reviewer Deed of Appointment (Advanced Works)

- (a) **(Acknowledgement of termination and provision of Services):** The parties acknowledge and agree that:
- (1) the Independent Reviewer Deed of Appointment (Advanced Works) has been terminated in accordance with its terms;
 - (2) the AW Services form part of the Services to be delivered by the Independent Reviewer pursuant to this Deed; and
 - (3) the exercise of any functions or decisions made by the Independent Reviewer pursuant to the Independent Reviewer Deed of Appointment (Advanced Works) are regarded as being functions exercised or decisions made by the Independent Reviewer under this Deed.
- (b) **(Accrued Liabilities):** The Independent Reviewer:
- (1) accepts all Liabilities of the Independent Reviewer accrued under or in connection with the Independent Reviewer Deed of Appointment (Advanced Works), as such Liabilities existed immediately prior to termination of the Independent Reviewer Deed of Appointment (Advanced Works), as if those Liabilities accrued under this Deed;
 - (2) agrees that any obligation or Liability of the “Project Parties” (as defined in the Independent Reviewer Deed of Appointment (Advanced Works) immediately prior to termination) and the Rail Franchisees, including in respect of payment, arising under or in connection with the Independent Reviewer Deed of Appointment (Advanced Works) is satisfied and discharged at the time of Financial Close,

and the Independent Reviewer, the “Project Parties” (as defined in the Independent Reviewer Deed of Appointment (Advanced Works) immediately prior to termination) and the Rail Franchisees have no Claim against each other in relation to any matter arising under or in connection with the Independent Reviewer Deed of Appointment (Advanced Works).

4 Various functions of the Independent Reviewer

- (a) **(Application of clause):** This clause 4 only applies if the Independent Reviewer or any of its subcontractors undertaking the Upstream Independent Reviewer Functions is the same entity undertaking the Downstream Independent Reviewer Functions.
- (b) **(Upstream Independent Reviewer Functions paramount):** The Project Parties, the Rail Franchisees and the Independent Reviewer acknowledge and

agree that the Upstream Independent Reviewer Functions represent the paramount role of the Independent Reviewer, with the intent that:

- (1) if there is any ambiguity, conflict, discrepancy or inconsistency between any Upstream Independent Reviewer Functions and any Downstream Independent Reviewer Functions, the Upstream Independent Reviewer Functions will prevail as between the parties to this Deed;
- (2) neither the existence nor terms of a Downstream Independent Reviewer Function nor the exercise, failure to exercise or manner of exercise of a Downstream Independent Reviewer Function will be a precedent for, limit or otherwise affect the exercise of, or be construed in any way as an aid to interpretation of, an Upstream Independent Reviewer Function; and

(3) neither:

- (A) the receipt by the Independent Reviewer of any notice, claim, plan, program, report, manual, model or any other document or information nor the giving of any notice, the making of any comment or any other act or omission by the Independent Reviewer arising in connection with a Downstream Independent Reviewer Function; nor
- (B) the existence or performance of any function by, any consultation with, or provision of any notice, report, certificate, comment or any other document or information to, the Independent Reviewer by any other reviewer, certifier, engineer, adviser or other consultant engaged by any party other than the State,

will:

- (C) give rise to any obligation on the part of the Independent Reviewer to exercise (or exercise in a particular manner) any Upstream Independent Reviewer Function;
- (D) relieve Project Co from the giving of any notice, claim, plan, program, report, manual, model or any other document or information or the doing of any other thing in respect of an Upstream Independent Reviewer Function in order to give rise to any obligation on the part of the Independent Reviewer to exercise that Upstream Independent Reviewer Function; or
- (E) be a precedent for, limit or otherwise affect the exercise of, or be construed in any way as an aid to interpretation of, an Upstream Independent Reviewer Function.

(c) **(State approval and consent):** The Project Parties, the Rail Franchisees, and the Independent Reviewer acknowledge and agree that:

- (1) the Independent Reviewer may not, and must ensure that its subcontractors do not exercise any function or enter into any arrangement arising in connection with the Project, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works other than in accordance with this Deed (including in accordance with clause 7.4) or the Sub-Independent Reviewer Deed, unless approved by the State and on such terms approved by the State; and

- (2) no Downstream Independent Reviewer Function may be varied, altered or amended without the State's consent.
- (d) **(No Liability):** Subject to clause 4(e), to the extent permitted by Law, none of the State, its Associates, the Rail Franchisees or the Independent Reviewer will have any Liability, nor will Project Co or its Associates be entitled to make, continue or enforce any Claim against, or seek, pursue or obtain an indemnity against or contribution to Liability from the State, any of its Associates, the Rail Franchisees or the Independent Reviewer, and Project Co indemnifies the State, its Associates, each Rail Franchisee and the Independent Reviewer in respect of any such Claim or Liability arising in connection with:
- (1) any ambiguity, conflict, discrepancy or inconsistency between any Upstream Independent Reviewer Functions and any Downstream Independent Reviewer Functions; or
- (2) subject to clause 9.10:
- (A) the exercise, failure to exercise or manner of exercise of any Downstream Independent Reviewer Function;
- (B) any act or omission of the Independent Reviewer arising in connection with the performance of any Downstream Independent Reviewer Function; or
- (C) the giving of any notice, claim, plan, program, report, manual, model or any other document or information, or any other act or omission in respect of any Downstream Independent Reviewer Function or any Downstream Independent Reviewer Contract.
- (e) **(No exclusion of Liability):** For the avoidance of doubt, clause 4(d) will not operate to exclude the Independent Reviewer's Liability with respect to:
- (1) a failure by the Independent Reviewer to comply with clause 4(g); or
- (2) any matter for which the Independent Reviewer has provided an indemnity in accordance with clause 9.10.
- (f) **(Duty of care to Project Parties):** The Independent Reviewer acknowledges that it owes a duty of care to the Project Parties and the Rail Franchisees when performing the Downstream Independent Reviewer Functions.
- (g) **(Obligations when performing downstream functions):** The Independent Reviewer warrants to the Project Parties and the Rail Franchisees that, in performing the Downstream Independent Reviewer Functions, it itself will, and will ensure that its subcontractors:
- (1) comply with all Laws, act honestly, diligently, reasonably and with the degree of professional care, knowledge, experience and skill which would be expected of an expert professional providing services similar to the Services for projects similar to the Project;
- (2) at all times, act within the time requirements for the performance of its obligations, both as:
- (A) Independent Reviewer in accordance with this Deed and the State Project Documents and the Project Alliance Agreements; and
- (B) Independent Reviewer when performing any Downstream Independent Reviewer Function which has an equivalent Upstream Independent Reviewer Function;

- (3) at all times act independently of the relevant Downstream Parties and all other parties to the Downstream Independent Reviewer Contracts;
 - (4) ensure that the performance of any Downstream Independent Reviewer Function does not give rise to any (or the possibility of any) conflict of interest;
 - (5) ensure that it does not otherwise compromise its ability to perform the Upstream Independent Reviewer Functions in accordance with this Deed;
 - (6) when performing the Downstream Independent Reviewer Functions, provide to the State copies of all written communications and details of all non-written communications with the Downstream Parties and consult with and provide all further information required by the State in connection with those communications;
 - (7) otherwise comply with any reasonable requirements of the State for the purposes of this warranty; and
 - (8) use and apply the same methodology that it uses and applies in performing the Upstream Independent Reviewer Functions.
- (h) **(Fee payable solely for Services):** The Project Parties, the Rail Franchisees, and the Independent Reviewer acknowledge and agree that the Fee payable in accordance with this Deed will be payable solely for, and will relate solely to, performance of the Upstream Independent Reviewer Functions. The Fee will not, for the avoidance of doubt, be payable for or relate to any Downstream Independent Reviewer Functions, which will be separately payable in accordance with the Sub-Independent Reviewer Deed.
- (i) **(Delegation of risks, liabilities, obligations and responsibilities):** Any express or implied delegation of risks, liabilities, obligations or responsibilities by Project Co and its respective Associates, whether in the Sub-Independent Reviewer Deed, any other Downstream Independent Reviewer Contract or otherwise, does not constitute approval of such delegation by the State or in any way limit or derogate from the scope of Project Co's obligations in accordance with the State Project Documents or this Deed or affect in any way the obligations of the Independent Reviewer in accordance with the State Project Documents or this Deed. References to risks, liabilities, obligations or responsibilities assumed or accepted or acknowledgements given by any such entity or Associate in relation to any such delegation will be construed as assumed or accepted or given (as applicable) by Project Co in accordance with the State Project Documents.
- (j) **(No effect on Upstream Independent Reviewer Functions):** Reference in the Sub-Independent Reviewer Deed or any other Downstream Independent Reviewer Contract to the performance of a function by the Independent Reviewer under any Downstream Independent Reviewer Contract, or the provision to or receipt by the Independent Reviewer of a document, certificate or notice from any Downstream Party (in its capacity as Independent Reviewer), does not in any way affect the functions of the Independent Reviewer under the State Project Documents or this Deed.

4A Rail Infrastructure Alliance

- (a) **(Application of clause):** This clause 4A applies during any time period during which the Independent Reviewer or any of its subsidiaries or subcontractors is:

- (1) a Member of a Respondent for the purposes of, or is otherwise participating in, the expression of interest or request for proposal in respect of the Rail Infrastructure Alliance; or
 - (2) an RIA Participant under the Rail Infrastructure Alliance Agreement.
- (b) **(Independent Reviewer not to perform RIA IR Services):** The Independent Reviewer must not perform the RIA IR Services.
- (c) **(Engagement of RIA Sub-consultant):** The Independent Reviewer must engage a sub-consultant:
 - (1) who must be Advisian Pty Ltd, or another sub-consultant approved by the State (which approval the State may grant or deny in its sole and absolute discretion);
 - (2) to solely perform the RIA IR Services on terms of engagement approved by the State (which approval the State may grant or deny in its sole and absolute discretion); and
 - (3) at the sole cost of the Independent Reviewer. The Independent Reviewer acknowledges and agrees that nothing in this clause 4A entitles the Independent Reviewer to claim a change to the Fee or to any other type of payment under the Payment Schedule,**(RIA Sub-consultant).**
- (d) **(No subcontracting):** The RIA Sub-consultant must not subcontract any of the RIA IR Services without the prior written approval of the Project Parties.
- (e) **(Approval of Key RIA People):** The Independent Reviewer must seek the prior written approval of each of the Project Parties and the Rail Franchisees (which approval each Project Party or Rail Franchisee may grant or deny in its sole and absolute discretion) of any key personnel proposed by the RIA Sub-consultant to perform any part of the RIA IR Services (**Key RIA People**).
- (f) **(Application of clause 5.11):** Clause 5.11 applies to Key RIA People as if they were Key People, with the following amendments:
 - (1) removal of Key RIA People pursuant to clause 5.11(b) requires the prior consent of each of the Project Parties and the Rail Franchisees;
 - (2) notifications pursuant to clause 5.11(d) must be provided to both the Project Parties and the Rail Franchisees; and
 - (3) the approval of both the Project Parties and the Rail Franchisees is required to replace Key RIA People pursuant to clause 5.11(e).
- (g) **(Independent Reviewer's obligations):** The Independent Reviewer must:
 - (1) ensure that:
 - (A) any of its directors, agents, officers, employees and contractors involved or connected with the subject matter of this Deed, including the provision of the Services, do not participate in the Rail Infrastructure Alliance; and
 - (B) any of its directors, agents, officers, employees and contractors involved or connected with the Rail Infrastructure Alliance do not participate in the subject matter of this Deed, including the provision of the Services;
 - (2) implement and comply with such probity arrangements as are directed by the State, including those the State considers necessary to mitigate

- the potential for any actual or perceived unfair advantage to be obtained by any person or entity;
- (3) establish internal systems and processes to ensure that information is not shared beyond, and confidentiality is preserved between, those directors, agents, officers, employees and contractors which are referred to in clause 4A(g)(1); and
 - (4) notify the Project Parties immediately in writing if it becomes aware of any non-compliance with this clause 4A(g).
- (h) **(Demonstration of compliance):** The State may, at any time, require the Independent Reviewer to demonstrate to the State's satisfaction the Independent Reviewer's compliance with clause 4A(g) (or any part of it).
- (i) **(State discretion to notify of new RIA IR Services):** Without limiting the State's rights and discretions under this Deed, if the State at any time, and in its sole and absolute discretion, is not satisfied that clause 4A(g) or (h) are being complied with, the Independent Reviewer acknowledges that the State may exercise its rights under limb (2) of the definition of RIA IR Services.

5 Performance by Independent Reviewer

5.1 Standard of care

The Independent Reviewer must and must ensure that its subcontractors exercise the standard of skill, care and diligence in the performance of the Services that would be expected of an expert professional provider of the Services experienced in providing services similar to the Services for projects similar to the Project.

5.2 Duty to act honestly, fairly and independently

The Independent Reviewer must and must ensure that its subcontractors, in performing the Services act honestly, professionally and independently of the Project Parties, the Rail Franchisees, the Rail Systems Alliance, the Rail Infrastructure Alliance and the Downstream Parties and their respective Associates.

5.3 Time requirements

The Independent Reviewer must and must ensure that its subcontractors perform the Services:

- (a) **(Time limit specified):** within the time limits specified in this Deed, the State Project Documents and the Project Alliance Agreements; and
- (b) **(No time limit specified):** where no time limit is specified, within a reasonable time.

5.4 Conflict of interest

- (a) **(Warranty):** The Independent Reviewer warrants that:
 - (1) as at the date of this Deed, no conflict of interest arises out of its engagement by the Project Parties under this Deed; and
 - (2) if, during the term of this Deed, it becomes aware of the existence or possibility of a conflict of interest, it will:

- (A) immediately notify the Project Parties of that conflict of interest or possible conflict of interest; and
 - (B) take such steps to avoid or mitigate the conflict of interest or possible conflict of interest as the Project Parties may reasonably require.
- (b) **(Prior approval):** The Independent Reviewer must not exercise and must ensure that its subcontractors do not exercise any function nor enter into any arrangement arising out of in respect of or in connection with the Project, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works other than in accordance with this Deed unless approved by the Project Parties and on such terms as are approved by the State.
- (c) **(Warranty to Rail Franchisees):** The Independent Reviewer warrants that:
 - (1) as at the date of this Deed, no conflict of interest arises out of its or its subcontractors' performance of the Services under this Deed in respect of each Rail Franchisee; and
 - (2) if, during the term of this Deed, it becomes aware of the existence or possibility of a conflict of interest, it will:
 - (A) immediately notify the Project Parties and the relevant Rail Franchisee(s) of that conflict of interest or possible conflict of interest; and
 - (B) take such steps to avoid or mitigate the conflict of interest or possible conflict of interest as the relevant Rail Franchisee(s) may reasonably require.

5.5 Communications with Project Parties

The Independent Reviewer must ensure that a copy of each written communication between the Independent Reviewer and a Project Party or a Rail Franchisee which relates to the Project or this Deed, is promptly given to each other Project Party and Rail Franchisee.

5.6 No authority to give directions or waive requirements

The Independent Reviewer has no authority to:

- (a) **(Directions):** give directions to the Project Parties, the Rail Franchisees, the Rail Systems Alliance, the Rail Infrastructure Alliance or the Downstream Parties, other than as may (if at all) be expressly set out in this Deed, the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, or a Downstream Independent Reviewer Contract;
- (b) **(Waive or vary):** waive or vary any requirements of the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, or a Downstream Independent Reviewer Contract; or
- (c) **(Discharge or release):** discharge or release a party from any of its obligations under the State Project Documents, the Project Alliance Agreements, or the Rail Franchisee Cooperation Agreements.

5.7 Acknowledgement of reliance

- (a) **(Reliance):** Subject to clause 5.7(b), the Independent Reviewer acknowledges that each Project Party, each Rail Franchisee, and each Downstream Party:

- (1) is entitled to, and will, rely on:
 - (A) the skill and expertise of the Independent Reviewer in the performance of the Services; and
 - (B) any certificate signed or given by the Independent Reviewer under the State Project Documents or the Project Alliance Agreements; and
 - (2) may suffer Liability if the Independent Reviewer does not perform the Services in accordance with the requirements of this Deed.
- (b) **(No liability):** Notwithstanding anything else in this clause 5.7, the Independent Reviewer is not responsible for, has no duty of care to, and has no Liability to a Rail Franchisee to review any Submitted Document in respect of:
- (1) a Rail Franchisee's ability to comply with the relevant Rail Franchisee Arrangements;
 - (2) the Train Franchisee's ability to discharge its duties under the Rail Safety National Law;
 - (3) the Tram Franchisee's ability to discharge its duties under the Tram Safety Act;
 - (4) the Train Franchisee's ability to comply with the requirements of its Train Accreditation and the Train Franchisee Rail Safety Requirements, to the extent that a Submitted Document relates to any rail safety management arrangements in relation to any Maintenance Services comprising Railway Operations; or
 - (5) the Tram Franchisee's ability to comply with the requirements of its Tram Accreditation and the Tram Franchisee Rail Safety Requirements, to the extent that a Submitted Document relates to any rail safety management arrangements in relation to the Tram Works,
- except to the extent:
- (6) the relevant Rail Franchisee has provided comments in relation to these matters pursuant to the State Project Documents, the Project Alliance Agreements or the relevant Rail Franchisee Cooperation Agreement; or
 - (7) the PS&TR requires the relevant Submitted Document to comply with or allow the relevant Rail Franchisee to discharge its duties in relation to such matters.

5.8 Knowledge of Project Parties' requirements

The Independent Reviewer warrants that:

- (a) **(Informed itself of documents relating to Services):** it has informed itself of the requirements of the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts in so far as they relate to the Services;
- (b) **(Informed itself of other requirements):** without limiting clause 5.8(a), it has informed itself of all time limits and other requirements for any function which the Independent Reviewer must perform in accordance with the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts;

- (c) **(Nature of work)**: it has informed itself of the nature of the work necessary for the performance of the Services and (to the maximum extent possible) the means of access to and facilities within the Site and any land, or any part of land where works are to be performed under a Project Alliance Agreement, including any restrictions on any such access; and
- (d) **(Sufficiency of the Fee)**: it has satisfied itself as to the sufficiency of the Fee and the 'Fee' (as defined in the Sub-Independent Reviewer Deed) having regard to the costs which it will incur in complying with its obligations in accordance with this Deed.

5.9 Co-ordination and co-operation

The Independent Reviewer must and must ensure that its subcontractors, in performing the Services:

- (a) **(Co-operation)**: co-operate with the Project Parties, the Rail Franchisees, the Rail Systems Alliance, the Rail Infrastructure Alliance and the Downstream Parties and their respective Associates;
- (b) **(Co-ordinate)**: co-ordinate the Services with the work to be performed by the Project Parties, the Rail Franchisees, the Rail Systems Alliance, the Rail Infrastructure Alliance and the Downstream Parties, and their respective Associates; and
- (c) **(Avoid unreasonable interference)**: avoid any unreasonable interference, disruption or delay to the work to be performed by the Project Parties, the Rail Franchisees, the Rail Systems Alliance, the Rail Infrastructure Alliance and the Downstream Parties, and their respective Associates.

5.10 Personnel

The Independent Reviewer must provide sufficient numbers of experienced and competent personnel to perform its obligations in accordance with this Deed within the timeframes specified in this Deed, the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts.

5.11 Key People

Without limiting its obligations in accordance with clause 5.10, the Independent Reviewer must:

- (a) **(Key People perform functions)**: ensure that the Key People perform the functions specified in the Contract Particulars and, unless reasonably directed otherwise by the Project Parties, ensure that they are committed and available to the Project, the Rail Systems Alliance Works and the Rail Infrastructure Alliance Works as required to fulfil the requirements of this Deed, the State Project Documents, the Project Alliance Agreements and the Rail Franchisee Cooperation Agreements;
- (b) **(Removal of Key People)**: subject to clause 5.11(c), not remove the Key People without the prior consent of the Project Parties (which must not be unreasonably withheld or delayed, and who must consult with the Rail Franchisees prior to providing or withholding such consent);
- (c) **(Best endeavours)**: use its best endeavours to ensure that none of the Key People resign or otherwise become unavailable to perform their functions as required by clause 5.11(a);

- (d) **(Unavailability of Key People):** without limiting clause 5.11(f) and in relation to any Key People who resign or otherwise become or may become unavailable to perform their functions as required by clause 5.11(a) (whether temporarily or permanently), notify the Project Parties accordingly including advising the Project Parties of the way in which the Independent Reviewer proposes to address the unavailability of any such Key People;
- (e) **(Replacement of Key People):** if any of the Key People are removed, die, become seriously ill or resign, subject to the approval of the Project Parties, replace them as soon as practicable with persons of at least equivalent skill and experience; and
- (f) **(Availability of Key People):** ensure that the Key People are available for consultation as any Project Party may reasonably require from time to time.

5.12 Independent Reviewer's Representative

The Independent Reviewer:

- (a) **(Independent Reviewer's Representative):** has nominated the Independent Reviewer's Representative as the person to act as its representative for the Services;
- (b) **(Nominate another person):** may, from time to time nominate another person to act as the Independent Reviewer's Representative, subject to the Project Parties' approval (in their sole and absolute discretion and with no obligation to do so), in which case that person will be the relevant representative in lieu of the person named in the Contract Particulars; and
- (c) **(Authority to bind Independent Reviewer):** confirms that the Independent Reviewer's Representative has the power and authority to bind the Independent Reviewer.

5.13 Subcontracting

The Independent Reviewer:

- (a) **(No subcontracting):** may not subcontract the performance of any of its Services without the prior consent of each Project Party (which may be conditional) and the Rail Franchisees (which, in the case of the Rail Franchisees, must not be unreasonably withheld or delayed); and
- (b) **(Responsible for performance):** remains responsible for the performance of the Services in accordance with this Deed, notwithstanding any such subcontracting.

5.14 Independent Subcontractor

- (a) The Independent Reviewer acknowledges and agrees that:
 - (1) if the Independent Reviewer or a member or Associate of the Independent Reviewer is a member or Associate of the Rail Infrastructure Alliance or the Rail Systems Alliance, it would give rise to a conflict of interest as described in clause 5.4 if the Independent Reviewer performed the Independent Subcontractor Services; and
 - (2) if clause 4A does not apply, then to avoid a conflict of interest as described in clause 5.4 it must accordingly engage the Independent Subcontractor to perform the Independent Subcontractor Services in accordance with clause 5.13 and this clause 5.14.

- (b) The Independent Reviewer acknowledges and agrees that the Independent Subcontractor must:
- (1) be independent of the Project Parties, the Rail Franchisees and the Downstream Parties;
 - (2) be suitably qualified and experienced to perform the Independent Subcontractor Services;
 - (3) perform the Independent Subcontractor Services without giving rise to any actual or potential conflict of interest; and
 - (4) except as consented to by the State in writing (either conditionally or unconditionally, and at the State's sole and absolute discretion) not be:
 - (A) affiliated (by way of joint venture, ownership, contract or otherwise) with:
 - (i) Project Co or an Associate of Project Co;
 - (ii) the Rail Systems Alliance or an Associate of the Rail Systems Alliance;
 - (iii) the Rail Infrastructure Alliance or an Associate of the Rail Infrastructure Alliance; or
 - (B) an Associate of the State or involved with the State or an Associate of the State in respect of the Metro Tunnel;
 - (C) a Utility Provider or an Associate of a Utility Provider; or
 - (D) involved in any other infrastructure projects funded by the State other than Metro Tunnel, including the 'Level Crossing Removal Project', Cranbourne Pakenham Rail Upgrade, Mernda Rail Extension, Flinders Street Station Redevelopment, West Gate Tunnel Project, the 'High Capacity Metro Trains Public Private Partnership' project and the X'Trapolis trains project.
- (c) In seeking the consent to the appointment of the Independent Subcontractor under clause 5.13(a), the Independent Reviewer must give all parties from whom consent is required clause 5.13(a) written notice of the proposed Independent Subcontractor, which must include details:
- (1) of any involvement of the proposed Independent Subcontractor and any Associates, directors, agents, officers, employees and contractors of the proposed Independent Subcontractor with any aspect of the Metro Tunnel (including any involvement in any tender process in respect of any aspect of the Metro Tunnel); and
 - (2) with respect to any of the matters listed in clause 5.14(b).
- (d) Determinations of the Independent Subcontractor in its performance of the Independent Subcontractor Services will be final and binding on the Independent Reviewer.

6 Role of the Project Parties

6.1 No interference or influence

- (a) **(No interference or influence):** The Project Parties and the Rail Franchisees must not interfere with, or attempt to influence, the Independent Reviewer or its subcontractors in the performance of any of the Services. A communication allowed by this Deed, the Project Agreement, the Project Alliance Agreements, a Rail Franchisee Cooperation Agreement, or a Downstream Independent Reviewer Contract will not, however, of itself constitute a breach of this clause 6.1(a).
- (b) **(Project Parties and Rail Franchisees may provide comments):** Clause 6.1(a) will not prevent a Project Party or a Rail Franchisee from providing written comments to the Independent Reviewer in respect of any aspect of the Project Activities, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works or as contemplated by a Rail Franchisee Cooperation Agreement.

6.2 Provision of information

- (a) Project Co must, as soon as practicable, ensure that the Independent Reviewer is provided with all information, assistance, documentation, models and particulars as the Independent Reviewer reasonably requests:
 - (1) **(Services):** relating to the Services;
 - (2) **(Project Documents):** required under the State Project Documents, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts; and
 - (3) **(Performance of Services):** to enable it to perform the Services effectively and otherwise in accordance with the State Project Documents, the Rail Franchisee Cooperation Agreements, the Downstream Independent Reviewer Contracts and this Deed.
- (b) The State must, as soon as practicable, ensure that the Independent Reviewer is provided with all information, assistance, documentation, models and particulars as the Independent Reviewer reasonably requests:
 - (1) **(Project Alliance Services):** relating to the Project Alliance Services;
 - (2) **(Project Alliance Agreements):** required under the Project Alliance Agreements; and
 - (3) **(Performance of Project Alliance Services):** to enable it to perform the Project Alliance Services effectively and otherwise in accordance with the Project Alliance Agreements, the State Project Documents, the Rail Franchisee Cooperation Agreements, the Downstream Independent Reviewer Contracts and this Deed.

6.3 Access to records and systems

- (a) Without limiting the obligations of Project Co under the State Project Documents and the Rail Franchisee Cooperation Agreements, or clause 6.2, Project Co must provide the Independent Reviewer with such information and documentation (including all Design Documentation) and access to Project Co's books, records and systems as the Independent Reviewer may reasonably require to enable it to perform the Services effectively and otherwise in

accordance with this Deed, the State Project Documents and the Rail Franchisee Cooperation Agreements.

- (b) The State must provide the Independent Reviewer with such information and documentation and access to each of the Rail Systems Alliance' and the Rail Infrastructure Alliance's books, records and systems as the Independent Reviewer may reasonably require to enable it to perform the Project Alliance Services effectively and otherwise in accordance with this Deed, the State Project Documents, the Project Alliance Agreements and the Rail Franchisee Cooperation Agreements.
- (c) Nothing in this clause 6.3 will be construed as a waiver of legal professional privilege.

6.4 Access to premises

- (a) Project Co must ensure that the Independent Reviewer and its subcontractors are given such access to any place where any part of the Project Activities is being carried out (including transport within the Construction Site and where it is reasonably required access to the premises of their respective Associates) and all necessary assistance as is required to enable the Independent Reviewer or its subcontractors to perform the Services effectively and in accordance with the requirements of this Deed, the State Project Documents, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts.
- (b) The State must ensure that the Independent Reviewer and its subcontractors are given such access to any place where any part of the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works are being carried out and all necessary assistance as is required to enable the Independent Reviewer or its subcontractors to perform the Project Alliance Services effectively and in accordance with the requirements of this Deed, the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts.

6.5 Right to enter, inspect and test

- (a) **(Right of entry):** Subject to clause 6.5(b), the Independent Reviewer (or any person authorised by the Independent Reviewer) may, upon giving reasonable notice to Project Co or in the case of the Project Alliance Services, the State (except in the case of an emergency when no notice is required), enter the Site or the offices of Project Co, or in the case of the Project Alliance Services, the Project Alliance Sites or the offices of the Rail Systems Alliance or the Rail Infrastructure Alliance to:
 - (1) inspect, observe or test any part of the Relevant Infrastructure or the Project Activities or in the case of the Project Alliance Sites, any Rail Systems Alliance Works or Rail Infrastructure Alliance Works (whether or not such inspections, observations or tests are otherwise required in accordance with this Deed);
 - (2) exercise any right or carry out any obligation which the Independent Reviewer has in accordance with any State Project Document, the Project Alliance Agreements or Rail Franchisee Cooperation Agreement; or
 - (3) take such other action as the Independent Reviewer considers necessary to exercise its rights in accordance with this Deed and to discharge its duties, powers and obligations.

- (b) **(Conditions of access):** When entering the Site or the Project Alliance Sites in accordance with clause 6.5(a), the Independent Reviewer must and must ensure any authorised person:
- (1) complies with the Site Access and Interface Protocols, or in the case of the Project Alliance Sites, any equivalent site access and interface protocols under the Project Alliance Agreements;
 - (2) does not unnecessarily interfere with the carrying out of the Project Activities, or in the case of the Project Alliance Services any works carried out under the Project Alliance Agreements; and
 - (3) does not damage the Relevant Infrastructure or the Site, or in the case of the Project Alliance Services, any Rail Systems Alliance Works or Rail Infrastructure Alliance Works or the Project Alliance Sites.
- (c) **(Project Co to assist):** If requested by the Independent Reviewer, Project Co, or in the case of the Project Alliance Services, the State must assist the Independent Reviewer in connection with any inspection or testing in accordance with this clause 6.5, including:
- (1) providing access to such part of the Relevant Infrastructure and all Project Co Materials, or in the case of the Project Alliance Services, such part of the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works as may be required by the Independent Reviewer;
 - (2) preparing samples of materials used in connection with the Relevant Infrastructure, or in the case of the Project Alliance Services, such part of the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works as required by the Independent Reviewer; and
 - (3) forwarding the samples prepared in accordance with clause 6.5(c)(2) to the Independent Reviewer or such other place or person notified by the Independent Reviewer.

6.6 Meetings

The Project Parties and the Rail Franchisees must:

- (a) **(Design meetings):** allow the Independent Reviewer and, if applicable, its subcontractors to attend design meetings; and
- (b) **(Other meetings):** attend such meetings with the Independent Reviewer and its subcontractors as the Independent Reviewer may reasonably request to enable it to perform the Services effectively and otherwise in accordance with this Deed.

6.7 Co-operation

- (a) **(Project Co to cooperate):** Project Co must and must ensure that each Downstream Party and Project Co's Associates co-operate with the Independent Reviewer and, if applicable, its subcontractors during the carrying out of the Services.
- (b) **(Rail Franchisees to cooperate):** Each Rail Franchisee must and must ensure that its Associates co-operate with the Independent Reviewer and, if applicable, its subcontractors during the carrying out of the Services.

6.8 Project Parties and Rail Franchisees not liable

On no account will a Project Party or a Rail Franchisee be liable to another Project Party or its Associates, or Rail Franchisee or its Associates for any act or omission by the Independent Reviewer or its subcontractors whether or not in accordance with or purportedly in accordance with a provision of this Deed, the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, or otherwise.

6.9 Role of the Rail Franchisees

The parties acknowledge and agree that:

- (a) the Rail Franchisees are party to this Deed solely for the purpose of receiving the Services provided by the Independent Reviewer in relation to any Submitted Documents to which a Rail Franchisee Input Document relates, ensuring that the construction of the Works comply with the requirements of the Project Agreement and in relation to the identification and rectification of Defects during the relevant Defects Liability Period; and
- (b) all of the rights and obligations of a Rail Franchisee under this Deed must be interpreted by reference to the limited purpose set out in clause 6.9(a).

7 Reporting and meetings

7.1 Progress reports

- (a) The Independent Reviewer must submit a written report to each Project Party and each Rail Franchisee:
 - (1) **(Before meeting of Project Control Group)**: 2 Business Days before each meeting of the Project Control Group in accordance with clause 11.4 (*Project Control Group*) of the Project Agreement;
 - (2) **(Project Parties requires)**: in such form as the Project Parties may reasonably require; and
 - (3) **(Details)**: containing details of:
 - (A) Project Co's compliance (and details of any non-compliances) with the State Project Documents;
 - (B) the results of the review of Design Documentation in accordance with clause 19.3 (*Design Review Process*) of the Project Agreement;
 - (C) the results of the review of the D&C Program in accordance with clause 18 (*D&C Program*) of the Project Agreement;
 - (D) the results of review of construction of the Works during the performance of the D&C Activities in accordance with clause 26.2 (*Independent Reviewer's review of progress*) of the Project Agreement;
 - (E) any Management Plans and Maintenance Manuals, notices and other information and documentation and the results of any review of those documents or that information received from Project Co in accordance with the State Project Documents;

- (F) the results of any review of the operation of the quality system developed and implemented by Project Co and any review and assessment of the quality of the Project Activities in accordance with the State Project Documents;
 - (G) any matters or departures notified in accordance with clauses 26 (*Time*) or 25 (*Defects*) of the Project Agreement;
 - (H) any notices given by a Project Party to the Independent Reviewer and any notices issued by the Independent Reviewer;
 - (I) any certificates issued or received by the Independent Reviewer in accordance with the Schedule of Certificates and Notices;
 - (J) any certificates of completion for Provisional Acceptance or Final Acceptance, or for Handback of any Returned Assets issued or requested by Project Co or the State in relation to any of the Works;
 - (K) progress of Project Co in relation to Provisional Acceptance, each Critical Interface Milestone, each Progress Milestone, and Final Acceptance (as applicable) including the status of any Defects and the rectification of any Defects;
 - (L) the forecast cost of the Services (including for the current and following Quarter), taking into account current expenditure, resourcing and future forecasts;
 - (M) notification of reports requested by one Project Party in accordance with clause 7.4;
 - (N) relevant details in relation to the performance of any Downstream Independent Reviewer Functions; and
 - (O) such other matters in respect of the Services as the Project Parties (acting jointly) may reasonably request from time to time.
- (b) The Independent Reviewer must submit a written report to the State:
- (1) **(Before meeting of Project Control Group)**: 2 Business Days before each meeting of the Project Control Group in accordance with clause 11.4 (*Project Control Group*) of the Project Agreement;
 - (2) **(Project Parties requires)**: in such form as the State may reasonably require; and
 - (3) **(Details)**: containing details of:
 - (A) the Rail Systems Alliance and the Rail Infrastructure Alliance's compliance (and details of any non-compliances) with the Project Alliance Agreements;
 - (B) any notices given by the Rail Systems Alliance or the Rail Infrastructure Alliance to the Independent Reviewer and any notices issued by the Independent Reviewer to the Rail Systems Alliance or the Rail Infrastructure Alliance;
 - (C) any certificates issued or received by the Independent Reviewer in accordance with the Project Alliance Agreements;

- (D) the forecast cost of the Project Alliance Services (including for the current and following quarter), taking into account current expenditure, resourcing and future forecasts;
- (E) notification of reports requested by one Project Party in accordance with clause 7.4; and
- (F) such other matters in respect of the Project Alliance Services as the State may reasonably request from time to time.

7.2 Project Control Group

- (a) **(Establishment):** The Project Control Group will be established in accordance with clause 11.4 (*Project Control Group*) of the Project Agreement.
- (b) **(Independent Reviewer's obligations):** The Independent Reviewer must:
 - (1) during the D&C Phase, attend each meeting of the Project Control Group; and
 - (2) present and explain each progress report prepared in accordance with clause 7.1 at the relevant meeting.

7.3 Meetings with Project Parties

The Independent Reviewer must attend, and ensure that all relevant Key People and, if applicable, its subcontractors attend, meetings with the Project Parties and, if applicable the Rail Systems Alliance and the Rail Infrastructure Alliance monthly during the Term or as otherwise agreed by the parties, to discuss the progress of the Services.

7.4 Reports requested by one Project Party or Rail Franchisee

- (a) **(Request by one Project Party or Rail Franchisee):** A Project Party or a Rail Franchisee may request the Independent Reviewer to prepare an additional report which is not otherwise required by the State Project Documents.
- (b) **(Independent Reviewer to prepare report):** The Independent Reviewer must prepare the additional report as requested in accordance with clause 7.4(a), except where the Independent Reviewer is:
 - (1) of the reasonable opinion that it would be inappropriate to prepare such a report in light of the performance and nature of the Services; or
 - (2) not reasonably capable of preparing such a report.
- (c) **(Cost of reports):** The cost of additional reports prepared in accordance with this clause 7.4 will be paid to the Independent Reviewer in accordance with the Payment Schedule.

7.5 Questions relating to a report

- (a) **(Project Parties and Rail Franchisees may submit questions):** Without limiting clauses 6.1(b) or 7.2(b)(2), a Project Party or a Rail Franchisee may submit questions or queries to the Independent Reviewer in relation to a report issued in accordance with clause 7.1.
- (b) **(Independent Reviewer to respond):** Subject to clause 5.5, the Independent Reviewer must, within a reasonable period having regard to the nature of the

question or query, respond in writing to questions and queries submitted by a Project Party or a Rail Franchisee in accordance with this clause 7.5.

8 Quality

8.1 Quality assurance system

The Independent Reviewer must:

- (a) **(Plan and develop)**: plan, develop and implement a quality assurance system which:
 - (1) meets the requirements of the relevant AS/NZS ISO Standards as and when they are published;
 - (2) is consistent with the Monitoring Plan; and
 - (3) is consistent with the requirements for the Quality Management Plan; and
- (b) **(Provide Project Party Representatives)**: within 15 Business Days of the date of this Deed, provide the Project Party Representatives with details of the quality assurance system which complies with clause 8.1(a) and which the Independent Reviewer proposes to adopt.

8.2 Audit

- (a) **(Independent Reviewer must allow audits)**: The Independent Reviewer must:
 - (1) allow any audit of its quality assurance system in accordance with this Deed by a Project Party or a third party appointed by the Project Parties at the request of a Project Party and at the cost of that Project Party; and
 - (2) fully co-operate with that third party in respect of the carrying out of the quality assurance audit.
- (b) **(Access to premises and information)**: Without limiting clauses 6.3, 6.4, 6.5 or 8.2(a), the Independent Reviewer must, at all times:
 - (1) give to the Project Parties or the third party appointed by the Project Parties (as the case may be) access to premises occupied by the Independent Reviewer or its subcontractors where the Services are being undertaken; and
 - (2) permit the Project Parties or the third party appointed by the Project Parties to inspect applicable information relevant to the quality assurance audit.

8.3 Quality assurance not to relieve Independent Reviewer

The Independent Reviewer will not be relieved of any responsibilities or obligations in accordance with this Deed as a result of:

- (a) **(Compliance)**: compliance with the requirements of this clause 8; or
- (b) **(Acts or omissions of Project Parties)**: any acts or omissions of the Project Parties with respect to the requirements of this clause 8, including:

- (1) any review of, comments upon, or notice in respect of, the quality assurance system or any Monitoring Plan; and
- (2) any audit in accordance with clause 8.2.

8.4 Non-complying services

The Independent Reviewer must at its cost:

- (a) **(Re-perform services)**: unless directed otherwise by the Project Parties (and, to the extent the relevant Services are for the benefit of the Rail Franchisees as contemplated by clause 6.9, the relevant Rail Franchisees), re-perform all Services which have not been performed in accordance with this Deed; and
- (b) **(All such steps)**: take all such steps as may be reasonably necessary to:
 - (1) mitigate the effect on the Project Parties and the Rail Franchisees of the failure to perform the Services in accordance with this Deed; and
 - (2) put the Project Parties and Rail Franchisees (as closely as possible) in the positions in which they would have been had the Independent Reviewer performed the Services in accordance with this Deed, including all such steps as may be reasonably directed by the Project Parties.

9 Liability, insurance and indemnity

9.1 Limitation of Liability

Subject to clause 9.4, the Independent Reviewer's total Liability for all Claims which the Project Parties, the Rail Franchisees, and the Downstream Parties or their respective Associates might have (whether jointly or severally) against the Independent Reviewer or the Sub-Independent Reviewer:

- (a) **(This Deed, the Independent Reviewer Deed of Appointment (Advanced Works) and Sub-Independent Reviewer Deed)**: arising in connection with this Deed, the Independent Reviewer Deed of Appointment (Advanced Works) and the Sub-Independent Reviewer Deed;
- (b) **(Services or Project)**: arising in connection with the Services, the Sub-IR Services, the Project, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works; or
- (c) **(Law)**: otherwise at Law or in equity including:
 - (1) any statute (insofar as it is possible to exclude such Liability); or
 - (2) in tort for negligence or otherwise, including negligent misrepresentation,

in respect of any fact, matter or thing under, arising in connection with the Services, the Sub-IR Services, the Project, the Rail Systems Alliance Works, the Rail Infrastructure Alliance Works or any Project Document or Project Alliance Agreement will be limited in aggregate to the greater of:

- (d) **(Specified amount)**: the amount specified in Item 4 of the Contract Particulars; or
- (e) **(Up to indemnity limit)**: to the extent that the relevant Liability:

- (1) is the subject of an indemnity under any policy of insurance required to be maintained by the Independent Reviewer under clause 9.5 of this Deed; or
 - (2) would have been the subject of such indemnity in accordance with the terms of a policy of insurance required to be effected and maintained by the Independent Reviewer under this Deed but for a breach by the Independent Reviewer under clause 9.5 of this Deed, the Sub-Independent Reviewer Deed or any such insurance policy,
- then:
- (3) the amount of the minimum limit of indemnity required under that policy of insurance as specified in the Contract Particulars; or
 - (4) where there is a Primary Policy, the aggregate of any indemnity under the Primary Policy and any supplementary insurance policy, up to the amount specified in item 5 of the Contract Particulars

(Liability Cap).

9.2 Share of Liability Cap

As between:

- (a) **(State)**: the State, the Rail Franchisees and their respective Associates (on the one hand); and
- (b) **(Project Co)**: Project Co, the Downstream Parties and their respective Associates (on the other hand),

unless the State agrees otherwise and subject to clause 9.3:

- (c) **(Percentage for State's Claims)**: 50 per cent of the Liability Cap shall be available to satisfy the State's, the Rail Franchisees' and their respective Associates' Claims against the Independent Reviewer; and
- (d) **(Percentage for Project Co's Claims)**: 50 per cent of the Liability Cap shall be available to satisfy Project Co's, the Downstream Parties' and their respective Associates' Claims against the Independent Reviewer (including any Claim by the D&C Subcontractor in connection with the Independent Reviewer Deed of Appointment (Advanced Works) or the Sub-Independent Reviewer Deed),

provided that this clause 9.2 will only apply to Claims which are subject to the Liability Cap in accordance with clause 9.1.

9.3 Residual Liability Cap

The Project Parties and the Rail Franchisees acknowledge and agree that if:

- (a) **(Expiry)**: the Term has expired;
- (b) **(Exhausted Liability Cap)**: either the State, the Rail Franchisees and their respective Associates (collectively), or Project Co, the Downstream Parties and their respective Associates (the **Capped Party**) has exhausted its share of the Liability Cap and is contemplating a claim against the Independent Reviewer or is contemplating a claim against the Independent Reviewer that, if successful, would exhaust its share of the Liability Cap; and
- (c) **(Non-Capped Party not exhausted)**: the other party (the **Non-Capped Party**) has not exhausted its share of the Liability Cap;

then:

- (d) **(Release unused portion)**: the Capped Party may request the Non-Capped Party to release all or a portion of its unused portion of the Liability Cap to the Capped Party for the purposes of its contemplated claim (and must provide the Non-Capped Party with reasonable particulars of such claim);
- (e) **(Consideration of Capped Party's request)**: the Non-Capped Party must, acting reasonably, consider the Capped Party's request and, if and to the extent that the Non-Capped Party:
 - (1) has no claim outstanding against the Independent Reviewer; and
 - (2) does not consider that there is any reasonable prospect that it will have a future claim against the Independent Reviewer for all or the relevant unused portion of the Liability Cap,

then:

- (f) **(Release of unused portion)**: the Non-Capped Party must, by written notice to the relevant Capped Party, release to that Capped Party all or so much of the unused portion of the Liability Cap as is not required to be retained by the Non-Capped Party for the purposes of any claims contemplated under clause 9.3(e)(1) or clause 9.3(e)(2);
- (g) **(Reduction by Independent Reviewer)**: the Non-Capped Party's proportion of the Liability Cap will only be reduced by the amount of any order made against the Independent Reviewer in respect of the relevant claim by the Capped Party (disregarding any amount in respect of which the Liability Cap does not apply); and
- (h) **(Increase in Liability Cap proportion)**: the Capped Party's proportion of the Liability Cap will only be increased by the amount of any order made against the Independent Reviewer in respect of the relevant Claim (disregarding any amount in respect of which the Liability Cap does not apply) provided that such increase does not exceed the amount released to the Capped Party in accordance with clause 9.3(f).

9.4 Exclusions

The limitation of Liability in clause 9.1 does not apply to any Claims arising in connection with any of the following on the part of the Independent Reviewer or anyone for whom it is responsible:

- (a) **(Fraud)**: fraud;
- (b) **(Wilful misconduct)**: wilful misconduct, being any conduct, act or omission done or to be done by the Independent Reviewer or Associate of the Independent Reviewer which results from conscious, intentional or reckless disregard of any provision of this Deed, the Independent Reviewer Deed of Appointment (Advanced Works) or any Sub-Independent Reviewer Deed or the rights or welfare of those who are or may be affected by that conduct, act or omission;
- (c) **(Gross negligence)**: gross negligence, being any negligent act or omission involving a serious disregard to an obvious and material risk and which the Independent Reviewer knew, or ought reasonably to have been aware, would result in substantial losses being incurred by a Project Party, a Rail Franchisee, or a Downstream Party or their respective Associates; or
- (d) **(Abandonment)**: abandonment of all or any material part of the Services.

9.5 Insurances

- (a) **(Insurances):** The Independent Reviewer must hold and maintain from the Commencement Date:
- (1) project specific public liability insurance:
 - (A) endorsed to include the Project Parties, the D&C Subcontractor and the Rail Franchisees as named insureds in respect of any Liability a Project Party, the D&C Subcontractor or a Rail Franchisee incur arising in connection with the acts or omissions of the Independent Reviewer or the Sub-Independent Reviewer;
 - (B) covering, without limitation, the Independent Reviewer's Liability in accordance with clause 9.10 and the Sub-Independent Reviewer's Liability in accordance with clause 9.8 of the Sub-Independent Reviewer Deed;
 - (C) with a limit of indemnity of not less than the amount specified in the Contract Particulars with respect to project specific public liability insurance;
 - (D) with a deductible of not more than the amount specified in the Contract Particulars with respect to project specific public liability insurance;
 - (E) which otherwise complies with the requirements of this Deed and is on such minimum terms as set out in the Contract Particulars with respect to project specific public liability insurance; and
 - (F) which applies retroactively to cover Liability in respect of any Liability of a Project Party, the D&C Subcontractor or a Rail Franchisee incurred arising in connection with the acts or omissions of the Independent Reviewer in connection with the Independent Reviewer Deed of Appointment (Advanced Works);
 - (2) project specific professional indemnity insurance:
 - (A) with a limit of indemnity of not less than the amount specified in the Contract Particulars with respect to project specific professional indemnity insurance for any single claim in respect of legal Liability (including, without limitation, in connection with property damage, personal injury or death) arising in connection with a breach of professional duty under clause 5 or clause 5 of the Sub-Independent Reviewer Deed or otherwise in connection with this Deed or the Sub-Independent Reviewer Deed whether owed in contract or otherwise, by reason of any negligent act, error or omission by the Independent Reviewer or its Associates;
 - (B) with a deductible of not more than the amount specified in the Contract Particulars with respect to project specific professional indemnity insurance;
 - (C) which otherwise complies with the requirements of this Deed and is on such minimum terms as set out in the Contract Particulars with respect to project specific professional indemnity insurance; and

- (D) which applies retroactively to cover legal Liability arising in connection with a breach of professional duty under clause 5 or otherwise in connection with the Independent Reviewer Deed of Appointment (Advanced Works), whether owed in contract or otherwise, by reason of any negligent act, error or omission by the Independent Reviewer or its Associates; and
 - (3) workers' compensation insurance against any Liability, whether in accordance with statute or at common law, for the death of, or injury to, persons employed by the Independent Reviewer, or if the Independent Reviewer is comprised of more than one party, employed by each such party in carrying out the Services.
- (b) **(Requirements for Insurances):** The insurances referred to in clause 9.5(a) must be effected with Reputable Insurers and:
 - (1) to the extent that the requirements of clause 9.5(a) are satisfied by having corporate insurance policies in place pursuant to clause 9.5(d);
 - (A) those corporate insurance policies must be on such terms as would be reasonably prudent for the type of Services that the Independent Reviewer is providing; and
 - (B) the Independent Reviewer must provide written confirmation from the Independent Reviewer's insurance broker which confirms that those corporate insurance policies are on terms which comply with the requirements of this Deed and the Sub-Independent Reviewer Deed; and
 - (2) if clause 9.5(b)(1) does not apply, be on such terms as are approved by the State (such approval not to be unreasonably withheld).
- (c) **(More than one Independent Reviewer):** If the Independent Reviewer comprises more than one person, the insurances referred to in clause 9.5(a) must (subject always to the overall limit of indemnity not being increased as a result):
 - (1) insure each of those parties both jointly and severally; and
 - (2) include a cross liability clause whereby the insurer agrees:
 - (A) to waive all rights of subrogation or action that it may have or acquire against all or any of the persons comprising the insured; and
 - (B) that the term "insured" applies to each of the persons comprising the insured as if a separate policy of insurance had been issued to each of them.
- (d) **(Corporate insurance policies):** The parties acknowledge and agree that:
 - (1) subject to clause 9.5(e), the Independent Reviewer may satisfy the requirements of clause 9.5(a), including the Contract Particulars, by having corporate insurance policies in place;
 - (2) the project specific professional indemnity insurance held and maintained by the Independent Reviewer in accordance with clause 9.5(a) will be the primary policy of insurance under this Deed **(Primary Policy)**;
 - (3) any corporate insurance policy in place in accordance with clause 9.5(d)(1) will only be claimed against following the Primary Policy being exhausted;

- (4) from the earlier of the date that is 3 years after the cessation of the Services or the date of termination of this Deed, the Independent Reviewer may elect to satisfy the requirements of clause 9.5(a)(2) solely by relying on corporate insurance policies; and
 - (5) the Primary Policy must have a sum insured with a minimum coverage of for any one claim and in the aggregate.
- (e) **(Requirement to procure additional insurance):** If:
- (1) the Independent Reviewer provides any of the insurances required under clause 9.5(a) by having corporate insurance policies in place pursuant to clause 9.5(d); and
 - (2) the amount available for recovery under the relevant type of insurance pursuant to clause 9.5(d) is at any time less than the sum required to be insured under clause 9.5(a),
- the Independent Reviewer must immediately procure additional insurance to cover the difference.
- (f) **(Maintenance of insurance):** The Independent Reviewer must:
- (1) not discontinue or cancel any insurance required under clause 9.5(a), or allow any such insurance to lapse, where this would result in the relevant insurance not meeting the requirements of this Deed, without the prior approval of the State;
 - (2) not do, or permit, or omit to do, anything which prejudices any insurance required under clause 9.5(a);
 - (3) promptly rectify anything which might, if not rectified, prejudice any insurance required under clause 9.5(a); and
 - (4) comply at all times with the terms of any insurance required under clause 9.5(a).

9.6 Notice of matter affecting insurance

The Independent Reviewer must notify the Project Parties and the Rail Franchisees 30 days in advance of any event which could affect its insurance cover or if any policy is cancelled, avoided or allowed to lapse.

9.7 Provision of information

The Independent Reviewer must provide to the Project Parties and the Rail Franchisees:

- (a) **(Certified copies):** certified copies of the insurance policies (where the Project Parties, the D&C Subcontractor and the Rail Franchisees are included as named insureds), except where an insurance policy is a corporate insurance policy used pursuant to clause 9.5(d); and
- (b) **(Certificates of currency):** certificates of currency, with respect to the insurances effected and maintained by the Independent Reviewer for the purposes of this clause 9 at any time on request by any Project Party or Rail Franchisee, and upon the renewal of each policy.

9.8 Periods for insurance

The Independent Reviewer must keep:

- (a) **(Project specific professional indemnity insurance)**: the project specific professional indemnity insurance current for a period of 6 years after the cessation of the Services or the date of termination of this Deed, whichever is earlier;
- (b) **(Workers compensation insurance)**: the employers' Liability and workers compensation insurance current until it ceases to perform the Services;
- (c) **(Project specific public Liability insurance)**: the project specific public liability insurance current until it ceases to perform the Services; and
- (d) **(Other insurances)**: any other insurances required under clause 9.5 current for such time as may reasonably be required by the Project Parties.

9.9 Obligations unaffected by insurance

The requirement to effect and maintain insurance in this clause 9 does not limit the Liability or other obligations of the Independent Reviewer in accordance with this Deed.

9.10 Indemnity

- (a) **(Breach and negligent act or omission)**: Subject to clause 9.1 the Independent Reviewer is liable for and must indemnify each Project Party and Rail Franchisee against any Claim or loss brought against, suffered or incurred by a Project Party or a Rail Franchisee in respect of:
 - (1) any breach of this Deed by the Independent Reviewer;
 - (2) any negligent act or omission of the Independent Reviewer or its subcontractors; or
 - (3) any of the following:
 - (A) the loss or damage to or of, or loss of use of (whether total or partial), any real or personal property (including property belonging to a Project Party or a Rail Franchisee);
 - (B) any injury to, illness or death of, persons; or
 - (C) any third party Claims brought against a Project Party or a Rail Franchisee (including any Claim brought by another Project Party or Rail Franchisee, and any Claim or loss suffered or incurred by a Project Party or Rail Franchisee to another Project Party or Rail Franchisee),

arising in connection with any wrongful act or omission of the Independent Reviewer or any of its Associates in connection with the Project, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works.
- (b) **(Reduction in Liability)**: The Independent Reviewer's Liability to a Project Party or Rail Franchisee under this clause 9.10 is reduced proportionally to the extent to which any action, proceeding, claim or demand arises out of any negligence or wrongful act or omission of that Project Party or Rail Franchisee, or their Associates.
- (c) **(Survival)**: All obligations to indemnify under this Deed survive termination of this Deed.

9.11 Proportionate Liability

- (a) **(No reduction in insurance covers):** Subject to clause 9.11(b), the Independent Reviewer must ensure that all insurances required under clause 9.5 do not reduce or exclude the insurance cover in connection with liabilities governed by Part IVA of the *Wrongs Act 1958* (Vic) or any corresponding legislation of another Australian jurisdiction, by reason of the manner in which that legislation operates or does not operate, as the case may be, in light of any of the provisions of this Deed and the obligations undertaken by the Independent Reviewer in connection with it.
- (b) **(Reasonable endeavours):** To the extent that the Insurance is not specific to the Project, the Independent Reviewer is only required to use its reasonable endeavours to procure insurance on the terms referred to in clause 9.11(a).

10 Payment

- (a) Subject to clause 7.4, the State (on behalf of the Project Parties and the Rail Franchisees) must pay to the Independent Reviewer the Fee subject to and in accordance with this clause 10 and the Payment Schedule.
- (b) **(Cumulative Caps):** Payments in respect of the Fee:
 - (1) for the Upstream Independent Reviewer Functions (excluding the Alliance Services) performed in accordance with this Deed during the Initial Fee Period must not exceed the Initial Fee Cumulative Cap for the relevant month;
 - (2) for the Upstream Independent Reviewer Functions (excluding the Alliance Services) performed in accordance with this Deed during the DLP Fee Period must not exceed the DLP Fee Cumulative Cap for the relevant month; and
 - (3) for the Alliance Services performed in accordance with this Deed, must not exceed the Alliance Services Fee Cumulative Cap for the relevant month.

11 Change to or suspension of Services and appointment of Substitute Reviewer

11.1 Change to Services

- (a) **(Notice of change to Services):** The Project Parties (and, to the extent the relevant Services are for the benefit of the Rail Franchisees as contemplated by clause 6.9, the relevant Rail Franchisees) may, by joint notice to the Independent Reviewer, instruct the Independent Reviewer to carry out a change to the Services (including an addition or omission) which is within the general scope of this Deed. The Independent Reviewer must comply with any such instruction. For the avoidance of doubt, neither a Resource Adjustment nor a delay to the Date of Final Acceptance are of themselves a change to the Services, however:

- (1) a Modification Order issued by the State under the Project Agreement, other than a Modification Order issued under clause 38.1(b) of the Project Agreement; or
- (2) a Modification Order under the D&C Subcontract arising out of a Modification Order described in clause 11.1(a)(1):

which results in:

- (3) a Resource Adjustment; or
- (4) a delay to the Date of Final Acceptance,

(Relevant Modification) will constitute a change to the Services for the purpose of clause 11.1(b).

- (b) **(Adjustment to Fee Caps):** The relevant Initial Fee Cap, DLP Fee Cap, Alliance Services Fee Cap or Disbursement Cap will be adjusted to reflect the change to the Services referred to in clause 11.1(a) in accordance with the Schedule of Rates and Disbursements. If the adjustment to the relevant Initial Fee Cap, DLP Fee Cap, Alliance Services Fee Cap or Disbursements Cap for the change to the Services cannot be determined by reference to the Schedule of Rates and Disbursements, the adjustment will be a reasonable amount determined by the State and Project Co.
- (c) **(Modification-related Fees):** The parties agree that, in respect of a Relevant Modification:
 - (1) notwithstanding anything to the contrary in this Deed or the Project Agreement, Project Co will not be required to reimburse the State for any part of the Fee paid to the Independent Reviewer as a direct result of an increase in the Fee directly arising out of a Relevant Modification;
 - (2) where that Relevant Modification leads to a change in the "Sub-IR Services" under the Sub-Independent Reviewer Deed, the State will pay Project Co the increase in the "Fee" (as those terms are defined under the Sub-Independent Reviewer Deed) directly arising out of that Relevant Modification within 20 Business Days after the provision to the State of a Tax Invoice (as that term is defined in the GST Law) received by Project Co from the Sub-Independent Reviewer in connection with that increase in the "Fee";
 - (3) any claim for an increase in the Fee under this Deed or the Sub-Independent Reviewer Deed directly arising from a Relevant Modification must be provided on an "open book basis";
 - (4) for the purposes of this clause 11.1, "open book basis" includes the Independent Reviewer providing (or procuring from the Sub-Independent Reviewer to the extent necessary) a breakdown of the calculation of all relevant labour, equipment, materials, subcontract and other costs in a clear and transparent manner and other information reasonably requested by the State including reasonably available source documents required to verify such calculation. If required by the State, the Independent Reviewer will make available the appropriate personnel to explain the basis on which a particular calculation has been made; and
 - (5) no amounts will be double counted.

11.2 Appointment of Substitute Reviewer

- (a) **(Appointment of Substitute Reviewer):** The Independent Reviewer acknowledges that the Project Parties (and, to the extent the relevant Services are for the benefit of the Rail Franchisees as contemplated by clause 6.9, the relevant Rail Franchisees) may appoint another reviewer (**Substitute Reviewer**) to carry out those Services which are omitted as referred to in clause 11.1(a).
- (b) **(Rights and powers):** The Substitute Reviewer will have all of the rights and powers of the Independent Reviewer under the Project Documents in connection with those Services.
- (c) **(Decisions):** Any decision of a Substitute Reviewer so appointed will be treated (between the Project Parties and the Rail Franchisees, but not as between the Project Parties, the Rail Franchisees and the Independent Reviewer) as if it is a decision of the Independent Reviewer.
- (d) **(No responsibility for performance):** Without prejudice to any Claim which any Project Party or Rail Franchisee may have in respect of the performance of the Independent Reviewer, the Independent Reviewer is not responsible for the performance of the Substitute Reviewer.

11.3 Independent Reviewer must continue to perform

Notwithstanding a change to the Services or the appointment of a Substitute Reviewer, the Independent Reviewer must continue to perform its Services, as changed in accordance with clause 11.1, in accordance with this Deed.

11.4 Suspension of Services

- (a) **(Suspension of Services):** The Project Parties (and, to the extent the relevant Services are for the benefit of the Rail Franchisees as contemplated by clause 6.9, the relevant Rail Franchisees) may, by joint notice to the Independent Reviewer, instruct the Independent Reviewer to suspend and, after a suspension has been instructed, to recommence, the performance of any or all of the Services.
- (b) **(Payment during suspension):** During the period which the Independent Reviewer's performance of the Services are suspended in accordance with clause 11.4(a), the State (on behalf of the Project Parties and the Rail Franchisees) will pay the Independent Reviewer:
 - (1) subject to the provisions of this Deed, for the Services that are not suspended (if any); and
 - (2) subject to the Independent Reviewer using all reasonable endeavours to mitigate, minimise or avoid the effects and consequences of the costs associated with the suspension of any or all of the Services, such unavoidable costs incurred arising in connection with the suspension of the Services or costs incurred by the Independent Reviewer in anticipation of their Services not being suspended.

11.5 Meeting of all Project Parties and Rail Franchisees

- (a) **(Project Party or Rail Franchisee may call meeting):** If a Project Party or Rail Franchisee is of the opinion that the Independent Reviewer is not performing its duties in accordance with this Deed, that Project Party or Rail Franchisee may

call a meeting of the Project Parties' Representatives and any relevant Rail Franchisee's Representative(s) who must attend within 2 Business Days (or such other period as requested by that Project Party or Rail Franchisee) to decide an appropriate action to resolve the issue.

- (b) **(Resolutions to be considered):** Without limiting the scope of the Project Parties' decision, the Project Parties and any relevant Rail Franchisee will consider at such a meeting whether to resolve the issue referred to in clause 11.5(a) by:
- (1) requesting that the Independent Reviewer comply with this Deed;
 - (2) changing the Services of the Independent Reviewer in accordance with clause 11.1 and appointing a Substitute Reviewer in accordance with clause 11.2 in connection with the Services which the Independent Reviewer is not performing in accordance with this Deed;
 - (3) suspending the Services of the Independent Reviewer in accordance with clause 11.4; or
 - (4) terminating the appointment of the Independent Reviewer in accordance with clause 12.

12 Termination

12.1 Notice of default

If the Independent Reviewer is in breach of this Deed and the breach is, in the reasonable opinion of the Project Parties, able to be remedied then the Project Parties may jointly give notice to the Independent Reviewer:

- (a) specifying the breach; and
- (b) requiring that the breach be remedied within 7 days, or such later date as agreed by the State and Project Co.

12.2 Termination for breach

If:

- (a) **(Unable to remedy breach):** the Independent Reviewer is in breach of this Deed and the breach is not, in the reasonable opinion of the Project Parties, able to be remedied; or
- (b) **(Breach not remedied):** the Project Parties give a notice in accordance with clause 12.1 and the breach is not remedied within the period of time notified to the Independent Reviewer in accordance with clause 12.1(b),

then, subject to clause 12.6, the Project Parties may immediately terminate the appointment of the Independent Reviewer by joint notice to the Independent Reviewer.

12.3 Termination for insolvency

If an Insolvency Event occurs in respect of the Independent Reviewer then, subject to clause 12.6, the Project Parties may immediately terminate the appointment of the Independent Reviewer by joint notice to the Independent Reviewer, whether or not the Independent Reviewer is then in breach of this Deed.

12.4 Termination for convenience

Subject to clause 12.6, the Project Parties may at any time for their convenience terminate the appointment of the Independent Reviewer upon 21 days joint notice to the Independent Reviewer, and appoint another person to act as the Independent Reviewer.

12.5 No automatic termination upon termination of any State Project Document

The appointment of the Independent Reviewer does not automatically terminate upon the termination of any of the State Project Documents, the Project Alliance Agreements or a Rail Franchisee Cooperation Agreement.

12.6 Prior agreement on replacement

Prior to serving a notice in accordance with clause 12.2, 12.3 or 12.4, the Project Parties must have agreed upon another person to act as the Independent Reviewer consistent with clause 11.9 (*Replacement of Independent Reviewer*) of the Project Agreement.

12.7 Independent Reviewer's rights upon termination for convenience

Where the appointment of the Independent Reviewer is terminated in accordance with clause 12.4:

- (a) **(payment in accordance with Payment Schedule):** the Independent Reviewer is only entitled to be paid by the State and Project Co in accordance with the Payment Schedule:
 - (1) the proportion of the Fee for Services performed up to the date of the termination; and
 - (2) unavoidable liabilities incurred by the Independent Reviewer as a consequence of the termination, except to the extent the Independent Reviewer fails to mitigate such liabilities, up to the following amounts:
 - (A) in respect of project office lease break costs;
 - (B) if termination under clause 12.4 occurs within 12 months of Financial Close, in respect of relocation costs for employees who have relocated or are in the process of doing so; and
 - (C) in respect of IT licensing costs for project specific systems.
- (b) **(no entitlement to Claim):** the Independent Reviewer will not otherwise be entitled to bring any Claim against the State, Project Co or the Rail Franchisees arising in connection with:
 - (1) the termination of this Deed; or
 - (2) the Project, the State Project Documents, the Project Alliance Agreements or the Rail Franchisee Cooperation Agreements; and
- (c) **(Project Co obligation):** if this Deed is terminated in accordance with clause 12.4 following a voluntary termination of the Project Agreement by the State under clause 45.2(a) of the Project Agreement, the State and Project Co agree that any costs payable under clause 12.7(a)(2) will not be a cost for which Project Co will be liable under clause 11.7(c) of the Project Agreement.

12.8 Termination without prejudice

Termination of the appointment of the Independent Reviewer will be without prejudice to any other rights which the Project Parties or the Rail Franchisees may have in respect of any breach of the terms of this Deed which occurred prior to the date of termination.

12.9 Copy of notices to Rail Franchisees

A copy of any notice issued by the Project Parties in accordance with this clause 12 must be given to the Rail Franchisees at the same time as it is given to the Independent Reviewer.

13 Transition out

13.1 Transition Out Period

- (a) **(Obligations):** During the Transition Out Period, the Independent Reviewer must:
- (1) provide the Services required in accordance with, and otherwise comply with, the Transition Out Plan; and
 - (2) without being limited by clause 13.1(a)(1), cooperate and consult with the Project Parties and the Rail Franchisees and do all such tasks and things as may be reasonably necessary to ensure:
 - (A) the smooth transition to the State of the Independent Reviewer's responsibilities for the monitoring of Project Co's carrying out of the Project Activities; and
 - (B) the final completion of all the Services and the full discharge of all of the Independent Reviewer's responsibilities in accordance with this Deed.
- (b) **(Transition Out Plan):** For the purposes of clause 13.1(a), the Independent Reviewer must:
- (1) prepare a draft of the Transition Out Plan and provide it to the Project Parties by no later than 60 Business Days before the commencement of the Transition Out Period which:
 - (A) is based on the draft Transition Out Plan submitted by the Independent Reviewer with its tender for the Services; and
 - (B) takes into account all relevant considerations which have arisen during the Term;
 - (2) provide all drafts of the Transition Out Plan to the Project Parties for review and consult with the Project Parties as required in relation to such drafts;
 - (3) review and, if necessary, update the Transition Out Plan and make such amendments as may be reasonably required by the Project Parties to any draft of the Transition Out Plan; and
 - (4) finalise, to the reasonable satisfaction of the Project Parties, the Transition Out Plan by no later than 20 Business Days before the commencement of the Transition Out Period.

- (c) **(Review Transition Out Plan every 6 months)**: The Independent Reviewer must review the Transition Out Plan at least once every 6 months during the Transition Out Period. The Independent Reviewer must consult with the Project Parties as required in relation to any necessary amendments to the Transition Out Plan. The Project Parties may require the Independent Reviewer, by notice, to make reasonable amendments to the Transition Out Plan during the Transition Out Period, if reasonably necessary to achieve the objectives specified in clause 13.1(a)(2).

13.2 Delivery of documents

Upon completion of the Services, or upon the termination of the appointment of the Independent Reviewer, the Independent Reviewer:

- (a) **(Books, records and documentation)**: must deliver up to the Project Parties or to such other person as the Project Parties may direct (which may include a Rail Franchisee), all books, records, drawings, specifications and other documentation in the possession, custody or control of the Independent Reviewer or its subcontractors relating to the Services; and
- (b) **(Right to use documentation)**: acknowledges that the Project Parties and where applicable, the Rail Franchisees, have the right to use all such books, records, drawings, specifications and other documents for the purposes of the Project, the Rail Systems Alliance Works and the Rail Infrastructure Alliance Works.

13.3 Reasonable assistance

Prior to completion of the Services, or upon the termination of the appointment of the Independent Reviewer, the Independent Reviewer must provide full assistance to the Project Parties, the Rail Franchisees, the Downstream Parties and any successor to the Independent Reviewer appointed in order to enable such successor to be in a position to perform the Services with effect from the appointment of such successor.

14 Intellectual property

The Independent Reviewer:

- (a) **(Grant)**: grants to the State;
- (b) **(All things necessary)**: must do all things necessary to give effect to the grant to the State of,

a world-wide, perpetual, irrevocable, non-exclusive, transferable, royalty-free licence (including the right to sub-license) to use, reproduce, modify, adapt, develop, communicate to the public or otherwise exploit the Independent Reviewer Material, for the purposes of:

- (c) **(Project)**: the Project, the Rail Systems Alliance Works or the Rail Infrastructure Alliance Works (including where this Deed is terminated for any reason other than for convenience under clause 12.4 to complete any Services which have not been:
- (1) carried out; or

- (2) carried out in accordance with the applicable State Project Documents, the Project Alliance Agreements and Rail Franchisee Cooperation Agreements,
as at the date of termination);
- (d) **(Project Documents)**: the exercise of the rights of the State or its Associates in accordance with the State Project Documents (including its step-in rights in accordance with clause 41 (*Step-in by the State*) of the Project Agreement); and
- (e) **(Further procurement)**: the procurement, design, supply, construction, installation, production, commissioning, completion, operation, maintenance, repair and alteration, during and after the Term, of any part of the Project, the Relevant Infrastructure or any other project relating to aspects of the Metro Tunnel.

15 GST

- (a) **(GST exclusive amounts)**: Unless otherwise expressly stated, all amounts referred to in this Deed or any Project Document are exclusive of GST.
- (b) **(GST payable by Supplier)**: If GST becomes payable on any Taxable Supply made by a party (**Supplier**) under or in connection with this Deed:
- (1) any amount payable or consideration to be provided in accordance with any other provision of this Deed for that supply (**Agreed Amount**) is exclusive of GST;
 - (2) an additional amount will be payable by the party which is the recipient of the Taxable Supply (**Recipient**), equal to the amount of GST payable on that Taxable Supply as calculated by the Supplier in accordance with the GST Law, which will be payable at the same time and in the same manner as for the Agreed Amount; and
 - (3) the Supplier will provide a Tax Invoice to the Recipient in connection with that supply, either at the time expressly set out in any other provision of this Deed or no later than the time at which the Agreed Amount for that Taxable Supply is to be provided in accordance with this Deed. The Recipient is not obliged to pay any amount in accordance with this clause 15(b) unless and until a Tax Invoice is received by the Recipient in connection with the Taxable Supply except where the Recipient is required to issue the Tax Invoice.
- (c) **(Variation in GST payable)**: If for any reason, the GST payable by the Supplier in connection with a supply it makes under or in connection with this Deed (incorporating any increasing adjustments or decreasing adjustments relating to that supply) varies from the additional amount it received from the Recipient under clause 15(b) in connection with that supply, the Supplier will provide a refund or credit to, or will be entitled to receive from, the Recipient (as appropriate) the amount of this variation. Where an Adjustment Event occurs in relation to a supply and except where the Recipient is required to issue the Adjustment Note:
- (1) the Supplier will issue an Adjustment Note to the Recipient in connection with that supply within 14 days after becoming aware of that Adjustment Event occurring; and
 - (2) no additional amount will be payable by the Recipient unless and until an Adjustment Note is received by the Recipient.

- (d) **(GST ceasing to be payable):** No amount is payable by a party in accordance with clauses 15(b) or 15(c) to the extent that the GST to which the amount relates has ceased to be payable by or refundable to the Supplier by the Commissioner of Taxation under the GST Law.
- (e) **(Expert Determination):** If the Recipient is dissatisfied with any calculation to be made by the Supplier in accordance with this clause 15, the Recipient may, at its own expense and after notifying the Supplier accordingly, refer the matter to an independent expert nominated by the President of the Institute of Chartered Accountants for expert determination, which will be final and binding on all parties (except in the case of manifest error). The expert will act as an expert and not as an arbitrator and must take into account the terms of this Deed, the matters required to be taken into account by the Supplier in accordance with this clause 15 and any other matter considered by the expert to be relevant to the determination. The parties release the expert from any Liability in acting as an expert, except in the case of fraud on the part of the expert.
- (f) **(Revenue net of GST):** Any reference in this Deed or any Project Document to price, value, sales, revenue, profit or a similar amount (**Revenue**), is a reference to the GST exclusive component of that Revenue, unless the contrary intention is expressed.
- (g) **(Cost net of GST):** Any reference in this Deed or any Project Document to cost, expense, Liability or other similar amount (**Cost**) of a party, is a reference to that Cost reduced by the Input Tax Credits to which the party is entitled in respect of such Cost, unless the contrary intention is expressed.
- (h) **(General obligation):** Each party agrees to do all things, including providing Tax Invoices and other documentation, that may be necessary or desirable to enable or assist the other party in determining its GST payable on any supply made by that other party in connection with this Deed, or any Input Tax Credits, adjustments or refunds in relation to any amount of GST paid or payable in connection with any supply made in connection with this Deed.
- (i) **(GST groups):** For the purposes of this Deed, a reference to GST payable on a Taxable Supply made by a party includes any corresponding GST payable by the representative member of any GST group of which that party is a member and a reference to an Input Tax Credit entitlement of a party includes any corresponding Input Tax Credit entitlement of the representative member of any GST group of which that party is a member.
- (j) **(Project Agreement to prevail):** If, but for this clause 15(j), a GST clause in another Project Document would apply in connection with a Taxable Supply to which this clause 15 also applies, then clause 59 (*Taxes*) of the Project Agreement will apply in connection with that supply and the GST clause in the other Project Document will not apply.
- (k) **(Definitions):** In this clause 15 unless otherwise defined in this Deed, terms used have the meanings given to them in the GST Law.

16 Dispute Resolution

16.1 Disputes to be resolved in accordance with the Project Agreement

- (a) **(Dispute between Project Co and the State):** Any dispute between the Project Parties arising in connection with this Deed must be resolved in accordance

with the procedures set out in clauses 46 (*Dispute Resolution*) to 47 (*Arbitration*) of the Project Agreement.

- (b) (**Dispute between Project Co and Train Franchisee**): Any dispute between Project Co and the Train Franchisee arising in connection with this Deed must be resolved in accordance with the procedures set out in clause 28 (*Dispute Resolution*) and clause 29 (*Arbitration*) of the Train Franchisee Cooperation Agreement.
- (c) (**Dispute between Project Co and Tram Franchisee**): Any dispute between Project Co and the Tram Franchisee arising in connection with this Deed must be resolved in accordance with the procedures set out in clause 23 (*Dispute Resolution*) and clause 24 (*Arbitration*) of the Tram Franchisee Cooperation Agreement.
- (d) (**Dispute between State and a Rail Franchisee**): Any dispute between the State and a Rail Franchisee arising in connection with this Deed must be resolved in accordance with the procedures set out in the relevant Rail Franchisee Arrangements.

16.2 Notice of dispute

If any dispute (other than a dispute which is to be referred for resolution in accordance with clause 16.1) arises between a Project Party or a Rail Franchisee (on the one hand) and the Independent Reviewer (on the other hand) (**Disputing Parties**) in respect of any fact, matter or thing arising out of or in connection with the Services or this Deed (**Dispute**), any of the Disputing Parties may give notice to each of the other parties specifying:

- (a) the dispute or difference;
- (b) particulars of the reasons for being dissatisfied; and
- (c) the position which is believed to be correct.

16.3 Executive negotiation

The Dispute identified in the notice given under clause 16.2 is to be referred to the persons described in the Contract Particulars who must:

- (a) (**Good faith negotiations**): meet and undertake genuine and good faith negotiations with a view to resolving the Dispute; and
- (b) (**Procedure for resolution**): if they cannot resolve the Dispute, endeavour to agree upon a procedure to resolve the Dispute.

16.4 Referral to Mediation

If the persons described in the Contract Particulars cannot resolve, or agree upon a procedure to resolve, the Dispute within 10 Business Days after the date the notice is given under clause 16.2, or within such longer period of time as these persons may agree, the Dispute is to be submitted to mediation in accordance with clauses 16.5 to 16.8.

16.5 Mediation

Within 5 Business Days of the expiration of the period referred to in clause 16.4, the Dispute will be referred for mediation to:

- (a) (**Specified Person**): the person set out in the Contract Particulars;

- (b) **(Appointed Person)** if:
- (1) no such person is specified; or
 - (2) the mediator specified in the Contract Particulars or the person appointed in accordance with this clause 16.5(b):
 - (A) is unavailable;
 - (B) declines to act; or
 - (C) does not respond within 5 Business Days of a request for advice as to whether they are able to conduct the mediation,
- a person appointed by the Chair (or acting Chair, as the case may be) of the Resolution Institute, Australia.

16.6 Place of mediation

The place of mediation will be Melbourne.

16.7 Evidence not admissible

Evidence of anything said, documents presented to, admissions made or matters raised in the course of any mediation will be confidential to the Disputing Parties and the mediator and will not be admissible in any subsequent proceedings.

16.8 Costs

Failing any agreement to the contrary between the Disputing Parties, the costs of the mediation (including any fees charged by the mediator) will be shared equally between the Disputing Parties.

16.9 Reference to litigation

If after 15 Business Days of the mediator nominated in accordance with clause 16.5 having accepted his or her appointment, the Dispute has not been resolved, then the Dispute may be referred to litigation.

16.10 Condition precedent to litigation

The Project Parties, the Rail Franchisees and the Independent Reviewer must comply with the provisions of clauses 16.2 to 16.9 as a condition precedent to commencing court proceedings in respect of any Dispute to which clause 16.2 applies (other than proceedings for urgent or injunctive relief).

16.11 Services to continue

The Independent Reviewer must continue to perform the Services in accordance with this Deed notwithstanding the existence of a Dispute referred to in clause 16.2.

17 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) in connection with this Deed:

- (a) **(In writing)**: must be in writing;
- (b) **(Addressed)**: must be addressed as set out below (or as otherwise notified by that party to each other party from time to time):

State

Attention: [not disclosed]
Address: [not disclosed]
Phone: [not disclosed]
Email: [not disclosed]

Project Co

Independent Reviewer

Attention: [not disclosed]
Address: [not disclosed]
Phone: [not disclosed]
Email: [not disclosed]

- (c) **(Signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(Form of delivery)**: must be delivered by hand or posted by prepaid post to the address, or emailed (in the form agreed by both parties) to the email address of the addressee set out in clause 17(b); and
- (e) **(Taken to be received)**: are taken to be received by the addressee at the address set out in clause 17(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which

case that communication is taken to be received at 9.00 am on the next Business Day;

- (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
- (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00 am on the next Business Day.

18 Miscellaneous

18.1 Governing law and jurisdiction

- (a) **(Governing Law):** This Deed is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction):** Without limiting clause 16, each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Deed.

18.2 Entire agreement

To the extent permitted by Law and in relation to their subject matter, this Deed, the State Project Documents, the Project Alliance Agreements and the Rail Franchisee Cooperation Agreements:

- (a) **(Entire understanding):** embody the entire understanding of the parties, and constitute the entire terms agreed by the parties; and
- (b) **(Prior agreements):** supersede any prior agreement of the parties.

18.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to each party) required by Law or reasonably requested by another party to give effect to this Deed.

18.4 Survival of certain provisions

- (a) **(Surviving clauses):** All provisions of this Deed which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Deed will survive the rescission, termination or expiration of this Deed, including any provision in connection with:
- (1) the Project Party's rights to set-off and recover money;
 - (2) confidentiality or privacy;
 - (3) any obligation to make any records available to the State;
 - (4) any indemnity or financial security given in accordance with this Deed; or
 - (5) any right or obligation arising on termination of this Deed.
- (b) **(Interpretation):** No provision of this Deed which is expressed to survive the termination of this Deed will prevent any other provision of this Deed, as a matter of interpretation, also surviving the termination of this Deed.
- (c) **(Survival of rights and obligations):** No right or obligation of any party will merge on completion of any transaction in accordance with this Deed. All rights and obligations in accordance with this Deed survive the execution and delivery of any transfer or other document which implements any transaction in accordance with this Deed.

18.5 Waiver

- (a) **(Writing):** A waiver given by a party in accordance with this Deed is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver):** A failure to, a delay in or the partial exercise or enforcement of a right provided by Law or in accordance with this Deed by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right provided by Law or in accordance with this Deed.
- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Deed operates as a waiver of another breach of that term or of a breach of any other term of this Deed.

18.6 Consents, approvals and directions

- (a) **(State):** A consent or approval required in accordance with this Deed from the State or the Project Parties jointly may be given or withheld, or may be given subject to any conditions, as the State (or the Project Parties jointly, if the consent or approval is required from the Project Parties jointly) think fit, unless this Deed expressly provides otherwise.
- (b) **(Project Co and Rail Franchisees):** A consent or approval required in accordance with this Deed from Project Co only or a Rail Franchisee may not be unreasonably withheld or delayed, unless this Deed expressly provides otherwise.

18.7 Amendments

Except as otherwise expressly provided in this Deed, this Deed may only be varied by a deed executed by or on behalf of each party.

18.8 Expenses

Except as otherwise expressly provided in this Deed, the State Project Documents or the Rail Franchisee Cooperation Agreements, each party must pay its own costs and expenses in connection with negotiating, preparing, executing, and performing this Deed.

18.9 Severance

If at any time a provision of this Deed, a State Project Document, a Project Alliance Agreement or a Rail Franchisee Cooperation Agreement is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) **(Under this Deed)**: any other provision of this Deed, the relevant State Project Documents, the relevant Project Alliance Agreement or the relevant Rail Franchisee Cooperation Agreement; or
- (b) **(Under another jurisdiction)**: that provision under the Law of any other jurisdiction.

18.10 Counterparts

This Deed may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same Deed.

18.11 Moratorium legislation

To the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of the Independent Reviewer any obligations under this Deed, or to prejudicially affect the exercise by the Project Parties or the Rail Franchisees of any right, power or remedy under this Deed or otherwise are expressly waived.

18.12 Proportionate liability

- (a) **(Excluded operation of Wrongs Act)**: The operation of Part IVAA of the *Wrongs Act 1958 (Vic)* is excluded in relation to all and any rights, obligations or liabilities of any party under this Deed whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities)**: Without limiting clause 18.12(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Deed and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

18.13 Confidentiality

- (a) **(Obligation to keep confidential)**: The Independent Reviewer must keep confidential details of this Deed, the State Project Documents, the Project

Alliance Agreements and the Rail Franchisee Cooperation Agreements, and all information and documents provided to, or by, the Independent Reviewer relating to the Services and not disclose or use the information or documents except:

- (1) to the Project Parties or the Rail Franchisees;
 - (2) for the purposes of performing the Services;
 - (3) where required by Law or to obtain legal advice on this Deed; or
 - (4) with the prior consent of the Project Parties, and where applicable, the relevant Rail Franchisee(s).
- (b) **(Survival)**: This obligation will survive completion of the Services or the termination of this Deed.
- (c) **(Permitted Disclosure)**: The Independent Reviewer agrees that notwithstanding any other provision of this Deed:
- (1) the Rail Franchisees may disclose the existence, or provide a complete copy, of this Deed and any documents or information provided or received under or in relation to this Deed to PTV, PTV's Associates or a prospective Successor Operator in order to facilitate the Rail Franchisees' compliance with the relevant Rail Franchisee Arrangements;
 - (2) the State may disclose this Deed and any documents or information provided or received under or in relation to this Deed to satisfy its Public Disclosure Obligations; and
 - (3) the Project Parties may disclose this Deed and any documents or information provided or received under or in relation to this Deed as permitted in accordance with clause 57.1 (*Confidential Information and disclosure by the State*) of the Project Agreement.

18.14 Assignment and security

- (a) **(Assignment and security)**: Subject to clause 18.14(b), no party to this Deed may assign, novate, transfer, mortgage, charge, encumber or otherwise deal with any of its rights or obligations under this Deed without the prior consent of each other party to this Deed.
- (b) **(Novation by Rail Franchisee)**: The parties acknowledge and agree that if the Train Franchisee Arrangements or the Tram Franchisee Arrangements are terminated or rescinded or come to an end for any reason, the relevant Rail Franchisee may be required to assign or novate, all of its rights or obligations under this Deed to PTV or a Successor Operator. Each other party consents to any such assignment or novation and must, on request by PTV, execute any document or documents required by PTV to effect such assignment or novation, provided that the new arrangements are on terms no more onerous than the terms of this Deed.

18.15 No representation or reliance

- (a) **(No representation)**: Each party acknowledges that no party (nor any person acting on a party's behalf) has made any representation or other inducement to it to enter into this Deed, except for representations or inducements expressly set out in this Deed.

- (b) **(No reliance)**: Each party acknowledges and confirms that it does not enter into this Deed in reliance on any representation or other inducement by or on behalf of any other party, except for representations or inducements expressly set out in this Deed.

18.16 Indemnities

- (a) **(Continuing Liability)**: Each indemnity in this Deed is a continuing obligation, separate and independent from the other obligations of the parties.
- (b) **(Expense not necessary)**: It is not necessary for a party to incur expense or to make any payment before enforcing a right of indemnity conferred by this Deed.

18.17 Indemnity held on trust

- (a) **(State holds on trust)**: The State holds on trust for its Associates the benefit of:
 - (1) each indemnity and release given by Project Co, a Rail Franchisee or the Independent Reviewer under this Deed in favour of the State's Associates; and
 - (2) each right in this Deed to the extent that such right is expressly stated to be for the benefit of the State or the State's Associates.
- (b) **(Acknowledgement)**: Project Co, each Rail Franchisee and the Independent Reviewer acknowledge the existence of such trusts and consent to:
 - (1) the State exercising rights in relation to, or otherwise enforcing such indemnities, releases and rights on behalf of its Associates; and
 - (2) the State's Associates exercising rights in relation to, or otherwise enforcing the indemnities, releases and those rights as if they were a party to this Deed.
- (c) **(Further Acknowledgment)**: The parties acknowledge that nothing in this clause 18.17 in and of itself increases the Independent Reviewer's Liability under this Deed.

18.18 Set off

The State may deduct from any moneys due and payable to the Independent Reviewer under this Deed or otherwise at Law:

- (a) **(Moneys due and payable)**: any moneys due and payable by the Independent Reviewer to the State; and
- (b) **(Claims)**: any Claim that the State may have against the Independent Reviewer under or in connection with this Deed or in connection with the Services.

| Maximum Deductibles | [not disclosed] |
| Period of cover | Until expiry of the Term. |

7 Dispute resolution

[not disclosed]

Schedule 2

Services

1 General

The Independent Reviewer must:

- (a) **(Role)**: become familiar with the role (express or implied) under the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements and the Downstream Independent Reviewer Contracts of the "Independent Reviewer" and review information made available to the Independent Reviewer by the parties in order to become fully acquainted with the Project, the Rail Systems Alliance Works and the Rail Infrastructure Alliance Works;
- (b) **(Discharge functions)**: discharge the functions which the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements and the Downstream Independent Reviewer Contracts contemplate will be discharged by the Independent Reviewer;
- (c) **(Attend meetings and report)**: attend meetings and report as required from time to time by the parties;
- (d) **(Minimum surveillance)**: undertake, as a minimum, the surveillance of the Project, the Rail Systems Alliance Works and the Rail Infrastructure Alliance Works set out or described in the Monitoring Plan;
- (e) **(Hold Points and witness points)**: attend, as a minimum, the Hold Points and witness points set out or described in the Monitoring Plan;
- (f) **(Certificates)**: issue certificates in accordance with and in the form set out in the Schedule of Certificates and Notices and the Project Alliance Agreements (as applicable); and
- (g) **(General)**: otherwise discharge the functions of the Independent Reviewer under the State Project Documents, the Project Alliance Agreements, the Rail Franchisee Cooperation Agreements, and the Downstream Independent Reviewer Contracts.

2 Project Agreement

The Independent Reviewer's functions under the Project Agreement include, but are not necessarily limited to, the functions set out in the table below. Section references are to the Project Agreement unless otherwise stated.

| Clause No. | Independent Reviewer Role |
|---|--|
| Project Agreement | |
| 1.1 Definition of "D&C Program" | Set, where reasonably required, requirements for the D&C Program. |
| 1.1 Definition of "Date of Final Acceptance" | Sign the Certificate of Final Acceptance. |
| 1.1 Definition of "Date of Provisional Acceptance" | Sign the Certificate of Provisional Acceptance. |
| 1.1 Definition of "Interface Step Date" | Determine Interface Step Dates pursuant to clause 12.5(c). |
| 1.1 Definition of "Major Default" | Notify the State and Project Co that: <ul style="list-style-type: none"> (a) an Amended Remediation Plan does not satisfactorily address the requirements of clause 26.2(f) under clause 26.2(k)(1); (b) Project Co is not diligently pursuing a Remediation Plan or an Amended Remediation Plan under clause 26.2(k)(2); or (c) Project Co will not be able to achieve Provisional Acceptance by the date that is 24 months after the Date for Provisional Acceptance under clause 26.2(k)(3). |
| 1.1 Definition of "Minor Defect" | Determine if Project Co or the relevant Metro Tunnel Package Contractor has reasonable grounds for not promptly rectifying a Defect. |
| 2.16(a) No State liability for review | Except as otherwise expressly provided in the Independent Reviewer Deed of Appointment, the Independent Review does not owe a duty of care to Project Co to: <ul style="list-style-type: none"> (a) review (or when reviewing) the Project Co Material submitted by Project Co (even where submitted in accordance with the Review Procedures); or (b) inspect or review the Project Activities, the Relevant Infrastructure, the Metro Tunnel Interface Works or the Ticketing Works for Defects, other errors or omissions or for compliance with the State Project Documents or any Laws. |

| | |
|--|---|
| 7.6(b) Interference, obstruction and nuisance | <p>If the levels of nuisance or interference arising from Project Co undertaking the Works or carrying out the Project Activities are not reasonable, are not in the interests of the safety of persons on the Site or areas adjacent to the Site, or do not meet a condition or requirement of any Approval, direct Project Co to:</p> <ul style="list-style-type: none">(a) stop or change the manner of undertaking the Works or carrying out of the Project Activities; and(b) amend the Construction Management Plan and any other relevant Management Plan to remedy the nuisance or interference and submit it for review in accordance with the Review Procedures. |
| 11.4 Project Control Group | Attend meetings of the Project Control Group during the D&C Phase. |
| 11.4(g) Project Control Group | <p>Receive from Project Co no later than 10 Business Days after the end of each Month the following reports:</p> <ul style="list-style-type: none">(a) prior to the Date of Final Acceptance, a Monthly D&C Phase Progress Report for the previous Month prepared and updated in accordance with the PS&TR; and(b) from the Date of Final Acceptance to the Expiry Date, a Monthly Performance Report for the previous month and the current Monthly Maintenance Schedule prepared and updated in accordance with the Final Acceptance Schedule or the Services Specification (as relevant). |
| 11.6 Appointment of Independent Reviewer | Act in accordance with the terms of the Project Agreement and this Deed, and independently of the State and Project Co and their respective Associates. |
| 11.7(a) Other Project roles of Independent Reviewer | Must not, without the prior consent of the State, be appointed by the Financiers to act in any role in connection with the Finance Documents. |
| 11.7(d) Other Project roles of Independent Reviewer | Assess whether the parties (as a result of their respective conduct) have a proportionate responsibility for the costs and expenses of the Independent Reviewer paid by the State under clause 11.7(b) which differs from the proportions stated in clause 11.7(c) and, where necessary, state the relevant proportions in a notice to the parties. |
| 11.7(e) Other Project roles of Independent Reviewer | If requested by Project Co or the State, prepare a report not otherwise required by the Project Agreement or the Independent Reviewer Deed of Appointment and provide a copy of that additional report to both parties. |

| | |
|--|--|
| 11.9(b) Replacement of Independent Reviewer | If a new Independent Reviewer is appointed in accordance with clause 11.9(a), abide by the exercise of any functions or decisions made by the previous Independent Reviewer. |
| 12.5(c) Failure to agree Interface Step Dates | If Project Co fails to agree with the Rail Systems Alliance or the State (as relevant) the dates for the completion of the Interface Steps which relate to the Rail Systems Alliance or the Rail Infrastructure Alliance (as relevant), determine those dates (such dates to be reasonable having regard to what is reasonably achievable in light of the D&C Program and the Rail Systems Alliance's program or the Rail Infrastructure Alliance's program (as applicable). |
| 14.1 Preparation of Management Plans | Review the Management Plans in accordance with the Review Procedures, and request any additional information that is reasonably required. |
| 14.3(c) Updates and revisions of Management Plans | If the State gives notice under clause 14.3(b), review the amended or updated Management Plan in accordance with the Review Procedures. |
| 14.3(d) Updates and revisions of Management Plans | Receive from Project Co notice of any proposed changes to a Management Plan and review the amended Management Plan in accordance with the Review Procedures. |
| 16.3(a) State's right to enter, inspect and test | <p>If authorised by the State, the Independent Reviewer may during Business Hours or upon giving reasonable notice to Project Co (except in the case of an emergency when no notice is required) enter the Site or the offices of Project Co to:</p> <ul style="list-style-type: none">(a) inspect, observe or test any part of the Relevant Infrastructure or the Project Activities (whether or not such inspections, observations or tests are otherwise required in accordance with the Project Agreement;(b) exercise any right (including any step-in right) or carry out any obligation which the State has in accordance with any State Project Document;(c) take such other action as the State considers necessary to exercise its rights in accordance with any State Project Document and to discharge its executive or statutory rights or duties; or(d) examine and make copies of the records, reports and all documents reasonably requested of Project Co or any Subcontractor in connection with the Project. |
| 16.3(c) State's right to enter, | When entering the site in accordance with clause 16.3(a) or otherwise: |

- inspect and test
- (a) comply with the Site Access and Interface Protocols and any generally applicable safety and security requirements of Project Co;
 - (b) not unnecessarily interfere with the carrying out of the Project Activities; and
 - (c) not damage the Relevant Infrastructure or the Site.
-

16.6
Schedule of Certificates and Notices

Receive from Project Co the certificates required by the Schedule of Certificates and Notices in accordance with the terms of the Schedule of Certificates and Notices.

18.1(a)
Submission of the D&C Program

Receive from Project Co the D&C Program for review in accordance with the Review Procedures.

18.1(d)
Submission of the D&C Program

In the event of a proposed or likely material departure from the D&C Program, receive from Project Co a notice of any proposed or likely material departure together with reasons why the material departure is necessary to comply with the Project Agreement.

18.1(f)
Submission of the D&C Program

Exercise sole and absolute discretion as to whether to use the D&C Program for any purpose, including assessing any Claim made by Project Co.

18.2
Updates to the D&C Program

Receive from Project Co updates of the D&C Program (including all sub-programs and associated reports) for review in accordance with the Review Procedures at the following intervals:

- (a) by 31 January 2018 to reflect the date of Financial Close, the Date for Provisional Acceptance and the Date for Final Acceptance;
- (b) at least monthly (no later than 10 Business Days after the end of each Month) to accurately reflect the status and any change in the progress of the D&C Activities and the Final Acceptance Works (including any delays which have or may have occurred in respect of the progress of the D&C Activities or the Final Acceptance Works) or any other changes to the activities, times, durations or other information contained in the D&C Program and any sub-programs to accurately reflect the actual status and progress of the D&C Activities and the Final Acceptance Works;
- (c) within 10 Business Days of Project Co being granted an extension of time to a Critical interface Milestone Date, a Progress Milestone Date or the Date for Provisional Acceptance, instructed to accelerate the D&C Activities or directed to carry out a Modification; and
- (d) within 5 Business Days of Project Co deciding to make any material changes to the information contained in the D&C

Program.

| | |
|--|---|
| 19.3(c) and (d) Design Review Process | Receive the Design Documentation submitted or resubmitted by Project Co and review it in accordance with the Design Review Schedule. |
| 21.2(a) Certificate of Critical Interface Milestone/Progress Milestone Achievement | <p>Receive from Project Co:</p> <ul style="list-style-type: none"> (a) notice that it has achieved a Critical Interface Milestone or Progress Milestone; (b) a request for a Certificate of Critical Interface Milestone/Progress Milestone Achievement; and (c) a detailed list of an Minor Defects to the Works and the Metro Tunnel Interface Works the subject of the relevant to the Critical Interface Milestone or Progress Milestone. |
| 21.2(b) Certificate of Critical Interface Milestone/Progress Milestone Achievement | <p>Receive from the State:</p> <ul style="list-style-type: none"> (a) notice that it considers a Critical Interface Milestone or Progress Milestone has been achieved; and (b) a request that a Certificate of Critical Interface Milestone/Progress Milestone Achievement be issued. |
| 21.2(c) Certificate of Critical Interface Milestone/Progress Milestone Achievement | <p>As soon as reasonably practicable and, in any event, within 15 Business Days of receiving notice of Critical Interface Milestone/Progress Milestone achievement from either Project Co or the State, determine whether the Critical Interface Milestone or Progress Milestone has been achieved and:</p> <ul style="list-style-type: none"> (a) if the Critical Interface Milestone or Progress Milestone has been achieved, issue the required Certificate of Critical Interface Milestone/Progress Milestone Achievement to the State and Project Co; or (b) if the Critical Interface Milestone or Progress Milestone has not been achieved, issue the required notice to the State and Project Co. |
| 21.2(d) Certificate of Critical Interface Milestone/Progress Milestone Achievement | <p>Receive from Project Co notice when work remaining to be undertaken to achieve Critical Interface Milestone or Progress Milestone has been completed.</p> |
| 21.2(f) Certificate of Critical Interface Milestone/Progress Milestone Achievement | <p>Determine whether Critical Interface Milestone or Progress Milestone has been achieved:</p> <ul style="list-style-type: none"> (a) without restriction by any notice, list or opinion previously provided to Project Co under clause 21.2(c); and (b) with entitlement to raise any other items of work as a ground for determining that a Critical Interface Milestone or Progress |

Milestone has not been achieved.

21.2(g)
Certificate of Critical
Interface
Milestone/Progress
Milestone Achievement

Make any determinations in respect of Returned Works comprising a Progress Milestone pursuant to clause 2.12(c) consistent with each notice in respect of those Returned Works under clause 24.4(d)(1).

23.1(b)
Testing and Commissioning

Receive from Project Co and review any updated Testing and Commissioning Management Plans with the intent of allowing Project Co the opportunity to recover any delays or reduce the likelihood of further delays.

23.2
Test Procedures

For each Test:

- (a) receive from Project Co the relevant Test Procedure at least 60 Business Days (or 30 Business Days for revised Test Procedures) prior to the proposed date of the Test;
- (b) within 20 Business Days (or 10 Business Days for revised Test Procedures) of receiving the Test Procedure, review the Test Procedure; and
- (c) when satisfied that the Test Procedure meets the requirements of the Project Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard, certify the Test Procedure by providing to Project Co and the State a certificate in the form set out in the Schedule of Certificates and Notices.

23.3(a)
Notice of Tests

Receive from Project Co at least 10 Business Days' notice of the date, time and place for the conduct of each Test.

23.3(c)
Notice of Tests

If Project Co decides to postpone a Test, receive from Project Co at least 5 Business Days' notice of the rescheduled date, time and place for the conduct of that Test.

23.3(d)
Notice of Tests

Receive from Project Co:

- (a) an extract from the D&C Program that specifies the date, time and place for the conduct of each Test to be conducted for the following 25 Business Day period; and
- (b) an updated extract from the D&C Program each week during the period that Project Co is carrying out Tests.

23.4(b)
Conduct of Tests

Approve amendments to a Test Procedure proposed by Project Co during the conduct of the relevant Test to account for any circumstances that arise during the Test.

23.4(c) Attend and witness the conduct of Tests (without being obliged to).
Conduct of Tests

23.5(a) Receive from Project Co, within 10 Business Days of Project Co carrying out a Test, a Test Report.
Test Reports

23.5(c) Within 10 Business Days of receiving a Test Report:
Test Reports

- (a) certify that the Test has been passed in accordance with the Test Procedure by issuing a certificate in the form set out in the Schedule of Certificates and Notices; or
- (b) notify Project Co and the State that the Test has been failed or that the Test Report does not comply with the requirements of this Agreement.

23.7 Receive from Project Co re-submitted Test Reports.
Non-compliant Test Report

23.8(a) Confirm whether tests required by the Project Agreement, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule or the Systems Engineering Standard have been carried out as required or in accordance with Best Industry Practice.
Additional testing

24.2 Receive from Project Co a copy of separate notices 60 Business Days and 20 Business Days prior to the date upon which Project Co expects to achieve Provisional Acceptance.
Notice before Provisional Acceptance

If, after giving notice, the date on which Project Co expects to achieve Provisional Acceptance changes, receive promptly from Project Co notice of the revised date.

24.3(a) Receive from Project Co:
Provisional Acceptance

- (a) notice that it has achieved Provisional Acceptance;
- (b) a request for a Certificate of Provisional Acceptance; and
- (c) a detailed list of work (including Minor Defect correction, and any Final Acceptance Works) to be undertaken to achieve Final Acceptance.

24.3(b) Receive from the State:
Provisional Acceptance

- (a) notice that it considers Provisional Acceptance has been achieved; and
- (b) a request that the Certificate of Provisional Acceptance be issued.

| | |
|--|---|
| 24.3(c) Provisional Acceptance | As soon as reasonably practicable and, in any event, within 15 Business Days of receiving notice of Provisional Acceptance from either Project Co or the State, determine whether Provisional Acceptance has been achieved and: (a) if Provisional Acceptance has been achieved, issue the required Certificate of Provisional Acceptance to the State and Project Co; or (b) if Provisional Acceptance has not been achieved, issue the required notice to the State and Project Co. |
| 24.3(e) Provisional Acceptance | Receive from Project Co notice when work remaining to be undertaken to achieve Provisional Acceptance has been completed. |
| 24.3(g) Provisional Acceptance | Determine whether Provisional Acceptance has been achieved: (a) without restriction by any notice, list or opinion previously provided to Project Co under clause 24.3(c); and (b) with entitlement to raise any other items of work (other than Minor Defects in the Relevant Infrastructure and Returned Works) as a ground for determining that Provisional Acceptance has not been achieved. |
| 24.4(a) Completion and Handback of Returned Works | Progressively inspect the Returned Works, consider whether the Returned Works have been completed in accordance with the State Project Documents and carry out any reinspection or other activities required by the Project Agreement or the Independent Reviewer Deed of Appointment. |
| 24.4(b)(3) Completion and Handback of Returned Works | Receive from Project Co notice in the form required by the Schedule of Certificates and Notices which: (a) states that the Returned Asset has been completed in accordance with the State Project Documents; and (b) lists any relevant Defects. |
| 24.4(b)(4) Completion and Handback of Returned Works | Jointly inspect the Returned Asset with Project Co and the Returned Asset Owner no more than 5 Business Days after receipt of Project Co's notice under clause 24.4(b)(2). |
| 24.4(c) Completion and Handback of Returned Works | In determining whether or not to issue a notice under clause 24.4(d), consider any reasonable comments of the relevant Returned Asset Owner provided within 5 Business Days after the time of the inspection under clause 24.4(b)(3). |
| 24.4(d) Completion and Handback | As soon as reasonably practicable following inspection under clause 24.4(b)(4), determine whether the Returned Asset has been completed in accordance with the State Project Documents |

of Returned Works (subject only to relevant Defects) and issue to the State and Project Co either:

- (a) a notice in the form required by the Schedule of Certificates and Notices confirming that the Returned Asset has been completed (subject only to relevant Defects); or
- (b) a notice either:
 - (i) listing the work remaining to be undertaken in order to complete the Returned Asset in accordance with the State Project Documents (subject only to relevant Defects); or
 - (ii) stating that the Returned Asset is so far from being completed in accordance with the State Project Documents that it is not practicable to provide a list of work remaining to be undertaken.

24.4(f) Receive from Project Co notice when the work listed in a notice issued by the Independent Reviewer under clause 24.4(d)(2)(A) has been completed.

Completion and Handback of Returned Works

24.4(h) Determine whether the Returned Asset has been completed in accordance with the State Project Documents (subject only to relevant Defects):

- (a) without restriction by any notice, list or opinion which it previously provided to Project Co under clause 24.4(d)(2); and
- (b) with entitlement to raise any other items of work (other than relevant Defects) as a ground for determining that the Returned Asset has not been completed in accordance with the State Project Documents.

24.5(a) When the Independent Reviewer considers that Final Acceptance has been achieved, as soon as reasonably practicable issue a Certificate of Final Acceptance to the State and Project Co certifying that Final Acceptance has been achieved and stating the Date of Final Acceptance.

Final Acceptance

24.5(b) Determine whether Final Acceptance has been achieved:

- (a) without restriction by any Certificate of Provisional Acceptance, notice, list or opinion previously provided or obligation of Project Co to correct any Defects; and
- (b) with entitlement to raise any other items of work as a ground for determining that Final Acceptance has not been achieved.

25.1(b) Receive from Project Co notice of any Defects in the Maintained Assets or Returned Assets identified by Project Co in accordance with the procedure for notification of Defects at any time during the Relevant Defects Term.

Defects

| | |
|---|---|
| 25.1(c) Defects | If the Independent Reviewer believes there is a Defect in the Maintained Assets or the Returned Assets at any time during the relevant Defects Term, issue to Project Co a notice specifying: (a) that Defect; and (b) the reasonable period of time within which Project Co must rectify that Defect. |
| 25.1(d) Defects | Receive from Project Co notice that a notice given in accordance with clause 25.1(c) or a determination made in accordance with clause 24.4(d) and disputed by Project Co under clause 25.1(d)(3) is being referred for resolution under the Project Agreement. |
| 25.1(h) Defects | Receive from Project Co notice that a Defect has been rectified promptly after its rectification by Project Co. |
| 25.1(i) Defects | Receive from the State notice under clause 25.1(i)(3) and, within 10 Business Days of receiving the State's notice, issue to the State and Project Co a notice setting out the determined cost necessary to rectify the relevant Defect. |
| 25.2(a)(2)(B) Defects Liability Periods for Returned Assets | Assess whether Defects in a Returned Asset: (a) notified by Project Co pursuant to clause 25.1(b); or (b) notified by the State or the Independent Reviewer pursuant to clause 25.1(c) prior to the date referred to in clause 25.2(a)(2)(A), have been rectified. |
| 26.2(a) Independent Reviewer's review of progress | Continually review (by general overview, reasonable checking, and visiting the Site to inspect the progress of the Works, including where requested by the State) the carrying out of the D&C Activities and Final Acceptance Works to ensure that: (a) the obligations of Project Co under the State Project Documents relating to the D&C Activities and Final Acceptance Works are being complied with; (b) Provisional Acceptance will be achieved by the Date for Provisional Acceptance; (c) each Critical Interface Milestone (PPP Responsible) will be achieved by the relevant Critical Interface Milestone Date; (d) from the Date of Provisional Acceptance, Project Co is expeditiously and diligently progressing the Works to achieve Final Acceptance; and (e) the D&C Program accurately reflects the actual progress of the Works in all material respects. |
| 26.2(b) | Notify Project Co and the State, with reasons, if of the opinion that: |

Independent Reviewer's review of progress

- (a) the obligations of Project Co under the State Project Documents relating to the D&C Activities and Final Acceptance Works are not being complied with;
- (b) the D&C Program does not accurately reflect the actual progress of the Works in all material respects;
- (c) a Critical Interface Milestone (PPP Responsible) will not be achieved by the relevant Critical Interface Milestone Date;
- (d) Provisional Acceptance will not be achieved by the Date for Provisional Acceptance; or
- (e) from the Date of Provisional Acceptance, Project Co is not expeditiously and diligently progressing the Works to achieve Final Acceptance.

26.2(c)
Independent Reviewer's review of progress

In response to the notice issued by the Independent Reviewer under clause 26.2(b), within 10 Business Days receive from Project Co notice setting out:

- (a) any matters with which it disagrees with the Independent Reviewer's opinion, together with its reasons for doing so (**Explanation**); and
- (b) to the extent it does not disagree, a plan and a program for the rectification of any non-compliance in accordance with clause 26.2(f) (**Remediation Plan**),

for review in accordance with the Review Procedures.

26.2(d)
Independent Reviewer's review of progress

Within 10 Business Days of receiving an Explanation, notify the State and Project Co of its opinion as to whether or not the Explanation satisfactorily addresses its concerns, together with reasons for forming that opinion.

26.2(e)
Independent Reviewer's review of progress

If the Independent Reviewer notifies Project Co under clause 26.2(d) that the Explanation is not satisfactory, receive from Project Co within 10 Business Days of Project Co receiving the notice a Remediation Plan in accordance with clause 26.2(f) for review in accordance with the Review Procedures.

26.2(f)-(g)
Independent Reviewer's review of progress

If a Remediation Plan has been prepared in response to a notice issued under clause 26.2(b) or 26.2(e)(2), review the Remediation Plan in accordance with the Review Procedures and determine if it is satisfactory having regard to the Remediation Plan requirements set out in clause 26.2(f).

26.2(h)
Independent Reviewer's review of progress

Notify the State and Project Co that, in its opinion, a Remediation Plan is satisfactory and receive from Project Co monthly updates to the Remediation Plan for review in accordance with the Review Procedures.

| | |
|--|--|
| 26.2(i) Independent Reviewer's review of progress | Notify the State and Project Co that, in its opinion, a Remediation Plan is unsatisfactory, and receive an Amended Remediation Plan prepared by Project Co within 5 Business Days of receipt by Project Co of the Independent Reviewer's notice, for review in accordance with the Review Procedures. |
| 26.2(k) Independent Reviewer's review of progress | Notify the State and Project Co that, in its opinion: <ul style="list-style-type: none">(a) an Amended Remediation Plan does not satisfactorily address the requirements of clause 26.2(f);(b) Project Co is not diligently pursuing the Remediation Plan or Amended Remediation Plan; or(c) Project Co will not be able to achieve Provisional Acceptance by the date that is 24 months after the Date for Provisional Acceptance, in the case of (a) or (b) at any time after receipt of the relevant Remediation Plan or Amended Remediation Plan. |
| 26.3 Notification of delay to Acceptance | Receive from Project Co notice promptly after it becomes aware of any matter which will, or is likely to, give rise to a delay in achieving Provisional Acceptance, a Critical Interface Milestone, or a Progress Milestone Date. |
| 26.6 Change Notice | Receive from Project Co any Change Notice submitted in accordance with clause 26.6 within 15 Business Days from the date Project Co became aware, or ought reasonably to have become aware of relevant delay. |
| 26.7 Conditions precedent to extension | Determine whether Project Co has demonstrated that: <ul style="list-style-type: none">(a) it has been, or will be, delayed in achieving Provisional Acceptance or a relevant Progress Milestone by an Extension Event or a relevant Critical Interface Milestone by a Compensable Extension Event; and(b) the Extension Event has caused or will cause activities on the critical path contained in the then current D&C Program to be delayed (except if the extension of time claim relates only to a Critical Interface Milestone, in which case Project Co is not required to demonstrate delay to the critical path contained in the then current D&C Program). |
| 26.8(a) Extension of Time determined by Independent Reviewer | Receive from the State any evidence it considers relevant to the Independent Reviewer's consideration of Project Co's Change Notice under clause 26.6. |
| 26.8(b) Extension of Time determined by Independent | If the conditions precedent in clause 26.7 have been satisfied, determine a reasonable period by which to extend the Date for Provisional Acceptance, any relevant Critical Interface Milestone |

| | |
|----------|--|
| Reviewer | Date, and relevant Progress Milestone Date and, in doing so, take into account all relevant evidence presented by the parties and not be bound by the D&C Program. |
|----------|--|

| | |
|--------------------------------------|---|
| 31.1(b) Intervening Events | Receive from Project Co a Change Notice submitted in accordance with clause 31.1(b) within 15 Business Days from the date it became aware, or ought reasonably to have become aware, of an Intervening Event. |
|--------------------------------------|---|

| | |
|---|--|
| 44.5(b) Major Default not capable of remedy or cure | Receive from the State notice pursuant to clause 44.5(b) and submit to the State within 10 Business Days of the date of the notice any comments or other information the Independent Reviewer considers may be relevant to the State forming or not forming a view in accordance clause 44.5(a). |
|---|--|

| | |
|-----------------------------|---|
| 60.2 Revised LIDP | Notify Project Co that it is not satisfied that: <ul style="list-style-type: none">(a) Project Co has met the Local Content Requirements; or(b) Project Co will be able to meet the aggregate Local Content Requirements, and receive from Project Co a revised LIDP for review in accordance with the Review Procedures. |
|-----------------------------|---|

| | |
|--|--|
| 60.4(a) Adjustment of Quarterly Service Payments | Certify, on the Date of Provisional Acceptance: <ul style="list-style-type: none">(a) the percentage of Local Content (ANZ) used by Project Co to the Date of Provisional Acceptance in undertaking the D&C Activities; and(b) the percentage of the Project Co D&C Phase Workforce to the Date of Provisional Acceptance which comprised of Priority Jobseekers undertaking D&C Activities in Victoria, calculated as an Annualised Employee Equivalent against the Project Co D&C Phase Workforce, by issuing a certificate in the form set out in the Schedule of Certificates and Notices. |
|--|--|

| | |
|---|--|
| 61.3 Adjustment of Quarterly Service Payments | Certify, on the Date of Provisional Acceptance, the percentage of the total labour hours for the Works performed by Apprentices, Trainees and Engineering Cadets to the Date of Provisional Acceptance by issuing a certificate in the form set out in the Schedule of Certificates and Notices. |
|---|--|

| | |
|--|---|
| 61.6 Revised Major Projects Skills Guarantee Compliance Plan | Review any revised Compliance Plans in accordance with the Review Procedures. |
|--|---|

Schedule 4 (*Change Compensation Principles*)

5.1(c)
Change Notice and State Response

Receive from Project Co any Change Notice submitted in respect of a Change Compensation Event.

6.1(a)
State to issue Change Response

Respond to a Change Notice received pursuant to section 5.1(c) within 20 Business Days in accordance with section 6.

Schedule 7 (*Review Procedures*)

1.1(a)
Submission

Receive from Project Co any document required to be submitted under a State Project Document for review in accordance with the Review Procedures and the terms of the State Project Documents.

4.1
Response to Submitted Documents

Respond to a Submitted Document within the Review Period in accordance with section 4.

Schedule 25 (*Design Review*)

2.1(f)
General

As necessary, require the appropriate design personnel (including the Proof Engineer) to be made available to explain any Design Documentation, and reasonably request information regarding any Design Documentation.

2.2
Design Development Coordinator obligations

Attend meetings in respect of the design of the Project Assets and be consulted by Project Co throughout the Design Development Process as required by the Project Agreement.

2.3(a)
Sequence, concurrency and overlap of Design Packages

Receive from Project Co the Design Packages for review in accordance with the Design Management Plan, the D&C Program and the Design Review Schedule.

2.7
State and stakeholder review of Interim Design Documentation and Certified Design Documentation

Receive from Project Co:

- (a) the Interim Design Documentation for each Design Package, and provide any comments within 20 Business Days; and
- (b) the Certified Design Documentation for each Design Package, and provide any comments within 15 Business Days.

| | |
|--|---|
| 2.8(Review of Certified Design Documentation | Receive from Project Co: (a) the Interim Design Documentation and review within the relevant Review Period in accordance with section 2.8(a); and (b) the Certified Design Documentation and review in accordance with section 2.8(c), and (as appropriate) certify all or part of the Design Documentation by providing to Project Co and the State a certificate in the form set out in the Schedule of Certificates and Notices. Any actual or potential non-compliances must be notified to Project Co in accordance with section 2.8(e) |
| 2.9(a) Issue of IFC Design | Receive from Project Co the IFC Design Documentation for each Design Package, together with all information required by the Design Review Schedule. |
| 2.10(b) Changes to the Technical Solution | Receive from Project Co notification of any change to the Technical Solution, and determine satisfaction in accordance with section 2.10(b). |
| 4 Initial Design Meeting | Attend an initial design meeting with Project Co and the State with 10 Business Days after Financial Close to commence planning of the Design Development Process and discuss the Design Management Plan. |
| 5.1 Further updates to Design Management Plan | Reasonably request Project Co to submit updated Design Management Plans or discrete components of the Design Management Plan, and receive from Project Co any revisions, modifications or updated versions of the Design Management Plan. |
| 6.2 Management of Stakeholder Group process | Attend Stakeholder Group meetings for various Design Packages. |
| 7.1 Purpose of Design Development Presentations | Request at the Design Development Presentations any necessary presentation and explanation of mock ups (including full scale or scale mock ups) of different components of the Project Assets. |
| 7.2 Frequency, notice and attendance at Design Development Presentations | Reasonably request Design Development Presentations, and receive from Project Co 10 Business Days' notice of the conduct of a Design Development Presentation. |
| 9(a)-(d) Mock ups and material | Receive from Project Co the project specific material samples and mock ups required by section 7.6 of the Design Requirements |

samples Section, with at least 4 weeks' prior notice.

9(e)
Mock-ups and material samples

Review any material sample or mock up within 6 weeks of submission, and either:

- (a) certify the material sample or mock up; or
- (b) notify Project Co of any actual non-compliances with the requirements of the Project Agreement, together with detailed reasons, which must be Addressed by Project Co before Project Co may proceed to construction of the relevant Works.

Schedule 26 (Completion Schedule)

3.2
Provisional Acceptance report

Receive from Project Co a report in respect of the Maintained Assets (excluding the Final Acceptance Works) and Returned Works (excluding the Returned Train Works and the Returned VicTrack Works).

Determine whether the Provisional Acceptance report includes all information reasonably necessary for operation, use and maintenance of the Maintained Assets, and is in an acceptable form.

4.2
Final Acceptance report

Receive from Project Co a report in respect of the Maintained Assets, the Returned Train Works and the Returned VicTrack Works.

Determine whether the Final Acceptance report includes all information reasonably necessary for operation, use and maintenance of the Maintained Assets, the Returned Train Works and the Returned VicTrack Works, and is in an acceptable form.

3 PS&TR

The Independent Reviewer's functions under Volume 2, Part A of the PS&TR include, but are not necessarily limited to, the functions set out in the table below. Section references are to Volume 2, Part A of the PS&TR unless stated otherwise.

| Section No. | Independent Reviewer Role |
|--|--|
| 2.1.6(f) Reference Documents | Where a Reference Document provides for the approval of alternative construction methods or materials by a superintendent or representative, receive from Project Co notice: <ul style="list-style-type: none"> (a) in the Construction Documentation; or (b) as proposed changes to Design Documentation, |

of such methods or materials.

| | |
|--|--|
| 2.1.6(h) Reference Documents | Where a Reference Document provides for any determination, direction or agreement by a superintendent that is not otherwise provided for expressly under section 2.1.6, receive from Project Co notice: <ul style="list-style-type: none"> (a) in the Construction Documentation; or (b) as changes to Design Documentation, of such determinations, directions or agreements. |
|--|--|

| | |
|--|--|
| 2.1.6(i) Reference Documents – General | Where a Reference Document provides for the approval of a proposed adoption or variance of a particular standard, code, reference, guidelines, manual or other technical document, determine whether to grant that approval. |
|--|--|

The Independent Reviewer's functions under Volume 2, Part C of the PS&TR include, but are not necessarily limited to, the functions set out in the table below. Section references are to Volume 2, Part C of the PS&TR unless stated otherwise.

| Section No. | Independent Reviewer Role |
|--|---|
| 1.2.4(b) Process Requirements – Management Plans | Receive from Project Co notice of any audit proposed to be conducted in accordance with section 1.2.4, 3.5 or 4.7 at least 5 Business Days prior to that audit occurring. |
| 1.2.4(c) Process Requirements – Management Plans | Receive from Project Co in respect of any audit conducted in accordance with section 1.2.4, 3.5 or 4.7: <ul style="list-style-type: none"> (a) an audit report; and (b) proposed and/or implemented actions for addressing any non-conformances identified in the audit report, within 5 Business Days of the audit's completion. |
| 1.3.3.2 Process Requirements – Records | Receive, as a condition precedent to Final Acceptance, a complete electronic copy of the As-Built Records for each Construction Package (including the final revised electronic versions of IFC Design Documentation). |
| 1.3.3.3 Process Requirements – Records | Receive, no later than 60 days after the date of completion of the Returned Works and as a condition precedent to Handback of Returned Works, a complete electronic copy of the As-Built Records for each Returned Works Construction Package (including the final revised electronic versions of IFC Design Documentation and maintenance records for the Returned Works during construction). |

| | |
|---|---|
| 1.3.5.2(b)(5) Process Requirements – Records | Certify As-Built Records by providing a certificate in the form set out in the Schedule of Certificates and Notices. |
| 1.3.5.2(c)(1) Process Requirements – Records | Certify As-Built Records by providing a certificate in the form set out in the Schedule of Certificates and Notices. |
| 1.3.5.2(c)(1) Process Requirements – Records | Determine, for the purposes of closing as As-Built Records, whether subsequent Works will prevent inspection or repair of the Works represented by the As-Built Records. |
| 1.3.5.2(d) Process Requirements – Records | Where it is either not practicable to undertake testing required for closure of As-Built Records before Works are covered up or in particular situations where test results are available, determine any additional inspection or testing arrangements to be included in the applicable Inspection and Test Plan. |
| 1.3.5.2(d) Process Requirements – Records | Where it is either not practicable to undertake testing required for closure of As-Built Records before Works are covered up or in particular situations where test results are available, determine any additional inspection or testing arrangements to be included in the applicable Inspection and Test Plan. |
| 1.3.9.8 Process Requirements – Records | Determine whether non-conformances identified by the Independent Reviewer have been closed out satisfactorily. |
| 1.4.1.2(k) Process Requirements – Reporting | Notify Project Co of any other issues it requires to be addressed in the Monthly D&C Phase Progress Report. |
| 2.2.2.1(a) Project Management Requirements – Program Management | In respect of each update to the D&C Program, receive from Project Co a Program Summary Report listing the planning assumptions that underpin the program. |
| 2.2.3.1(a) Project Management Requirements – Program Management | Receive from Project Co updates to the D&C Program in accordance with the Project Agreement. |

| | |
|--|---|
| 2.6.4.7 Project Management Requirements – Information Management | Receive from Project Co a report in respect of Project Co's compliance audit of the implemented digital engineering strategy against future State or Federal digital engineering (BIM) related standards or guidelines. |
| 3.5.1.3 Environmental Management Requirements – Environmental Audits | Receive from Project Co any environmental audit undertaken pursuant to section 3.5. |
| 6.3.1.1(a) Occupational Health and Safety Management – Road Safety | Determine, if requested by Project Co, whether a heavy vehicle will not perform the function for which it is intended if side under run guards are fitted. |
| 7.3.2 Design Requirements – Design Review Meetings | Attend design review meetings. |
| 7.4.1.3 Design Requirements – Design Risks Register | Receive from Project Co every two weeks a copy of the latest Design Risk Register. |
| 7.5.1.2 Design Requirements – Design Documentation | Receive from Project Co Interim Design Documentation for review in accordance with the Design Review Schedule. |
| 7.5.2.2 Design Requirements – Design Documentation | Receive from Project Co Certified Design Documentation for review in accordance with the Design Review Schedule. |
| 7.5.1.2 Design Requirements – Design Documentation | Receive from Project Co IFC Design Documentation for review in accordance with the Design Review Schedule. |
| 7.7.5 Design Requirements – Proof Engineering | Receive each Proof Engineering Certificate of Compliance with the relevant Certified Design Documentation. |
| 7.13.2 Design Requirements – | Attend Safety in Design (SiD) Workshops. |

Safety in Design

| | |
|--|---|
| 7.13.4.7 Design Requirements – Safety in Design | Receive from Project Co within 5 Business Days of the conclusion of each SiD Workshop a report and a copy of the outputs from the workshop, including assessed risks and recommendations. |
| 9.9.5.2(d) Transport Management Requirements – Road Safety Audits | Receive from Project Co within 2 Business Days of a Road Safety Audit being undertaken in relation to the Worksite Traffic Management Plan a Road Safety Audit initial report and Project Co's response to that report. |
| 9.9.6 Transport Management Requirements – Road Safety Audits | Where desired, request comment by the senior Road Safety Auditor on road safety issues associated with the Contract. |
| 9.11.1.2 Transport Management Requirements – Unplanned Transport Disruptions | Receive from Project Co reports of any unplanned disruptions to a traffic lane, footpath, cycleway, tramway, bus lane, or road caused by the Works |
| 9.11.1.4 Transport Management Requirements – Unplanned Transport Disruptions | Receive from Project Co following any unplanned disruption event a report on the outcome of a review of the Transport Management Plan and the relevant Worksite Traffic Management Plan and Traffic Guidance System. |
| 10.3.2.1 Construction Requirements – Notification of Incidents | Receive from Project Co within 2 Business Days of any incident a report including all relevant details of the incident. |
| 10.4.5 Construction Requirements – Construction Documentation | Receive from Project Co Construction Documentation for review in accordance with the Review Procedures. |
| 10.5.2 Construction Requirements – Construction Review Meetings | Attend construction review meetings. |
| 10.7.2.3 Construction Requirements | Receive within four weeks of a condition survey being undertaken and prior to the commencement of the relevant Works the condition |

– Site Investigation,
Condition Surveys and
Monitoring

survey.

10.7.3.5(d)

Construction Requirements
– Site Investigation,
Condition Surveys and
Monitoring

Upon request, receive from Project Co a copy of quality assurance processes and verification documentation.

10.7.4.9

Construction Requirements
– Site Investigation,
Condition Surveys and
Monitoring

Receive from Project Co:

- (a) analysis and determinations, including the original Predicted Effects and any Acceptable Effects and any revisions, and re-evaluations of the Predicted Effects and the Acceptable Effects;
- (b) results of monitoring the actual effects of the Works and the Temporary Works on the existing ground conditions, infrastructure and properties over time;
- (c) details of any adjustments to the manner in which Project Co's Works are carried out which are necessary as a consequence of any re-evaluation of Predicted Effects; and
- (d) details of designs and materials for the repair and reinstatement of infrastructure and properties required by section 10.7.4.8.

11.1.5.1

Transition and Acceptance
Requirements – Testing and
Commissioning

Receive notice of any non-conformance or Defect identified by testing and commissioning.

11.2.1.2(f)

Transition and Acceptance
Requirements – Handback

Determine whether Inspection and Test Plans are satisfactory.

11.2.1.2(v)

Transition and Acceptance
Requirements – Handback

Determine whether Handback Documentation includes all information necessary for operation, use and maintenance and, where necessary, request that additional information be included.

11.2.2.1

Transition and Acceptance
Requirements – Handback

Receive from Project Co a Health and Safety Completion Report.

6.2(m)(13)

Annexure 2 – Digital

Receive from Project Co outputs from the sustainability performance model(s) demonstrating compliance with the performance requirements of the Sustainability Management Plan

Engineering Management and Sustainability Targets.
Plan

4 D&C Subcontract

The Independent Reviewer's and/or the Sub-Independent Reviewer's functions (as the case may be) under the D&C Subcontract include, but are not necessarily limited to:

| Clause No. | Independent Reviewer Role |
|---|---|
| D&C Subcontract | |
| 1.1 Definition of "D&C Program" | Set, where reasonably required, requirements for the D&C Program. |
| 1.1 Definition of "Major Default (D&C)"* | Notify Project Co that it has formed the view that the D&C Subcontractor will not achieve Provisional Acceptance within the period covered by the then current Liquidated Damages (Provisional Acceptance) Cap. |
| 1.1 Definition of "Minor Defect" | Determine if the D&C Subcontractor or the relevant Metro Tunnel Package Contractor has reasonable grounds for not promptly rectifying a Defect. |
| 2.16(a) No Project Co liability for review | Except as otherwise expressly provided in the Sub-Independent Reviewer Deed of Appointment, Project Co and the Sub-Independent Reviewer do not owe a duty of care to the D&C Subcontractor to: <ul style="list-style-type: none"> (a) review (or when reviewing) the D&C Subcontractor Material submitted by the D&C Subcontractor; or (b) inspect or review the D&C Activities, the Final Acceptance Works, the Relevant Infrastructure, the Metro Tunnel Interface Works, or the Ticketing Works for Defects, other errors or omissions or for compliance with the D&C Project Documents or any Laws. |
| 11.4 Project Control Group | If requested to, attend meetings of the Project Control Group during the D&C Phase. |
| 11.4(g) Project Control Group | Receive from the D&C Subcontractor no later than 8 Business Days after the end of each Month the following reports updated and prepared in accordance with the PS&TR: |

| Clause No. | Independent Reviewer Role |
|---|---|
| | <p>(a) prior to the Date of Final Acceptance, a Monthly D&C Phase Progress Report for the previous Month; and</p> <p>(b) from the Date of Final Acceptance to the expiry of the D&C Phase, a Monthly Performance Report for the previous Month.</p> |
| 11.5A(i) Construction Control Group* | If requested to, attend meetings of the Construction Control Group. |
| 11.7(d) Other Project roles of Independent Reviewer* | Determine the proportionate responsibility of Project Co and the D&C Subcontractor (as a result of their respective conduct) for any Higher IC Payment Proportion (PA) and notify the D&C Subcontractor of any Higher IC Payment Proportion (PA) payable by it. |
| 11.11(b) Appointment of Sub-Independent Reviewer* | Act in accordance with the terms of the D&C Subcontract and this Deed, and independently of the D&C Parties. |
| 11.12(c) Other Project roles and costs of Sub-Independent Reviewer* | Assess whether the parties (as a result of their respective conduct) have a proportionate responsibility for the costs and expenses of the Sub-Independent Reviewer which differs from the position in clause 11.7(c) that Project Co will pay such costs and expenses and, where necessary, state the relevant proportions in a notice to the parties. |
| 11.12(d) Other Project roles of Sub-Independent Reviewer* | If the Sub-Independent Reviewer prepares a report not otherwise required by the D&C Subcontract or the Sub-Independent Reviewer Deed of Appointment, provide a copy of that additional report to both parties, with the cost of preparing the report being borne by the party that requested it. |
| 11.14 Replacement of Sub-Independent Reviewer* | If a new Sub-Independent Reviewer is appointed in accordance with clause 11.14, abide by the exercise of any functions or decisions made by the previous Sub-Independent Reviewer. |
| 14.1 Preparation of Management Plans | Review the Management Plans in accordance with the Review Procedures (D&C), and request any additional information that is reasonably required. |
| 14.3(c) Updates and revisions of | If Project Co gives notice under clause 14.3(b), review the amended or updated Management Plan in accordance with the |

| Clause No. | Independent Reviewer Role |
|---|---|
| Management Plans | Review Procedures (D&C). |
| 14.3(d) Updates and revisions of Management Plans | Receive from the D&C Subcontractor notice of any proposed changes to a Management Plan and review the amended Management Plan in accordance with the Review Procedures (D&C). |
| 16.3(a) The State and Project Co's right to enter, inspect and test | If authorised by Project Co, the Sub-Independent Reviewer may during Business Hours or upon giving reasonable notice to Project Co (except in the case of an emergency when no notice is required) enter the Site or the offices of the D&C Subcontractor for the purposes set out in clause 16.3(a) of the D&C Subcontract. |
| 16.3(c) The State and Project Co's right to enter, inspect and test | When entering the site in accordance with clause 16.3(a) or otherwise: <ul style="list-style-type: none">(a) comply with the Site Access and Interface Protocols and any generally applicable safety and security requirements of the D&C Subcontractor;(b) not unnecessarily interfere with the carrying out of the D&C Activities and the Final Acceptance Works; and(c) not damage the Relevant Infrastructure or the Site. |
| 16.6 Schedule of Certificates and Notices (D&C) | Receive from the D&C Subcontractor the certificates required by the Schedule of Certificates and Notices (D&C) in accordance with the terms of the Schedule of Certificates and Notices (D&C). |
| 18.1(a) Submission of the D&C Program | Receive from the D&C Subcontractor the D&C Program for review in accordance with the Review Procedures (D&C). |
| 18.1(d) Submission of the D&C Program | In the event of a proposed or likely material departure from the D&C Program, receive from the D&C Subcontractor a notice of any proposed or likely material departure together with reasons why the material departure is necessary to comply with the D&C Subcontract. |
| 18.1(g) Submission of the D&C Program* | Exercise sole and absolute discretion as to whether to use the D&C Program for any purpose, including assessing any Claim made by the D&C Subcontractor. |
| 18.2 | Receive from the D&C Subcontractor updates of the D&C Program |

| Clause No. | Independent Reviewer Role |
|---|--|
| Updates to the D&C Program | <p>(including all sub-programs and associated reports) for review in accordance with the Review Procedures at the following intervals:</p> <ul style="list-style-type: none"> (a) 29 January 2018 to reflect the date of Financial Close, the Date for Provisional Acceptance and the Date for Final Acceptance; (b) at least monthly (no later than 8 Business Days after the end of each Month) to accurately reflect the status and any change in the progress of the D&C Activities and the Final Acceptance Works (including any delays which have or may have occurred in respect of the progress of the D&C Activities or the Final Acceptance Works) or any other changes to the activities, times, durations or other information contained in the D&C Program and any sub-programs to accurately reflect the actual status and progress of the D&C Activities and the Final Acceptance Works; (c) within 8 Business Days of the D&C Subcontractor being granted an extension of time to a Critical Interface Milestone Date, a Progress Milestone Date or the Date for Provisional Acceptance, instructed to accelerate the D&C Activities or directed to carry out a Modification; and (d) within 4 Business Days of the D&C Subcontractor deciding to make any material changes to the information contained in the D&C Program. |
| 23.1(b) Testing and Commissioning | <p>Receive from the D&C Subcontractor and review any updated Testing and Commissioning Management Plans with the intent of allowing the D&C Subcontractor the opportunity to recover any delays or reduce the likelihood of further delays.</p> |
| 23.2 Test Procedures | <p>For each Test:</p> <ul style="list-style-type: none"> (a) receive from the D&C Subcontractor the relevant Test Procedure at least 65 Business Days (or 35 Business Days for revised Test Procedures) prior to the proposed date of the Test; (b) within 28 Business Days (or 14 Business Days for revised Test Procedures) of receiving the Test Procedure, review the Test Procedure; and (c) when satisfied that the Test Procedure meets the requirements of the D&C Subcontract, the PS&TR, the Testing and Commissioning Management Plan, the Completion Schedule and the Systems Engineering Standard, certify (strictly in accordance with any certification of the Independent Reviewer) the Test Procedure by providing to the D&C Subcontractor and Project Co a certificate in the form set out in the Schedule of Certificates and Notices (D&C). |
| 23.3(a) | <p>Receive from the D&C Subcontractor at least 12 Business Days'</p> |

| Clause No. | Independent Reviewer Role |
|--|--|
| Notice of Tests | notice of the date, time and place for the conduct of each Test. |
| 23.3(b) Notice of Tests | Receive from the D&C Subcontractor notice of the postponement of any Test. |
| 23.3(c) Notice of Tests | If the D&C Subcontractor decides to postpone a Test, receive from the D&C Subcontractor at least 6 Business Days' notice of the rescheduled date, time and place for the conduct of that Test. |
| 23.3(d) Notice of Tests | Receive from the D&C Subcontractor: <ul style="list-style-type: none">(a) an extract from the D&C Program that specifies the date, time and place for the conduct of each Test to be conducted for the following 25 Business Day period; and(b) an updated extract from the D&C Program each week during the period that the D&C Subcontractor is carrying out Tests. |
| 23.4(b) Conduct of Tests | Approve amendments to a Test Procedure proposed by the D&C Subcontractor during the conduct of the relevant Test to account for any circumstances that arise during the Test. |
| 23.4(c) Conduct of Tests | Attend and witness the conduct of Tests (without being obliged to). |
| 23.5(a) Test Reports | Receive from Project Co, within 8 Business Days of the D&C Subcontractor carrying out a Test, a Test Report. |
| 23.5(c) Test Reports | Within 8 Business Days of receiving a Test Report and strictly in accordance with any direction of the Independent Reviewer: <ul style="list-style-type: none">(a) certify that the Test has been passed in accordance with the Test Procedure by issuing a certificate in the form set out in the Schedule of Certificates and Notices (D&C); or(b) notify the D&C Subcontractor and Project Co that the Test has been failed or that the Test Report does not comply with the requirements of the D&C Subcontract. |
| 23.7 Non-compliant Test Report | Receive from the D&C Subcontractor re-submitted Test Reports. |

| Clause No. | Independent Reviewer Role |
|---|---|
| <p>24.2 Notice before Provisional Acceptance</p> | <p>Receive from the D&C Subcontractor a copy of separate notices 62 Business Days and 22 Business Days prior to the date upon which the D&C Subcontractor expects to achieve Provisional Acceptance.</p> <p>If, after giving notice, the date on which the D&C Subcontractor expects to achieve Provisional Acceptance changes, receive promptly from the D&C Subcontractor notice of the revised date.</p> |
| <p>25.1(b) Defects</p> | <p>Receive from the D&C Subcontractor notice of any Defects in the Maintained Assets or Returned Assets identified by the D&C Subcontractor in accordance with the procedure for notification of Defects at any time during the Relevant Defects Term.</p> |
| <p>25.1(c) Defects</p> | <p>If the Sub-Independent Reviewer believes there is a Defect in the Maintained Assets or Returned Assets at any time during the relevant Defects Term, issue to the D&C Subcontractor a notice specifying:</p> <ul style="list-style-type: none"> (a) that Defect; (b) the reasonable period of time within which the D&C Subcontractor must rectify that Defect; and (c) the potential for the Defect or the rectification of the Defect to give rise to Abatement.* |
| <p>25.1(d) Defects</p> | <p>Receive from the D&C Subcontractor notice that a notice given in accordance with clause 25.1(c) or a determination made in accordance with clause 24.4(d) and disputed by the D&C Subcontractor under clause 25.1(d)(3) is being referred for resolution under the D&C Subcontract.</p> |
| <p>25.1(h) Defects</p> | <p>Receive from the D&C Subcontractor notice that a Defect has been rectified promptly after its rectification by the D&C Subcontractor.</p> |
| <p>25.1(i) Defects</p> | <p>Receive from the State notice under clause 25.1(i)(3) and, within 12 Business Days of receiving Project Co's notice, issue to Project Co and the D&C Subcontractor a notice setting out the determined cost necessary to rectify the relevant Defect.</p> |
| <p>25.2(a)(2)(B) Defects Liability Periods for Returned Assets</p> | <p>Assess whether Defects in a Returned Asset:</p> <ul style="list-style-type: none"> (d) notified by the D&C Subcontractor pursuant to clause 25.1(b); or (e) notified by Project Co or the Sub-Independent Reviewer pursuant to clause 25.1(c) prior to the date referred to in clause 25.2(a)(2)(A), <p>have been rectified.</p> |

| Clause No. | Independent Reviewer Role |
|--|--|
| 26.2A(a) Sub-Independent Reviewer's review of progress* | Notify Project Co and the D&C Subcontractor of the Sub-Independent Reviewer's opinion on: <ul style="list-style-type: none">(a) when the D&C Subcontractor is reasonably likely to achieve Provisional Acceptance; and(b) if Provisional Acceptance will not be achieved within the period covered by the then current Liquidated Damages (Provisional Acceptance) Cap, within 2 Business Days after receipt by Project Co of a notice from the Independent Reviewer under clause 26.2(b)(2) or clause 26.2(b)(3) of the Project Agreement. |
| 26.3 Notification of delay to Acceptance | Receive from the D&C Subcontractor notice promptly after it becomes aware of any matter which will, or is likely to, give rise to a delay in achieving Provisional Acceptance, a Critical Interface Milestone, or a Progress Milestone Date. |
| 26.6 Change Notice* | Receive from the D&C Subcontractor any Change Notice submitted in accordance with clause 26.6 within 20 Business Days (if the cause of delay is a Construction Extension Event) and otherwise within 13 Business Days from the date the D&C Subcontractor aware, or ought reasonably to have become aware, of the relevant delay. |
| 26.7 Conditions precedent to extension* | Determine whether the D&C Subcontractor has demonstrated that: <ul style="list-style-type: none">(a) it has been, or will be, delayed in achieving Provisional Acceptance or a relevant Progress Milestone Date by an Extension Event or a relevant Critical Interface Milestone by a Compensable Extension Event or a Construction Extension Event; and(b) the Extension Event has caused or will cause activities on the critical path contained in the then current D&C Program to be delayed (except if the extension of time claim relates only to a Critical Interface Milestone, in which case Project Co is not required to demonstrate delay to the critical path contained in the then current D&C Program). |
| 26.8(a) Extension of Time determined by Sub-Independent Reviewer | Receive from Project Co any evidence it considers relevant to the Sub-Independent Reviewer's consideration of the D&C Subcontractor's Change Notice under clause 26.6. |
| 26.8(b) Extension of Time determined by Sub-Independent Reviewer | If the conditions precedent in clause 26.7 have been satisfied, determine a reasonable period by which to extend the Date for Provisional Acceptance, any relevant Critical Interface Milestone Date, and relevant Progress Milestone Date (which, except in respect of an Extension Event under paragraph (1), (2) or (3) of the |

| Clause No. | Independent Reviewer Role |
|--|---|
| | definition of Extension Event, must be strictly in accordance with the Independent Reviewer's determination under clause 26.8 of the Project Agreement) and, in doing so, take into account all relevant evidence presented by the parties and not be bound by the D&C Program. |
| 27.3(c)(2)(B) Replacement Third Construction Bond* | Determine the amount required to rectify outstanding Defects notified to the D&C Subcontractor. |
| 27.3(d) Release of Third Construction Bond* | Certification of rectification of outstanding Defects. |
| 31.1(b) Intervening Events | Receive from the D&C Subcontractor a Change Notice submitted in accordance with clause 31.1(b) within 12 Business Days from the date it became aware, or ought reasonably to have become aware, of an Intervening Event. |
| 44.5(b) Major Default not capable of remedy or cure | Receive from the Project Co notice pursuant to clause 44.5(a) and submit to Project Co within 8 Business Days of the date of the notice any comments or other information the Sub-Independent Reviewer considers may be relevant to Project Co forming or not forming a view in accordance clause 44.5(a). |
| 60.2 Revised LIDP | Notify the D&C Subcontractor that it is not satisfied that: (a) the D&C Subcontractor has met the Local Content Requirements; or (b) the D&C Subcontractor will be able to meet the aggregate Local Content Requirements, and receive from the D&C Subcontractor a revised LIDP for review in accordance with the Review Procedures (D&C). |
| 61.6 Revised Major Projects Skills Guarantee Compliance Plan | Review any revised Compliance Plans in accordance with the Review Procedures (D&C). |
| Schedule 4 (Change Compensation Principles) | |
| 5.1(c) | Receive from the D&C Subcontractor any Change Notice submitted |

| Clause No. | Independent Reviewer Role |
|---|---|
| Change Notice and State Response | in respect of a Change Compensation Event. |
| 6.1(a) Project Co to issue Change Response | Respond to a Change Notice received pursuant to section 5.1(c) within 24 Business Days in accordance with section 6. |
| Schedule 7 (Review Procedures) | |
| 1.1(a) Submission | Receive from the D&C Subcontractor any document required to be submitted under a D&C Project Document for review in accordance with the Review Procedures (D&C) and the terms of the D&C Project Documents. |
| 4.1 Response to Submitted Documents | Respond to a Submitted Document within the D&C Review Period in accordance with section 4. |
| Schedule 25 (Design Review) | |
| 5.1 Further updates to Design Management Plan | Receive from the D&C Subcontractor any revisions, modifications or updated versions of the Design Management Plan. |

* Function performed by the Sub-Independent Reviewer under the D&C Subcontract.

5 Rail Systems Alliance

The Independent Reviewer's functions under the Rail Systems Alliance include, but are not necessarily limited to, the functions set out in the table below. Section references are to the Rail Systems Alliance Agreement unless otherwise stated. Capitalised terms in this Section 5 that are not defined under clause 1 of this Deed have the meaning given to them in the Rail Systems Alliance Agreement.

| Clause No. | Independent Reviewer Role |
|---|---|
| [21.1(a)] Certificate of Critical Interface Milestone Achievement | Receive notice under clause 21.1(a) from the ALT, the Project Owner, PPP Contractor, the RIA Participants or the HCMT Contractor (as the case may be), that the party considers it will be delayed in achieving a CIM by the Date for CIM Achievement. |
| [21.1(b)] Certificate of Critical Interface Milestone Achievement | Receive an updated notice where the relevant party considers the extent of the delay notified to the Independent Reviewer under clause 21.1(a) has changed. |
| [21.1(c)] Certificate of Critical Interface Milestone Achievement | Receive from the ALT, the Project Owner, the PPP Contractor, the RIA Participants or the HCMT Contractor: <ul style="list-style-type: none">(a) a notice that in the opinion of the relevant party, a CIM has been achieved; and(b) a request for a Certificate of CIM Achievement. |
| [21.1(d)] Certificate of Critical Interface Milestone Achievement | Receive from the Owner Participant: <ul style="list-style-type: none">(a) a notice that in the opinion of the Owner Participant or the NOPs (as the case may be), the NOPS, the PPP Contractor, the RIA Participants or the HCMT Contractor have achieved a CIM; and(b) a request for a Certificate of CIM Achievement. |
| [21.1(e)] Certificate of Critical Interface Milestone Achievement | As soon as reasonably practicable and, in any event, within 3 Business Days of the ALT complying with clause 21.1(a) or the Owner Participant giving notice under clause 21.1(d), determine whether the relevant CIM has been achieved and either: <ul style="list-style-type: none">(a) if the relevant CIM has been achieved, issue the required Certificate of CIM Achievement (stating the date on which the relevant CIM was achieved) to the Participants and the IDS Counterparty (and if the date is after the relevant Date for CIM Achievement, the number of days that the Participants or the IDS Counterparty have caused or contributed to the delay by failing to achieve an earlier CIM or non-CIM in the same IDS); or(b) if the relevant CIM has not been achieved, issue the required notice to the Participants and the IDS Counterparty. |
| [21.1(f)] Certificate of Critical Interface Milestone Achievement | Receive notice from the NOPS when any work listed under clause 21.1(e)(2)(A) has been completed. |

| | |
|---|---|
| <p>[21.1(g)] Certificate of Critical Interface Milestone Achievement</p> | <p>Consider under clause 21.1(d) and 21.1(e) the notice given under clause 21.1(f) as if it were the original notice given under clause 21.1(a)</p> |
|---|---|

| | |
|---|---|
| <p>[21.4(b)] CIM Achievement (RSA-HCMT CIM, RSA-PPP CIM and RSA-RIA CIM)</p> | <p>Receive notice that within 3 Business Days of the Date of CIM Achievement, an IDS Counterparty believes it can overcome or mitigate the delay or part of the delay in order to achieve the subsequent CIM or a future CIM in the same IDS in accordance with clause 21.4(a).</p> |
|---|---|

| | |
|---|--|
| <p>[23.1(a)] Interface Costs – Participants impacting a Specified Related Works Contractor</p> | <p>Assess and quantify the additional costs of Interface Impacts to the Project Owner as set out in clause 23.1(a) and notify the Project Owner and the NOPs of the costs, in writing, within 10 Business Days of such Interface Impact.</p> |
|---|--|

6 Rail Infrastructure Alliance

The Independent Reviewer's functions under the Rail Infrastructure Alliance include, but are not necessarily limited to, the functions set out in the table below. Section references are to the Rail Infrastructure Alliance Agreement unless otherwise stated. Capitalised terms in this Section 6 that are not defined under clause 1 of this Deed have the meaning given to them in the Rail Systems Alliance Agreement.

| Clause No. | Independent Reviewer Role |
|---|---|
| <p>[22.1(a)] Certificate of Critical Interface Milestone Achievement</p> | <p>Receive notice under clause 22.1(a) from the ALT, the Project Owner, PPP Contractor or the RSA Participants (as the case may be), that the party considers it will be delayed in achieving a CIM by the Date for CIM Achievement.</p> |
| <p>[22.1(b)] Certificate of Critical Interface Milestone Achievement</p> | <p>Receive an updated notice from, where the relevant party considers the extent of the delay notified to the Independent Reviewer under clause 22.1(a) has changed.</p> |
| <p>[22.1(c)] Certificate of Critical Interface Milestone Achievement</p> | <p>Receive from the ALT, the Project Owner, the PPP Contractor or the RSA Participants:</p> <ul style="list-style-type: none"> (a) a notice that in the opinion of the relevant party, a CIM has been achieved; and (b) a request for a Certificate of CIM Achievement. |

| | |
|---|---|
| <p>[22.1(d)] Certificate of Critical Interface Milestone Achievement</p> | <p>Receive from the Owner Participant:</p> <ul style="list-style-type: none">(a) a notice that in the opinion of the Owner Participant, the NOPS, the PPP Contractor or the RSA Participants have achieved a CIM; and(b) a request for a Certificate of CIM Achievement. |
| <p>[22.1(e)] Certificate of Critical Interface Milestone Achievement</p> | <p>As soon as reasonably practicable and, in any event, within 3 Business Days of the ALT complying with clause 22.1(a) or the Owner Participant giving notice under clause 22.1(d), determine whether the relevant CIM has been achieved and either:</p> <ul style="list-style-type: none">(a) if the relevant CIM has been achieved, issue the required Certificate of CIM Achievement to the Participants and the IDS Counterparty (and if the date is after the relevant Date for CIM Achievement, the number of days that the Participants or the IDS Counterparty have caused or contributed to the delay by failing to achieve an earlier CIM or non-CIM in the same IDS); or(b) if the relevant CIM has not been achieved, issue the required notice to the Participants and the IDS Counterparty. |
| <p>[22.1(f)] Certificate of Critical Interface Milestone Achievement</p> | <p>Receive notice from the NOPS when any work listed under clause 22.1(e)(2)(A) has been completed.</p> |
| <p>[22.1(g)] Certificate of Critical Interface Milestone Achievement</p> | <p>Consider under clause 22.1(d) and 22.1(e) the notice given under clause 22.1(f) as if it were the original notice given under clause 22.1(a)</p> |
| <p>[22.4(b)] CIM Achievement (RSA-HCMT CIM, RSA-PPP CIM and RSA-RIA CIM)</p> | <p>Receive notice that within 3 Business Days of the Date of CIM Achievement, an IDS Counterparty believes it can overcome or mitigate the delay or part of the delay in order to achieve the subsequent CIM or a future CIM in the same IDS in accordance with clause 22.4(a).</p> |
| <p>[24.1(a)] Interface Costs – Participants impacting a Specified Related Works Contractor</p> | <p>Assess and quantify the additional costs of Interface Impacts to the Project Owner as set out in clause 24.1(a) and notify the Project Owner and the NOPS of the costs, in writing, within 10 Business Days of such Interface Impact.</p> |

Schedule 3

Payment Schedule

1 Payment of the Fee for Services

- (a) **(State responsible)**: Subject to sections 1(b) and 1(c) of this Schedule 3, and without limiting any provision of the Project Agreement, the State will be solely and exclusively liable for making any payments due to the Independent Reviewer under this Deed.
- (b) **(Payment for special reports)**: Without limiting any provision of the Project Agreement, the relevant Project Party or Rail Franchisee requesting the preparation of an additional report under clause 7.4 will be solely responsible for payment to the Independent Reviewer for the costs associated with the preparation of such additional report.
- (c) **(Payment for Downstream Independent Reviewer Functions)**: For the avoidance of doubt, if Project Co requires the Independent Reviewer to exercise its functions under the Sub-Independent Reviewer Deed, Project Co will assume sole Liability in respect of the applicable fees (in addition to any fees otherwise payable in accordance with this section 1).
- (d) **(AW Services Fee)**: The parties acknowledge and agree that the AW Services Fee for the AW Services has been paid pursuant to the Independent Reviewer Deed of Appointment (Advanced Works). Nothing in this Deed makes the Project Parties liable for, and the Independent Reviewer has no Claim to be paid any amount for or in respect of, the AW Services (including any associated disbursements) under this Deed, including any part of the AW Services performed by the Independent Reviewer after Financial Close.

2 Payment claim

- (a) **(Independent Reviewer to prepare and submit)**: Subject to section 5, the Independent Reviewer must submit to the State (with a copy to Project Co) a claim for payment on account of the Fee (not including an additional report required under clause 7.4):
 - (1) for the Upstream Independent Reviewer Functions performed in accordance with this Deed during a month, at the end of the month; and
 - (2) calculated in and otherwise in accordance with this Payment Schedule.
- (b) **(Content)**: Each payment claim prepared in accordance with section 2(a) must set out:
 - (1) a breakdown of the Upstream Independent Reviewer Functions, including details of personnel days worked for each resource (in a

form and including such information and supporting documentation) as the Project Parties may require from time to time) actually carried out during the relevant month;

- (2) details of approved disbursements actually incurred during the relevant month (including such information and supporting documentation as the Project Parties may require from time to time);
- (3) the part of the Fee then payable;
- (4) if the Independent Reviewer considers acting reasonably, for the purposes of clause 11.7(d) (*Proportionate payment of costs*) of the Project Agreement, that the Project Parties (as a result of their respective conduct) have a proportionate responsibility for the costs and expenses of the Independent Reviewer which differs from the proportions stated in clause 11.7(c) (*Payment of costs*) of the Project Agreement, the Independent Reviewer's assessment of the relevant proportions. The parties acknowledge and agree that the Independent Reviewer's assessment of the parties' respective conduct for the purposes of clause 11.7(d) (*Proportionate payment of costs*) of the Project Agreement will be limited to circumstances where a party fails to comply with its obligations under clause 6 of this Deed or acts unreasonably and that conduct has or will cause an increase in the Fee under this Deed which should be reasonably borne by the parties at a proportion different from that stated in clause 11.7(c) (*Payment of costs*) of the Project Agreement; and
- (5) the amounts previously claimed by the Independent Reviewer in relation to the applicable Initial Fee Cap, DLP Fee Cap, Alliances Services Fee Cap or Disbursements Cap (both on a real and nominal basis) and the amount of the monthly or quarterly payment,

and otherwise be in a form and substance agreed with the Project Parties.

- (c) **(Payment Claims for special reports):** Where an additional report has been requested by a Project Party or a Rail Franchisee under clause 7.4, the Independent Reviewer must submit a separate payment claim to the Project Party or Rail Franchisee (as applicable) who made the request in respect of the preparation of the report.

3 Payment

- (a) **(Payment of Fee):** Subject to sections 3(b), 4(b) and 5, within 20 Business Days of receipt of a payment claim in accordance with section 2(a), the State must pay the Independent Reviewer the part of the Fee which the State believes represents the value of the Upstream Independent Reviewer Functions performed by the Independent Reviewer during the period for which the payment claim is submitted.
- (b) **(Payment for special reports):** Within 20 Business Days of receipt of a payment claim under section 2(c), the relevant Project Party must pay the Independent Reviewer the amount which it believes represents the value of the Upstream Independent Reviewer Functions performed by the Independent Reviewer relating to the preparation of the additional report during the period for which the payment claim is submitted.

4 Payment of wages by Independent Reviewer

- (a) **(Signed statement required):** Before a payment is made to the Independent Reviewer under section 3, the relevant Project Party may require the Independent Reviewer to give the relevant Project Party a statement signed by the Independent Reviewer stating that no wages or payments to any sub-contractors of the Independent Reviewer are due and owing by the Independent Reviewer in respect of the Services at the time of payment.
- (b) **(Possible to withhold money):** If, within 2 Business Days after the request, the Independent Reviewer fails to provide the statement, then the party responsible for the payment of the relevant payment claim may withhold payment of moneys due to the Independent Reviewer until the statement is received.

5 Insurance

Before a payment claim can be made by the Independent Reviewer under section 2(a), the Independent Reviewer must have effected the insurance required by clause 9.5 on the basis set out in section 10 and provided evidence of this to the Project Parties. If a payment claim is purported to be submitted by the Independent Reviewer prior to effecting such insurance and providing such evidence, neither of the Project Parties will be liable to make any payment in respect of such claim.

6 Books of account

The Independent Reviewer must, for the purposes of this Deed:

- (a) institute and maintain all proper books of account and operating records necessary to afford a correct and complete record and explanation of all payment claims (including relevant supporting documentation) made by the Independent Reviewer under this Deed; and
- (b) permit the Project Parties' Representatives (and any persons authorised by either of them) access at all reasonable times to all relevant books of account and operating records necessary to establish that all payment claims made by the Independent Reviewer and all moneys paid to the Independent Reviewer under the terms of this Deed are or have been properly accounted for.

7 Notification of disputed amounts

If the State or Project Co disputes any amount which the Independent Reviewer has claimed then the State or Project Co (as applicable) must notify the Independent Reviewer of its reasons for disputing that amount within 20 Business Days after receipt of the relevant payment claim.

8 The Fee

(a) **(Initial Fee Cap):** The Initial Fee Cap for the Initial Fee Period is set out below (being the aggregate of the monthly fees in this section 8(a)):

(d) **(DLP Fee Proposal):** At least 3 Months prior to the end of the Initial Fee Period, the Independent Reviewer must submit a proposal to the Project Parties setting out its proposed fee estimate and estimated fee cap (which must include the cost of procuring the insurances required under clauses 9.5(a)(1) and 9.5(a)(2)) for the DLP Fee Period (**DLP Fee Proposal**). The DLP Fee Proposal must:

- (1) to the extent applicable, be based on the Schedule of Rates and Disbursements; and
 - (2) not exceed the estimated DLP Fee Period estimate set out in section 8(b) of this Schedule 3.
- (e) **(DLP Fee Cap):** Within 20 Business Days of receipt of a DLP Fee Proposal, the Project Parties must either:
- (1) notify the Independent Reviewer that the DLP Fee Proposal is accepted, in which case the total amount set out in the DLP Fee Proposal will be the fee cap for the DLP Fee Period (**DLP Fee Cap**); or
 - (2) notify the Independent Reviewer that the DLP Fee Proposal is not accepted, in which case:
 - (A) the Project Parties and the Independent Reviewer must meet to undertake good faith negotiations with a view to agreeing on a fee cap for the DLP Fee Period; and
 - (B) to the extent the Project Parties and the Independent Reviewer do not agree on a fee cap for the DLP Fee Period under section 8(e)(2)(A) within 20 Business Days of meeting in accordance with section 8(e)(2) of this Schedule 3, the DLP Fee Cap for the DLP Fee Period will be reasonably determined by the Project Parties.
- (f) **(Fee Cap):** The maximum Fee payable to the Independent Reviewer under this Deed during:
- (1) the Initial Fee Period (excluding the Alliance Services Fee and disbursements) must not exceed the Initial Fee Cap; and
 - (2) the DLP Fee Period (excluding the Alliance Services Fee and disbursements) must not exceed the DLP Fee Cap.
- (g) **(Alliance Services Fee Cap):** The maximum Alliance Services Fee payable to the Independent Reviewer under this Deed during the Initial Fee Period and the DLP Fee Period (excluding disbursements) must not exceed the Alliances Services Fee Cap.
- (h) **(Inclusions):** Except as otherwise provided, the Initial Fee Cap, DLP Fee Cap and the Alliance Services Fee Cap are inclusive of labour, material, overhead, supervision, management of subcontracts, profit and insurance (including the insurances required under clauses 9.5(a)(1) and 9.5(a)(2) and including premiums, brokerage fees, stamp duty, and exchange rate fees (if applicable) in relation to such insurances).

Except as otherwise provided, the rates and prices set out in the Schedule of Rates are inclusive of overhead, supervision, management of subcontracts and profit.

10 Disbursements

The Independent Reviewer will:

- (a) **(Entitlement to reimbursement):** only be entitled to reimbursement of disbursements for which the Independent Reviewer is to be paid on a schedule of rates basis under this Deed if those disbursements:
 - (1) have been reasonably and properly incurred for the sole purpose of performing Services;
 - (2) have the prior approval of the State and Project Co;
 - (3) to the extent applicable, are in accordance with the Schedule of Rates and Disbursements; and
 - (4) are supported by documentation provided to the State and Project Co which is satisfactory to the State and Project Co;
- (b) not be entitled to make any Claim against the State and Project Co arising in connection with disbursements or other costs incurred in connection with the performance of the Services other than in accordance with section 10(a); and

- (c) not be entitled to reimbursement of disbursements in accordance with section 10(a) to the extent those disbursements exceed:
- (1) the Disbursements Cap; or
 - (2) the cumulative aggregate of the monthly disbursements for the corresponding disbursement period as set out in section 9.

11 Adjustments to Payments

11.1 Fee caps

Subject to sections 11 and 12 of this Schedule 3, the Initial Fee Cap, DLP Fee Cap, DLP Fee Period estimate, Alliance Services Fee Cap and Disbursements Cap set out in or otherwise agreed in accordance with sections 8 and 9 of this Schedule 3 are fixed amounts and are not subject to adjustment and the Independent Reviewer will not be entitled to make any Claim in connection with a delay to Final Acceptance.

11.2 Not used

11.3 No indexation

For the avoidance of doubt, no amount contained in this Deed is subject to any form of adjustment or indexation whatsoever, including but not limited to:

- (a) the Initial Fee Cap, DLP Fee Cap, DLP Fee Period estimate, Alliance Services Fee Cap, and Disbursements Cap; and
- (b) any amount set out in sections 8 and 9 of this Schedule 3.

11.4 Not used

11.5 Resource Adjustment Order

The Project Parties may direct the Independent Reviewer to carry out a Resource Adjustment by issuing a document entitled 'Resource Adjustment Order' in accordance with this section. The parties will act reasonably in issuing such directions, including where the progress of the Project is different to that anticipated at the time of entering this Deed.

11.6 Notice of resource evaluation

- (a) No fewer than 20 Business Days before the start of every Quarter, the Independent Reviewer must provide the Project Parties with a notice setting out:
 - (1) its evaluation of the resource levels and disbursements (in a form set out in Schedule 6 or as otherwise agreed by the Project Parties) required for the upcoming Quarter having regard to the actual nature and extent of the Upstream Independent Reviewer Functions to be carried out by the Independent Reviewer during the relevant Quarter (having regard to the minimum resourcing estimates contained in the Initial Monitoring Plan); and

- (2) any suggested re-profiling of resources and disbursements for the Services over the expected balance of the Term having regard to its evaluation of the resource levels required to complete the Services and the Initial Fee Cap, DLP Fee Cap, Alliance Services Fee Cap and Disbursements Cap and the amount by which the relevant monthly or quarterly fees for the Quarter should be adjusted as a result of the Resource Adjustment (if any).
- (b) The Independent Reviewer acknowledges that any suggested re-profiling of resources, disbursements and adjustments to the future monthly or quarterly fee for the Quarter as a result of the Resource Adjustment:
 - (1) may adjust the relevant monthly or quarterly fees and disbursements for future periods and spread the remaining Fees and disbursements up to the Initial Fee Cap, DLP Fee Cap, Alliance Services Fee Cap or Disbursement Cap (as applicable) over the then expected balance of the Term; and
 - (2) must not exceed the cumulative value of the original monthly or quarterly fees or disbursements set out in sections 8(a), 8(b) or 9 (as applicable) at any time.

11.7 Quarterly meeting

No fewer than 10 Business Days before the start of every Quarter, the Independent Reviewer must meet with the Project Parties to:

- (a) evaluate the resource levels and disbursements required for the Quarter having regard to the actual nature and extent of the Upstream Independent Reviewer Functions to be carried out by the Independent Reviewer in that Quarter; and
- (b) discuss:
 - (1) the possibility of effecting a Resource Adjustment in that Quarter; and
 - (2) the Independent Reviewer's estimate of the amount by which the relevant monthly or quarterly fees and disbursements should be adjusted as a result of any such Resource Adjustment.

11.8 Resource adjustment and its approval

If the Project Parties' and the Independent Reviewer agree (acting reasonably) on a Resource Adjustment and the adjustment in the monthly or quarterly fees or disbursements (as applicable) before the start of the relevant Quarter, then:

- (a) the Project Parties will issue a Resource Adjustment Order;
- (b) subject to section 11.6(b), the monthly or quarterly fees and disbursements (as applicable) will be adjusted by the agreed amount outlined in the Resource Adjustment Order; and
- (c) the Independent Reviewer must promptly effect the Resource Adjustment.

12 GST

All lump sums, rates and amounts in this Payment Schedule do not include GST.

Schedule 4

Initial Monitoring Plan

Refer separate document.

Schedule 5

Requirements for Monitoring Plan

- (a) Update contents and clause number references throughout the Monitoring Plan and its annexures to reflect the terms of the executed versions of this Deed, the Project Agreement and the PS&TR and all relevant schedules and annexures to those documents.
- (b) Update all relevant contents, processes and procedures to ensure coordination with the terms of the Sub-Independent Reviewer Deed.
- (c) Update, incorporate and attach the Review Process Procedures and Internal Administration Procedures set out in Annexure B to the Monitoring Plan.
- (d) Comprehensive and detailed methodologies to be articulated for the performance of the Services.
- (e) Timeframes for reports and the provision of deliverables contemplated in the Monitoring Plan to be co-ordinated across the Project Documents for the Project as agreed.
- (f) A resource allocation indicating the level, nature and timing of resources which are required from the Independent Reviewer to perform the Services consistent with the Independent Reviewer's tender submitted to the State for the Services.
- (g) Any other requirements reasonably requested by the Project Parties.

Subcontractor Direct Deed

Date ►

Between the parties

State The Minister for Public Transport on behalf of the Crown in right of the State of Victoria

Project Co 1 [not disclosed];
2 [not disclosed];
3 [not disclosed]; and
4 [not disclosed],
(together, **Cross Yarra Partnership**) (ABN 57 956 065 885) of Level 8, 136 Exhibition Street, Melbourne, VIC 3000, Australia.

Subcontractor **[Insert]**
[Insert ABN] of **[insert address]**

Parent Guarantor **[Insert]**
[Insert ABN] of **[insert address]**

Recitals

- 1 The background to the Project is set out in the Project Agreement.
- 2 Project Co and the Subcontractor are or will become parties to the Subcontract.
- 3 The Subcontractor has agreed to grant to the State certain rights in relation to the Subcontract.
- 4 Project Co and the Parent Guarantor are or will become parties to the Parent Guarantee.
- 5 The Parent Guarantor has agreed to grant the State certain rights in relation to the Parent Guarantee.

This deed witnesses as follows:

1 Defined terms and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Deed have the meanings given to them in or for the purposes of the Project Agreement.

1.2 Definitions

In this Deed, unless the context requires otherwise:

| Term | Meaning |
|--|--|
| Additional Obligor | means a company or other entity which is wholly owned by the State. |
| Additional Obligor Step-In Notice | has the meaning given in clause 7.1(a)(4). |
| Additional Obligor Step-Out Date | has the meaning given in clause 7.3(d). |
| Agreed Amount | has the meaning given in clause 13(b)(1). |
| Assumption Date | has the meaning given in clause 7.3(a). |
| Cost | has the meaning given in clause 13(g). |
| Deed | means this deed and includes all Schedules, Exhibits, Attachments and Annexures to it. |
| Default Event | means any: <ol style="list-style-type: none">1 breach by Project Co of any of its obligations under a Subcontractor Document; or2 other event or circumstance, which alone or with the giving of notice or passage of time or both, would entitle the Subcontractor Party to terminate, rescind, accept the repudiation of, or suspend any or all of its obligations under, the Subcontractor Documents. |
| Default Event Notice | has the meaning given in clause 6.2(a). |

| Term | Meaning |
|--------------------------------|--|
| Disputing Parties | has the meaning given in clause 9.1(a). |
| Material Adverse Effect | means a material adverse effect on: <ol style="list-style-type: none">1 the ability of each of Project Co or a Subcontractor Party to perform and observe their respective obligations under any Project Document to which it is a party; or2 the rights of the State under any State Project Document, or the ability or capacity of the State to exercise its rights or perform its obligations under a State Project Document. |
| Novation Notice | has the meaning given in clause 8.1(a). |
| Novation Notice Date | means: <ol style="list-style-type: none">1 in relation to clause 8.3, the later of the date of the Novation Notice and the date each of the Subcontractor Parties consents or is deemed (in accordance with clause 8.3(d)) to have consented to the novation; and2 otherwise, the date of the Novation Notice. |
| Parent Guarantee | means the document dated on or about the date of this Deed entitled '[insert]' between [insert]. |
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated [insert]. |
| Project Co's Rights | has the meaning given in clause 7.3(b)(1)(A). |
| Receiver | means a receiver or receiver and manager appointed by the State under the State Security. |
| Recipient | has the meaning given in clause 13(b)(2). |
| Representative | has the meaning given in clause 9.2(a). |
| Revenue | has the meaning given in clause 13(f). |
| State Cure Notice | has the meaning given in clause 6.2(c). |

| Term | Meaning |
|--------------------------------------|--|
| Statement Beneficiary | means the State, an Additional Obligor or Receiver appointed under clause 7. |
| Step-In Period | has the meaning given in clause 7.1(b). |
| Step-In Right | has the meaning given in clause 7.1(a). |
| Subcontract | means the document entitled ' [insert] ' dated on or about the date of this Deed between Project Co and the Subcontractor. |
| Subcontractor Associate | means any: <ol style="list-style-type: none">1 Subcontractor Relevant Person in respect of the Subcontractor only (excluding the Project Co Representative); and2 officer, agent, adviser, consultant, contractor or employee of the Subcontractor. |
| Subcontractor Consent Deed | means the document entitled ' [insert] ' dated on or about the date of this Deed between Project Co, the Subcontractor Parties and the Security Trustee. |
| Subcontractor Document | means: <ol style="list-style-type: none">1 in respect of the Subcontractor, the Subcontract; and2 in respect of the Parent Guarantor, the Parent Guarantee. |
| Subcontractor Parties | means: <ol style="list-style-type: none">1 the Subcontractor; and2 the Parent Guarantor, and Subcontractor Party means each of them. |
| Subcontractor Relevant Person | means: <ol style="list-style-type: none">1 a director or secretary of a Subcontractor Party; or2 any officer or employee, consultant, contractor or agent of a Subcontractor Party who:<ol style="list-style-type: none">a has the ability to exercise influence or control in relation to the Subcontractor Party, or in matters relating to the Project;b works in any role in connection with the Project Activities, including undertaking any task for the purpose of a Subcontractor Document or this Deed; or |

| Term | Meaning |
|--------------------------------|--|
| | c has access to Confidential Information in connection with the Project. |
| Subcontractor Statement | has the meaning given in clause 6.4. |
| Substitute Party | has the meaning given in clause 8.1(a). |
| Supplier | has the meaning given in clause 13(b). |

1.3 Interpretation

In this Deed:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) **(references)**: a reference to:
 - (1) a party, clause, Schedule, Exhibit, or Annexure is a reference to a party, clause, Schedule, Exhibit or Annexure of or to this Deed; and
 - (2) a section is a reference to a section of a Schedule;
 - (d) **(Deed as amended)**: a reference to this Deed or to any other deed, agreement, document or instrument includes a reference to this Deed or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
 - (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
 - (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
 - (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
 - (i) **(‘includes’)**: ‘includes’ will be read as if followed by the phrase ‘(without limitation)’;

- (j) (**'or'**): the meaning of 'or' will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) (**information**): a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) (**'\$'**): a reference to '\$', AUD or dollar is to Australian currency;
- (m) (**time**): a reference to time is a reference to time in Melbourne, Australia;
- (n) (**rights**): a reference to a right includes any benefit, remedy, function, discretion, authority or power;
- (o) (**obligations and liabilities**): a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) (**'may'**): the term 'may', when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) (**construction**): where there is a reference to an Authority, institute or association or other body referred to in this Deed which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Deed is deemed to refer to that other entity; or
 - (2) ceases to exist, this Deed is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) (**remedy**): the use of the words 'remedy' or 'cure' or any form of such words in this Deed means that the event to be remedied or cured must be remedied or cured or its effects overcome; and
- (s) (**contra proferentem rule not to apply**): each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Priority of documents

To the extent of any inconsistency, ambiguity or discrepancy between this Deed and a Subcontractor Document, this Deed prevails.

1.5 State Project Documents

Each of the Subcontractor Parties acknowledges that it has received a copy of the Project Agreement, the State Security and the Finance Direct Deed.

1.6 Inconsistency

Where there is an inconsistency, ambiguity or discrepancy between this Deed and any other State Project Document, then the order of precedence in clause 2.3 of the Project Agreement applies.

1.7 Business Day

If the day on or by which anything is to be done in accordance with this Deed is not a Business Day, that thing must be done no later than the next Business Day.

1.8 Prior approval or consent

Where the Subcontractor Parties are required by this Deed to obtain the State's consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.9 Action without delay

Unless there is a provision in this Deed which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.10 Provisions limiting or excluding Liability, rights or obligations

- (a) **(No limit):** A right of the State or any obligation of the Subcontractor Parties or Project Co under this Deed will not limit or exclude any other right of the State or obligation of the Subcontractor Parties or Project Co under this Deed unless expressly stated.
- (b) **(Permitted by Law):** Any provision of this Deed which seeks, either expressly or by implication, to limit or exclude any Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.11 Relationship of the parties

Unless otherwise expressly provided, this Deed does not:

- (a) **(no additional relationship):** create a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith):** impose any duty of good faith on the State.

1.12 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Deed or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Deed must be given in writing.

1.13 State's rights and obligations

- (a) **(Acknowledgement):** The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 of the Project Agreement in relation to this Deed.
- (b) **(No Claim):** Subject to clause 1.13(c), Project Co and the Subcontractor Parties will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its executive or statutory rights or duties.
- (c) **(Liability for breach):** Clauses 1.13(a) and 1.13(b) do not limit any Liability which the State would have had to Project Co or the Subcontractor Parties

under any State Project Document as a result of a breach by the State of a term of any State Project Document but for these clauses.

1.14 Reasonable endeavours of State

Any statement in this Deed providing that the State will use or exercise 'reasonable endeavours' or 'act reasonably' in relation to an outcome, means that the State:

- (a) **(relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(no guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(no obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, executive or statutory rights and duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

2 Conditions precedent

The satisfaction or waiver of the Conditions Precedent in accordance with clause 3 of the Project Agreement, is a condition precedent to the coming into operation of this Deed (other than this clause 2 and clauses 1.1 to 1.3, 1.7, 1.8, 1.11, 1.12, 1.13, 1.14, 4, 9, 10, 12, 14, 15 and 17).

3 Acknowledgments

3.1 By the Subcontractor Parties concerning the State Security

The Subcontractor Parties each acknowledge and agree:

- (a) **(grant of security by Project Co)**: that Project Co may give a security interest in the form of the State Security in favour of the State over all assets and undertakings of Project Co including Project Co's right, title and interest under the Subcontractor Documents or assign Project Co's right, title and interest under the Subcontractor Documents to the State by way of security, and the Subcontractor Parties each consent to the State Security and any such assignment;
- (b) **(exercise of rights)**: to the State's rights under the State Security including the appointment by Project Co of the State as attorney of Project Co to do, perform and exercise all things, acts and rights under the Subcontractor Documents on behalf of and for the account of Project Co;

- (c) **(no Default Event)**: that the grant of, or exercise by the State of its rights under, the State Security will not itself contravene, or constitute a Default Event under, a Subcontractor Document or entitle a Subcontractor Party to exercise any right (including termination) under it;
- (d) **(Liabilities and obligations)**: that nothing in the State Security will cause the State or State Associate to assume any Liabilities or obligations under a Subcontractor Document except as may result from its own acts or omissions in exercising rights or in performing or failing to perform obligations under a Subcontractor Document as envisaged by this Deed;
- (e) **(notice of any other assignment)**: that with the exception of the security interests under the Finance Documents, it has not received notice of any other assignment or charge by Project Co of any right, title, interest in or benefit of Project Co under the Subcontractor Documents; and
- (f) **(set off)**: that as of the date of this Deed, it has no knowledge of any right of set off or counterclaim which it may have against Project Co so as to diminish any money payable by it to Project Co under a Subcontractor Document, except only where the right of set off or counterclaim is contained within the Subcontractor Document.

3.2 By the Subcontractor Parties concerning the State's rights

- (a) **(State's rights)**: The Subcontractor Parties each acknowledge the State's rights under clauses 2.13, 16.3, 25, 28.5, 35, 41, 44, 45 and 62.2 of the Project Agreement and the other relevant clauses listed in clause 13.3(c) of the Project Agreement.
- (b) **(Facilitation of rights)**: The Subcontractor must exercise its rights under the Subcontract in a way that facilitates the effective exercise by the State of the rights referred to in clause 3.2(a) and will on reasonable notice permit the State or a State Associate to have access to, and take copies of, the records, reports, documents and other papers to which the State is entitled to have access in accordance with the State's rights referred to in clause 3.2(a).
- (c) **(Continued performance)**: During the period in which the State is exercising a right referred to in clause 3.2(a), the State may, in accordance with the Project Agreement and the Subcontract, require the suspension or the continuation of performance by the Subcontractor of its obligations under the Subcontract, and if it does so, the Subcontractor will comply with this requirement (but without limiting the Subcontractor's rights under clause 6) and with all reasonable directions of the State in relation to the performance of the Subcontract by the Subcontractor during such period.
- (d) **(State not liable)**: The requirement of the State that the Subcontractor suspend or continue to perform its obligations under the Subcontract and the giving of any direction under clause 3.2(c) by the State will not be construed as an assumption by the State of any obligations of the Subcontractor under the Subcontract.
- (e) **(Subcontracting)**: The Subcontractor will not subcontract any of its obligations under the Subcontract without the prior consent of the State, where so required in accordance with clause 13 of the Project Agreement.
- (f) **(Probity Investigations)**: Without limiting clauses 3.2(a) to (e), the Subcontractor Parties each acknowledge and agree that:

- (1) in accordance with clauses 13 and 62.2 of the Project Agreement, from time to time, the State may or may require Project Co to conduct Probity Investigations of;
 - (A) the Subcontractor Parties;
 - (B) Subcontractor Relevant Persons; or
 - (C) other persons in relation to any further subcontracting by the Subcontractor of any of its obligations under the Subcontract;
- (2) on request of the State, it will procure the consent of each Subcontractor Relevant Person:
 - (A) to any Probity Investigation; and
 - (B) to the extent that the State is entitled to do so under the Project Agreement, to such other probity and security investigations that the State may require; and
- (3) it:
 - (A) will not appoint, or retain the appointment of; and
 - (B) will ensure that no other person appoints, or retains the appointment of,

a person to the position of a Subcontractor Relevant Person in relation to the management or performance of the Subcontract without the State's approval which may be withdrawn at any time including following a Probity Investigation and other such investigations that the State may require under clauses 13 and 62.2 of the Project Agreement.

3.3 By Project Co

Project Co is bound by, and must cooperate in the implementation of, this Deed. It acknowledges that this Deed is intended to benefit only the Subcontractor Parties and the State, and does not in any way affect any obligation or right of Project Co under the Subcontractor Documents or under any Project Document except as expressly set out herein.

3.4 Information

Project Co and the Subcontractor Parties each acknowledge and agree that:

- (a) **(information purpose):** any information, data and documents provided by the State or a State Associate:
 - (1) are provided for information purposes only and all of the State's or a State Associates' Intellectual Property Rights therein remain the property of the State or the State Associate (as the case may be); and
 - (2) do not form part of this Deed or constitute an invitation, offer or recommendation by or on behalf of the State or a State Associate;
- (b) **(no Liability):** to the extent permitted by Law, none of the State or the State Associates will have any Liability to the Subcontractor Parties or any Subcontractor Associate, nor will a Subcontractor Party or any Subcontractor Associate be entitled to make any Claim against the State, or seek, pursue or obtain an indemnity against or contribution to Liability from the State or a State Associate arising in connection with:

- (1) the provision of, or purported reliance upon, or use of, any information, data and documents referred to in clause 3.4(a) by a Subcontractor Party or any other person to whom such information is disclosed by a Subcontractor Party, a Subcontractor Associate, or any person on behalf of a Subcontractor Party or any Subcontractor Associate;
- (2) any reference to the State in a Subcontractor Document; or
- (3) any review of, comments upon, acceptance, approval or certification of the form or substance of a Subcontractor Document by the State.

3.5 Subcontract not to affect State rights

Project Co and the Subcontractor Parties each acknowledge and agree that:

- (a) **(rights not affected)**: where the Subcontractor is expressed in the Subcontract to have a right (or possible right) to compensation or relief which is dependent on or determined by reference to the Project Agreement or an equivalent or similar right of Project Co:
 - (1) this does not of itself expand Project Co's rights, or the State's Liability, under the Project Agreement to include the compensation or relief to which the Subcontractor is or may become entitled under the Subcontract; and
 - (2) Project Co's rights, and the State's Liability, under the Project Agreement will be determined solely in accordance with the terms of the Project Agreement;
- (b) **(risk of discrepancy)**: as between the State (on the one hand) and Project Co and the Subcontractor Parties (on the other hand), Project Co and the Subcontractor Parties accept and will bear the risk of any inconsistency, ambiguity or discrepancy between the terms of the Subcontract and the Project Agreement; and
- (c) **(dealing directly with State)**: notwithstanding anything to the contrary in the Subcontract, no Subcontractor Party has any right to deal directly with the State or participate in any meeting, consultation or process (including negotiation or dispute resolution) unless:
 - (1) expressly provided to the contrary in the Project Agreement or this Deed; or
 - (2) the State consents.

3.6 [Construction Bond]

[State Note: clause 3.6 (Construction Bond) is not intended to apply to the Subcontractor Direct Deed of the Maintenance Subcontractor.]

- (a) **[(Demand)]**: The State may require Project Co to make a demand under any Construction Bond subject to and in accordance with clause 27 (*State right to require Project Co to call on Construction Bond*) of the Project Agreement and clause **[insert] [(Construction Bond)]** of the Finance Direct Deed.
- (b) **(Inform State)**: Project Co must immediately inform the State when a demand is made under any Construction Bond.
- (c) **(State Liability)**: Without limiting the Subcontractor's rights against Project Co if a demand is made that is not permitted under the Subcontract, the State will have no Liability to the Subcontractor, and the Subcontractor releases the State

from and against any Claim the Subcontractor may have, arising in connection with the State requiring Project Co to make a demand under the Construction Bond as contemplated by clause 3.6(a).]

4 Representations and warranties by the Subcontractor

Each Subcontractor Party represents and warrants for the benefit of the State that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Deed, the Subcontractor Documents, and each other Project Document to which it is a party and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(legality)**: the execution, delivery and performance of this Deed, the Subcontractor Documents, and each other Project Document to which it is a party does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (c) **(validity)**: this Deed, the Subcontractor Documents, and each other Project Document to which it is a party constitutes a valid and legally binding obligation on it in accordance with its terms;
- (d) **(registration)**: it is duly registered, properly constituted and remains in existence;
- (e) **(no trust relationship)**: except as stated in this Deed, it is not the trustee or responsible entity of any trust nor does it hold any property subject to or impressed by any trust in relation to this Project;
- (f) **(information true and correct)**: all information provided by it to the State is true and correct to the best of its knowledge and belief (having undertaken enquiries reasonably expected of a skilled professional carrying out the obligations of the Subcontractor under the Subcontract) as at the date on which it is provided and no Subcontractor Party is aware of any material facts or circumstances that have not been disclosed to the State and which might, if disclosed, materially adversely affect the decision of a prudent person considering whether or not to enter into this Deed or to consent to the entry into the Subcontract;
- (g) **(litigation)**: no Claim against it is current or pending or (to its knowledge) is threatened, which will or is likely to have a material adverse effect upon it or its ability to perform its financial and other obligations under this Deed, the Subcontractor Documents, or any other Project Document to which it is a party;
- (h) **(Insolvency Event)**: no Insolvency Event has occurred in respect of it;
- (i) **(accounts)**: in respect of its accounts:
 - (1) its most recent consolidated audited (if the requirement for auditing is applicable) accounts give a true and fair view of its and its subsidiaries' state of affairs as at the date to which they relate and the results of its and its subsidiaries' operations for the accounting period ended on such date;
 - (2) there has been no material adverse change in its or its subsidiaries' state of affairs since such date; and
 - (3) such accounts have been prepared in accordance with the Corporations Act and accounting principles and practices generally accepted in Australia consistently applied, except to the extent of

departures from such principles and practices disclosed in such accounts;

- (j) **(no default):**
- (1) no default has occurred under any document or agreement binding on it or its assets which relates to financial indebtedness; and
 - (2) nothing else has occurred,
- which, with the giving of notice or lapse of time, constitute an event of default, cancellation, prepayment event (pursuant to a bona fide right to exercise prepayment) or similar event (whatever called) under any such document or agreement, would have a Material Adverse Effect;
- (k) **(no immunity):** neither it nor any of its assets enjoys any immunity from set off, suit or execution; and
- (l) **(own investigations):** in entering into this Deed, the Subcontractor Documents to which it is a party, and any other Project Document to which it is a party it relied upon its own investigations and has not relied upon any representation or warranty about its subject matter by the State, Project Co or any other person unless in respect of Project Co or any other person, other than the State or any of its Associates, it is expressly permitted to do so in accordance with a Project Document to which it is a party.

5 Undertakings of the Subcontractor Parties

5.1 Undertakings

The Subcontractor Parties each undertake to the State as follows:

- (a) **(notification of Default Event):** in the case of the Subcontractor, it will notify the State of any Default Event promptly after it gives notice of that Default Event in accordance with clause **[insert]** (**[Notice of Project Co Event of Default]**) of the Subcontract;
- (b) **(documents in relation to Default Event):** in the case of the Subcontractor, it will promptly give the State a copy of all documents issued by the Subcontractor to Project Co in relation to a Default Event;
- (c) **(no amendment without consent):** it will not:
- (1) make or permit any amendment, replacement of, or addition to;
 - (2) subject to clause 6.2, terminate, surrender, rescind, or accept repudiation of;
 - (3) except in accordance with this Deed, permit the novation, assignment or substitution of any party's rights, obligations, or interest in; or
 - (4) allow any express waiver of its material rights and obligations under, a Subcontractor Document without the consent of the State, provided that the State will not withhold its consent where the State has given, or is required to give, an equivalent consent under the Project Agreement;
- (d) **(deed of accession):** it will not novate, assign or substitute any of its rights, obligations or interest in a Subcontractor Document without first procuring that the proposed novatee, assignee or substitute executes a deed in favour of the State (in form and substance approved by the State) pursuant to which the

novatee, assignee or substitute agrees to accept and be bound by this Deed as if it were the Subcontractor or the Parent Guarantor (as the case may be);

- (e) **(attend meetings and inspections)**: it will (when reasonably requested by the State):
- (1) attend meetings with the State or any of its Associates;
 - (2) provide the State, any of its Associates and other authorised personnel (including the Independent Reviewer) with:
 - (A) in the case of the Subcontractor, full access to the Site to the extent provided in the Project Agreement and to the extent that the Subcontractor has access or is granted access under the Subcontract; and
 - (B) any other information, records or documents that the State, any of its Associates (acting reasonably) or the Independent Reviewer require in relation to the carrying out of the performance of the obligations under or compliance with the Subcontract or any information required by the State to comply with requests from the Victorian Auditor-General; and
 - (3) in the case of the Subcontractor, to the extent provided in the Project Agreement, permit the State and any of its Associates to attend all tests and inspections to be carried out by the Subcontractor in connection with the Project; and
- (f) **(access to records)**: in the case of the Subcontractor, at the request of the State (acting reasonably), the Subcontractor will:
- (1) permit the State and any of its Associates to inspect all records, reports, plans, programs, specifications, and technical documents prepared or kept by the Subcontractor in relation to the performance of its obligations under the Subcontract or otherwise relating to the Project; and
 - (2) supply the State and any of its Associates with a copy of any such report or document which they may require from time to time.

5.2 State access to Site

When entering the Site in accordance with clause 5.1(e)(2)(A), the State agrees to comply with, and ensure that its Associates and the authorised personnel comply with, clause 16.3 (*State's right to enter, inspect and test*) of the Project Agreement.

5.3 [Appointment of Subcontractor as principal contractor]

[State Note: clause 5.3 has been drafted for consistency with clause 15.3 (Principal Contractor) and 15.4 (New WHS Regulations) of the Project Agreement as it relates to the D&C Subcontractor. It will be modified in line with clause 15.4 (New WHS Regulations) of the Project Agreement for the Maintenance Subcontractor.]

[In respect of the Licensed Construction Areas, upon Financial Close and up to and including the termination of the last Construction Licence in connection with the D&C Activities:

- (a) **(appointment)**: the State appoints the Subcontractor as Principal Contractor and authorises the Subcontractor to manage or control the Licensed

Construction Areas to the extent necessary to discharge the duties of a Principal Contractor under the OHS Legislation;

- (b) **(acceptance of appointment)**: the Subcontractor accepts the appointment by the State as Principal Contractor, and agrees:
- (1) to comply with all the obligations of; and
 - (2) to manage or control the Licensed Construction Areas to the extent necessary to discharge its duties as,
a Principal Contractor under the OHS Legislation; and
- (c) **(Revised appointment)**: the Subcontractor accepts any revised appointment as Principal Contractor that may be necessary as a result of a Change in Mandatory Requirements the subject of a Modification Order.]

6 Right to cure before termination of the Subcontract

6.1 State's cure rights

- (a) **(Provide State with notices)**: The Subcontractor must give the State:
- (1) Default Event Notices; and
 - (2) State Cure Notices,
- as required by clause 6.2.
- (b) **(State Cure Notice)**: On receiving a State Cure Notice, and subject to the Finance Direct Deed, the State may (but is not obliged to) take steps to:
- (1) remedy, or procure the remedy of, that Default Event; or
 - (2) if the Default Event is not capable of remedy, commence and continue to perform the obligations of Project Co under the Subcontract.

6.2 Termination or suspension with cause

The Subcontractor may only exercise a right under the Subcontract to terminate, rescind, accept the repudiation of, or (subject to clause 6.3) suspend the performance of any or all of its obligations under the Subcontract if:

- (a) **(prior notice)**: the Subcontractor has given to the State prior notice setting out details of the Default Event giving rise to that proposed exercise in accordance with clause 6.4 **(Default Event Notice)**;
- (b) **(expiration of remedy period)** any remedy period available to the Financiers in respect of the Default Event under the Subcontractor Consent Deed has expired without a remedy being achieved;
- (c) **(State cure notice)**: the Subcontractor has given notice to the State **(State Cure Notice)** confirming that any remedy period available to the Financiers in respect of the Default Event under the Subcontractor Consent Deed has expired without a remedy being achieved; and
- (d) **(Default Event remedy)**: where:
- (1) the Default Event is capable of remedy within 20 Business Days after the date on which the State received the State Cure Notice, the

- Default Event has not been remedied within that 20 Business Day period;
- (2) the Default Event is capable of remedy within a period longer than 20 Business Days after the date on which the State received the State Cure Notice, the State (or an Additional Obligor or Receiver appointed under clause 7) has not commenced remedying the Default Event within that 20 Business Day period or, having commenced remedying, has not continued to diligently pursue that remedy;
 - (3) the Default Event is not capable of remedy and the Default Event Notice contains a claim for reasonable compensation for the Default Event, Project Co or the State (or another person on behalf of either of them) has not paid or otherwise provided that compensation to the Subcontractor:
 - (A) to the extent that the relevant amount of compensation has been referred to dispute resolution under clauses 9 to 10, within 20 Business Days after that dispute is resolved; or
 - (B) otherwise within 20 Business Days after the date on which the State received the State Cure Notice;
 - (4) the Default Event is not capable of remedy and the Default Event Notice does not contain a claim for reasonable compensation for the Default Event, the State (or an Additional Obligor or Receiver appointed under clause 7) does not commence and continue to perform Project Co's obligations under the Subcontract within 20 Business Days after the date on which the State received the State Cure Notice; or
 - (5) the State notifies the Subcontractor that it elects not to remedy, or procure the remedy of, the Default Event.

6.3 Early suspension of Subcontractor's obligations

If:

- (a) **(right to suspend)**: the Subcontractor, but for the operation of clause 6.2, would have a right to suspend the performance of its obligations under the Subcontract;
- (b) **(State Cure Notice)**: the Subcontractor has issued a State Cure Notice to the State with respect to that Default Event;
- (c) **(dispute, non-payment or expired period)**: either:
 - (1) the State has not undertaken to pay to the Subcontractor the amounts payable under the Subcontract within 10 Business Days of:
 - (A) subject to clause 6.3(c)(2), the date of receipt of the State Cure Notice; or
 - (B) if the State refers the amounts in the Default Event Notice to dispute resolution under clauses 9 to 10, the dispute being determined; or
 - (2) without limiting clause 6.2(d), the State has undertaken to pay the Subcontractor amounts payable under the Subcontract for a stated period and that period has expired without the State paying such amounts or without that period being extended by the State (acting reasonably); and

(d) **(not remedied)**: the Default Event has not otherwise been remedied, then the Subcontractor may suspend performance of its obligations under the Subcontract.

6.4 Subcontractor Statements

As part of any Default Event Notice, the Subcontractor must include a statement of:

- (a) **(all amounts due and payable)**: all amounts due and payable to the Subcontractor under the Subcontract on or before the date of the Default Event Notice but remaining unpaid at such date;
- (b) **(Claim)**: the nature and, to the best of the Subcontractor's knowledge and belief, the amount of any Claim asserted by the Subcontractor arising in connection with the Subcontract against Project Co; and
- (c) **(Intention to terminate)**: where the Subcontractor intends to terminate the Subcontract due to a default or breach of condition of a non-financial nature or intends to claim damages or to seek some other form of relief:
 - (1) the provisions of the Subcontract alleged to have been breached or not fulfilled;
 - (2) sufficient information to enable the State to identify the material facts;
 - (3) the steps reasonably required to remedy the Default Event (if reasonably capable of remedy);
 - (4) the time within which the specified steps can reasonably be expected to be taken;
 - (5) if applicable, the amount of damages claimed and the manner in which they have been calculated; and
 - (6) if applicable, the other relief to be sought,

(being the **Subcontractor Statement**).

6.5 Warranty of accuracy and waiver

The Subcontractor:

- (a) **(warranty)**: warrants to the State that each Subcontractor Statement will, subject to unintended error which the Subcontractor agrees to rectify, be a true, complete and accurate statement of the amounts or other relief to which the Subcontractor considers itself entitled; and
- (b) **(waiver)**: waives and abandons all Claims then known or which ought reasonably to have been known to the Subcontractor arising in connection with the Subcontract prior to the date of the Default Event Notice other than the claims disclosed in the Subcontractor Statement.

6.6 Verification of Subcontractor Statements

The State may appoint one or more independent chartered accountants, technical advisers or other appropriately qualified persons to verify (at the cost of Project Co) a Subcontractor Statement, and the Subcontractor must, subject to such persons executing an appropriate confidentiality agreement as the Subcontractor may reasonably request, permit such persons to have access to and to make copies of all records, documents, data and accounting and other information not subject to legal (including, without limitation, solicitor and own client) and other professional privilege which is reasonably

required with a view to confirming the accuracy and completeness of such Subcontractor Statement.

6.7 Subcontractor Statements to be conclusive evidence

- (a) **(Reliance)**: Each Statement Beneficiary is entitled to rely on a Subcontractor Statement for the purpose of determining the extent of the matters occurring prior to a Default Event which are required to be remedied and the requirements to effect the remedy of that Default Event by a Statement Beneficiary.
- (b) **(Conclusive evidence)**: A Subcontractor Statement will, to the extent provided for in clause 6.4 and 6.5, be conclusive evidence in favour of any Statement Beneficiary that the Subcontractor has waived and abandoned all Claims then known or which ought reasonably to have been known to the Subcontractor arising in connection with the Subcontract prior to the date of the Default Event Notice other than the Claims disclosed in the Subcontractor Statement.
- (c) **(Claims against Project Co)**: Clauses 6.5(b), 6.7(a) and 6.7(b) are without prejudice to the rights of the Subcontractor to pursue any Claims against Project Co following the end of the Step-In Period or termination of the Subcontract.
- (d) **(Disputes)**: For the avoidance of doubt, a Subcontractor Statement will not prevent any Statement Beneficiary from disputing the amount of any Claim or other relief sought by the Subcontractor or the existence of any default by Project Co under the Subcontract. In the case of any such dispute:
 - (1) the time periods set out in clause 6.2(d) will continue to apply to those amounts and obligations (if any) which are not in dispute;
 - (2) the dispute must be referred to dispute resolution under clauses 9 to 10; and
 - (3) during the period of dispute resolution, all parties must continue to perform their obligations under this Deed and the Project Documents.

7 Step-In by the State

7.1 Step-In Right

- (a) **(Exercise)**: Following receipt of a State Cure Notice or if the State is entitled to exercise any of the rights referred to in clause 3.2 or otherwise as permitted under any Project Document, the State may:
 - (1) if permitted under the State Security and the Finance Direct Deed, appoint a Receiver over Project Co or any or all of its assets (including the Subcontractor Documents);
 - (2) itself enter into possession of any or all of the assets of Project Co;
 - (3) take such other action as it is permitted to take under the terms of the Project Documents; or
 - (4) by notice to the Subcontractor (**Additional Obligor Step-In Notice**), procure that an Additional Obligor assumes jointly and severally with Project Co all of Project Co's rights and obligations under the Subcontractor Documents,(each a **Step-In Right**).

- (b) **(Step-In Period):** The period from the date on which the Subcontractor receives notice of the exercise of any Step-In Right to the earliest of:
- (1) the Additional Obligor Step-Out Date;
 - (2) the date on which the Subcontractor terminates the Subcontract;
 - (3) the date of any transfer under clause 8;
 - (4) the date which the State has notified the Subcontractor will be the date that the State ceases to exercise its Step-In Rights; and
 - (5) any other date on which the State ceases to continue to exercise its Step-In Rights,
- is the **Step-In Period**.
- (c) **(Acknowledgment):** The Subcontractor Parties each acknowledge that the exercise by the State of a Step-In Right in the manner contemplated by this Deed will not of itself contravene the Subcontractor Documents, or constitute a Default Event under the Subcontract or entitle a Subcontractor Party to exercise any right (including termination) under a Subcontractor Document.

7.2 Step-In by the State

- (a) **(Rights):** Subject to the Finance Direct Deed, the State may at any time during a Step-In Period, exercise all or any of its rights and carry out all or any of the obligations of Project Co in connection with the Subcontractor Documents, as if it were Project Co to the exclusion of Project Co.
- (b) **(No Liability):** Project Co and the Subcontractor Parties each agree that, subject to clause 7.3(b):
- (1) none of the State or its Associates will have any Liability; and
 - (2) none of Project Co or the Subcontractor Parties will be entitled to make, continue or enforce any Claim against the State or any of its Associates,

arising in connection with the Subcontractor Documents or this Deed by reason only of the State or any of its Associates exercising any of Project Co's rights, or performing any of Project Co's obligations under the Subcontractor Documents other than, and then only to the extent of, Liability for fraudulent, reckless, unlawful or malicious acts or omissions, or wilful misconduct of the State or any State Associate.

7.3 Step-In using Additional Obligor

- (a) **(Assumption Date):** If clause 7.1(a)(4) applies, the Additional Obligor will become a party to the Subcontractor Documents on the date on which the Additional Obligor Step-In Notice is given to the Subcontractor or such later date as the Subcontractor and the State may agree (**Assumption Date**).
- (b) **(Rights and obligations of Additional Obligor):** During a Step-In Period in respect of which the State has exercised a Step-In Right under clause 7.1(a)(4):
- (1) subject to clause 7.3(b)(2), the Additional Obligor and Project Co will be jointly and severally:
 - (A) entitled to exercise the rights of Project Co under the Subcontractor Documents (excluding any accrued rights of Project Co in respect of any damage, loss, cost, charge, expense, outgoing or payment to the extent that the rights

- arose prior to the Assumption Date) (**Project Co's Rights**);
and
- (B) liable for the performance or non-performance of all Project Co's obligations under the Subcontractor Documents arising on or after the Assumption Date except as released in accordance with clause 7.3(e);
- (2) as between Project Co, the Subcontractor Parties and the Additional Obligor, only the Additional Obligor is authorised to deal with the Subcontractor Parties and to exercise Project Co's Rights;
- (3) Project Co acknowledges that it will be legally bound by all the acts and omissions of the Additional Obligor in so dealing with the Subcontractor Parties and in exercising Project Co's Rights;
- (4) the Additional Obligor will be bound by any earlier decision, directions, approvals, notices or consents given or made prior to the Assumption Date;
- (5) clause 14 will apply to the Subcontractor Parties and the Additional Obligor as if the address and email address of the Additional Obligor (as notified to the Subcontractor Parties and Project Co) were set out in addition to those of Project Co; and
- (6) the Subcontractor Parties will owe their respective obligations under the Subcontractor Documents to Project Co and the Additional Obligor jointly but the performance by a Subcontractor Party in favour of either Project Co or the Additional Obligor will be a good discharge of the relevant obligations under the Subcontractor Documents.
- (c) (**No Liability**): Without prejudice to the Subcontractor's rights under clauses 6.2 and 6.3, the Additional Obligor will have no obligation to, and no Liability in respect of, remedying any default or breach of Project Co under the Subcontractor Documents arising prior to the Assumption Date.
- (d) (**Additional Obligor Step-Out Date**): The Additional Obligor may at any time give the Subcontractor notice terminating the Additional Obligor's rights and obligations under the Subcontractor Documents (without affecting the continuation of Project Co's obligations or liabilities towards the Subcontractor Parties under the Subcontractor Documents). Such notice must specify the date on which it takes effect, which must be:
- (1) at least 30 days after the date of the notice; or
- (2) if a Novation Notice has been given, the Novation Notice Date,
- (**Additional Obligor Step-Out Date**).
- (e) (**Release**): On and from the Additional Obligor Step-Out Date, as between the Subcontractor Parties and the Additional Obligor only, each of the Subcontractor Parties and the Additional Obligor will be released from all obligations under the Subcontractor Documents (except for those obligations owed to each other which have arisen during the relevant Step-In Period), whether or not a Claim has been made in respect of those obligations or they have not fallen due to be performed or have not been performed. For the avoidance of doubt, on and from the Additional Obligor Step-Out Date, the Subcontractor Parties will continue to owe their obligations under the Subcontractor Documents to:
- (1) Project Co; or
- (2) if a Novation Notice has been given, to the Substitute Party.

7.4 Indemnity

Project Co must indemnify the State, its Associates and any Additional Obligor against any Claim or Liability (including any Claim made by, or Liability to, a third party) the State, any of its Associates or any Additional Obligor suffers or incurs arising in connection with taking any action under clause 7.2 or clause 7.3, except to the extent that such Claim or Liability is caused or contributed to by any of the events set out in clause 42.11 (*Limits on Project Co liability to indemnify and release*) of the Project Agreement.

8 State's option to novate to the State or third party

8.1 Option

- (a) **(Novation Notice)**: The State may require a novation of the Subcontractor Documents upon the termination of the Project Agreement by giving a notice **(Novation Notice)** to the Subcontractor Parties. The Novation Notice must specify the person to whom the State intends to novate the Subcontractor Documents whether this be the State or another person **(Substitute Party)**.
- (b) **(Subcontractor's obligations to continue)**: If the State issues a Novation Notice then (without prejudice to the Subcontractor's rights under clauses 6.2 and 6.3) the Subcontractor Parties, until the Novation Notice Date, must continue to perform their respective obligations under the Subcontractor Documents.
- (c) **(Subcontractor to continue work)**: If the Subcontractor has exercised any rights it has to suspend the performance of any of its obligations under the Subcontract, the Subcontractor must recommence performance of those obligations from the Novation Notice Date or the date on which the cause of the suspension is remedied (whichever is the earlier).
- (d) **(Novation Notice not a Default Event)**: The Subcontractor Parties each acknowledge that the giving of a Novation Notice by the State will not of itself contravene, or constitute a Default Event under, a Subcontractor Document, or entitle the Subcontractor Party to exercise any power (including termination) under it.

8.2 Novation to Substitute Party

- (a) **(Effect of novation)**: Subject to clause 8.3, with effect from the Novation Notice Date:
 - (1) the Substitute Party will assume (and if the Substitute Party is not the State, the State will procure that the Substitute Party assumes):
 - (A) any obligation of Project Co under the Subcontract arising before the Novation Notice Date insofar as it relates to the payment of an amount of money that:
 - 1) is due and payable under the terms of the Subcontract; and
 - 2) is not the subject of a dispute under the Subcontract (or is the subject of a dispute under the Subcontract in which case the Substitute Party will, on the determination of such dispute, assume

such obligations in accordance with that determination); and

- (B) the obligations of Project Co under the Subcontractor Documents arising on and from the Novation Notice Date (including obligations in relation to the payment of amounts which become due and payable in respect of work performed before the Novation Notice Date) subject to any amendments to the Subcontractor Documents agreed in accordance with clause 8.2(a)(6);
 - (2) without prejudice to any then accrued rights against Project Co (other than termination), any Subcontractor's right to suspend under the Subcontract which exists at the Novation Notice Date will be of no further effect;
 - (3) subject to any amendments agreed to the Subcontractor Documents in accordance with clause 8.2(a)(6), the Substitute Party will have all the rights of Project Co under the Subcontractor Documents (excluding any accrued rights of Project Co in respect of any damage, loss, cost, charge, expense, outgoing or payment to the extent that those rights arose prior to the Novation Notice Date and are the subject of any unresolved dispute referred to in clause 8.2(a)(1)(A)2));
 - (4) subject to clause 8.2(a)(3) and any amendments agreed to the Subcontractor Documents in accordance with clause 8.2(a)(6), the Subcontractor Parties will:
 - (A) be bound by and must comply with the provisions of the Subcontractor Documents as if the Substitute Party were Project Co; and
 - (B) be entitled to any extensions of time and other entitlements which accrued to the Subcontractor prior to the Novation Notice Date;
 - (5) Project Co is released from all of its obligations and Liabilities under the Subcontractor Documents, excluding any accrued obligations or Liabilities of Project Co to the extent that those accrued obligations or Liabilities:
 - (A) arose in connection with events occurring prior to the Novation Notice Date; and
 - (B) are not obligations and Liabilities assumed by the Substitute Party under clause 8.2(a)(1);
 - (6) the Subcontractor Parties and the Substitute Party will promptly negotiate in good faith, any amendments to the Subcontractor Documents that are necessary to reflect the termination of the Project Agreement; and
 - (7) for the avoidance of doubt, any caps on Liability in the Subcontractor Documents will continue to apply, but so that any Liability of the Subcontractor Parties incurred to Project Co prior to the Novation Notice Date is taken into account in respect of any ongoing Liability of the Subcontractor Parties to the Substitute Party.
- (b) **(No set off):** Neither Subcontractor Party is entitled to exercise any right of set off, deduction, abatement or counterclaim against the Substitute Party if, and to the extent that, such right arose prior to the Novation Notice Date.

- (c) **(Novation Deed):** Subject to clause 8.3(b), Project Co, the Subcontractor Parties and the Substitute Party must enter into an agreement in form and substance reasonably requested by the Substitute Party reflecting the novation of the Subcontractor Documents as contemplated in clause 8.2(a) and take such other action as is required to vest in the Substitute Party full legal and equitable title to any retention account, bank guarantee, performance bond, letter of credit or other security held by Project Co to secure the obligations of a Subcontractor Party under the Subcontractor Document.
- (d) **(Attorney):** For valuable consideration, Project Co and the Subcontractor Parties each irrevocably appoint the State, on its behalf and in its name or otherwise, as its attorney to do anything which Project Co or a Subcontractor Party is obliged to do (but has not done within 5 Business Days of request) under clause 8.2(c). Each of Project Co and the Subcontractor Parties ratifies and confirms and agrees to ratify and confirm whatever any such attorney lawfully does in the exercise of the power of attorney in this clause 8.2(d).

8.3 Novation to a Substitute Party other than the State

- (a) **(Information to be provided by the State):** If the State gives a Novation Notice that states that Project Co must novate the Subcontract Documents to a Substitute Party other than the State or a State Associate, the State must, at the time it gives the Novation Notice, provide to the Subcontractor Parties the following particulars of the Substitute Party:
 - (1) its name, place of incorporation and identity of shareholder(s) (including, unless a shareholder is listed on a securities exchange, the ultimate shareholders);
 - (2) if available, its most recent published audited accounts; and
 - (3) sufficient particulars of the finance available to the Substitute Party to enable each Subcontractor Party to decide whether to grant its consent to the Substitute Party.
- (b) **(Consent by the Subcontractor):** A novation to, and the giving of a Novation Notice with respect to, a Substitute Party other than the State or a State Associate in accordance with this clause 8 will only be effective, and the Subcontractor Parties will only be required to enter into a novation agreement under clause 8.2(c), if the Subcontractor Parties each consent to that novation (such consent not to be unreasonably withheld or delayed) or are deemed to have consented in accordance with clause 8.3(d).
- (c) **(Further information):** The State must as soon as practicable supply the Subcontractor Parties with such additional information to that provided under clause 8.3(a) as the Subcontractor Parties each reasonably require to enable it to decide whether to grant consent under clause 8.3(b), and the Subcontractor Parties must each consider such information expeditiously and inform the State promptly if it reasonably requires further information.
- (d) **(Deemed consent):** The Subcontractor Parties' consent to the novation will be deemed to be given if the Subcontractor Parties have not notified the State under clause 8.3(e)(2) within 15 Business Days of the later of:
 - (1) the receipt of the Novation Notice; and
 - (2) the receipt of the State's response to the Subcontractor Parties' request for information under clause 8.3(c).
- (e) **(Unreasonably withholding consent):** A Subcontractor Party is not entitled to refuse consent to the novation unless:

- (1) the grounds for refusal are reasonable and are based on:
 - (A) the proposed novation deed referred to in clause 8.2(c) for the Substitute Party to assume the rights and obligations of Project Co under the Subcontractor Documents not being effective to substitute the Substitute Party for Project Co;
 - (B) the Substitute Party not having the legal capacity, power and authorisation to become a party to and perform the obligations of Project Co in accordance with the Subcontractor Documents including any necessary authorisations and consents;
 - (C) the technical competence or financial standing of the Substitute Party being insufficient for it to meet the obligations of Project Co in accordance with the Subcontractor Documents; or
 - (D) a Subcontractor Party being placed in breach of any Laws by the proposed novation; and
 - (2) it has notified the State of such reasons.
- (f) **(If the Subcontractor withholds consent):** If either Subcontractor Party withholds its consent to a Novation Notice under this clause 8.3, this will not prejudice the ability of the State to give one or more subsequent Novation Notices, and information under clause 8.3(a), containing changed particulars relating to the same Substitute Party or particulars relating to another Substitute Party.

8.4 Accrued obligations and liabilities

Clause 8.2 does not operate to:

- (a) **(State not to assume):** require the State to assume any obligations or Liabilities arising from, or which are required to be performed in connection with the Subcontractor Documents prior to the Novation Notice Date unless expressly required to do so in clause 8.2; or
- (b) **(Release Project Co):** release Project Co from such obligations or Liabilities unless expressly provided for in clause 8.2.

9 Dispute Resolution

9.1 Procedure for resolving disputes

- (a) **(Disputes to be resolved):** Any dispute arising under this Deed must be resolved by the parties to that dispute (**Disputing Parties**) in accordance with clause 9 and clause 10.
- (b) **(Procedure):** The procedure that is to be followed to resolve a dispute is as follows:
 - (1) firstly, the dispute must be the subject of negotiation as required by clause 9.2;
 - (2) secondly, if the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 9.2(c)(1) the Disputing Parties may agree that the dispute will be

referred to an expert for determination in accordance with clauses 9.4 to 9.9 or to arbitration under clause 10; and

- (3) thirdly, if:
 - (A) the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 9.2(c)(1) and irrespective of whether the Disputing Parties failed to meet as required by that clause or whether having so met the Disputing Parties failed to agree whether the Dispute should be referred to an expert or to arbitration within 20 Business Days after the expiration of the period for negotiation referred to in clause 9.2(c)(1);
 - (B) the dispute has been referred to expert determination and a determination is not made by the expert within 30 days after the expert's acceptance of appointment; or
 - (C) the dispute is referred to expert determination and a notice of dissatisfaction is given in accordance with clause 9.6(a),
- (4) then the dispute must be referred to arbitration in accordance with clause 10.

9.2 Negotiation

- (a) **(Notification)**: If a dispute arises then a party may give notice to each other Disputing Party requesting that the dispute be referred for resolution by negotiation between the Chief Executive Officers (or equivalent) of the Disputing Parties (**Representatives**).
- (b) **(Contents of Notice)**: A notice under clause 9.2(a) must:
 - (1) state that it is a notice under this clause 9; and
 - (2) include or be accompanied by particulars of the matters which are the subject of the dispute.
- (c) **(Attempt to resolve Dispute)**: If a dispute is referred for resolution by negotiation under clause 9.2(a), then:
 - (1) the Representatives must meet and attempt in good faith to resolve the dispute (in whole or in part) within 10 Business Days of the date on which the notice under clause 9.2(a) is received (or such later date as the Disputing Parties may agree); and
 - (2) any agreement reached between the Representatives will be reduced to writing, signed by or on behalf of each Disputing Party and will be contractually binding on the Disputing Parties.

9.3 Expert determination

If:

- (a) **(dispute unresolved by Representatives)**: a dispute which has been referred to the Representatives for negotiation in accordance with clause 9.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 9.2(c)(1); and
- (b) **(referral to expert)**: the Disputing Parties agree within 20 Business Days after the expiration of the period for negotiation referred to in clause 9.2(c)(1), that the dispute be referred to an expert for determination,

then those parts of the dispute which remain unresolved will be referred to an expert for determination under clauses 9.4 to 9.9. For the avoidance of doubt, a dispute may only be referred to an expert for determination by agreement of the Disputing Parties.

9.4 Selection of expert

- (a) **(Exchange of lists of 3 preferred experts):** Within 7 Business Days after the date on which the Disputing Parties agree to refer a dispute to an expert for determination under clause 9.3, the Disputing Parties must exchange lists of 3 persons (in order of preference) who, if appointed, would satisfy the requirements of clause 9.4(d), from whom the expert is to be chosen.
- (b) **(Appointment of person who appears on both lists):** Any person who appears on the list of all Disputing Parties exchanged under clause 9.4(a) will be appointed as the expert to determine a dispute and if more than one person appears on the list of all Disputing Parties, the person given the highest order of priority by the party who gave the notice under clause 9.2(a) will be appointed.
- (c) **(Appointment if no person appears on both lists):** If no person appears on the list of all the Disputing Parties, the party which gave the notice under clause 9.2(a) must procure:
- (1) the president (or the senior non-executive officer, howsoever described) of the institute or governing body for the technical or professional discipline the subject of the relevant dispute to nominate the expert, having regard to, but not being bound by, those persons proposed by the Disputing Parties under clause 9.4(a); or
 - (2) if there is no governing body for the technical or professional discipline the subject of the relevant dispute or the Disputing Parties cannot agree the technical or professional discipline relevant to the dispute or such governing body advises that it will not nominate an expert, the Australian Centre for International Commercial Arbitration to nominate a person to act as the expert, having regard to, but not being bound by, those persons proposed by the Disputing Parties under clause 9.4(a),
- within 7 Business Days of the exchange of notices under clause 9.4(a).
- (d) **(Appropriate skills):** It is the intention of the parties that the expert appointed to determine a dispute will be an independent person with appropriate skills having regard to the nature of the matters in dispute.
- (e) **(No entitlement to challenge appointment):** No Disputing Party will be entitled to challenge the appointment of an expert under this clause 9.4 on the basis that the expert does not satisfy the requirements of clause 9.4(d).
- (f) **(Not an arbitration agreement):** Any agreement for expert determination under this Deed will not constitute an arbitration agreement for the purposes of the *Commercial Arbitration Act 2011* (Vic).
- (g) **(Agreement):** Once an expert is appointed, the Disputing Parties must enter into an agreement with the expert on the terms of the Expert Determination Agreement or such other reasonable terms as the expert may require.

9.5 Rules of expert determination

The expert determination process will be administered, and the expert will be required to act, under the terms of the Expert Determination Agreement.

9.6 Expert finding

- (a) **(Notification):** The determination of the expert must be in writing and will be final and binding on the Disputing Parties unless, within 10 Business Days of receipt of the determination, a Disputing Party gives notice to each other Disputing Party of its dissatisfaction and intention to refer the matter to arbitration in accordance with clause 10.
- (b) **(Amendment to determination):** Upon submission by any Disputing Party, the expert may amend the determination to correct:
 - (1) a clerical mistake;
 - (2) an error from an accidental slip or omission;
 - (3) a material miscalculation of figures or a material mistake in the description of any person, thing or matter; or
 - (4) a defect in form.

9.7 Liability of expert

- (a) **(Liability of expert):** The Disputing Parties agree:
 - (1) that the expert will not be Liable in connection with the expert determination, except in the case of fraud on the part of the expert; and
 - (2) to indemnify the expert against any Claim or Liability in connection with the expert determination, except in the case of fraud on the part of the expert, in which case a Claim may be made against him or her by any person who is a party to the dispute.
- (b) **(Engagement):** The Disputing Parties will jointly engage the expert services in connection with the expert determination proceedings and each Disputing Party will seek a separate Tax Invoice equal to its share of the cost of the expert.

9.8 Costs

The Disputing Parties must:

- (a) **(own costs):** bear their own costs in connection with the expert determination proceedings; and
- (b) **(engagement):** pay an equal portion of the costs of the expert.

9.9 Proportionate Liability

To the extent permitted by Law, the Expert will have no power to apply or to have regard to the provisions of any proportionate liability legislation which might in the absence of this clause 9.9, have applied to any dispute referred to the Expert in accordance with this clause 9.

10 Arbitration

10.1 Reference to Arbitration

- (a) **(Dispute):** If:
- (1) a dispute:
 - (A) which has been referred to the Disputing Parties' Representatives for negotiation in accordance with clause 9.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 9.2(c)(1); and
 - (B) the Disputing Parties do not agree to refer the dispute to an expert for determination; or
 - (2) in the case of a dispute which the Disputing Parties agree to refer to expert determination under clause 9.3:
 - (A) a determination is not made within 30 days of the expert's acceptance of the appointment; or
 - (B) a notice of dissatisfaction is given in accordance with clause 9.6(a),
- then any Disputing Party may notify the other Disputing Parties that it requires the dispute to be referred to arbitration.
- (b) **(Referral):** Upon receipt by a Disputing Party of a notice under clause 10.1(a), the dispute will be referred to arbitration.

10.2 Arbitration

- (a) **(ACICA Rules):** Arbitration in accordance with this clause 10 will be conducted in accordance with the arbitration rules of the Australian Centre for International Commercial Arbitration (known as the ACICA Rules) as current at the date the Dispute is referred to arbitration and as otherwise set out in this clause 10 with this clause 10 having priority to the extent of any inconsistency.
- (b) **(Seat):** The seat of the arbitration will be Melbourne, Victoria.
- (c) **(Language):** The language of the arbitration will be English.

10.3 Appointment of arbitrator

The parties will endeavour to agree on the arbitrator or arbitrators (if the parties agree to appoint three arbitrators), but if no such agreement is reached within 14 Business Days of the dispute being referred to arbitration in accordance with clause 10.1(b), the arbitrator or arbitrators will be appointed in accordance with the ACICA Rules.

10.4 General Principles for conduct of arbitration

- (a) **(Conduct of arbitration):** The Disputing Parties agree that:
- (1) they have chosen arbitration for the purposes of achieving a just, quick and cost-effective resolution of any dispute;
 - (2) any arbitration conducted in accordance with this clause 10 will not necessarily mimic court proceedings of the seat of the arbitration or

the place where hearings take place (if different), and the practices of those courts will not regulate the conduct of the proceedings before the arbitrator; and

- (3) in conducting the arbitration, the arbitrator must take into account the matters set out in clauses 10.4(a)(1) and 10.4(a)(2).
- (b) **(Evidence in writing)**: All evidence in chief must be in writing unless otherwise ordered by the arbitrator.
- (c) **(Evidence and discovery)**: The rules for evidence and discovery will be the IBA Rules on the Taking of Evidence in International Arbitration current at the date of arbitration (or if there are no current rules, the most recent version of those rules).
- (d) **(Oral hearing)**: The oral hearing must be conducted as follows:
 - (1) any oral hearing must take place in Melbourne, Victoria and all outstanding issues must be addressed at the oral hearing;
 - (2) the date and duration of the oral hearing must be fixed by the arbitrator at the first preliminary conference. The arbitrator must have regard to the principles set out in clause 10.4(a) when determining the duration of the oral hearing;
 - (3) oral evidence in chief at the hearing will be permitted only with the permission of the arbitrator for good cause;
 - (4) the oral hearing must be conducted on a stop clock basis with the effect that the time available to the Disputing Parties must be split equally between the Disputing Parties so that each party has the same time to conduct its case unless, in the opinion of the arbitrator, such a split would breach the rules of natural justice or is otherwise unfair to one of the Disputing Parties;
 - (5) not less than 28 days prior to the date fixed for oral hearing each of the Disputing Parties must give notice of those witnesses (both factual and expert) of each other Disputing Party that it wishes to attend the hearing for cross examination;
 - (6) in exceptional circumstances the arbitrator may amend the date of hearing and extend the time for the oral hearing set in accordance with clause 10.4(d)(2);
 - (7) a Disputing Party will not be bound to accept the written evidence of a witness submitted on behalf of an opposing Disputing Party which is not challenged in cross examination; and
 - (8) each Disputing Party is expected to put its case on significant issues in cross examination of a relevant witness called by the other Disputing Party or, where it seeks to challenge the evidence of a witness not called for cross-examination by reference to other evidence, to identify that evidence in its written opening submissions so that the other Disputing Party may know the nature of and basis for the challenge to the witness' written evidence.
- (e) **(Experts)**: Unless otherwise ordered each Disputing Party may only rely upon one expert witness in connection with any recognised area of specialisation.

10.5 Proportional liability

To the extent permitted by Law, the arbitrator will have no power to apply or to have regard to the provisions of any proportional liability legislation which might, in the absence of this clause 10.5, have applied to any dispute referred to arbitration in accordance with this clause 10.

10.6 Extension of ambit of arbitration proceedings

- (a) **(Extending Disputes):** Where:
- (1) a dispute between the Disputing Parties to this Deed is referred to arbitration in accordance with this clause 10; and
 - (2) there is some other dispute also between the Disputing Parties to and in accordance with this Deed (whenever occurring),
- the arbitrator may, upon application being made to the arbitrator by one or more of the Disputing Parties at any time before a final award is made in relation to the first-mentioned dispute, make an order directing that the arbitration be extended so as to include the other dispute.
- (b) **(Arbitrator's order):** An arbitrator may make an order in accordance with clause 10.6(a) on such terms and conditions (if any) as the arbitrator thinks fit.

10.7 Award final and binding

- (a) **(Final and binding):** Subject to clause 10.7(b), any award will be final and binding on the Disputing Parties.
- (b) **(Appeal):** Each Disputing Party consents to any appeal to a court where that appeal is made under the *Commercial Arbitration Act 2011* (Vic) on a question of law arising in connection with an arbitral award made in accordance with this clause 10.

10.8 Continue to perform

Notwithstanding the existence of a dispute, each Disputing Party must continue to carry out its obligations in accordance with this Deed.

10.9 Governing law of arbitration agreement

The Law governing this arbitration agreement is the law of Victoria, Australia.

10.10 Interlocutory relief

Clause 9 and clause 10 do not prevent a Disputing Party from seeking urgent interlocutory relief from a court of competent jurisdiction where, in that Disputing Party's reasonable opinion, that action is necessary to protect that Disputing Party's rights.

11 Termination of this Deed

- (a) **(Satisfaction of obligations under the Subcontract):** This Deed will terminate upon the performance and satisfaction of all of the obligations under the Subcontractor Documents.

- (b) **(Does not affect rights of parties)**: The termination of this Deed does not affect the rights of any party which have accrued to that party before the date of termination.

12 Insurances

- (a) **(Insurances)**: Notwithstanding anything else contained in the Subcontractor Documents or this Deed, the Subcontractor will:
- (1) take out all insurances as are required to be taken out by it under the Subcontract; and
 - (2) otherwise comply with all of its obligations in relation to insurance in the Subcontract.
- (b) **(Not to prejudice)**: Project Co and the Subcontractor must each ensure that it does not do or omit to do anything or does not permit anything to be done or omitted to be done whereby any insurance policy required under the Subcontract may be prejudiced.
- (c) **(Void or Voidable)**: If any default occurs by the Subcontractor in effecting or maintaining such insurance policy or if any such insurance policy becomes void or voidable, the State may (but is not obliged to) effect or maintain that Insurance policy at the cost of the Subcontractor or, failing it, Project Co.
- (d) **(State to be covered)**: If required by the Project Agreement, in respect of any insurance contract entered into by the Subcontractor as contemplated by clause 12(a), the Subcontractor must ensure that the State and the State's Associates are specified as a person to whom the insurance cover provided by that contract extends.
- (e) **(All documents, evidence and information)**: Project Co and the Subcontractor must each do all things necessary and provide all documents, evidence and information necessary to enable the State to collect or recover any moneys due or to become due to the State in respect of any insurance policy required under the Subcontract at the cost of the Subcontractor or, failing it, Project Co.
- (f) **(Cancellation, lapse or material change)**: Without prejudice to clauses 12(a) to 12(e), neither Project Co nor the Subcontractor will cause or take any steps to bring about the cancellation, lapse, material change, reduction or any rescinding of any such insurance policy unless it has first obtained the consent of the State.
- (g) **(Notify the State)**: Project Co and the Subcontractor must each immediately notify the State of any cancellation, lapse, material change, reduction, or any rescinding of any such insurance policy, and of the occurrence of any event giving rise to any claim under any such insurance policy in respect of the Project.
- (h) **(Several obligations)**: Notwithstanding clause 1.3(o), but subject to the obligations of Project Co under the terms of the Project Agreement, the obligations of Project Co and the Subcontractor in this clause 12 are several.

13 Goods and Services Tax (GST)

- (a) **(GST exclusive amounts):** Unless otherwise expressly stated, all amounts referred to in this Deed, the Subcontractor Documents, or any Project Document are exclusive of GST.
- (b) **(GST payable by Supplier):** If GST becomes payable on any Taxable Supply made by a party (**Supplier**) under or in connection with this Deed:
- (1) any amount payable or consideration to be provided in accordance with any other provision of this Deed for that supply (**Agreed Amount**) is exclusive of GST;
 - (2) an additional amount will be payable by the party which is the recipient of the Taxable Supply (**Recipient**), equal to the amount of GST payable on that Taxable Supply as calculated by the Supplier in accordance with the GST Law, payable at the same time and in the same manner as for the Agreed Amount; and
 - (3) the Supplier will provide a Tax Invoice to the Recipient in connection with that supply, either at the time expressly set out in any other provision of this Deed or no later than the time at which the Agreed Amount for that Taxable Supply is to be provided in accordance with this Deed. The Recipient is not obliged to pay any amount in accordance with this clause 13(b) unless and until a Tax Invoice is received by the Recipient in connection with the Taxable Supply except where the Recipient is required to issue the Tax Invoice.
- (c) **(Variation in GST payable):** If for any reason, the GST payable by the Supplier in connection with a supply it makes under or in connection with this Deed (incorporating any increasing adjustments or decreasing adjustments relating to that supply) varies from the additional amount it received from the Recipient under clause 13(b) in connection with that supply, the Supplier will provide a refund or credit to, or will be entitled to receive from, the Recipient (as appropriate) the amount of this variation. Where an adjustment event occurs in relation to a supply and except where the Recipient is required to issue the Adjustment Note:
- (1) the Supplier will issue an Adjustment Note to the Recipient in connection with that supply within 14 days after becoming aware of that adjustment event occurring; and
 - (2) no additional amount will be payable by the Recipient unless and until an Adjustment Note is received by the Recipient.
- (d) **(GST ceasing to be payable):** No amount is payable by a party in accordance with clause 13(b) or 13(c) to the extent that the GST to which the amount relates has ceased to be payable by or refundable to the Supplier by the Commissioner of Taxation under the GST Law.
- (e) **(Expert determination):** If the Recipient is dissatisfied with any calculation to be made by the Supplier in accordance with this clause 13 the Recipient may, at its own expense and after notifying the Supplier accordingly, refer the matter to an independent expert nominated by the President of the Institute of Chartered Accountants for expert determination, which will be final and binding on all parties (except in the case of manifest error on the face of the expert determination). The expert will act as an expert and not as an arbitrator and must take into account the terms of this Deed, the matters required to be taken into account by the Supplier in accordance with this clause 13 and any other matter considered by the expert to be relevant to the determination. The parties

release the expert from any liability in acting as an expert, except in the case of fraud on the part of the expert.

- (f) **(Revenue net of GST):** Any reference in this Deed to price, value, sales, revenue, profit or a similar amount (**Revenue**) is a reference to the GST exclusive component of that Revenue, unless the contrary intention is expressed.
- (g) **(Cost net of GST):** Any reference in this Deed to cost, expense, liability or other similar amount (**Cost**) of a party is a reference to that Cost reduced by the Input Tax Credits to which the party is entitled in respect of such Cost, unless the contrary intention is expressed.
- (h) **(General obligation):** Each party agrees to do all things, including providing Tax Invoices and other documentation, that may be necessary or desirable to enable or assist the other party in determining its GST payable on any supply made by that other party in connection with this Deed, or any input tax credits, adjustments or refunds in relation to any amount of GST paid or payable in connection with any supply made in connection with this Deed.
- (i) **(GST Groups):** For the purposes of this Deed, a reference to GST payable on a Taxable Supply made by a party includes any corresponding GST payable by the representative member of any GST group of which that party is a member and a reference to an input tax credit entitlement of a party includes any corresponding input tax credit entitlement of the representative member of any GST group of which that party is a member.
- (j) **(Project Agreement to prevail):** If clause 59 (*Taxes*) of the Project Agreement would apply in respect of a Taxable Supply to which this clause 13 also applies then clause 59 (*Taxes*) of the Project Agreement will apply in respect of that supply and the provisions of this clause 13 (but for this clause 13(j)) will not apply.
- (k) **(Definitions):** In this clause 13 unless otherwise defined in this Deed, terms used have the meanings given to them in the GST Law.

14 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) in connection with this Deed:

- (a) **(in writing):** must be in writing;
- (b) **(addressed):** must be addressed as set out below (or as otherwise notified by that party to each other party from time to time);

State:

Attention: [not disclosed]

Address: [not disclosed]

Email: [not disclosed]

Project Co:

Attention: [not disclosed]

Address: [not disclosed]

Email: [not disclosed]

Subcontractor:

Attention: [Insert]

Address: [Insert]

Email: [Insert]

Parent Guarantor:

Attention: [Insert]

Address: [Insert]

Email: [Insert]

- (c) **(signed)**: must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;
- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by the parties) to the email address of the addressee set out in clause 14(b); and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in clause 14(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
 - (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,
 unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00am on the next Business Day.

15 Confidential Information and disclosure

15.1 Confidential Information and disclosure by the State

The Subcontractor Parties acknowledge and agree that:

- (a) **(Public Disclosure Obligations):** the State or any Authority may disclose any information in connection with the Project (including any Confidential Information) in accordance with its Public Disclosure Obligations and the Subcontractor Parties must use all reasonable endeavours to assist the State or an Authority in meeting its Public Disclosure Obligations;
- (b) **(Other purposes):** the State or any Authority may disclose any information in connection with the Project (including any Confidential Information) in connection with:
 - (1) any Re-franchising; and
 - (2) the requirements of the State Project Documents (including any tender process required to be conducted under the Termination Payments Schedule, or Change Compensation Principles);
- (c) **(State's rights):** subject to clause 15.1(d), in meeting its Public Disclosure Obligations or as otherwise considered necessary by the State, the State may publish, disclose or make generally available each Project Document on a Victorian Government website;
- (d) **(Commercially sensitive information):** the State will not publish, disclose or otherwise make generally available the information which is specified in the Confidential Information Schedule (including the Financial Model), except if required to do so to comply with the Public Disclosure Obligations or as required under clause 15.1(b); and
- (e) **(Exercise of licence):** nothing in this Deed prevents the State and any sublicensees using or disclosing any information (including Confidential Information) to the extent necessary or desirable for, or in connection with, the exercise of any licence granted under clause 56 (*Intellectual Property Rights*) of the Project Agreement.

15.2 Confidential Information and disclosure by Project Co and the Subcontractor Parties

- (a) **(Confidentiality obligation):** Subject to clause 15.2(b), Project Co and the Subcontractor Parties must treat as secret and confidential all Confidential Information in connection with this Deed and any other State Project Document.
- (b) **(Disclosure of Confidential Information):** Without limiting Project Co's and the Subcontractor's obligations under clause 15.2(a) and subject to clause 15.2(c), Project Co and the Subcontractor Parties may each disclose Confidential Information to:
 - (1) its Associates to the extent necessary for the purpose of undertaking the Project;
 - (2) a Rail Franchisee to the extent necessary for the purpose of undertaking the Project and to comply with its obligations in respect of the Rail Franchisee Cooperation Agreements and the Rail Franchisee Arrangements; or
 - (3) any Financier, prospective financier or equity investor of the Project, subject to the State having been provided necessary information in respect of the proposed parties and having carried out any Probity Investigation that the State considers necessary.
- (c) **(Confidentiality deed):** Before disclosing any Confidential Information, Project Co or the Subcontractor Party (whichever is disclosing the Confidential Information) must ensure that the person to whom the information is disclosed:

- (1) except to the extent the person to whom information is disclosed is a Rail Franchisee Interface Party, enters into a confidentiality deed with Project Co or the Subcontractor Party (whichever is disclosing the Confidential Information) on terms reasonably acceptable to the State; and
- (2) to the extent the person to whom information is disclosed is a Rail Franchisee Interface Party, the Rail Franchisee Interface Party agrees to comply with its confidentiality obligations under the relevant Rail Franchisee Cooperation Agreement.

15.3 Disclosure by the Subcontractor

- (a) **(The Subcontractor's disclosure obligations):** Subject to clause 15.3(b), the Subcontractor Parties must:
 - (1) not make any public disclosures, announcements or statements in relation to the Project or the State's or any of the State's Associates' involvement in the Project without the State's prior consent;
 - (2) comply with any terms and conditions the State imposes and must use all reasonable endeavours to agree with the State the wording and timing of all public disclosures, announcements or statements by it or any of its Associates relating to the Project or the State's or any of the State's Associates' involvement in the Project before the relevant disclosure, announcement or statement is made; and
 - (3) as soon as practicable, give to the State a copy of any public disclosure, announcement or statement agreed to or approved by the State in accordance with this clause 15.3(a) or for which the State's consent or approval was not required in accordance with clause 15.3(b).
- (b) **(Permitted disclosure):** For the purposes of clause 15.3(a), the Subcontractor Parties will not be required to obtain the State's consent or approval to the extent that any disclosure, announcement or statement is:
 - (1) required by Law, provided that it:
 - (A) notifies the State of the requirement to make that disclosure; and
 - (B) takes all reasonable steps to minimise the extent of the disclosure and to ensure the information is disclosed on a basis that the recipient agrees to maintain the confidentiality of the information;
 - (2) required to obtain legal or other advice from its advisers;
 - (3) required to be made to a court in the course of proceedings to which any Subcontractor Party is a party; or
 - (4) required by a relevant stock exchange, subject to:
 - (A) such disclosure, announcement or statement not referring to the State's or any of its Associates' involvement in the Project; and
 - (B) the Subcontractor Parties having used all reasonable endeavours to obtain the State's consent within a timeframe sufficient to allow it to meet the timeframe imposed by the relevant stock exchange; or

- (5) a disclosure by:
 - (A) the Train Franchisee Interface Party made in accordance with clause 21.3(c) of the Train Franchisee Cooperation Agreement; or
 - (B) the Tram Franchisee Interface Party made in accordance with clause 16.3(c) of the Tram Franchisee Cooperation Agreement.

16 Return of documents

Each Subcontractor Party must return to the State copies of all plans, drawings, specifications and other like documents which come into its possession for the purpose of the Subcontractor Documents or this Deed at the expiration of the Subcontractor Documents.

17 Miscellaneous

17.1 Governing Law and jurisdiction

- (a) **(Governing Law):** This Deed is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction):** Without limiting clauses 9 to 10, each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Deed.

17.2 Entire agreement

To the extent permitted by Law and in relation to its subject matter, this Deed:

- (a) **(entire understanding):** embodies the entire understanding of the parties and constitutes the entire terms agreed by the parties; and
- (b) **(prior agreements):** supersedes any prior agreement of the parties.

17.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to the parties) required by Law or reasonably requested by another party to give effect to this Deed.

17.4 Survival of certain provisions

- (a) **(Surviving clauses):** All provisions of this Deed which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Deed will survive the rescission, termination or expiration of this Deed, including any provisions in connection with:
 - (1) the State's rights to set-off and recover money;
 - (2) confidentiality or privacy;

- (3) Intellectual Property Rights;
 - (4) any obligation to make any information and records available to the State;
 - (5) any indemnity or financial security given in accordance with this Deed;
 - (6) any right or obligation arising on termination of this Deed; or
 - (7) any limitation of liability.
- (b) **(Interpretation)**: No provision of this Deed which is expressed to survive the rescission, termination or expiration of this Deed will prevent any other provision of this Deed, as a matter of interpretation, also surviving the rescission, termination or expiration of this Deed.
- (c) **(Survival of rights and obligations)**: No right or obligation of any party will merge on completion of any transaction under this Deed. All rights and obligations in accordance with this Deed survive the execution and delivery of any transfer or other document which implements any transaction in accordance with this Deed.

17.5 Waiver

- (a) **(Writing)**: A waiver given by a party in accordance with this Deed is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver)**: A failure to, a delay in or the partial exercise or enforcement of a right provided by Law or in accordance with this Deed by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right provided by Law or in accordance with this Deed.
- (c) **(No waiver of another breach)**: No waiver of a breach of a term of this Deed operates as a waiver of another breach of that term or of a breach of any other term of this Deed.

17.6 Consents, approvals and directions

- (a) **(State)**: A consent or approval required in accordance with this Deed from the State may be given or withheld, or may be given subject to any conditions, as the State thinks fit, unless this Deed expressly provides otherwise.
- (b) **(Project Co or Subcontractor Party)**: A consent or approval required in accordance with this Deed from Project Co or a Subcontractor Party may not be unreasonably withheld or delayed, unless this Deed expressly provides otherwise.

17.7 Amendments

Except as otherwise expressly provided in this Deed, this Deed may only be varied by a deed executed by or on behalf of each party.

17.8 Expenses

Except as otherwise expressly provided in this Deed (or as between the State and Project Co in the Project Agreement), each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this Deed.

17.9 Severance

If, at any time, a provision of this Deed is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) **(under this Deed)**: any other provision of this Deed; or
- (b) **(under another jurisdiction)**: that provision under the Law of any other jurisdiction.

17.10 Counterparts

This Deed may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same deed.

17.11 Moratorium legislation

To the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of a party other than the State any obligation under this Deed, or to prejudicially affect the exercise by the State of any right, power or remedy under this Deed or otherwise, are expressly waived.

17.12 Proportionate liability

- (a) **(Excluded operation of Wrongs Act)**: The operation of Part IVAA of the *Wrongs Act 1958* (Vic) is excluded in relation to all and any rights, obligations or liabilities of any party under this Deed whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities)**: Without limiting clause 17.12(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Deed and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

17.13 Indemnity held on trust

- (a) **(Benefit of indemnities)**: The State holds on trust for its Associates the benefit of:
 - (1) each indemnity and release given by Project Co or the Subcontractor Parties under this Deed in favour of the State's Associates; and
 - (2) each right in this Deed to the extent that such right is expressly provided to be for the benefit of the State or State's Associates.
- (b) **(Project Co and Subcontractor acknowledgement)**: Each of Project Co and the Subcontractor Parties acknowledge the existence of such trusts and consent to:
 - (1) the State exercising rights in relation to, or otherwise enforcing such indemnities, releases and rights on behalf of its Associates; and
 - (2) the State's Associates exercising rights in relation to, or otherwise enforcing the indemnities, releases and those rights as if they were a party to this Deed.

- (c) **(Consent not required)**: The parties agree that the State does not require the consent of its Associates to amend or waive any provision of any Project Document.

17.14 Assignment

Except as expressly contemplated by this Deed, none of Project Co or the Subcontractor Parties may assign or transfer any of its rights or obligations under this Deed or a Subcontractor Document.

17.15 Set off

Without limiting the State's rights under the Project Agreement, all moneys which the State may pay or incur and for which Project Co is liable under the terms of the Project Agreement or in respect of which it is under this Deed liable to make reimbursement to or indemnify the State:

- (a) may be deducted by the State from all moneys due, becoming due, or to become due from it to Project Co under the Project Agreement; or
- (b) may be recovered from Project Co by action at Law or otherwise.

17.16 Limitation of Liability

The Subcontractor Parties' maximum aggregate Liability to Project Co, the State, any other party to a Project Document, and any person to whom a Subcontractor Document is novated or assigned in accordance with the terms of this Deed, will not exceed the Subcontractor Parties' maximum aggregate Liability under each relevant Subcontractor Document.

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Deed have the meanings given to them in or for the purposes of the Project Agreement.

1.2 Definitions

In this Deed, unless the context otherwise requires:

| Term | Meaning |
|--|---|
| Deed | means this deed and includes all Schedules, Exhibits, Attachments and Annexures to it. |
| Default Event | means any: <ol style="list-style-type: none">1 breach by the Key Subcontractor of any of its obligations under the Material Subcontract; or2 other event or circumstance, which alone or with the giving of notice or passage of time or both, would entitle the Material Subcontractor to terminate, rescind, accept the repudiation of, or suspend any or all of its obligations under, the Material Subcontract. |
| Default Event (Key Subcontract) | [State Note: relevant option to be selected.] means a [Default Termination Event (D&C) / Default Termination Event (Maintenance)]. |
| Disputing Parties | has the meaning given in clause 7.1(a). |
| Key Subcontract | means the agreement between Project Co and the Key Subcontractor dated <i>[insert]</i> . |
| Material Subcontract | means the agreement between the Key Subcontractor and the Material Subcontractor dated on or about the date of this Deed. |

| Term | Meaning |
|--------------------------------|--|
| Material Adverse Effect | means a material adverse effect on: <ol style="list-style-type: none">1 the ability of each of the Key Subcontractor or the Material Subcontractor to perform and observe their respective obligations under any Project Document to which it is a party; or2 the rights of the State under any State Project Document, or the ability or capacity of the State to exercise its rights or perform its obligations under a State Project Document. |
| Novation Notice | has the meaning given in clause 5.1(a). |
| Novation Notice Date | means: <ol style="list-style-type: none">1 in relation to clause 5.3, the later of the date that the State gives a Novation Notice and the date the Material Subcontractor consents or is deemed (in accordance with clause 5.3(e)) to have consented to the novation and assignment; and2 otherwise, the date on which the State gives a Novation Notice. |
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated [insert] . |
| Representatives | has the meaning given in clause 7.2(a). |
| Substitute Party | has the meaning given in clause 5.1(a). |

1.3 Interpretation

In this Deed:

- (a) **(headings)**: headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;

and unless the context otherwise requires:

- (b) **(count and gender)**: a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
- (c) **(references)**: a reference to:
- (1) a party, clause, Schedule, Exhibit, or Annexure is a reference to a party, clause, Schedule, Exhibit or Annexure of or to this Deed; and
 - (2) a section is a reference to a section of a Schedule;

- (d) **(agreement as amended)**: a reference to this Deed or to any other deed, agreement, document or instrument includes a reference to this Deed or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
- (e) **(party)**: a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
- (f) **(person)**: a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
- (g) **(legislation)**: a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
- (h) **(definitions)**: if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
- (i) **(‘includes’)**: ‘includes’ will be read as if followed by the phrase ‘(without limitation)’;
- (j) **(‘or’)**: the meaning of ‘or’ will be that of the inclusive, being one, some or all of a number of possibilities;
- (k) **(information)**: a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
- (l) **(‘\$’)**: a reference to ‘\$’, AUD or dollar is to Australian currency;
- (m) **(time)**: a reference to time is a reference to time in Melbourne, Australia;
- (n) **(rights)**: a reference to a right includes any benefit, remedy, function, discretion, authority or power;
- (o) **(obligations and liabilities)**: a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
- (p) **(‘may’)**: the term ‘may’, when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or remedy in its absolute and unfettered discretion and the State has no obligation to do so;
- (q) **(construction)**: where there is a reference to an Authority, institute or association or other body referred to in this Deed which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Deed is deemed to refer to that other entity; or
 - (2) ceases to exist, this Deed is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) **(remedy)**: the use of the word ‘remedy’ or any form of it in this Deed means that the event to be remedied must be cured or its effects overcome; and

- (s) **(contra proferentem rule not to apply)**: each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Priority of documents

To the extent of any inconsistency, ambiguity or discrepancy between this Deed and the Material Subcontract, this Deed prevails.

1.5 Project Documents

The Material Subcontractor acknowledges that it has received a copy of the Project Agreement, redacted to remove all information specified in the Confidential Information Schedule.

1.6 Inconsistency

Where there is an inconsistency, ambiguity or discrepancy between this Deed and any other State Project Document, then the order of precedence in clause 2.3 (*Inconsistency between State Project Documents*) of the Project Agreement applies.

1.7 Business Day

If the day on or by which anything is to be done in accordance with this Deed is not a Business Day, that thing must be done no later than the next Business Day.

1.8 Prior approval or consent

Where the Key Subcontractor or the Material Subcontractor are required by this Deed to obtain the State's consent or approval to an action, document or thing, unless otherwise expressly stated, that consent or approval must be obtained prior to the actions, document or thing occurring or coming into effect.

1.9 Action without delay

Unless there is a provision in this Deed which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.10 Provisions limiting or excluding liability

- (a) **(No limit)**: A right of the State or any obligation of the Key Subcontractor or the Material Subcontractor under this Deed will not limit or exclude any other right of the State or obligation of the Key Subcontractor or the Material Subcontractor under this Deed unless expressly stated.
- (b) **(Permitted by Law)**: Any provision of this Deed which seeks, either expressly or by implication, to limit or exclude any Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.11 Relationship of the parties

Unless otherwise expressly provided, this Deed does not:

- (a) **(no additional relationship)**: create a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith)**: impose any duty of good faith on the State.

1.12 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Deed or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Deed must be given in writing.

1.13 State's rights and obligations

- (a) **(Acknowledgement)**: The parties acknowledge the substance, operation and potential effect and consequences of clause 2.13 (*State's executive rights and duties*) of the Project Agreement in relation to this Deed.
- (b) **(No Claim)**: Subject to clause 1.13(c), the Key Subcontractor and the Material Subcontractor will not be entitled to make any Claim against the State for any Liability relating to any exercise or failure of the State to exercise its executive or statutory rights or duties.
- (c) **(Liability for breach)**: Clauses 1.13(a) and (b) do not limit any Liability which the State would have had to the Key Subcontractor or the Material Subcontractor under any State Project Document as a result of a breach by the State of a term of any State Project Document but for these clauses.

1.14 Reasonable endeavours of State

Any statement in this Deed providing that the State will use or exercise 'reasonable endeavours' or 'act reasonably' in relation to an outcome, means that the State:

- (a) **(relevant steps)**: will take steps to bring about the relevant outcome so far as it is reasonably able to do so, having regard to its resources and other responsibilities;
- (b) **(no guarantee)**: cannot guarantee the relevant outcome; and
- (c) **(no obligation)**: is not required to:
 - (1) exercise a right of any Government Party, or to influence, over-ride, interfere with or direct any other Government Party in the proper exercise and performance of its legal, executive or statutory rights, duties and functions;
 - (2) exercise a power or discretion in a manner that the State regards as not in the public interest;
 - (3) develop or implement new policy;
 - (4) procure legislation; or
 - (5) act in any way that the State regards as not in the public interest.

2 Conditions precedent

The satisfaction or waiver of the Conditions Precedent in accordance with clause 3 (*Conditions Precedent*) of the Project Agreement, is a condition precedent to the coming into operation of this Deed (other than this clause 2 and clauses 1.1 to 1.3, 1.7, 1.11, 1.12, 1.13, 1.14, 4, 7, 8, 10, and 11).

3 Acknowledgments

3.1 By the Material Subcontractor concerning the State's rights

The Material Subcontractor acknowledges the State's rights under clauses 16.3 (*State's right to enter, inspect and test*), 25 (*Defects*), 28.5 (*Incidents*), 41 (*Step-in by the State*), 44 (*Events of Default*), 45 (*Termination*), 57 (*Confidential Information and disclosure*) and 62.2 (*Probity Investigation*) of the Project Agreement and the other relevant clauses listed in clause 13.3(c) (*Requirements for Subcontracting*) of the Project Agreement.

3.2 By the Key Subcontractor

The Key Subcontractor is bound by, and must cooperate in the implementation of, this Deed. It acknowledges that this Deed is intended to benefit only the Material Subcontractor and the State and does not in any way affect any obligation of the Key Subcontractor under the Material Subcontract or under any Project Document except as expressly set out herein.

4 Representations and warranties by the Material Subcontractor

The Material Subcontractor represents and warrants for the benefit of the State that:

- (a) **(power to execute)**: it has the power to execute, deliver and carry out its obligations under this Deed, the Material Subcontract and each other Project Document to which it is a party and all necessary action has been taken to authorise that execution, delivery and performance;
- (b) **(legality)**: the execution, delivery and performance of this Deed, the Material Subcontract and each other Project Document to which it is a party does not violate any Law, document or agreement to which it is a party or which is binding on it or any of its assets;
- (c) **(validity)**: this Deed, the Material Subcontract and each other Project Document to which it is a party constitutes a valid and legally binding obligation on it in accordance with its terms;
- (d) **(registration)**: it is duly registered, properly constituted and remains in existence;
- (e) **(no trust relationship)**: except as stated in this Deed, it is not the trustee or Responsible Entity of any trust nor does it hold any property subject to or impressed by any trust;

- (f) **(information true and correct)**: all information provided by it to the State is, to the best of its knowledge and belief (having undertaken enquiries reasonably expected of a skilled professional carrying out the obligations of the Material Subcontractor under the Material Subcontract), true and correct as at the date on which it is provided and the Material Subcontractor is not aware of any material facts or circumstances that have not been disclosed to the State and which might, if disclosed, materially adversely affect the decision of a prudent person considering whether or not to enter into this Deed or to consent to the entry into the Material Subcontract;
- (g) **(litigation)**: no Claim against it is current or pending or (to its knowledge) is threatened, which will or is likely to have a material adverse effect upon it or its ability to perform its financial and other obligations under this Deed, the Material Subcontract or any other Project Document to which it is a party;
- (h) **(Insolvency Event)**: no Insolvency Event has occurred in respect of it;
- (i) **(no default)**:
 - (1) no default has occurred under any document or agreement binding on it or its assets which relates to financial indebtedness; and
 - (2) nothing else has occurred,which, with the giving of notice or lapse of time, constitute an event of default, cancellation, prepayment event (pursuant to a bona fide right to exercise prepayment) or similar event (whatever called) under any such document or agreement, would have a Material Adverse Effect;
- (j) **(no immunity)**: neither it nor any of its assets enjoys any immunity from set off, suit or execution; and
- (k) **(own investigations)**: in entering into this Deed, the Material Subcontract and any other Project Document to which it is a party it relied upon its own investigations and has not relied upon any representation or warranty about its subject matter by the State, the Key Subcontractor or any other person unless in respect of the Key Subcontractor or any other person, other than the State or any of its Associates, it is expressly permitted to do so in accordance with a Project Document to which it is a party.

5 State's option to novate to the State or Substitute Party

5.1 Option

- (a) **(Novation Notice)**: The State may require a novation of the Material Subcontract if the Project Agreement has been terminated and:
 - (1) the Key Subcontract has been terminated, rescinded, repudiated or suspended; or
 - (2) a Default Event (Key Subcontract) has occurred and has not been remedied,

by giving a notice **(Novation Notice)** to the Material Subcontractor and the Key Subcontractor. The Novation Notice must specify the person to whom the State intends to novate the Material Subcontract and whether this will be the State, any State Associate or any other person **(Substitute Party)**.

- (b) **(Material Subcontractor's obligations to continue):** If the State issues a Novation Notice, then the Material Subcontractor and the Key Subcontractor must comply with this clause 5.1 and, until the Novation Notice Date, the Material Subcontractor must continue to perform its obligations in accordance with the Material Subcontract.
- (c) **(Material Subcontractor to continue work):** If the Material Subcontractor has exercised any rights it has to suspend the performance of any of its obligations under the Material Subcontract, the Material Subcontractor must recommence performance of those obligations from the Novation Notice Date or the date on which the cause of the suspension is remedied (whichever is the earlier).
- (d) **(Novation Notice not a Default Event):** The Material Subcontractor acknowledges that the giving of a Novation Notice by the State will not of itself contravene, or constitute a Default Event under the Material Subcontract or entitle the Material Subcontractor to exercise any power (including termination) in accordance with it.

5.2 Novation

From the Novation Notice Date, subject to clauses 5.3 and 5.4, the novated Material Subcontract will take effect:

- (a) **(agreement):** as an agreement between the Substitute Party and the Material Subcontractor;
- (b) **(as if Substitute Party named as Key Subcontractor):** as if the Substitute Party had been named as the Key Subcontractor in the Material Subcontract;
- (c) **(references to Key Subcontractor):** so that each reference in the Material Subcontract to the Key Subcontractor is a reference to the Substitute Party;
- (d) **(transfer of rights obligations and liabilities):** so that the rights, obligations and liabilities of the Key Subcontractor under the Material Subcontract become the rights, obligations and liabilities of the Substitute Party, excluding any accrued rights or liabilities of the Key Subcontractor to the extent that those rights or liabilities arose prior to the Novation Notice Date;
- (e) **(Material Subcontractor):** so that the Material Subcontractor must comply with all of its obligations under the Material Subcontract for the benefit of the Substitute Party; and
- (f) **(release of Key Subcontractor):** so that the Key Subcontractor is released from the obligations and liabilities under the Material Subcontract assumed by the Substitute Party in accordance with clause 5.2(d) or which relate to events arising after the Novation Notice Date.

5.3 Novation to a Substitute Party

- (a) **(Information to be provided by the State):** If the State gives a Novation Notice that states that the Key Subcontractor must novate the Material Subcontract to a Substitute Party other than the State or a State Associate, the State must, at the time it gives the Novation Notice, provide to the Material Subcontractor the following particulars of that Substitute Party:
 - (1) the name, place of incorporation and identity of the proposed Substitute Party and its shareholder(s) (including, unless a

- shareholder is listed on a securities exchange, the ultimate shareholders);
- (2) if available, its most recent published audited accounts; and
 - (3) sufficient particulars of the finance available to the Substitute Party to enable the Material Subcontractor to decide whether to grant its consent to the Substitute Party.
- (b) **(Consent by Material Subcontractor):** A novation to and the giving of a Novation Notice with respect to, a Substitute Party other than the State or a State Associate in accordance with this clause 5.3 will only be effective if the Material Subcontractor consents to the novation (such consent not to be unreasonably withheld or delayed) or is deemed to have consented in accordance with clause 5.3(e).
- (c) **(Request for further information):** Within 5 Business Days of receiving information from the State in accordance with clause 5.3(a), the Material Subcontractor may make a written request for further information it reasonably requires to enable it to decide whether to grant consent in accordance with clause 5.3(b).
- (d) **(Further information):** The State must (as soon as practicable), in response to a request for further information under clause 5.3(c):
- (1) respond to the request; and
 - (2) supply the Material Subcontractor with such additional information as the Material Subcontractor reasonably requests.
- (e) **(Deemed consent):** The Material Subcontractor's consent to the novation will be deemed to be given if the Material Subcontractor has not notified the State whether it consents to the novation within 15 Business Days of the later of:
- (1) the receipt of the Novation Notice; and
 - (2) the receipt of the State's response to the Maintenance Subcontractor's request for information under clause 5.3(d).
- (f) **(Unreasonably withholding consent):** The Material Subcontractor is not entitled to refuse consent to the novation unless:
- (1) the grounds for refusal are reasonable and are based on:
 - (A) the proposed documentation for the Substitute Party to assume the rights and obligations of the Key Subcontractor in accordance with the Material Subcontract not being effective to substitute the Substitute Party for the Key Subcontractor;
 - (B) the Substitute Party not having the legal capacity, power and authorisation to become a party to and perform the obligations of the Key Subcontractor in accordance with the Material Subcontract including any necessary authorisations and consents;
 - (C) the technical competence or financial standing of the Substitute Party being insufficient for it to meet the obligations of the Key Subcontractor in accordance with the Material Subcontract; or

- (D) the Material Subcontractor being placed in breach of any Laws by the proposed novation and assignment; and
- (2) it has notified the State of such reasons.
- (g) **(If Material Subcontractor withholds consent)**: If the Material Subcontractor withholds its consent to the novation in accordance with this clause 5.3, this will not prejudice the ability of the State to give one or more subsequent Novation Notices containing changed particulars relating to the same Substitute Party or particulars relating to another Substitute Party.

5.4 Accrued obligations and liabilities

Clause 5.3 does not operate to:

- (a) **(State to assume obligations or Liabilities)**: require the State to assume any obligations or Liabilities arising from, or which are required to be performed in connection with, the Material Subcontract prior to the Novation Notice Date unless expressly required to do so in clause 5.3; or
- (b) **(release Key Subcontractor)**: release the Key Subcontractor from such obligations or Liabilities unless expressly provided for in clause 5.3.

6 Security

If the Material Subcontractor has provided or procured the provision of any security (including any performance guarantee) to the Key Subcontractor under the Material Subcontract:

- (a) **(assignable security)**: if the security is capable of assignment, the Key Subcontractor must, at the Novation Notice Date, assign or procure the assignment of the benefit of that security to the Substitute Party; or
- (b) **(non-assignable security)**: if the security is not capable of assignment, at the Novation Notice Date:
 - (1) the Material Subcontractor must provide replacement security to the Substitute Party in the same form and amount and on the same terms; and
 - (2) on satisfaction of clause 6(b)(1), the Key Subcontractor must release or procure the release of that security.

7 Dispute Resolution

7.1 Procedure for resolving disputes

- (a) **(Procedure)**: Any dispute arising under this Deed must be resolved by the parties to that dispute (**Disputing Parties**) in accordance with this clause 7.
- (b) **(Dispute resolution procedure)**: The procedure that is to be followed to resolve a dispute is as follows:

- (1) firstly, the dispute must be the subject of negotiation as required by clause 7.2;
- (2) secondly, if the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 7.2(c)(1) the Disputing Parties may agree that the dispute be referred to an expert for determination in accordance with clauses 7.4 to 7.9 or to arbitration under clause 8; and
- (3) thirdly, if:
 - (A) the dispute remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 7.2(c)(1) and irrespective of whether the Disputing Parties failed to meet as required by that clause or whether having so met the Disputing Parties failed to agree whether the Dispute should be referred to an expert or to arbitration within 20 Business Days after the expiration of the period for negotiation referred to in clause 7.2(c)(1);
 - (B) the dispute has been referred to expert determination and a determination is not made by the expert within 30 days after the expert's acceptance of appointment; or
 - (C) the dispute is referred to expert determination and a notice of dissatisfaction is given in accordance with clause 7.6(a),then the dispute must be referred to arbitration in accordance with clause 8.

7.2 Negotiation

- (a) **(Notification)**: If a dispute arises then a party may give notice to each other Disputing Party requesting that the dispute be referred for resolution by negotiation between the Chief Executive Officers (or equivalent) of the Disputing Parties (**Representatives**).
- (b) **(Contents of Notice)**: A notice under clause 7.2(a) must:
 - (1) state that it is a notice under this clause 7; and
 - (2) include or be accompanied by particulars of the matters which are the subject of the dispute.
- (c) **(Attempt to resolve Dispute)**: If a dispute is referred for resolution by negotiation under clause 7.2(a), then:
 - (1) the Representatives must meet and attempt in good faith to resolve the dispute (in whole or in part) within 10 Business Days of the date on which the notice under clause 7.2(a) is received (or such later date as the Disputing Parties may agree); and
 - (2) any agreement reached between the Representatives will be reduced to writing, signed by or on behalf of each Disputing Party and will be contractually binding on the Disputing Parties.

7.3 Expert determination

If:

- (a) **(dispute unresolved by Representatives)**: a dispute which has been referred to the Representatives for negotiation in accordance with clause 7.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 7.2(c)(1); and
- (b) **(referral to expert)**: the Disputing Parties agree within 20 Business Days after the expiration of the period for negotiation referred to in clause 7.2(c)(1), that the dispute be referred to an expert for determination,

then those parts of the dispute which remain unresolved will be referred to an expert for determination under clauses 7.4 to 7.9. For the avoidance of doubt, a dispute may only be referred to an expert for determination by agreement of the Disputing Parties.

7.4 Selection of expert

- (a) **(Exchange of lists of 3 preferred experts)**: Within 7 Business Days after the date on which the Disputing Parties agree to refer a dispute to an expert for determination under clause 7.3, the Disputing Parties must exchange lists of 3 persons (in order of preference) who, if appointed, would satisfy the requirements of clause 7.4(d), from whom the expert is to be chosen.
- (b) **(Appointment of person who appears on both lists)**: Any person who appears on the list of all of the Disputing Parties exchanged under clause 7.4(a) will be appointed as the expert to determine a dispute and if more than one person appears on the list of all of the Disputing Parties, the person given the highest order of priority by the party who gave the notice under clause 7.2(a) will be appointed.
- (c) **(Appointment if no person appears on both lists)**: If no person appears on the list of all of the Disputing Parties and the Disputing Parties cannot otherwise agree an expert, the party which gave the notice under clause 7.2(a) must procure:
 - (1) the president (or the senior non-executive officer, howsoever described) of the institute or governing body for the technical or professional discipline the subject of the relevant dispute to nominate the expert, having regard to, but not being bound by, those persons proposed by the Disputing Parties under clause 7.4(a); or
 - (2) if there is no governing body for the technical or professional discipline the subject of the relevant dispute or the Disputing Parties cannot agree the technical or professional discipline relevant to the dispute or such governing body advises that it will not nominate an expert, the President of the Australian Centre for International Commercial Arbitration to nominate a person to act as the expert, having regard to, but not being bound by, those persons proposed by the Disputing Parties under clause 7.4(a),within 7 Business Days of the exchange of notices under clause 7.4(a).
- (d) **(Appropriate skills)**: It is the intention of the parties that the expert appointed to determine a dispute will be an independent person with appropriate skills having regard to the nature of the matters in dispute.
- (e) **(No entitlement to challenge appointment)**: No Disputing Party will be entitled to challenge the appointment of an expert under this clause 7.4 on the basis that the expert does not satisfy the requirements of clause 7.4(d).

- (f) **(Not an arbitration agreement):** Any agreement for expert determination under this Deed will not constitute an arbitration agreement for the purposes of the *Commercial Arbitration Act 2011 (Vic)*.
- (g) **(Agreement):** Once an expert is appointed, the Disputing Parties must enter into an agreement with the expert on the terms of the Expert Determination Agreement or such other reasonable terms as the expert may require.

7.5 Rules of expert determination

The expert determination process will be administered, and the expert will be required to act, under the terms of the Expert Determination Agreement.

7.6 Expert finding

- (a) **(Notification):** The determination of the expert must be in writing and will be final and binding on the Disputing Parties unless, within 10 Business Days of receipt of the determination, a Disputing Party gives notice to each other Disputing Party of its dissatisfaction and intention to refer the matter to arbitration in accordance with clause 8.
- (b) **(Amendment to determination):** Upon submission by any Disputing Party, the expert may amend the determination to correct:
 - (1) a clerical mistake;
 - (2) an error from an accidental slip or omission;
 - (3) a material miscalculation of figures or a material mistake in the description of any person, thing or matter; or
 - (4) a defect in form.

7.7 Liability of expert

- (a) **(Liability of expert):** The Disputing Parties agree:
 - (1) that the expert will not be liable in connection with the expert determination, except in the case of fraud on the part of the expert; and
 - (2) to indemnify the expert against any Claim or Liability in connection with the expert determination, except in the case of fraud on the part of the expert, in which case a Claim may be made against him or her by any person who is party to the dispute.
- (b) **(Engagement):** The Disputing Parties will jointly engage the expert services in connection with the expert determination proceedings and each Disputing Party will seek a separate Tax Invoice equal to its share of the cost of the expert.

7.8 Costs

The Disputing Parties must:

- (a) **(own costs):** bear their own costs in connection with the expert determination proceedings; and
- (b) **(expert costs):** pay an equal portion of the costs of the expert.

7.9 Proportionate Liability

To the extent permitted by Law, the expert will have no power to apply or to have regard to the provisions of any proportionate liability legislation which might in the absence of this clause 7.9, have applied to any dispute referred to the expert in accordance with this clause 7.

8 Arbitration

8.1 Reference to Arbitration

- (a) **(Dispute):** If:
- (1) a dispute:
 - (A) which has been referred to the Disputing Parties' Representatives for negotiation in accordance with clause 7.2(a) remains unresolved (in whole or in part) after the expiration of the period for negotiation referred to in clause 7.2(c)(1); and
 - (B) the Disputing Parties do not agree to refer the dispute to an expert for determination; or
 - (2) in the case of a dispute which the Disputing Parties agree to refer to expert determination under clause 7.3:
 - (A) a determination is not made within 30 days of the expert's acceptance of the appointment; or
 - (B) a notice of dissatisfaction is given in accordance with clause 7.6,
- then any Disputing Party may notify the other Disputing Parties that it requires the dispute to be referred to arbitration.
- (b) **(Referral):** Upon receipt by a Disputing Party of a notice under clause 8.1(a), the dispute will be referred to arbitration.

8.2 Arbitration

- (a) **(ACICA Rules):** Arbitration in accordance with this clause 8 will be conducted in accordance with the arbitration rules of the Australian Centre for International Commercial Arbitration (known as the ACICA Rules) as current at the date the Dispute is referred to arbitration and as otherwise set out in this clause 8 with this clause 8 having priority to the extent of any inconsistency.
- (b) **(Seat):** The seat of the arbitration will be Melbourne, Victoria.
- (c) **(Language):** The language of the arbitration will be English.

8.3 Appointment of arbitrator

The parties will endeavour to agree on the arbitrator or arbitrators (if the parties agree to appoint three arbitrators), but if no such agreement is reached within 14 Business Days of the dispute being referred to arbitration in accordance with clause 8.1(b), the arbitrator or

arbitrators will be appointed by the Australian Centre for International Commercial Arbitration.

8.4 General Principles for conduct of arbitration

- (a) **(Conduct of arbitration):** The Disputing Parties agree that:
- (1) they have chosen arbitration for the purposes of achieving a just, quick and cost-effective resolution of any dispute;
 - (2) any arbitration conducted in accordance with this clause 8 will not necessarily mimic court proceedings of the seat of the arbitration or the place where hearings take place (if different), and the practices of those courts will not regulate the conduct of the proceedings before the arbitrator; and
 - (3) in conducting the arbitration, the arbitrator must take into account the matters set out in clauses 8.4(a)(1) and 8.4(a)(2).
- (b) **(Evidence in writing):** All evidence in chief must be in writing unless otherwise ordered by the arbitrator.
- (c) **(Evidence and discovery):** The rules for evidence and discovery will be the IBA Rules on the Taking of Evidence in International Arbitration current at the date of arbitration (or if there are no current rules, the most recent version of those rules).
- (d) **(Oral hearing):** The oral hearing must be conducted as follows:
- (1) any oral hearing must take place in Melbourne, Victoria and all outstanding issues must be addressed at the oral hearing;
 - (2) the date and duration of the oral hearing must be fixed by the arbitrator at the first preliminary conference. The arbitrator must have regard to the principles set out in clause 8.4(a) when determining the duration of the oral hearing;
 - (3) oral evidence in chief at the hearing will be permitted only with the permission of the arbitrator for good cause;
 - (4) the oral hearing must be conducted on a stop clock basis with the effect that the time available to the Disputing Parties must be split equally between the Disputing Parties so that each Disputing Party has the same time to conduct its case unless, in the opinion of the arbitrator, such a split would breach the rules of natural justice or is otherwise unfair to one of the Disputing Parties;
 - (5) not less than 28 days prior to the date fixed for oral hearing each of the Disputing Parties must give notice of those witnesses (both factual and expert) of each other Disputing Party that it wishes to attend the hearing for cross examination;
 - (6) in exceptional circumstances the arbitrator may amend the date of hearing and extend the time for the oral hearing set in accordance with clause 8.4(d)(2);
 - (7) a Disputing Party will not be bound to accept the written evidence of a witness submitted on behalf of the opposing Disputing Party which is not challenged in cross examination; and

- (8) each Disputing Party is expected to put its case on significant issues in cross examination of a relevant witness called by the other Disputing Party or, where it seeks to challenge the evidence of a witness not called for cross-examination by reference to other evidence, to identify that evidence in its written opening submissions so that the opposing Disputing Party may know the nature of and basis for the challenge to the witness' written evidence.
- (e) **(Experts):** Unless otherwise ordered each Disputing Party may only rely upon one expert witness in connection with any recognised area of specialisation.

8.5 Proportional liability

To the extent permitted by Law, the arbitrator will have no power to apply or to have regard to the provisions of any proportional liability legislation which might, in the absence of this clause 8.5, have applied to any dispute referred to arbitration in accordance with this clause 8.

8.6 Extension of ambit of arbitration proceedings

- (a) **(Extending disputes):** Where:
 - (1) a dispute between the Disputing Parties to this Deed is referred to arbitration in accordance with this clause 8; and
 - (2) there is some other dispute also between the Disputing Parties to and in accordance with this Deed (whenever occurring),the arbitrator may, upon application being made to the arbitrator by one or more of the Disputing Parties at any time before a final award is made in relation to the first-mentioned dispute, make an order directing that the arbitration be extended so as to include the other dispute.
- (b) **(Arbitrator's order):** An arbitrator may make an order in accordance with clause 8.6(a) on such terms and conditions (if any) as the arbitrator thinks fit.

8.7 Award final and binding

- (a) **(Final and binding):** Subject to clause 8.7(b), any award will be final and binding on the Disputing Parties.
- (b) **(Appeal):** Each Disputing Party consents to any appeal to a court where that appeal is made under the *Commercial Arbitration Act 2011* (Vic) on a question of law arising in connection with an arbitral award made in accordance with this clause 8.

8.8 Continue to perform

Notwithstanding the existence of a dispute, each Disputing Party must continue to carry out its obligations in accordance with this Deed.

8.9 Governing law of arbitration agreement

The Law governing this arbitration agreement is the law of Victoria, Australia.

8.10 Interlocutory relief

This clause 8 does not prevent a Disputing Party from seeking urgent interlocutory relief from a court of competent jurisdiction where, in that Disputing Party's reasonable opinion, that action is necessary to protect that Disputing Party's rights.

9 Termination of this Deed

- (a) **(Satisfaction of obligations under the Material Subcontract):** This Deed will terminate upon the performance and satisfaction of all of the obligations under the Material Subcontract.
- (b) **(Does not affect rights of parties):** The termination of this Deed does not affect the rights of any party which have accrued to that party before the date of termination.

10 Notices

All communications (including approvals, consents, directions, requirements, requests, claims, notices, agreements and demands) in connection with this Deed:

- (a) **(in writing):** must be in writing;
- (b) **(addressed):** must be addressed as set out below (or as otherwise notified by that party to each other party from time to time);

State:

Attention: Package Director, Tunnel and Stations PPP
Address: Level 35, Nauru House, 80 Collins Street, Melbourne 3000
Email: PPP@melbournemetro.vic.gov.au

Key Subcontractor:

Attention: **[insert]**
Address: **[insert]**
Email: **[insert]**

Material Subcontractor:

Attention: **[insert]**
Address: **[insert]**
Email: **[insert]**

- (c) **(signed):** must be signed by the party making the communication or by the solicitor for, or any attorney, director, secretary or authorised agent of, that party on its behalf;

- (d) **(form of delivery)**: must be delivered by hand or posted by prepaid post to the address or emailed (in the form agreed by both parties) to the email address of the addressee set out in clause 10(b); and
- (e) **(taken to be received)**: are taken to be received by the addressee at the address set out in clause 10(b):
 - (1) in the case of delivery by hand, on delivery at the address of the addressee, unless that delivery is outside Business Hours, in which case that communication is taken to be received at 9.00am on the next Business Day;
 - (2) in the case of prepaid post, on the third Business Day after the date of posting to an address within Australia and on the fifth Business Day after the date of posting by airmail to an address outside Australia; and
 - (3) in the case of email, the first to occur of:
 - (A) receipt by the sender of any email acknowledgement from the addressee's information system showing that the communication has been delivered to the email address of that addressee;
 - (B) the time that the communication enters an information system which is under the control of the addressee; or
 - (C) the time that the communication is first opened or read by the addressee,

unless the result is that the communication would be taken to be given or made at a time which is outside Business Hours at the local time in the place of receipt of the email, in which case that communication is taken to be received at 9.00am on the next Business Day.

11 Miscellaneous

11.1 Governing Law and jurisdiction

- (a) **(Governing Law)**: This Deed is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction)**: Without limiting clauses 7 to 8, each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Deed.

11.2 Entire agreement

To the extent permitted by Law and in relation to its subject matter, this Deed:

- (a) **(entire understanding)**: embodies the entire understanding of the parties and constitutes the entire terms agreed by the parties; and
- (b) **(prior agreements)**: supersedes any prior agreement of the parties.

11.3 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in such form and content reasonably satisfactory to both parties) required by Law or reasonably requested by another party to give effect to this Deed.

11.4 Survival of certain provisions

- (a) **(Surviving clauses):** All provisions of this Deed which, expressly or by implication from their nature, are intended to survive the rescission, termination or expiration of this Deed will survive the rescission, termination or expiration of this Deed, including any provisions in connection with:
 - (1) the State's rights to set off and recover money;
 - (2) confidentiality or privacy;
 - (3) Intellectual Property Rights;
 - (4) any obligation to make any information and records available to the State;
 - (5) any right or obligation arising on termination of this Deed; or
 - (6) any limitation of liability.
- (b) **(Interpretation):** No provision of this Deed which is expressed to survive the rescission, termination or expiration of this Deed will prevent any other provision of this Deed, as a matter of interpretation, also surviving the rescission, termination or expiration of this Deed.
- (c) **(Survival of rights and obligations):** No right or obligation of any party will merge on completion of any transaction under this Deed. All rights and obligations in accordance with this Deed survive the execution and delivery of any transfer or other document which implements any transaction in accordance with this Deed.

11.5 Waiver

- (a) **(Writing):** A waiver given by a party in accordance with this Deed is only effective and binding on that party if it is given or confirmed in writing by that party.
- (b) **(No waiver):** A failure to, a delay in or the partial exercise or enforcement of a right provided by Law or in accordance with this Deed by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right provided by Law or in accordance with this Deed.
- (c) **(No waiver of another breach):** No waiver of a breach of a term of this Deed operates as a waiver of another breach of that term or of a breach of any other term of this Deed.

11.6 Consents, approvals and directions

- (a) **(State):** A consent or approval required in accordance with this Deed from the State may be given or withheld, or may be given subject to any conditions, as the State thinks fit, unless this Deed expressly provides otherwise.

- (b) **(Key Subcontractor or Material Subcontractor)**: A consent or approval required in accordance with this Deed from the Key Subcontractor or the Material Subcontractor may not be unreasonably withheld or delayed, unless this Deed expressly provides otherwise.

11.7 Amendments

Except as otherwise expressly provided in this Deed, this Deed may only be varied by a deed executed by or on behalf of each party.

11.8 Expenses

Except as otherwise expressly provided in this Deed each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this Deed.

11.9 Severance

If, at any time, a provision of this Deed is or becomes illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, that will not affect or impair the legality, validity or enforceability of:

- (a) **(under this Deed)**: any other provision of this Deed; or
- (b) **(under another jurisdiction)**: that provision under the Law of any other jurisdiction.

11.10 Counterparts

This Deed may be executed in any number of counterparts and by the parties in separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart. All such counterparts taken together will be deemed to constitute one and the same deed.

11.11 Moratorium legislation

To the fullest extent permitted by Law, the provisions of all Laws which operate to lessen or affect in favour of a party other than the State any obligation under this Deed, or to prejudicially affect the exercise by the State of any right, power or remedy under this Deed or otherwise, are expressly waived.

11.12 Proportionate liability

- (a) **(Excluded operation of Wrongs Act)**: The operation of Part IVAA of the *Wrongs Act 1958 (Vic)* is excluded in relation to all and any rights, obligations or liabilities of any party under this Deed whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.
- (b) **(Rights, obligations and liabilities)**: Without limiting clause 11.12(a), the rights, obligations and liabilities of the parties (including those relating to proportionate liability) are as specified in this Deed and not otherwise, whether such rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

11.13 Indemnity held on trust

- (a) **(Benefit of indemnities)**: The State holds on trust for its Associates the benefit of:
- (1) each indemnity, promise and release given by the Key Subcontractor or the Material Subcontractor under this Deed in favour of the State's Associates; and
 - (2) each right in this Deed to the extent that such right is expressly provided to be for the benefit of the State's Associates.
- (b) **(Key Subcontractor and Material Subcontractor acknowledgement)**: Each of the Key Subcontractor and the Material Subcontractor acknowledge the existence of such trusts and consent to:
- (1) the State exercising rights in relation to, or otherwise enforcing such indemnities, releases and rights on behalf of its Associates; and
 - (2) the State's Associates exercising rights in relation to, or otherwise enforcing the indemnities, releases and those rights as if they were a party to this Deed.
- (c) **(Consent not required)**: The parties agree that the State does not require the consent of its Associates to amend or waive any provision of this Deed.

11.14 Assignment

Except as expressly contemplated by this Deed, none of the Key Subcontractor or the Material Subcontractor may assign or transfer any of its rights or obligations under this Deed or the Material Subcontract.

11.15 Set off

Without limiting the State's rights under the Project Agreement, all moneys which the State may pay or incur and for which the Key Subcontractor is liable under this Deed to make reimbursement to or indemnify the State:

- (a) may be deducted by the State from all moneys due, becoming due, or to become due from it to the Key Subcontractor; or
- (b) may be recovered by the State from the Key Subcontractor by action at Law or otherwise.

11.16 Limitation of liability

[State Note: The drafting of this clause is subject to the structure and drafting of any liability caps under the relevant Material Subcontracts.]

Despite any other provision of this Deed, the Material Subcontractor's maximum aggregate liability to the Key Subcontractor, Project Co, the State, and any person to whom the Material Subcontract is novated or assigned in accordance with the terms of this Deed, in respect of any loss, Claim or other Liability under, arising out of or in connection with the Project, the Material Subcontract or this Deed:

- (a) in contract;
- (b) in tort (including negligence);

(c) under any statute; and

(d) otherwise at Law,

and irrespective of how it arises, is limited to the [General Liability Cap (as defined in the Material Subcontract)], subject to any exclusions from, reductions or increases in, or resets of that liability cap under the Material Subcontract.

Recitals

- 1 The background to the Project is set out in the Project Agreement.
 - 2 On **[insert]**, the Parties agreed that a Matter described in Schedule 1 be determined by an Expert appointed under clause **[insert relevant clause reference]** of the Relevant Agreement.
 - 3 In accordance with clause **[insert relevant clause reference]** of the Relevant Agreement, the Expert has been appointed to determine the Matter in accordance with the process set out in this Agreement.
-

This agreement witnesses as follows:

1 Definitions and interpretation

1.1 Project Agreement definitions

Unless otherwise expressly defined, expressions used in this Agreement have the meanings given to them in the Project Agreement.

1.2 Definitions

The meanings of the terms used in this agreement are set out below.

| Term | Meaning |
|---|--|
| Agreement | means this agreement and includes all schedules, exhibits, attachments and annexures to it. |
| Code of Conduct | means the code of conduct set out in section 2 of Schedule 2. |
| Matter | means a dispute under, arising out of, or in connection with the Relevant Agreement and referred to expert determination under clause [<i>insert relevant clause reference</i>] of the Relevant Agreement. |
| Party | means each of [<i>insert party names</i>], and 'Parties' means all of them. |
| Project Agreement | means the document entitled 'Project Agreement' between the State and Project Co dated [<i>insert</i>]. |
| Relevant Agreement | means [<i>insert the relevant Project Document under which the Matter arose.</i>] |
| Rules | means the 'Rules for Expert Determination Process' set out in Schedule 2. |
| Schedule of Fees and Disbursements | is contained in Schedule 3. |

1.3 Interpretation

In this Agreement:

- (a) (**headings**): headings (including any heading at the beginning of any subclause) are for convenience only and do not affect interpretation;
- and unless the context otherwise requires:
- (b) (**count and gender**): a word importing the singular includes the plural and vice versa and a word indicating a gender includes every other gender;
 - (c) (**references**): a reference to:
 - (1) a party, clause, Schedule, Exhibit, or Annexure is a reference to a party, clause, Schedule, Exhibit or Annexure of or to this Agreement; and
 - (2) a section is a reference to a section of a Schedule;
 - (d) (**document as amended**): a reference to this Agreement or to any other deed, agreement, document or instrument includes a reference to this Agreement or such other deed, agreement, document or instrument as amended, novated, supplemented, varied or replaced from time to time;
 - (e) (**party**): a reference to a party includes that party's legal representatives, trustees, executors, administrators, successors and permitted substitutes and assigns, including any persons taking part by way of novation;
 - (f) (**person**): a reference to a person includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;
 - (g) (**legislation**): a reference to legislation includes its delegated legislation and a reference to such legislation or delegated legislation or a provision of either includes consolidations, amendments, re-enactments and replacements;
 - (h) (**definitions**): if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;
 - (i) ("**includes**"): "includes" will be read as if followed by the phrase "(without limitation)";
 - (j) ("**or**"): the meaning of "or" will be that of the inclusive, being one, some or all of a number of possibilities;
 - (k) (**information**): a reference to information includes information, representations, statements, data, samples, calculations, assumptions, deductions, determinations, drawings, design specifications, models, plans and other documents in all forms including the electronic form in which it was generated;
 - (l) ("**\$**"): a reference to "\$", "AUD" or "dollar" is to Australian currency;
 - (m) (**time**): a reference to time is a reference to time in Melbourne, Australia;
 - (n) (**rights**): a reference to a right includes any benefit, remedy, function, discretion, authority or power;
 - (o) (**obligations and liabilities**): a reference to an obligation or a liability assumed by, or a right conferred on, two or more persons binds or benefits them jointly and severally;
 - (p) ("**may**"): the term "may", when used in the context of a power, right or remedy exercisable by the State, means that the State can exercise that power, right or

remedy in its absolute and unfettered discretion and the State has no obligation to do so;

- (q) **(construction)**: where there is a reference to an Authority, institute or association or other body referred to in this Agreement which:
 - (1) is reconstituted, renamed or replaced or if its powers or functions are transferred to, or assumed by, another entity, this Agreement is deemed to refer to that other entity; or
 - (2) ceases to exist, this Agreement is deemed to refer to that new entity which serves substantially the same purpose or object as the former entity;
- (r) **(remedy)**: the use of the words 'remedy' 'cure' or any form of such words in this Agreement means that the event to be remedied or cured must be remedied or cured or its effects overcome; and
- (s) **(contra proferentem rule not to apply)**: each provision will be interpreted without disadvantage to the party who (or whose representative) drafted or proffered that provision.

1.4 Business Day

If the day on or by which anything is to be done in accordance with this Agreement is not a Business Day, that thing must be done no later than the next Business Day.

1.5 Approvals, directions and notices in writing

Unless otherwise expressly provided in this Agreement or agreed between the parties, all approvals, consents, directions, requirements, requests, claims, notices, agreements and demands given or required to be given under this Agreement must be given in writing.

1.6 Action without delay

Unless there is a provision in this Agreement which specifies a period of time in which something must be done by the parties, all things must be done without undue delay.

1.7 Provisions limiting or excluding liability

- (a) **(No limit)**: A right of the State or any obligation of the parties under this Agreement will not limit or exclude any other right of the State or obligation of the parties under this Agreement unless expressly stated.
- (b) **(Permitted by Law)**: Any provision of this Agreement which seeks, either expressly or by implication, to limit or exclude Liability of a party is to be construed as doing so only to the extent permitted by Law.

1.8 Relationship of parties

Unless otherwise expressly provided, nothing in this Agreement:

- (a) **(no additional relationship)**: creates a partnership, joint venture, fiduciary, employment or agency relationship between the parties; or
- (b) **(no good faith)**: imposes any duty of good faith on the State.

1.9 Cost of carrying out obligations

Each party must carry out its obligations under this Agreement at its own cost, unless expressly provided otherwise.

2 Appointment of Expert

- (a) **(Appointment):** The Parties appoint the Expert to determine the Matter in the manner and within the times set out in this Agreement and the Expert accepts the appointment on the basis set out in this Agreement.
- (b) **(Applicable processes and rules):** The Parties agree that:
 - (1) the Expert will act as an expert and not as an arbitrator;
 - (2) neither the determination of the Matter, nor the process required by this Agreement is an arbitration and any conference conducted during the determination is not a hearing conducted under any legislation or rules relating to any form of arbitration;
 - (3) the rules of evidence do not apply to the determination; and
 - (4) the Expert must conduct the determination of the Matter in accordance with the Rules including the Code of Conduct.
- (c) **(Independence and bias):** If, at any time during the determination, the Expert becomes aware of circumstances that might reasonably be considered to adversely affect the Expert's capacity to act independently or impartially, the Expert must inform the Parties immediately and, unless the Parties agree otherwise, terminate this Agreement.

3 Confidentiality

- (a) **(Confidential information):** All proceedings and submissions relating to the determination (including the fact that any step in the determination is occurring), and all documents prepared for the purposes of the determination (including the Expert's determination), must be kept confidential.
- (b) **(Disclosure of information):** No such proceedings, submissions or documents, nor any other information relating to or arising out of the determination, may be divulged to any person, except:
 - (1) with the prior written consent of both Parties;
 - (2) as may be required by Law;
 - (3) for the purpose of subsequent arbitration; or
 - (4) to the extent necessary to give effect to or enforce the Expert's determination.

4 Costs and fees

- (a) **(Parties joint and severally liable):** As between the Parties and the Expert, the Parties are jointly and severally liable for the payment of the Expert's fees and disbursements, calculated in accordance with the Schedule of Fees and Disbursements.
- (b) **(Calculation of costs and fees):** The Parties agree, subject to the terms of the Relevant Agreement, as between themselves that:
 - (1) they will each pay one half of the Expert's fees and disbursements, calculated in accordance with the Schedule of Fees and Disbursements; and
 - (2) they will each bear their own costs of and incidental to the preparation of this Agreement and their participation in any determination.

5 Exclusion of liability and indemnity

Except in the case of fraud, the Expert will not be liable to either Party for any act or omission by the Expert in the performance or purported performance of this Agreement. The Parties jointly and severally indemnify the Expert against all Claims or Liability in connection with any act or omission by the Expert (except fraud) in the performance or purported performance by the Expert of the terms of this Agreement.

6 Co-operation of the Parties

Each Party agrees to take part in the determination in good faith and to comply with the reasonable requests and directions of the Expert in relation to the conduct of the determination.

7 Governing Law and jurisdiction

- (a) **(Governing law):** This Agreement is governed by, and must be construed according to, the Laws of Victoria, Australia.
- (b) **(Jurisdiction):** Each party irrevocably submits to the non-exclusive jurisdiction of the courts of Victoria, and the courts competent to determine appeals from those aforementioned courts, with respect to any proceedings which may be brought in connection with this Agreement.

Schedule 1

The Matter

[State Note: Description of matter to be inserted.]

Schedule 2

Rules for Expert Determination Process

1 Commencement

The expert determination process begins when the Expert accepts an appointment to determine the Matter in accordance with these Rules including the Code of Conduct.

2 Code of Conduct

- (a) **(Expert's function):** The function of the Expert is to make a determination of the Matter in accordance with the Relevant Agreement and this Agreement, including these Rules and the Code of Conduct.
- (b) **(Submissions and responses):** The Expert must receive the written submissions and responses of the Parties in accordance with the procedures specified in these Rules and may require further information or documentation from the Parties which is reasonably necessary to determine the Matter.
- (c) **(Conference):** The Expert must decide whether a conference is necessary to receive further information. The Expert must inform the Parties of the subject matter of any conference and may hear representations only on those matters during any such conference.
- (d) **(Disclosure of material):** The Expert must disclose to both Parties all information and documents received.
- (e) **(No written submission):** If a Party fails to make a written submission, the Expert may continue with the process.
- (f) **(Contact with Expert):** Subject to section 4 of these Rules in relation to conferences, meetings and discussions with the Expert must only take place in the presence of both Parties.

3 Written Submissions

- (a) **(Party who gave notice):** Within 5 Business Days after the date this expert determination process begins, the Party who gave notice under clause **[insert]** of the Relevant Agreement (**Party A**) must give the other Party and the Expert a written statement of the Matter referred for Expert determination, any agreed statement of facts and a written submission on the Matter in support of Party A's contentions.
- (b) **(Other Party):** Within 5 Business Days after the statement in section 3(a) is served, the other Party must give Party A and the Expert a written response to Party A's submissions. If the Expert considers it appropriate, Party A may reply

in writing to the other Party's response given in accordance with section 3(b) within the time allowed by the Expert.

- (c) **(Further material)**: If the Expert decides further information or documentation is required for the determination of the Matter, the Expert may direct one or more Parties to provide such further submissions, information or documents as the Expert may require.
- (d) **(Disclosure of material)**: The Expert must disclose to both Parties all information and documents received.
- (e) **(Failure to make a written submission)**: If a Party fails to make a written submission, the Expert may continue with the process.

4 Conference

- (a) **(Expert to call conference)**: The Expert may, if he or she thinks appropriate, call a conference of the Parties. Unless the Parties agree otherwise, the conference will be held in Melbourne, Australia.
- (b) **(Date, venue and agenda)**: At least 5 Business Days before the conference, the Expert must inform the Parties of the date, venue and agenda for the conference.
- (c) **(Parties to appear)**: The Parties must appear at the conference and may make submissions on the subject matter of the conference. If a Party fails to appear at a conference of which that Party had been notified under section 4(b), the Expert and the other Party may nevertheless proceed with the conference and the absence of that Party will not terminate or discontinue the expert determination process.
- (d) **(Requirements)**: The Parties:
 - (1) may be accompanied at a conference by legal or other advisers; and
 - (2) will be bound by any procedural directions given by the Expert in relation to the expert determination process.
- (e) **(Privacy)**: The conference must be held in private.
- (f) **(Transcripts)**: If required by any Party, transcripts of the conference proceedings must be taken and made available to the Expert and the Parties.

5 General

- (a) **(Governing agreements and Rules)**: In making a determination or calling or holding a conference, the Expert must proceed in accordance with the Relevant Agreement, this Agreement and these Rules.
- (b) **(Contact with Expert)**: Subject to section 4(c), meetings and discussions with the Expert must only take place in the presence of both Parties.
- (c) **(Expert's independence)**: Without limiting clause 2(c) of this Agreement, the Expert must:
 - (1) inform the Parties of:

- (A) any relationship or interest with the Parties or their respective Associates;
 - (B) any interest the Expert has in the matters in dispute; and
 - (C) any circumstance which might reasonably be considered to adversely affect the expert's capacity to act independently or impartially,
- (2) immediately upon becoming aware of any such circumstances; and
 - (3) upon making any disclosure under this section 5(c), unless and until the Parties agree otherwise, terminate the proceedings.

6 The Determination

- (a) **(Timing):** As soon as possible after receipt of the submissions or after any conference and, in any event not later than 30 days after the Expert's acceptance of appointment, the Expert must:
 - (1) determine the Matter between the Parties; and
 - (2) notify the Parties of that determination.
- (b) **(Content and form):** The determination of the Expert must:
 - (1) be in writing stating the Expert's determination and giving reasons;
 - (2) be made on the basis of the submissions (if any) of the parties, the conference (if any) and the Expert's own expertise; and
 - (3) meet the requirements of the Relevant Agreement.
- (c) **(Final and binding):** To the extent permitted by Law, the Expert's determination will be final and binding on the Parties unless a notice of dissatisfaction is given in accordance with clause **[insert]** of the Relevant Agreement.

7 Costs

Security for costs of the Expert must be deposited by both Parties at the commencement of the Expert determination process in accordance with any direction of the Expert.

8 Modification

These Rules may be modified only by agreement of the Parties and, if the Expert has been appointed, the Expert.

9 Proportionate Liability

Notwithstanding anything else, to the extent permissible by Law, the Expert will have no power to apply or to have regard to the provisions of any proportional liability legislation

which might, in the absence of this provision, have applied to any dispute referred to Expert determination pursuant to clause **[insert]** of the Relevant Agreement.

Schedule 18

Finance Documents Schedule

Unless the context requires otherwise, capitalised terms not otherwise defined in this Agreement have the meaning given to them in the Facility Agreement.

Finance Documents means:

- (a) the Facility Agreement;
- (b) the Security Trust Deed;
- (c) each Security;
- (d) the Finance Direct Deed;
- (e) each Direct Deed;
- (f) each Hedging Agreement;
- (g) the Financiers' Certifier Deed;
- (h) any fee letters between the Borrower and a Financier;
- (i) the Subscription Agreement;
- (j) each Substitution Certificate;
- (k) each Beneficiary Accession Deed;
- (l) the Payment Directions Deed;
- (m) any Equity LC Support;
- (n) any other document or agreement agreed to be a Finance Document by the Borrower and the Facility Agent; and
- (o) any document or agreement entered into under or for the purpose of amending, novating or acceding to any of the above.

Schedule 19

Equity Documents Schedule

Unless the context requires otherwise, capitalised terms not otherwise defined in this Agreement have the meaning given to them in the Facility Agreement.

Equity Documents means each of the following documents:

- (a) the Investor Agreement;
- (b) the Partnership Deed; and
- (c) the Subscription Agreement.

Schedule 20

Ownership Schedule

[not disclosed]

Schedule 21

Permitted Share Capital Dealing Schedule

Permitted Share Capital Dealing means:

- (a) in respect of a Share Capital Dealing relating to a Group Member, any sale, transfer or other disposal after Financial Close by:
- (1) an Initial Equity Investor; or
 - (2) a Related Body Corporate of an Initial Equity Investor,
- in each case to an **Equity Associate** of that Initial Equity Investor of its interest (whether directly or indirectly) in:
- (3) that Group Member; or
 - (4) any company that holds Securities in that Group Member,
- provided that the sale, transfer or disposal is conditional upon the transferred interest being transferred back to that Initial Equity Investor or another Equity Associate of that Initial Equity Investor if the transferee ceases to be an Equity Associate of that Initial Equity Investor (unless, prior to the transferee ceasing to be an Equity Associate of that Initial Equity Investor, the State gives its consent in accordance with the conditions set out in clause 53.5 to either the transferee continuing as the Equity Investor, or to a sale, transfer or other disposal by the transferee of its interest in the relevant Group Member or company that holds securities in that Group Member to a proposed new Equity Investor);
- (b) a Share Capital Dealing which occurs due to the acquisition of a relevant interest (as defined in section 608 of the Corporations Act) in any Entity listed on a stock exchange, of [not disclosed] or less of the Securities of that Entity;
- (c) a Share Capital Dealing which occurs due to the acquisition of a relevant interest (as defined in section 608 of the Corporations Act) relating to the Parent Guarantor of the D&C Subcontractor or the Maintenance Subcontractor, of [not disclosed] or less of the Securities of that Parent Guarantor; and
- (d) provided that a Major Default is not subsisting, a Share Capital Dealing which occurs due to a corporate restructure or reorganisation which results in a relevant interest (as defined in section 608 of the Corporations Act but as though a reference in that section to "securities" were a reference to Securities as defined in this Agreement) in Securities that were held by a person being held by a Wholly Owned Group Member of that person, and in respect of which not less than 5 Business Days prior notice (including details of the restructure) has been given to the State (provided that such restructure does not result in:
- (1) any sale, transfer or other disposal of Securities in a Group Member; or
 - (2) a Parent Guarantor of a Consortium Member ceasing to (directly or indirectly) Control and hold a majority interest in that Consortium Member).

Equity Associate means:

- (a) a Related Body Corporate, Related Trust Entity or Subsidiary;

- (b) any unit trust, investment trust, investment fund, investment company, partnership or any other fund or entity, in each case the business of which includes investment in infrastructure assets of which the Equity Investor or an entity referred to in paragraph (a) of this definition in relation to that Equity Investor is either the general partner, nominee, trustee, manager or investment adviser and, in the case of a manager or investment adviser, that manager or investment adviser has been appointed pursuant to a written mandate for investment management or similar agreement to perform the services of professional manager or professional investment adviser (**Related Fund**) or any company or other entity that is a wholly owned Subsidiary of a Related Fund (not managed or advised by a person different to the general partner, nominee, trustee, manager or investment adviser of the Relevant Fund);
- (c) [not disclosed];
- (d) any body corporate or other entity in which the majority of voting or economic rights vests directly or indirectly in a Related Fund (not managed or advised by a person different to the general partner, nominee, trustee, manager or investment adviser of the Relevant Fund); or
- (e) any general partner, nominee, custodian, trustee or manager (appointed, in the case of a manager, pursuant to a written mandate or investment management or similar agreement to perform the services of professional manager or professional investment adviser) of any entity falling within paragraphs (a), (b), (c) or (d) of this definition acting in such capacity.

Initial Equity Investor means those Equity Investors set out in the Ownership Schedule.

[not disclosed] .

Subsidiary has the same meaning as 'subsidiary' in the Corporations Act, except that an entity may be a subsidiary of a partnership or trust and a trust or partnership may be a Subsidiary of an entity, for the purposes of which a unit or other beneficial or partnership interest will be regarded as a share.

Wholly Owned Group Member of a person (Person A) means:

- (a) a wholly owned Subsidiary of Person A; and
- (b) each person of which Person A is a wholly owned Subsidiary.

Schedule 22

Indexes Schedule

1 Definitions

| Term | Meaning |
|----------------------------------|--|
| CPI | means the All Groups Consumer Price Index Weighted Average of Eight Capital Cities (IECC) published quarterly by the Australian Bureau of Statistics or, if section 3 applies, the Index determined in accordance with section 3. |
| CPI Multiplier Annual (C) | at any time means: (a) the most recently published September Quarter CPI at that time; divided by (b) 111.4, being the CPI for the Quarter ending 30 September 2017. |
| WPI | means the Wage Price Index Australia Total hourly rates of pay excluding bonuses for Australia, private and public, all industries (Series ID A2603609J) published quarterly by the Australian Bureau of Statistics, as long as there is no change in the coverage, periodicity or reference base from those applying at the date of this Agreement or, if section 3 applies, the Index determined in accordance with section 3. |
| WPI Multiplier Annual (C) | at any time means: (a) the most recently published September Quarter WPI at that time; divided by (b) 127.1, being the WPI for the Quarter ending 30 September 2017. |

2 Indexes

In accordance with clause 2.17(a) (*Indexation*) of this Agreement, all amounts to be Indexed under this Agreement are indexed by multiplying the relevant number by:

- (a) the CPI Multiplier Annual (C), where no index is specified; or

- (b) the WPI Multiplier Annual (C), where specified in this Agreement.

3 Changes to Indexes

The following rules apply to all terms identified in section 2 as being referable to an Index published by the Australian Bureau of Statistics:

- (a) **(change in linked Index)**: if there is a change in the coverage of the Index from that applying at the date of this Agreement and the new index is linked to another Index, the defined term is to be referable to the new Index;
- (b) **(change in coverage or periodicity)**: if the Index is published and there is a change in its:
- (1) coverage and it is not linked to another Index; or
 - (2) periodicity,
- the State must, within 20 Business Days of becoming aware of the change or being notified by Project Co, reasonably determine:
- (3) whether the Index remains appropriate as a general indicator of the rate of price change for the relevant goods and services; and
 - (4) if it is not, what other Index should be used as a substitute Index for the purpose of the defined term's use in this Agreement,
- and seek Project Co's agreement as to such Index;
- (c) **(change in reference base)**: if there is a change in the reference base of the Index from that applying at the date of this Agreement and the Australian Bureau of Statistics:
- (1) provides a conversion factor, that conversion factor must be applied to calculate revised figures for the purpose of the defined term's use in this Agreement, in terms of the new reference base; or
 - (2) does not provide a conversion factor, the State must, within 20 Business Days of becoming aware of the change or being notified by Project Co, reasonably calculate a revised Index for the purposes of the defined term's use in this Agreement, and seek Project Co's agreement as to such Index;
- (d) **(Index ceases to be published)**: if the Index ceases to be published and the Australian Bureau of Statistics:
- (1) publishes another Index which is:
 - (A) a replacement of that Index; and
 - (B) linked to the Index,the defined term must be re-calculated to the same reference base as the replacement Index; or
 - (2) does not publish another Index which is linked to or replaces the Index, the State must, within 20 Business Days of becoming aware of the change or being notified by Project Co, calculate or determine a revised Index and seek Project Co's agreement as to such Index;
- (e) **(change in Mandatory Requirements)**: if a Change in Mandatory Requirements causes a material aberration in the Index, the Index must be adjusted to remove the impact of that material aberration in accordance with

any such methodology published by a responsible Authority for adoption by business or, in the absence of such publication within six months of the occurrence of the material aberration, as agreed by the parties; and

- (f) **(expert determination)**: where the parties cannot reach agreement in accordance with sections 3(b) to 3(e), within 20 Business Days, the parties will, notwithstanding clause 46.3 (*Expert determination*) of this Agreement, be deemed to have referred the dispute for determination by an expert in accordance with clause 46.3 (*Expert determination*) of this Agreement and the parties must otherwise comply with clauses 46.4 (*Selection of expert*) to 46.8 (*Costs*) of this Agreement.
